We really appreciate the Gorman Baseball League for the job they have accomplished for the youth of our community. This is a difficult job under any circumstances and these fine folks have met the test in all things they have undertaken. Let's all give them a well deserved pat on the back and let them know how we appreciate them.

A lot of folks showed their appreciation on Saturday as the baseball organization had a barbecue dinner with several ball games. The wife and I and Lonnie and Joetta had the privilege of attending. The barbecue was great and the entire evening's activities were really great. We appreciate the plaque presented to The Gorman Progress. The inscription reads: "Gorman Progress in recognition of support of Gorman Baseball League with continuous sponsorship and dedication". We sincerely appreciate the plaque and the thought behind it. There were numerous plaques given to sponsors.

There were great numbers of trophies presented to the teams and coaches. All in all it was just a marvelous evening and we thank the baseball league for all their efforts.

We had the misfortune of running out of flash bulbs for the camera and failed to get all the pictures that we wanted to get. We did get all but two, but we sincerely regret not getting pictures of all the teams. We have tried to get the pictures taken at school this week but so far we haven't been able to work out the schedule to get everyone together at the same time. We will keep trying and maybe we can get the other two pictures. All the youth really enjoyed and appreciated receiving this recognition and the nice trophies. Thanks again to the baseball league.

Have failed to get a column written the past couple of weeks but we have gotten behind with some printing and really have been busy trying to catch up. It seems that there is just no way we can catch up. Thank God for this, for I had rather we behind with the work than not to have any to catch up on. We have truly been blessed by the Good Lord and folks in this area both in the printing department and in the newspaper. The merchants and business folks in the area are responsible for the success of our business and we sincerely appreciate it.

We have another new business in Gorman. It is a new tire store located in the Doug's Welding building. Corky Brown and Doug Rainey have joined together to open a dealership for Farm Bureau Safe Mark tires, batteries, tubes, flat fixing, etc. A name has not been chosen as yet but Corky and Doug were so anxious to get started that they decided to open up the store and name it later. These are two more business men that are doing a fine service for our community. An ad on this appears elsewhere in this issue.

We have sure gotten some good rains since I last wrote a column and it sure has helped out the peanuts and other crops. We have not gotten any rain this week so far, so I guess we should order another shower. Most growers are irrigating their crops to insure a good yield. Thank God for the fine record of rainfall we have gotten for the peanut crop this season.

Revival At First Baptist Church September 2-6

The fall revival at the First Baptist Church will feature David Ray from Abilene as evangelist. The music director will be Lonnie Parsons from San Antonio. These two men have worked together in about twenty-five revival meetings. They are very dedicated, capable, and sincere men of God.

David Ray was born Sept. 3, 1933 in Abilene. His parents are Mr. and Mrs. W. L. Ray of Abilene. He was married to Joann Douglas in 1952. She is the daughter of Mr. and Mrs. J. Frank Douglas, San Angelo, Texas. They Ray's have 3 children: David Micheal, 25, Janet Ann, 21, and Kelle Sue, 19. David graduated from Wylie High School in 1950, Hardin-Simmons University (BBA) in 1954, Southwestern Baptist Theological Seminary (Master of Divinity) in 1961 and Doctor of Theology in 1976. His occupational background has been: ranching and farming, 1952-54; Real Estate and Insurance Sales, 1954-57; Pastor, Cresson Baptist Church, Cresson, Texas 1959-60; Trinity Baptist Church, Ft. Worth, 1961-65; Haltom Road Baptist Church, Ft. Worth, Texas, 1965-67; First Baptist Church in Lubbock, Texas, 1967-72; Assistant Vice-President for Development, Hardin-Simmons University, Abilene, Texas 1974-78. He has also served on the Board of Trustees, Wayland Baptist College, Plainview, Texas, 1968-72 and Board of Development, Hardin-Simmons University, Abilene, Texas 1968-74. He is in constant demand as a speaker, preacher, and teacher for churches, evangelism conference, assemblies, camp meetings, revivals, civic clubs, and schools. He was voted as one of the Outstanding Young Men of America, 1968. His hobbies are ranching, real estate, jogging, flying, and reading.

