WPB Approves Texas To Illinois Pipe Line

WASHINGTON, June 11 (AP)—The War Production Board has approved construction of the world's largest petroleum conduit—a 500-mile, 24-inch pipeline from Longview, Texas, to Salem, Ill.—to increase the flow of oil to the east. The pipeline is to be completed about Dec. 1 and will deliver 300,000 barrels of oil a day to the Salem area for transshipment east by tank cars, barges and Great Lakes tankers. However, Donald M. Nelson, chairman of the board, said it probably would be used primarily for fuel oil. There was no indication that it would bring any relaxation of eastern gasoline rationing.

Some officials expressed a hope that the line eventually would be extended from Salem to the New York-Philadelphia refining area. A Texas-New York line was requested by Petroleum Coordinator Ickes last fall, but WPB refused to grant priorities on steel. The Longview-Salem conduit, the WPB found, could be built of seamless steel tubing without interfering with delivery of steel for weapons or shipbuilding. It is expected to cost about \$40,000,000. The Reconstruction Finance Corporation is to negotiate the financing and decide whether the line will be government or privately owned. Eleven major oil companies proposed the pipeline originally and offered to do their own financing. Construction is to start in about a month.

Nazis Say Libya Base Captured

By The Associated Press
 Adolf Hitler's high command asserted today that axis troops had captured Bir Hacheim, southern anchor of the 50-mile British defense line in North Africa, while British headquarters declared that Free French defenders had beaten off a new series of assaults on the key outpost.

The Nazi communique said: "The fort of Bir Hacheim, southern pillar of the British defensive system, was this morning taken by storm after several days of bitter resistance by strong enemy units encircled there."

Nazis Press Reds At Three Main Points

MOSCOW, June 11 (AP)—Germany's armies and air force, increasing their pressure along the entire front, were attacking today at three main points; opening a new push from Kharkov in the Ukraine, hurling whole divisions against besieged Sevastopol, and battering at Murmansk from the air.

The Free French commander of the garrison had previously rejected six Axis demands for surrender. Confirmation of the German claim was lacking elsewhere and like past Nazi claims may be premature. London military quarters said they had no information to substantiate the German report.

Food Committee Called Together

WASHINGTON, June 11 (AP)—Secretary of Agriculture Wickard called the government's new wartime food committee together for its first meeting today to hear an optimistic report on production prospects in this country and to make a survey of prospective requirements for military, lend-lease and civilian needs.

British military circles, conceding the possibility that Bir Hacheim had fallen, said the immediate effect would be to re-orient the British supply difficulties around the British left flank.

Severe Battle Fought In China

CHUNGKING, June 11 (AP)—The Chinese have engaged the Japanese in a "severe battle" in Kiangsi province near Tsunglin, 60 miles south of Nanchang, and are increasing their harassing operations behind the Japanese lines in Chekiang province, to the east, the high command said tonight. The Tokyo radio broadcast a Domei report that the Japanese had occupied Tengpu, 60 miles southeast of Nanchang and approximately that far east of Tsunglin. A prize of the bitter Kiangsi-Chekiang province fight, the Hangchow-Nanchang rail line, runs through Fuchow midway between Tengpu and Tsunglin. A communique said that the walled town of Chubushan, surrounded by the Japanese in western Chekiang province, "remains in Chinese hands with severe fighting going on east of Changshan." Chenshan is 12 miles west of Chubushan on the rail line into Kiangsi province.

Allies Sink Sub, Hit Grounded Planes

ALLIED HEADQUARTERS, Australia, June 11 (AP)—Allied airmen listed a Japanese submarine and a number of grounded planes today as fresh victims of their southwest Pacific operations. A communique from General MacArthur's headquarters announced that a reconnaissance unit "seriously damaged and probably sank an enemy submarine off the coast." Eight others are known to have been destroyed in Australian waters recently. Allied bombs fell again yesterday on the airbase of Japanese-occupied Rabaul, New Britain.

Japanese Lose Two Million In China

LONDON, June 11 (AP)—Japanese losses in China up to the end of 1941 exceeded 2,000,000 killed and wounded. K. C. George Yeh, director of the Chinese ministry of information in London, declared today. Yeh said he was unable to disclose Chinese casualties, but added grimly: "I would be lying if I were to say we have suffered smaller losses than our enemy."

