nted Mrs. Clyde Hall on Wed-nesday after attending the funeral of Mrs. A. M. Claborn in Rising Star. Mr. and Mrs. Fred Grun Bryant, Pam and Teresa of Houston, were weekend visit-ors with the Bob Hastings.

#### Your electric bills will be higher this summer. So it's important to use electricity wisely.

UNDERSTANDING YOUR ELECTRIC BILL

Even if you use the same amount of electricity this summer as you did last year, your electric bill is going to be higher.

Why? First, because our rates had to be increased early this year. And now that it's air conditioning season, the increase will be more obvious than it has been.

Of course, it isn't just the rate increase that will make your bills higher. The fuel we use to run our generators is higher than it was last summer, even though Texas Electric its using lignite coal to help offset the high

price of the natural gas we must use.

Then if you add the possibility of an extra-hot summer, you can see why we want to caution you about how you use

electricity this summer.
