GAME AT A GLANCE Gorman 15 **First Downs** Yards Rushing 158 Yards Passing 113 4 of 9 Passes Comp. 6 of 16 Interceptions **Fumbles** Lost

Iraan Hunter and a 6 yarder by 19 Rhett Harrison. The pass 160 try for two points failed and 14. 144 the Panthers had pulled to within 8 of the Braves.

PANTHERS END SEASON IN

The Braves got another drive going before halftime when they took the ball on their own 28 and moved the distance in 8 plays with Thomas Clay catching a long bomb of 40 yards for 1983 season on Saturday the score on a fourth down night with a hard fought and 27 yard play with 1:56 26-20 loss to the Iraan left in the half. The kick for

The Panthers were still the Panthers falling behind fighting for the victory, 14-0, then coming back to however, and took the ball try and win but falling short on their own 42 and scored when they were unable to with just 1:02 left in the half hold the Braves late in the with Jeff Seaton scoring on ball game. Time ran out a quarterback keeper for with the Braves leading by the final yard. The Braves were called for interference The Braves got on the on a 30 yard pass play. scoreboard first when Jesse Then following runs of 3 Banner ran 17 yards for the and a minus 2, Seaton hit

quarter. Abel Rodriguez pass and run that set added the PAT and Iraan Gorman up at the one. Swanner made a marvelous The Panthers took the catch on the pass which was and moved to the Iraan 5 his way to the one yard line vard line but failed to score. before being knocked out of kicked the PAT and the third quarter with neither

The Big Red came back The Braves got a drive with 3:46 left in the half and started midway through the

Swanner for the score. The 3 plays with Ramon Mendrive featured a 14 yard run dez going the final 30 yards by Swanner, a 7 yarder by with 7:19 left in the game. The pass for two points failed and Iraan led 26 to

> The Panthers took the kickoff and started from their own 32 and scored in 8 plays with Hunter hitting Swanner on a 19 yard pass with 4:05 left. The try for two points failed and the score read 26 to 20 with 4:05 left in the game.

The Panthers kicked off to the Braves but could not stop the drive and time ran out before the Big Red could gain possession.

The Panthers really put all they had into this game and the Panther fans have nothing but praise for the Big Red and for the great season they have hau. The Panthers were not expected to go near as far in the playoffs as they did and it is a tribute to the players and coaches for the outstanding job they did this season.

Ricky Hunter led the Panthers on the ground with 82 yards on 12 carries. Mark Swanner had 48 on 18 tries and was held to short gains because the Iraan defense was keying on him. Rhett Harrison got 34 yards on just 5 carries, and Seaton had a minus 6 on 4 keepers.

We congratulate the Panthers on a fine season and urge everyone to see the full page spread congratulating the Panthers elsewhere in this issue with

J

Hope everyone had a great Thankdgiving holiday and got all the turkey eat up where you won't have to eat turkey salad for a month. The only bad thing about the holidays (all of them) is that yours truly always tries to eat everything in sight. Ugh! I probably gained a hundred pounds. Oh well, I will starve myself until Christmas, then start all over again.

Anyway, we hope that the Good Lord blessed your and yours during the holidays and that he will continue to do so in the future. May you always enjoy happy times with those you love.

More News and Views From Blackwell Hospital

(This is a weekly column provided as a public service to this community on behalf of the physicians, staff, and management of Blackwell Hospital).

Many people eroneously believe that hospitals "rake in the cash" and that its managers are rich and unfeeling. We've discussed a little about your medical bills; now, let's find out why you pay those seemingly high costs for hospital care.

YOUR MONEY, **NEVER YOUR LIFE**

(1st in Series) By Dieter Carlton

When we go out to buy a car, we think little about the prospect of paying \$5,000 or \$10,000 for a product that costs a little more than \$3,000 to build. It doesn't even occur to us that at least three parties stand to earn a profit on this vehicle, the manufacturer, then the distributor, then the dealer. We think even less about paying \$35 an hour for a plumber or \$40 a night to sleep in a freshly made hotel bed, or \$30 for a pleasant evening at a posh suburban restaurant. BUT, CHARGE US \$2,000 FOR SIMPLE GALL BLADDER SURGERY AND THAT'S THE "LAST STRAW".

