The Panther fans were brought from doldrums to hysteria on Friday night at Santa Anna when they played the Mountaineers on a cold evening with a cold wind blowing. The Mountaineers shocked the Panthers and led in the ball game most of the way before the Big Red got a last minute drive going and scored with just 31 seconds left on the clock when Dane Gressett passed to brother Russ for an 8 yard TD to tie the score at 12-12. The Dane rolled out to his right and tossed a perfect strike to Eddie Pettit in the corned of the end zone to drive the Panther fans wild and pull the game out by the scorw of 14 to 12 in District 8-A play. The Mountaineers really surprised the Big Red defense with a fine running attack in the first half even though the game was scoreless at half time. The Mountaineers had taken the openimg kickoff and moved right down the field on the ground game from three to five yards

The bright spot of the night was the outstanding play of Ricky Hunter, who 10 brought the Panthers back 177 into the game with the 80 0 yard runback and also his fine defensive play, besides getting 16 yards on the ground despite getting trapped for two losses on running tries. Mark Swanner led the Panthers with 69 yards rushing and also had some key catches in the winning drive. He carried the ball 18 times. Jacky Johnson rambled for 58 yards on just 9 carries. Dane had a total of 6 yards on 4 keeps, losing yardage of 7 yards on a pass try and 2 yards on a keeper. Rhett

half of play but came back in the second half and did a pretty good job of holding the Mountaineers except for the scoring drive at the beginning of the third quarter. The Mountaineers had a couple of long runs but were held pretty well in check otherwise.

The Panthers will host the Evant Elks in the Homecoming Game at Brogdon Field on Friday night at 7:30 p.m. before an expected large crowd of homecoming fans. The Elks are always ready to play the Panthers a hard game as the rivalry between these two teams has been great for many years. The Harrison got 6 yards on the Elks don't have an outstandone time he carried the ball, ing record, but records mean and Eddie Pettit did not get a nothing when these two ball clubs get together. So this single handoff during the should be a real good game for the homecoming crowd to enjoy.

welcome these folks to our community

Also "Coach" and Mrs. Wilber Williams have purchased the former Davis Smith home and are in the process of moving. They are spending some time here preparing the home for full occupancy. We also welcome the Williams family back to Gorman. Mrs. Williams is the former Hallie Beth Scales.

-J-J. C. Akers came into the office the other day and was telling me of a peach tree that was blooming. The wife and I went by the Aker home on the weekend and took a picture of the tree. Hope the picture shows the pretty blooms on the tree.

We had not writtem anything about the Akers moving to Gorman, and for that we apologize. J. C. didn't say anything about it, but I thought about it as soon as I drove up to their place in the southeast part of town. They have removed the old home on the property and have moved in a mobil home and are trying to get everything fixed up. We give the Akers a belated welcome "back home"

Also when we were at the Akers we noticed that C. M. Swanner was in the process of building an A frame home just across from J. C. He had a lot of help from the boys putting up the house and it was coming along fine. There wasn't enough of the project completed to take a picture.

ball on a fumble at the

The Panthers had another 8 play drive just before half time but lost the ball on a fumble at the Santa Anna 31. Following the intermission the Panthers took the kickoff and lost the ball on a fumble on the first snap at the Gorman 38. The Mountaineers then started their scoring drive, taking 8 plays to score with Bodie Stark taking the ball in from the 1 with 8:47 left in the quarter. A pass try for two points was incomplete and the Mountaineers led 6-0.

The Ricky Hunter really brought the Panther fans alive on another of his outstanding plays for the evening as he took the kickoff about his own 20 and raced the distance for the score with 8:33 left on the clock. The run for two points failed and the score was tied 6-6.

But Santa Anna wasted little time coming back as they took the kickoff on their own 35 and moved 65 yards in 5 plays with Bodie Stark rambling 15 yards for the score with 6:32 left in the third. The kick for point was blocked and Santa Anna led 12 to 6.