Lonnie Parsons was born in Kentucky and raised in Texas since age five. He grew up in San Antonio where he attended Trinity University. He received a Bachelor of Music Degree concentrating in voice and a Master of Education degree specializing in choral conducting. A lyric tenor, he has sung summer stock in New York and was a finalist in the Southwest Region Metropolitan opera auditions in 1966 and 1967. After receiving the Doctor of Jurisprudence degree in 1973 from South Texas College of Law in Houston, he practiced there with a leading personal injury firm. While practicing in Kerrville, Texas, Mr. Parsons surrendered to full time music evangelism in August of 1975, and moved to San Antonio where he now resides with his wife, Susan, and their two sons, Chris and Jeff. They are both members of Castle Hills First Baptist Church. Lonnie, 35, sings an "easy listening" style of gospel music and has three records available in album, cassette and 8-track.

I have known David Ray for about twenty years and have worked with him in revival before. We at the First Baptist Church cordially invite you to attend the revival services September 2-6. There will be services at 12:00 Noon, Monday thru Thursday and each evening at 7:30.

GORMAN MEN ATTEND FARM BUREAU DISTRICT MEETING

A policy development workshop for District 7 Officers and committee chairman was held on August 9, 1979 at the Travler's Steak House in Brownwood, Texas.

Representing Eastland County at this meeting were County President Roy Johnson of Gorman and Policy Development Chairman Ernest Reich of Cisco; and Cecil Seif of Gorman.

The purpose of this meeting was to review important issues concerning Farm Bureau members of District 7 and methods for having a successful annual county meeting. The duties and responsibilities of the important county policy development committee was also discussed.

He was welcomed by a sister, Marissa and a brother Lonnie Franklin. Paternal grandmother, Mrs. Oliver Grumbles of De Leon. Maternal grandparents, Mr. and Mrs. John H. Rice and Mrs. John H. Rice and maternal great grandmother, Mrs. Lena Jones of Gorman and maternal great grandparents, Mr. and Mrs. Henry Rice of Carbon.

the Goree team on Friday night and did a good job. The Goree team was a real fine ball club and the Panthers did a fine job against them.

The Panthers will host the Newcastle team here on Friday night in another scrimmage at 7:00 at Brogdon Field. The Panthers will be young and inexperienced in some positions but we look for them to do well this season. Let's all go out and back the Panthers in this scrimmage in preparation for the season opener with De Leon on Friday night, Sept. 7 here.

PANTHERS TO TEST NEWCASTLE FRIDAY

After two weeks of two-day workouts, Big Red, the Gorman Panther football team, under the direction of Head Coach Allan Gibbs and his assistants Dale Ables and Dudley McCarty, put the squad against Goree last Friday night at Goree in the first scrimmage of the year.

The Panthers did a real fine job against the Goree team, who are expected to do real well in their district this season as they have several returnees back from a real good team last year.

All the players saw action as Coach Gibbs wanted to give some playing time to the inexperienced players, who incidentally gave good accounts of themselves both on offense and defense.

The Panthers will host Newcastle this Friday night at 7:00 p. m. at Brogdon Field to ready themselves for the season opener September 7 when they host the De Leon Bearcats of Class A.

Location is seven miles north of Desdemona on a 67-acre lease.

It spots 7,743 feet from the north and 3,488 feet from the west lines of David S. Richardson Survey, A-414.

Location is 1,787 feet from the north and 467 feet from the east lines of Section 64, Block 2, H&TC Survey.

Daily potential was six barrels of 41 gravity oil, plus 51 barrels of water.

It is pumping from perforations at 2,807-82 feet.

Operator set the 4 1/2-inch casing at 3,252 feet, and the hole is bottomed at 3,261 feet.

At this early point in the season, only the coaches can adequately evaluate the progress of the team, nevertheless, it is quite evident that this team has a great deal of spirit and dedication, and real pursuit on defense and we think they will do well this season against some real tough competition.

The Panthers will host Newcastle this Friday night at 7:00 p. m. at Brogdon Field to ready themselves for the season opener September 7 when they host the De Leon Bearcats of Class A.

June Selman Honored At Luncheon

June Selman was honored with a farewell dinner on Friday September 24 at Artistic Beauty Salon.

The luncheon was sponsored by Billie Lightfoot and employees, customers and friends.

A large group enjoyed the covered dish luncheon. The luncheon table was centered with a money tree for June.

