City Reserve Fund Is At Low Level

General fund reserves were at a new low ebb as of Sept. 30, the monthly financial statement of City Comptroller H. W. Whitney showed when approved by city commissioners this week.

The balance had dropped off to \$1,985, a decline of \$2,673 for the month due to continued demands for capital outlay items. As the city surveyed the record for the first six months of the fiscal year, it was noted that expenditures had totaled \$144,848 for the period, an excess of \$5,845 over budget estimates.

Rain Greets Lamesa Fair

LAMESA, Oct. 10 (Sp.)—Dawson county's fourth annual fair got off to a good start here this morning to the accompaniment of a drizzle that reached steady proportions at noon.

Crowds, small during the morning, were expected to increase rapidly later in the afternoon as finishing touches were put to exhibits.

The livestock building was jammed with beef and dairy cattle and hogs. The general agricultural and arts and crafts exhibits structure, which also will house displays for club women's work and culinary achievements, was without a vacancy. A few commercial exhibits were not completed, but the poultry annex was taxed.

No judging had been completed at noon, but this part of the program was to get underway during the afternoon. Lamesa businessmen raised around \$500 in prizes for the fair.

Friday afternoon a highlight of the three-day affair will be a parade through the downtown section. The day also has been set aside as "School Children's" day, with rural schools turning out during the forenoon, and Lamesa schools afternoon.

Adjoining the fair grounds, a carnival midway added color to the arrangement. Fair officials expected up to 25,000 to visit the fair this season since there is to be no rate charge.

Big Guns Again Skell Dover

FOLKSTONE, England, Oct. 10.—German long-range guns on the French coast near Cap Gris Nez started a new bombardment of the Dover area at dusk tonight.

Flashes of the guns lit up the French coast around the batteries as they fired. After about a quarter of an hour the German guns fell silent.

Bund Leaders Are Indicted

NEWTON, N. J., Oct. 10 (AP)—The Sussex county grand jury today indicted Wilhelm Kunze, national German-American bund leader, and eight others for "promoting hatred against people of the Jewish religion" at the bund's Camp Nordland, Andover.

Kunze was indicted with the Rev. John C. Fitting, state bund secretary, and Richard Schiele, Paul Scharschmidt, Carl Schuppert and George Neupfart, trustees of the bund auxiliary, owners of Camp Nordland, for permitting the speeches.

NURSE A HEROINE
LONDON, Oct. 10 (AP)—Gwen Davis, a nurse in the East Anglian hospital, was credited today with rescuing singlehanded six women from the wreckage of a home for refugees destroyed by a German bomb.

It was feared the death toll from the blast last night might reach 12.

The Road To Shani Lun

Chapter One
DANGER IN CHINA
Lynn Britton, dressed in an old tweed suit, slouch hat, and loose-swinging overcoat belonging to her half-brother, strode along the path beside him like a slender, clear-eyed boy.

repeated, "Dick, that is perfect! I declare right now that it shall be my marriage motto—Three Joyous Reasons."

Her half-brother's eyelids flickered and he regarded her with an odd, sidelong glance that frightened her for a moment. She wished she knew him better. This was their first meeting in fifteen years.

Dick Britton, a slight, middle-aged man, had the thin, yellow face and cloudy eyes of an opium smoker. He had missed too many boats. "Here in the Orient," he said, "girls do not make the terms. That is managed by their elders."

"Thank heaven I am an American!" Lynn exclaimed. Her gaze sought the western horizon beyond the dragon sands of the Gobi Desert, where lay that mysterious country they were headed for on this venture—the Mongol Principality of Shani Lun. Recently from See THE ROAD, Page 4, Column 3

Work Order Issued On REA Project

Work is to start on construction of 160 miles of rural electrification lines in Howard and Martin counties within a week, O. B. Bryan, district supervisor, said Thursday.

He added that the R. W. McKinney Construction Co. of Nacogdoches had been given a work order covering its \$97,000 contract and that construction was to be underway not later than Oct. 17. The contractor will have an allowance of 110 days.

Bryan said that costs such as \$4,000 for meters, operation and maintenance expenses for a year, equipment and other things would just about care for the \$144,000 allotment by REA for the project.

From Washington came word to the Caprock Electric Cooperative, said Bryan, that its "B" project application covering 180 miles of lines in southern Howard and Martin counties had been received and was under advisement. An allotment had been tentatively earmarked for the "B" job.

Nazi Troopships On The Danube

BELGRADE, Yugoslavia, Oct. 10 (AP)—Six German troopships, flying the swastika banner, passed down the Danube river by Belgrade tonight.

Yugoslav officials expressed the belief the troops were enroute to Rumania. The steamers kept to midstream, but uniformed soldiers could be seen aboard from the shore.

Grid Tickets Sell Rapidly

Sensing a "classie" in the offing, Big Spring football fans Thursday quickly bought up an entire section of reserved seats for the Odesa-Big Spring football game at Steer stadium Friday night.

By noon only about a score of tickets remained out of the section between the 50 and 30 yard lines on the Big Spring side in the west stands. One man grabbed 26 tickets for his party. Sales during the morning were well above 300.

Two more sections in the west stand are still available, but fans were urged to make reservations early because there were indications that the initial demand would keep up. Odesa has a block of 1,100 tickets out.

LOUISIANA PRISON DAMAGED BY FIRE

ANGOLA, La., Oct. 10 (AP)—Fire raged for three hours early today on the grounds of the state penitentiary, destroying the cannery and seriously damaging the sugar refinery, but officials said there was "absolutely no disturbance" among the more than 3,000 convicts.

No one was injured. The fire apparently broke out in a chemical laboratory on the second floor of the refinery. Unofficial estimates of the damage ranged from \$25,000 to 100,000.

Scout Drive Gets Results

With a record force of workers clicking according to plans, more than \$1,000 had been subscribed toward a \$1,700 Boy Scout quota in Big Spring to date Thursday.

Several hundred dollars were in sight, but Pat Kenney, finance chairman, was counting no chickens until they hatched. He was confident that the major portion of the quota would be raised by the time reports are in this afternoon.

Sixty-seven men turned out for the workers breakfast at the Crawford which preceded the drive, and no individual had more than half a dozen prospects to contact. The Lions club won attendance honors by having every one of its 18 workers present, and the American Business Club was a close second.

At the breakfast Walton Morrison gave a brief history of scouting in Big Spring, pointing out that the program had been operative since 1911, one year after it was chartered by congress. W. C. Blankenship, school superintendent, listed contributions scouting made the community in higher ideals and definite citizenship training. Ray Ogden, with Mrs. J. H. Kirkpatrick at the piano, led in songs and Dr. J. O. Haymes, First Methodist pastor, gave the invocation. Kenney gave last minute instructions.

The number participating was by far the largest ever to take the field here in support of the Boy Scout activity. While bulk of the work was due to be completed today, it will be carried on through Friday and clean-up will be staged next week.

It's No Help To Get Defense Job In An Effort To Evade The Draft

WASHINGTON, Oct. 10 (AP)—Selective service headquarters advised men today against flocking to defense industries for jobs in the hope of evading the draft.

"The chances for such men being selected for military training will be increased rather than diminished," said Maj. Joseph F. Battey, "because one of the first things a local board will want to know about a man claiming occupational deferment is how long he has been on his current job."

"My advice is for men to stay on their present jobs and not flock to defense industries merely for the sake of seeking to avoid selection."

Battey, just back from a 12-state round of conferences with state advisors on occupational deferments, said the army did not want to conscript any man if his removal from a civilian job would interfere with an industry's productivity, regardless of whether it was engaged on defense orders or not.

In that connection, he said in his opinion there would be no need for any disruption of industries because he believed the army would have no trouble in filling the "great bulk" of the first conscription quota of 400,000 men from the ranks of those who already have signified their intention of volunteering in order to get the mandatory year's service behind them.

It had been expected that Il Duce might choose the occasion of his review of 20,000 young fascist soldiers to deliver an address. The newspaper Il Piccolo called the parade "a prologue" to undisturbed events to come.

IL DUCE SILENT AS HE REVIEWS TROOPS

PADUA, Italy, Oct. 10 (AP)—Premier Mussolini witnessed a great military demonstration on this historic plain today—a show which some observers believed might be the prelude to a new axis thrust—but refrained from any speech or hint of axis intent.

BYSTRA DISCUSSES DRAFT JOB—Dr. Clarence A. Bystra (right), president of the University of Wisconsin, said following a White House conference that President Roosevelt had discussed the post of draft administrator with him, but that he would have to do "some considering" before saying whether he would accept. Dr. Bystra was accompanied to the White House by Secretary of War Stimson. (UPI)

Miss Laneous Notes

By MARY WHALEY

One of our pet phrases is to see a beautifully groomed woman finish her dinner and saunter to the door and idly chew on a toothpick while waiting for her escort to pay the bill.

It's like hearing a circus barker yell something in a Bronx accent or like stooping to smell a beautiful flower and have the sharp paper edge's stick you in the nose.

Maybe we are just finicky and don't appreciate the necessities of life but looks like this necessity could be gotten around somehow.

The offender could stick her head beneath the table and say she is looking for her purse while waiting for the pick or she could look out the door as if waiting for someone. Most anything would be better than having to see her.

We are always in an uproar about something relatively unimportant but this spectacle is certainly hard on the eyes and we have to remind ourselves not to growl "stop it" to somebody we don't even know.

It doesn't matter so much about men because they aren't pretty anyway and if they didn't have that annoying habit, it would probably be something worse. But when we see a pretty woman borrow the custom from checkered cloth cafes it is always a surprise not to hear her say "chees kid" the next time she opens her mouth.

Garden flowers decorated the rooms and bridge and Liverpool rummage were played. Glen Davenport won the rummage score and Myrtle Jones won high score at bridge. Game prizes were also presented to Mrs. Willis.