Eden said the treaty would remain in force until Russia and Britain recognize it has been "superseded" by adoption of proposals for a long-term system of international security but "shall remain in force for a period of 20 years and thereafter until terminated by either of the contracting parties." U. S. Ambassador John G. Winant was in the diplomats gal- lery of the house of commons when Eden made the announcement.

He heard the foreign secretary declare the "whole terms of the agreement" were published in a white paper and "there are no secret engagements or commitments of any kind whatsoever."

US-Russia Agree On Second Front Soviets, Britain Sign 20-Year Pact

Peace Time Plans Also Agreed Upon 20-Year Mutual Assistance Pact Signed By Nations

LONDON, June 11 (AP)—Pledging themselves to re-build Europe on the terms of the Roosevelt-Churchill Atlantic charter, Britain and Russia have signed a 20-year mutual assistance treaty "against Hitlerite Germany," Foreign Minister Anthony Eden announced today.

Newest Reports Reveal Two Japanese Fleets Broken Up Off Midway Isle

By The Associated Press
 Dramatic new accounts of the battle of Midway revealed today that American Flying Fortresses and other U. S. forces broke up two huge Japanese fleets, beat off an attack by 180 enemy planes and saved the Hawaiian Islands from invasion.

It declared that "in view of the great success" of Japan's far-flung invasion forces "we should not be disappointed at the loss of two aircraft carriers."

Hit-And-Run Conviction Is Returned

COLORADO CITY, June 11 (Sp1)—L. D. May, Mitchell county farmer, was found guilty of failure to stop and render aid by a district court jury returning its verdict here at 10 o'clock Wednesday evening.

The battle ended Saturday when pursuing U. S. forces lost contact with the enemy in the darkness. Eye-witness reports by American army, navy and marine fliers indicated there were about 20 ships in the transport force and "some 20 to 25 ships" in the battle squadron.

June Bond Sales Plans Outlined

Procedure to boost sale of U. S. war bonds in Howard county so that the June quota of \$91,000 can be met was outlined at a meeting Thursday noon of a group with County Chairman J. B. Collins.

Molotov Visits In Capital Secretly

WASHINGTON, June 11 (AP)—President Roosevelt and Soviet Foreign Commissar V. M. Molotov, the White House announced today, have reached a "full understanding" in conversations in Washington "with regard to the urgent tasks of creating a second front in Europe in 1942."

The White House, in a formal statement disclosing that Molotov had visited this country, gave no additional details on a second front. Nor did the statement say whether the agreement was to open such a front or not to do so.

Peace Time Plans Also Agreed Upon

The pact was signed on May 26 by Eden and Russia's foreign commissar, Vyacheslav Molotov, at the British foreign office, after the Russian statesman had arrived in London, enroute to Washington. Molotov now has returned to Moscow.

The United States was kept fully informed of the London negotiations, it was said. Japan is not mentioned in the British-Russian treaty.

The announcement was the first official disclosure that Molotov had been in the United States or London.

It was announced that Molotov had had "most useful and satisfactory talks with the president in Washington."

Paralleling the London treaty talks was a series of military discussions in which the "urgent need" of a second European front was agreed upon, it was announced.

Eden said that a "full understanding" had been reached with "regard to the urgent task of creating a second front in Europe in 1942," but whether the actual opening of such a front was definitely decided on was not stated.

The treaty provides "for common action to preserve peace and resist aggression in the post-war period."

It pledges the nations "not to enter into any negotiations" with Hitler's government or any German government that fails to renounce aggression.

Miss Laneous Notes

By MARY WEALEY
Read in the paper where Ballimore residents are going to get a chance to send a note to A. Hitler, for the price of a war bond. The billet doux will be tucked inside bombs destined for Germany. We've been writing him notes for a year, from this corner. Notes that he probably never saw, read or heard about but it was just our way of letting off excess steam in his direction when we got too pent up. So, just suppose he could read this. Well here's another love letter to Adolf. Dear A: When and if you want to school you must have been an awfully poor history student. If you'd studied more and brooded less you would have found out that all conquerors meet the same fate sooner or later. Yours may be later but you'll catch it anyway. Also Adolf, there isn't anybody bigger than the people. You may think you are bigger now than Norway, Denmark, Poland and all the others but that's where you slipped up again. You can bend them, you can break some of them and you've already killed countless of them, but the people are still bigger than you are and you'll be at their mercy some day—soon. You may think you can take all the ideals out of life except Nazism but people will still cling to things like honor, love, charity and Christianity. Yes sir, that religion is quite a point Adolf. It has survived from generation to generation, through war, fear, hate, drought and famine. In the space of one man's life time, Adolf, there's not much you can do about that. In fact, you remind me of a man who had two choices. To either walk around the hornet's nest, or hit it with a stick. You know by the stings you are getting what a poor chance you ever had. If you stay, you'll be stung to death. If you run now, you'll be chased to death. You really ought to have studied your history lessons better, Adolf.