June left Tuesday morning for her new home in Odessa, where she will be working and making her home.

She has been employed by Artistic Beauty Salon for the past eleven years.

We wish June well in her new home, however she will be missed by friends in Gorman.

FRED ROGERS NAMED AREA CATTLEMAN'S ROUND-UP CHAIRMAN

Jim Alexander of Abilene, general chairman of the Cattleman's Round-Up for Crippled Children, has named the following area chairman: Fred Rogers of Gorman.

Cattlemen wishing to donate livestock or equipment to benefit the West Texas Rehabilitation Center should contact an area chairman or the Central Office of WTRC, 4706 Hartford, Abilene, Texas 79605.

The 20th annual Round-Up will raise money to help the

to leave him be. It took me twenty years to get him to say manure. By the way, what do you think of the new idea of using manure to make gasoline? It would sure help the rancher and it would certainly discourage siphoning gas out of cars.

The kids are all happy to be returning to school. Leslie said that he'd heard in school that the teachers were trying to stop the necking in the halls. Tena said, "Yeah, and the next thing that you know they'll be trying to make the students stop too." Leslie said they come up with new rules all the time. They now have a rule that you can't use sickness as an excuse for being absent. The teachers said that if you felt like going to the Dr. you felt like going to school. He said that they also want you to give a two weeks notice of your own death. All in all -- they're thrilled to death to be back in school.

I got to thinking the other day about when our eldest daughter was born. As soon as the labor pains started, William shaved and bathed very fast, then ran into the room that I was in and said, "Well you can sit here all day if you want to, but I'm going to the hospital." Jeane was fussin one day trying to get William to say fertilizer instead of manure. I told her

3 - Clara Collins; Game 4 - Berniece Haynes and Lexie Wright. Our Blackout winner was Edna Kirk. We all had a good time and we had good helpers. Mrs. Velma Carr and Mrs. Mae Jones, who helped us and my friend from Carbon Mrs. Lenis Rice drove all the way down here to help us. We appreciate these ladies very much. Thanks to all who played and all who helped. We are looking forward to our next games.

Tuesday night we had some very special entertainment. We had "The Blue Grass Combination" to play for us. These gentlemen are very good. They had Ricky Park of Gorman on the mandolin; Jack Boen of De Leon playing the bull bass; Jimmy Hardin of De Leon on the banjo and Jamie Jewell from Dublin on the guitar. All of these men sing and they make beautiful music together. If you love Bluegrass you must hear them. Our ol' folks loved their music and want them to return soon. Thanks for coming.

Our Bible Study was presented by Mr. Luke Palmer. His subject was: James, Chapter 5, Verse 20. We had a good discussion. We were glad Bro. Joe O'Neal gave us a surprise visit.

We had a very good singing Thursday night with a lot of our regulars back with us. We had lots of good harmony and with the Dennis Family singing a special for us, and Billy Jo singing a solo for us. The music was beautiful. It is such a blessing to me and I hope it is to you. Those attending were: Marion and Annie Dennis; Mary Revels; Archie and Georgie Faye Skaggs; Mary Emerson; Billy Jo and Joyce Dennis; Alice Burleson; Ora Files; Velma Bennett, etc. Thanks for a lovely evening. This Thursday night at 7 p.m. will be our singing and Birthday Party night. Come and join us. We would love to see you. August 30, 1979.

Friday afternoon at 2 p.m. Melvin Dorsett came and played the steel guitar for our folks. We had a large crowd and we had a good time. We appreciate him and his wife very much. Thanks to both of them for their kindness and for sharing their talents.

On Sunday at 2 p.m. the Carbon Baptist Church brought our Church service. Rev. Smith preached on Daniel - Chapter 6 - Verse 8. Brother Smith brought with him some lovely young people who presented some beautiful music for us. Thanks and we hope they will come again.

At our 5 p.m. Church service the Church of Christ brought the message with Rev. Conley preaching on the subject: John, Chapter 12 - Verse 33. Thanks to all who came and we will be looking forward to seeing you again.

Thanks to Otis Thompson for writing my Church news for me.

I have a poem that one of my beloved ladies gave me permission to use. It was sent to her in a Birthday card. I hope you enjoy it as much as I did. Thanks to Mrs. Allie Hammond. With a prayer on you lips And a song in you heart You can be happy each day With a kind word or two And with love in you heart You can help to show someone the way.