One of the main reasons we get all stirred up about paying \$2,000 for health care is because we preceive that someone has put a price on our lives--that this is what it takes to keep us in the world, or else! But, let's think a minute! What's worth more, a \$7,000 car or a \$2,000 human life? And, more imporattack", McDonalds earns more than five times that in profits.

Many people say that hospital costs are so high that government controls should be imposed. Well...let's see...the state of Maryland is a government controlled state and its health care costs are 42.1% higher than they are here in Gorman. Pennsylvania's costs are 54% higher than ours. Massachusetts is even higher, and so on. In fact, Texas health care costs are 16.9% lower than the national average.

Perhaps you prefer free medical care. Well...let's take Sweden, for example. Swedes pay nothing for medical care, or do they? Putting aside the assemblyline quality of Swedish health care delivery, let's see who pays "through the nose".

A Swedish tax expert prorated the taxes paid into medical care and discovered, to no surprise, that the average Swede pays extraordinarily high taxes for "free" medical care. In fact, according to Newsweek Magazine, the average Swede, through tax assessments, actually pays \$233 more per year than it costs the average American for medical care. The other thing is that poor people, who pay little or no taxes at all, will get the same medical care, under a free system, as the above average tax payer. Wonderfull But, is that fair? And, there's more! Free services always increase demand. A Canadian physician, attempting to meet the demand for free medical services, worked about 80 hours per week to see 160 patients each day. That's six minutes per patient. IS YOUR LIFE WORTH SIX MINUTES?

Meridian Church of Christ. Burial was at Desdemona Cemetery, directed by De Leon Funeral Home.

Born Dec. 12, 1901, in the Hassie community in Comanche County, she married Z.L. Koonce Oct. 7, 1925, in Comanche. He died Sept. 15, 1975. She was a member of the Desdemona First Baptist Church.

She was preceded in death by a brother and two. sisters.

Mr. and Mrs. Joe Barnes of Denver, Colo. and Don and wife, Marilyn, and their son, Micah of Bedford spent Thanksgiving with their father and step-mother, Mr. and Mrs. Ernest Barnes.

tantly, what costs more, building a car or saving a life.

First, let's clear the air about profits. A hospital makes profits for one basic reason--to improve its capabilities and thereby to attract highly skilled physicians and professional personnel to better take care of patients. Because of the high cost of operating a hospital, less than 5% of its revenue can really be called profits. That's really something when, for giving us a "Big Mack'

Let's face it, hospitals need money to improve services--to be able to save lives more efficiently. What's that worth to you? To some people, it isn't worth anything. In fact, one out of every 20 people treated at this hospital simply do not pay their bills. We'll get your money, perhaps, but never your life.

We'll be getting more into detail on health care costs in later issues.

Gas heat for penny pinching no one will suspect.

Whether you own a mansion or . . . well, something a little smaller, natural gas can heat your home for less. In fact, high-efficiency gas furnaces heat homes for about half the cost of non-gas types.

And they keep gentle, warm air flowing evenly. So you save money without skimping on comfort. And, just to make things even more comfortable, most come with a 20-year limited warranty on the heat exchanger. So get more for your money and get a gas furnace for your home. Today. You'll be pinching pennies, but no one will ever notice.

What does a clean filter have to do with saving money?

n here are b lots of ways to save money. One is to check the filter in your heating and cooling unit once a month.

The filter is there to collect dust and lint. But when it's dirty, your unit has to work longer and harder to heat and cool your home. And that leads to

higher electric bills.

If your filter is permanent, clean it; if it's disposable, replace it. A clean filter can help you save money all year long.

And those other ways to save? You'll find them in "The Unhandy Person's Guide" from Texas Electric. If you need one, call us - or ask for one on the com-

ments portion of your bill.
