

Man Critically Hurt When Hit By Motorist

Fred Akin, about 50, was in critical condition in Cowper Hospital last night with severe head injuries and a fractured leg suffered when he was struck by a car at 1100 W. 3rd about 4 p.m. Saturday.

He had not regained consciousness late last night. His condition was described as "very bad." Driver of the car which struck Akin was being held in city jail. The man, identified as an Odessan, was booked on a charge of driving while intoxicated and failure to stop and render aid.

Police said additional charges may be filed. Akin was struck as he apparently started across Third Street at the intersection of President Curtis Palmer, Snyder, who witnessed the accident, said Akin's body was thrown higher than the car by the impact.

Weather To Warm Up In West Texas

The backwash of a Mexican weather front that moved over most of Texas Saturday brought promising clouds but little moisture.

A few points got creditable rains but most points had to be content with only a trace of moisture. Orange received 1.43 inches but only sprinkles fell in most South, Central and East Texas sectors.

The front was due to move out of the state during the night and the forecast for Sunday is for clear skies over all Texas.

Slightly warmer weather is forecast Sunday for the Panhandle and West Texas, which were generally clear Saturday. In other sections the weather is expected to be slightly colder Sunday.

Fresh breezes kicked up some dust in West Texas Saturday. At Midland the visibility was only three miles.

Temperatures late Saturday ranged from 46 at Amarillo and Longview to 72 at Laredo.

Reviewing The Big Spring Week With Joe Pickle

Although the air had a bite to it at the end of the week, a possible storm didn't materialize. And of course there was no appreciable moisture. Came word that some trees were beginning to put out a few leaves and blossoms, and no one was surprised January had been the warmest since 1914, said the U. S. Weather Bureau.

Announcement was made Friday that orders would again be received for the government hay under the drought emergency relief program. This will doubtless be a substantial help to numbers of farmers and ranchers. Orders phoned into Gabe Hammack today may be relayed to the state offices Monday in time to divert a shipment directly to this area.

Young feeders piled up some additional honors last week. Bob Garrett, Coahoma FFA boy, had the reserve grand champion lamb, and Howard County 4-H boys showed the champion pen of five steers in the El Paso Livestock Show.

Howard County Junior College Jayhawks continued their torrid pace, making them about the hottest basketball team in all of West Texas and one of the better ones of the state. Their high scoring machinery had boosted their average per game well past 90 points.

Another item of interest at HCCJ was its enrollment of 422, almost the equal of the fall figure. Actually, the semester hour load is high.

Waiting List—In Reverse

It may seem out of order in Big Spring but the houses, above, are waiting for tenants. They're part of the 40 rental houses constructed in Banks Addition for Negro military personnel and defense workers. Only four are occupied. Demand for the housing was strong before the units were constructed. However, Negro airmen stationed at Webb were unable to find quarters for their families so requested transfers. Now, G&H Construction Company, owner, hopes the Air Force will transfer some of the airmen back to Big Spring. Six families, potential occupants of some of the houses, were due here over the week end from San Marcos. At right is a view of workmen installing a prefabricated coffer-dam in excavation for a sewage lift station to serve the Banks Addition. The house-size box was necessitated by quicksand and salt water which filled the excavation as quickly as it was cleaned out. B. H. Rogers, construction boss for T&L Construction Company, says he hopes to complete the lift station in two weeks.

Navy Breaks Precedent; Gives Lineup For Shelling Of Wonsan

By ELTON C. FAY WASHINGTON, Feb. 14 (AP)—The Navy did something practically unheard of tonight. It announced in advance the probable lineup of ships that will bombard the Red Korean port of Wonsan Monday.

"Ships which will probably be at Wonsan next Monday, Feb. 16," the Navy announcement said, "include the destroyers USS De Haven and USS Samuel N. Moore."

"Conducting (mine) sweeping operations in the harbor surrounding area will be the USS Gladiator and USS Dextrous, assisted by the fleet tug USS Takama and the landing ships USS Whetstone and USS LST 901."

Such a public announcement, which was contained in a two-year summary of the siege of Wonsan, would have caused military security officers of another day to turn pale. But evidently in this case the Navy feels the Reds are in no position to retaliate, even if given such specific information.

Describing the siege of Wonsan as the longest and one of the most effective blockades in American naval history, the announcement said: "What was once a flourishing port of 100,000, an important rail and highway terminus with rail lines and roads connecting north, south, and west to the other principal cities of Korea, is now a charred and broken expanse of ruins."

"Raining thousands of tons of steel and fire upon this strategic Red supply and transportation center, U. N. surface and air units have smashed every port facility, industrial plant and terminal and driven many Communist soldiers and workers to the mountains."

"Even though Wonsan has been destroyed and effectively neutralized the siege continues, since the city's strategic geographical location alone would make it expedient for the Communists to rebuild and repair its shattered transportation installations."

The hammering of the enemy port began on Feb. 16, 1951, when the destroyers Lind and O'Brien entered the harbor and lobbed some 5-inch shells into the Red city. Since then all kinds of ships and planes have cruised and flown up to the east coast port to keep the bombardment going, including 45,000-ton battleships with their 16-inch guns.

In two years of the siege, the Navy said, only 11 U. S. ships have been damaged by enemy fire from shore batteries. Four men have been killed and 31 wounded. U. N. forces holding small islands in the harbor mouth give the ships and planes directions for hitting targets. These island garrisons are almost literally under the guns of the enemy.

The Navy says the reasons for continuing the bombardment are these: 1. Wonsan City, in addition to being ordinarily a good port, controls all land traffic flowing south along the enemy coast toward the battle line and is on the best of the few routes crossing the Korean Peninsula.

2. Although Wonsan is now in ruins, the steady hammering by guns and bombs must be kept up to interrupt supply traffic passing through the bottleneck and to prevent the Reds from rebuilding the highway and sea communications center.

3. It has forced the Reds to keep an estimated 30,000 troops—the equivalent of three Chinese divisions—in the area who otherwise would be used at the front. The Navy says this is because the bombardment presents "the constant threat of mainland invasion by U. N. amphibious planes."

MEETINGS ARE PLANNED Brotherhood Week To Be Noted Here

For the first time National Brotherhood Week is being observed here starting today. While many ministers will make comment on the special season designed to promote understanding between major religious faiths, the observance will reach a climax on Wednesday in a series of meetings.

A team of speakers from Dallas, a Protestant, Catholic and Jew, will appear at least three points. In the group are Grady Spruce, W. J. (Jack) Moser, and Ronald Marks. The Wednesday schedule calls for them to speak at 9 a.m. at Howard County Junior College; at 10:30 a.m. at the high school auditorium; and at noon to a joint meeting of the Lions, Kiwanis, and American Business Clubs.

The public is invited to attend either the college or high school assemblies, or, by payment of plate charge, the luncheon. Although the noon meeting is not a regular one for Rotarians, many members of that club plan to attend. Arrangements here have been directed by R. L. Tollett, Howard County Brotherhood Week chairman. The week nationally is sponsored by the Conference of Christians and Jews. The objective of the Conference and of Brotherhood week is to push back the bonds of intolerance, hate and bigotry and thus to draw men of all faith nearer to brotherly esteem.

Spruce, who is Protestant, holds degrees from Southwestern and the University of Chicago. He taught school at Stamford and Lon Morris Colleges and was associate secretary of the Dallas YMCA until 1947. Since then he has been vice president of the George C. McGhee Foundation and is director of Community Guidance Services. He is active in Methodist affairs, welfare and youth work. Spruce also is governor of the 158th district of Rotary International.

To Attend Services

WASHINGTON, Feb. 14 (AP)—President Eisenhower will attend services tomorrow at the National Presbyterian Church where he enrolled two weeks ago.

Senate Report Charges Needless AF Waste In Military Bases Abroad

Ike Reported Behind Benson On Supports

By FRANK O'BRIEN WASHINGTON, Feb. 14 (AP)—A highly placed source said today the administration backs Secretary of Agriculture Benson's stand on farm price supports and is prepared to make an issue of it. At the same time, the source suggested that the new government, less than a month in office, may underestimate the political pressures engendered by falling farm prices and similar "pocket-book problems."

The source, outside the Cabinet but with policy responsibilities, asked not to be named. He said it has fallen to Benson's lot to take the first politically risky stand under the new administration. But, he added, Eisenhower and his chief advisers see the farm price problem as the first of many "political bumps" that must be ridden out if they are to put across a program they believe necessary to the nation's well being.

He said Eisenhower "meant it" when he told Congress, in his State of the Union message that, outside emergencies, the nation should rely on general monetary controls and the natural working of economic laws.

The source said a bump had been passed 10 days ago without arousing much, if any, political heat. He was referring to the stock break of Feb. 4 to 6 when stocks wound up in the heaviest decline for months.

The break was ascribed in the market at the time, in part at least, to "anti-inflation measures being taken in Washington," that is, tightening of the money supply by the Federal Reserve as the government moves from direct economic controls to indirect monetary controls.

About the same time grain prices took the worst dive of a long decline which began last summer and livestock prices also broke. The farm price breaks brought immediate calls from farm congressmen for protective measures.

Secretary Benson answered in a speech last Wednesday to the Central Livestock Association, at St. Paul, Minn. He said farmers were going to have to depend more upon themselves in the future. Price supports which "encourage uneconomic production and result in continuing heavy surpluses and subsidies should be avoided," he said, although he promised to carry out the present law which provides for supporting basic crops at 90 per cent of parity through 1954.

Benson said the Agriculture Department was trying to stabilize cattle prices and counseled against rushing cattle to markets. His speech brought more outcries from farm congressmen. But by the end of the trading week, stocks, grain prices and cattle prices had moved up from their lows and the markets were more cheerful.

Air Liner Is Missing With 45 Persons

NEW ORLEANS, Feb. 14 (AP)—A. J. Anderson, station manager of National Airlines, said a DC6 with about 45 persons aboard was more than three hours overdue tonight on a flight from Tampa, Fla., to New Orleans.

Anderson said the plane, due here at 5:25 p. m., CST, on a two-hour flight from Tampa, carried about 40 passengers, three pilots and two stewardesses. The Coast Guard, which began searching the Tampa-New Orleans flight route, said the plane was last reported at 4:45 p. m., CST, about 130 miles due east of the mouth of the Mississippi River. The Mississippi empties into the Gulf of Mexico about 90 miles south of New Orleans.

"We're not saying it is lost," Anderson said. "There are many things that could have happened to it. It could have landed any number of places. Its radio could be out."

Morse, Long Also Rip Europe Allies

By EDWIN B. HAAKINSON WASHINGTON, Feb. 14 (AP)—A blistering Senate report today charged needless waste of hundreds of millions of dollars and time and efforts of thousands of Americans in constructing overseas military bases. The much-censored document was released by Senators Long (D-La.) and Morse (Ind-Ore), former members of the Armed Services Committee which investigated the multibillion-dollar overseas defense planning program.

The two senators called for a complete overhaul of the project and questioned whether even then it would enable this country and its allies to retaliate against a surprise enemy attack.

Challenging the "adequacy and wisdom of this nation's high-level planning," the two-man report aimed most of its criticism at Air Force leaders.

It dealt equally harshly with some European Allies, who were said to be gouging this nation and its servicemen on supplies and necessities.

The desire of other allies to cooperate or even to fight to defend themselves was questioned with these words: "It is our feeling that the United States has made a fundamental mistake in departing from the sound principle that the only people who deserve freedom are those willing to fight for it."

This was in a section assailing agreements with Allied nations on locations for U. S. military bases. "In many of the agreements consummated up to this time, our government has been asked to contribute altogether too much and our Allies too little," the report said.

A section dealing with agreements with France was deleted because of objections by the State and Defense Departments. The senators said they left it out with great reluctance, declaring that "some of the facts under this heading should be made known to the American people."

Until its release in censored form, the report had been classified as secret, but it already has produced some results.

Sen. Saltonstall (R-Mass.), new armed services chairman, announced early this year that the committee was withholding its approval of the start of 146 million dollars in overseas projects, chiefly air bases.

The committee called in Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, and Gen. Hoyt S. Vandenberg, Air Force chief of staff, and other top military and civilian heads for closed-door conferences before the report was released.

In general the report questioned the need for building scores of hundreds of American bases throughout the non-Communist world and manning them with thousands of U. S. servicemen.

"We cannot understand," the senators said, "a program which has 100 or even 200 groups of men in units of 2,000 to 5,000 sitting idly in the muck and mire of Europe, Africa, Asia, and the Arctic Circle, waiting for a war which we hope to avoid."

"It was our feeling," the report said, "that the taxpayers were being unsuspectingly led into a program that would require the virtual building of small modern American cities, running into an investment of over 100 million dollars each, at many points throughout the world, and the stationing of perhaps three-quarters of a million servicemen at remote points of the earth for the next generation."

The report suggested that those being unsuspectingly led into a program that would require the virtual building of small modern American cities, running into an investment of over 100 million dollars each, at many points throughout the world, and the stationing of perhaps three-quarters of a million servicemen at remote points of the earth for the next generation.

Adlai Warns Against 'Big Deal' By GOP

By JAMES DEVLIN NEW YORK, Feb. 14 (AP)—Former Gov. Adlai E. Stevenson of Illinois pledged support tonight to President Eisenhower's "business administration"—provided that the New Deal successor did not become "the big deal."

"But history warns us, I think, that government by a single group, no matter how high-minded and patriotic it may be, exposes government to genuine dangers," he said in a prepared address.

The unsuccessful Democratic presidential candidate addressed the Jefferson-Jackson Day Dinner here in his first major speech since last November's election.

Stevenson opened his address with some of the quips for which he is noted—"to the victor belongs the spoil"—and spoke out near the end against any "big stick" attitude by the United States toward its allies.

He said the United States must be the good friend, neighbor and partner of its allies—"never the big bully."

But he gave a lengthy review of the domestic scene, with particular attention to what he called "single group" government.

"There is always the tendency," he said, "to mistake the particular interest for the general interest—to suppose, in the immortal thought recently uttered before a committee of Congress, that what is good for General Motors is good for the country."

(This was an obvious reference to a statement by Charles E. Wilson, who resigned as General Motors president and sold his stock before becoming secretary of defense.)

"There is always the possibility," Stevenson continued, "that the successor of the New Deal will turn out—after the fine words have faded away—to be the big deal, while the New Dealers have all left Washington to make way for the car dealers. I hasten to say that I do not believe the story that the general welfare has become a subsidiary of General Motors."

Stevenson declared "this most recent experiment in the management of the United States."

"It was our feeling," the report said, "that the taxpayers were being unsuspectingly led into a program that would require the virtual building of small modern American cities, running into an investment of over 100 million dollars each, at many points throughout the world, and the stationing of perhaps three-quarters of a million servicemen at remote points of the earth for the next generation."

Man Dead 4-6 Days Found; No Foul Play

Body of a man believed to have been dead at least four days was discovered Saturday afternoon in a storage building at the corner of North Main and Northwest Third Streets.

Officers identified the man as E. M. Robertson, believed to be in his early fifties. Identification was based on a social security card found in a billfold.

Justice of the Peace Cecil Nabors said the man apparently died of "malnutrition and exposure." Nabors had withheld a coroner's verdict temporarily until a doctor examined the body. There was nothing to indicate foul play, the justice of the peace said.

Nabors said he believed the death occurred "four to six days" ago. City police and officers from the sheriff's department went to the scene after receiving a call that a dead man had been found. Police said the report was called in by Dave Garrett, who said he found the body when he went into the building shortly before 4 p.m.

Officers were checking late Saturday on reports that some other individuals might have discovered the body earlier but neglected to make a report to police.

Police said they believed the body to be that of a man known as "Blacky" Robertson, who had been seen in that area of town frequently over a period of several months. Transients apparently had slept frequently in the building, which is about two blocks from the railroad yards.

The body was lying on a pile of cotton and bagging, which apparently had been used as a bed. The building is a storage warehouse of the Farmers Gin.

Personnel at the gin said they had not had occasion to enter the building during the past week. Police had put out a pick-up for one man who reportedly knew of Robertson's death Friday. Police Chief E. W. York said he also had a report that another individual might have known about it two or three days earlier.

Italy Tanker With Iranian Oil Is Greeted By Lawsuit

VENICE, Italy, Feb. 14 (AP)—The little Italian tanker Miriella, 24 days out of Abadan with 5,000 tons of disputed Iranian oil below deck, ran into a lawsuit when she docked here today.

On petition of the British owned Anglo-Iranian Oil Company, a Venice court ordered the cargo impounded by the Italian customs service for 15 days as the first step in legally determining ownership of the oil.

The AIOC claims the oil, as it

does other products from the Abadan refinery which Premier Mossadegh's government seized from the company under his oil nationalization program of 1951.

The president of the Venice court, Enrico Mastrobuono, directed the AIOC and the Super Company of Rome, charterers of the 3,457-ton Miriella, to present their opposing claims by next Thursday.

Mastrobuono said he would rule on the case before the end of the 15 day period of impoundment.

The 40-year-old Miriella had entered the harbor with flags flying and whistle blowing in the second bid by Italian interests to tap the rich, stagnated oil supplies of Iran.

The Super Company holds it bought the Miriella's cargo from the National Iranian Oil Co., an agency of Mossadegh's government, and that the AIOC has no legal claim to the cargo.

But the AIOC, mostly owned by the British government, has threatened legal action against anybody buying the oil pending settlement of its claims against Iran for the loss of contract rights and properties valued at 1 1/2 billion dollars.

Woman Out Of Jail On Bond Of \$1,000

Mrs. Mary Noseff was released from county jail Saturday after making \$1,000 bond set in examining trial on charges of forgery.

She also paid off six checks which she allegedly forged, officials said. Mrs. Noseff was arrested in Oklahoma City on a warrant issued here Feb. 6. Sheriff's officials brought her back here Friday.

Bond was set in Justice of the Peace Cecil Nabor's court.