With a smile on your face And a dream in you heart What miracles daily unfold! For with love and a song And a dream in your heart You'll find that you'll never grow old.

handicapped being treated at WTRC's three campuses in Abilene, San Angelo and Snyder.

"We appeal to every rancher, farmer and stockman to join in the Round-Up to help crippled youngsters" Alexander said. "We anticipate a record number of calves, horses, and other livestock donated for sale -- with all money going directly to the Rehab Center to provide treatment programs for the handicapped."

Dates for the sales are cattle sale, September 24, Abilene Auction; horse sale, October 6, Abilene Auction; sheep and goat sale, October 15, Junction and special sale, October, Coleman. Farm equipment sale at Lawn and livestock sale at Brownwood will be scheduled during the fall.

Fast Family Food: The 'Super Sandwich' Supper

Here's a lovely evening menu guaranteed to please the family palate—and to get the cook out of the kitchen in record time.

This entrée is really a Super Sandwich created around that all-time flavor favorite, the Great American Hamburger. This one even includes the vegetables. Thus, the meal is both low in preparation time and high in nutritive value—a terrific combination.

Ground chuck is mixed with a medley of carrots, onion, and celery. For more summertime flavor, add one can of Contadina tomato sauce plus crumbs, dill, and other seasonings. A quick mix, and the Super Sandwich is ready to pop onto the barbeque or under the broiler. Before removing from heat, spoon on a little more of the zesty tomato sauce and add a sprinkle of Parmesan cheese.

Serve on long French rolls à la hero sandwich—and you will be the hero of the evening.

Accompany the Super Sandwich with a simple green salad, then finish the meal with a touch of elegance. A toss-and-serve dessert of sherbet and fruit looks elaborate, but it's fantastically easy. In a glass or crystal bowl place scoops of sherbet and fruit of the same color, such as strawberry ice cream mixed with fresh red berries, orange sherbet with sliced mandarin oranges, or lime sherbet with green grapes. Family Food can be Fast—and Fun!

SUPER SANDWICH
(Makes 6 sandwiches)

- 1 1/2 pounds ground chuck
- 1/2 cup Contadina seasoned bread crumbs
- 1 cup (8-ounce can) Contadina tomato sauce
- 1/4 cup shredded carrot
- 1/4 cup chopped onion
- 1/4 cup chopped celery
- 1 egg
- 1/2 teaspoon salt
- 1/8 teaspoon pepper
- 1/8 teaspoon dill weed
- Parmesan cheese
- Six 6-inch long French rolls

Combine chuck, bread crumbs, 1/2 cup tomato sauce, carrot, onion, celery, egg, salt, and pepper in medium bowl. Mix lightly but thoroughly. Divide into six equal portions. Shape into oval patties (about 6 x 3 x 3/4-inch each). Place on broiler pan. Broil 6 inches from heat 10 minutes. Turn and broil additional 5 minutes. Remove from broiler. Combine dill weed and remaining 1/2 cup tomato sauce. Spoon on top of burgers. Sprinkle Parmesan cheese over sauce. Return to broiler; broil additional 3-5 minutes. Cut rolls in half; toast. Place burgers on bottom halves. Top with remaining halves. Serve at once.

HOW TO IMPROVE YOUR VOCABULARY

By Tony Randall, Actor and Member of the Usage Panel, The American Heritage Dictionary

This article is part of a series prepared at the request of International Paper Company to help all Americans read better, write better and communicate better.

Words can make us laugh, cry, go to war, fall in love. Rudyard Kipling called words the most powerful drug of mankind. If they are, I'm a hopeless addict—and I hope to get you hooked, too!

Whether you're still in school or you head up a corporation, the better command you have of words, the better chance you have of saying exactly what you mean, of understanding what others mean—and of getting what you want in the world.

English is the richest language—with the largest vocabulary on earth: Over 1,000,000 words!

You can express shades of meaning that aren't even possible in other languages. (For example, you can differentiate between "sky" and "heaven." The French, Italians and Spanish cannot.)

Yet, the average adult has a vocabulary of only 30,000 to 60,000 words. Imagine what we're missing!