The honoree is the former Dorothy Le Fevre whose marriage occurred recently.

Others present were Marjorie Whitaker, Elizabeth Northington, Mrs. B. L. Le Fevre, Mrs. Dave Eastbourne, Mrs. Hudson Landers, Sara Reidy, Deortha Roden.

Those sending gifts were Mrs. Jim Bob Pool, Zelma Farris and Mrs. Emil Studer.

Pull the Trigger on Lazy Bowels

With herb laxative, combined with syrup peptic to make it agreeable and easy to take.

When constipation brings on acid indigestion, bloating, dizzy spells, gas coated tongue, sour taste and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative Senna to pull the trigger on those lazy bowels, combined with good old Syrup Peptic to make your laxative more agreeable and easier to take. For many years Doctors have used peptic compounds, as agreeable carriers to make other medicines more palatable when your "taster" feels easily upset. So be sure your laxative contains Syrup Peptic. Insist on Dr. Caldwell's Laxative Senna, combined with Syrup Peptic. See how wonderfully its herb Laxative Senna wakes up lazy nerves and muscles in your intestines, to bring welcome relief from constipation. And see how its Syrup Peptic makes Dr. Caldwell's medicine so smooth and agreeable to a touchy gutlet. Even finicky children love the taste of this pleasant family laxative. Buy Dr. Caldwell's Laxative Senna at your druggist's today. Try one laxative that won't bring on violent distaste, even when you take it after a full meal.

Darn And Yarn Club Changes Name To Double Ocho

The Darn and Yarn club met Wednesday afternoon in the home of Mrs. Garner McAdams and changed its name to the "Double Ocho" club.

Roses and dahlias were room decorations and favors were Halloween cats and pumpkins. A salad course was served and Mrs. Ches Anderson was introduced as a new member.

Others present were Mrs. H. V. Crocker, Mrs. Pat Sullivan, Mrs. John Davis, Mrs. M. S. Beale, Mrs. R. L. Pritchett, Mrs. Fred McGowan, Mrs. E. F. Blumh, Mrs. Hollis Webb, Mrs. C. Y. Clinkcales, Mrs. Pritchett is to be next hostess.

Hudson Horse Is Palomino Champion

Lane Hudson is back from Abilene where his four-year-old Palomino, Sobre, won the grand championship of the all-Palomino horse show conducted as a part of the West Texas fair.

It was the second grand championship for the beautiful stallion. He walked away with the top rating at the Mineral Wells Palomino show.

Another local horse was in the final judging. El Lemon del Sur, owned and shown by Roy Davis, who ranches 20 miles southwest of here, having won the two-year old class. El Lemon made an impressive showing in the final judging.

Hudson said Thursday he was considering retiring Sobre from further show competition. The horse has been entered in two shows, and has won as many grand championships. In both shows, competition has been unusually keen since Texas is recognized as having some of the nation's best Palominos.

ELECTION EVE ADDRESS

NEW YORK, Oct. 10 (AP)—The democratic national committee announced today that President Roosevelt would address the nation in a radio broadcast election eve, probably from his Hyde Park home.

Aunt Abby says

Letty gets so wore out over Fall cleanin', she has to let the house go for weeks to get back her strength. Seems like she's still restin'.

I'm mighty hard to please about some things. But when I'm settled in my rocker, sippin' a good cup of LIPTON'S TEA, and lettin' that grand, spicy-like fragrance please my nose—you just couldn't find a happier woman!

When they made the only eligible bachelor in our town census taker, several single ladies looked worried wonderin' how they'd answer about age!

Anyway, there's one luxury Cousin Mae doesn't have to apologize for to her stingy husband. She kin always tell him that even as grand a tea as LIPTON'S is the cheapest thing they can drink except water!

The reason for Lipton's matchless flavor? 70 years of blending skill... combining choice teas (each selected for some distinctive quality) with those notable teas grown in Lipton's own Ceylon gardens.

Southwest Conference Takes Over Operation Of Cotton Bowl Game

DALLAS, Oct. 10 (AP)—The Cotton Bowl game, New Year's Day post-season football classic held in the vast Cotton Bowl at Dallas, will be sponsored by the Southwest conference.

Formal announcement was made here today by Dan D. Rogers, chairman of the Cotton Bowl Athletic Association executive committee, and, also, the Athletic Council of Texas Christian University.

The champion of the Southwest conference will be "urgently invited" to represent the conference against outside competition in the Dallas spectacle, Rogers said. No definite commitments, however, have been obtained from the seven member schools.

"Ground work for the game has been established," said Rogers, "and there will be a Cotton Bowl game on Jan. 1, 1941, with a Southwest conference team participating."

Consumation of the deal was virtually completed when a custodian committee, consisting of Dallas business leaders who obtained all rights to the game from J. Curtis Sanford, former promoter of the classic, agreed to sign over all contract rights to the Southwest conference.

The Cotton Bowl Athletic Association, as reorganized, consists of a directorate of 26 members, including three representatives from each conference school, and an executive committee of nine, also including a representative from each school appointed by the governing bodies of the respective institutions.

Lease of the Cotton Bowl stadium through Jan. 1, 1944, rights to the name and the capital stock of the association were obtained from Sanford by the custodian committee, a group including Fred F. Florence and R. L. Thornton, banker, and Freeman Burford, oil man.

Here 'n' There

Local folks are not selling the Big Spring Steers short in the game with Odessa here Friday night. Moreover, you can find plenty fans who saw the Midland-San Angelo and Lamesa-Odessa games last week who venture Big Spring has an excellent chance to come out ahead in the district this year.

Old timers referred to the light precipitation here Thursday as a "strange phenomenon." It has been just about that long since rain has fallen here. It's no news that generally the soil is its driest possibly in 30 years.

Ford dealers in this territory gathered around a Settles hotel conference table yesterday noon for a lengthy business session with factory officials and Texas representative of McCann-Erickson advertising agency. Sitting in on the meeting, which had to do with Ford Motor's outline of operations for their new car year in general, were Carl Sewell, Odessa; Vernon Stell, Crane; Gladden & Williams, Midland; Guy Elland, Stanton; R. W. Boyd, Lamesa; Rogers Healey, Sterling City; J. E. Fort, Big Spring; W. B. Strange, sales manager for the Dallas branch of Ford Motor company, N. E. Gordon, local zone manager, and Dan Gillean, McCann-Erickson representative, all of Dallas.

Herschell Fowler, who works in the Adams filling station at Compton, is one of the "models" in the womanless style show sponsored by the Eastern Star there Friday evening. He's about decided on a riding habit over a play suit, on account of "I'm a shade too bow-legged." The play suit fit a little too snugly around the chest for modesty's sake, Herschell thought.

"It's 'dunking season, again,'" says Mead's bakery, as that firm's doughnut machine starts clicking out coffee's popular companion. The name, buyers will remember, is Mayflower Donuts, which made their first appearance on grocer's shelves here last fall. Featured at World's Fair for several seasons, the Mayflower process is now nationally known for uniformity and quality.

A letter has been received here telling of the marriage September 8th of Jeanne Suits and Bryce Engle of Wichita, Kas. Mrs. Engle was formerly society editor on the Big Spring Herald going from here to Amarillo News-Globe. Engle is on the editorial staff of the Wichita Beacon. The marriage took place in Plainview at the home of the bride's relatives. After a week in New Mexico they returned to Wichita where they are at home at 532 South Market, Apartment 201.

This was adding insult to injury. A certain gentleman, after being released for a night's sojourn in the city jail, found his car tagged for overnight parking. Judge Tracy T. Smith, on hearing his plea that he was unable to leave the jail, even for long enough to move the car, decided the man had a legitimate excuse.

Roses And Fern Are Decorations At The Rainbow Sewing Club

Roses and fern were decorations in the home of Mrs. Zeb Womack when she entertained the Rainbow Sewing club Wednesday and included Mrs. P. K. McDonald as only guest.

Refreshments were served and sewing was entertainment. Others present were Mrs. C. E. Morgan, Mrs. F. L. Eudy, Mrs. Bob Wren, Mrs. Stewart Womack, Mrs. L. C. Chapin, Mrs. Tom Stewart, Mrs. J. J. Porter.

Mrs. Womack is to be next hostess on Thursday, October 24th.

Mrs. T. E. Baker, 702 Colliard, entered Malone and Hogan Clinic hospital Wednesday for medical attention.

Three Youths Face Charges

Six charges were lodged against three Knott youths Thursday as the sheriff's department considered a wave of burglaries in that area solved.

Four burglary counts were filed with Justice of Peace John C. Ratliff against Wallace Bly, Jr., 17, and J. W. Gaskins, Jr., 18, as well as a car theft charge against the same pair, Marlin Shaw, 16, was charged as an accessory since he was alleged to have accompanied the other two in the car with stolen goods.

Ratliff set bond at \$500 for the Shaw boy, who was absolved of complicity in the burglaries and car theft by the other two.

The Bly and Gaskins youths were charged specifically with theft of an automobile from Jack Douglas, and with burglaries of the Miller Nichols, Riley Knightstep, H. F. Rallsback and M. O. Pugh homes at Knott. Morris Zimmerman, Martin county sheriff, said a fifth burglary complaint would be lodged in Stanton.

The three were arrested in Pecos Tuesday night on information from local officers.

Bombings
(Continued from Page 1)

A famous church was hit shortly before midnight last.

The southwesterly gale which whipped the channel yesterday was still raging today, with intermittent periods of heavy showers and bright sunshine when the first waves of German planes moved against England.

The first alarm sounded only a short time after the last of the night raiders had gone. The alarm was brief.

The Royal Air Force, with the tremendous job of defending London through day and night, carried on its usual defensive work and actually increased the extent of its counter-attack, the air ministry said.

Ceaseless waves of Nazi warplanes participated in the night-long assault, penetrating the city's inner defenses and losing a rain of incendiary and high explosive bombs which made the raid one of the worst the capital has experienced.