Democrats Gave Like 20 Per Cent Of Total Vote

ANN ARBOR, Mich., Feb. 14 (AP)—Twenty per cent of President Eisenhower's winning presidential vote in November came from Democrats, according to a University of Michigan survey.

This was reported today, along with other findings, by the university's Survey Research Center on the basis of a national investigation carried out under a \$90,000 grant from the Carnegie Corp. of New York.

A preliminary report on the survey, which will be completed in 1954, indicated the Eisenhower victory stemmed from a mass movement of the voters and not from a defection of any particular group in the Democratic ranks.

"There was a general shift toward the Republican candidate in almost all classes of voters," the survey said.

Catholics and big city residents, heavily Democratic in 1948, were about evenly split in 1952. The Democratic lead among labor union members declined between the two elections. White collar workers, split evenly in 1948, went for Ike, 5 to 3, and farmers swung heavily for the general.

These factors, said the survey, plus the overwhelming support of traditionally Republican groups, were about equally important in his victory.

The center found that the general vote went 4 to 3 for Eisenhower and young people voting for the first time followed the same pattern.

The increased turnout in the 1952 election, which resulted in a record-breaking total of more than 60 million votes, was felt in virtually all population groups, the survey found.

Also concluded by the survey was the idea that most voters made up their minds early. In a post-election checkup, the survey said 68 per cent of those who had voted said they had known how they would vote as soon as the nominations were held or earlier.

Naval Aid May Go To Chiang In Hope Of Disrupting Red Ships

By JOHN M. HIGHTOWER
WASHINGTON, Feb. 14 (AP)—The United States is planning to strengthen Chinese Nationalist naval forces substantially. This will enable them more effectively to disrupt shipping destined for Red China.

Officials said today that the buildup is provided for in the present program of military and foreign Generalissimo Chiang Kai-shek. The chief limitation is the ability of the Chinese Navy, now a hodgepodge of small craft up to destroyer size, to absorb new equipment. The expansion therefore will be slow because it requires extensive training of personnel.

From what can be learned directly or through information coming from congressional committees it seems apparent that two strong trends are developing in Eisenhower administration studies of new policy moves in the Far East.

One is a reluctance to undertake any of the more dramatic alternatives such as a blockade or a large expansion of the war in Korea both because of strong Allied opposition and because of the further commitment of American forces that would be required.

The other trend is that the administration favors maximum dis-

engagement of United States and Western forces from the Asian conflict as rapidly as possible without any sacrifice of major interest.

Related to these trends are two major objectives at which the administration seems to be aiming. These are:

1. Making continuation of the Indo-Chinese and Korean Wars unprofitable to the Communists so that eventually they will want to make peace, and

2. Bringing about conditions in which the mainland Chinese will ultimately break away from Russia, either through a Tito-like split of their present Red government or by a breakdown of that government which would lead to a non-Communist regime.

Actions which the administration has already indicated it will take or which, according to the best information available, it has under consideration include these:

1. Tightening of restrictions on trade between non-Communist nations and Red China, probably through a new United Nations resolution. The present international effort is to prevent strategic materials from reaching the Red Chinese. But after the Reds rejected a U. N. peace proposal on Korea

late last year it was understood the United States would propose some punitive measure when the General Assembly reconvenes in about 30 days. A call for some kind of broad economic blockade or embargo looks like the best bet to many officials here.

2. Diplomats report some talk about the possibility of preventing shipments from the Communist areas of Europe (East Germany, Poland, Romania and the like) to Red China. The idea here is that check points in refueling ports on routes that go through Gibraltar and the Suez, or around the Cape of Good Hope, and by Singapore are in the hands of Allied nations. If cargoes destined for Red China could be declared contraband under some recognized doctrine of international law many of them would be subject to seizure.

3. Apart from the buildup of Chinese naval forces on Formosa, the Nationalist land and air strength seems certain to be expanded at a maximum rate now. Chinese troops previously being trained and equipped under a defensive policy will presumably be trained hereafter for offensive action.

4. President Eisenhower has made clear that he intends the training of South Korean forces to go forward at a maximum rate in order that eventually they may relieve United States troops in Korea.

5. In Indochina, officials here hope the French will be able to expand their training of native forces and profit by United States experiences in organizing South Korean training. The objective would be the same as that which has been proclaimed for Korea; that is, to permit the eventual disengagement of Western troops from combat action.

Oldest Vet Is Ill

ROCHESTER, N. Y., Feb. 14 (AP)—James A. Hard III, the nation's oldest Union veteran of the Civil War was admitted to General Hospital yesterday. Physicians said Hard was suffering from insufficient circulation in his right foot.

Judge Sullivan Back At Work

Judge Charlie Sullivan performed his first official duties Saturday since being hospitalized in November.

George Denny, charged here with armed robbery, was taken before Judge Sullivan for arraignment. Denny pleaded guilty to charges, and Judge Sullivan set his trial for Feb. 23.

Judge Sullivan also appointed Mack Rodgers as attorney for Denny. Charges were filed on Denny after he was arrested following the robbery of a grocery store on East 3rd.

Sheriff's officials chased Denny to Colorado City before he was apprehended. Ohio authorities report that Denny is wanted there for parole violation.

In addition to the arraignment, Judge Sullivan took care of a lot of back paper work.

The judge said that he will probably go back to full time duty in early March. He said he felt like working now, but that another district judge had been appointed here for trials during the week of Feb. 23.

City Judge William E. Greenlee will leave today for Galveston where he will undergo a routine physical checkup.

The judge hopes to return to Big Spring by Wednesday. Attorney Mack Rodgers will occupy the Corporation Court bench during the jurist's absence.

Judge Greenlee To Get Physical Check

City Judge William E. Greenlee will leave today for Galveston where he will undergo a routine physical checkup.

The judge hopes to return to Big Spring by Wednesday. Attorney Mack Rodgers will occupy the Corporation Court bench during the jurist's absence.

MECHANICAL HEART USED Plastic Surgery Is Used To Fix Heart

By ALTON L. BLAKESLEE
DETROIT, Feb. 14 (AP)—Amazing plastic surgery repaired a bad valve in a boy's heart, while a pulsing mechanical heart kept him alive, it was learned today.

With the whole right side of his heart empty of blood, Harper Hospital surgeons calmly built the valve which had threatened to kill 16-year-old Charles (Chuck) Moses of Detroit.

This plastic surgery is apparently a medical first. It opens prospects of ability to repair human hearts much like plastic surgeons now rebuild a nose or ear or hand.

The "Michigan heart," the glass, metal, and rubber device that works like a 12-cylinder automobile engine, made the surgery possible.

Chuck, who dreams now of becoming a big league baseball player, was the second person so far disclosed to have been attached to this machine.

Last Oct. 17, Dr. F. D. Dorrill and associates told of using the heart for 50 minutes to put the left side of a man's heart on vacation. The machine pumped the man's blood through his body while surgeons repaired a bad valve in the left side of his heart.

By-passing the right side of the human heart was more difficult. It meant taking blood being carried back to the heart through the veins, and pumping it into the lungs. The Michigan heart did this

for Chuck for more than an hour during the 7 1/2-hour operation last Oct. 21.

"I waited so long I thought he had died and they didn't want to tell me," said vivacious Mrs. Charles Moses, Chuck's mother.

But it worked and Chuck, gay and spirited, talked this Valentine's Day of baseball and dogs—his dog Bonnie is "maybe three-fourths great Dane and something else"—and a career perhaps as an architect or draftsman.

He is scheduled to appear on a television show tomorrow along with doctors who will show how the machine works, and how they give details of the plastic surgery.

Local Police Attending A&M Course

Two Big Spring policemen, Sgt. M. L. Kirby and Patrolman Albert (Curley) Brown, students in the first state-wide police school being held at Texas A&M, are spending week end at home. They will return to College Station this evening.

The officers have been enrolled in the school for the past two weeks and lack two weeks completing the course. The school, being conducted by A&M in cooperation with the League of Texas Municipalities, covers all phases of crime investigation and other police work.

Studied thus far have been methods of investigating narcotics and sex crimes, police tactics, court procedures, the laws of evidence, arrest techniques, and problems to be considered in connection with minority groups.

Instructors include Wallace Beasley of Texas A&M and officers of the Houston Police Department.

One of the Big Spring officers, Brown, was elected vice president of the first police class. The course will be repeated in March for another group of Texas policemen, and subsequent training will be offered on a monthly schedule as long as demand exists.

Petroleum Firm Sets Sales Meet, Banquet Here On Wednesday

Some 100 oil products distributors and dealers are expected here Wednesday for a district sales meeting and banquet to be conducted by Phillips Petroleum Company.

Sales meeting, to include a motion picture and talks by division officials for the company, will start at 2:30 p.m. Banquet is set for 7 p.m. at the Settles Hotel.

H. O. Starke, Amarillo, division manager; and G. E. Glatfelter, W. C. George, H. D. Cobb and Marvin Earhart, assistant division managers, also of Amarillo, will be in charge of the program, said K. H. McGibbon, local Phillips 66 distributor.

Phillips 66 dealers and distributors from an area extending from Abilene to Pecos and San Angelo to Lubbock are expected. The Phillips company holds the meetings semi-annually.

Streamlined AFL Promises To Make Union Far More Effective

By ROWLAND EVANS JR.
MIAMI BEACH, Fla., Feb. 14 (AP)—The Executive Council of the American Federation of Labor emerged this week as a streamlined unit with a more aggressive spirit than old-time AFL men say they can ever remember.

Operating for the first time under the direction of the AFL's new president, 58-year-old George Meany, the council in a 10-day midwinter session made it perfectly clear that an accumulation of cobwebs has been swept away from Samuel Gompers' house of labor.

Before examining some of the apparent reasons for what one AFL leader called "the spark which this meeting has lighted," here is a listing of the main decisions reached at the 10-day council session which ended here four days ago:

1. A precedent-breaking order to an AFL union to purge itself of "crime and corruption" or face the threat of expulsion from the AFL. This crackdown order was sent to the officers and members of the International Longshoremen's Association, whose activities along the New York and Jersey waterfronts have been linked to racketeers said to bleed the world's largest port of 350 million dollars a year. The unprecedented order may signal a general cleanup of several other AFL affiliates.
2. A decision to move into the field of political activity on a much more intensive scale than ever before. Labor's League for Political Education, the political action arm of the AFL, has pressed the starter on a continuing campaign for political funds to be raised from rank-and-file union members, \$1 per member per year. Up to now, the league worked only during election years, slacked off in between.
3. A concentrated wage campaign, without the limiting factor of wage controls, which will be pegged to the battery of productivity. The council said one of the greatest threats of depression is failure of wages to keep pace with productivity—defined as the output of one worker for one hour.
4. The AFL will seek to sharpen its publicity weapons in an effort to get its position more squarely before the American people. This aim will find a brand new outlet in a series of 13 weekly television programs to be aired over the ABC network this summer. The program, to be called "Pro and Con," will complement a daily radio news program now sponsored

Local Students In DE Class To Attend Meeting

Big Spring students in the Distributive Education class will be in San Antonio Friday and Saturday to attend the seventh annual convention of the Distributive Education Clubs of Texas.

The event will be a highlight of Distributive Education Week, as designated in an official memorandum by Gov. Allan Shivers.

Planning to go from Big Spring are Geraldine Webb, president of the local club; Donald McCarty, vice president; and Marilyn Bennett, secretary-treasurer. They will be accompanied by the DE instructor, Mary Sears Herring.

The local club will enter the state-wide contest for club scrapbooks.

DE students at the state meet will elect new officers and pick a 1954 convention site, name delegates to the national convention, and gather for an annual banquet and dance. Other social affairs include a tour of points of interest in San Antonio. Various awards will be made for best clubs, best notebooks and best scrapbooks.

The Big Springers will leave Thursday by car, return by way of Austin to visit points of interest in the state capital.

Governor Shivers' comments on the DE Week said in part: "The young people of this state who constitute the membership of the Distributive Education Clubs of Texas are striving to prepare for useful careers of service in the field of distribution. These members hold as their primary aim the development of a high degree of leadership and citizenship which is consistent with American business ideals of private enterprise and competition. These Distributive Education students are dedicated to high standards of efficiency in business."

The DE students take class work during morning hours of school days, then broaden this with practical on-the-job training in distributive jobs in the afternoons. A number of local business houses cooperate with the schools in this program.

Local Tax Office To Close For Four Days

The Big Spring office of Internal Revenue, located in the basement of the Postoffice building, will be closed Monday through Thursday of the coming week.

Ben Hawkins, senior internal revenue agent, stated that personnel will be in Lamesa to file income tax returns while the local office is closed.

The tax officials will give Lamesa advice or assistance in the preparation of their tax forms. Office will be set up in the basement of the federal building there.

Agents S. T. Clark and J. P. Gordon will work with Hawkins in Lamesa.

by the AFL over the Mutual network.

5. Agreement to meet with a CIO committee later this month on the question of AFL-CIO unity. Despite some optimistic talk the past three months about brighter prospects of a merger, realists in the AFL are not looking for anything much to happen this year. Meany himself says the odds against unity are about 17 to 10.

6. An attack on the Taft-Hartley labor law which will concentrate on the law's secondary boycott, closed shop and emergency disputes sections. The council decided to save details on the Taft-Hartley amendments it wants until Meany goes before House and Senate Labor Committees. But gone is the

Legislature Slates Number Of Hearings

AUSTIN, Feb. 14 (AP)—The Legislature jumps into horse racing, jury service for women, a presidential primary and repeal of auto inspection law next week.

Those are among bills set for public hearing.

Women come first when their bid for a chance to serve on juries will be heard Monday at 3:30 p.m. before the House Committee on Constitutional Amendments.

Monday at 3:30 p.m. the Senate Elections Committee will consider the bill by Sen. Jimmy Phillips, Angleton, calling for a presidential primary in Texas on the second Saturday in June on presidential election years.

The Motor Vehicle Inspection Law comes up Tuesday with a hearing at 3:30 p.m. before the Senate Highways Committee and another that afternoon before the House Motor Traffic Committee.

The bill to bring legalized parimutuel betting on horse races back to Texas will be aired before the House State Affairs Committee Wednesday at 7:30 p.m.

Some other public hearings:

Feb. 16, 7:30 p.m., House Bills 327 and 328 on exemption certificates for old people and watchers at the polls.

Feb. 16, 2:30 p.m., HB 26 amending the motor fuel law to enlarge the number of persons who can qualify as distributors.

Feb. 17, 2:30 p.m., HB 46 prohibiting pumping or sending water from underground sources into natural stream beds to flow over 20 miles in the part of Texas west of 98th Meridian.

Feb. 17, 2:30 p.m., HB 257 setting a 72-hour week for firemen and letting cities vote if they want a

88 Cases Of Variety Of Infections Noted In Weekly Report

Communicable diseases report of the Big Spring-Howard County Health Unit was light Saturday with but 88 cases of eight different infections listed.

Influenza, rampant a month ago infected only 44 area residents in the past week, according to the report, compiled on the basis of diagnoses completed by local doctors. There were 14 cases of pneumonia.

Other contagious diseases reported and the number of cases of each were tonsillitis, eight; strep throat, three; gastroenteritis, four; diarrhea, six; bronchitis, six; and gonorrhea, three.

tulle five-year demand for outright repeal. Although the 20-odd AFL amendments would, if passed, practically amount to repeal of the act, Meany is carefully avoiding the word.

Members of the Executive Council privately agree that the single biggest reason for what they call the new "aggressive spirit" of the AFL was the death last November of 83-year-old William Green. Green ran the federation for 28 years but old age took from him the drive needed to keep the AFL moving—but not the responsibility. He still presided over the four annual council sessions and not until the AFL convention last fall did he ever relinquish his seat at the head of the table.

Man Fined \$27 On Charge Of Affray

One Big Spring man was fined \$27 and another was found not guilty of affray charges in Corporation Court Saturday, as result of a fight at Third and Runnels Friday evening.

The fines assessed against the one defendant included \$25 for affray, \$1 for disturbance, and \$1 for drunkenness.

Corporation Judge William E. Greenlee said he was reducing size of the fines after the other man requested leniency for his opponent the evening before.

Testimony showed one of the men, the one fined, apparently attacked the other as a result of becoming angered in a traffic jam in which both were involved. The incident occurred about 10:10 p.m. Friday as one of the drivers attempted to park his car and the other passed the machine.

Both police and sheriff's officers were called to quell the disturbance.

County Court's Next Session Due Mar. 2

County court which was supposed to have convened last Tuesday, will probably not take up session again until Mar. 2.

County Judge R. H. Weaver stated that trial of civil cases has tentatively been set for the week of Mar. 2. Some 43 cases have been set down for trial.

Criminal cases probably will be held during the week of Mar. 9. County Attorney Hartman Hooser stated that about six cases are ready concerning people charged with driving while intoxicated, second offense.

When court opened Tuesday, the jury panel had to be adjourned when the wrong panel had been called. Judge Weaver set a large number of civil cases to help clear the docket of all but current files.

Partnership With Britain In Atom Work Is Urged

NEW YORK, Feb. 14 (AP)—Atomic scientist Ralph E. Lapp, advocating a "limited partnership" with Britain in atomic development, suggested today that the espionage case involving Dr. Klaus Fuchs might have been "deliberately revealed by the Soviets."

Writing in the current issue of the Reporter magazine, Dr. Lapp, formerly division director of the Manhattan Project and executive director of the Federal Research and Development Board, commented that Fuchs, a "twisted genius," was "still a very serious obstacle to U. S.-British collaboration" in nuclear research.

"He is such a wedge between the two nations that one wonders if he was driven there by a cunning double cross on the part of the Soviets. . . . If it was a Russian maneuver, it was a master stroke to isolate Great Britain from the United States," he writes.

Dr. Lapp suggested a three-point program of collaboration in the atomic field by the United States and Britain, holding that its effect would be to "pair off the United States and Great Britain against the Soviet Union, drawing our two nations closer together and enhancing our collective security."