The ball game was played on fairly even terms the rest of the way with several fumbles and a couple of interceptions being made before the Panthers took the ball on their own 46 and moved 54 yards in 9 plays with Dane Gressett passing a strike to brother Russ in the corner of the end zone from 8 yards out with just 31 ticks left on the clock to tie the score. The drive featured an 11 yard run by Mark Swanner, a thirteen yard run by Dane Gressett for a first down, and another 14 yards pass to Swanner for a first down at the 8 yard line, before Russ grabbed the pass for the TD. Then the crowd literally went wild as Dane Gressett rolled out to his left and hit Eddie Pettit in the corner of the end zone for the two point play to win the game 14 to 12 and leave the Santa Anna crowd stunned. This win still leaves the Panthers with a chance for the playoffs as the second place team if they can win the remainder of their games against Evant, Blanket and Rising Star. And that in itself could be a tough battle as the Evant Elks always play the Panthers extra tough, and the Blanket Tigers are also

looking for a playoff berth.

Eddie Pettit are about to put the finishing touches on a Mountaineer running back in game action Friday.

FINE OFFENSIVE RUNNING - Ricky Hunter is shown moving through a hole in the Mountaineer line after receiving a handoff from Quarterback Dane Gressett. Blocking for Hunter in the picture is Mark Swanner.

Kay said "it will be done soon" so I guess poor old Johnny has his work cut out for him. I told him that was "Squah work." Luckily, Max was several feet away from me at the time. This honey dew work is sure hard on us men folk.

Texas Pride to Perform For Homecoming Dance Friday Night

Texas Pride will be furnishing the music for the Homecoming Dance Friday night after the game between Gorman and Evant. The Junior Class is hosting the dance. The dance will be held at Frank A. Gray Park, southwest of Gorman. The Junior Class urges all ex-students and future exes to attend the dance.

For seven years THE TEXAS PRIDE BAND name has succeeded in weathering disappointments, member changes, one-nighters, long hours and long roads. Now the resulting five members have settled into a chance to produce true entertainment and gain that well deserved and needed self-satisfaction. While working with such well know performers as Alabama, Johnny Dee and the Rockett 88's and Hank Williams Jr., THE TEXAS PRIDE BAND has increased its own popularity.

A fast paced prsentation of current hits, country standards, and their own selected originals has produced an audience pleasing blend. The material variety guarantees THE TEXAS PRIDE BAND to put the people on the dance floor and keep them there till closing time. Their different musical styles has resulted in a sound that's more than just another country band.

The only original member of the band, TONY RIPLEY, moved to Brownwood three years ago. Gaining experience while playing with other bands his love of music never faded. Since forming THE TEXAS PRIDE BAND in 1975, performing has become an essential part of his life. As lead vocalist and guitarist Tony can deliver a song with the sincerity of a veteran performer.

Beginning his musical career as a rock'n rol guitarist and vocalist, HARRY

GLENN JUSTICE of Ranger, joined THE TEXAS PRIDE BAND and put his multitalents to work. Besides playing lead guitar and providing strong vocals, Harry has provided the band with their original material. While playing with the country rock band Sassafras for twelve years, Harry worked with Ray Wylie Hubbard and The Lost Gonzo Band.

Youngest member of the band is JOE WILLIAMS from Gorman, Texas. At the age of thirteen in Boonville, Mississippi, Joe began playing drums. While in Mississippi, he backed up Justin Tubbs, Becky Dee and other artists. Texas bound, Joe continuously increased his ability while playing with other bands. Since joining THE TEXAS PRIDE BAND, he has proven himself as a true professional

Providing an extra 'kick' in sound is DONNIE BINGHAM on keyboard. Upon returning to THE TEXAS PRIDE BAND, Donnie has shown what a special touch he has. From slow dancing favorites to the modern sounds, Donnie is a proven favorite with his audiences.

Newest member of the Band, ELY CASAS, is a welcomed addition to the band, adding experience in vocals as well as superb Bass lines. Eli is originally from Corpus Christi, Texas and now lives in Austin. Being experienced in all styles of music from Jazz to Country, he is definitely a big asset.

A dedicated combination of these five talents are making THE TEXAS PRIDE BAND one of the most flexible and entertaining groups around today. Performing to please their audiences is what keeps THE TEXAS PRIDE BAND in demand.

Glasgow, a onetime district attorney who replaced redoubtable conservative warhorse Tom Creighton, has won nothing but accolades from colleagues of all philosophical hues. While his voting record was conservative, it was his exceptional work in committee that gained widespread praise. 'He knows how to ask the right questions to dig out the facts,' comments one liberal senator. 'I would not be surprised to see Bob either as a committee chairman or on the Finance Committee next time out (either would be unheard of for a second termer),' adds a conservative senator.

