Press Points

 Well another era comes to an end this week as the Senior Citizens column folks have enjoyed for years will end with this weeks issue. The Rambling Reporter has decided its time to put up the pen due to ill health (mostly bad eyesight) and not write the column any longer.

George can't know just how much this column has meant to the Progress readers for all these years. We have had folks subscribe for the paper just for the express purpose of getting to read his column.

Oh I know he got on a few people's toes now and then, but his keen mind and memory has renewed many folks thoughts of things past. I think most folks enjoyed the column the best when he was nicknaming all the "older" folks in our town and giving bits of news about them.

One thing for sure with The Rambling Reporter; you did not know what he was going to write about next. It covered everything from local tidbits to government highlights.

One thing for sure, George is that we can never express our gratitude and appreciation for your efforts in making the Progress a more newsy publication. There is no way we can repay you for your devotion on writing your column even when you were not physically able to do so.

I assure you the Progress and its readers will never forget you and your column. And if you feel like writing a column now and then, feel free to do so and we will get it in the paper.

Thanks again and may God Bless You!

Our congratulations go to the Panthers for their outstanding performance in the District Playoff game Friday night against Miles in Brown wood. It was a marvelous defensive effort, along with a superb offensive output that made the win possible. The Panthers are a great bunch of boys and have done a fantastic job this season. We wish them all the juck in the world Saturday night in the Bi-District Playoff with Meridian. It will be a tough game, but the Panthers have been through tough games before. Right, Panthers! And we look for a fine performance from the Big Red this week and hope they will be playing again next week in their quest for higher things.

Again our congratulations to all the Panthers.

The Progress will publish early next week due to Thanksgiving falling on mailing day. We will be trying to mail out the paper on Wednesday morning if at all possible and we will appreciate your cooperation in getting news and ads in early so we can mail early. Thanks.

And remember to smile -- because God Loves You!

JOINT COMMITTEE ADOPTS PEANUT BILL

The Senate-House Joint Agriculture Conference Committee agreed on the Peanut Section of the 1981 Farm Bill in a session on November 10. The Committee reported out a modified revision of the Senate Peanut Bill introduced by Representative Charlie Rose of North Carolina. Ross Wilson, Secretary of the National Peanuts Growers Group, said the peanut issue was debated at considerable length as had been expected.

In September the Senate adopted its Bill calling for suspending acreage allotments but preserving marketing quotas. In October the House passed its Peanut Bill providing for abolishment of both acreage allotments and poundage quotas.

Wilson said that the Rose Substitute establishes a quota support rate of \$580 per ton in 1982 which will be adjusted to reflect any change in the national average cost of production in subsequent years, sets a national poundage quota of 1,200,000 tons for the period 1982-1985, and restricts sales and leases of base production poundage to other farms within a county as opposed to within a state. However, an owner or operator would be permitted to transfer such poundage from a farm in one county to another farm owned or controlled by such owner or operator in contiguous counties within the state. The Bill also provides for a single support rate for all additional or non-quota peanuts and requires that such peanuts be marketed through the area association loan pools or contracted to handlers for export or crushing.

The Rose Substitute successfully withstood repeated attacks by Representative Paul Findley (R-Ill), Representative Stanley Lundine (D-N.Y.), and Senator Richard Lugar (R-Ind) aimed at dismantling the peanut program. After an unsuccessful effort by Findley to have the Committee adopt a plan that would implement the House Bill in 1984 and 1985, he offered a second amendment to phase out the program contained in the Rose Substitute Amendment by decreasing the national poundage quota by 100,000 tons per year. That proposed amendment was defeated by a vote of 11 to 5.

The entire 1981 Farm Bill including the Peanut Section may be reported by the Conference Committee and submitted for ratification by the House and Senate prior to the end of this week. Once the measure receives the stamp of approval by the Congress, it would lack only the President's signature prior to becoming law. Although there continues to be threats of a presidential veto due principally to cost projections of some of the major commodity programs, most observers, Wilson said, believe sufficient agreement will be achieved on the omnibus bill to assure its becoming law.

Mr. and Mrs. E.W. Lovell To Be Honored - 50th Ann.

