#### PRESS POINTS

JOE BENNETT, Publisher

Thanks to your local and area advertisers we are able to publish a nice welcome edition to our doctors and to Blackwell Hospital. Without the cooperation of the advertisers and local supporters we would not have the privilege of publishing The Gorman Progress and you would not have a hometown newspaper, which is the case in numerous smaller towns now days. So many small newspapers have had to shut down for lack of support and advertising. Thank God we have the best folks in the world in our town and community who support their newspaper.

There will be many festivities during the Blackwell Gala today and we sincerely urge everyone in the community to attend every moment of the festivities that they can and show our new doctors that we support them to the fullest. It sure looks good to see the hospital operating on a larger scale now and with the support of the community towards our doctors we can continue to have top notch medical and surgical services for our community.

So, don't only give the doctors and hospital your support on this special day today, but every day of every week. We appreciate these doctors moving to our town.

Another era has come to an end in our town. I am sure that you folks have missed Kernel Gene at the Progress office the past week or so. Kernel Gene has decided to get out of the hustle and bustle of the shop and start relaxing a little and playing some golf and other activities for a change.

We know that folks miss the Kernel being in the shop, but not as much as we do for we have had the privilege and pleasure of working with this man for many, many years and have truly gained from this experience. This is one of the most dedicated men that we have or have ever had in our community. He gave his all for the good of the community and has never failed to publicize his "Utopia" every chance

In the first game Thursday at Ranger the All Stars played De Leon and won 7 to 3 and in the second game at 8:00 p.m. they played Ranger and won 16 to 4 but were eliminated in the Saturday game when they were beaten by the Stephenville team 16 to 4. They had previously won the game Saturday morning played with Ranger 10 to 9.

Russ Gressett hit four home runs during the tournament.

Team members of the All Stars are: Buddy Broom, Randy Bledsoe, Kith Clowers and Russ Gressett, Rhett Harrison, Mike Jones, Marc Morgan, Luico Pochecho, Jeff Ripley, Hall Redfern, Don Rodgers, Jewell Shugart, Stephen Slampa.

**"ATTENTION"**  
Gorman Little League will have its tournament this week starting July 9 thru July 14, 1979 excluding Wednesday night July 11, 1979.

Teams entered are Eastland, Ranger, Hico, Bangs, De Leon, Stephenville and Gorman.

All Game Spectators are encouraged to come on out and support our Little League.

Gorman Little League would like to announce the he got, and will continue to do so. This man has had much influence on many, many youngsters who grew up in our town and community. I have had the privilege to help the Kernel train several of these young men as he did me, and I, along with all the other youngsters who have had the privilege of working with the Kernel will never be able to repay him for his tireless efforts.

So, along with the celebration of welcoming our new doctors lets also give Kernel Gene a slap on the back for all the effort he has put forth for our town and community. When you see him tell him you appreciate what he has done for our town.

Take it easy Kernel and enjoy your well deserved rest and relaxation and may your golf scores be low.

The wife and I had the task of carrying our daughter Joetta to catch a flight out of D/FW Airport last week and also of picking her up this past Sunday. It is a marvelous place as far as facilities are concerned, but the crowd at the airport and the fast pace sure can work on one's nervous system. She enjoyed her visit with relatives in Wisconsin, but like Mom and Dad, she was glad to get back to the peace and quiet of her residence in Cleburne as we were to get back to the peace and slower pace of Gorman.

Don't forget to attend the big celebration in Gorman today and enjoy the many activities planned. . . and remember to smile . . . because God Loves You!

election of its new officers: C.W. Swanner, President; Mike Savage, Vice President; Donnie Rodgers, Sect. Treas.; Lester Seaton and Dale Curb as Activities Chairmen.

We would remind everyone that our Baseball program is for the Children of our immediate and surrounding Communities, and it is only as strong and good and worth while as we the people make it. We as new Commissioners will try to do our best and as good as job as has been done since our Basball program started and pray and hope for continued support from all our citizens Gorman.

We will be around in the near future asking for donations and pledges from our supporters.