Here are five pointers that help me learn—and remember—whole families of words at a time.

They may not look easy—and won't be at first. But if you stick with them you'll find they work!

What's the first thing to do when you see a word you don't know?

1. Try to guess the meaning of the word from the way it's used. You can often get at least part of a word's meaning—just from how it's used in a sentence. For instance, say you run across the word, "manacle": "The manacles had been on John's wrists for 30 years. Only one person had a key—his wife."

You can have a good idea of what "manacles" are—just from the context of the sentence.

Let's find out exactly what the word means and where it comes from. The only way to do this and to build an extensive vocabulary fast, is to go to the dictionary. (How lucky, you can—Shakespeare couldn't. There wasn't an English dictionary in his day!)

Using words well can help you do well.

PREFIXES AND THEIR MEANINGS				
PREFIX	MEANING	EXAMPLES	(Literal sense)	
(Lat.) com, con, co, col, cor	(Gk.) sym, syn, syl	with, very, together	conform, sympathy	(form with) (feeling with)
in, im, il, ir	a, an	not, without	innocent, amorphous	(not wicked) (without form)
contra, counter	anti, ant	against, opposite	contravene, antidote	(come against) (give against)

2. Look it up. Here's the definition for "manacle" in the American Heritage Dictionary of the English Language.

man-a-cle (mân'a-kal) n. Usually plural. 1. A device for confining the hands, usually consisting of two metal rings that are fastened about the wrists and joined by a metal chain; a handcuff. 2. Anything that confines or restrains. - n.v. manacled, -cling, -cles. 1. To restrain with manacles. 2. To confine or restrain as if with manacles; shackle; fetter. (Middle English manicle, from Old French, from Latin manica, little hand, handle, diminutive of manus, hand. See man² in Appendix.)*

Definition #1 fits here: A device for confining the hands, usually consisting of two metal rings that are fastened about the wrists and joined by a metal chain; a handcuff.

Well, that's probably what you thought it meant, but what's the idea behind the word? What are its roots? To really understand a word, you need to know.

Here's where the detective work—and the fun begins.

3. Dig the meaning out by the roots. The root is the basic part of the word—its heritage—its origin. (Most of our roots come from Latin and Greek words at least 2,000 years old— which come from even earlier Indo-European tongues!)

Learning the roots: 1) Helps us remember words, 2) Gives us a deeper understanding of the words we already know, and 3) Allows us to pick up whole families of new words at a time.

That's why learning the root is the most impor-

tant part of going to the dictionary.

Notice the root of "manacle" is the Latin word, manus, meaning "hand."

GORMAN PROGRESS AUGUST 30, 1979

Should you "use" them on friends? Careful—you don't want them to think you're a stuffed shirt. (It depends on the situation. You should know when a word sounds natural—and when it sounds stuffy.)

How about your enemies? You have my blessing. Ask one of them if he's read that article on pneumonoultramicroscopicsilicovolcanoconiosis. (You really can find it in the dictionary.) Now, you're one up on him. So what do you do to

improve your vocabulary? Remember: 1) Try to guess the meaning of a word from the way it's used. 2) Look it up. 3) Dig the meaning out by the roots. 4) Get the powerful prefixes under your belt.

Aristophanes said, "By words, the mind is excited and the spirit elated." It's as true today as it was when he said it in Athens—2400 years ago!

I hope you're now like me—hooked on words forever.

KOKOMO NEWS

By Zelda Jordan

About .3 of an inch of rain fell in the community on Saturday morning. We are always thankful for every drop that falls.

I think that it must have been quiet in a lot of the homes on Monday as school started. Heard several children comment that they were glad for school to start so they would not have to move irrigation pipe each morning.

Bro. and Mrs. Bob Watson rendered the special music at the Kokomo Baptist Church on Sunday morning accompanied on the piano by Mrs. Woodrow Browning and on the organ by Mrs. Joe Bond. And Praise the Lord for his healing power. James Webb was able to be back at church. He was severely injured in a diving accident and was paralyzed from the neck down and the doctors felt that he might never walk again, so we knew we were witnessing a miracle when James walked into the church. Let us give thanks daily to our Lord who is so good to us.

Visitors at church Sunday were Mike Blakney of Lubbock, Mr. and Mrs. Roddy Miles, Joe, Sheri and Robert of Abilene and Kelly and Yancy Buchanan of Clyde.