Mr. and Mrs. E. W. (Buddy) Lovell of Lake Brownwood, and formerly of Kokomo and Carbon, will be honored on their 50th Wedding Anniversary with an open house from 2:00 to 4:00 p.m. on Saturday November 21, in the home of a daughter and son-in-law, Mr. and Mrs. Billy L. Graham at Thunderbird Bay at Lake Brownwood.

The open house will be hosted by their three daughters, Mrs. Bill Graham of Lake Brownwood, Mrs. J. A. Neill of Midland and Mrs. Terry Weatherford of Temple. The Lovells have four grandchildren and one great-grand child.

Mr. and Mrs. Lovell were married on November 21, 1931 in the First Christian Church of Cisco, Texas. Mrs. Lovell is the former Lila Odell Wharton. She attended school at Kokomo and Mr. Lovell attended school at Center Point, south of Carbon.

The first four years of their marriage, they lived in the Eastland County area and farmed. They moved to West Texas, living in several towns before moving to Monahans where they lived for 26 years. Mr. Lovell was active in several phases of the oilfield, mainly in drilling. Mrs. Lovell is a homemaker.

The couple, now retired, moved to Thunderbird Bay on Lake Brownwood, near May, three years ago. Thunderbird Bay is on the north end of Lake Brownwood off Farm Road 2273 south of May.

All friends and relatives are invited to attend the open house.

PEP RALLY DOWN TOWN SATURDAY AT 2:00 P.M.
 A giant Pep Rally will be held in downtown Gorman at 2:00 p.m. Saturday November 21, in support of the Gorman Panthers who will be playing for Bi-District Saturday night at 7:30 p.m. in Comanche.

Everyone is invited to come support the Panthers. Let's show our football team we are proud of them and are backing them all the way.

The Panthers put the frosting on the cake last Friday night as they downed a strong Miles team by the score of 44 to 6 to advance to the playoffs after missing out last season by a loss to Goldthwaite in the last zone game as far as standings were concerned. However, this season the Panthers went through the zone games unbeaten and then proceeded to beat Miles to again enter the playoffs. Gorman will meet Meridian, a high rated team in the polls, at Comanche on Saturday night at 7:30 p.m. in a Bi-District clash to see who advances to the regional playoffs.

The Yellowjackets are a very strong team and have two fine runners in Tracy Pollard and Brent Chatfield, who have more than 1,000 yards each this season. Pollard is the younger brother of Frank Pollard, now playing for the Pittsburgh Steelers, and the Panthers remember facing Frank in a playoff game a few seasons back. The Big Red hopes to hold Tracy as good as they did Frank and take a Bi-District victory and advance to the next rung on the ladder of their dreams. A win would send the Panthers against the winner of the Wink-Abernathy game. Wink is right at the top of the polls and have defeated their opponents this season in high scoring, lopsided games. Wink will be highly favored to defeat Abernathy and advance to the next bracket.

The Panthers will go into this Bi-District game as the under dog as they have failed to make any of the polls of top teams. They have been rated in the "Best Dad Gum" team poll in the Reporter-News for several weeks. We feel the Big Red will be ready for the game Saturday night and the Gorman fans are looking forward to the Panthers playing the Meridian team.

Fans going to the game should know that Gorman will be on the visitors side of the field and that game time will be 7:30. If you go into Comanche on the De Leon highway you can turn to your left on the road going to the bus barn and the parking lot for the visitors in on this street. Admission for this game will be \$4 for adults and \$2 for students.

Supt. G. W. Maxfield has expressed the appreciation of the entire school system and all the Gorman fans for the outstanding treatment of the Brownwood Chamber of Commerce and folks in Brownwood for the District playoff game. The folks in Brownwood just treated us all royally and we want them to know we appreciated it.

Don't forget that the day will be Saturday and the time 7:30 at Comanche.

The Gorman Panthers took another giant step toward their coveted dream on Friday night by defeating a

strong Miles team by the score of 44 to 6 to take the District 7 1-A Title and the right to advance to the Bi-District playoff game this Saturday night against a highly rated Meridian team at Comanche at 7:30 p.m. Saturday night.

The Panther defense stopped the Miles team on their first possession and forced a punt on fourth down. However, the snap was bad and the Panther defense gave the offense the ball on the Miles 7 yard line. From there the Big Red scored in three plays with Jimmy Johnson getting the final 4 yards with 9:07 left in the period. The run for points failed and the score was 6-0.