More than 50 districts were hit, but the government said first reports indicated the casualty list would be "small." Heavy raids also were carried out against Wales and southwestern, northeastern and northwestern England but they did not compare in violence with the smashing attack on London.

Most of the damage in London, was inflicted before midnight. One of the city's oldest hotels, a promenade known the world over, hospitals and several internationally known buildings were struck.

The government said fires in the city and in suburban areas "were promptly dealt with and all were brought under control. At several points houses were hit and some industrial premises were damaged."

GOVERNMENT LOAN PLAN ASSAILED

DALLAS, Oct. 10 (AP)—Emmett F. Connelly, president of the Investment Bankers Association of America, today attacked proposals to establish government lending agencies to meet credit requirements of the relatively small businesses.

Speaking before the Dallas Salesmanship club, the ex-artillery officer from Detroit likened the taking over of investment banking functions by the government as akin to the procedure "practiced in the dictator countries."

Connelly was in Texas to speak to the National Association of Security Commissioners convention.

FD Confers With State Dept. Heads

WASHINGTON, Oct. 10 (AP)—President Roosevelt scheduled a conference with Secretary Hull and Under-Secretary Welles today, presumably on the foreign situation, as he strove to clear his desk prior to leaving the capital tonight on a trip through Pennsylvania and Ohio.

Stephen Early, press secretary, said the state department chief-ains had asked for the appointment.

Asked whether the United States and England were conferring on the troubled situation in the Far East, where Japan has announced an alliance with the European axis, Early replied:

"I don't know. I think the president said some time ago that the discussions were almost continuous."

TROTSKY SLAYING LINKED WITH OGPU

MEXICO CITY, Oct. 10 (AP)—Albert Goldman, attorney for the late Leon Trotsky, today accused Alfaro Siqueiros, charged with "intellectual" responsibility for a machinegun attack on Trotsky's Coyacan home May 24, of being directly connected with the OGPU, Soviet Russia's secret police.

Trotsky escaped injury in the May fusillade, but was killed in August by Frank Jackson, mysterious foreigner now also being tried by Judge Carranca Trujillo.

RUSSIAN FORCES HOLD WAR GAMES

MOSCOW, Oct. 10 (AP)—The Russian army and navy are holding war games along the Black sea coastal region, vital in any developments in the troubled Near East.

Air raid defense exercises are being held by naval units in the strategic Crimean port of Sebastopol, Red Fleet, the organ of the navy, announced today.

In the nearby Odessa military district army maneuvers have been reviewed by Marshal Mamonov M. Rudenny, vice-commissioner of defense.

Eastex Field, World's Largest, Celebrates Its Tenth Birthday

KILGORE, Oct. 10 (AP)—The world's largest oil field was celebrated with flags today as its 1,016 owners paused for a three-day birthday celebration.

The giant of the petroleum world, which has yielded more than 1,200,000,000 (billion) barrels of oil, has about 26,000 wells and as evidence of its greatness on its tenth anniversary. And Kilgore, with surrounding communities joining in, opened a three-day celebration of that day a decade ago when C. M. (Dad) Joiner, now of Dallas, uncovered the prolific Woodbine sand.

Oil men who had gathered were relating a few statistics as compiled by geologists. These included:

Director of Parade at Lamesa This Afternoon, Celebrating the Staging of the Fourth Annual Dawson County Fair, is Conway E. King. He Had his Colorful 75-piece High School Band Heading the Parade, which Included Floats, Old Cars and Horse-drawn Carriages, and a Host of Mounted Riders.

NEW YORK, Oct. 10 (AP)—The Berlin radio broadcast a Bucharest dispatch today asserting it was officially announced that deliveries of Rumanian oil to Turkey and Greece were to be discontinued.

No reason for the move was given but these two countries are considered Britain's only remaining friends in the Balkans. Cutting off oil supplies to them had been described as a likely preliminary to an axis move to the southeast.

JAMES ROOSEVELT WILL BE CALLED INTO SERVICE

HOLLYWOOD, Oct. 10 (AP)—Another "Capt. Roosevelt" Jimmy, the president's eldest son—soon will join Brother Elliott in active military service.

Roosevelt, busy promoting "slot machine movies" is an officer in the 22nd battalion, marine corps reserves, on "stand by" order for active duty.

Elliott Roosevelt recently was made a captain in the army air corps procurement division, stationed at Dayton, O. He began his duties there today.

INJURED FATALLY

MANILA, Oct. 9 (AP)—Sgt. Joseph T. Humes, 26, radioman at Clark Field, Fort Stotsenburg, was injured fatally late yesterday when he fell out the gunners' entrance door of a bombing plane and dropped 800 feet into a rice field.

WORKERS LAID OFF

WPA workers assigned to city paving and airport projects were off Thursday and will not report back until Monday, it was announced. The man-hour allotments for the period have been exhausted, it was explained.

GREECE, TURKEY CUT OFF FROM RUMANIAN OIL

NEW YORK, Oct. 10 (AP)—The Berlin radio broadcast a Bucharest dispatch today asserting it was officially announced that deliveries of Rumanian oil to Turkey and Greece were to be discontinued.

No reason for the move was given but these two countries are considered Britain's only remaining friends in the Balkans. Cutting off oil supplies to them had been described as a likely preliminary to an axis move to the southeast.

BRITAIN TO HOLO RESERVE OF WOOL IN THE U. S.

LONDON, Oct. 10 (AP)—The British and United States governments have agreed that Britain will hold a reserve of wool in the United States to be available for purchase by the United States "in the event of an emergency," the ministry of supply announced today.

The ministry said the reserve could consist of 250,000 pounds from the Australian wool clip which has been purchased by Britain.

The arrangement will not interfere with ordinary commercial purchases of wool from Australia or elsewhere by American importers, it added.

Defense Fund Bill Signed By FD

WASHINGTON, Oct. 10 (AP)—President Roosevelt signed into law today a \$228,132,013 appropriations bill which contains approximately \$170,000,000 for agencies contributing to the national defense program.

The measure contains \$40,000,000 for the development of not more than 250 public airports, to be selected by a special board, in connection with expansion of the military air forces.

Among the larger items are \$60,500,000 for the office of education for vocational training of prospective national defense workers; \$32,500,000 for the National Youth Administration to use in employing students while they are receiving vocational training; \$12,000,000 for the coast guard; and \$8,127,000 for deepening harbors.

Oil Industry Prepared For War Demands

KILGORE, Oct. 10—The American petroleum industry is in far better shape now to meet the very heavy demands of modern mechanized warfare than it was in 1917 for the much smaller demands of the first World war, George A. Hill, Jr., of Houston declared here Wednesday night. Hill, vice-president of the American Petroleum Institute in charge of its division of oil production, spoke at the celebration of the tenth anniversary of the discovery of the East Texas oil field.

"Today the condition of the petroleum industry is wholly at variance with the conditions that existed in 1917," Hill said. "The number of producing oil wells in the United States is nearly twice that of two decades ago. New wells can be drilled five times as fast. Proven reserves of crude oil are nearly three times as great as those of 1917. The number of petroleum refineries has been doubled, and their capacity multiplied by four. Stocks of essential products are two to ten times as large as in 1917, and storage capacities are correspondingly greater. Land transportation facilities for oil are more than twice as extensive and marine, eight times as large. All of this was done voluntarily by the American petroleum industry, without government subsidy or favor.

"In view of these facts, it may be maintained with confidence that the oil industry is fully capable and entirely willing by voluntary, patriotic cooperation, and without the unnecessary and corroding influence of authoritarian control and compulsion to achieve the objectives of our national defense program.

"The maximum of service to the national defense and to preparedness can be rendered without resort, at this time, to experimentation and to the development and employment of new controls. There is no phase of service, to the most

exact requirements of national defense and national preparedness that cannot be supplied through the voluntary service and voluntary co-operation of the oil industry under the leadership of the president of the United States and his National Defense Advisory Commission."

- 6 apples
- 1 cup soaked, dried apricots
- 1-2 cup brown sugar
- 2 cup granulated sugar
- 1 teaspoon vanilla
- 1 tablespoon butter
- 2 cups water
- 1-2 teaspoon salt

Peel, core and slice the apples. Add the rest of the ingredients and pour into a buttered baking dish. Cover and bake for 25 minutes. Uncover and bake 10 minutes to brown.

Grilled Cheese Bars, Bettina

- 6 slices white bread
- 2 tablespoons butter
- 1-4 teaspoon minced onions
- 1-4 teaspoon minced parsley
- 1-4 teaspoon dry mustard
- 6 three inch slices yellow brick cheese
- 12 three inch strips bacon

Toast bread slices on one side. Spread untoasted sides with butter, onions, parsley and mustard, mixed together. Top with cheese and bacon. Broil until cheese has melted and browned and the ba-

con is crisp. Cut into bars, allowing a slice of bacon per portion and serve at once.

Three doesn't have to be a crowd.

Soft Molasses Cookies (Good With A Glass Of Milk Or Buttermilk)

- 2-4 cup fat
- 2-3 cup dark brown sugar
- 1-2 cup molasses
- 1 egg
- 1-4 teaspoon salt
- 1 teaspoon ginger
- 2 teaspoons cinnamon
- 1-2 teaspoon cloves
- 1 teaspoon vanilla
- 1-2 cup buttermilk
- 2-2 cups flour
- 1 teaspoon soda
- 1 teaspoon baking powder
- 2-3 cup chopped raisins (optional)

Cream the fat and sugar. Add the rest of the ingredients and mix lightly. Chill the dough for an hour—or longer. Drop portions from the tip of a spoon onto a greased baking sheet. Bake 10 minutes in a moderate oven. (350 degrees.) Molasses burns easily so carefully watch the cookies during their baking. Turn the baking pan around to allow even baking.