Study Club To Have Last Meet On June 24th

Planning to hold the last session of the year on June 24th, the Child Study club met in the home of Mrs. Bill Tate Wednesday for program and business discussion. Mrs. J. E. Allred Ridicules O'Daniel And Pledges To Stand By President

Jimmy Allred brought his campaign for the U. S. senatorship to Big Spring Wednesday night, and he treated a crowd of several hundred gathered at the courthouse lawn to some of his masterful political oratory as he outlined his platform and loosed both barrels at the incumbent, W. Lee O'Daniel.

Allred, applauded frequently, spoke for about an hour and 20 minutes, telling the crowd at the conclusion of his talk that "I've

gone farther than I intended to." But before that he had fired invective, criticism and cutting ridicule at the man he always referred to as the "junior senator from Texas."

Not once did he mention O'Daniel by name, but he did refer to "Pappy" in a poem of his own composition which was a take-off on some of the O'Daniel verse. Allred made no reference at all to his other major opponent, Dan Moody.

Introduced by Jas. T. Brooks, who referred to his World War I record, Allred asserted he had responded to his country's call in 1917, and was responding again in this emergency, in offering his services where he thought he could be of most use. "I could not sit inactive on a judicial bench," he said, "while the world is on fire."

It was at O'Daniel's record on war issues that the former attorney general, governor and federal judge loosed his bitterest words. Allred quoted the record for his accusations and repeatedly made offers of a \$100 defense bond for anyone who will

prove this record isn't true."

"This is no time for obstructionists," the fiery campaigner shouted, "and the man who has not gone along with President Roosevelt in his war policies groups himself with the Wheelers, the Nyses, the Fishes and the Vandenberges—a similar group of wilful men who would crucify our president as that group who crucified Woodrow Wilson."

Allred aimed specifically at O'Daniel's vote against extension of the selective service act, and it was on this subject that he quoted his own poem. Allred quoted from O'Daniel's speech in the senate against extension of selective service, and said it was the same stand that Hitler and Hirohito would have advocated.

"Our president wanted this extension bill passed," Jimmie asserted. "And he has been way ahead of us all in the conduct of this war. I prefer to go along with him over all the Monday morning quarter-backs in the country."

For his own part, Allred pledged all-out support for the president in the conduct of the war.

He outlined his platform as containing four main points: all-out cooperation to win the war; providing of services for the men in uniform; laying plans now for post-war readjustment; and the effecting of a durable peace to prevent a repetition of this war.

"There must be no strikes, no slow-downs, no obstruction of any kind by labor, capital or any other interest," he shouted. "There must be no unconscionable profits. There must be all-out sacrifices by everyone."

Allred ridiculed O'Daniel's attempt at passage of the anti-violence bill as a labor cure-all, saying that the present senator's "perfect bill" had been offered four times and had received only one vote—O'Daniel's own. Everybody must be out of step but O'Daniel, Allred intimated.

"As junior senator from Texas I want to stand side by side with President Roosevelt and help frustrate the designs of the isolationists," Allred concluded. "This time the obstructionists shall not deny America and the world the fruits of our victory."

"I do not pretend to possess all the qualifications a United States senator should have, but I do pledge such talents, such earnestness of purpose, such devotion to America and Christian ideals as God has given me. I ask all of you who want intelligent and effective representation in Washington, who want to restore respect for Texas, who want to win the war and win the peace, to help me carry on this campaign of principle and truth. The destiny of our nation may depend upon the influence that one real U. S. senator can wield."

Allred came here from El Paso. He had talks scheduled at Lamesa and Tahoka Thursday, at Lubbock tonight and at Amarillo Friday night.

