All the talk around here this week seemed to center around the ball game on Friday night at Dublin. I really think there has been too much talk about the game. Not that I don't agree with most of the upset fans, but about all the talk will do to keep the players upset. I think that they got a lot more bad treatment than they deserved at Dublin on Friday night. So lets try to forget it all for the players sake and go on with the season as if the game had never been played. I would only suggest one thing to the school board and officials: that we never again play the team we played on Friday night.

The Panthers have a tough test coming up this Friday night when they host the De Leon Bearcats. This tussle is always a very good game as both teams put forth their best efforts in this one. So be on hand this Friday night as the Panthers take on the Bearcats.

Most folks around these parts received about one-half an inch of rain on Monday and it sure was received with high praise as everyone was wanting some more rain to help complete the peanut crop, and this moisture will just about finish the crop as far as moisture is concerned. Some farmers have dug their peanuts, but most are still in the ground and will probably be for at least a couple of more weeks since the good rain. We are all thankful to the Good Lord for the fine moisture we received.

Well Estelle has taken off for a couple of weeks, so you can imagine what it is like here at the office. She will be out for two whole weeks and it will take her two or three weeks to get everything back to normal again when she returns. She and Kay are enjoying a trip to Hawaii. We hope they have a big time, but things are just not the same in the office, as you already know if you have been in since she took off. But we are real fortunate to have Betty Overstreet help us out. Otherwise it would surely be terrible in the office. Please be patient with us this period that Estelle is out. We'll do our best, but we just can't find everything like she can. Ugh! Two whole weeks.

The Gorman Lions Club will be giving away a Shotgun this year and the winner will be announced at the final home ball game on October 30. See a Lion for details. They did this last year and it turned out to be a good project.

Be sure to watch out for school children going to and from school. They are the most prized possession that we have and we should watch out for them.

And remember to smile because God Loves You!

THANK YOU NOTE
 We want to say thank you to all the Drs., nurses, aides, cooks, and clean up girls, at the Hospital, who helped in any way, in my long stay in Blackwell Hospital.

All visitors, prayers, each one who sit up or offered too, all the good food brought to our home and phone calls. Thank you and God Bless you is our prayers. May you be as well tended when you too need help. Pearl Palmer

C. O. Clement's To Mark Fiftieth Anniversary

Rev. and Mrs. C. O. (Dick) Clement of 305 West 11th, Cisco, will be honored on their 50th wedding anniversary with a reception Saturday, September 26, from 2 to 5 p.m. at the American Legion Hall in Cisco.

Hosting the occasion will be their son and daughter-in-law, Mr. and Mrs. Royce Clement of Cisco; their daughters and son-in-laws, Mr. and Mrs. Don Carey of Baytown and Mr. and Mrs. Roy Finley of Eastland; and daughter, Shirley Clement of Dallas. Marie Kurklin of Cisco will also be a hostess.

Rev. Clement was born December 23, 1910, in Gorman. Mr. Clement, the former Velma Wolfenbarger and daughter of the late Mr. and Mrs. Willie Lee Wolfenbarger, was born March 6, 1912, in Comanche. They were married September 25, 1931, in Rock Bluff, Comanche County.

They have lived in Gorman, De Leon and Cisco. He has pastored churches at Chaney Baptist, Oliver Springs Baptist, Long Branch Baptist and Calvary Baptist of Cisco. He is presently the pastor of Corinth Baptist Church.

They have eight grandchildren, two step-grandchildren and one great-grandson.

No formal invitations have been sent. All friends and relatives of the couple have been invited to attend.

HOMECOMING MANGUM BAPTIST NEWS TO MARK 75TH YEAR

The Officers of Gorman High Ex-Students Association met Tuesday night September 8th and made plans for our 25th Homecoming. The invitations are printed and in the mail.

It takes a lot of work to get a program together that makes it worth while to attend. This is your Homecoming, so if you are asked to serve on a Committee, furnish food or any one of the numerous other things that has to be done, please do so. The officers can't do it all themselves.