Russian Dressing

- 1-2 cup tomato juice
- 1-4 cup chili sauce
- 1-4 cup catsup
- 1-4 cup vinegar
- 2 tablespoons lemon juice
- 1 teaspoon salt
- 1-4 teaspoon dry mustard
- 1-4 teaspoon paprika
- 1-4 cup granulated sugar
- 1-2 cup salad oil

Place ingredients in a bottle or jar. Cover tightly and shake one minute. Chill, shake well and

Services Held For O. W. Flanagan

STANTON, Oct. 10 — Funeral services were conducted at the First Baptist church Tuesday afternoon at 2 o'clock for O. W. Flanagan, 48, prominent farmer of the Courney community, ten miles northwest of Stanton, who was fatally wounded Monday morning from the accidental discharge of a .12 gauge shotgun. Rev. Ben Richbourg and Rev. Fred McPherson officiated and interment was made in the Evergreen cemetery.

Mr. Flanagan is survived by his mother, Mrs. F. W. Flanagan; his wife, and three daughters, Dorlene, Mary Frances and Mattie Lou. He is the son of the late O. W. Flanagan, who came to Martin county in 1884. Pallbearers were Henry Rayford, John Blocker, Sam Stappa, Walter Kelly, Riggs Sheppard, W. W. Clements, B. F. White and Finley Rhoades.

AUTHOR OF 'MOTHER INDIA' SUCCUMBS

BEDFORD HILLS, N. Y., Oct. 10. (AP)—Miss Katherine Mayo, whose book "Mother India" caused her to be burned in effigy numerous times in that country, is dead.

The 72-year-old author of crusading books and articles died yesterday at the home of her lifelong friend and collaborator, Miss Moyca M. Newell, after an illness of eight months.

Different Types Of Soil Call For Different Treatment, Says SCS Man

"There is just as much difference in soils as there is in people," Marshall Howard of the Soil Conservation Service states. "Most farmers recognize this fact, but fail to realize that you can't treat the different soils in the same manner and expect to get uniform results."

One of the services that the Soil Conservation Service is rendering to farmers of the Lamesa soil conservation service is to analyze the various soils and make recommendations on their proper use. The SCS has been making conservation surveys on farms in the Lamesa camp area for three years. To date detailed surveys have been made of 17,625 acres.

Farmers often notice a difference in crop yields on various fields of the farm or even on parts of the same field. Sometimes the cause for this difference in crop yields is obvious and other times, it is not so easily explained. It may be due to a difference in the type of land, or to a difference in the amount of runoff water. It may be that most of the topsoil has been washed or blown away, or that humus supply in the soil has been decreased.

The purpose of the conservation surveys that are being made by the service in cooperation with the farmers of the Lamesa camp area is to determine the things that cause the difference in crop yields on the various parts of the farm. Howard states that it is difficult to plan a farming program that will conserve the soil and make

the best use of the land until a complete inventory of the land has been made. The type of soil, the slope of the field, the amount of erosion that has taken place and the past use of the land are all important factors in determining what it can best be used for in the future and how it should be treated in order to maintain its permanent productivity.

More than seven kinds of soil types have been found in the coun-

ty by the soil surveyor on a single farm. Most of these soils occur on different degrees of slope and the extent to which topsoil has eroded away varies on most fields. When all of these factors have been taken into consideration it is obvious that many kinds of land are found and often each type of land requires different treatment.

Trust Suits Put Damper On Oil Trade

TULSA, Okla., Oct. 10 (AP)—Some oil executives declared today they feared an attempt might soon be made to establish wholesale prices for crude oil or its by-products.

Such a plan was proposed during the old NRA days, but it was tabled.

The industry continued to show concern over the anti-trust suits. "Coming strangely at a time when minds of so many were taken up with concern about the results of the national election November 5, the suits against 22 major firms and 300 subsidiaries and the American Petroleum Institute have almost stopped initiative in the Mid-Continent and adjacent areas," asserted Paul S. Hedrick, oil editor of the Tulsa World.

"Discouraged at the psychological effects the suits have had, and compelling the industry to again defend itself under trying circumstances before courts and juries not familiar with the wide ramifications of petroleum, it leaves the oil man in a disgusted frame of mind."

"Some oil men also say they have heard that wage-hour rules for the industry may be more rigid in the near future. They pointed out that the industry so far has encountered less labor trouble than most of the other large businesses in the nation."

Mid-Continent executives privately admit to being somewhat gloomy over the present situation. New development appears to be slackening somewhat, some of it waiting on clarification of legal details.

Oklahoma and Kansas produc-

tion has been benefiting by the drop in Illinois production but Illinois producers hope that the Trenton line may bring about another drilling play to test it.

In the crude picture, the Corpus Christi area of Texas has received two downward revisions, while in North Texas new buyers have obtained special allowances to obtain more oil.

Germs, Viruses Shown To Travel At Dizzy Speed

By STEPHEN J. McDONOUGH Associated Press Science Writer
DETROIT, Oct. 10 (AP)—Germs and viruses of the common cold, influenza, infantile paralysis and other diseases travel at mile-a-minute speed from one person to another.

For many years people have been taught to cover their mouths and noses when they cough or sneeze, but today for the first time three scientists of the Massachusetts Institute of Technology, Cambridge, Mass., demonstrated the actual necessity for it to prevent diseases of the nose and throat from leaping from one individual to another.

In a report before the American Public Health Association Dr. Clair E. Turner, Dr. Marshall W. Jennison and Dr. Harold E. Edgerton demonstrated in pictures that the droplets of a sneeze or a cough speed through the air at the rate of more than a mile per minute and have a range of 30 feet or more.

A second hazard, in addition to the actual bombardment of germs and viruses from one person to another is the delayed action of tiny droplets which hang in the air for several minutes and become a hazard for anyone who walks into them with his mouth open or is drawing a breath.

The Massachusetts Institute scientists determined the speed and range of the disease bullets by photographing sneezes and coughs with a high-speed motion-picture camera capable of taking pictures at the rate of 6,000 per second or "still" pictures with an exposure of only one millionth of a second.

OIL WELL MUST WAIT ON GAME
FALLS CITY, Neb., Oct. 10 (AP)—A little thing like bumping in an oil well can't be allowed to interfere with a football game.

Operators announced they would not acidize the Kickhoff well near here until after they attend the Nebraska-Indiana game at Lincoln Saturday.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE
There are very positive signs of axis worry in the fact that Signor Mussolini's newspaper, Il Popolo d'Italia, has taken our Uncle Sam up into a high mountain, shown him the kingdoms of the world and offered him a princely bribe if he will "remain neutral until the destruction of the British empire has been effected."

Newsman Is Bombed Out Of His Bed

By ROBERT E. BUNELLE
LONDON, Oct. 10 (AP)—Reichsmarshal Goering's Luftwaffe bombed me right out of bed this morning with a hit on one of London's largest apartment buildings.

Three bombs formed a triangle around my rooftop flat. One blasted a hole in a row of houses across the alley from my bedroom window.

A second struck the main entrance, smashing the lobby. The third landed at the nearest street corner, setting fire to a shattered glass main. The fire shot skyward like a burning gas well. It is still burning as I send this.

I had just returned home from the office last night after a night-mare walk and a two-mile taxi ride through glass-strewn streets with bombs dropping on all sides and shells bursting in the sky.

I met Mrs. Bunelle in the lounge and we decided to retire as things seemed to be calming down. The apartment porter joked about my jaunt from the office, during which I was forced to seek shelter three times, and laughed, "all you need to make the night complete is a hit here."

The next time I saw him in the wrecked lobby he was wrapped in bandages.

I was just dozing when "my" bombs fell. Mrs. Bunelle and I were awakened by the scream of a bomb and then an explosion rocked the building. Glass and masonry were still clattering down when two more bombs hit almost simultaneously.

WESTEX LEASES TO BE AUCTIONED

AUSTIN, Oct. 10 (AP)—Sixty-one tracts of West Texas land will be offered by the University of Texas for oil and gas development in a public auction of leases Nov. 8. The tracts are located in Andrews, Crane, Upton, Crockett and Pecos counties. Most of them are 160 acres in size.

land, the Bahamas, Bermuda and Jamaica have been dangled before Sam's eyes. He might also get Australia and New Zealand.

That offer was made yesterday. Just so there wouldn't be any misunderstanding, Il Duce's paper the day before announced that Germany, Italy and Japan were prepared to go to war with America if we rejected the triple alliance offers and "threw down the gauntlet."

"I doubt if the three miscreants really believe Uncle Sam would knife anybody—either foe or friend—for gain. However, their threats and overtures indicate their anxiety over England's increasing strength—admittedly due to no small degree to the material assistance which the United States is giving."

It also is significant that these moves of the triple alliance are coincident with a sudden display of amicable gestures among Russia, America and Britain—with Britain's strategically situated ally, Turkey, also waving a friendly hand to the Muscovites. Active collaboration by Washington, London and Moscow is the last thing the alliance wants.

It is understandable that the axis should have particular concern over the situation at this precise time, since indications are that Messrs Hitler and Mussolini are on the verge of launching a new great offensive against Britain—quite likely in the Mediterranean theatre. It is imperative from the standpoint of their prestige both at home and abroad that they succeed in this new venture in view of the Nazi failure to crush England by direct assault on the British Isles.

Gasoline Fumes, Tarred Highways Health Menace

CLEVELAND, Oct. 10 (AP)—Gasoline fumes and tarred highway surfaces present a new threat to the lives of motorists, the American Academy of Ophthalmology and otolaryngology was told today.

Drs. Chevalier Jackson and Chevalier L. Jackson of Philadelphia—father and son—asserted in a report before the academy there is "some evidence that gasoline fumes and tarred roads may have a part in the increase in incidence of cancer of the larynx."

Tar particles in dust can act as an irritant to produce the throat cancer and caused death in experiments on animals, the surgeons asserted. Gasoline fumes act similarly, they said.