He calls for complete exchange of data in basic atomic science and development; almost-full cooperation in atomic power development; and partial sharing of data on atomic weapons.

Basic knowledge now possessed by the United States "has largely been of foreign origin," says Dr. Lapp, and much of it has been made by the British. He states that failure of the United States to cooperate immediately with the British "probably added months to the eventual time for the development of the first A-bomb."

Trio From Area Join Armed Forces

Three area men enlisted in the armed forces through the Big Spring recruiting station during the latter part of the week.

They were Erving B. Thorpe Jr. of Forsan and Carl A. Garrett and Bobby J. Nobles of Big Spring.

Thorpe, son of Mr. and Mrs. E. B. Thorpe Sr., enlisted in the army for three years. He attended

Big Spring (Texas) Herald, Sun., Feb. 15, 1953 3

Arlington State College before enlistment. Thorpe was a football player at Forsan and worked for Continental Oil Company during the summers.

Garrett, who lives at 503 Austin left Friday for Fort Sill, Okla., and the Army. He was an oil field worker before enlistment. Thorpe is also at Fort Sill.

Bobby J. Nobles, son of Mr. and Mrs. S. R. Nobles, 405 Washington Boulevard, entered the Air Force.

Carrier Brings Jets

BRINDISI, Italy, Feb. 14 (AP)—The U. S. carrier Corregidor arrived today with 20 F84 jets to be distributed between Italy, Greece and Turkey.

Big Spring (Texas) Herald, Sun., Feb. 15, 1953 3

He is a graduate of Big Spring High School and former employee of Cosden Petroleum. Nobles is now at Lackland Air Force Base.

Penna. Court Rules Korea Fight No War

PHILADELPHIA, Feb. 14 (AP)—The Pennsylvania Supreme Court ruled today that the fighting in Korea—legally or constitutionally—is not war.

In a disputed 4-3 decision the court ordered the Pennsylvania Mutual Life Insurance Company to pay beneficiaries of two soldiers killed while in the uniform of the U. S. Army. One died in Korea, the other in a train crash.

The decision affected two separate cases but the underlying question was whether America was at war in Korea, in the legal sense.

Chief Justice Horace Stern wrote the majority opinion in both cases—one involving Andrew Boley of Allegheny County, killed in Korea, and the other Clyde F. Hardins, Luzerne County, killed in a railroad accident while en route to Camp Atterbury, Ind., with the 28th Division, Pennsylvania National Guard.

Stern reviewed the background of the Korean conflict, pointed out that Congress, which has exclusive rights, never declared war and declared "it is clear that the action being waged in Korea is not a war" within what may be termed the constitutional or legal sense of the term.

Justice Michael Musmanno, in a concurring opinion, said "if we were to denominate as war all foreign action in which United States military forces have engaged we would have to conclude that U. S. has practically never been at peace in its entire history." He added:

"Boley was killed by an act of war but not in a state of war."
Justice John C. Bell Jr., in a

sharp attack on the majority, said: "With due regard for my colleagues who differ with me, a holding that . . . the Korean War is not war—in the face of 128,000 American casualties—is so unrealistic and legalistic as to be utterly unjustifiable."

In another dissent, Justice T. McKeen Chidsey said flatly "I think that the present conflict in Korea is a war."

A. J. SWENSON

West Texas Pioneer, A. J. Swenson, Dies

STAMFORD, Feb. 14 (AP)—A. J. Swenson, 89, one of West Texas' most prominent pioneers and for many years head of the vast Swenson Land and Cattle Company, died today.

He had been ill for several years. He had passed active management of the big ranching and oil interests to a son, W. G. Swenson.

Services will be held Monday at 4 p. m. in the Bethel Lutheran Church of the Ericksdahl community near Stamford.

Survivors include three sons, W. G., vice president and manager

of the company and president of the Texas Cowboy Reunion; J. E. (Eric), manager of the Emory ranches at Spur; and A. M. G. (Swede), assistant manager of the Swenson Land and Cattle company and a regent of the University of Texas.

Swenson helped form one of the big cattle empires of Texas. In recent years the discovery of oil on some of the ranch land added another phase to his experience.

Born in Sweden, he came to America at 15 to work for his uncle, S. M. Swenson, founder of the Swenson Land and Cattle Co. Young Swenson first settled in a Swedish settlement in Williamson County between Round Rock and Georgetown.

In 1883 Swenson and Joe Ericson came to Jones County in a mule drawn wagon to work for the Swenson interests. He worked for several years as a cowboy, then decided to return to Sweden. He stayed in his native land only a few months and returned to Texas. He married Selma Anderson at New Sweden in Travis County in 1889. She died in 1934.

He became superintendent of the SMS (S. M. Swenson) ranches in 1897 and headquarters of the vast holdings was established at the Ellerslie Ranch, northwest of Stamford. He made a name for the SMS Ranches throughout the Southwest with the development of purebred Hereford and shorthorn cattle.

The couple moved to Stamford in 1905.

Swenson became manager of the Swenson Land and Cattle Company in 1922 and held that title until he retired.

The firm's ranch holdings include five large ranches in Jones, Throckmorton, Kent, Shackelford, Haskell and Stonewall Counties.

Swenson was a former director of the Southwest Cattle Raisers Association, treasurer of the West Texas Chamber of Commerce, director and treasurer of the Texas Cowboy Reunion. He was named Stamford's "most outstanding citizen" in 1940.

Traffic Group Plans Meeting For Monday

Additional planning on a program of work for the new Citizens Traffic Commission is due at a meeting of the organization's executive committee Monday.

The executive group, including officers and committee chairmen, will meet at 5 p. m. to discuss ideas gathered in Lubbock last Thursday when a local delegation attended a Lubbock CTC meeting. Dr. Lee O. Rogers, Big Spring CTC chairman, said the committee hopes to have a well-defined program ready for presentation at the first traffic commission membership meeting.

Rogers and other members of the executive committee also will meet with city commissioners Tuesday afternoon to discuss city-CTC cooperation in dealing with local traffic problems.

The executive committee will call first general membership meeting as soon as preliminary organizational work is complete.

JC Enrollment Is Finally Set At 422

Howard County Junior College enrollment for the second semester was closed out Saturday at 422.

This was eight less than the total for the fall semester. However, B. M. Keese, registrar, said that the number of full time students would be substantially higher. This will mean that the semester hour load, the real unit of measurement, will show a healthy increase.

The number of Webb Air Force personnel enrolled also showed a good gain, jumping from 80 plus to 107. Most colleges have shown pronounced second semester losses.

Pope 'Flooded' By Requests To Save Atom Spies' Lives

WASHINGTON, Feb. 14 (AP)—President Eisenhower received word from the Vatican today that Pope Pius is getting "many new demands" to request clemency for condemned atom spies Julius and Ethel Rosenberg.

The second papal communication was sent to the White House by the Rt. Rev. Amleto Giovanni Cicognani, apostolic delegate to Washington. Like the first, it did not urge clemency nor enter into the merits of the case.

Receipt of the letter, dated Feb. 13 was announced by Presidential Press Secretary James C. Hagerty. He declined repeatedly to say whether Eisenhower might reconsider his refusal last Wednesday to block the Rosenbergs' execution.

Hagerty said only that Eisenhower's statement then "speaks for itself."

In rejecting clemency, the President said the Rosenbergs' crime involves betrayal of the nation and could cause the deaths of thousands of innocent citizens. He said they had received full benefit of the law and no new evidence was produced on which to reverse the verdict.

Meanwhile, a mystery of what happened to the first papal communication was cleared up by James P. McGranery, who was

former President Truman's last attorney general.

In Palm Beach, Fla., McGranery disclosed that the communication was oral and involved no papers or records. He said the apostolic delegation had conferred with him in December and told him the Pope had received numerous appeals on behalf of the Rosenbergs.

Hagerty had said Friday there was no official record of papal intervention. The Vatican newspaper L'Osservatore Romano had said Friday, without elaboration, that the Pope "had not omitted to intervene."

McGranery said he told the delegation he would "consider only the facts relating to the merits of the case—the matter ended there as far as I was concerned."

McGranery said the Pope, moved by motives of charity, had a perfect right to make known the ap-

peals made to the Vatican. Amid this turn of events, a delegation of 700 New Yorkers arrived in Washington to re-establish round-the-clock picket lines at the White House.

Co-Op Members Use More Power During Month Of January

Member-patrons of Cap Rock Electric Co-operative consumed 21 per cent more power in January than in December.

Monthly report from the co-op showed 539,571 KWH billed to consumers in December and 651,420 in January. The concern purchased 794,030 KWH in January.

At the end of the month there were 1,617 miles of line energized, a gain of seven for the month. There were 2,714, a loss of 30, and density of members dropped slightly to reach 1.68. The barage KWH consumption was 240, or 43 more than for the previous month. Average bill was \$8.37 or 65 cents up from December. Minimum bills declined a little from 297 for December to 268 for January.

Import Tax Still Off

WASHINGTON, Feb. 14 (AP)—President Eisenhower today signed a bill to continue until June 30, 1954, the suspension of the copper import tax.

Various Items Are Reported Stolen

Burglars broke into the J. W. Atkins home, 1406 Runnels Friday night and stole about \$17 from a purse.

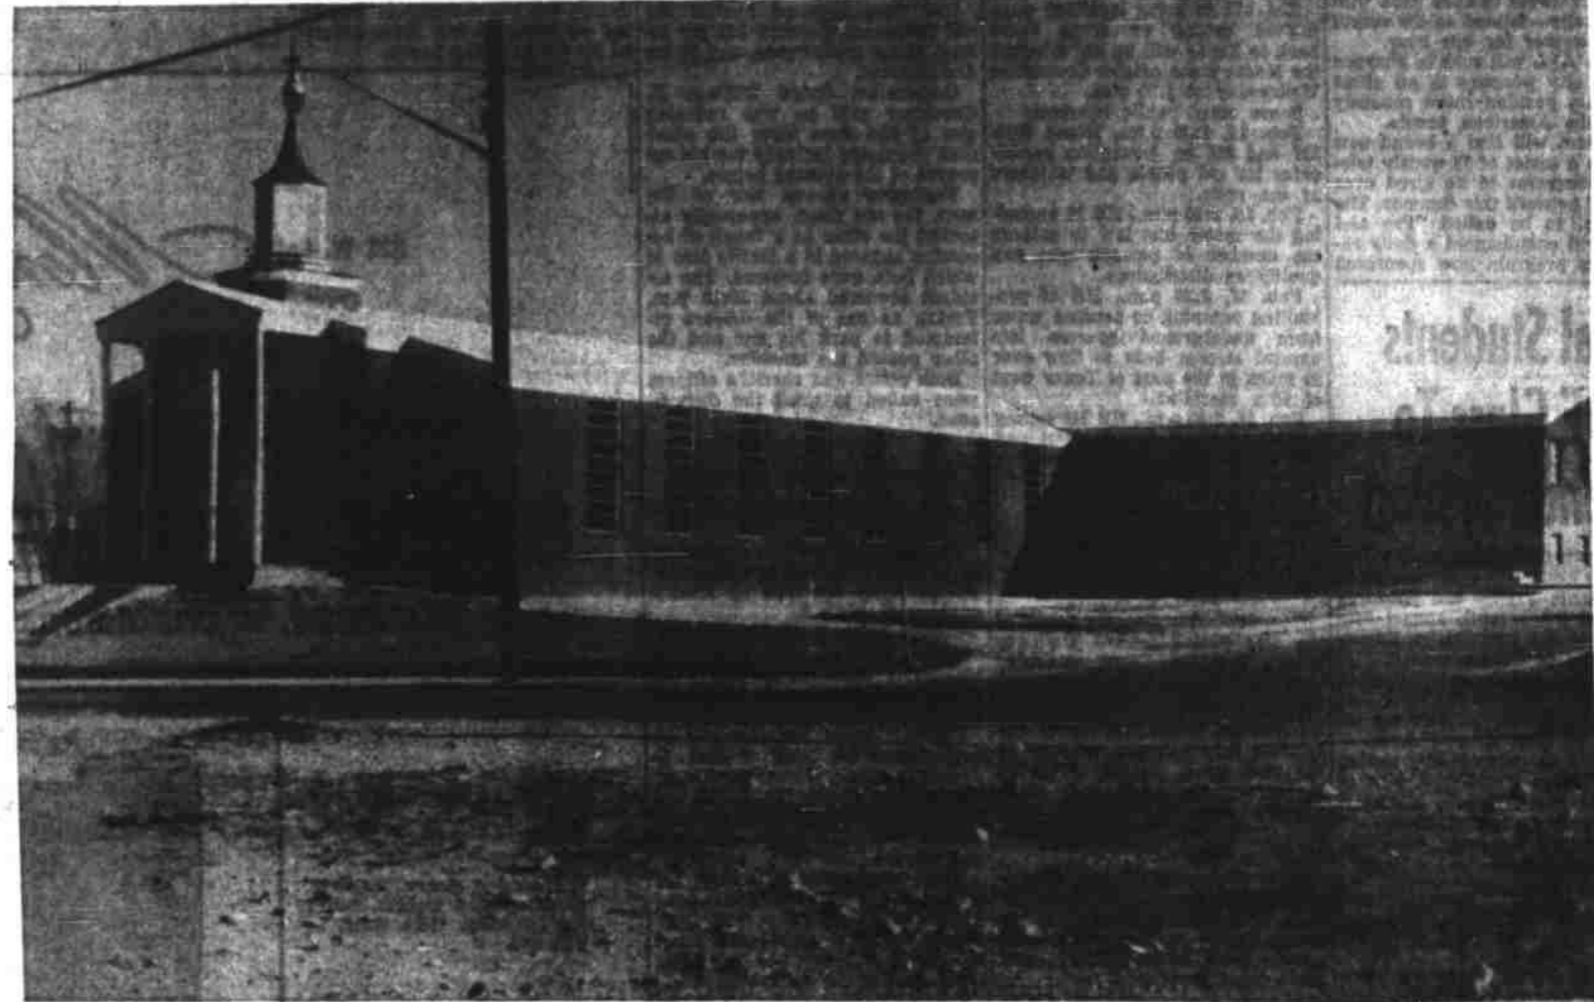

Police said screen door at the rear entrance to the house was slashed. The money was taken from Mrs. Atkins' purse which had been left on a hallway table. Nothing else was disturbed.

Four other cases of theft, including one in Stanton, also were reported by Big Spring police Saturday.

Stolen in Stanton was a 22-caliber rifle with telescope sight, a 410-gauge shotgun, electric percolator, two purses and one billfold.

Ernest Rice, of Cabot Carbon Company, reported theft of four hubcaps from his 1952 Ford while the car was parked in the 400 block of Runnels Thursday night. Frank Goss, 703 W. 18th, also told police of the loss of hubcaps. Wheel covers were stolen from his Buick "in the last few days," Goss said.

Robert Smart, Route No. 1, reported the theft of fender skirts from a green Mercury. Smart said the accessories were taken while the car was parked at Third and Young Friday night.

Except the Lord
Build the House....

It is a joyous thing to see stick and stone fashioned into a temple of worship. Yet this alone does not make a church.

It is our prayer that the Lord will bless this structure so that labors will not have been in vain, but that those who shall come into its sanctuary shall find a peace which surpasseth all understanding . . . and shall go away with the well springs of spiritual power renewed and overflowing.

C'MON BOYS, DIVVY UP Tribesmen Ask Cut Of Elephant Tusks

UNITED NATIONS, N. Y., Feb. 14 (AP)—Blitta tribesmen in French African Togoland have asked the U. N. Trusteeship Council to make the French divvy up on elephant tusks.

In a complicated recital of local high finance and low dealing, Chief Lodonou of the Agnanan Village of Blitta charged French colonial officials not only confiscated both tusks on elephants shot by natives in his area but also took the huge single tusk found on a one-tusk elephant shot by Chief Lodonou's own hunter.

A French law in Togoland bars killing elephants without prior authorization. The regulation was adopted to keep ivory hunters from slaughtering elephants wholesale for their valuable tusks.

Chief Lodonou—his letter attested by a fingerprint as signature—said his people have tried for years to explain that elephants cross the Anie River from British Togoland and trample down gardens and plantations.

He said the French finally agreed his people could shoot one elephant in each herd in order to scare away the rest but this resulted in the people running around to friends to borrow money to buy enough gunpowder to do the job.

"Confident that once one of the animals is killed, the value of the tusks will serve to repay the loans, his friends willingly agree to lend him the money," the chief wrote.

"As soon as one of these animals is slain, however, the (French) commandant mercilessly confiscates the tusks and leaves the hunter who killed the elephant burdened with debt which will take all his life to repay.

"Many of our people, who will never be able to pay back what they owe, leave the country.

"Since the young people say that

ABOUT RE-ELECTION

Dabney, Sullivan Remain Undecided

Interest in local politics is perking up although as yet there is but one candidate announced for the city commission and school board elections in April.

The lone candidate is Paul E. Kasch who this week entered the city commission race. At least two other persons, not including the two commissioners whose terms expire this year have been reported seriously considering a try for the city offices. But neither had got around to filing or making any formal announcement Saturday.

Kasch, partner in a Big Spring

Local School Board To Meet Tuesday

The Big Spring school board will meet Tuesday to take action on contracts for administrative personnel for the 1953-54 school year. Originally the board had planned to consider that matter at its regular meeting last Tuesday evening. However, action on all administrative posts, except that of superintendent, was postponed due to the absence of Board President Marvin M. Miller.

At its regular meeting, the board renewed the contract of Supt. W. C. Blankenship.

Up for consideration at next Tuesday's meeting will be principals of the various schools and the post of athletic director and head football coach.

Debt And Foreclosure Suit Filed In Court

Mrs. Bertha M. Bell filed a debt and foreclosure suit against Mrs. Julia J. Edens in 118th District Court Saturday.

