Joe Bennett, Publisher

Everyone is thanking the Good Lord for the marvelous rain we have received in the community the past weekend where more than four inches ed rain has been reported.' A larger amount was reported to the north of Gorman. This is a great boost to the outlook for peanuts this year as

hings were really looking rather bad as far as moisture was concerned and the peanuts were beginning to hurt due to the heat and lack of moisture. Everyone is hoping and praying that we will get another good rain within a couple of weeks or so and then the outlook will be really bright. The Good Lord has truly blessed this area and we should remember this in

our prayers. The cool weather that followed the rain was welcomed by everyone as it really cooled things down, especially in the evenings. -J-

I sure want to thank Mrs. Arnold Butler for the great cantaloupes she brought in. We carved those lucious things up and devoured them with some good old brown beans and cornbread. Thank you again Joan, the cantaloupes were marvelous.

I think the rain will also benefit the cotton crop in the area also as it came at a crucial time and will surely help to boost the yields, especially in this area. Several farmers in the community have planted cotton this season.

The conversations on Monday were also very bright as far as the watermelon and cantaloupe crops are concerned. The vines were still good and green and the moisture should really give the melons and cantaloupes a big boost.

The Panthers have begun workouts in pads and are preparing for the scrimmage with Tolar on Friday night. The Panthers will travel to Tolar for the their first

scrimmage. We anticipate that the Big Red will be a very good team this season with all the returning lettermen and a couple of newcomers joining the squad. The Panthers are one of the favorites to win the district title this season and it is expected to be a tough battle in the 7-A East Zone title race with Lometa and Goldthwaite fighting it out with the Panthers. Goldthwaite defeated the Big Red last season to win the Zone title and the Panthers will be seeking to change that this year. So we look forward to a season of great games this year.

We will publish a complete list of players as soon as the roster is completed. Rather than leaving someones name off the list we will hold off till the list is released.

Lets Go Big Red!

And remember to smile - because God Loves You! -GP-

FUND STARTED FOR BOBBY GRAY

A Bobby Gray Fund has been opened at First National Bank for Bobby Gray who underwent surgery last week for the fourteenth time. Bobby, eleven years old is the son of Bill and Sharon Gray.

Contributions may be made to the Bobby Gray Fund at First National Bank. Also containers have been placed in various business places in Gorman for contributions.

-GP-**DESDEMONA WINS** CENTENNIAL BOOTH

Desdemona won First Place in the Centennial Booth Division. Area communities entered in the competition.

Festivities Set Sept. 5

The Frank Gray Park Association has planned Labor Day Weekend Festivities for Saturday, September 5, 1981 beginning at 3:00 p.m. with carnival booths opening at that time. There will be a concession stand available serving sandwiches, barbeque, sausage, cold drinks, snacks, snow cones, watermelon and homemade ice

Beginning at 8:00 p.m. til 12:00 p.m. there will be a dance on the slab at the Park. Music will be provided by the TOPICS of Eastland and Abilene. The Park Association feels lucky to have aquired a professional band of this quality to play. Wear you "country duds" and come one out. Admission charge will be \$3.00 for singles and \$5.00 for couples.

Bring your family and follow the signs in Gorman to Frank Gray Park. -GP-

Letter To The **Editor**

The Special session of the Texas Legislature and Texas Senate failed to permanently repeal the Peveto Bill which was passed 2 years ago. Since this happened the voters of this state will fail to re-elect these state lawmakers on election day which would be the correct thing to

(Fannie) O'Brien, 86, of Eastland died at 3:30 a.m. Sunday August 16, 1981 at Eastland Memorial Hospital after a brief illness. Services were at 2 p.m. Monday at Bakker Funeral Home Chapel with the Rev. Jim Hooten, pastor of the First Baptist Church of Eastland, officiating, assisted by the Rev. Lee Fields of Carbon. Burial was in Pleasant Hill Cemetery.

She was born March 27, 1895, in Bell County. She moved with her family to the Pleasant Hill community where she married Hous O'Brien in 1920. They lived in Carbon for a number of years until he died in 1944. She had lived in Abilene and moved to Eastland in 1962 where she was an active member of the First Baptist Church, the Flatwood Home Demonstration Club and the Pioneer Club.

A daughter died in 1935, and a son died in 1965.