Most college students dream of that perfect job offer upon graduation, and for Rose Mari Rountree this dream became a reality

> Rountree, a Fort Worth native, graduated from TCU last May ; with a degree in theatre. She is now teaching and performing as a full-time, staff member at Fort Worth's Casa Manana.

Rountree said she was offered the position after performing in Casa's production of Little Red, an upbeat musical version of Little Red Riding Hood, last anuary. 'Charles Ballinger, the

director, called me and asked what I would be doing this next year. I was thinking about going to by Roger Klepacki to graduate school, but he asked Rose Mari Rountree pauses me to come and talk with him." between a busy schedule of acting She said after talking with' and teaching at Fort Worth's Casa

Manana, Rountree was offered a job. TCJC asked her to audition for the choir and then encouraged her to Rountree performs in the shows audition for a musical. "I had and teaches three classes a

> The next semester Rountree took some theatre classes and was cast into another play, leading her to change her major to theatre in her sophomore year.

Rountree said she believes her late start in theatre was an advantage in that she had not previously formed any bad habits. Rountree speaks highly of the TCU theatre department. She said the department helped her learn how to learn by not forcing certain ideas on her but allowing some freedom.

"At TCU you have a freedom to use your creativity. like experimenting in studio shows and directing classes."

She also said that studying the human mind in an abnormal psychology class at TCU added another dimension to her understanding of what a certain character type might be.

While at TCU, Rountree played the part of Emily in "Our Town." Dorine in "Tartuffe" and the oldest daughter in "Fiddler on the Roof.

OCTOBER 28, 1982

Rountree said that she, like any other performer, sometimes worries about forgetting lines and is nervous before a performance. but she said the nervousness is good for her because it's an energy that she can work off of.

"I think that if I wasn't nervous then it would mean I didn't care. It's because I do care so much that I'm nervous.

Rountree said she prefers neither dramatic roles nor comic roles, but said the two drama forms are very different. She said

that comedy is harder for her. "In comedy there's an element of timing, and some people have it naturally. I don't think I did. I had to learn it.

Rountree said she would eventually like to get into film work but said she feels she needs more training. "I don't think you ever stop learning. My goal is not to be the movie star or the leading lady. I like the smaller, more important roles."

Rountree has done some commericals with Kim Dawson agency in Dallas, including one for Chevrolet.

Anyone who has a love for any of the arts could be involved in some aspect of theatre, she said. "You have to be a dreamer ... you have to face defeat. Eve faced it many times.

Describing herself, Rountree said, "I'm not a workaholic. I have to psyche myself up."

She said although talent is a aluable characteristic, luck has a lot to do with getting the roles.

Rep. Stenholm Honored

Rep. Charles W. Stenholm has earned the "Guardian of Small Business" Award-and an endorsement for reelection-from the National Federal of Independent Business (NFIB) for his outstanding voting record on small-business issues.

The nation's largest smallbusiness group presented Stenholm with the award because he voted with the majority of NFIB members 95 percent of the time.

On announcing the award, NFIB President Wilson S. Johnson said, "The voting record of Rep. Stenholm this Congress demonstrates that he is responsive to the needs of his state, because small businesses create the majority of new jobs and if left w liourisii, will be a major factor in restoring economic growth."

House members were rated on 22 recorded votes during this session of Congress. Issues ranged from cutting the budget to raising unemployment taxes and forcing the government to pay its bills on time. Those members of Congress who did not have recorded votes on at least 70 percent of the issues included in the ratings were not eligible for the award.

She added there are many talented people who don't get the roles for a variety of reasons. Rountree said if her theatre career does not work out, she has other skills and resources to fall back on, although she said a person can really work around

most any obstacle. Rountree played the part of Dorothy in Casa Manana's production of the Wizard of Oz. which ran from Sept. 24 through

With a new high-efficiency* water heater, 77,000 cubic feet of gas goes a lot further... more than 20% further.

You can still take 7,700 five-minute showers. With the gas left over, you can wash 1,022 loads of dishes and dry 785 loads of clothes.

"Oil and gas producers operating in Texas remain committed to the drilling of every well that is economically feasible," Rush added.

