PANTHERS LOSE BI-DIST. GAME TO WINDTHORST

Game at a Glance		Gorman	Windthorst
7	1st Downs	13	13
100	Yds. Rushing	198	13
13	Yds. Passing	17	1 of 10
1 of 10	Passes Comp.	2 of 9	0
0	Interceptions	4	2
2	Fumbles	2	4-40
4-40	Punts, Avg.	5-42	2-10
2-10	Penalties	3-35	

The Gorman Panthers ended a very successful football season on Friday night at Mineral Wells when they were defeated by a very strong Windthorst team in

the Bi-District game by a 21 to 0 margin. Turnovers, (a total of 6) were just too much to overcome against the large strong Trojans, who outweighed the Panthers by a large margin at every position. The Trojans 3 touchdowns came after a Panther turnover.

However, don't let us shed no tears or lower our heads for the Panthers, for they never gave up, and never will. Our boys can hold their heads high for the great accomplishments they have performed this season. They

won their zone, which they were not picked to win; they won the 6-B District Title, which they were not supposed to do, and then stuck to their guns and never let up even though they lost in Bi-District to a very good, strong football team. So, let us all praise our Panthers for the victories they played so hard to win and don't belittle them for losing to Windthorst in a hard fought game. You did a great job Panthers, and don't ever let anyone tell you otherwise. As the cheerleaders were shouting just before the game

"We Are Proud of You!" The Trojans first score came with 7:30 left in the first period after intercepting a Panther pass at the 41 and going in for the score in 6 plays with Terry Anderle going the final 25 yards on a beautiful run to his left for the TD. Anderle booted the PAT and Windthorst led 7-0.

The next Trojan score came with 4:21 left in the quarter following a Panther fumble at the Gorman 24. The Trojans scored in 6 plays with Charles Steinberger getting the final yard for the TD. Again Anderle added the PAT and the score was 14 to 0. This is the way the score stood at halftime.

Following the intermission the Panthers got a drive started and seemed to have new life but again were stopped on the Trojan 21 yard line. This was the only strong drive the Panthers could muster against the big, heavy Trojan defense.

The final score of the game came with 6:28 left in the game following the recovery of a Panther fumble at the Gorman 40. The Trojans scored in just 8 plays with Steinberger again scoring on a 1 yard QB sneak. Anderle kicked the PAT and the score was 21-0.

We congratulate the Trojans on a fine team and a fine win, as I am sure our Panthers do, for they truly had the best team we had met all year and were really ready to play in this game. We hope they go all the way.

Jimmy Johnson led the Big Red with 56 yards on 17 carries. Larry Keith had 35 on 15 tries. Dane Gressett had 5 on 2 keeps and Steve Spivey carried one time for 3 yards.

The Panthers played their hearts out but just couldn't hold the Trojans. So, the football gear goes back into the lockers until next August then the Panthers will be ready to go again. And as the old saying goes, "Just Wait Till Next Year." We all thank the Panthers for a great season.

SENIOR CITIZENS NEWS

My! What a hectic week that has just passed for me. Visiting the Hospital at least three times per day and having to depend on someone to take me there. At the present (Sunday morn) my wife is so seriously ill. Does not show any signs of recognition. She has never moved her right side and this is the thirteenth day since she had the stroke.

The light shower we received was so wonderful. We are still waiting for that good rain yet. The sooner the better.

I heard of TV that Santa was packing his sleigh for the trip thru our part of Texas. So here is hoping for many nice presents for all. The old folks are in the second childhood. So please do not forget them in the Christmas rush. As you that are middle age will soon turn that corner to the road to the old age group and start on that fast slide. I know how gast that slide is after you pass that age.

I believe a Joseph's coat would even be appreciated these cold mornings. You could be as smug as a bug in a rug.

I have been missing a lot of the games at the Office lately. The Bookie is doing a lot of playing when his official manager is in the office to handle the business for him. That manager will sell to any customer that even mentions buying pecans. As he has a line of gab that no one can resist. They will buy just to get him to stop his line of bull.