Home First Aid Is Studied By Knott HD Club

KNOTT, June 11—The Knott home demonstration club met Tuesday afternoon at the home of Mrs. O. R. Smith for a program on first aid in the home. Mrs. G. S. Bass, Mrs. E. G. Sanderson, and Mrs. Paul Adams, who have received first aid certificates, had charge of the program. In a short business session, June 19 was set for the community recreation party with the Hiway and Vesimoor and Knott clubs participating. A contribution of \$250 was made to the U.S.O. fund and home defense goals were adopted after a report from that committee. A report of the radio committee and the Reporters association was given by Mrs. Paul Adams. Present were Mrs. Fred Adams, Mrs. Joe Meyers, Mrs. G. E. Sample, Mrs. S. T. Johnson, Mrs. J. W. Phillips, Jr., Mrs. E. O. Sanderson, Mrs. Roy Phillips, Mrs. C. J. Shockley, Mrs. R. N. Adams, Mrs. O. B. Gaskins, Mrs. Herschell Smith, Mrs. G. S. Bass and two new members, Mrs. Noel Burnett and Mrs. L. C. Ricketts, and two visitors, Mrs. Elgin Jones and Marjorie Smith.

Joyce Roman, daughter of Mr. and Mrs. Fred Roman, entered the summer school session at Big Spring Tuesday. She will stay in Big Spring during the summer.

Mr. and Mrs. Floyd Burnett of Odessa were weekend visitors of his brother and wife, Mr. and Mrs. Noel Burnett.

Joy Beth Phillips and June Adams are spending the week with Mrs. Adams' grandparents, Mr. and Mrs. John C. Adams of Cosmo.

With recent rains the farmers are looking forward to a lot of weed-fighting for the next few weeks. Cotton is up to good stands with the exception of a scattering amount which had to be replanted. Some sudan pastures will be ready for livestock in a short while and most feed and peas are ready for the first plowing.

Mr. and Mrs. Varnie Jones and Wynell and John Jones left Monday for Alameda, Calif., where Jones is to be employed in airplane manufacturing.

Walter Unger, son of Mr. and Mrs. R. H. Unger, is visiting his parents and other relatives before returning to Houston. He is with the army's meteorology service there.

Mrs. Edna Weed and daughters have moved to Tarzan, where she has been employed as principal of the school.

George Brashears is spending a few days with his family before returning to California where he is employed as a welder in the shipyards.

Toby Sanderson of Camp Blanding, Fla., is visiting his parents, Mr. and Mrs. J. W. Sanderson.

Women's Tourney In Semi-Finals

SAN ANTONIO, June 11 (AP)—Mrs. Guy Laros of Terrell, the only remaining former champion in the Texas state women's municipal golf tournament, plays youthful Miss Jo Henson of San Antonio today in the semi-finals.

The medalist, Mrs. C. W. Robertson of Terrell, plays Mrs. Alma Morgan of Baytown.

Brook Mays & Co. Open Piano Store In Read Building

Opening of the Brook Mays & Co. piano store in Big Spring has been announced, with W. L. Weaver, a veteran in the piano business, in charge.

The new firm is located in the Read hotel building, at 209 East Second. Weaver, who has been identified with the trade for 18 years, said that his firm had chosen Big Spring as an outstanding city of business opportunity, and that "we look forward to good business here."

Mrs. Weaver is associated with her husband in operation of the store.

The Brook Mays & Company is a pioneer concern on its own, and currently is celebrating its 41st anniversary. For the occasion, Weaver said, special prices are being offered for the next ten days on both new and used pianos. He extended an invitation to the public to come in and get acquainted.

Pre-Fabricated Houses In Small Townships Key To Post-War Living

CAMBRIDGE, Mass., June 11 (AP)—Two internationally-known Harvard architects, creators of many famous buildings in Germany, envisioned today a post-war America in which urban congestion would be relieved by new townships of about 5,000 people, ranged along a network of "super-highways," and consisting of low-cost, pre-fabricated houses costing as little as \$1800.

They are Dr. Walter Gropius, noted exponent of modern architecture whose school of design once was denounced as "Oriental" by Adolf Hitler; and Dr. Martin Wagner, former architectural adviser to the city of Berlin and to the Turkish government.

In interviews at an exhibit on post-war planning at Harvard, they said city slums could be cleared and a new era inaugurated for millions of industrial workers and farmers by the establishment of tiny, factory-residential towns that would be surrounded by individual farm belts.