This flying group regular performs at public events in Texas, Oklahoma, and Arkansas. Music for the afternoon and evening will be provided by the Dallas Force. The Force is a well known professional entertainment group from Dallas, Texas. During the evening meal the Dallas Force will provide a gospel music program. After dinner, around 8:45 p.m., the mood of the occasion will change and the Dallas Force will cut-loose with some foot stomping country and western music for your listening and foot patting.

## SENIOR CITIZENS NEWS

My! What a Summer week has rolled into history. Tho we had a few drops of rain with that cold norther Friday. Some may wonder why it (the shower) was so brief. Here is the official reason: Bookie was out in a river bottom checking on some pecan trees and he stepped on a "rattler". He had on his boots and the Rattler just tried to go up his britches leg to find a good place to bite. So Bookie did "The Indian Rain Dance" and said, "Rain, Rain, Go away, I'm already wet and come again another day." That is why the rain left us. He should know that a three foot Rattler could not hurt him. Our old 84 gang is down to just a wee 39 gang now. They are just resting on the barrels now and hoping for a better day. Our office gang is about on par. I cannot see any improvement in character. Slim Pickens is with us more now. Doc does not change. I make

more mistakes than any one. You just have to beg Uncle Sam to get him to play. Also Big Foot Wallace, Little Jack gets the head ache if he loses two games. I feel so sorry for him when he takes those bad headaches.

Our deepest sympathy goes out to the Cecil Reeves Family. He was a friend to everybody and will be missed by all. Tho that is Life. The Flower of the Community is called and the trash is left here on Earth.

I noticed where the Courts say Austin must Bus 65000 school children on account of

Segregation. The Court ruled that this must begin now. This will cost millions of dollars. Also waste thousand and thousands of gallons of precious oils.

Also the courts ruled that where an opening for a higher job in the company, even if a white person is eligible for the job, the Court said give it to the Black and train them for the job.

If we had a Congress with the stiff backbone of a boiled Macaroni they would stop such bologna.

Turn the schools back to the elected Trustees to control the district. Do not put

some one that is not entitled or qualified for the job.

Change the appointment to just three years for all U.S. Judges and do not let them be reappointed for at least ten years. Put them on only Social Security Retirement. (I promised to not be radical. I do not call this radical).

Charles Little has some Mexicans working for him. The other day they killed a goat and barbecued it. Carolyn heard them talking about how good the head was when cooked right. So she just put the head in the freezer (or at least it got in there). Two days later she opened the freezer and there was the goat grinning at her with both eyes opened. She ran out screaming. So some one had to get that goat head, grin and all out of the freezer. When the Mexicans cooked the head, Carolyn was not even hungry for goat meat.

My Boss has been in the Hospital for three days with her ticker. I am Boss just now. Tho her daughter was here for two days. Judy Hamilton lives in Odessa. I would fix my breakfast and she would fix her breakfast at nine. Tho I would eat around 7 a.m. as I generally had to go to work.

The people working in the Space Lab never heard of Isaac Newton. If they had they would have known it (The Sky Lab) would have to come down. They spent millions and Millions in putting it in the sky and now it could cost billions of dollars and many lives. We, here in Texas are almost sure to get some of those fragments when it breaks up. Lets hope and pray that it falls harmlessly in the oceans or some isolated place with very little damage. I consider those working in that space program about half "Dumb

Now that the regular Little League season is over, we want to take the opportunity to express our appreciation to Revise Laminack for the time and effort he put forth in coaching the "a's" team.

We're proud of our boys and of our coach.

This is a hard and often thankless job and Revise is to be commended for the manner in which he coached this "Clucks" or they would not have pulled a Boo Boo like that.

### "GREEN PASTURES"

Beside the Green Pastures, I'll rest me today  
My Father's Green Pastures, how perfect they are.  
With fresh grasses springing so cool to my tread,  
And kind spreading branches a shade o'er by head.

This quietness and calm shall my spirit restore,  
until I go forth on my journey once more.  
Come the world's mighty onslaught of weal or of woe,  
This thought shall stay with me wherever I go.

The storm winds may bluster and the tempest may roll,  
May Father's Green Pastures will comfort my soul.
