KOKOMO NEWS

By Zelda Jordan

Most of the news from this area is the icy weather that we have had two weekends in a row, and as it was too bad for most of us to be out I don't have very much news this week. The beautiful sunshine we have had on Monday and Tuesday is so very welcome and we hope the temperature continues to climb, and we look forward to the promised rain in the forecast as it is really needed.

Church services at the Kokomo Baptist Church had to be cancelled again on Sunday due to the icy weather conditions. Bro. Bruce Thomas of

Gorman was scheduled for the morning service, and Bro. Byron Bryant of the Texas Baptist Children's Home at Round Rock was the evening scheduled speaker. Perhaps these will be rescheduled at another time.

The pastor of the church, Bro. Bob Watson was in the De Leon Hospital awaiting surgery which has been postponed while further tests are being made. Bro. Watson was allowed to go home from the hospital on Sunday to stay until the results of the tests are received. We wish him a speedy recovery. Albert Hendricks under-

went eye surgery in the Stephenville Hospital on Saturday, and returned home on Tuesday. We wish him a speedy recovery. Mr. and Mrs. Roy Buchanan, Kelly and Yancy of Clyde were in Stephenville to be with her parents during the weekend. Mr. and Mrs. Claude Fuller, Bro. Lanny Spruill of Lingleville, Mr. and Mrs. Delbert Cozart and Mrs. David Wiloughby of Eastland, Mr. and Mrs. Glenn Jordan, Mr. and Mrs. J.L. Morrow, J. C. Clearman, Bro. Joe O'Neal and Mr. and Mrs. Randy McDonald of Arlington, Mr. and Mrs. Cullen Rodgers, Willbourne Wood and Mrs. Floyd Wood of Carbon and Mr. and Mrs. Paul Hoy of Marietta, Ga. and Buchanan and Dwayne Snider of Stephenville were among those who were visiting with Albert and Nancy while they were in Stephenville. The weather kept many other away.

Our sincere sympathy is extended to the family of Harvey Dickens, Jr. who was buried at the Simpson Cemetery on Tuesday. He was the husband of the former Perlina Holliday who recently passed away.

Mrs. Esther Luttrell had the misfortune to fall on the ice at her home on Saturday and is in the Ranger Hospital. She doesn't have any broken bones, but was badly bruised and strained her back. Esther, we wish you a speedy recovery.

Mrs. J.C. Clearman received word Monday that her sister, Mrs. Jessie McCafferty of Amarillo had fallen and broken her arm and underwent surgery on the arm in an Armiillo hospital. Mrs. Clearman will be leaving on Wednesday to be with her sister for a few days.

We received word on Monday night that our son, Ted Jordan, of Floyada had fallen on an icy street there on Monday night and broke his left arm at the wrist. These icy conditions are quite an experience for Ted, just having moved to Floyada from the Rio Grande Valley in October.

We wish Jessie and Ted speedy recoveries with their broken arms.

Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing Test made to find why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time.

We can pinpoint your problem and explain in plain English what can be done to help you, then make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard hearing (even some who wear hearing aids) just because they waited to late to do something about it.... don't let this happen to you.

Mrs. Joe Treadway will hold a regular Hearing Aid Workshop at the City Hall in Gorman, Monday January 15 from 1:30 - 3:30 p.m. We invite you to come in for your free test. We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries, for your Aid, and can always save you money. We are licensed by the State of Texas to fit and dispense Hearing Aids. We are always close by when you need us. We are in the Hamilton office every Friday to run special tests and assist you in every way.

As I have stated in previous articles, we are being required to have the water tower refinished both inside and out. We have received bids from several companies and have been studying them very carefully. This is major job and one that may cost as much as \$15,000 to \$16,000. Mr. Albert Cline met with us to discuss a bid and the process that his Company used in reconditioning tanks. The Commission is checking out the various companies that have bid and comparing prices and will be making a decision on this matter in the not too distant future.

Mr. Biggs reported that the Police Department had apprehended a burglar in the process of a break-in at the Gorman Pharmacy. The suspect pleaded guilty and was sentenced to five years. They also investigated an-

DESDEMONA NEWS

By **Vonnie Guthery**

Mr. Clarence Ragland is doing fine following eye surgery recently. Cory Tidwell, grandson of Dorthy Tidwell, was a patient several days in De Leon Hospital. Our "Friendship Club" met Monday morning at our local cafe. Cake and coffee was served. Cheer cards were signed and sent to shut-ins. We welcome another couple to our little town. They are Mr. and Mrs. Ed Dixon and family from Monahans. Ed works for Mobil Oil. Miss Susan Tarrance, daughter of Jake and Florence became the bride of Carl Burleson, son of Mr. and Mrs. Jim Burleson on Saturday January 6th. Mr. and Mrs. James Ryon and boys visited in Zapata recently with Mr. and Mrs. Herchel Griffith. Candy and Chuck Fonville and Dan Collum are all having the second round with the chicken-pox.

and that about 72% of cur-taxes have been collected. She will be sending reminders soon to all who have not paid current taxes so that they will not go on the delinquent roll on February 1. If you have forgotten, please go to City Office and pay before February 1. At a called meeting in December, the Commission granted a request of Gorman T.V. Cable for rate increase of \$1.00 per month. Mr. Henderson met with the Commission and stated that the increase was necessary in order to maintain and improve service in Gorman. He assured the Commission that they would continue the policy that they now have of adding other hook-ups in your home at no extra cost to the customer, except for the materials required for the hook-up.

The Commission will begin some sessions in the near future to discuss goals for the future and to take a look at taxes and make decisions on what must be done. As we all know, inflation has hit the city as well as the home and everywhere else. The tax base of Gorman was set about ten years ago and has not been changed during that time. During these meetings we will be calling in business people and citizens to get input on things they see that we need to do and how we can do them.

We held the wage increase to employees below the suggested guideline, which was below the inflation rate. If we continue to operate, we must find a way to get more revenue or curtail services.

Mr. Ervin reported on work of the city crew during the month of December. No major projects were done because of so much bad weather. We are sorry that the water had to be off one day, but this is something that will happen from time to time. We hope that you will understand. We have had some problems with garbage pick-up due mostly to bad weather. We also have two new hands on the sanitation truck and they may have missed you on a few occasions. If you trash is not picked up on schedule or shortly thereafter, Call the City Office and report it. We are trying to speed up collection so that the two hands on the truck may be used for some other work after weekly collections are made. To help in this, you are asked to have your trash out at a place that can be reached easily. All business place are to have their trash collected and placed outside or just inside so that it is easily accessible. The men are not to go over your business place emptying baskets and gathering trash. We will appreciate if you will cooperate in this. Have all trash in some container small enough that it can be loaded.

Mrs. Brineger reported by over \$2600.00 of delinquent taxed have been collected.

"If we decided today we needed another power plant, these kids would be in college before it could be ready."

"Most people are surprised to learn how long it takes to build an electric generating plant. It takes about eight years to locate and purchase the right site, order equipment, plan and build a lignite-fueled power plant, obtain approvals from all regulatory agencies, and then test the plant's operation carefully. It takes even longer for a nuclear-fueled plant - 10 to 12 years.

Right now, because of the shortage and high cost of natural gas, Texas Electric is building new plants that run on lignite coal and one which will use nuclear fuel.

These plants are very expensive. But we must build them so that when the need is there tomorrow, the electricity will be there too."

Mike Greene TESCO Power Department