She is survived by two daughters, Mrs. H. L. (Lorena) Thompson of Lewisville and Mrs. John (Vermell) Edwards of Abilene; three sons, Ottis of Stanton, Willard of St. Louis, Mo., and H. V. of Eastland: a sister. Mrs. B. V. (Susie) Hibbs Brownwood; three brothers, C.P. Hastings of Eastland, and Bob and Grover Hastings, both of Carbon; nine grandchildren; and 10 greatgrandchildren.

Grandsons and greatgrandsons served as pallbearers.

NOTE OF APPRECIATION

We, the members of the Blackwell Hospital Auxiliary wish to take this opportunity to thank the numerous people who helped us by their donations in our project to put bumpers in front of the hospital and clinic. We bought forty-four concrete bumpers at a cost of \$15.00 each installed.

A special thanks to Milton Jensen, James Peppers, and Rudolph Haile for their help in re-striping the parking areas and to our mayor, Mr. Garrett, for buying the paint. The hospital personnel were most helpful in keeping the cars out of the area and the strings up. We will have a "Handicapped" sign in front of the hospital and the clinic. Please! No parking.

Thank you again. We love all of you.

GORMAN

By DeMarquis Gordon

The visit of the two Somalian Agriculturists to Estland County in July was a rewarding experience for me. Hopefully, they gained knowledge that will help them when they go back to Somalia.

Somalia is one of the poorest countries in the world. Many of their people Tuesday night in Abilene with Mr. and Mrs. Terry Lowry and attended the Summer Stage Finale at the Cullen Auditorium. Steve Gilbert is a member of the cast. They also visited with Mr. and Mrs. Larry Rodgers, Alice, Amy and Andrew and Mr. and Mrs. Olan Butler and an aunt, Mrs. Nesa Stewart.

Mr. and Mrs. Jamie Lewallen of Floydada spent Wednesday night with Mr. and Mrs. Glenn Jordan and Joe Miles.

Bro. Joe O'Neal attended the Tucker reunion at Camp Inspiration at Eastland on Sunday afternoon to visit with friends.

Mr. and Mrs. Woodrow Browning, Donna and Gary vacationed last week in San Antonio where they went through the Alamo and some Museums, and in San Marcos at the Aquarena, in Austin and Fredericksburg. They also attended the Texas Rangers baseball game at Arlington Stadium on Friday

Mrs. Ollie Nelson of Gorman was in Odessa on Monday for a checkup on her eye and spent Monday night with her son, R. A. of Welch. R. A. brought her back to Abilene on Tuesday for a medical test in Dr. Berry's office. They were met in

Abilene by Mr. and Mrs.

Clifford Nelson. Welcome to our new residents in the community. Bro. and Mrs. Jim Andrews, Jim Don and Billy have moved their mobile home to a corner of the Clearman place north of the Kokomo Baptist Church. Bro. Andrews is the pastor of the Kokomo Baptist Church and band director at the Gorman Schools. It is nice to have them in our

community. Mr. Ben Rollins has returned from a visit with his children, Mr. and Mrs. Ron Cross, Michelle, Joe and Julie and Mr. and Mrs. Benny Rollins, Benny, Elisabeth, Renee and Troy all of Morenci, Arizona. While there he was privileged to hear Ron preach at the Troy

Baptist Church. ICE CREAM SUPPER at the Kokomo Community Center on Thursday night, August 20 following the crowning of Kathy Snider as "Miss Kokomo". Everyone is welcome to come and bring ice cream or a cake and enjoy the festivities and fellowship. Please bring bowls and spoons for your family and guests.

Mr. and Mrs. Doyle Lynn Clark and family of Comfort, Mr. and Mrs. Harold Rodgers of Grand Prairie, Mr. and Mrs. John Steele and Kim of Everman and Mr. and Mrs. Charles Rodgers and Tammy of Gorman spent the weekend with their mother, Mrs. Ray Rodgers.

are starving. The knowledge these men take back will be worth much more than fin-

anical aid to their country.

I would like to thank the many people who contributed to their learning experiences in Eastland Co. Everyone we contacted was more than happy to assist with the Somalians' training. Rev. Jim Hooten helped us

Rev. Hooten lived in Uganda for fifteen years and is an authority on the history and customs of African people. Grover Hallmark and Craig Beskow of the Eastland

the first day with orientation.

National Bank helped the men with their financial business. Grover also invited the two visitors and me to lunch with the Rotary Club. The Somalians, Hagi and

Abdullahi received training by visiting Eastland County farms and agricultural stores. The farmers and store managers answered questions and showed them farm machinery and farming methods.