The Panther defense again held the Bulldogs on their next possession and the Panthers got the ball on the Bulldog 34 after a short punt. And from there lightning struck quick as Jimmy Johnson took the handoff and played his blockers well and raced the distance for the score with 5:53 left on the clock. A pass try for two points failed and Gorman lead 12-0.

The Panther defense again did their job and the Panthers took the ball on their own 34 following the punt and scored in 4 plays. Following a 2 yard run, Jimmy ran for 11 and a first down. Then Scotty Mauney broke open behind some fine blocks by the front wall and went 25 yards. The Bulldogs were called for a 15 yard penalty and then Jimmy got his third touchdown on a 14 yard scamper with 2:13 left in the period. Again the run for points failed and Gorman lead 18-0.

The Panthers got the ball again on their own 25 after the Big Red defense had forced Miles to punt and the offense scored for the fourth consecutive time. Following runs of 4, 1 and 13, Jimmy got his third TD on a beautiful 57 yard scamper with 9:57 left in the first half. The kick for point after failed and the score rose to 24-0.

But the Panthers were still not through with their consecutive scoring drives as they took the ball on their own 20 and scored in just 3 plays with Jimmy getting his fifth TD on an electrifying run of 83 yards with 4:39 left in the half. There were some great blocking on the right side of the Gorman line to spring him loose. The kick for point after was blocked and the score stood at 30-0.

The Panthers got another score on their sixth consecutive scoring drive when they took the ball on their own 41 and moved the distance in 6 plays with Jeff Seaton passing to Mark Swanner in the end zone for 21 yards with just 11 seconds left in the half. Again the kick failed, but the Panthers had closed the lid on this one with the score standing at 36 to 0.

In the second half the Panthers scored on their second possession, getting the ball on their own 2 and going 98 yards in 18 plays and a time consuming drive with Scotty Mauney getting the final 2 yards with 36 seconds left in the third. This time Seaton passes to Dane Gressett for the two pointer and Gorman led 44-0 to end

GOOD STRONG DEFENSE — Shown above are Ray Bond, Harvey Bryan and Jimmy Johnson putting a fine tackle on one of the Bulldogs best runners. The play stop a long drive started deep in the Bulldogs territory.

PANTHER COACHES: Above is Doug McCarty, Allan Gibbs and Dail Ables sharing the trophy in which they help the Panthers to win in game action held in Brownwood against the Miles Bulldogs. The final score was 44 to 6.

HEADS UP RAMBLING — Jimmy Johnson is shown eluding some Bulldogs defensive men to brake out into the open and scamper 57 yards for a TD with 9:57 left in the second quarter.

their scoring for the night. The Bulldogs got their lone score with just 1:59 left on the clock going 52 yards in 11 plays with West taking a pass from Townsend for 10 yards for the TD. The run for points failed and the final score read 44 to 6.

Enough cannot be said for the Big Red defense who did a great job all night even though they faced a line that outweighed them by several pounds. They gave the offense the ball in good position when it really counted and are to be highly congratulated on their game winning effort.

ACCIDENTS WITHIN CITY LIMITS HAS SURPASSED LAST YEAR'S RECORD

The Gorman Police Department reports that last year's record number of traffic accidents within the City Limits has now been surpassed. During the past year 1980, there were twenty-five accidents, five of which resulted in personal injury. As of November 15, 1981, there have been twenty-seven accidents reported, which resulted in four injuries and one fatality.

The holiday season is upon us, and with the increased volume of holiday traffic, the likelihood of having an accident is greatly increased. Please heed the signs that are placed on the roadway for your safety, especially the stop signs and speed limits signs.

According to the Texas liday, Mr. and Mrs. Alton Wright, Frankie Jo Shipman, June Dosey, Mr. and Mrs. Paul Skinner, Mr. and Mrs. Fred Watkins, Gladys Cham-bless, Mr. and Mrs. Stanley Porter, Hazel Smith, Mr. and Mrs. Dean Bennett, Alice Eakin, Iris Preston and special guests, Mr. and Mrs. Brent Lasater and Bryan.

HOSPITAL REPORT

SENIOR CITIZENS NEWS

Well Joe, I saw my eye doctor on Friday 13th and he said "Finis" as far as writing and reading is concerned or practically so.