Here are some of the theoretical details:

Everyone would walk to work in the factories, because the community would be only a mile in diameter.

You could set up housekeeping in a three-room unit, but if your family became larger, you'd get in touch with the pre-fabricated house people, and a truck would come with another bedroom.

Two shifts would be run in "smoke-free" factories, allowing smaller, more economical plants. And, the farmer could sell his produce to his neighbors.

Stockers Weaker At Local Auction Sale

Six hundred head of cattle went through the ring at the Big Spring Livestock auction Wednesday, but a large number of calves and cheaper grade cattle pulled the cash volume down to \$20,000.

Stockers were weaker and unsteady; fatter cows brought up to \$9.00; canners and cutters 8.00 to 8.80; fat butcher cattle up to 12.00 and ordinary or common butchers 8.00 to 10.00.

From where I sit...
by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.

Nebraska certainly is a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Fleets of wheatfields in Nebraska, too.)

But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

The beer people urge proprietors of retail places to conduct them properly and to obey the law. They urge consumers to cooperate, and ask the public generally to report law violations to the authorities. They send warnings to careless retailers and if conditions are not corrected they take the case up with the authorities. Naturally the authorities and the public have welcomed this as an added force in building respect for law and order.

That program is now operating in many states—and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somewhat, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

Summer School Classes Open

Classes for summer school enrollment in both high school, seventh and six grades are still open for those who wish to take advantage of the opportunity for securing extra credit, so officials reported today.

Students may enroll as late as Monday and still receive credit for class work. Summer classes are being held in all the high school English courses, social relations, mathematics, commercial law and arithmetic.

All seventh grade and sixth grade subjects are being offered and a year's credit in general mathematics can be obtained.

There are 28 students now in the summer classes which are taught by Reta Debenport, principal, Mrs. M. W. Paulsen, and Mrs. Earl Brownrigg.

Staff Sgt. and Mrs. John Compton of San Angelo are visiting this weekend with Mr. and Mrs. Escol Compton and Tom Compton.

The story going the rounds now about the gardening of Stoney Henry and Doug Orme is that the other eve about sundown they were both pulling weeds peacefully until Doug pulled one bunch and then looked down. He'd caught a rattlesnake instead of a weed. They claim you could have heard him downtown and that the speed he made getting away was remarkable.

Mrs. John Laysath and daughters, Martha and Betty, recently visited with Mr. and Mrs. B. V. Laysath in Fort Worth. Betty went on to Ennis to visit her grandmother, while Mrs. Laysath and Martha have returned here.

Wardens And Firemen Talk Organization

Organizational work was discussed at the first session of Air Raid wardens and Auxiliary Firemen who met at the city hall Wednesday night under direction of E. B. Bethell and in order to increase attendance—25 persons attended—the meeting night was changed to Tuesday evening.

The second class of this phase of civilian defense will get underway at 8 o'clock Tuesday evening. Classes will last two hours and will be held for five weeks. Information on incendiary bombs, fire protection, war gases, manning of pumps, use of ladders and small tools will be taught by the city firemen.

The first class of the course was completed with some 120 persons from Howard county taking part. An equal number or larger amount of persons are urged to take part in this second class.

E. B. Bethell reminded today that all senior air raid wardens and wardens who completed the first course will be expected to meet at 8 o'clock Friday night at the city hall for an informative session with regard to the proposed city blackout. It is urged that all these wardens attend the meeting.

County Agent Goes To Draft Meeting

County Agent O. P. Griffith attended a selective service meeting in San Angelo Tuesday, along with other agricultural men of this section. Purpose of the meeting was to study the present labor needs of the farms and ranches and to determine how the selective service will effect farm labor.

According to Griffith, it was generally agreed that key men in agriculture should not be drafted. However, only six months deferment is granted for any purpose now, and if a farm or ranch hand is deferred, his employer is expected to try to fill his position with someone not subject to service within the six months period.

WASHINGTON, June 11 (AP)—Price Administrator Leon Henderson has told a congressional committee of an unwillingness to grant a general increase of 25 cents a barrel in the price of crude oil.

An informed person disclosed today that Henderson stated his job was to keep prices down and that such an increase, as proposed by independent producers in the mid-continent field, would amount to \$365,000,000 yearly.

