It was like old times in Gorman on Saturday and reminded everyone of the old trades days as people turned out in droves to take advantage of the Bicentennial event of the Flea Market and Sidewalk Sale provided by the merchants and individuals.

It was so successful that the committee and merchants are planning to continue this event, holding it every three months.

Many people who remembered the Saturdays in Gorman when everybody and all the kids came to town and stayed all day, stated Saturday was such a day in Gorman and it was a refreshing experience for those who came and to those who displayed their wares to sell and trade.

We wish to express our appreciation for the kindness and concern shown us during the illness and death of our loved one, J. E. Daniels. To Rev. Tommy Larner and Rev. Also the many friends who brought food to the home of Mrs. Gerald Scitern, came to the home, sent flowers and cards and prayed for us during this time of sorrow. I would like to thank all our friends, neighbors and relatives for their prayers, cards, visits, and flowers while I was in the hospital, both at Abilene and here at Gorman. Your kindness will always be remembered with gratitude. To Dr. Pino, Dr. Canut and John, special thanks, especially to John for all the kind patience he had with me in therapy. To the nurses, all three shifts of you, and the kitchen staff, my many thanks. None of you could have been better to me. We are so fortunate to have the good hospital, doctors and nurses in our town. Based on latest FPC figures, Texas Electric's residential rates are 27% below the national average.

The average family uses about 750 kilowatt hours of electricity per month. Based on the latest Federal Power Commission figures, Texas Electric's rates for this much electricity are about 27% below the national average.

But the costs of producing your electricity are going up.

New supplies of Texas Electric's major generating fuel — natural gas — are harder to get and much more costly.

So we're turning to lignite coal and nuclear fuels. While these fuels cost less

than new supplies of natural gas, plants that use them are considerably more expensive to build than gas-fired plants.

This means electricity will have to cost you more.

But we're working to keep your rates reasonable by using fuels that will keep costs lowest in the long run.

AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF GORMAN, EASTLAND COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF GORMAN:

SECTION 1 Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the City Limits of Gorman by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 1,000 Cu. Ft. or Fraction Thereof \$3.1277 Gross; \$2.8149 Net.  
 Next 3,000 Cu. Ft. at \$1.4610 Per Mcf Gross; \$1.3149 Per Mcf Net.  
 Next 6,000 Cu. Ft. at \$1.3832 Per Mcf Gross; \$1.2449 Per Mcf Net.  
 Next 15,000 Cu. Ft. at \$1.3277 Per Mcf Gross; \$1.1949 Per Mcf Net.  
 Next 75,000 Cu. Ft. at \$1.2943 Per Mcf Gross; \$1.1649 Per Mcf Net.  
 Over 100,000 Cu. Ft. at \$1.2721 Per Mcf Gross; \$1.1449 Per Mcf Net.

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period, except that where customer's only use for gas service is in an outdoor grill and/or a fireplace starter the amount shown for the first consumption block shall constitute a minimum monthly bill.

ADJUSTMENTS

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments. Plus or minus the amount of any increase or decrease, respectively, above or below the \$1.0399 per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State or Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to

the proportionate part of any new tax, or increased tax, or any other governmental imposition, retinal, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to July 1, 1975, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract.

Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

SECTION 3. It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this the 7th day of August, A. D. 1975.

## KOKOMO NEWS

By MRS. GLENN JORDAN

I didn't get the news in last week because of the passing of my grandmother, Mrs. Maude Hipp, 90, of Brady, on August 1 with funeral in Brady and burial in Voca on Sunday, Aug. 3. Granny is survived by two daughters, six sons, including George Lewallen of Big Spring and Jim Lewallen of Floydada, former residents of Kokomo, thirty-four grandchildren, fifty great grandchildren, and also eleven great-great-grandchildren.

On Monday, Aug. 4, while fishing during a family reunion at Possum Kingdom Lake, my dad, Jim Lewallen, suffered a heart attack and was rushed to the Graham General Hospital. He was moved from coronary care unit on Wednesday night and was able to be moved to our home on Saturday, Aug. 9 and is feeling better each day, hoping to be able to travel to his home in Floydada perhaps this weekend. Mother is here with us also this week, and they join Glenn and I in saying thank you to all our friends and neighbors for their prayers, cards, flowers, tele-

## Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outside-sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it. . . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the City Library at City Hall in De Leon on Monday, July 21st from 10:30 day, August 18th from 10:30 A.M. til noon. We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aids, ways a save

Mr. Treadway you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.