Kris Brown was the clown at the recent rodeo at Ralls and also placed second in the bareback bronc riding. While at Ralls, he visited with Mr. and Mrs. Teddy Jordan at Floydada. Kris visited last week with his parents, Mr. and Mrs. Bill Brown.

Rev. and Mrs. Lee Greer, Greg and Kim of Wichita, Kansas visited recently with the Glenn Jordans.

Recent visitors with Mr. and Mrs. Elver Everton were Mr. and Mrs. Doyle Owen of Rising Star, Mr. and Mrs. Lewis Fagan of Eastland, Mr. and Mrs. Milton Burns of Abilene, Mrs. Letha Rogers and D.B. Crawley.

Mr. and Mrs. Wayne Eaton and Chad of Abilene were weekend visitors with Mr. and Mrs. Claude Fuller and Ricky.

We extend congratulations to Mr. and Mrs. Henry Scitern and Mr. and Mrs. Oscar Treadway on their 60th Wedding Anniversaries. Mr. and Mrs. Scitern celebrated their anniversary on Saturday, August 25th, and Mr. and Mrs. Treadway will celebrate their anniversary on Sunday September 2. Mrs. Scitern and Mrs. Treadway are sisters.

Oids Rodgers, who recently underwent surgery, returned to the Blackwell Hospital on Sunday morning. We hope he is feeling much better now.

Mrs. and Mrs. Jimmy Nelson, Tena, Travis and Teresa of Lewisville and Mr. and Mrs. Gary Rasco of Andrews visited from Thursday until Saturday evening with their parents, Mr. and Mrs. Clifford Nelson. Others visiting with their were Mrs. Ollie Nelson of Gorman, Jim Jordan and Mr. and Mrs. Glenn Jordan. The Jimmy

Mr. and Mrs. Roddy Miles, Joe, Sheri, and Robert of Abilene spent the weekend with Mr. and Mrs. Glenn Jordan. They were enroute home from a vacation trip to Houston and a visit with his sister, Mrs. Judy Robinson and Whitney. They toured NASA, The Battleship Texas, San Jacinto Monument, Astro-World and other points of interest in the area. The children also enjoyed some ice skating while there.

I visited with Mr. and Mrs. Ray Rodgers on Sunday afternoon and both said they feel much better now. Both have been very ill this summer.

Our sincere sympathy to the family of Mr. Ernest Parish who was buried at Gorman on Sunday. He was the brother-in-law of Mrs. Elroy Smith, Mrs. Jessie Lee Eison and Mr. George Bennett of Gorman, Mr. Jim Bennett of Lake Leon and Mrs. Bessie Bennett of Rt. 2 Eastland.

There should be some fat fish. As we have some that puts the feed to them. Tho they get the feed for them free. Even the gasoline is almost free. As they get it at a discount. On account of it being a necessity for their style of living.

On Tuesday August 28, 1979 I left on a train at Eastland and signed up for the Army at Fort Worth and left that day for Ft. Sam Houston. I had been working on Camp Bowie and I saw those boys of the 36th Division coming in there. I mean boys. As a lot of them just had fuzz on their face. I thought to myself, do I have a yellow streak thru me three feet wide. So I quit and went home for about a week and told Dad that I was going to the Army. When I left home that day Mother was crying. I told them that I was coming back.

On Labor Day the 3rd of September I was off duty until 6 p.m. So just after dinner I put on my uniform and just walked about fifty yards and went down in San Antonio. I did not know that I was not to leave camp. I went thru the Alamo and to the Buck Horn Palace. The most valuable collections of horns in the world. One set of Long Horns was eight feet and two inches long, I believe. I saw one set of horns that were real large. Horns from animals all over the world. A rattle snake hide with rattlers. It was under 25 feet in length. It was the largest size I have ever seen. Tho I saw one killed in a field where I was plowing near Flatwoods, it had 22 or 23 rattlers and some were broken off. It must have been 7 feet long. I know that I held it by the tail and my hand reached above my head by at least a foot.