Oil in tobacco smoke was another suspected cause of this type of cancer, described as "fatal if not treated early—otherwise 85 to 95 per cent curable."

Mitchell Co. Stock Show Plans Talked

COLORADO CITY, Oct. 10 (SpI)—Plans for the annual Mitchell County Fat Stock Show were set in motion this week at a meeting of the fat stock show committee of the Colorado City chamber of commerce. The show will be held some time next March.

Members of the show committee are P. K. Mackey, A. L. McSpadden, Lay Powell, Joe C. Williams, F. C. Shillington, Fred Guitler, Chas. C. Thompson, Joe Smoot, D. H. Snyder, Sr., Frank Kelley, I. Tucker, R. E. Gracey, Ed F. Brown, and C. V. Cox.

Contests To Be Sponsored By Coffee Firm

Theres Happiness Ahead . . .

For the housewives of Big Spring, Today's Herald announces the opening of the first of ten weekly contests to be sponsored by the roasters of Admiration coffee.

There will be a new contest each week with a first prize of \$100 cash, second prize of \$40 cash, third prize of \$20 cash, and twenty cash prizes of \$2 each. The contest is simple: You merely write in 25 words or less "why you prefer Admiration Coffee."

It was pointed out that this contest should have special appeal to the housewives of Big Spring in that it is restricted to the south-west. Unlike national contests where your entry is pitted against many hundreds of thousands, this contest is largely local and hence affords you an extremely good chance of winning a prize. Moreover, you may submit as many entries as you wish in each week's contest.

The \$3,000 contest is but a part of the Admiration fall and winter advertising campaign which is reputedly the largest and most extensive campaign in Southwest coffee merchandising history. The campaign is being sponsored to induce more Southwest coffee buyers to try Admiration and learn for themselves why Admiration is the Southwest's favorite coffee.

Although the campaign will be supported by outdoor advertising, radio announcements, and attractive store display material, the bulk of the advertising will be carried by approximately 150 Southwest newspapers.

Striking advertisements in The Herald each week throughout the fall and early winter will carry to the housewife the selling story on the deliciousness of Admiration coffee.

Willkie Goes After Votes In New England

By The Associated Press

In another strenuous stretch of campaigning, Wendell L. Willkie appealed for New England votes today with a series of scheduled speeches in Connecticut, Rhode Island and Massachusetts.

The republican presidential standard bearer hit the trail again after telling a demonstrative assembly at New Haven last night that there was need for revitalizing small businesses as "the backbone of America."

Willkie charged that the "new deal has put a brake on production," and promised, "I intend to put my foot on the accelerator."

While Willkie spoke in Connecticut, Attorney General Jackson took to the air waves from Washington with a speech asserting that republican party had nothing to offer America and that Willkie's campaign proved it.

Jackson called Willkie's foreign policy "confused" and said the republican candidate debated "with himself, taking both sides of every issue."

The campaign brought fresh announcements of transferred political allegiance.

Albert S. Goss, former land bank commissioner and a previous supporter of President Roosevelt, came out for Willkie, saying he thought Mr. Roosevelt was leading the country into both war and bankruptcy. He registered opposition to a third term.

Gifford Pinchot, former republican governor of Pennsylvania, called at the White House to pledge Mr. Roosevelt his support, saying "this is no time to put a green hand in charge of the ship."

Mrs. Isabella Greenway King, an

Describe A New Test To Detect Rickets In Babies

DETROIT, Oct. 10 (AP)—A new test to detect rickets even in newborn babies was described today before the annual meeting of the American Public Health association.

The disease, due to too little vitamin D, the sunshine vitamin, causes malformation of all the bones of the body and results in retardation of growth.

Dr. Don J. Barnes of Harper hospital, Detroit, told members of the association it is possible to discover the earliest cases of the disease by measuring the amount of phosphatase in the blood of children.

It is an enzyme, or organic chemical which decomposes other substances, such as bone, by making them absorb water. A small amount of it is necessary for proper body functioning but too much causes 'disintegration which may sometimes not show up until late in life.

The administration of vitamin D in sunshine baths or by the use of cod liver oil, tuna fish oil or viosterol will cause a reduction in the amount of phosphatase and a corresponding increase in the absorption of the bone-building elements to correct the condition before permanent damage has been done.

The two were returned to McAlester penitentiary, then brought here to face a charge of armed robbery, subsequent offense, which carries a death penalty.

On the eve of their preliminary hearing on the charge, the pair tore down the door of their cell made their way into the jail run-around, locked other prisoners there in cells and fled to the messroom.

Jailer D. E. Phillips, suspecting something was amiss, went to the messroom.

Lesser stepped from behind the door, armed with a butcher knife. Douglas closed in from one side, brandishing a pipe wrenched from water fixtures.

Together, they forced Phillips to give up the keys to the jail, then locked him in a cell and fled.

Two Convicts Make Escape

PURCELL, Okla., Oct. 10 (AP)—Two long term convict musicians, who broke from the county jail here yesterday while awaiting hearing for a capital offense committed to aid in their escape from guards watching the McAlester prison band play at Maud, were hunted in southern Cleveland county today.

The convicts, Jack Lester, serving 25 years for an Oklahoma county armed robbery, and a man named Douglas, under a 20-year sentence for a similar crime in Pottawatomie county, were recently captured in El Paso, Tex.

They fled to the Texas city after holding up C. L. Beauchamp of Ada in southern McClain county during their flight from Maud, robbing him of his automobile and leaving him bound and gagged near Rosedale.

The two were returned to McAlester penitentiary, then brought here to face a charge of armed robbery, subsequent offense, which carries a death penalty.

On the eve of their preliminary hearing on the charge, the pair tore down the door of their cell made their way into the jail run-around, locked other prisoners there in cells and fled to the messroom.

30 Undefeated Schools Meet

By HAROLD V. RATLIFF
The schoolboy football might masses on the West Texas front this week where six of the state's thirty undefeated teams battle in games of far-reaching importance.

Amarillo plays Austin High at El Paso, Brownwood entertains Kerrville, Wichita Falls invades Olney and Breckenridge goes to Stephenville for stand-out tilts.

Conference games bring title warfare to all but three of the sixteen districts.

Indications are that after this week's round, not more than 20 teams will boast undefeated records.

This week's schedule by districts:

1—Friday: Lamesa at Plainview, Hobbs, N. M., at Lubbock, Panhandle at Borger.

2—Friday: Electra at Childress (conference), Wichita Falls at Olney (conference), Quanah at Burk Burnett (conference), Vernon at Graham (conference).

3—Friday: Odessa at Big Spring (conference), Paschal (Fort Worth) at San Angelo, Midland at Sweetwater (conference), Breckenridge (San Antonio) at Abilene.

4—Friday: Pampa at Bowie (El Paso), El Paso High at Carlsbad, N. M.; Saturday: Yalca at Bonham (conference), Denton at Gainesville.

5—Friday: Sherman at Arlington, Ennis at Greenville, Paris at McKinney, North Dallas at Highland Park (Dallas), Sunset (Dallas) at Sulphur Springs.

6—Thursday: Riverside (Fort Worth) vs. Poly (Fort Worth) (conference); Friday: Masonic Home (Fort Worth) vs. North Side

(Fort Worth) (conference).

8—Friday: Dallas Tech vs. Adamson (Dallas) (conference); Saturday: Woodrow Wilson (Dallas) vs. Forest (Dallas) (conference).

9—Friday: Breckenridge at Stephenville (conference), Mineral Wells at Claco (conference), Ranger at Pasadena, Kerrville at Brownwood.

10—Friday: Hillsboro at Corsicana (conference), Waxahachie at Waco (conference), Temple at Bryan (conference).

11—Friday: Athens at Longview (conference), Gladewater at Marshall (conference), Kilgore at Texarkana (conference), Arlington Heights (Fort Worth) at Tyler.

12—Friday: Jacksonville at Mexia (conference), Nacogdoches at Palestine (conference).

13—Thursday: Austin (Houston) vs. Milby (Houston) (conference); Friday: Byrd high (Shreveport) at Davis (Houston), San Jacinto (Houston) at Lake Charles, La.

N'Western To Test Ohio's Honors Bid

CHICAGO, Oct. 10 (AP)—A package of dynamite is going to explode in Dwyer stadium Saturday and the repercussions may sound ominous in Minneapolis and Ithaca, N. Y.

Ohio State's powerful Buckeyes will meet the surprising Northwestern Wildcats before an anticipated sell-out crowd of 45,000 in a battle which ranks as one of the day's naturals.

The skirmish, 19th in a series which has seen Ohio State win 12 games and the one, will bring together two eleven which apparently "have it" this season. More than that, the battle should provide a tipoff on the national championship chances of not only the teams involved but also of Minnesota's Gophers and the big Red machine of Cornell.

Ohio State, victorious over Pittsburgh and Purdue, will be favored over a Wildcat team which routed Syracuse, 40 to 0. And victory for Ohio State could prove a big stride toward national ranking, what with Minnesota on the Buckeye schedule a week from Saturday and a battle coming Oct. 26 with Cornell, eastern intercollegiate champions who ranked fourth in the final national Associated Press poll in 1939.

An Ohio State victory Saturday and then a win over Minnesota, which has an open date this weekend, could set the stage for a great battle between the Western conference champions and Cornell, which easily beat Colgate and should win handily over Army and Syracuse in its next two starts.

But it's a clash the O. S. U. coach, Francis Schmidt, isn't thinking of Cornell yet. He has Northwestern to worry about, then Minnesota. In a season which promises one of the toughest title fights in Big Ten history, no one realizes better than Schmidt that it's better to clean up things in your own back yard before looking for trouble elsewhere.