Mrs. Bell alleges that Mrs. Edens, the former Julia J. Boyce owes her \$4,750 on a purchase of the east half of lot 12 and the north and east halves of lot 11, block 25, in Big Spring.

Tricycle Is Found

A small maroon colored tricycle was picked up Saturday by Juvenile Officer A. E. Long in the south-east part of town near the gravel pit. Long said the owner could have the tricycle on identification.

1,377 LICENSE PLATES ISSUED BY SATURDAY

A total of 1,377 license plates for 1953 had been issued at the Howard County Tax Assessor-Collector's office through Saturday.

Mrs. Viola Robinson, collector, stated that people had been crowding the tax windows all week to purchase the new tags. Lines were especially heavy Saturday, she said.

Auto licenses issued total 1,176, while 92 farm tags and 109 commercial plates have been purchased. Last car tag issued was CB 1076.

Licenses can be purchased through March 31, Mrs. Robinson said. Sales opened Feb. 2.

Keep Your Ears Open If You Want To Be One-Man Lobbyist

By DAVE CHEAVENS

AUSTIN, Feb. 14 (AP)—Any poor-boy citizen who wants to can come to Austin to talk for or against a bill before a committee in the Legislature but most folks don't know how to go about it.

You know what the bill is: horse race betting, auto inspection, or letting women serve on juries. You're riled up about it and want to speak your mind.

Here's the ABC of it: The cheapest way is a two-penny post card addressed to your representative or senator. For three cents you can write him a letter. That's a pretty good way, but not enough for you. You want to attend one of those red-hot hearings coming up next week and speak your mind in person.

If you live 225 miles from Austin, it will cost you \$19.81 at rock bottom rates.

You must know the date and hour of the hearing, and which committee it is. You live in Tyler or some other place a middle distance from Austin and a round-trip bus ticket will cost \$10.81.

Check in at a hotel for a \$3.50 room and come up to the Capitol, where the hearing is set in the House Chamber at 2:30 p.m. You'll run into a lot of confusion, but it is fairly orderly confusion. Your representative can help you make sense out of it but if you insist on being a lone wolf, keep your ears open.

The committee may be seated around the press table in the center of the House Chamber. Pretty soon, usually about 15 minutes late, the chairman will call on leaders of both sides to organize their forces.

"Anyone who wishes to appear for or against this bill please register with the committee clerk," the chairman will say.

Near the head of the table, you'll spot the legislator who is ramrodding the "again" side of the bill. That's your side. You tell him who you are. He sizes you up and may encourage or discourage you from appearing.

But if you demand it, you can be heard anyway.

Usually you don't have to demand it because the Legislature is very generous with its time in committee hearings. Even if the leader of your side has advised you not to speak, generally the committee chairman will let you. There is one other necessary formality.

You have to fill out a form. Who ever heard of government without forms? You get this form in the House

from the calendar clerk at the left of the speaker's rostrum. You tell who you are and who you represent. If it's just yourself, you say so. If it's some organization, you must name it and swear to it before the clerk. She is a notary.

After the form is completed, you hand it to the clerk and all down and wait until you're called. Maybe an hour, two hours.

Then you get up before the microphone and blurt out your mind. Committee members may or may not heckle and badger you. If you're obviously an amateur lobbyist, you'll probably get off light.

In addition to your transportation and hotel, you've spent \$5 for meals and 50 cents for tips; total cash outlay to you \$19.81 if you can get by without any frills. No steak dinners for you or your representative or anybody on the committee.

You've lost maybe one night's sleep and a day on the job.

Whether it affected the bill is a question. It's possible you changed some committee votes, or even some floor votes. Maybe not. Anyway, you had your say.

Giles To Washington

AUSTIN, Feb. 14 (AP)—Land Commissioner Bascom Giles left today for Washington to plug for recovery of the tidelands for Texas. Giles is chairman of the School Land Board.

22 Girls Arrested

CANTON, O., Feb. 14 (AP)—Police arrested 22 teen-age girls today and accused them of shoplifting.

WHY STARVE TO TAKE OFF FAT?

THIS LADY LOST 42 POUNDS

"Before taking Barcontrate I weighed 148 pounds. I now weigh 106, a loss of 42 pounds. Instead of wearing size 20 dresses, I now wear 14 and 15. I am so glad and feel so good. Words cannot express my sincere thanks." Signed, Mrs. P. H. Wunderschick, 1210 Thirteenth St., Galveston, Texas.

AND THIS LADY LOST 21 POUNDS

"Thanks to Barcontrate, what a wonderful way to lose weight," writes Mrs. A. F. Houston, 211 W. 24th St., San Angelo, Texas. "No dieting and not a single hungry moment. I have lost 21 pounds and am now down to my required weight. Feel good and full of pep."

Barcontrate is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your druggist and get four ounces of the new improved Barcontrate. Pour into a quart bottle or jar and add grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves—17 possible pounds and inches of excess fat don't seem to disappear about like magic from neck, chin, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. No starvation diet. No Barcontrate way.

Supplies Of Wheat Show A Big Jump

OTTAWA, Feb. 14 (AP)—Supplies of wheat among the four top exporters—Including Canada—jumped sharply Jan. 1, the Bureau of Statistics reported today.

Supplies available for export and carryover increased 48 per cent to 1,522,400,000 bushels—a boost of almost a half-billion bushels from 1,027,900,000 on Jan. 1, 1952.

The stockpile by countries with Jan. 1, 1952, figures in brackets: Canada, 572,700,000 bushels (433,400,000); United States, 723,600,000 (500,300,000); Argentina, 121,000,000 (2,300,000).

One of the major factors in the sharp boost was Argentina's recovery from a crop failure last year.

While the world's wheat supplies increased, so did the demand for wheat.

Food and Agriculture Organization figures showed that for the 12 months ended last June 3, exports of wheat and flour reached a record 1,065,000,000 bushels, up from 934,000,000 in the preceding year and some 74,000,000 greater than the previous high of 991,000,000 in 1948-49.

359 Visits Are Made To Office Of TEC

The Texas Employment Commission office in Big Spring experienced heavy traffic again last week, with a total of 359 visits made to the office.

During the week, the office received 30 new applications, made 33 referrals to jobs. Job placements for the week totalled 25, while claims filed during the week totalled 54.

One Dead, 16 Injured

BARRANQUILLA, Colombia, Feb. 14 (AP)—A powder-filled tube used for fireworks exploded in a crowd of 5,000 carnival celebrants last night, killing one and injuring 16.

Bright Colored Vests Not Selling Too Fast In City

Although bright-colored vests have gained popularity in men's stores about the country, they haven't been going like hot cakes in Big Spring.

However, a few local merchants say that the vests are "catching on." Practically all men's stores here have the brightly colored vests in stock.

They come in all colors and plaid, and some have sweater type backs.

Local dealers do claim a jump in vest sales during the past few months, but they say the sales are

largely in regular shades of tan, brown, blue and grey.

An item coming back into style with the vests is the tie clip. Clips also went out of style with vests, dealers say.

Most of the high colors being sold now are to airmen stationed at Webb Air Force Base, dealers say. Natives of Big Spring and West Texas seem to prefer conservative shades, it was pointed out.

Some of the local dealers say that though there is a "fad" in vests now, it will not last. Reason given is the climate here.

New Officers Of Lodge Installed

Eugene Thomas was formally installed as captain of Canton 23 (IOOF Lodge), replacing Luther Coleman in a ceremony held here Friday night.

Other officers seated included Gordon Gross, lieutenant; Joe Roberts Jr., ensign; Earl Wilson, clerk; Lynn White of Stanton, treasurer; Leon Cain, chaplain; Floyd R. (Jack) Jones, banner bearer; Walter Brune, guard; A. C. Wilkerson, sentinel; and A. Knapp, picket.

Visitors included A. P. Riley, Colonel; and O. A. Crawford, lieutenant, both of Kermit; M. E. Roth, lieutenant, Odessa; and Past Commander Frank Stone, also of Odessa.

Riley and other members of the visiting group also attended a function of the Ladies Auxiliary Patriarch Militant No. 23, which also met Friday.

President Lady Lucille Thomas presided at the meeting. Misting in ceremonies were held for Mamie Roberts, Flossie Burnam, Alva White and Margaret White.

The group voted to attend institution of a new canton and auxiliary in Seagraves Saturday evening, Feb. 21.

A buffet dinner was served to approximately 30 members following the ceremony.

Trio Slightly Hurt When Car Overturns After Tire Blows Out

An automobile turned over on the Snyder highway about 15 miles out of Big Spring Saturday afternoon resulting in slight injuries to three people.

Injuries were sustained by Mr. and Mrs. Ollie Bell and their son, Clarence, all of Cuthbert. Their automobile rolled over twice after a tire blew out.

The Bells were taken to the Big Spring Hospital in a Nalley ambulance. They were released after treatment.

Bell was bruised, Mrs. Bell's arms were hurt, and Clarence's head had received a blow. Their car was crushed on the top and dented all over.

Highway Patrolmen Jack Taylor and Amos Johnson investigated. The mishap happened about 3:30 p.m.

Officer Fined On Charges Of DWI

L. Forrest G. Gentry of Webb Air Force Base was fined \$100 and costs in County Court Saturday after he pleaded guilty to charges of driving while intoxicated.

The lieutenant was arrested early Saturday morning in the 400 block of West 8th by city policemen. He is an instructor at the base and testified he had attended a graduation party prior to his arrest.

Local Officials Are Uncertain About Proposed DWI Measure

Local law enforcement and court officials are not sure that the bill introduced in the state senate concerning drunken driving is just exactly what it should be.

The bill, introduced by Senator Carlos Ashley of Llano, calls for a mandatory five-day jail sentence for all convictions of driving while intoxicated.

All officials consulted admitted that the present system of punishment does not seem to stop people from driving while drunk. But they do not believe the bill, if passed, will either.

District Attorney Elton Gilliland and County Attorney Hartman

Hooser, who must prosecute DWI cases, point out that offenders can now be punished with jail sentences if the trial judge desires.

For first offense the minimum fine is \$50 and maximum is \$500, and jail sentences can range from 10 days to five years. Both the fine and sentence can be given to offenders.

Hooser pointed out that minimum jail sentence is 10 days, which is even more than the five-day mandatory sentence suggested in the bill.

Both Hooser and Gilliland believe that different cases warrant different punishments, depending on circumstances. If the judge wants

to get tough, the statutes provide a way, they said.

Police Chief E. W. York and Sheriff Jess Slaughter both stated that a man who drives while intoxicated is a potential murderer. They think stiffer penalties are in order for such drivers.

However York stated that if a mandatory sentence is set up for drunk drivers there will be less people pleading guilty to charges.

"Practically all will plead guilty to keep from spending five days in jail," he said. "Then we will have a lot more time in court proving our cases."

York pointed out that it is the job of the department to prove cases. However, he said a lot of policemen would be tied up in court when they could be doing other things.

Both Hooser and Gilliland stated that it would be impossible to try all the charges of driving while intoxicated. Most cases now are settled when the offender pleads guilty, they said.

Both men pointed out that those pleading not guilty are tried some time after the incident. Then some cases might not stand up in court as witnesses might not all be available, they explained.

Sheriff Slaughter stated that he thought driving while intoxicated should be a penitentiary offense. York agreed with him that as a potential murderer, there could not be too stiff a penalty for a DWI.

As the law now stands, second offense for DWI calls for a penitentiary sentence of five years, maximum. Fine can range between \$100 and \$5,000, and minimum sentence is 10 days.

Gilliland, who deals primarily with second offenders, believes that if there is an increase in sentences it should come to those caught the second time.

Mahon Presents Bill To Let States Handle Child Labor

Congressman George Mahon has reintroduced in the House of Congress a bill which proposes that the question of child labor in agriculture, during school term, be left to the determination of the several states.

Mahon offered this bill at the last session, after they occurred in Texas several instances of children being stopped from farm labor at harvest time because of violation of a federal statute. The ban resulted in some schools having to shift teaching schedules.

Mahon, in a communication to

The Herald, said he thinks this matter belongs in the hands of the states.

The congressman reported on a conference on agricultural labor, and said that he announced flatly that "under no circumstances would we be willing to tolerate a recurrence of the ordeal which we had in West Texas last year over the cotton-pulling wage scale."

"They seem to think no difficulty will be encountered in avoiding this pitfall," Mahon reported.

Mahon said that the new Secretary of Labor, Martin Durkin, pledged himself to try to help the farmers with the labor problem, and came out in favor of a bill to continue, in 1954, the present law which permits negotiations for labor from Mexico. The present law expires at the end of his year.

Mahon said he feels that the administration of farm labor laws should be transferred from the Department of Labor to the Department of Agriculture. He said he has asked President Eisenhower to explore the possibility of transferring the administration of the Mexican National labor program to the Department of Agriculture, under authority recently granted to President to reorganize the government agencies.

TIPPLERS TO GET FREEDOM FOR MEETING

Two city jail prisoners who have expressed a desire to break the alcohol habit will receive at least a few hours of freedom Tuesday.

Corporation Judge William E. Greenless and Police Chief E. W. York have agreed to release the pair long enough to attend a meeting of local Alcoholics Anonymous Tuesday evening.

The two men were described as chronic offenders who appear regularly in city court on intoxication charges. An AA representative said each has expressed a willingness and desire to give up tipping.

Local Youth Takes Part In Religion Week At H-SU

ABILENE—Lane Hoyt Bond, son of Mrs. Beulah Bond, 1602 Donley, Big Spring, is on the program committee for Hardin-Simmons University's religious focus week, set for March 24-26.

An annual activity at H-SU focus week brings to the campus several outstanding Christian leaders representing various professions and vocations.

Participating this year are Dr. Floy Barnard, teacher and dean of women at Southwestern Seminary at Fort Worth; the Rev. L. D. Ball, pastor of First Baptist Church, Lamesa; Dr. Ralph Phelps Jr., assistant professor of social ethics, Southwestern Seminary; The Rev. Earl Allen, pastor First Baptist Church, Floydada; Dr. George Schweitzer, associate professor of chemistry, University of Tennessee; Glen H. McLaughlin, chief of the Bureau of Baptist Student Union director, University of Texas; the Rev. Warren Hultgren, pastor of Downtown Baptist Church, Corpus Christi; Fred Gage, mayor of Odessa; Dr. William Gordon Maddox, M. D., Denton; and Keith Parks, pastor at Red Springs.

Freeway Issues Talked At Meet

Right-of-way problems for the proposed Highway 80 freeway through Big Spring was discussed by Howard County officials and highway engineers at an Abilene meeting Saturday.

County Judge R. H. Weaver and Commissioners Ralph Proctor, Pete Thomas, Earl Hull and Arthur Stallings attended the meeting.

District Highway Engineer J. C. Roberts told them that there was no need to worry about right-of-way purchases until final freeway plans are approved in Austin.

As yet the freeway plans are in the beginning stage and are flexible, he said. The extension of Fourth Street east to the double strip highway in front of Dodson was discussed, as well as the proposed loop around northern Big Spring.

Coahomans To Note Week Of Dedication

COAHOMA — Methodists here will join with thousands of others throughout the country in observing a Week of Dedication starting today.

For a number of years this special occasion has been a help to local churches that participate, said the Rev. Royce Womack, pastor of the First Methodist Church here.

The Rev. Elton Wyatt, pastor of the Methodist Church in Mobeetie, is to do the preaching for a series of services which will begin each evening during the week at 7:30 p.m.

"It is the hope of the pastor and lay leaders that this will be the best Week of Dedication that we have ever had both from the number of churches participating, and the amount of money received," said the Rev. Womack.

Terry Lee Cockran Funeral Set Today

Services will be held at Eberley Chapel at 4 p.m. today for Terry Lee Cockran, 3-months old son of Mrs. Ethel Irene Cockran.

The baby died at 9:30 a.m. Saturday following a brief illness. Last rites will be said by Dr. P. D. O'Brien, pastor of the First Baptist Church.

Among the survivors are the maternal grandmother, Mrs. Ruth Donier, Odessa, and great-grandfather, J. C. Teeter, Colorado City. Buddy Standard, Mrs. Mary Lou Simonek and Mrs. A. M. Teeter are relatives as are Mr. and Mrs. R. H. Teeter of Andrews, who are due to attend the services here.

Negotiations Are On

HOUSTON, Feb. 14 (AP)—The Houston Chronicle said today negotiations are nearing completion for purchase of Houston's 23-story Shell Building for \$3,000,000 by Troy Post, Dallas insurance executive, and associates.

Man Released After Payment Of \$500 Bond

Tiney Merritt was released from county jail Saturday on \$500 bond. He had been arrested following charges Friday of selling liquor without a permit.

Another man charged with the same offense, Roy McClendon, was kept in jail pending his plea before County Judge R. H. Weaver. Merritt pleaded not guilty to charges.

STATION NEWS

Well, we are just about to get the station all painted up and fixed up to where we can service your car. And you will have a nice clean place, Charlie and I sure have been working hard the last two weeks—about 16 hours a day. But we have enjoyed it. Oh, yes, we have some brand new Gulf uniforms too, and we also have some mighty good used tires that have a lot of mileage left in them. And we guarantee them, too. They are cheap, so if your car needs washing and greasing, come to see us. We close at 5 p.m. on Sunday so we can go to church Sunday night. You go to the church of your choice and see what a blessing you will get. Bye now, see you next week.
RELERCE JONES

Here's why it pays to buy an automatic Gas clothes dryer

A Gas dryer saves time, work, clothes. Lets you wash any time, even at night. Dries clothes in minutes, gently, evenly, automatically.

"Much, much fluffier towels!"
They're tumble-tossed in a current of warm air, come out fluffy and wonderfully sweet-smelling.

"I buy far fewer children's clothes now!"
You buy less because a Gas dryer makes it easy to wash more often. It's so speedy it dries clothes in minutes!