Return Of Lost Ration Books Asked By Board

The local war price and rationing board is asking that anyone who finds a lost sugar ration book at any time to return it to the local board as quickly as possible.

Persons losing a book cannot get a new one until a minimum of two months and then the board must act upon it before it can be granted. All books of deceased persons and of men going into any branch of the armed service should be turned in for cancellation.

The board has also called attention again to the days when canning sugar will be issued. The board handles the canning sugar on Mondays and Fridays only, from 8 a. m. to 5 p. m., and none can be issued on other days.

Ration Board Has Busy Day

It was a busy day in the ration board office Tuesday as dozens of applications for tires and tubes came before the board.

Truck tires were in greatest demand, and 42 of them were granted, as compared to five new passenger tires. Trucks also accounted for most of the retreads, as they got 31, while 13 were issued for passenger cars.

One new certificate for the purchase of an automobile was also granted by the board during the Tuesday session.

How to Get More Light from Your Lamps*

Good light that permits faster and better work is important these days, both in the factories and in homes. Dust and grime absorb much of the light that is needed for eyesight protection and better work.

To get all the light from bulbs and fixtures, wipe them with a damp cloth regularly and dust shades. Glass shades and diffusing bowls should be washed periodically, especially those in ceiling fixtures that cannot be wiped frequently.

Social Security Amendments Asked For Govt. Workers

Two proposed amendments affecting workers who have entered the armed forces and civilian employees of the United States government have been recommended to congress by the Social Security board, according to a statement made by Elliott W. Adams, manager of the Big Spring office of the Social Security board.

"The first of these two proposals," Adams said, "calls for the protection of the insurance rights of workers entering the armed services of our nation. This may be accomplished according to the board's idea by the 'freezing' of a worker's insurance benefits as of the date of his entry into the armed service. Another plan would be to extend the coverage of old-age and survivors insurance to include employment by the armed forces," Adams said.

The second proposal which is considered of vital importance to workers applies to civilian workers in the employ of the government. "While it is true these workers are receiving civil service rights, their rights under the old-age and survivors insurance system are jeopardized since, under the present law, employment by the federal government is not covered. The board has recommended to congress that the law be amended to protect the rights of such workers while employed on government projects."

It was emphasized by Adams that neither of the above proposals has been acted on by congress and it is not known when amendments to the social security act will be taken up. "It is our hope," Adams concluded, "that something will be done regarding these two proposals at an early date since many people are constantly making inquiries regarding them, especially the one affecting the worker who has joined the Army, Navy, or Marine Corps."

Youth Record Broken By Texas Graduates

AUSTIN. — The University of Texas established new age records this month for both boy and girl graduates.

Receiving degrees at the June commencement were Martin Grossman Ettlinger of Austin, 16, youngest boy ever to graduate from the university and Miss Sue Allyn Strickland, 17, of Nocona, youngest co-ed graduate in the more than 50 years since the university was established.

Ettlinger, a child prodigy, who graduated from high school at 11 years, was purposely held back a year by his parents. He made a record of all A grades in his college course. He will enter Harvard university.

Ham And Vegetable Salad Are Full Of Vitamins For Energy

HAM AND VEGETABLE SALAD... See those vitamins!

By MRS. ALEXANDER GEORGE, Wide World Food Editor

Fruits, greens, eggs and other foods quite abundant right now and moderate in price, are fortified with vitamins and plenty of other properties just right to bring winter faded appetites up to summer standards.

So start a nutrition drive in your kitchen. Pay extra attention to planning, preparing and serving appetizing menus. Make mealtimes happy occasions, and soon the whole family will come out better fit to carry on their many strenuous tasks.

FISH SOMERSET: Combine 2 cups of regular vegetable white sauce with a cup of cooked fish

Ham And Vegetable Salad
1 envelope unflavored gelatin
1-4 cup cold water
1-4 cups hot water
2 tablespoons lemon juice
1-2 teaspoon salt
1-2 teaspoons sugar
Dash of pepper
1-2 teaspoons grated onion
3-4 cup mixed diced vegetables
2-3 cup diced cooked ham
1-3 cup chopped celery
2 tablespoons chopped green pepper

8-10 asparagus tips
Soften gelatin in cold water and dissolve in hot water. Add lemon juice, salt, sugar, pepper and onion. Cool, and when mixture begins to thicken, fold in remaining ingredients. Line sides of small casserole dish with green asparagus tips. Turn in and chill under firm. To serve, unmold onto platter and garnish with lettuce or water-cress.