BIG SPRING-ODESSA GRID BATTLE TO SHOW TWO TEAMS WITH SIMILAR MANUEVERS

Prospects Not So Good, Says Steer Coach

With three players on the injured list, Big Spring's Steers are putting finishing touches on a plan of attack against the visiting Odessa Bronchos here Friday night. As yet, Pat Murphy's Longhorns have not been tested by a conference foe, while the Odessans are already holder of a win over Lamesa, whom they defeated last week to the tune of 23-0.

Murphy is not over-confident of his boys' ability to hand the Bronchos the short end of a score this weekend, being of the opinion that the past week of drills has brought out flaws that are liable to pave the way to the loser's corner. He pointed out that the Steers are not as well acquainted with their assignments as he would like to see with a conference opener in the offing.

Hal Battle, Bovine guardman, is the latest addition to an injured list that has Horace Bostick and Owen Brummett on the roster. Battle received a lick on his back in the region of his kidney that might keep him out of the fray Friday night, although he has been used to get out on the field during practice. Gene Rush, a linesman who has seen considerable service so far this year, may be used if Battle cannot play. In addition to Rush, Billy Shaw and Billy Sugg have turned in performances that might make them the ones to fill Battle's shoes if his injury is really serious.

Junior Moore, Roy Collin, Billy Womack and David Lamun are backs that could possibly be used to fill the gaps caused by Bostick and Brummett if it is impossible to enter the duel with Odessa.

SW GRIDMEN ROVE THE F'BALL FRONT

By The Associated Press

Three Southwest conference gridiron contingents were en route today to widely separated cities—each hopeful of keeping untarnished the loop's 1940 record against outsiders.

The Southern Methodist Mustangs, who have a stiff assignment against Pitt at Pittsburgh Saturday, received a severe blow yesterday when Foster Elder, senior back, was seriously hurt in an automobile accident.

After Elder and two teammates missed the train on which the Pioneers left Dallas, they tried to catch it at a nearby station. Their automobile overturned. Elder suffered a fractured pelvis, and neck and bladder injuries. He probably will be out the rest of the season. Clinton McClain and Bill Thomas, backs escaped with bruises and left by plane last night to join the squad. Also in the automobile and bruised was Tackle Lynn Bostick, who already was on the injured list and therefore was being left at home.

The Texas Aggies were without Big John Kimbrough, all-America fullback, when they stopped at El

Bronco Gains Depend On Rushing

Judging from the showing made by Odessa's Bronchos in their engagement with Lamesa's Golden Tornado football team last week, Big Spring's Steers will be faced by a team Friday night that places a great deal of dependence on a rushing attack to overwhelm the opposition. The Bronco-Longhorn tilt will pit two teams with a powerful ground game and a comparatively weak aerial machine.

Odessa, using a fast-charging forward wall to the best advantage, swamped Lamesa with running strength that piled up 340 yards to the opponent's 53. Hogan, quarterback, Meadows and Bewley, halves, and Fullback Christian form a four-sided combination that, plus a fairly heavy line, is due to sweep through any defense that is not able to match power with power and to avoid any momentary let-up.

In regard to aerial tactics, Odessa has not shown any outstanding ability in this department, having completed only two passes out of a total of eight. Chalking up an airbill standing of 230 is an indication of accurate passing, considering all things, but does not necessarily mean that an opposing team should look to the air as a possible major threat.

Odessa has not reported any serious injuries during the week on the Bronco roster, thereby very likely allowing Coleman to put the same aggregation in Steer Stadium that crushed Lamesa to the tune of 23-0. Making a bid for top honors in District SAA, the Colennites are getting primed to hurdle the first of what they consider real obstacles between them and the loop crown.

Probable starting lineup against Big Spring: McKelvy and Henderson, ends; Evans and Holbrook, tackles; Cook and Thomas, guards; Coats, center; Hogan, quarterback; Meadows and Bewley, halves; Christian, fullback.

Cornell Sets Aerial Pace In Nation

SEATTLE, Oct. 10. (AP)—Cornell's 1940 gridiron debut last week was just as impressive on the yardstick as it was on the yard lines.

The American football statistics bureau, starting its annual compilation of the nation's collegiate football performances, today pegged the Ithacans as the country's top passing team and ranked them second on total offense—gains from rushing and passing—on the basis of the 34-0 thumping of Colgate.

Drake University, mainly through swamping Montana State 56-0 on its opener, has a two-game average of 465 yards per game to lead in total offense. Cornell is second with 426, followed by Brown, 421 in two games; Mississippi, with 421.7 in three games, and Rice, 420 in one game. Creighton, Iowa, Illinois and Arizona follow.

Creighton has the highest rushing average per game, 394 yards, followed by Brown, 380.5; Lafayette, conqueror of N. Y. U. 370; Iowa, 368, and Mississippi State, 333.5. Michigan, Wake Forest, Mississippi, Northwestern and Tennessee, playing tougher opposition than some of the first five, still push their way into the top ten. Wake Forest led this classification in 1939.

Cornell's 276 yards from 11 completions ranks the big Red first as a passing team.

Illinois, with a 257 yard average, is second; Indiana third with 234; Missouri fourth with 205 and Texas A. & M., fifth with 183. Texas, Baylor, Rice, Arizona and Oklahoma pad out the list with strong representation.

Mississippi State, which plays Auburn this week, is the best defensive team to date, holding the opposition to 14.5 yards per game from both rushing and passing.

The top ten punting teams are Texas Mines, Kentucky, Tulsa, Stanford, Georgia, Texas A. & M., North Carolina, Clemson, Boston College and Richmond.

Newark Cops Series Title

NEWARK, N. J., Oct. 10 (AP)—The power house Newark Bears were back on top of the minor league baseball world today after defeating the Louisville Colonels of the American association four games to two in the 1940 little world series.

Putting on the pressure last night the International leaguers trounced the Colonels, 6 to 1, behind the six hit pitching of knuckle-baller Steve Peck to end the 22nd renewal of the annual best-of-seven series.

Mr. and Mrs. Leonard Coker are leaving Thursday for Abilene where they will attend the fair before going to Wichita Falls to visit his sister.

SMU Heads East For Pitt Duel

DALLAS, Oct. 10.—Two barriers cleared with the triumph over U. C. L. A. and North Texas State Teachers on consecutive weekends, the Southern Methodist Mustangs turned eyes northward this week for their major intercollegiate set-to with the Panthers of Pittsburgh, who hit the comeback trail Saturday with a convincing 19 to 13 decision over Missouri.

The Mustangs rolled the North Texas squad in Ownby Stadium 20-7 Saturday in a showing which found the critical railbirds dividing their time between wails and cheers. The Pioneers showed signs of having a great ball club occasionally against the unorthodox North Texas defense, but there were times when the protégés of Coach Matty Bell lacked the punch necessary for a Southwest conference title contender.

Coach Bell found a pay-off artist in Little Bill Thomas, transfer from New Mexico Military Institute, who gathered in a pass from Ray Mallouf and completed a 37-yard scoring play in the second quarter, the first thrust across the goal line by either team.

Regulars Lynn Barnett, tackle, and Bobby Brown, quarterback, didn't play because of injuries. Second string tackle Lynn Bostick is also riding the bench with a back injury and will not be available for duty before the first conference tilt with the University of Texas Nov. 2.

The Pioneers will entrain Wednesday for Pittsburgh, backed with lots of vocal and mental support by the Mustang swing band. Sixty-eight band members will arrive in Pittsburgh Thursday night while the gridirers will not pull in until Friday morning, stopping off at Butler university for a workout.

Three All-Americans, 10 Other Grid Stars In Cast Of 'Knut Rockne'

Actors from fourteen different colleges, only one of whom never won his football monogram, fill fourteen of the seventeen principal parts in the play "Knut Rockne—All American" which comes to the Ritz theatre Saturday night, Sunday and Monday.

Of the thirteen football playing actors, three were members of all-American teams. But only one of the thirteen athletes actors attended Notre Dame.

This player is Nick Lukats, Nick is a "technical adviser" for the picture. His selection is eminently understandable, because Nick Lukats personally escorted the last touchdown behind the goal posts that ever was scored by a rockne coached team. That feat was the climactic scoring gesture in Notre Dame's great 27-0 victory over Southern California in 1930. It was the last game of 1930.

The players who won their football spurs at so many widely scattered colleges before their prestige as actors qualified them for "Knut Rockne—All American" are:

Pat O'Brien, who stars in the role of Rockne. Pat was a slick quarterback at Marquette U.

Ronald Reagan, who plays George Gipp, Notre Dame's gridiron immortal. Reagan, who is better known by his nickname of "Dutch" Reagan, was running guard and end at Eureka college in Illinois.

Nick Lukats, who plays Harry Stuhldreher of the "Four Horsemen." Nick was left halfback, and 1930 all-American at Notre Dame.

Kane Richmond, who under the name of Frederick William Bow-litch, played center at St. Thomas college in Minnesota, and later played at University of Minnesota. Kane takes the part of Elmer Layden, present Notre Dame coach when Layden was a college boy and a second member of the famous "Four Horsemen."

Bill Marshall, who plays Don Miller, another "Horsemen." Billy Marshall played center four years at El Dorado, Kas., high school, and one year with the University of Kansas freshmen.

Billy Byrne, who plays Sleepy Jim Crowley, fourth of the "Four Horsemen." Billy was a star halfback at Loyola University of Los Angeles.

Gwen Davis, Jr., who plays Gus Dorais, Rockne's college teammate and other half of the famous Dorais-to-Rockne forward passing combination. Owen was a football player at Choate's School.

Oscar G. ("Dutch") Hendrian, who plays Heartley ("Hunk") Anderson, Rockne's famous assistant. "Dutch" was on the varsity at University of Pittsburgh, and at University of Detroit.

Jim Thorpe, who plays an assistant coach. Jim is the most famous of all all-American football players. He was fullback at Carlisle Indian School.

