Junie Leazar told me we had bought the coolest house in town and he ought to know because it was his old homestead. It has been cool the last few mornings especially about the time to get up and light the fires. I have tried to convince the Mrs. it was her duty to get up and light the fires so far my sales-talk has not gone over.

Got around to checking the Progress library yesterday and discovered we had so many books I had to put in another bookcase. Some of the books were pretty old and dilapidated so I tossed them into the waste-basket to make room for some new books. Everybody is welcome to come in and make use of our library.

The first meeting of the East-land County Singing Convention for 1948 will be held at Cisco, Saturday and Sunday, January 10 and 11, with 500 to 1,000 people expected, depending upon the condition of the weather.

I'll never forget when I was given an encyclopedia, a 12-volume set, absolutely free.

It was back a good many years ago when I was editor of a small town daily and felt a keen sense of my own importance as the holder of that exalted position.

One day, a well-dressed man, a few years older than I, came in and said, "I represent the world-famous Blank Encyclopedia and I want to give you a set of these wonderful books, absolutely free.'

At my look of astonishment, he continued, "In each city, we select some outstanding citizen and make him a present of a set. The only thing we ask is that you permit us to use your name as endorsing the encyclopedia."

Well, that sounded reasonable enough, so I agreed. "There will be a small charge, of course, for handling and shipping,"

"Oh, of course," I concurred.
"And, naturally, you would want
the cluxe edition in the special
buckram binding?"
"Naturally."

"There is an extra charge, a very small charge, for the buckram binding," he said, "but you'll never regret your decision."

There he certified "Of course."

Then he continued, "Of course, the Blank Encyclopedia is up-to-the-minute now but in this changing world, today's facts may be out of date tomorrow. Naturally, you will want to receive our monthly

loose-leaf service?"
"Yes, naturally," I replied, rather

"There will be a small charge for that. And now," he said, brisk-ly, "just sign here."

I did and he shook hands and

took a breezy departure as well as my check for \$22.85 for a set of books which I received absolutely

For example, the cost of typing a 100-page abstract is a trifle compared to that of assembling, classifying and posting the records day after day, year after year, in preparation for your next order. The abstract therefore, can't be cheap like dirt, but always there is safety and a saving in including it in every real estate transaction.