We spen one day with the Dan Childress family. Dan, Nancy, Scott, and Jacque were very hospitable and Dan was most helpful with his training. Mr. and Mrs. Donald Holder also hosted the Somalians one day.

Others who had a part in the training of Hagi and Abdullahi were Ted Higginbottom, Mr. and Mrs. Linden Boch, Mr. and Mrs. James Chesshir and Charles Walk-

Agriculture business who assisted in the training included Ronnie Pack of the Carbon Farm Supply, Franklin Cox of the Pioneer Farmers Co-Op, Mark Cooksey of Bramlett Implement . Co., Bob Perkins of Perkins Implement Co., and Jay Carter of C&D feed Store. One of the high lights of their visit was a tour through the Birdsong Peanut Plant at Gorman. Max Grice and the people at Birdsong's were very helpful.

Again, we would like to say thanks to all those who contributed to the training of these men.

We had one near disaster that ended well. One morning Hagi told me he had lost all his money, about \$470 in cash. After thinking of all the places the money might have been lost, we decided to go to Charles Walker's where we had collected pecan leaf samples the day before. We soon found the money in Walker's bermuda grass pasture. Apparently, one of his cows had decided to eat the money, but then changed her mind and spit it out in preference for green grass. The bills were hardly recognizable, but Craig Beskow was able to determine the amount of the money and replaced it with good clean cash. At this point Hagi purchased traveler's checks and said he had learned another lesson.

The dry summer weather is causing a stress on all crops in Eastland County while most of the state is boasting of abundant crop yields and good rainfall, Eastland County continues in the same drought pattern we have been in since 1974. We had good rainfall between May 15 and June 15, but other than that month it has been a very dry year. We have had a total of 13.69 inches of rain in 1981. In comparison, Dallas has had 30.63 inches in the same period. The average rainfall for Eastland County is 27.5 inches per year.

The Liberty Bell cracked in 1835 while tolling the death of Chief Justice John Marshall.

Dear Parent or Guardian:

The Gorman School serves nutritious meals every school day. Students in K thru 4th may buy lunch for 80 cents, 5th thru 12th may buy lunch for 85 cents. K thru 4th breakfast for 55 cents, 5th thru 12th breakfast for 60 cents, and extra milk for 15 cents. The milk may be adjusted during the year.

Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals. The reduced-price for lunch is 35 cents and for breakfast 25 cents. If you income is greater than those shown, but you have usually high medical bills, shelter costs in excess of 30 percent of you income, speical eduation expenses due to the mental or physical condition of a child, or disaster or casulty losses, your children may still be eligible.

The school children of varents or guardians who become unemployed are eligible for free or reducedprice meals, during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below

the levels shown on the

during the year for free meals or reduced-price meals for your children, complete the attached application at return it to school. The information given on the application is confidential and will be used only for the purpose of determing eligibility for free meals or reduced-price meals. Within ten days of receiving your application, the school will let you know whether or not your children are eligible. If you do not agree with the school's decision you have a right to a fair hearing. This can be done by calling or writing Gorman High School. 734-2614.

In certan cases foster children are eligible for these benefits. If you have foster children living with you and wish to apply for such meals for them, please notify us or indicate it on the application.

All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

CHARLES W. SHUMAN SWORN IN AS **FmHA ADMINISTRATOR**

Ashington, D. C. - August 4 -- Charles W. Shuman was sworn in today as Administrator of the Farmers Administraton Home (FmHA), the rural credit agency of the U.S. Department of Agriculture.

Shuman will direct the loan activites of 8,300 fulltime employees from 3458 State and District offices and 1,963 County offices in administering \$12.2 billion this year in loans and grants to rural families and communities for farming, housing, and community facilities.

Shuman, 46, has operated a cattle and grain farm with two brothers in Sullivan, Illnois, and was a member of the investment brokerage firm of Blunt, Ellis & Lowei of Decatur, Illnois.

He served as Illinois State Director of Farmers Home from 1971 or 1977. During that period, he also served temporarily as director of the agency's national finance office in St. Louis.

Shuman is a graduate of the University of Illinois with a degree in agriculture, and was a delegate to the Illinois constitutional convention of 1970.

He and his wife, Mary, have two daughters: Carol, a sophomore at the Univerity of Illinois, and Linda, a high school student.