"I don't even have to iron pajamas!"
It's hard to believe how amazingly free from wrinkles your clothes come out of a Gas dryer. You hardly need an iron for most cottons.

only Gas dries clothes so fast... costs so little to run!

ADVICE FROM MOTHER—A bay filly, daughter of Citation, Calumet Farm's millionaire racing champion of a few years ago, apparently gets an careful of motherly advice from Filiaway, during romp at Claiborne Farm near Lexington, Ky.

A TEMPORARY PIECE OF ART—Joseph Edlbauer, a Bad Reichenhall artist, has an appreciative street audience in the snow-filled center of Stuttgart, Germany, as he works on his snow creation, a stage coach complete with horses, coachman and passengers. The artist used some 5,000 pounds of snow alone to fashion the stage coach.

THIS IS THE WAY YOU DO IT!—Donnie Burns, 4, who has recent memories of bottle-feeding, attempts to force a bottle of milk into mouth of an uncooperative week-old African lion cub during visit to a children's zoo in Chicago.

SINCEREST FORM OF FLATTERY—Six-year-old James Elliot Aisner, Newton Center, Mass., imitates his father, Sidney Aisner, center, as latter is sworn in with group of Assistant Attorneys General in Boston State House ceremony.

FIVE GENERATIONS—Little Wanda Grey sits with four generations of her family at Louisville, Ky. From left are Mrs. Earl Cundiff, 53, great-grandmother; Mrs. Fannie Summers, 72, great-great-grandmother; Mrs. Elmer Farmer, 35, grandmother; and her mother, Mrs. James Grey, 21.

REPRESENTS U. S.—Mrs. Oswald B. Lord, above, of Minneapolis, succeeds Mrs. Eleanor Roosevelt as U. S. representative on the United Nations Commission on Human Rights.

CHIEF EXECUTIVE AND WIFE—Colonel Marcos Perez Jimenez and his wife, Senora Flor Chalband de Perez Jimenez, stand at Capitol in Caracas after the Constitutional Assembly chose him as the Provisional President of Venezuela.

JUST A 'WATCH' DOG—Julie Kabot exhibits a novel accessory for Milady's handbag, a two-pound Chihuahua, at a Miami show. The dog, named "Perra Bonita of The Wheelers," is owned by the C. W. Wheelers of Maytown, Tex.

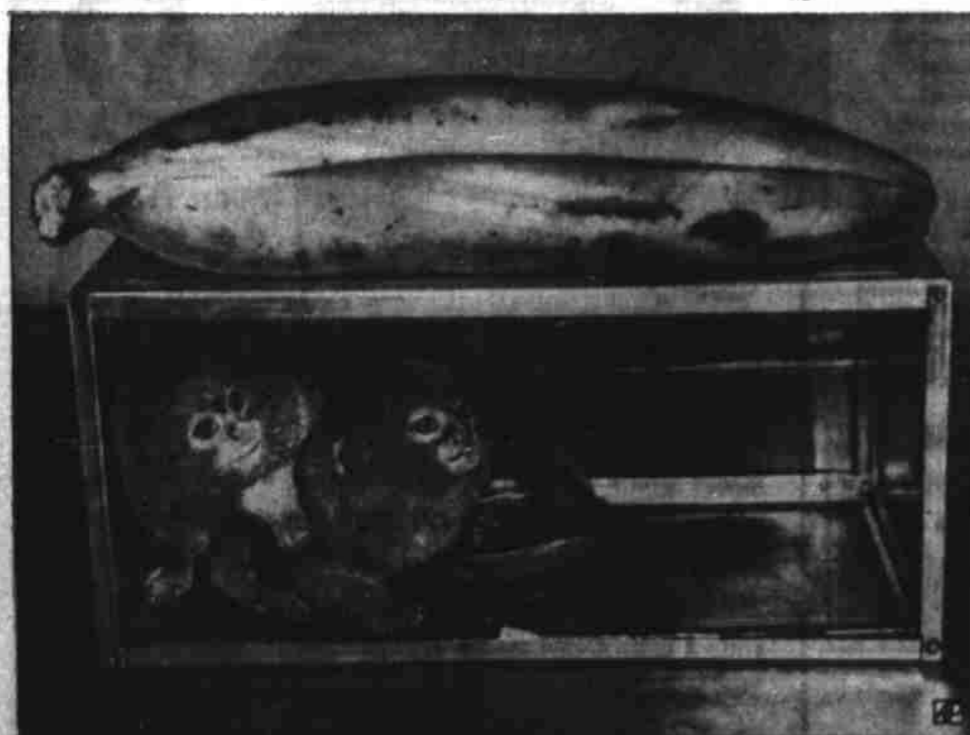

ENVOY TO FRANCE—C. Douglas Dillon, of Far Hills, N. J., a banker, has been named Ambassador to France by President Dwight D. Eisenhower, to succeed James C. Dunn.

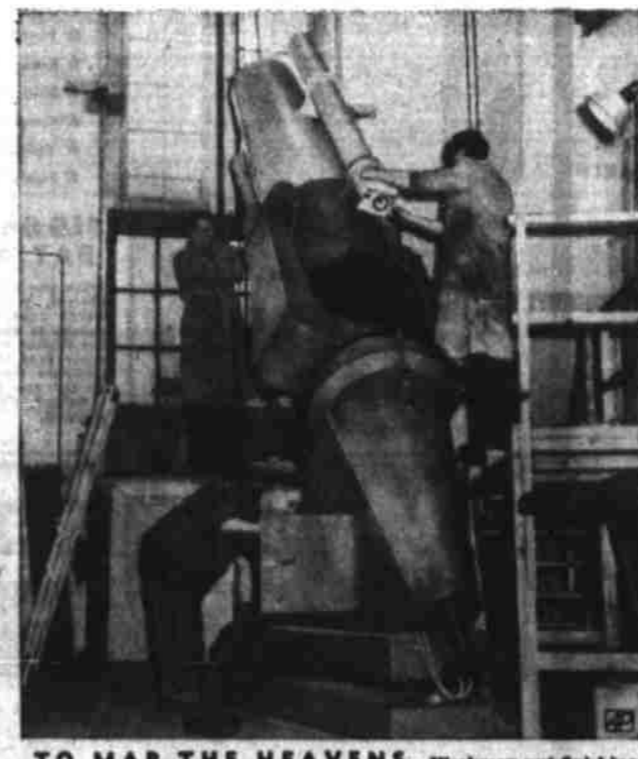

ON WAY TO FUTURE FAME—Young New Englanders pose at Stowe, Vt., where they train under a program designed to develop future Olympic ski champions for the United States. Left to right: Peter Clark, Eugene Boisvert, Marvin Moriarity, Frank Evans, Steve Winston, Les Streeter, Tom Lawson, Richard Painter, Othmar Schneider, of Austria and Karl Fahrner, instructor.

NEW ROLE FOR HAROLD—Harold Lloyd, bespectacled film comic of the 20s, reflects a moment while working on his new interest, painting, at Beverly Hills, Cal. He says he seeks only to create a "pleasing arrangement of colors."

A BANANA WOULD BE A PROBLEM—Size of these tiny monkeys of unidentified species can be judged from banana placed on their glass case following their arrival at Brooklyn, N. Y. Their bodies are three inches long and they weigh two-and-a-half ounces each.

TO MAP THE HEAVENS—Workmen put finishing touches on a three-ton "sky camera," under construction in West Berlin. The giant camera, being built for Bonn University, will be capable of taking pictures of stars up to the 22nd class.

NO CURB ON KIRBYS—Given permission by the War Office to serve in the Army together, the 19-year-old Kirby triplets of London try on service shoes at Frith Barracks, Blackdown, England. From left are Brian Reginald James, Alan Frank Felgar and Dennis Roy John Kirby.

Rev. Ben Hardy Dies; Funeral Set For Today

Funeral will be held at 3 p.m. Sunday in Tahoka for the Rev. Ben Hardy, former pastor of the First Methodist Church here and father of Dr. W. B. Hardy.

A native of Russellville, Ky., where he was born Dec. 21, 1870, the Rev. Hardy had spent most of his life in Texas.

He retired from the active ministry in 1938 when his eyesight began to fail him. Later he suffered a hearing impairment, too, but he retained an active interest in the affairs of his church.

Mitchell Hereford Sale Held Saturday

COLORADO CITY — The fourth annual Mitchell County Hereford Calf Sale, held Saturday afternoon at the Mitchell County Auction Barn brought five breeders a total of \$3,060 for 20 head of registered calves.

SENATE

(Continued From Page 1)

sands of U. S. servicemen now stationed overseas could and should be returned to this country without endangering defenses.

It is felt that this country had more than twice as many men in Europe as believed necessary, although the exact number was censored out.

"An American defense plan should not contemplate increasing the number of American boys outside the United States," the report said.

Long and Morse based their report on a flying inspection of the overseas military installations in August and September last year that covered 30,000 miles.

Mingled in with the general and specific criticism running through the 14-page report were many examples of mistakes and errors and a few commendations.

Inexperience And Lack Of Reserves Hurts 8th Army

By JOHN RANDOLPH. SEOUL, Sunday, Feb. 15 (AP)—The U. N. Army's inexperience and lack of reserves have hurt the 8th Army's offensive here.

Gen. James A. Van Fleet, the retired commander of the Eighth Army, says it would certainly succeed and he seems to be thinking of a big engagement fought fairly soon, after reasonable planning and with some — but not extraordinary reinforcements.

But other high military authorities are not so sure. General of the Army Omar Bradley, chairman of the Joint Chiefs of Staff, reportedly told the Senate Armed Services Committee the Eighth Army would have to reinforce heavily, and that an offensive would bring heavy losses and a grave risk of touching off World War III.

The ultimate decision, when it is finally made, unquestionably will come from a still more eminent general — President Eisenhower.

However, it is possible to add up strong points and weaknesses of both sides and get a fairly good idea of what might happen.

The United Nations forces in Korea under their new commander Lt. Gen. Maxwell D. Taylor, total 22 divisions with about 550,000 men in combat formations and about 150,000 in supply, and transport.

Apparently the key to Allied victory is to get the war back into the open again—either by breaking through the Red's fortified crust or by one or more end runs with amphibious or airborne troops.

It seems from the evidence that Gen. Van Fleet believes that the present Eighth Army, granted normal planning, supplies and reinforcements required for any offensive, could do the job before too long without any vast addition of strength.

This seems to rule out elaborate end runs and indicates a drive for either a shattering breakthrough or a gradual forcing of the Reds back from their defense line.

Van Fleet obviously does not mean a crude frontal push. That would be bloody and risky. Van Fleet's own past strategy in Korea suggests the answer.

Van Fleet made most of his own advances in Korea with "one-two" and "one-two-three" punches, with one part of the Eighth Army plugging on one sector and another part all ready to slug on another sector the minute the enemy got off balance.

That was also the way Eisenhower set up the famous Saint Lo breakthrough a few weeks after the Normandy invasion.

General Fund Of City Gains During January

Thanks to other municipal accounts, the city's general fund gained more than \$30,000 during January despite expenditure of \$73,149.05.

Other funds made the gain possible through transfers amounting to \$47,488.13. January financial statement submitted by City Secretary C. R. McClenny shows.

The general fund, which had a cash balance of \$6,625.42 on Jan. 1, wound up the month with \$28,777.73 in the till.

Other principal sources of general fund revenue were gas franchise, \$24,408.38; electric franchise, \$3,464.63; fines and court costs, \$1,324.61; and tax receipts, \$15,841.78.

The water and sewer system revenue fund receipts amounted to \$46,508.62, including \$41,533.08 from water, sewer and garbage services.

Water metered to customers in January totaled 54,350,900 gallons — a decrease of 5,541,000 gallons from December and a drop of 2,803,000 from the previous January, McClenny reported.

Farking meter fund, with \$3,000 transferred to the general fund, stood at \$6,825.97 Jan. 31. The meter fund had a balance of \$16,675.50 at the beginning of the month. Receipts amounted to \$2,740.55, and expenditures, including the general fund transfer, totaled \$12,790.28.

Little change was noted in balances of most other funds. There was no disbursement from the interest and sinking fund and the city's indebtedness stands at \$216,500 tax bonds and \$587,000 revenue bonds.

The new edition is an enlarged and revised version of Peters' first book published more than a year ago. It includes two new chapters, "Something About Accidents," and "Industrial Accident Prevention."

Peters plans to make the book available to both instructors and students of first aid. It is entitled "Instructions for Instructors of Safety First and First Aid."

The author is safety director for Cosden Petroleum Corporation and has been authorized Red Cross instructor of first aid for 16 years. He has conducted hundreds of first aid classes and courses in Big Spring and surrounding territory.

In addition to the two new chapters, it includes treatises on water, the skeleton, wounds and their dangers, and the blood circulatory system. The various units are arranged in the form of lectures, with suggestions for simultaneous demonstrations. Price of the book is 50 cents per copy.

Herbert Feather Is Installed As C-C Prexy At Snyder

Herbert Feather, former advertising manager for the Big Spring Daily Herald, Friday night was installed as president of the Snyder Chamber of Commerce.

Feather now is publisher of the Snyder Daily News. Installation of new officers came during a program featuring Capt. Eddie Rickenbacker, president of Eastern Airlines, and Phil Reagan, screen, radio and television personality.

Thirty-four persons from Big Spring attended the banquet. The group made up the largest out-of-town delegation present.

Rickenbacker, principal speaker, stressed the need for Americans to reaffirm their faith. He told the approximately 900 listeners that American democracy is the epitome of the spirit of Christianity, and that the nation never could have existed except for the birth of Christ.

A spiritual rearmament and anchorage to moral principles were called for by the famous aviator. Reagan was enthusiastically cheered for his solo and sing-songs.

City Tax Collections Ahead Of 1952 Figure

City tax collections were \$21,949.26 during the same period of a year ago on Jan. 31, C. E. Perry, Johnson Jr. collector, said in his January report to city commissioners.

Wholesale Commodity Prices Show Decline

NEW YORK, Feb. 14 (AP)—Wholesale commodity prices declined this week for the seventh week in a row, according to The Associated Press weighted commodity index.

The grains and cotton group sank to a new 1952-53 low. At 176.02, the index of 35 important wholesale commodity prices compared with 176.46 last week and 188.41 a year ago. The index base year of 1926 equals 100.

er, making the place busier when most colleges were experiencing lighter loads and sharp enrollment drops.

Col. William Stephens, commanding officer of the 350th AB Group at Webb AFB, told Rotarians on Tuesday that the community could contribute to morale through kindness. For all their boasting, Texans are sometimes a little reserved. Maybe we need to be a little more forward about making our new residents feel they are as much a part of the community as anyone else.

Court can run into some unusual problems. The County Court added a new one to the list last week. The wrong panel showed up for jury duty. Of course it had to be sent home and jury cases set back for a week.

Are there any organizations (besides the Lions, which already has pledged) that want to invest in something that will be around a long time to give its benefits—a plant for various school grounds?

ADLAI

(Continued From Page 1)

ment of our public affairs demands our support and sympathy, if only because of the crises we all face together in the world."

He declared the United States needed its allies the same as the allies need the United States to cope with the Communist threat.

"The fact that we have been in a position to contribute most to this collective defense in the way of arms and money does not entitle us to preach or threaten," Stevenson said.

"And I hope I have misunderstood some news of late that sounds to me better calculated to provoke distaste for us than respect. We want not sullen obedience but friendly co-operation from our allies... we want no satellites; we want companions in arms, the companionship of embattled freemen in common cause."

Stevenson did not mention names in this connection but his mention of recent news appeared to refer to the recent European trip of Secretary of State John Foster Dulles.

PURCHASERS MUST MAKE CLEAR IMPORT COURSE, SAYS PAYNE

AUSTIN (AP)—Major oil purchasers will have to trim imports or acknowledge they are supplanting domestic production, the president of the Texas Independent Producers and Royalty Owners Assn. said yesterday.

Two Explorers Are Staked In Mitchell

Two wildcat locations were announced for Mitchell County at the end of the week.

deep explorer drilled by Ray Albaugh last year and which developed some interesting shows in the Pennsylvanian. It is six and a half miles south and slightly west of the small Dockery Ellenburger field just south of Westbrook.

Gaines Wildcat Recovers Free Devonian Oil

Forrest Oil Corp. No. 1-A Jones in northwestern Gaines County, gave promise Saturday of being a Devonian discovery.

El Capitan Oil Company, Fred Chambers and W. M. Meeker No. 1 Ross Dixon Jr., et al, had located a test 467 from the southeast and southwest lines of section 2, J. P. Smith survey, 20 miles south of Colorado City. Scheduled depth is 7,000 feet.

This venture is four miles southwest of the Richardson and Bass No. 1 McCabe, a Pennsylvanian discovery in southeastern Mitchell, and the 2 1/2 miles west of the Sun No. 1 McCabe which has had some promising shows in the Strawn.

Sun No. 1 McCabe, in the C SE SE 22-1A, T&P, drilled Saturday took 6,490 feet in sand and shale.

Davidson Drilling Company No. 1-A S. R. Coleman, 669 from the south and east lines of Cuthbert Strip, a 4,600-foot test, had drilled to 1,542 feet in anhydrite.

Humble No. 1-B Mildred Coleman, C SE NE 7-97, H&TC, west offset to a recently completed Clear Fork semi-discovery between the Coleman Ranch and Sharon Ridge fields, was at 3,195 feet with no increase in fluid, either oil or water.

Insurance Firm Opens District Office Here

Opening of district offices for the Southern Security Mutual Life Insurance Company in Big Spring was announced Saturday.

William B. Miller, formerly of San Antonio, will direct affairs of the office, which operates under the Southern Security Insurance Agency of San Antonio.

The concern specializes in "hard to write" risks. It will underwrite military personnel or civilians regardless of age or race for life, automobile liability, fire and other types.