(crab, white fish or salmon), 1-2 cup soft bread crumbs, 2 eggs or 4 yolks, 1-3 cup diced celery and 1 tablespoon each of pimiento and parsley. Pour into buttered baking dish. Stripe top with 4 pieces bacon and bake 20 minutes in moderate oven.

MUSHROOMS DORSET: Lightly scrub a pound fresh mushrooms with soft brush. Drain and add 2 tablespoons each onions, celery and green peppers and simmer 5 minutes in 1-4 cup fat (bacon suggested). Add 2 cups tomatoes and simmer 15 minutes. Pour in 2 cups boiled rice, 1-2 teaspoon salt and 1-4 teaspoon each, paprika and white pepper.

HAM-STUFFED EGGS: Cut 8 hard-cooked eggs in halves. Remove and mash the yolks with fork. Add 2-3 cup chopped-cooked ham, 1-4 teaspoon each, salt, paprika and celery salt, 1 teaspoon minced onions and a little parsley. Roughly refill the egg whites and set them upright in a buttered, shallow pan or dish. Add a cup each of canned (or homemade) cream of mushroom and cream of asparagus soup. Sprinkle with 1-2 cup grated cheese and bake 20 minutes in a moderate oven.

SPINACH RINGET: Simmer for

3 minutes, 3 tablespoons each chopped onions, green peppers and celery in 4 tablespoons bacon, olive oil or other fat. Add 4 cups chopped cooked spinach, 1-3 teaspoon salt, 1-4 teaspoon pepper, 2 tablespoons lemon juice, 2 tablespoons butter melted and 1-2 cup soft bread crumbs. Press lightly into buttered ring mold. Bake 20 minutes in moderate oven. Unmold and fill with creamed mushrooms and sliced almonds or asparagus sauce blended with chopped pimientos or fried dried beef in savory sauce.

VEGETABLE MEDLEY: Mix together 1 cup each cooked asparagus, peas, grated carrots and cress. Add 1 tablespoon each of chopped onions, sweet pickles and olives. Mix in 1-2 cup sliced radishes and 1-3 cup diced celery. Moisten with a little tart French dressing and let ripen, for several hours in bowl rubbed with cut garlic, in a cold place. Mix well and serve in bowl lined with more cress. Pass Roquefort Cheese Dressing. This salad with a hot dish, quick bread and fruit dessert gives a splendid build-up meal.

Sharks Give Up Their Liver To Help America Win War

By SAMUEL A. TOWER, Wide World Features

WASHINGTON—Tigers of the sea are helping to boost the deadly accuracy of the flying tigers of the United Nations.

The ordinary soup-fin shark, *Galeorhinus galeus*, to the scientists, has become the greatest source of vitamin A. Key to successful night flying. Since the war, West Coast shark fisheries have skyrocketed into a \$5,000,000 business.

The soup-fin used to be an awful pest—a net ruiner and bait-stealer. The Chinese used his dried fins for soup, hence the name, while his carcass was reduced for fertilizer.

Norwegian Supply Cut
When Hitler marched into Norway a large part of our vitamin A supply—72,000,000 pounds of Norwegian cod-liver oil imported annually—was cut off. About the same time, RAF pilots discovered daily doses of vitamin A reduced night blindness, and a dive-bomber crash disclosed that the Germans were using the vitamin to stop nose-bleeds.

The demand for vitamin A for

aviators, plane spotters, growing babies, nursing mothers and Mrs. Average Jones' diet had drug companies searching frantically for new sources.

T. J. Guarnagna, a San Francisco fish broker, is credited with starting the West Coast fishing boom. He played the worthless shark as a long shot, and resulting tests showed the liver of the soup-fin to be 100 times richer in vitamin A than cod-liver. The soup-fin is one of nature's curlicues, with a huge liver from 30 to 80 per cent of its weight. The oil content of the liver runs from 30 to 70 per cent.

Gold From The Ocean
The soup-fin's value, once \$10 a ton as fertilizer, soared in August, 1941, to \$500 a ton; September, \$1,200; October, a record of \$1,500.