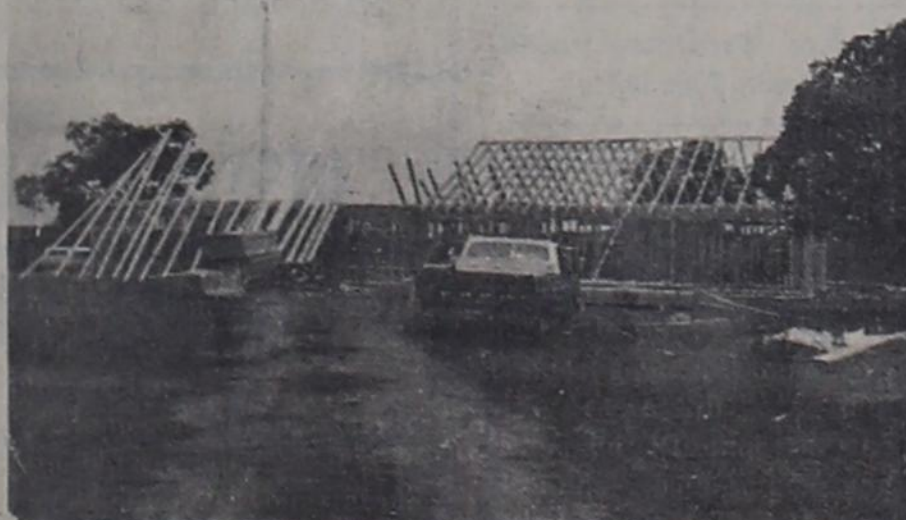

Homecoming is not just for the older graduates, it is for all ex-students, young or old. The sooner you younger ex-students start attending the sooner you'll realize how much fun and enjoyment it is just to see all you ex-classesmates.

This is a yearly gripe, our local exes do not attend. When you check the registration book and see that three fourths of the ones registered are from out of town you know what I mean - They come to see you, so don't disappoint them by not being there.

Make plans to attend all the activities starting with the Pep Rally Friday afternoon. We have a great lot of Cheerleaders. I don't believe I ever saw a group work so hard as they did at Dublin last Friday night - "Keep it Up." We are proud of our wonderful band and its director. The Panthers are great, so come on out and watch everything and you'll see what you've been missing.

We will have another meeting the 22nd of September.

Labor Day Festivities Results

The Labor Day Weekend Festivities held Saturday, September 5th sponsored by the Frank Gray Park Association was well attended.

With the carnival beginning at 3 p.m. and the dance at 8 p.m. it made a very enjoyable day. There were approximately 350 people attending the activities thru out the day. There was approximately \$400 made after all expenses.

We would like to Thank the ones who worked in the different booths during the day. They are **Cake Walk** Nelda Mauney and Blanche Browning; **Three Wheeler Race** - Ted Higginbottom, Troyat Underwood and Donnie Mauney; **Ballons and water toss** - Anna Lee and Bimbo Roberts; **Ring Toss** Rita Higginbottom and Pam Childers; **Football Throw** - Howard Hagood and Bill Hagood; **Dart Throw** - Shelby Hagood; **Grab Bag** - Beverly Underwood; **Dunking Pond** - Doug Rainey and Jim Guthery; **Ice Cream and Watermelon** - Martha Rainey and Janda Tarlor, Velma Bennett and Karen Guthery; **Penny Pitch** - Arnold Butler and Edgar Higginbottom.

The Concession stand was run by Doris Bryan, Bea O'Neal, Joan Butler, and Pat Hagood. Daryl Hirst did the cooking. All of these people did a great job and we appreciate them very much for their time and work. We would like to thank all of the ones who brought cakes and ice cream for the booths. Thanks to D. B. Warren for donating the watermelons and to Birdsong Peanuts for donating the cups and spoons for the Ice Cream and Watermelon Booth. Thanks to the First National Bank for their donation toward our Labor Day activities.

The Park Association is very proud of their accomplishments this year which include restrooms, a 60 x 40 ft. slab; underground electricity, and 700 foot of water line was laid and 4 hydrants to various parts of the park; gravel and dirt were hauled; and several clean-up days took place. We've tried to make the park a more enjoyable place to go.

Anyone wishing to reserve part of the park, please contact Milton Jensen or Nelda Mauney or any board members so your date can be put on the Calendar. Command Energy Corp. held a barbecue on September 12 and gave a generous donation. We appreciate this very much. There are other groups making plans to use the park, too.

If you haven't been to the park to see the improvements please drive out and take a look. There's been lots of long, hard hours put in out there this summer.

THANK YOU FROM GORMAN PANTHER BAND BOOSTERS

Athletic Booster Club News

The Athletic Booster Club met Monday night in the auditorium for it's first meeting and watched the firm of Friday night game with Dublin. New officers were elected. C. W. Swanner is President and Sue Seaton is Secretary-Treasurer. Finance Committee consists of Lester Seaton, Donnie Mauney, Gene Foster, Bill Mears, Dale Curb, Bill Gressett, and Coach Gibbs. Publicity is Donnie Rodgers.

Several things were discussed including things that we might purchase for our athletes. The first thing suggested was a new dryer, commercial size, for use by all. The other thing was exhaust fans for the gym. We feel that both can be purchased this year if everyone will join in and support these worthwhile projects.