Two Men Killed In Light Plane Crash

MISSION, Feb. 14 (AP)—Two Valley men were killed instantly yesterday when the plane in which they were attempting to fly off unlighted Moore Field crashed and burned shortly before midnight.

Killed were Thomas E. Hurst, 43, printer employed by the Mission Times and a licensed pilot, and Joe Cano, 27, radio service man at Pharr.

Scurry Wildcat

Humble Oil and Refining No. 1 Nachlinger, Scurry County deep wildcat, had drilled past 7,471 in lower Pennsylvanian Saturday, according to reports.

Two Men Killed In Light Plane Crash

Preparing For Storage

Here is part of an interesting storage project of the Reef Fields Gasoline Corporation. These steel tanks are but part of the installation going up at the east end of Sand Springs and just north of U. S. 80.

Reef Fields Storage Project Progressing

By CLIFTON LAWHORNE

Progress on the Reef Field Gasoline Corporation's huge underground gas storage project just east of Sand Springs is well underway.

When completed, four underground cavities each will hide away 50,000 barrels of gasoline, said C. W. Pullin, in charge of the project.

"OIL WEEK"

Congress Calendar Loaded With Oil

By CHARLES HASLET

WASHINGTON, (AP)—Next week will be "Oil Week" on Capitol Hill. The congressional calendar calls for:

Rotary Rigs Show Large Basin Gain

Rotary drilling in the Permian Basin area of West Texas and Southeast New Mexico enjoyed a big increase in activity for the 15-day period ended Feb. 10, according to the semi-monthly survey conducted by Reed Rollar B11 Company.

The tally showed 478 rotaries turning on Feb. 10 as compared to the 441 on January 25. One year ago there were 757 rotaries in operation in the Basin.

Lea County, N. M. showed the sharpest increase with a jump of nine to 127 from the 118 recorded Jan. 25.

Andrews County continued to lead those in West Texas with 31 units, while Upton was a close second with 27.

Another county climbing among the leaders in the Basin is Schleicher, scene of 20 active rotary rigs on Feb. 10. The count 15 days before showed 15 rigs in operation in that area.

Counties included in the Reed survey and their Feb. 10 total and the Jan. 25 total in parentheses, are:

Andrews 31 (36), Borden 2 (8), Cochran 12 (13), Coke 20 (22), Crane 6 (7), Crockett 8 (8), Dawson 5 (9), Ector 25 (22), Gaines 23 (15), Glasscock 10 (12), Kent 4 (3), HOWARD 10 (13), Midland 19 (20), Martin 4 (4), Mitchell 5 (1), Pecos 19 (16), Reagan 10 (10), Schleicher 20 (15), Scurry 10 (9), Terry 10 (10), Tom Green 4 (4), Upton 27 (20), Ward 9 (9), Yoakum 10 (11), Lea, N. M. 127 (118).

Tuesday before the House Judiciary Committee, with Atty.-Gen. Brownell as first witness.

3. A session of the House Commerce Committee Tuesday to hear reports from officials of the Petroleum Administration for Defense, the Interior Department's Oil and Gas Division, and the Mutual Security Agency.

4. A similar meeting of the same committee Wednesday to get a briefing on the natural gas situation from officials of the Federal Power Commission.

Dr. Andrew Stevenson, of this committee's staff, explained the purpose of the two sessions is simply to bring the committee up to date on administration of laws relating to oil or gas.

In another development this week, Reps. Van Zandt (R-Pa.), Bailey (D-W. Va.) and others from coal producing areas introduced bills designed to limit residual fuel oil imports and aid the coal industry.

The proposed legislation would establish a quota limitation on imports of residual fuel oil, amounting for any three-month period to 5 per cent of the domestic demand for the product for the corresponding quarter of the previous year.

Van Zandt said the imports of left-over oil of foreign refineries had climbed from 44 million barrels in 1946 to 128 million in 1952. Last year's imports, he asserted, meant displacement of 31 million tons of coal and cost the coal industry 150 million dollars in revenue and the coal miners 75 million dollars in wages. In addition, he said, railroads lost 85 million dollars in freight revenue because they didn't get to haul this quantity of coal.

Depleted Martin Well Is Abandoned

A small and now depleted producer, which marked discovery of the Glass-Graburg field in south central Martin County, has been abandoned.

Tom D. Fowler of Midland filed application to plug his No. 1 Tant Lindsay, C NW SW 16-38-in. T&P. It had made small production above total depth of 4,380.

When the corporation gets ready to ship some of the gasoline, propane or butane stored underground, the salt water again comes into play. Pullin stated that it would be pumped back into the cavity, pushing out the refined products.

Drillers on the first well were nearly half way down to their total depth Saturday. All three wells staked are in section 46, block 31, Tsp. 1-north, T&P survey. They are immediately east of Sand Springs between Highway 80 and the railroad track.

Brooks and Turner Drilling Company of Coahoma is drilling the wells for Reef Field Gasoline Corporation. Pullin said a fourth well location will be staked in the future.

Nine of the 13 surface storage tanks were in place Saturday. M. H. Meeks, construction superintendent in charge of placing the metal tanks, said his work would be complete in about two weeks.

Pullin stated that the loading rack will accommodate 30 railroad cars upon completion.

The method of storing refined gasoline in underground cavities was described as commonplace now. Two of the same type projects were recently completed by Stanolind and Sunray.

Sunray Oil Corp. and Magnolia Petroleum Co. filed the application for adoption of additional and amended field rules on behalf of themselves and other signers of the unitization agreement. The recently approved unit operation is the largest ever tried in Texas.

The commission also scheduled hearing Feb. 26 on application of the Skelly Oil Co. for tolerance acreage to be assigned its head and Birdwell leases, Kelly-Snyder Field, Scurry County.

Completions Keep To A Slow Pace

AUSTIN, Feb. 14 (AP)—Oil and gas well completions continued their slow pace this week, totalling 181 and 4, respectively, in Texas.

The Railroad Commission reported the year's total for completed oil wells was 1,127 compared with 1,303 a year ago; for gas wells, 72 compared with 103.

Operators plugged 145 dry holes, 4 gas and 66 oil wells.

Wildcatting brought in 7 oil wells, 80 dry holes.

Operators plugged 145 dry holes, 4 gas and 66 oil wells.

Lifting Of Controls Finds Stocks High

By MAX B. SKELTON

HOUSTON, Feb. 14 (AP)—There was plenty of gasoline and crude oil in storage when price controls were lifted this week.

The decontrol order was announced as the oil industry faced prospects of another cut in crude production rates.

There also are new reports that crude and products imports this year will exceed 1952's record of approximately 948,000 barrels daily.

The nation's crude output has declined 146,000 barrels daily since the end of November.

Twelve of the importing companies this week advised the Texas Railroad Commission they plan to import this year at a rate of 898,412 barrels a day.

The Texas commission meets Wednesday to determine the March allowable. Major purchasers of the state's crude have indicated they will want 53,217 barrels a day less in March than in February.

Ernest O. Thompson, chairman of the Texas regulatory body, said an apparent "supplanting" of Texas crude with foreign oil works a hardship on Texas producers.

Delhi Oil Corporation of Dallas No. 1 Sarah M. Hamlin, in north central Howard County, developed good oil odors but no free oil on a drillstem test in the San Andres.

Recovery was five feet of drilling water with no shows. Operator drilled ahead to 4,210 in lime. The section tested had a good oil odor in samples drilled, but they have not yet been fully analyzed.

Seaboard Oil of Delaware No. 7 S. E. Lee will be a Spraberry deep pool test in southeastern Dawson County.

Thompson also pointed out that the state's crude stocks Jan. 31 totaled 134,000 barrels, 894,000 above the previous week.

It will be 1,567 from the north and 440 from the east lines of section 47-34-4, T&P, 15 miles southeast of Lamesa. Contract calls for rotary to 4,000 feet. However the pay in around 6,000 feet.

He then summarized the factors on which the commission must base new allowances: purchasers' estimates of anticipated need for Texas crude and Texas' crude storage levels.

Sun No. 1 Dean, C SW SW 22-1, Poltevant, northeastern Dawson deep explorer, took a drillstem test from 6,957-4,072 with the tool open one hour. Recovery was 230 feet of mud with no shows. Operator will deepen.

Thompson said part of the blame for the current situation can be placed on a mild winter, with decreased demand for heating oils.

Shell No. 5 Kioh has been completed as another Howard-Glasscock producer on the Glasscock side.

But he turned back to imports and added: "This commission has no legal control of imports but we can point out how much oil is being imported and by whom."

Coronet Test Near Anticipated Pay

In the Coronet-2900 shallow zone of northeastern Howard County, Sun No. 2-A Jones, had drilled to 2,835 Saturday.

McCoslin & Thornton

William B. Miller, formerly of San Antonio, will direct affairs of the office, which operates under the Southern Security Insurance Agency of San Antonio.

Among points to be served from here are Mineral Wells, Del Rio, Poyte, San Angelo, Lubbock and Wichita Falls.

The concern specializes in "hard to write" risks. It will underwrite military personnel or civilians regardless of age or race for life, automobile liability, fire and other types.

Favorites Lose In Gloves Tests

By TIM PARKER
FORT WORTH, Feb. 14 (AP)—Two favorites fell tonight in the feather-weight quarter-finals of the Texas Golden Gloves.

Brownwood's Fred Coca, a little guy who is a good fighter, upset featherweight hopeful Manuel Villalobos of El Paso in the opener.

Also eliminated was favorite Paul Jorgensen of Beaumont, another style fighter.

Cooper, probably the hardest puncher here outside the heavies, was scheduled to go against Robert Billot of Beaumont.

A new drawing tomorrow will determine who fights who in Monday night's semi-finals and state championships.

Two More Seasons, Robinson Expects

SAN JUAN, Puerto Rico, Feb. 14 (AP)—Brooklyn second baseman Jackie Robinson said today he believes he can play major league baseball at least two more seasons.

Calmness Personified
Never a coach to get excited during a game, Coach Harold Davis of HCJC is shown here in a recent game, the picture of a man at ease.

HCJC IS ELIGIBLE

Hawks Romp, 97-53, Over Clarendon JC

Defeating the same team for the second time within a week, the Howard County Junior College eagles romped to a 97-53 victory over the Clarendon Bulldogs here Saturday night.

Coach Harold Davis used all his reserves as the Jayhawks scored the easy victory to remain undefeated in Western Zone play.

The win clinched a trip to the state tournament for the Jayhawks, who have but two games remaining on their conference schedule while all other teams have been defeated at least twice.

Bobby Williams paced the Hawks, scoring 22 points in the four-studded game. Ten of Williams' points resulted from free pitches.

Murray Wall Added To Braves Roster
BOSTON, Feb. 14 (AP)—The signing of Murray Wall, former University of Texas pitching ace, was announced tonight by the Boston Braves.

Wall has been in the Braves organization since he graduated in 1930. He won 16 games and lost 10 for Milwaukee last season.

Gold Sox To Play Longhorn Teams

ARTESIA, N. M.—The Artesia Drillers of the Longhorn League will play two exhibition games with the Amarillo Gold Sox of the WT-NM League this year.

Amarillo will make a trip to Artesia April 16 and remain over for a game on April 17.

On their swing into New Mexico, the Sox will also meet Carlsbad in Carlsbad April 1 and 19.

Plainview Moves Into Top Spot In 3A-1 Loop

Plainview's up-and-coming Bulldogs assumed first place in the District 1-AAA basketball race by bowling over the Big Spring Steers, 65-54, here Friday night.

The Bulldogs used free throws to topple the Steers who went down to their ninth straight defeat in conference competition. Big Spring outshot the visitors from the field.

Jerry Forderhase paced the Bulldogs in scoring with 18 points. Lester North was right behind with 17, 11 of which came on gratis pitches.

Steve Kornfeld paced Big Spring with nine points. Luke Thompson, Bobby Hayworth and Jerry Brooks all had eight each.

Big Spring lost three boys on fouls, Kornfeld, Thompson and Charles Clark going to the sidelines for that reason.

The classy Plainview B team walked off the court with a 71-44 victory. Tilson paced the visitors with 20 points.

The Steers wind up their season next Tuesday night in Lamesa.

FORSAN BIONS CLINCH A TIE

FORSAN—Bob Honeycutt's Forsan Buffaloes clinched a tie for first place in District 23-B basketball standings by drubbing Sterling City, 56-47, here Friday night.

The Buffaloes built up a 45-28 lead in the first three periods of play and then coasted in, although outscored by eight points in the final period.

Sterling City won the girls' game, 34-27.

Vernon Upsets Lamesa, 65-54

VERNON—Vernon put a crimp in Lamesa's hopes of annexing a second straight District 1-AAA basketball crown by defeating the Tornados, 65-54, here Friday night.

Lamesa fought the Lions on even terms the third period after Vernon led, 39-28, at half time. The Lions then rallied to outscore the visitors by eight points in the final round.

Ramon Towry scored 18 points to lead Vernon. Lester Dye counted 15 for the winners.

For Lamesa, Burnell Stevens registered 13 points, more than Jimmy Robinson and Ed Bennett, his team mates, tallied.

Lamesa played a fine first period but could get only one field goal, that by Robinson, in the second panel.

Lamesa won the B string game, 58-45.

Bottlers Increase Fem Bowling Lead

Seven-Up Bottlers moved further out in front in Women's Bowling League standings the past week after beating Cecil's Package Store in three straight games.

In other matches, Dibrell's Sporting Goods won over City Plumbing Company, 2-1.

Seven-Up paced team scoring with 733-721-2175. Dibrell's had a 1941 for second high aggregate.

Lois Easton, Seven-Up, posted 201-468 for top individual marks. Jesse Pearl Watson, of the same team, had a 170 for runnerup laurels in individual games. Mary Ruth Robertson, Dibrell's, posted a 466 for second high total.

Seven-Up has now won 14 and lost one game, followed by Dibrell's and City Plumbing, tied for second place with 74-74 marks. Cecil's is in the cellar with a 1-14 won-lost record.

IN FORSAN GYM Hawks, Rotary Meet Tuesday

By special request, the Howard County Junior College Jayhawks will appear before Forsan cage fans Tuesday night.

The stellar Big Spring collegians are booked to play the strong Rotary Engineer team of Midland around 8:30 o'clock. The Howard County March of Dimes campaign will benefit.

The game is part of a double-header booked by the Forsan Service Club. The first game, down for 7 o'clock pits high school teams of Forsan and Garden City in an exhibition.

McCauley Hands Knott Defeat

KLONDIKE—McCauley handed Knott its first defeat in 20 game in a girls' basketball exhibition played here Friday night. Final tab was 33-52.

Leona Lancaster kept the Billies in the game all the way with a 7-point outburst. Wanda Jean Roman counted 17 points and Gwenn Cockrell eight for Knott.

For the winners, Hean set the pattern with 22 points. Knott led at half time, 24-23. The count was tied at 34-all at the end of the third period.

Both teams will compete in the Regional Tournament at Brownwood next month.

Stephens Signed By Chicago Sox

CHICAGO, Feb. 14 (AP)—The Chicago White Sox today claimed their fourth straight first in the annual American League player signing derby as Vern Stephens, ex-Boston Red Sox third sacker, came to terms.

For the past three years, the White Sox were the first club in either the American or National League to get all its players on the dotted line. But this year, the Brooklyn Dodgers beat them.

In rounding out the Sox roster at 37, Stephens agreed in a telephone conversation with General Manager Frank Lane to have his 1953 salary pegged on the number of games he plays.

The 32-year-old Stephens, acquired from the Red Sox Feb. 9 in a swap for three pitchers, appeared in only 92 Boston games last season because of a thigh injury.

But Stephens, with a lifetime batting average of .288 and 1,090 runs-batted-in, assured Lane he now is in top shape and could play 154 games for the Pale Hose next summer.

WT-NM Gets Ump

FORT WORTH, Feb. 14 (AP)—Umpire Charles Patterson Butler has been assigned outright to the West Texas-New Mexico League. President Howard Green of the Big State League said here today. Butler is a native of Roanoke, N. D.

Royal Bay Gem Is Hialeah Winner

MIAMI, Feb. 14 (AP)—Royal Bay Gem, an outsider owned by E. Constantin Jr., won the \$25,000 added Everglades Handicap today at Hialeah Park. Blaze was second and Thaxter was moved up to third after Ram o' War finished third and was disqualified.

Royal Bay Gem paid \$37.40, \$20.30 and \$12.50 after covering the mile and one-eighth in 1:50 5-5. Back of him were 18 other three-year-olds which have designs on the upcoming \$100,000 Flamingo Stakes.

Blaze returned \$8.00 and \$4.70 while Thaxter paid \$16.50 to show.

2 Phillips Players Named To All-Y League Cage Five

Two members of the championship Phillips Tire Company team have been named to the Daily Herald's All-YMCA Industrial Basketball League. They are Bob Parkin and Phil Flakowitz, like other members of the Phillips club airmen at Webb Air Base.

Other members of the first team included Frank Hardesty of Dibrell's Sporting Goods, a member of the 1952 club; Bill Estes of Coca-Cola; and Bobby Beall, Knott.

Phillips raced to the championship without losing a game. The Tiresmen, in excellent shape, won 14 straight loop decisions. Their only two reversals came outside the league, one to the powerful Rotary Engineer team of Midland and the other to Webb Air Base's team itself.

Parkin paced the Phillips team in scoring most of the season. Flakowitz proved to be a stellar performer both on offense and defense.

Hardesty proved a standout on a team that re-

Ex-Tribe Boss, Bonura, Hired By Fargo, N.D.

Henry (Zeke) Bonura, former manager of the Midland Indians, is back in baseball.

The big New Orleans Italian, who spent considerable time in the big leagues, has been signed as manager of the Fargo, N. Dak., team of the Class C Northern League.

Bonura served as manager at Midland portions of the 1951 and 1952 seasons. He was fired last year and his replacement, Jay Haney, guided the Warriors to third place in regular season standings and later to a championship in the Shaughnessy playoffs.