The only one-time collegian in the cast who didn't play college football, other than the lovely Gale Page who plays the role of Mrs. Rockne, is Johnny Qualen. Qualen plays Knute Rockne's Norwegian immigrant father, Lars Rockne. Qualen attended Northwestern U.

Looking 'em Over

With Jack Douglas

There is an old showmen's tradition to the effect that if a dress rehearsal is had the opening night of the show is going to be good, and the opposite is true if the actors turn in a good rehearsal. Looking at it from that standpoint, Big Spring is due to give Odessa a shelling tomorrow night. Now one of the stock games used by football coaches is the one in which they wall and moan about their chances. Big scores for the opposition are predicted and a long list of flaws and mistakes are read to the public. But Head Coach Murphy does have plenty of room to worry.

In view of the fact that the games with Austin of El Paso and last year's champion Lubbock Westerners were not exactly what one would call push-overs for the Longhorns, a partial let-down in drill sessions is to be expected. Such appears to be the case this week.

But, to look on the sunny side of the picture, the Steers have shown improvement in one department that was sadly below par in the earlier part of the season—passing.

The flankmen have acquired a degree of ability in snagging an aerial bomb that should stand them in a position to make things rather hot for the visiting team. Four men—Ralph Stewart, Lemuel Nations, Peppy Blount and Felix Campbell—have developed, in practice showings, a fair amount of proficiency in receiving catches.

We are of the opinion that if the Bovines do not get the idea it is permissible to take a little rest about the middle of the first quarter, thus allowing the Broncos to run wild, the decision will go to the home defenders.

John Daniels, member of the Big Spring high school coaching staff, observed that Odessa's wins have come after they chalked up the first touchdown. He thinks the Bronchos will be apt to let down if the opposition gets the jump on them, thereby giving the Murphymen the edge.

Ivy League Is Close To Reality

NEW YORK, Oct. 10 (AP)—The Ivy League, an informal but influential group of eastern colleges that has been playing football longer and often better than any other in America, appears closer than ever to becoming a regular circuit.

Although seven of the ten schools that are generally considered to belong in this group are members of the eastern intercollegiate football and basketball leagues, they always have fought shy of forming a non-bound football circuit. They come as close as conditions permit to having the same scholastic standards and eligibility requirements and they can escape a lot of the dangers of "high pressure" football because their ancient prestige attracts boys who can play well and still measure up to other standards.

Now the schedules show that Army, Brown, Columbia, Cornell, Dartmouth, Harvard, Navy, Pennsylvania, Princeton and Yale, have just about formed a closed corporation to play among themselves.

This week, for example, only two of them are playing outside the "league" while the others pair off this way: Cornell vs. Army, Yale vs. Penn., Dartmouth vs. Columbia and Princeton vs. Navy.

Cornell and Penn rank among the best teams in the east this year and Princeton and Navy both have very good prospects. The other games Saturday send Harvard against Michigan, and Brown against Colgate.

FORMER LIQUOR MAN, TRIED FOR MURDER, ADMITS BEING DRUNK

GAINESVILLE, Oct. 10 (AP)—J. Kelly Hooper, on trial here on a charge of murder, told the jury yesterday he had not been drinking before his automobile was in a collision in which three persons were killed last April 7. The charge was filed in connection with the collision.

The defendant, former district supervisor for the state liquor control board at Plainview, testified two bottles of wine found in his automobile after the crash had been taken from two liquor establishments in Wichita Falls to be analyzed.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass out 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep, and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Right! Ask your druggist for Don's Kidney Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Don's Pills.

SPORTS ROUNDUP

By EDDIE BRIETZ

NEW YORK, Oct. 10 (AP)—Well, ladies and gents, now that baseball is over, we can get down to the serious business of football. . . . Who was it said Notre Dame would murder Georgia Tech Saturday? . . . We don't believe it—we think those engineers from the deep south will give the Irish one of their toughest battles of the season. . . . and don't forget, your Uncle Charlie picked those Reds in six or seven games.

Today's Guest Star. Tom Meany, New York P. M.: "Of all the Dodgers who had such high hopes in the spring, Jimmy Rippe was the only one to get into the world's series, except as a spectator. . . . And he made it by way of Montreal."

Series aftermath. After all, it's asking a lot of any pitcher to win three games in a world's series, but that big New-seam almost made it, didn't he? . . . Most amazed guy in the Reds' dressing room after the final was young Mike McCormick. The kid couldn't bring himself to believe he was on a world's championship team. As the telegrams poured in, Mike could only mumble: "Geez, I'm getting wires from fellows I haven't seen or heard from in ten years. Say, this is a great life, ain't it?"

Tommy Bridges, the Detroit pitcher, who went to school at U. of Tennessee, received many fine twirling pointers from Maj. Bob Neyland, Tennessee's great football coach, who was quite a pitcher himself during his West Point days.

Hank Gowdy, the Reds' coach, has a necktie he calls his power tie. . . . He first wore it the day the Redies put the crusher on the Dodgers for the National League napkin. . . . He next wore it last Thursday when Bucky Walters hurled the Reds back into the series. . . . Hank forgot to take it to Detroit, but he had it on Monday and you can bet your life he was strutting around in it Tuesday morning.

Today's True Story.

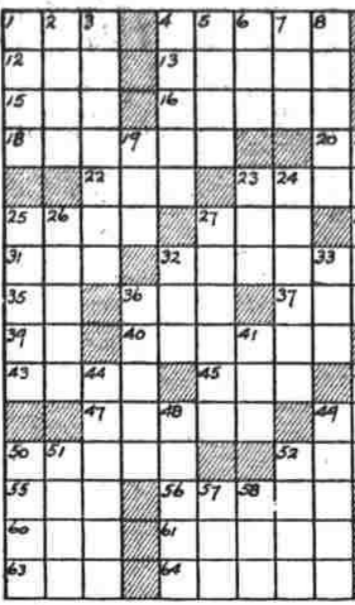

One of the brightest stars on one of the North Carolina's big football teams had to take a history test to be eligible the next Saturday. . . . The Prof. asked him one simple question, "What is the capital of North Carolina?" . . . "Pikeville," replied the guy. . . . "Well," said the academic, "if you had answered correctly you would have had 10000. Since Pikeville is only 15 miles from Raleigh, I will give you 85 and pass you." . . . Two days later the fellow toted the mail, as usual.

Texas Teams Roam Land

By the Associated Press Texas college football teams really go in for travel this week. Here's how three of them will see the country: St. Mary's goes to Grand Forks, N. LOUISIANA TOWN SHAKEN BY BLAST

OIL CITY, La., Oct. 10 (AP)—A heavy dynamite blast shook this town early today, blew several persons down but caused no injuries of consequence. The dynamite, which was stored in a small room adjacent to a negro dwelling, was set off when fire destroyed the building. The blast occurred a few minutes after occupants narrowly escaped from the burning dwelling.

State Legislator Given 3-Year Term

EL PASO, Oct. 10 (AP)—State Representative Harold Hankamer of El Paso was given a three-year prison term by a district court jury which convicted him last night of conversion of \$4,413 in funds from the Priscilla Hoehne estate, for which he was administrator. The jury deliberated about an hour and a half. Hankamer, who wept when he testified, received the verdict calmly.

America's extensive preparedness program has brought a "boom" in—among other things—specialized schools devoted to training of mechanics and skilled workers to take their place in the production line.

(Continued From Page 1) ment. "And pull your hat-brim lower," Dick directed. "It's dangerous enough for a white man to bribe his way inside these walls. But should they suspect I'd brought a woman—"

"Sherlock Fuyeh is a magician as well as a god, if you like that sort of thing." "A magician!" Lynn exclaimed. "A real medieval magician!" "Dick nodded. "He can do things that will make your hair stand on end."

"No," Dick returned impatiently. "But I don't want the lama to get a good look at you in this bright light. Sherlock is staying in the walled town of Fal Shu. He will come on horseback to attend the serenade in the temple, and will be surrounded by a band of Mongolian cavalry officers."

WASHINGTON—(Questions arising from selective service are as thick as grasshoppers in a swarm. Following is further effort to answer some of them.)

Q. Suppose I refuse to answer the questions put to me by the registrar? A. The registrars already have instructions how to handle you. Recalcitrants will be urged and argued with, but if they persist, witnesses will be called and the case referred to the United States district attorney.

Q. I am moving to another city the day after the draft registration. What should I do? A. Notify your local board immediately when you change address, no matter when it occurs after registration.

Q. What is the difference between the registrars and the local boards? A. The registrars are merely the registration machinery (in most cases it will be the same as the election machinery) and after October 16 their task will be finished.

Q. In our local board district there are many factory workers and there is no labor man on the board who has any understanding of labor problems. Is there anything we can do about it? A. Yes. Appeal to your governor and ask him to appoint such a representative of labor to the board.

larly eager to have these boards made up of men of high standing who are representative of labor to the board. Those in charge of selective service at national headquarters here are particularly eager to have these boards made up of men of high standing who are representative of the community they serve.

Q. Is there any way I can find out now what are the physical requirements for men who will get into Class 1? A. Not specifically, but roughly (and with a few minor changes) they are the same as those for the army.

Q. I would like to do my military service immediately. Can I enlist for one year? A. Yes, the army recently opened enlistments to men desiring to serve only one year and having served that year, you will have the same status as a man who has served under selective service—not again subject to call for military training in peacetime.

Q. I am 19, have finished high school and would like to take my military training before I enter college. How can I do it? A. You may enlist either in the National Guard being called into training or in the army. Youths of 18 or over, with permission of their parents, are accepted for all branches of military service.

Man About Manhattan

By George Tucker

NEW YORK—Larry Nixon, who has been telling people for five years how to take a vacation (American Traveler, Vagabond Voyaging, and his latest, See Canada Next) is going to take one himself soon—his first in seven years.