Shuman said as adminis-

clubs from Eastland County. The first workshop was

presented by Kathryn Cawley, Consumer Representative with Lone Star Gas in Abilene. Ms. Cawley gave a festive program called "Surprise Packages." This program featured party, gift, and Christmas ideas 4-Her's and leaders could make.

Donna White, County Extension Agent, gave the next program on "Making Vegetable Garnishes." Mrs. White made and decorated a Lemon Fruit Mold, Vegetable Platter and Tangy Vegetable Dip. Bacon Stuffed Cherry Tomatoes, and Green Pepper Boats. Janice Woolley. Kelly Cooper. Kathy Choate and Laurie Cagle 4-Her's from the Cisco area assisted with the program.

The final workshop was given by Emily Perkins. Eastland resident and recent Baylor graduate. Ms. Perkins demonstrated seven different ways to fold napkins as well as the proper way to set a table. 4-Her's enjoyed viewing all the pretty place settings as well as learning how to fold a dinner mapkin so many different ways.

4-H is a non-profit organization and welcomes new membrs. To find out more about 4-H. please call the County Extension Office at 629-2222 or 629-1093 or come by our office located in the basement of the courthouse. The Eastland County 4-H Adult Leaders Association and 4-H Council sponsored the Food and Nutrition Workshop.

trator he would emphasize supervision and servicing of the agency's loans to existing

"We must follow through on our initial commitment to the borrower if we are to faithfully serve the needs of rural Americans," he said.

DISHWASHERS

In this age of energy conservation, energy options are an important consideration when buying an appliance. According to home economists from Whirlpool Corporation, newer dishwashers do the tough job of washing dishes, pots, pans and casseroles clean at quite a low cost. In fact, those accustomed to washing and

flowing stream of water may be surprised to find that more hot water, and therefore more energy, may be used in handwashing than by operating many dishwashers on the market.

The estimated average usage for a dishwasher is eight loads per week. According to energy costs based on U.S. Government Standard Tests, washing a load of dishes in a Whirlpool dishwasher costs only 16¢ with an electric water heater, and only 7¢ with a gas water

Newer machines also offer an energy-saving Air Dry option. By using this option instead of heated drying whenever possible, energy consumption can be reduced substantially. For older models without this option, the homemaker can simply turn the dishwasher off after the wash/rinse cycle is over and open the dishwasher door to let dishes air dry

GORMAN PROGRESS, AUGUST 20, 1981

Winning one of eight college scholarships or other prizes is enough incentive for thousands of young 4-H members to start planning their gardens long before the first sign of spring.

They'll be participating in the 4-H National Gardening Awards Program, with the hope of attending the National 4-H Congress to be held Nov. 29 through Dec. 3 in Chicago.

Winners of the gardening awards, sponsored for the sixth consecutive year by the Ortho Consumer Prod ucts Division of the Chevron Chemical Co., will be select ed from among some 400,000 participants at the county state, sectional and national

levels. The eight national

winners will each receive \$1,000 college scholarships. The national winners and ten sectional winners. will also be awarded free trips to the week-long Con-

gress. State winners receive

We've debated nuclear power long enough

We Americans have always recognized the need for full and orderly discussion of important public issues. From the neighborhood improvement association to the United States Congress, free-ranging debate helps us decide what to do. when, and how. And when the facts are in, we do it.

After 30 years we're still debating-and delaying-nuclear power. Some people worry that it's not safe, or too costly, or that the fuel's too scarce. The facts are: . In the 24-year history of U.S.

commercial nuclear power there has never been a nuclear-related

Electricity made with nuclear fuel is competitive with electric ity made from other fuels We have the largest proven reserves of nuclear fuel in the free world, and a dollar's worth of nuclear fuel contains as much energy as \$10 worth of imported oil.