This Friday night we will have a membership drive. Memberships are \$5.00 per family. We feel that many of you will be interested in joining and help us support our young people in sports.

THANK YOU

I am especially grateful for the visits, phone calls, cards, flowers, prayers, and concern shown me and my family while I was in the hospital. Special thanks to Dr. L. Aguila, Dr. J. Alquiz, and all the nurses who worked so faithfully with me, and to all the kitchen and office staff. God bless you all.

Why gas is plentiful:

50% of the Gas

There are thousands of square miles of natural gas formations in these nine basins. Industry experts estimate that these basins hold 50% of the nation's remaining onshore reserves. Lone

Star's pipeline system extends to eight of them, which should give you a nice warm feeling for many a long winter. It's another reason to be glad you're served by the Lone Star system.

SENIOR CITIZENS NEWS

Well, September arrived with some August weather mixed in with it. Tho these elusive rains still passing us by. The peanuts, pastures and grain crops need that moisture so much now. I spent a miserable day

yesterday (Saturday) I was so dizzy I spent 24 hours without leaving my room. I could not stand up without holding to something. I noticed in the Reporter where a man that was in my Company at Fort Sill, named Herndon died. He went overseas in May of 1918. You know I actually have a special feeling for the men that were in my outfit. Lula's sister Jay and Opal Reed of Hico came by and visited me Wednesday. They had been in California visited

their children and grandchildren. Jay spent 32 years as a Forest Ranger. Retired and moved to Hico. His wife was born at Irdell. The City hired him as night watchman. I notice where the Russians had a flotilla of four ships some 200 miles north of Washington State. The first south incident in ten years. The U.S. is wanting to sell Arabia some Awax planes that can track any approach from 300 miles away. They had better use them here and now. Some are wanting the U.S. to bow to K... just like, Carter all the time. Make that Neutron Bomb and remember it can kill the same as Russia's atomic war head.

What a shame the Food Stamp mess has cost billions in illegal stamps being printed. Go back to using commodities. That will save millions. Those illegal Social Security Cards can be stopped. On every card have the owners picture and thumb print. Enclosed under celeoid cover sealed.

Write you Congressman and Senators. If enough write you would get some action. As the pen is mightier than the sword. I notice where in California that a Catholic priest was holding mass to try and stop the Med Fly. One man spoke up and was going to start spraying. As he knew how to help kill the Flies and the mass would not kill them.

When Gorman played Hico Jimmy made all the gains and scores. So when they played Dublin. Dublin players just completely held him back and with their weight really gave them a heavy

Nuclear energy's safe, and we need it . . .
let's let it work for us.

This Room Is Equipped With **Edison Electric Light.**
Do not attempt to light with match. Simply turn key on wall by the door.

The use of Electricity for lighting is in no way harmful to health, nor does it affect the soundness of sleep.

When electric lights first replaced gas lamps in some hotels, guests had to be reassured that Mr. Edison's newfangled invention was safe.

We Americans have always been determined and resourceful people—determined to build a better life for ourselves, and resourceful in controlling the hazards involved. From the Mayflower to the Columbia space shuttle, that's the way we've been—cautious, but not easily scared.

Every new technology we've developed has been frightening to some: steamships, automobiles, even the cotton gin, and electricity itself.

Some people still think of nuclear power that way. They're afraid that using one of our most plentiful and inexpensive energy resources involves uncontrollable hazards and unacceptable risks. In fact, it does not.

We're already using nuclear fuel equivalent to about 1.2

million barrels of imported oil daily to generate electricity. In 24 years of commercial nuclear operation, there has never been a nuclear-related injury to any member of the public. That's a record few if any industries have ever matched. It demonstrates clearly that generating electricity with nuclear fuel is at least as safe as doing it any other way.

We routinely accept other risks that are many times more dangerous, because we have become accustomed to them. Just being 30 pounds overweight is at least a 450-times-bigger risk than generating all our electricity with nuclear fuel.

At your electric company, we need to use nuclear fuel to help generate the electricity you use. We're convinced the risk is acceptable. Nuclear energy is essential, if future

generations are to enjoy as good a life as we do now.

| Activity or Risk | Life Expectancy Reductions Days Off Your Life |
|------------------------------------|--|
| Cigarette smoking (1 pack a day) | 1,600 |
| Being 30 pounds overweight | 900 |
| One diet drink per day (saccharin) | 2 |
| All-nuclear electricity | 0.04-2* |

*Government scientists estimate 0.04, nuclear critics estimate 2.