The reason he hasn't had a vacation is that he's been too busy as a literary agent, as editor and publisher at one time or another of goodness knows how many magazines, too busy writing his travel books and too busy ghosting books for rather well-known people.

His four ghosts have been on such subjects as finance, the science of radio broadcasting, swing music and a biography. You'd be surprised at several of the names.

He was publisher of "Air Transportation," a news weekly, and once edited even the "Peanut Promoter." He now is working on a "Handbook for Escapists" which he says tells everybody how to get away from it all no matter who he is or where he wants to go or what he wants to get away from.

stations. He was the only man who accomplished such a thing.

During the World War he was an apprentice seaman in the navy. He learned "ABC's" from a type case in his father's newspaper office in Crowley, La., where he was born. His father was editor of the Crowley "Signal."

Larry's first publicity job came at 17, when he started off with a carnival and his first reporter job was promotion stories for the advertising department of a newspaper in Jennings, La.

He began his "travels" when he went to work in the circulation department of the Birmingham News traveling around the immediate section for \$12 a week and \$1 a day expenses. He's been traveling but in a different way—ever since. He's lived all over the country, and still is an expert compositor although right now he is doing publicity for the Bell Telephone company at the World's Fair.

He wrote his first book "Vagabond Voyaging" under considerable pressure—physical pressure, as it were. Octavus Roy Cohen saw several articles on freighter travel Larry had done and told Larry he should do a book on the subject. Larry said no. Cohen said yes. That went on until Cohen locked Larry in his apartment, threw a batch of paper at him and said "write." Larry wrote. Vagabond Voyaging went into more than half a dozen editions and still is selling after four years.

Hollywood Sights And Sounds

By Robbin Coons

DALLAS, Texas (And Points West)—Well, it's been a grand trip. Everybody here? Boy, could I use some sleep!

Lost your baggage? Well, they'll round it up for you. Did I tell you what happened to mine? Yeah, found it a while ago. That bag the airline gives you for overnight stuff. Mine never showed in Fort Worth. Checked everywhere, no soap.

Up the hotel room in Dallas a while ago the airline agent comes in and I tell him about it, and Ed Schaller of the L. A. Times speaks up and says what nice outfits these airlines are, they not only give you a sleeper bag but they equip it for you. Pyjamas and toothbrush and shaving articles and he doesn't know what else "cause he's used his own."

Something clicks and I say "And not by chance a grey flannel dressing gown, Ed?" And light dawns on Ed, too, and he says "Not—" And I say "Yeah." And it's a haw-haw-haw all around.

Well, let's go, plane's ready. Nice town, Dallas. Amon Carter of Fort Worth, "where the West begins," says Dallas is "where the East peters out," but that's the way it goes.

Here in Dallas, where they've more people than Fort Worth, they pretend not to notice the "food"—much. Matter of fact, Dallas does seem a bit more conservative than its sister town—but probably that's because we saw Fort Worth—whooping for "The Westerner" premiere and Dallas for the "second premiere."

Hold on tight, we're on, we're up. There goes Bob Hope, beaming it for his berth and

some sleep—and does he need it! Matter of fact, if anybody on this junket needs some rest it's these movie people. That Gary Cooper's his own best endorsement. Didja see him lead the Conga at that charity ball last night?

Say, that hotel in Fort Worth had something—giving each of us a boy to look out for us. Mine, named Fred, musta come straight from "Gone With the Wind." What's life going to be like without a valet now?

Saw little Doris Davenport dead on her feet at the Varsity Club party this afternoon, but she wasn't giving up. She was bright as any of 'em at the premiere, and I bet she signed as many autographs as the next one. She never did see the picture. Gotta give a hand to Walter Brennan, too—they love that boy, don't they? And Edward Arnold. . .

Say, something's funny. Sam Goldwyn's been making impromptu talks for two days and he hasn't pulled a Goldwynism, not one. Bet Sam never did pull a Goldwynism. Fact is, I bet Sam's work on this junket has done more to blot out the caricatures of movie producers than all the words you could write about 'em. And when Sam and Bob Hope got down on the floor, on the premiere stage, and wrestled for the microphone—man, it was funny. Great act. Maybe Sam ought to be in pictures.

Say, d'ye suppose Amon Carter would give ou, with his recipe for those rancho beans? I'm gonna quit eating—just gonna spend the rest of my life dreaming about those BEANS. . .

TO CARRY ON WORK OF HUMANITARIAN
CHARLOTTE, Va., Oct. 10. (AP) Despite the death of Sir Wilfred Grenfell, the Grenfell Association planned today to continue his famed work of giving spiritual comfort and medical care to the fisher folk, Indians and Eskimos of Labrador.
Even before he died here yesterday at the age of 75 years, the association had stated that "so long as hard-working people need the services it can give, the Grenfell Association hopes to carry on the work its founder started for those human beings who are our blood brothers."
ENVOY TO BERLIN IS CALLED HOME
WASHINGTON, Oct. 10. (AP) — Alexander Kirk, American chargé d'affaires in Berlin, has been called back to Washington for consultation.
The state department, announcing this today, said Kirk might later assume the charge d'affaires post in Rome because William Phillips, ambassador to Italy, was too ill to return immediately.
Kirk has been in charge of American affairs in Germany about two years since Ambassador Hugh Wilson was recalled. He will leave the embassy temporarily in charge of Leland Morris, who formerly was consul at Vienna.

MAN WHO KEPT GIRL'S BODY IS ADJUDGED SANE
KEY WEST, Fla., Oct. 10. (AP) A court-appointed commission ruled today that Karl Tanzler Van Cosel, who kept the carefully preserved body of a young woman beside him for seven years, is sane. The sanity commission discharged the 70-year-old unemployed X-ray specialist after a lengthy, private examination at which he was reported to have answered technical scientific questions.
Van Cosel remained in jail, however, pending peace justice's decision on charges of removing the corpse from its tomb.
The aging man clung to a hope that he might regain possession of the wax-encased body of the girl, even though County Judge Raymond Lord told him it would be reburied at the request of the girl's sister, Mrs. Mario Medina.

Tulsa Woman And Herbie Kay Wed
DALLAS, Oct. 10 (AP)—Reports that the former Mrs. Betty Rinehart of Tulsa had been married to orchestra leader Herbie Kay in August at St. Charles, Mo., were confirmed here last night by the bride's mother, Mrs. L. B. Denning, Sr.
Mrs. Kay is a daughter of the late L. B. Denning, who was president of the Lone Star Gas company. As Betty Denning, she made her debut here in 1930. She is a graduate of Wellesley.
She is part owner of an oil reports concern at Houston and widow of its founder, Ira Rinehart. Kay is the former husband of Dorothy Lamour.

MY FAVORITE RECIPE—
Favorite Recipes Of The L. S. Patterson Home Are Suggested
Spoonbread
Mrs. L. S. Patterson, 1410 Benton, suggests this recipe as one that finds favor in her home and those who have tasted her spoonbread say that nothing equals it.
Take three cups of sweet milk and put two of them in mixing bowl with one teaspoon of salt. When hot, stir in 1 cup of meal. As soon as thick, remove from fire and add cup of cold milk, but-ter the size of an egg, three eggs, three teaspoons of baking powder. Pour in casserole and cook in hot oven for 40 minutes.
Creole Peas With Eggs
This is another of Mrs. Patterson's well-known dishes that always makes a visitor want a return engagement.
1 can of English peas
5 hard boiled eggs
1-2 pound grated cheese
1 green sweet pepper
1 small onion
1 can tomato soup
1 teaspoon of Lee and Perin sauce.
Put celery peppers and onion through grinder and grate cheese. Mix peas, cheese, celery pepper and onion. Place layer of mixture and then layer of sliced eggs. On top, pour can of soup with the sauce and cook 30 minutes.
Black Cake
Every home has its favorite cake and in the Patterson home it is black cake, and the beauty of this cake is that it will keep like fruit cake.
5 whole eggs (or 10 yolks)
¾ cup of buttermilk in which 1 teaspoon of soda has been dissolved
2 cups sugar
1-2 pound of melted butter
2 pound package of raisins (ground)
¾ cup of pecans
3 cups of flour
¾ cup of cocoa dissolved in hot water
1 table spoon of vanilla
Mix as listed (it will make four large layers).
For filling—use 1-2 pint of whipping cream, 2 cups of sugar and cook until large bubbles form.
Put in 1 box of cocoanut, 1 table- spoon of vanilla. Do not beat and put between layers. Do not cut until cold.

Martin Club Boys At Fair
STANTON, Oct. 10—Owen Kelly, Tom Estes and Billy Sadler, Martin county 4-H club boys are attending the state fair at Dallas this week as a prize given by the fair and the T. & P. railway.
The boys left Stanton Monday morning and will return Friday morning. Their transportation to and from Dallas was furnished by the Texas & Pacific railway through its local agent, E. Price.
While at Dallas the boys are staying in a dormitory on the fair grounds and are spending three days studying the exhibits and en-tries under the direction of L. L. Johnson, state 4-H club leader. Quarters and meals are furnished by the fair.
The boys were selected to make the trip on the basis of work done by them in their 4-H club demon-strations, all three having fed and shown baby beavers for a year or years. They were selected by other club boys as winners.

4-H TEAMS GATHER FOR JUDGING EVENT
HARRISBURG, Pa., Oct. 10 (AP) The vanguard of hundreds of 4-H club members and college-student cattle judging teams began stream-ling into Pennsylvania's capital to-day, ready to demonstrate to na-tional dairy show visitors how to appraise a bull or produce a cheese soufflé.
Representing all but five states 107 state champion 4-H teams will engage in competition that starts Saturday.
Twenty-five three-man collegiate teams will vie in their own class of cattle-judging competition.
Two teams from the Lone Star state will keep alive the rivalry between Texas A. & M. and Texas Technological college.
Other contestants come from Ok-lahoma A. & M., and the Iowa, Kansas, South Dakota State col-leges.