One time we were threshing wheat at my place. Carl Harber had a load on his wagon. It was being pulled by a large team of horses. He was parked a few yards from the threshers. As he did not want to get ahead of anyone. I wonder why? He was going to show us how he had his team trained. He yelled "Come here Dan" Tho Dan did not come. So he picked up a clod and threw it in front of Dan and yelled again "Come here Dan" The horse must have been asleep. They started running and came to a fence, turned every short. That load of wheat went over the fence in to another field. So Carl had to go to a gate and go in there and reload that wheat, of course the younger generations does not know how slick that wheat straw is. That stuff will really sting too. It is so different now. They used gasoline tractors to run those threshers in those days. The young generation is missing those days of back breaking work.

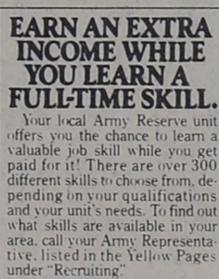

Look up and smile. Hope for a better day.

Big Jump in Livestock Exports from Texas; Mexico Best Customer Through Six TDA Pens

AUSTIN—Livestock headed up and moved out of Texas Department of Agriculture (TDA) export facilities in greatly increased numbers during the first half of 1979, with the 40,624 head exported during the six months some 30,000 head more than were processed during the same period a year ago.

Agriculture Commissioner Reagan V. Brown estimated total value of the exported cattle, goats, swine, sheep and horses at \$14,047,653. The highest increases were for

cattle and sheep processed through the six pens operated by TDA at border-sites and the Houston Intercontinental Airport.

"Well over half of the animals shipped through the pens were from Texas ranches," Brown said. The report showed that 25,563 head, with an estimated value of \$3,696,588, went through the quarantine facilities.

"We are sending large numbers of slaughter goats into Mexico. The pens provide Texas goat raisers

with a convenient collection point for Mexican buyers," Brown added.

Mexico remains the most consistent customer, Brown continued. Over 5,000 head of livestock were exported there in June. "Some of the cattle and horses are from out-of-state ranches, but the majority of shipments to Mexico are the results of sales of breeding stock from Texas."

In addition to Mexico, most of the sales in the first six months of 1979 were made in Central and South America.

Argentina, Guatemala, Costa Rica, and Panama were destinations for livestock in June.

The Department facilities were built early in the 1970's when the Mexican government refused to accept any more shipments from the U. S. Certain quarantine standards had to be met in order to continue exporting to that country. The design and practices of sanitation now incorporated into the operation of the facilities meet standards of both the U. S. and Mexico, as well as other receiving countries around the world.

Report Reveals Foreigners Own Only Small Part of Texas Land

AUSTIN—Foreigners own a total of 53,002.09 acres of Texas land with an estimated value of \$27,291,493.

Estimates of non-citizen ownership of Texas land, included in the first official reports of foreign investment, show that only .044 per cent of the arable land in the state has been purchased by out-of-country buyers.

The largest single tract of land purchased is in Pecos County, 14,030 acres used as

pasture by a citizen of Mexico.

Under the Agricultural Foreign Investment Disclosure Act of 1978, the U. S. Department of Agriculture is responsible for gathering reports which must be completed by foreign owners on the acreage, estimated value, the use of the land, and details on management or rental agreements. This information is then submitted to the state departments of agriculture for their use.

Ray Brown, Connie and Carrie and Wesley of Irran visited last week with relatives in De Leon and with friends in Gorman. They stopped by the Progress Office for a short visit. Ray formerly lived in Gorman and always enjoys visiting with

friends when he is in the area.

Mr. and Mrs. James Mears, Mr. and Mrs. John Mears and Doyle Mears attended the Mears Cousin Family Reunion held over the weekend at Meridian Park.

Now that temperatures and electric bills are up, your air conditioner needs all the help it can get.

Hot summer temperatures make your air conditioner work longer and harder. That's one reason why your electric bill is higher.

But there are some things you can do to help. Change or clean your air conditioner's filter to let air flow freely. And trim grass and weeds from around the outside unit for good air circulation.

Inside, close blinds and drapes to help keep out the heat. And try to

cut down on the number of times you open doors — an open door lets hot air rush in.

Keep your thermostat set at 78° or higher.

To feel cool at this temperature, use a small portable fan to circulate air in the room.

For more ways to cut down high summer electric bills, get Texas Electric's free energy tips booklet. Just call Texas Electric or ask for the booklet on the comment portion of your bill.