In addition to paying local, county, and state property taxes, producers in the county supported state government through production tax payments estimated at \$5.4-million, according to the Association. Crude oil taxes amounted to \$2.9-million, while natural gas levies totalled \$2.5-million.

Based on Texas Employment Commission figures, some 680 oil and gas industry employees in the county received wages of about \$12.2-million in 1981.

There are a couple of problems that I would like to call to your attention. The first one is parking in front of the ramps down town and the reserved space for the police car. We will be getting some signs up soon designating these spaces as a "NO PARKING" zone, but in the mean time, I am asking that you observe them.

The other item has to do with water being hauled form the filling station at the Firehall. This filling station is necessary for the filling of the fire trucks and has to remain unlocked at all times. It is also used by the public to fill tanks for private use. The problem is that those who get the water do not always come by the City Hall and pay for the water. We know that we are losing water there and have seen various trucks loading who have not paid. I am asking that anyone who has hauled water from there and have not paid to come by the City Hall and do so, and to report in the future when you get water. We are trying to work out some method to control this.

OPEN LETTER Open letter to the man that ran over and killed our little dog Friday, Oct. 15th. We know who you are -- there were 2 witnesses. It would accomplish nothing to give your name. What we don't know is why you didn't stop and tell us about our dog. Could it be because it wasn't an accident and you weren't sorry?

Let me tell you about that little dog. He had been ours for 61/2 years -- since he was only 3 months old. He stayed in our house most of the time. He had a "doggie

door" by which he went in and out of his own very securely fenced pen. He seldom ever went into the other yard. That Friday the wind blew our back screen door open and he got out. The few times this has happened he always just ran and ran and ran hard until he tired then he came in and slept. He never left his yard. He was killed on the edge of your drive. He didn't know to be afraid of cars for the only time he ever saw one was when he went to the vet's office.

What would you have done

if he had been a small child? Would you have hit that child and then just drive off to let it die alone in the street as you did our precious little Muggsy? He meant so much to us. Our children are grown and have their own families but we still had our 2 little dogs and we loved them so much. Now we may not have even one left for our little GiGi is grieving for him. She had been with him since she was 6 weeks old -- 61/2 years. Could it be you murdered 2 little dogs instead of just one?

Since you didn't tell us when you hit our dog we

STUFFING BEEFS UP THE MEAL

When beef is on the family menu, how do you add eating excitement instead of serving the usual potato and fixings? It's deliciously done with a new kind of stuffing mix made with real beef broth especially to go with beef. You'll enjoy the convenience of the new flavor because it's packaged with toasty bread crumbs, and a separate vegetable/seasoning packet. Set the clock, time yourself and see how easily it can be prepared in about 15 minutes in a saucepan on top of the stove. Serve plain on the dinner plate, as a side dish, or as a major ingredient in this Beef and Stuffing Pie entree. A mixture of prepared stuffing mix for beef and vegetable is baked in a ground meat "shell" for just 10 minutes. Strips of cheese on top of the pie melt, complementing the beef flavor. This recipe makes two 3-serving entrees. Serve one for supper; freeze the other, labeled as an "emergency" meal. BEEF AND STUFFING PIE

> 1 pound ground beef 2 eggs

1 package (6 oz.) Stove Top stuffing mix for beef

- 1/4 cup butter or margarine, cut in pieces 1-3/4 cups hot water
 - 1 package (9 oz.) frozen cut green beans, thawed
 - 2 slices (1 oz. each) process American cheese, cut into strips

Combine meat and eggs. Press lightly into bottom and up the sides of two 7- or 8-inch pie pans to form shells. Place contents of vegetable/seasoning packet and butter in bowl. Add water; stir just to blend and partially melt hutter. Add stuffing crumbs; stir just to moisten. Add vegetable and spoon into shell. Bake at 350° for 20 minutes. Arrange cheese around edge and bake 10 minutes longer. Cut into wedges. Makes 5 cups plus meat or 6 servings.

Keep your home up and help keep your electric bill down.

A large part of saving energy -and money - is simply a matter of cutting waste. And with electricity costing more, mainly because the fuel to make it costs more - conservation is more important than ever.

You can start by maintaining your own home. Seal cracks around doors and windows with caulking and weatherstripping to stop heating and cooling leaks.

Check attic ductwork to be sure it is sealed and well-insulated. If ductwork isn't properly maintained, much of your heating and cooling escapes into the attic.