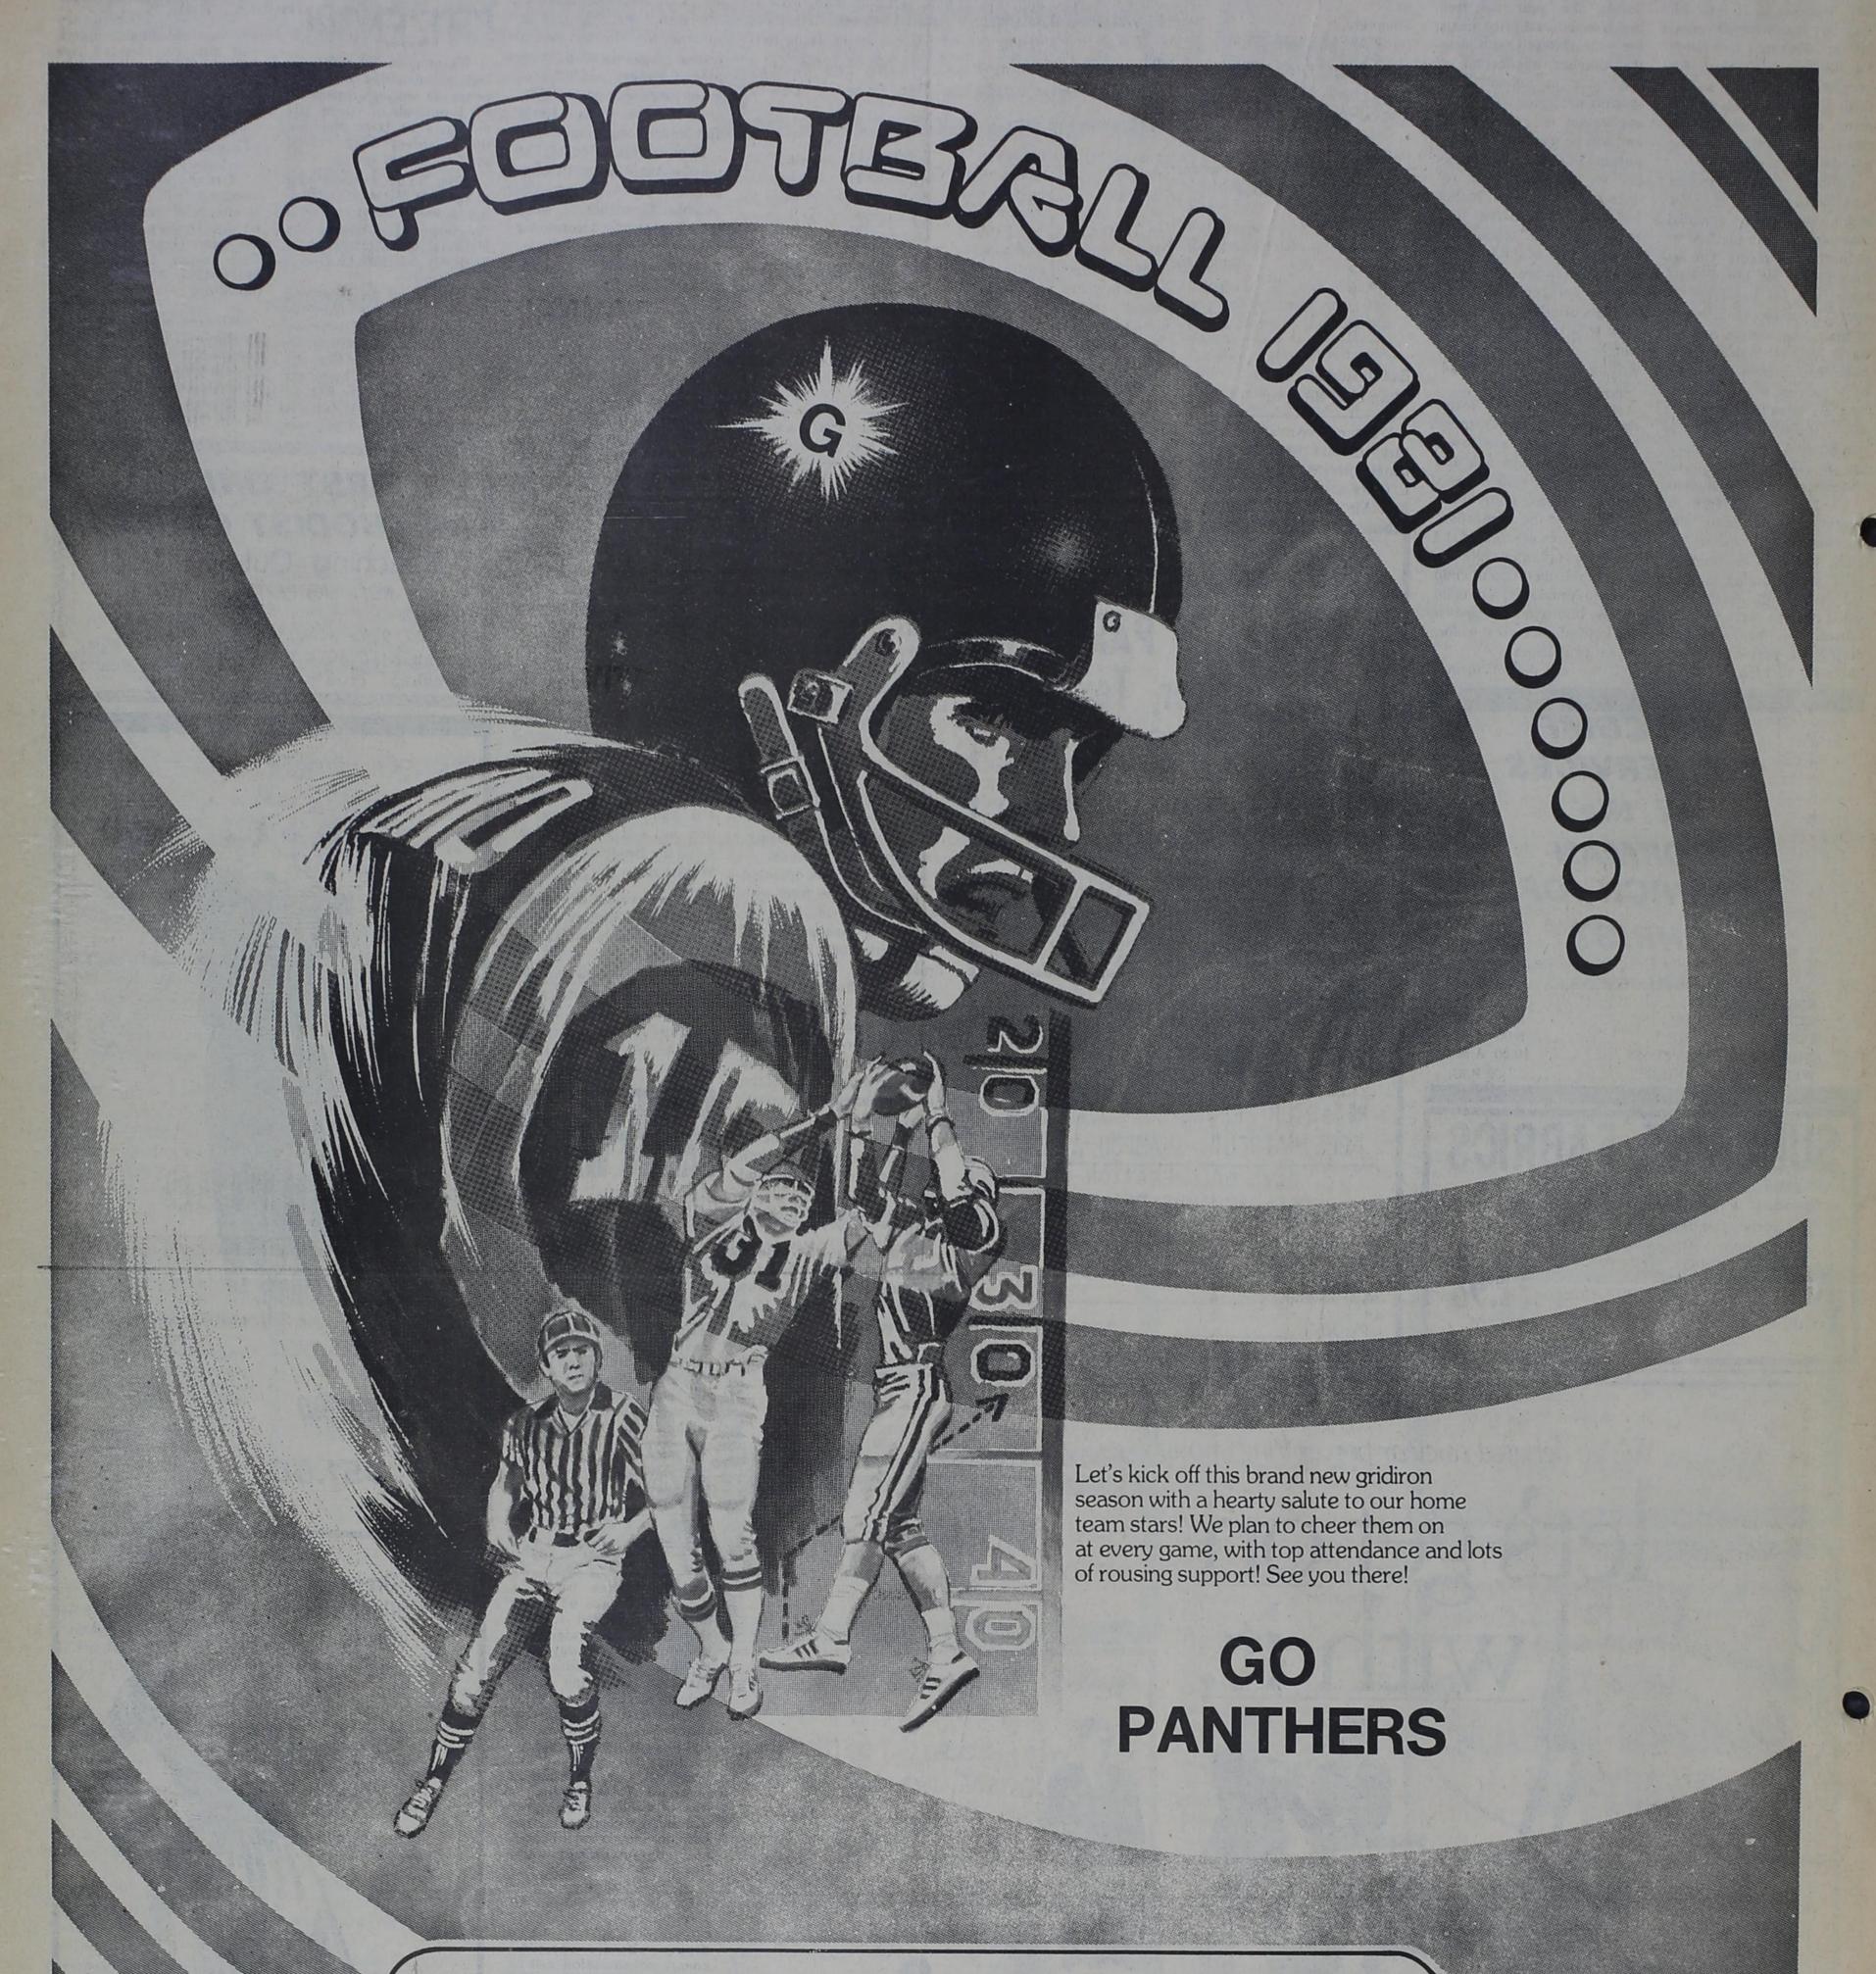

At your electric company, we believe the debate on nuclear power has served its purpose and now it has gone on long enough. Most

Americans agree that we should be developing the potential of this domestic and less costly fuel.

The record shows that nuclear power is clean, efficient, competitive and safe. And to supply the electricity we need to keep this area attractive for living and working, it's necessary. So let's get on with it.

Elegant Desserts In A Jiffy

The piece de resistance of a luncheon or dinner is dessert. Smooth and creamy...cool and refreshing...sweet and rich...an elegant dessert makes any meal a special occasion.