Bonura was a first baseman for the Chicago White Sox, Washington Senators and New York Giants. He jumped from the Dallas Texas League team to Chicago.

He led the Chicago team in home runs and runs batted in but was traded to Washington due to poor defensive work.

Midland paid Bonura at the rate of \$7,500 a season. He was paid off in full when the owners of the club decided to give him his walking papers in favor of Haney.

Bonura filled in occasionally as a pinch hitter for the Indians but was too slow to foot to play regularly.

He was suspended on one occasion by League President Hal Sayles for shoving an umpire.

The Midland players threatened to strike when Bonura was fired but later rallied around Haney.

Mustangs Upset Snyder, 52-45

SWEETWATER—Sweetwater's Mustangs upset the Snyder Tigers, 52-45, here Friday night to snarl the District 1-AAA basketball race.

The loss was Snyder's third in nine games.

Sweetwater led after the first minute of play. At half time, it was 27-21, Sweetwater.

Carl Anderson paced Sweetwater in scoring with 16 points. Ned Underwood had 13 for the losers.

Sweetwater also won the B game, 42-35. In that one, Dickie Lawrence collected 13 points for the winners. Jack Spiker counted 12 for Snyder.

Badgers Batter Phillips, 65-53

BORGER, (Sp)—Tom Boyd kept Amarillo College in the scrap for first place in West Zone basketball standings by leading the Badgers to a 65-53 victory over Frank Phillips JC of Borger here Friday night. Boyd counted 35 points for Amarillo.

The Badgers journey to Odessa for a contest with Odessa JC Tuesday night. On Thursday night, Amarillo visits Clarendon for a Zone outing.

Amarillo has now won three of five conference starts.

Gholson Is Signed By Carlsbad Club

CARLSBAD, N. M.—Carroll "Goldy" Gholson, who performed for the Amarillo Gold Sox and the Vernon Dusters last season, has been signed to a Carlsbad baseball contract.

Gholson, an outfielder, hit .286 in 65 games with Vernon. Of his 72 hits, 11 were doubles, four triples and four home runs. He drove in 28 tallies.

Girl Cage Stars To Play Stanton

STANTON—An all-star men's team, made up of local residents, will meet Hazel Walker's Arkansas Travelers in a basketball exhibition here Saturday night, March 21.

Proceeds, beyond the guarantee to the girls, will go toward the purchase of girls' basketball jackets for the local team.

The Travelers play men's rules.

Wolfpack Yields Fourth In Loop

COLORADO CITY—Hamlin's Pied Pipers separated Colorado City from their fourth place slot in district standings, defeating the Wolves 51-44, here Friday night.

The defeat was the seventh of the season—against three wins—for Colorado City.

The Wolves battled the Pipers on even terms until the last three minutes of play, when Hamlin drew away from a 41-41 deadlock to win going away.

Bernan Corbell and Don Maynard tied for high point honors with thirteen each. Glenn Smith of Hamlin also scored 13 points.

The Wolfetts found the going easier against the girls from Hamlin, swamping the sextet from Pipertown 41-36. Mary Golden led the Wolves attack, pouring 19 points through the hoop for scoring honors. Etta Mae Turner was close behind with 17 points for Hamlin.

Meet Jayhawks Here Thursday

Coach L. E. McCulloch's Odessa JC capers will be striving to upset and gain revenge on the Howard County College Jayhawks here Thursday night. The two conference foes meet in the Jayhawks gym. In the previous meeting, the Wranglers suffered a 77-85 defeat. However, with a hot night, they could trip the high-flying Jayhawks. Members

of the Odessa team include: Left to right, front row—Co-captain Welton Martin, Grady Graves, Gloyd Walsh, Ken Browning, Co-captain Tommy Smith, and Ross Gann; back row—Robert Black, Charles Gillespie, Bill Watts, Wally Larkin, Carroll Hicky, Walter Spiller, Don Johnston, and Duane Jeter.

Broncs Acquire Ray Machado, Lubbock Hurler, By Purchase

Ray Machado, a star hurler for the Lubbock Hubbers of the WT-NM League, has been purchased by the Big Spring Broncs. Machado gives the locals the class-man hurler they have been seeking for several weeks. He is recognized as a rubber-arm hurler, comparable to Midland's Eddie

Jacome, a player who can pitch almost every day, if the need arises. Lubbock acquired Machado from a Big State League club before the 1951 season, at which time the Hubbers paid \$1,500 for his contract. Machado winters in Castro Val-

ley, Calif. General Manager Bill Frank said he was sending Ray a contract. The sale was unconditional. Frank received word Friday that Bobby West, limited service outfielder recently purchased from Roswell, was a holdout.

Frank said West's request for more money caught him completely by surprise since the club's offer was 'very liberal.' West, who resides in Denver, Colorado, said he had a good job at the present time and did not wish to leave it, unless he got more pay. The Broncs' general manager said he would not budge on his original offer and had sent words to that effect to West.

Holguin Grabs Santone Lead

By HAROLD V. RATLIFF SAN ANTONIO, Feb. 14 (AP)—Tony Holguin, who grew up close to the Brackenridge Park golf course, slammed out a five-under-par 66 over that layout today to pass Walter Burkemo and take first place in the \$10,000 Texas Open with 196 for 54 holes.

The handsome, black-haired young man made his greatest bid for glory along the links trail as he staged his dramatic drive to overhaul Burkemo, who had started the third round today with 127 and a three-stroke lead over Holguin.

Burkemo, who had been taking Brackenridge Park's 6,400 yards apart in the first two rounds, had a one-under-par 70 today and was a stroke back of the flying Holguin.

Holguin, 26, who never has finished higher than a tie for third in a United States tournament, was handling Brackenridge like he owned it today. His great stretch run saw him birdie four holes in a row but he finished on 18 by missing a six-foot putt after being off the green on his tee shot or he would have held a longer margin over Burkemo.

Holguin twice has been Mexican National Open champion. He played on Brackenridge Park for 14 years as a youngster.

Moving into third place, a stroke behind Burkemo's 197 was Doug Ford, who had the best round of the day with a glittering 63 over the damp course.

At 199 were Lionel Hebert, who shot a 67, and Julius Boros, the National Open champion, who had a 65.

Tied at 200 were Lloyd Mangrum and Lew Worsham. Worsham's score was helped by an eagle on No. 9 where he rammed down a 20-footer.

- Amateur Billy Erfurth of Lubbock got into the final 36 holes when it was found that Dave Marr of Houston had been listed as an amateur but was, in fact, a professional, and did not qualify. Erfurth, who had 147 for the first 36 holes, shot a 70 today to make his 54-hole total 217.
- The leaders: Tony Holguin, 63-67-66-196; Walter Burkemo, 62-65-70-197; Doug Ford, 65-67-63-198; Lionel Hebert, 65-67-67-199; Julius Boros, 69-65-65-199; Lloyd Mangrum, 65-67-68-200; Lew Worsham, 70-65-66-200; Joe Conrad, 68-67-65-201; Dutch Harrison, 71-66-65-202; Jerry Barber, 70-67-66-203; Johnny Palmer, 67-69-67-203; Les Kennedy, 68-70-68-203; Henry Hanson, 71-69-64-204; Art Doering, 71-69-64-204; Bill Trumbley, 71-67-69-204; Fred Hawkins, 68-67-69-204; Chandler Harper, 67-71-68-204; Jim Turnes, 69-68-67-204; Bill Ogden, 70-67-67-204; Ed Furgal, 67-69-68-204; Cary Middlecott, 68-69-69-204.

LOOKING 'EM OVER With Tommy Hart

Don Moore, the former San Angelo backstop and before that field boss of the Lubbock Hubbers, may wind up with the Lamesa Lobos of the Longhorn League. Fact is, he could boss the Lamesa club. He's now with Pampa. A. C. Gonzales, the Lamesa operator, is trying to deal for both him and Max Molberg, a veteran hurler. The age of Compton Shaw, Carlsbad's new Negro catcher, has been misquoted. He's actually 24. The Midland Indian roster, published recently in that city's paper, carried the name of Freddy Rodriguez, the fire-baller who used to work for Big Spring. The Tribe doesn't want for help, having 23 players in tow. Albuquerque of the WT-NM League, they say, has designs on playing in an AA league. Where, pray tell? The nearest AA circuit is the Texas League, which is strung out enough as it is. One reason the WT-NM League is sick now is that some of the members are too ambitious or too greedy, which ever word you prefer. Look for a Longhorn League ex to become manager of the Brownsville Charros of the Gulf Coast League. He'll have his work cut out for him, since the Brownsville Lions' Club sponsors the team and hasn't the money to lay on the line for players. Bill Stern, who coins half a million a year as a sports broadcaster, is being panned in New York newspapers for creating more fables than Aesop ever did. Television, his critics point out, cramps his style because he has to stick to facts—the evidence is there for all to see.

Lamesa Club May Play Seminole

Clarendon JC tried the same tactics on HCJC the other night it did in beating Amarillo earlier, that in charging pell-mell at the basket, but alert officials laid on the whistle and five of the Bulldogs fouled out. Don Loyd is doing a fine job coaching the Clarendon team, by the way. The Melode DeGalah who led Clarendon's scoring against HC is a former Sweetwater eager. Big Spring High School's tennis courts, which have fallen into disrepair, are due to be refurbished soon. Another one, just back of the new high school, will probably be built in the near future, too. Lamesa High School, which had hoped to fill its 1953 football schedule with a AAA or AAAA opponent, probably will settle for Seminole. Incidentally,

Batting Cage Built For Broncs

Back in 1940, when Big Spring and Odessa High played to a scoreless tie on the football field, Frank Barton performed at a guard spot for the Steers and Andy Everest was Odessa's center. Barton is now head coach at Wink High. Everest will help Bob Harrell at San Angelo. The University of Oklahoma will open its 1954 football season with the University of California at Berkeley. The Sooners started their great 31-game winning streak after losing to Santa Clara in California in 1948. The Big Spring Broncs will cut down on ball losses the coming season. A batting cage has been built for the club and will be put into operation. Tommy Lee Hutchison, the Negro man who helps at the ball park, replied, on hearing the comment that the Steer park fence looked much better following the addition of new lumber: "Yeah, but you oughta get on one end and look down it. It'll break your eye." Nat Fleischer, the boxing authority,

of the Odessa team include: Left to right, front row—Co-captain Welton Martin, Grady Graves, Gloyd Walsh, Ken Browning, Co-captain Tommy Smith, and Ross Gann; back row—Robert Black, Charles Gillespie, Bill Watts, Wally Larkin, Carroll Hicky, Walter Spiller, Don Johnston, and Duane Jeter.

Eight Veterans In Steer Camp

Eight lettermen will answer the call when Coach Roy Baird begins baseball workouts at the local high school Wednesday of this week.

They are Frank Long, catcher and pitcher; Bobby Hayworth, infielder; Charley Rose, pitcher; Jimmy Hollis, catcher; Ted Scott, first sacker; Wayne Medlin, outfielder and first sacker; Robert Broughton, outfielder; and Oakie Hagood, pitcher.

Another letterman, Second Sacker Ken Fields, has moved away. Two of the more promising players up from Junior High are Ronnie Wooten, second baseman; and Tommy McAdams.

The district committee will probably meet within the next few days to arrange a schedule. Big Spring's conference is much larger than that in 1952, when it had only three teams. It will be composed of six teams this season.

A new champion will be crowned since Lubbock, the 1952 kingpin, has been moved into another league.

Colorado City Is Seeking Grid Go

COLORADO CITY — Colorado City needs a game to fill its 1953 football schedule. The Wolves can play Oct. 16 and Coach Dillard Adair is willing to book the contest either at home or on the road.

Art Webb Dies

LAKE JACKSON, Tex., Feb. 14.—Art Webb, 52, former president of the Texas Amateur Softball Assn., died at his home here today. He was a former president of the Lake Jackson State Bank and of the Brazosport Chamber of Commerce.

Park Hill Wins Fifth Decision

Park Hill won its fifth game in six Ward School Basketball League starts by defeating Kate Morrison, 24-15, here Saturday morning.

Jackie Richbourg scored 12 points and Jerry Graham ten for Park Hill. Roger Flowers had two. Park Hill led at half time, 10-4. Washington Place capped its third game in five starts with a 22-10 triumph over College Heights.

Joe Perry tallied ten for the Senators. Joe Whitefield followed with six while James Stevens had four. Douglass McEver counted four to lead College Heights. Central beat Airport, 22-6. Jerry White tossed in eight and Benny McCrary six for Central. Don Masters scored four.

Led by Jimmy Parkhill, East Ward turned back North, 34-22. Parkhill accounted for 12 points. C. Russell ten.

Heater Scores 42 Points As Webb Topples Tiremen

Webb Air Base's Dusters cuffed the Phillips Tire Company quintet, YMCA Industrial Basketball League champions, in an exhibition game played here Friday night, 85-76.

Bill Heater of the Webb team set what is believed to be a local scoring record when he counted 42 points for the Dusters. Alton Mann counted 22 for Webb. Heater might have been cele-

ODESSA, MIDLAND SWAP

Quintana Is Traded For Floyd Martin

MIDLAND—The Midland Indians and the Odessa Oilers have completed a player swap.

The Tribe acquired Ben Quintana, limited service hurler, in exchange for Floyd (Little Pepper) Martin, a second baseman.

Martin, brother to the Odessa manager, Bobby Martin, will play the keystone for Odessa in event Charley Weber does not return to the team. Weber is now carried on the Corpus Christi roster.

Quintana, a big Puerto Rican won seven and lost three games for Odessa in 1952. All seven wins were consecutive.

He earned respect in Midland by beating the Indians, 1-0, during July. His earned run average was 4.64.

Martin, a resident of Big Spring, played much of the 1952 season with Baton Rouge in the Evangeline League. He was acquired by Midland from Abilene. He hit .219 for Midland in 53 games. In 1951, he was with Odessa.

Midland has also signed Milton Walendorf, a rookie hurler from Fredericksburg. Walendorf has played five seasons with a semi-pro club in his home town.

Woody Pennington, a utility player, has signed his contract with the Warriors.

Jameson Leader At Boca Raton

BOCA RATON, Fla., Feb. 14 (AP)—Betty Jameson of San Antonio led the way in the 18-hole first round of the Coast-to-Coast golf tournament today with a 72.

Mrs. Jackie Pung of Honolulu, U. S. national women's amateur champion, made a shaky start as a pro and wound up in 11th place with 79.

Other scores included Betty MacKinnon, Dallas, 41-37-78 and Babe Zaharias, Tampa, 41-38-79.

The longest winning streak in San Jose State football history was with ten points while Mansfield had eight.

Bulldog Tracksters Set To Open Drills

COAHOMA—Track workouts will get underway at the local high school about Wednesday of this week.

Veterans due back from last year's team include Jack Owens, Jimmy Spears and David Hodnett, all of whom run the hurdles; Douglass Bales, quarter miler; and John Bob Turner, who throws the weights.

Other athletes who may pick up points for the Bulldogs in meets include Billy Joe Cramer, Jerry Hoover, Dudley Arnett and Jackie Lepard.

The Bulldogs will compete in the ABC Meet at Big Spring April 4, an invitational meet at Forsan and the district meet, which will be held in Big Spring about April 9.

Odessa Footballers Launch Workouts

ODESSA — More than 110 boys answered the call to spring football drills, which got underway at the local high school last week.

Pat Young is the only returning regular lineman out for drills. Cooper Robbins and his aides, Carl Cook, Otis McKelvey, and Harold Fletcher, are supervising the workouts.

Twelve lettermen, in all, are in the group.

Mike Brumbelow No Longer Interested In SMU Post

EL PASO, Feb. 14. (AP)—Mike Brumbelow, head football coach at Texas Western College, today declared himself out of the running for the coaching job at Southern Methodist.

Brumbelow has been considered the No. 1 choice for the job vacated by the resignation of Rusty Russell. He has never applied for the position, he said, but was the first man interviewed by SMU as a possible successor to Russell.

Brumbelow sent a telegram today to Matty Bell, SMU athletic director, saying he was not leaving his job as coach and athletic director of Texas Western of the Border Conference.

Chalmers Woodward of McPherson, Kans., College is to be interviewed tomorrow. Bell said in Dallas SMU was anxious to name a coach, but that the school would "not be rushed" and wanted to make certain "we have the right man."

MEN'S WEAR OF CHARACTER

Hearing Set Monday On Primary Measure

AUSTIN — Advocates of Sen. Jimmy Phillips' bill to give Texans a presidential primary are looking for some trouble, not in the Senate but later, when the bill gets to the House. How much trouble, they don't know. The bill is up for a hearing at 3 p. m. Monday in the Senate Committee on Privileges and Elections.

The bill was introduced early, and is titled Senate Bill 2. The Angleton senator says he has had lots of mail supporting the system for presidential primaries the bill sets up.

Something like it was tried in the '20s, but was declared unconstitutional. Gov. Shivers has said he favors some law that would let Texans indicate their choice of candidates for presidential nomi-

nations. Whether he favors this one or not is not known.

Proponents of the measure say it will give the man in the street some say in who carries his party's banner. After last summer's two conventions, both of which had hot crises over delegations, many Texans are looking enviously at states which have elections and then instruct the delegates.

Phillips' bill would call for statewide presidential primaries on the first Saturday in June of presidential years. The same set of election judges would hold both or all primaries, if there should be more than two parties desiring to go through the formality of sending delegates to the national convention. The voter, who could vote in only one primary, would be given his choice of presidential aspirants on his party's ballot.

Candidates could file directly or by their friends on presentation of a petition with 100 names from each of Texas' Congressional districts. Fee would be \$500.

Candidates for delegates to the convention also would be elected at the primary. They would have a \$50 filing fee, and would have to declare which candidate for nomination he favors. The names of the presidential hopeful and the candidate for delegate would be printed together on the ballot.

