I told you in my last

article that I would bring

you some facts about the

Gorman Volunteer Fire De-

partment so that will be the

main thrust of this report.

First of all I want to express

"Thank You", for a job.

The Department is or-

ganized with Mr. Jack Har-

rison as Chief, Mr. Gene

Foster as Assistant Chief,

Mr. Johnny Ingram as Fire

Marshall, and Mr. Doug

Rainey as Secretary.

Through the leadership of

these officers there are

certain reports that that

must be filed each month.

A report must be filed with

the Texas Insurance Com-

mission and one with the

Eastland County Commis-

sioners Court. The one to

the State helps to keep our

key rate up to date. The one

filed with the County en-

ables the City to receive a

check for \$200 each month

to help with the fighting of

rural fires. This money

goes into the Equipment

Fund of the Department.

This amount does not begin

to pay the cost of rural

fires, but it will help a little.

past ten months showing

the number of calls made

and the number of fireman

that responded to these

calls. During this period the

Department answered a to-

tal of 53 calls. Of this

number, only 12 were with-

in the City. The other 41

were outside the City and

are classified as rural fires.

Out of the 53 calls, 12 were

house fires. There were a

total of 207 men who res-

ponded to these calls. The

calls turned out to be

everything in between a

smoke scare and the house

I have reports for the

done.

Two students from Gorman have earned "Distinguished Student" status at Texas A&M University.

Recipients of the "Distinguished Student" honor must earn at least a 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period. The student must also be registered for 15 semester hours.

Students named to the list include: Kristy A. Barnett, junior, accounting and Dane O. Gressett, freshman, animal science. -GP-

Brandon Yates Places 1st and 2nd in Trapshoot

The 1984 Amature Trapshooting Association held its first meeting in Stephenville at Pigeon Road shooting range on Sunday March 4th. Brandon Yates using a 12 gauge Rimington 870 placed Second from the 16 yard marker and first from the 18 yard marker. Overall scores were unusally low because of the cold windy weather, and were not helped by the entermiting rain. This was Brandon's First competative outing which won him a beautiful silver plaque for his first place finish in the handicapped 18 yard marker.

Brandon plans on competing in about fifteen different Regional and State Trapshooting meets during

Station. This is going to take the effort of all of our citizens. This should be a joint effort of the people in Gorman and all of the surrounding community. If there is anyone out there who would like to help with this project, you may leave your contribution at the City Hall or with one of the four men I named earlier. Remember that our trucks have no city limit barriers, they go where every they are needed. If you appreciate what they have done and are doing, pitch in now

There is only one item that I mentioned in an earlier article that I want to recall to your attention. On Thursday, March 15 we will again be discussing the requested rate increase by Lone Star In the very near future Gas Company. If you have City with the help of the any input on this matter, Fire Dept. will be starting please let us know or show