But many women no longer have hours to spend in the kitchen preparing desserts. They rely heavily on convenience foods and partially prepared products to

save time and energy.

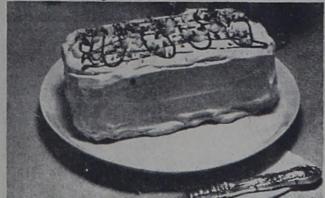

Presto, chango! You can become a kitchen magician in a matter of minutes by using a little imagination. Suggested here are three elegant desserts made in a jiffy with the help of con-venient, versatile concordgrape products.

Grape Mallobet is a smooth, creamy blend with a lavender tint. The recipe uses marshmallows, apricot nectar and concordgrape juice along with such staples as lemon juice, egg whites, salt and sugar. This luscious mixture can be kept frozen in refrigerator freezing trays and served on a moment's notice.

Looking for a cool, re-freshing dessert—something light to serve after a hearty meal? Concord Frappe is a frozen blend of three fruit juices-concordgrape, apple and lemon. Keep a batch in the freezer and scoop into glasses at serving time.

It's amazing what you can do with frozen pound cake. Keep two or three on hand for emergency desserts like Easy Elegant Torte. Just split the cake into three layers, then spread layers and frost sides with a mixture of whipped cream, concordgrape jam and nuts.