Our sympathy goes out to the families of Elver Everton, John Lasater and Ruby Eaves. I attended School at Triumph with Ruby. I have known Elver since his childhood, also know John since childhood. These people will be missed by their many friends. May you seek guidance from the Master and Judge of all mankind.

We are so sorry that you lost the ballgame Friday night, Panthers. Take heart and we hope for a better next year.

Look up and smile. Even tho tears are in your eyes. The Rambler Reporter

KOKOMO NEWS

By Zelda Jordan

I'm sorry that I missed the news last week, but we were out of town over that weekend and did not get back on Monday until too late to make the deadline. We were in Denver City on Saturday, Nov. 17 to visit with my sister, Mr. and Mrs. D. C. Bell and family and attended the wedding of their daughter, Lanetta, and Steve Leasure. Then visited from Saturday night until Monday morning in Floyada with the Ted Jordans, Jim Lewallens and Jamie Lewallens. Also visited enroute with the Roddy Miles family in Abilene.

We'll Help Pay Your Rent If You Qualify

The Housing Assistance Payments Program is now available in this area to provide rent assistance to lower income families and elderly, disabled/handicapped, or displaced individuals provided the rental unit meets the "fair market rents" established for the program by the U. S. Department of Housing and Urban Development. An eligible family or individual may rent a privately owned apartment, a single family house, a duplex, or a mobile home.

The program places the choice of housing in the hands of the eligible family or individual who then pays no more than 25% of his/her monthly income toward rent. The family pays its share of the rent to the landlord and the balance is mailed directly to the landlord by the Housing Assistance Program.

So... why not find out if you or your family qualify for this rental assistance payment program by completing and mailing the questionnaire below or contacting the Local HAP Program operator at

MRS. LOIS BUCHANAN HOST WSC MEETING

The Woman's Study Club met in the home of Mrs. Lois Buchanan on Monday, Nov. 26 for their regular monthly meeting.

The program on Texas was given by Dorothy Hatcher.

Delicious refreshments of dips, jello salad, cake, spiced tea and coffee were served prior to the program.

All students and parents are invited to attend the Fair. In addition to building student interest in reading, the Fair will help a worthwhile project. All profits will be donated to the English Room Library.

Dorothy gave accounts of the historical facts on centuries old Spanish Missions in San Antonio. The first mission in San Antonio being established in the 18th century for the purpose of christianizing the Indians. There were many other missions established in the city, the most famous being the one that became the Alamo.

Other historical mentioned were the establishment of Fredericksburg, established by German families in 1846. Many of the old buildings have been preserved and retain traditional continental styles. The older houses is the Eggleston house in Gonzales site is almost 100 years old and the 4800 acres of land

along the Perdenales River had been designated as State Park and features scenic drives of the hill country, wildlife, natural bridges, water falls, and lakes. Texas is still all things to all people, you can find whatever you want to in Texas. She concluded by stating the greatest wealth of Texas lies in the mind of her people and not in the minds of her earth.

Inflation hits your electric bill just as hard as it does your grocery bill.

Every time you go to the grocery store you can see what inflation's doing to your food bill. But because you don't buy electricity by the can, you probably don't realize how inflation affects the cost of electricity.

Fuel costs are up, particularly natural gas. Equipment costs are up. Power lines, transformers and poles cost us more every day. Just like milk costs you more every day.

The millions of dollars we must borrow to build plants to ensure your electricity needs in the future are costing us more.

The cost of building these plants is higher, too, because of inflation. And because of the time and money it takes to comply with an ever-increasing number of government regulations. The longer it takes to build, the more inflation takes its toll.

Inflation, overregula-

tion and rising fuel costs are all making your electricity cost you more. But by using electricity wisely you can do your part in keeping that cost down in your home.

At Texas Electric, we want you to know what you're paying for.