The outcome of the presidential primary would be binding upon Texas delegates in the national convention on the first roll call. Thereafter, the delegation could vote under the unit rule for the candidate favored by the majority.

Phillips says some suggestions for change include providing for vice presidential preference votes, making the instructions binding for more than the first vote, and using this system to elect state chairmen and state executive committees, changing them from two-year to four-year offices.

Webb Foremen To Get A Boost In Pay April 12

Officials at the Webb AFB Civilian Personnel Office have announced that a new plan for compensating foremen in the recognized trades, crafts and labor operations, will go into effect on April 12.

Warren A. Farrow, civilian personnel officer, expects the new foreman pay plan to result in higher wages for all employees concerned.

In recent years, the Air Force has placed increasing emphasis on the role of the shop foreman. Personnel programs have stressed better methods of selection, training and supervisory appraisal, resulting in the accomplishment of management goals effectively and economically.

Such developments have led to a significant increase in the responsibilities delegated to the shop foreman. The new wage plan is designed to compensate foremen for such responsibilities.

At present, the foreman wage plan at Webb AFB grants an average of 15 per cent more pay than the employees they supervise. In accordance with the new wage plan a first line shop foreman will receive approximately 25 per cent more pay than the journeyman level in his shop. Second line, or general foremen, will receive wages approximately 40 per cent above the level of work supervised. These salary differentials are consistent with industrial wage policies as determined by a recent nationwide Air Force survey.

Webb's Chief of Classification and Wage Administration, Civilian Personnel Officer Ira S. Loebe, recently returned from a training conference centered on the new wage plan. The conference was held at the Air Force School for Personnel Administration at Denver, Colo.

Memorial To W-T Pioneers Being Painted

LUBBOCK, Feb. 14 (AP)—Peter Hurd, nationally known artist, is painting a \$107,000 memorial to West Texas pioneers on the walls of Texas Tech's Museum rotunda.

"This is the most unique opportunity and the greatest in scope of any I've ever had," said the 49-year-old native of Roswell, N. M.

He expects to spend two years completing the fresco on the 1,316-square foot rotunda walls.

The mural project is a dream of Dr. William Curry Holder, museum director, and more than two years have been spent in planning it.

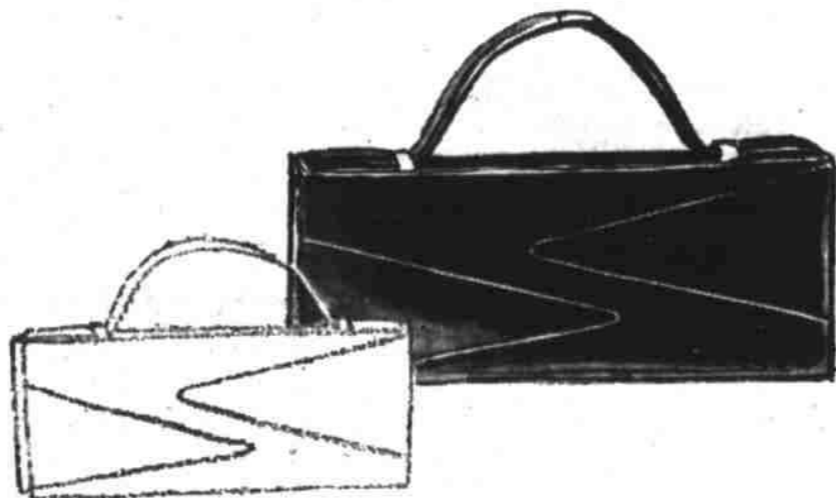

Each of the rotunda's 16 facets will depict an actual person representative of the groups that made the most significant contributions to West Texas development.

Behind the figures and binding them together will be a bold West Texas landscape in several stages of history.

Six of the persons to be depicted are now dead. They are Crone Webster Furr, Childress County merchant whose small store grew into a chain through West Texas and New Mexico; W. H. Bledsoe, Lubbock lawyer and state legislator; the Rev. Robert Franklin Dunn, circuit rider; M. V. Brownfield, town builder; M. M. Dupre, Lubbock school teacher who helped start Texas Tech, and William E. Halsell, West Texas rancher.

Those still living are Walter S. Posey, Lubbock banker who used to run a freight line from Amarillo to Floydada; Sam C. Arnett, West Texas and New Mexico cowboy and ranch owner; C. E. Maedgen Sr., Lubbock banker; James L. Dow, who started Lubbock's first daily newspaper; Mrs. Dora Roberts, Howard County widow who hid her children from the Comanches and worked seven sections of land in the 1880s; Sid Richardson, independent oil operator; D. R. Couch, Coleman County farmer; Dr. M. C. Overton, Lubbock doctor, and Dr. Clifford B. Jones, West Texas civic leader.

this is the PALIZZIO PIPER featured in Vogue

new york

Terrific new pump on skinny heels. Featured in patent because that's top news; but see it in calf too, it's wonderful, with white piping for punctuation. What a beautiful fit, the PALIZZIO tradition. \$17.95 the pair.

Matching PALIZZIO piper handbag, \$13.95 including tax.

YOUNGSTOWN KITCHENS
JET-TOWER DISHWASHER
Completely Modernizes Dishwashing!

World's Largest Makers of Steel Kitchens develop new principle that will change all your ideas about dishwashing... bring more practical help into your daily life than come when the vacuum cleaner modernized house cleaning!

The Youngstown Kitchens Automatic Dishwasher brings you really practical, efficient, automatic dishwashing... Ready to take FIRST PLACE among your other modern appliances... to bring you the greatest help a housewife ever had.

Before you've tidied up after a meal (just 9% minutes after you close the lid) this new marvel will have done the hard, boring work! Your Youngstown Kitchens dealer is ready to show you proof. Hurry—for every day you wait, you're doing lots of work that you no longer need do!

AMAZING JET-TOWER WITH EXCLUSIVE HYDRO-BRUSH ACTION

Revolutionary idea completely modernizes dishwashing! 64 swirling jets of booster-heated water brush-flush every hollow of every dish. Then a piping-hot double rinse; all in 9% minutes (normal water pressure)—automatically, electrically!

Two Grand Models! Electric Sink—Automatic Dishwasher combined with beautiful 48" Cabinet Sink.

Automatic Dishwasher—In beautifully styled 57" cabinet.

4 Easy steps end your hand-dishwashing drudgery

1. **SCRAPE** loose food waste into opening of Youngstown Kitchens Food Waste Disposer or receptacle.
2. **PLACE** dishes in Dishwasher.
3. **START** by flicking the switch. In 9% minutes, the lid pops open.
4. **THAT'S ALL**—your dishes are done automatically!

LI'L ABNER

BY AL CAPP

FLYING SAUCER WILL REACH EARTH TO-DAY!

WORLD BREATHLESSLY AWAITS INTERPLANETARY LANDING IN SOUTHERN MOUNTAINS !!!

FIRST CONTACT WITH ANOTHER PLANET PROMISES TREMENDOUS SCIENTIFIC ADVANCES

A radio message from the approaching alien ship, on its way here for 50 years, indicates the visitors can remain on Earth only fifteen minutes, due to atmospheric differences.

SCIENTISTS AGREE THIS IS NO HOAX! GATHERING OF GREATEST BRAINS TO MEET SAUCER

THIS IS THE MOST BRILLIANT GATHERING OF SCIENTIFIC GENIUS IN ALL HISTORY!! WHICH OF US WILL THEY FIRST CONTACT?

THIS IS A GREAT DAY FO' DOGPATCH, AN' AH DON'T WANT THEM SCIENTIFIC GENIUSES T'BE DISTURBED BY NO SUNDAY DRIVERS!!

HA!! - A HIT-AN-RUNNER!!

GASP!! WE CAN'T LIVE IN THIS AIR V-VERY LONG!!

LOOK!! - AN EARTH-CREATURE SENT TO MEET US!! ONE OF THEIR KEENEST BRAINS, NO DOUBT!!

QUICK, EARTH-THING!! HERE'S A BOOK - PREPARED BY US, IN YOUR LANGUAGE!! EXPLAINING ALL THE SECRETS OF THE UNIVERSE!!

TRYIN' T' BRIBE A OFFICER, HUM?

BUT AH IS AS HONEST AS AH IS SHARP!! - KEEP YORE BRIBE!! LE'S SEE YORE DRIVIN' LICENSE!!

DRIVING LICENSE - SMIVING LICENSE!! IS THIS CREATURE MAD?

WE'VE BEEN JOURNEY-ING THROUGH SPACE FOR 50 YEARS -

-AND WE SOB!! MEET HIM!! OH, THE TRAGEDY OF IT!!

TEARS WON'T GIT YO' NOWHAR. AH IS GONNA TAKE DOWN YORE LICENSE NUMBER!!

WE MUST SOB!! LEAVE!! OUR TIME IS UP!!

NOW, SCOOT!! AN' YO'LL HEAR FROM TH' DOGPATCH SUPREME COURT IN A MONTH OR TWO, YO' RASCALS!!

WE COULDN'T GASP!! - STAND THAT AIR ANY LONGER!! - IT'LL TAKE US 50 YEARS TO GET HOME!!

WE WAITED FOR 5 DAYS!! - NO SIGN OF A SAUCER!! IT WAS A HOAX, AFTER ALL!!

OH, BOY - HOW AH'D LOVE TO GO TO SOME OTHER WORLD!!

Prince Valiant
IN THE DAYS OF KING ARTHUR
by Harold R. Foster

Synopsis: ALETA RETURNS FROM HER RIDE, OVERJOYED TO LEARN THAT PRINCE VALIANT HAS ARRIVED. BRIGHT-EYED, SHE SKIPS UP THE STEPS... BUT THERE ARE NO WELCOMING ARMS TO GREET HER!

VAL TOO HAS JUST RETURNED FROM A PERILOUS AND TRAGIC JOURNEY AND FOUND NO ONE TO GREET HIM. A FEW LONELY HOURS HAVE MADE HIM A BIT SULKY.

BY THE TIME SHE FINDS HIM ALETA'S ARDOR HAS COOLED CONSIDERABLY... AND HIS MILD "HELLO" DOES NOT HELP MATTERS.

"I HOPE YOU HAD A NICE TRIP," SHE MURMURS, GOING OVER TO THE CLOTHES CLOSET.

"PRAY DO NOT GET UP IF YOU ARE SO TIRED," SHE CONTINUES, SITTING DOWN TO TAKE OFF HER RIDING BOOTS.

"NOT TIRED, JUST BORED," HE BLUSTERS. "AFTER THE ADVENTURES OF THE ROAD, HOME IS A DULL PLACE WITH NO CHILDREN TO PLAY WITH, NO WIFE TO OFFER COMFORT..."

"THEN RIDE OFF ON ANOTHER TRIP, WHY DON'T YOU!" SHE SNAPS, DUSTING OFF HER BOOTS VIGOROUSLY.

VAL LEAPS ANGRILY TO HIS FEET. ALETA STAYS HER GROUND, EVEN MOVES A STEP CLOSER... CLOSER, VERY DELIBERATELY SHE FLUTTERS HER LONG LASHES AT HIM.

PRINCE ARN RIOTS IN, BREATHLESS AS USUAL AND STOPS IN HORROR... HIS MOTHER IS BEING CRUSHED TO DEATH!

"SOME DAY, MOMMIE WILL TEASE MY SIRE TOO MUCH AND WILL GET ALL HER BONES BROKEN," HE PROPHECIES DARKLY. "BUT SHE SEEMS TO LIKE IT!" HE MARVELS, FOR HE TOO FINDS THE WAYS OF WOMEN PUZZLING.

WHY MEY

by FRANK GODWIN

THIS IS THE DAY I BEGIN MY NEW JOB... MR. NEKRO SAID HE WOULD HAVE SOME KIND OF COSTUME FOR ME!

LIFE ON A CARNIVAL LOT IS NOT EXACTLY A BED OF ROSES, RUSTY... JUST KEEP YOUR EYES OPEN... AND YOUR MOUTH SHUT!

MORNIN', MR. NEKRO... HERE'S THE PAIR OF CUFF LINKS YOU ASKED ME TO BUY... THERE'S TWENTY CENTS CHANGE!

THANKS, KID... KEEP THE CHANGE... HERE'S YOUR UNIFORM... PUT IT ON... I'LL BE BACK SHORTLY AND GIVE YOU A REHEARSAL.

HOT DOG! THIS IS SOME OUTFIT! I WISH PATTY AND TEX COULD SEE ME IN THIS!... I WONDER WHAT A MAGICIAN'S ASSISTANT IS SUPPOSED TO DO!

NOW LOOK, BEAGLE... DOOLEY FANCIES HIMSELF AS A POKER PLAYER... AND HE'S SUPERSTITIOUS. SOONER OR LATER HE'LL BONE A FREE READING FROM YOU... MAKE HIM THINK HE CAN'T LOSE!

I GET IT... AND THEN YOU GET HIM INTO A 'NICE FRIENDLY GAME!'

PAINT AND CRISTAL GAZ

RIGHT!... AND WITH MY CARDS, PLUS MY TRICK SPECS, WE'LL OWN THIS CARNIVAL IN A WEEK!

OKAY... NOW YOU BETTER GET INTO YOUR SHOW DUDS... IT'S NEARLY OPENING TIME!

GEE WHIZ! MR. NEKRO MUST'VE FORGOT HIS GLASSES... NO, THESE ARE DIFFERENT!... MUST BE SUN GLASSES!

THESE DON'T SEEM LIKE REGULAR SUN GLASSES... THEY'RE KINDA PURPLISH!

WELL, KID, WE'LL HAVE TO HURRY A BIT... HEY! WHAT'RE YOU DOING WITH THOSE GLASSES? GIVE 'EM HERE!... AND DON'T TOUCH 'EM AGAIN!

TEEPERS!

DONALD DUCK

GEE, WHAT'S THE MATTER, UNCA DONALD?

WALKED IN MY SLEEP AGAIN... SEVEN NIGHTS IN A ROW!

GEE, THAT'S TOUGH!

GEE, WE'VE GOT T' CURE HIM!

YEAH, HE'LL LOSE HIS JOB--AND NO EATS!

HEY, I GOT IT!

WE CAN CURE YUH, UNCA DONALD... WANT T' TRY IT TONIGHT?

I'LL TRY ANYTHING, BOYS!

G' NIGHT, UNCA DONALD... JUST RELAX, WE'LL TAKE CARE OF EVERYTHING!

G' NIGHT... B-ZZZ...

LET'S GO! HE'S ON HIS WAY!

MUMBLE... WALK... NICE WALK IN THE PARK... GULB... WALK...

OKAY, MEN, THIS IS IT! C'MON!

JOE PALOOKA

by HAN FINKER

I HOPE THAT THERE SIGH'LL ATTRACT AN ASSISTANT... I BEEN TOO BUSY T'GO LUNCH THIS WEEK.

WANTED ABLE ASSISTANT... MUST BE INDEPENDENT... ASK FOR JOE PALOOKA.

AHH... UNGRAMMATICAL BUT HIGHLY INTERESTING. APPARENTLY THIS POSITION WILL AFFORD GOOD REMUNERATION WITHOUT TOO MUCH EFFORT.

OH DEAR... THE SIGN HAS BLOWN AWAY... AN' THERE'S A CUSTOMER TOO.

FUNNY THAT SHININ' 'EM DIDN'T WAKE HIM.

SNORE

OH THANK YOU... NICE SHINE... BY THE WAY... I'M YOUR NEW ASSISTANT... J. HORACE LOVEJOY III. I SHALL WANT THURSDAYS AND WEEK-ENDS OFF.

TERMS... FIFTY PER CENT OF THE... AH... TAKE... ETC., ETC.

WHAT CAN I DO? I NEED AN ASSISTANT, AN' HE LOOKS LIKE HE NEEDS THE JOB POOR FELLA.

THANK YOU, SIR... GORRY I HAVE NO CHANGE.

I SHOULD HAVE TWO CHAIRS SO MY ASSISTANT COULD DO SOMETHIN' B'SIDES CASHIER.

WHERE'S LITTLE MAX? THAT'S A TERRIBLE SHINE!

I'M HIS ANEM... PARTNER, THE LITTLE FELLOW HAD TO DO HIS SCHOOL HOME-WORK BY GEORGE SIR... & NOFF! YOU INSULT ME.

SNORE

I'M NOT WAITING ANOTHER SECOND. I'LL COME BACK WHEN MAX ARRIVES.

ME TOO!

New **FAB** washes clothes **WHITER WITHOUT A BLEACH**

WHITER THAN ANY OTHER PRODUCT WITH A BLEACH!

AND **FAB** WASHES CLOTHES **CLEANER** THAN ANY SOAP ON EARTH!

WASHABLE COLORS LOOK BRIGHTER, TOO!

IT'S AMAZING— BUT TRUE!

New Fab washes whiter *without* a bleach, whiter than any soap or any other washing product known *with* a bleach in the wash water! Yes, with Fab, you can stop bleaching—except for stubborn spots. And, remember, freshly-rinsed Fab clothes are *cleaner* than you can get them with any soap because Fab washes out dirt, leaves no dulling soap scum... gives you the world's sweetest-smelling wash!

IF YOU PREFER NOT TO RINSE, Fab gives you the cleanest possible, sweetest-smelling no-rinse wash!

SAVE CLOTHES! WORK! HANDS!

Fab washes clothes dazzling white without a bleach—so clothes last longer. Washable colors look brighter, too! And, with Fab, there's no soaking needed, no dulling soap scum to rinse out—even in hardest water. So you save work. What's more, Fab is wonderfully mild to hands!

CUT DISHWASHING TIME IN HALF!

Fab soaks dishes, glasses, pots, pans shiny clean! If a food speck clings, whisk it off with the dishcloth! Just a quick rinse and dishes drain sparkling clean! No hard scouring and no wiping!

A CALUMET-PALMOLIVE-PEET PRODUCT