GRAPE MALLOBET 20 marshmallows

1 cup concordgrape juice 1/3 cup apricot nectar 1 tablespoon lemon juice

1 teaspoon grated lemon peel 2 egg whites Generous dash salt

2 tablespoons sugar Heat marshmallows and 1/2 cup concordgrape juice in top of double boiler,

folding over and over until

marshmallows are melted. Remove from heat and add remaining grape juice, nectar, lemon juice and lemon peel. Fold over and over until mixture is smooth and spongy. Cool. Beat egg whites to soft peaks, then beat in sugar and salt. Fold into fruit mixture and pour into freezing tray. Freeze until half frozen. Stir and freeze until firm. Makes 6 servings.

CONCORD FRAPPE

1 can (6-ounces) frozen concordgrape juice concentrate, thawed and undiluted

1 can (6-ounces) frozen apple juice concentrate, thawed and undiluted

3 cups water 1/4 cup lemon juice

In a bowl or pitcher, combine all ingredients and blend thoroughly. Pour into freezer container and freeze until mushy. Beat with a fork and return to freezer. Freeze until firm. Scoop into glasses to serve. Makes

EASY ELEGANT TORTE

1 package (11 1/4-ounces) frozen pound cake,

thawed 2 cups prepared whipped cream or whipped

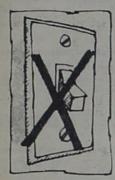

dessert topping 1 cup concordgrape jam 1/2 cup chopped filberts or pecans Concordgrape jam

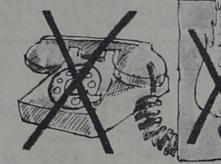

Chopped nuts

Split cake into 3 layers. Combine whipped cream, concordgrape jam and nuts. Spread 1/3 cup between lavers. Use remaining whipped cream mixture to frost sides and top of cake. Decorate with concordgrape jam and nuts. Makes 8 servings.

NOTICE

The natural gas industry has an excellent safety record. The fact that you can smell

natural gas is because we add a harmless chemical to it as a safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be natural gas leak, but we want everywhere, please follow these precautions:

Do not switch anything electrical on or off. Do not use the telephone in your own home. Do not strike a match. Do not do anything that might cause a spark.

Have everyone leave the house immediately, leaving doors open to help ventilate. 3 Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Keep Cool When Hot Days Hit

Citizens Band radio operators have earned a reputation for passing on helpful information that has helped reduce traffic congestion and frequently has saved

Looking toward a sudden hot spell that will bring on a rash of boiling radiators, Automotive Cooling System Institute offers some advice that might be disseminated via C.B. radio. If you're stuck on a limited access highway clogged with overheated cars, don't add to the confusion by causing your own car to boil over. Turn off your air conditioner! It can

According to the Institute, some hot weather traffic tie-ups are selfperpetuating-one stalled car begets another. A marginal cooling system will overheat when it is subjected to abnormal periods of idling, especially when the added burden of an air conditioner is placed on the engine. CB'ers could help alleviate the situation by

advising fellow CB'ers to keep their cool through the 'parking lot" (CB lingo for traffic jam).

To further reduce the

burden on your cooling system, put your car in neutral while you're stopped and run the engine at slightly

more than a fast role so that the fan can pull extra air

through the radiator. And if your car does overheat, pull it off the road as quickly as possible and do not attempt to remove the radiator cap until the temperature has dropped. When you do remove the cap, do it with extreme caution, protecting yourself with a wad of rags. Scalding water

could spew into your face. Whether or not you have a CB radio in your car, the following advice from ACSI can help you avoid engine overheating:

1. Give your car a good cooling system check-up be-This should include a pressure test of the system plus a careful inspection of all belts, hoses, connections and the radiator pressure

tem flushed and install new antifreeze coolant if you have not had this done during the past year. Be sure you use the correct fiftyfifty solution of antifreeze and water. It's just as important in the summer as it is in the winter.

Your automotive service dealer can check these important cooling system components for you. Or, if you're a do-it-yourselfer, write to AUTOMOTIVE COOLING SYSTEM INSTI-TUTE for their new booklet, "A QUICK COURSE IN CAR CARE." Send a stamped, self addressed number 10 enve-N.J. 07666.

your entire home - and you save money and electrical energy. Save on the purchase price. Evaporative

coolers cost less. Save energy and operating costs. Dearborn's Deluxe Cooler has only two parts that use electricity (blower and pump), and the water recirculates continuously