I wish to thank my many friends. To all that were offended, I will say I wrote what I honestly believed was the truth.

Bless you all is my prayer. To the Big Red and all

LETTER TO THE EDITOR

To Whom It may Concern: I am proud to be a citizen of Gorman. I am proud of our town and the people here. I do not like to complain, but I would like to say something that I believe needs to be said. We live on the road that goes to the City Dump. This past week, someone dropped lumber all down the road, on their way to the dump. We had to pick up about a load of lumber before we could drive home. This was strowed for about 1/8 mile and it had nails in it. A few months ago, I ruined two tires because I accidentally ran over some lumber on our road. For those persons who are travel-

ing to the dump with a load of lumber or junk; Please drive slow enough so you won't lose anything or please stop and pick up what you do lose. Please have a little consideration for persons who live on the road and must travel it every day.

Thank You
Mrs. Billy Taylor

Thanksgiving ... A Time For Us To Count Our Blessings

We have much to be thankful for in this great land of ours. For we live in a nation of abundance and opportunity, health and prosperity. Where freedom is our birthright... and brotherhood our life spirit.

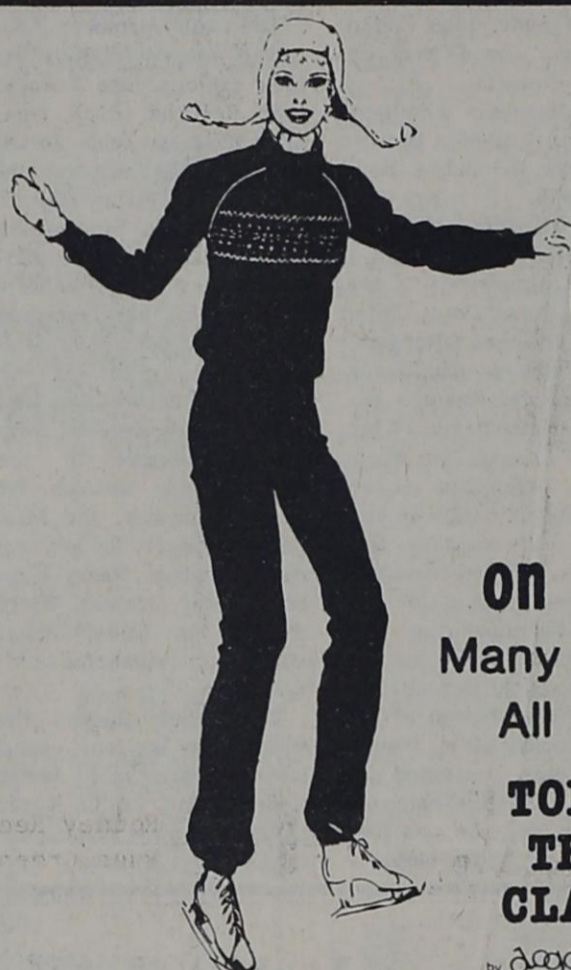

This spirit of brotherhood is one that our forefathers exemplified on the first Thanksgiving. And from it we have established a lasting sense of loyalty, compassion and respect for one another. For this we are truly fortunate.

Let's take this holiday as a time to reflect on all that we have to treasure. And celebrate Thanksgiving in the true tradition of peace, unity and love.

Both important: energy and the environment . . .

let's keep our balance.

We Americans have built a great nation through productive use of the country's vast energy resources. Sometimes, though, things have gotten out of balance when long-term effects on our environment were overlooked.

Today most of us recognize the need to preserve the quality of our air and land and water, now and in the future. But the pendulum has swung too far.

At your electric company, we are faced with some laws which raise

the cost of electricity without any significant benefit to the environment.

For example, a 1977 amendment to the Clean Air Act requires that plants using low-sulfur coal emit less sulfur dioxide than those which use high-sulfur coal. This requires more air quality control equipment on plants that use low-sulfur coal than is necessary to protect the environment. Ultimately, this will penalize our customers by increasing the

cost of electricity from our future low-sulfur coal plants.

There's a lack of balance here that's costing all of us. Only the U.S. Congress can put it right by changing our laws so that they can be applied intelligently and made to work. Good regulations help keep a balance — let's get the benefits we're supposed to, and be sure they're worth the costs.