Shark fishing means more than dangle a pole over the wharf and pulling up "gray gold," as the shark liver is called.

It's not exactly child's play to boat a struggling 75-pound shark. Shark's skins are tougher than sandpaper and severe cuts and

GRAY GOLD—Sharks like this, once almost worthless, now are highly prized for their livers, a source of vitamin-abundant oil.

bruises often result from wrestling with the monsters. Sharks for vitamins is a vast coast industry, and fishermen catch soup-fin and dogfish sharks from Mexico to Alaska.

Name Isn't Same, But They're Twins

SPOKANE, June 11 (AP) — Captains John C. Allen and Julius Mueller were born the same day, the same month, the same year.

Both fought in World War I, both were commissioned lieutenants in the National Guard in 1911, and both now are on duty in the headquarters of the Second Air Service Area Command. Allen is a former mayor of Poplar Bluff, Mo., and Mueller's home is in Amarillo, Tex.

Oh yes, their commissions advancing them to captains arrived simultaneously yesterday — their birthdays. The army didn't say which birthday it was.

Short-Changers Invade Town

Local business firms may well beware of short changers now, as a pair was reported to have worked their scheme in the vicinity Tuesday night.

It is a common occurrence for them to work a town that is experiencing an employment boom which draws transient workers. Tuesday night's instance was reported by a local liquor store. According to their story, one man entered and bought some liquor, paying for it with a ten dollar bill. A moment later another entered and purchased a bottle, and paid for it with a bill of large denomination. While his change was being counted out the first man came back in and said he wanted to pay the second man some money he owed and to buy another bottle of liquor. The money was placed promiscuously on the counter, and while the cashier was confused, both men left, taking with them all the money and the liquor.

Texas Tomatoes Are An Economical Source Of Good Nutrition Value

Texas tomatoes provide one of the most economical sources of good nutrition. The tomato enjoys prestige for several good reasons. One is that it passes all taste tests with its matchless flavor. It scores again on food value, because it's an inexpensive source of the necessary vitamin C. And it has eye appeal with the bright red of its coloring. In fact, the tomato is so colorful that seventeenth century Englishmen grew it purely for its ornamental value.

Tomatoes march hand in hand with the citrus fruits through every diet plan worked out by nutritionists. These two foods are the good old vitamin C standbys—almost the indispensables, so far as

this vitamin is concerned. They are commonly termed Vitamin C insurance. Although the tomato built up its reputation with the dietitians on the basis of its vitamin C content, that's not all this vegetable has to offer. It almost runs the gamut of the vitamin alphabet. Besides vitamin C, it supplies A, B1, G, and the pellagra-preventive factor.

Tomatoes are now moving from the Rio Grande Valley of Texas. Under the Texas law, tomatoes must be packed in standard lugs at shipping points. Three grades are recognized, U. S. No. 1, No. 2, and culls. The grade must be plainly stamped on each lug by the shipper. It pays to know the grade of tomatoes that you buy. Tomatoes are served in many ways both raw and cooked. Tomatoes contain enough acid to be rich in vitamin C even after they're cooked or canned.

Pin Your Fame On Pinwheels

If you're in a whirl about what to serve that's special-extra, pin your cookery reputation on Pinwheels. The way they look coming hot from the oven is shown above and the tested recipe for making them is given below. They're good as a fancy bread for breakfast, just right for dessert (with sauce or cream), they're glistening and flavorful because of the karo they contain, and can be reheated twice over!

Spicy Pinwheels

2 cups sifted all-purpose flour 3 tablespoons butter
1/2 teaspoon salt 1/4 cup brown sugar
3 tablespoons baking powder 1/2 teaspoon cinnamon
3 tablespoons shortening 1/2 cup dark karo

Sift together flour, salt and baking powder. Cut in shortening. Add milk to make a soft dough. Turn out on a slightly floured board and knead gently for 30 seconds; roll 1/4-inch thick. Cream together butter, brown sugar and cinnamon. Add karo and beat until well blended. Spread 1/2 of karo mixture over dough and roll as for jelly roll. Cut in 1-inch slices. Spread remaining karo mixture in a greased pan (8" x 8" x 2"). Place rolls in pan, cut side down. Bake in a hot oven (425° F.) 15 mins.; reduce heat to moderate (350° F.) and bake 15 mins. longer. Remove from pan at once. Makes 12 pinwheels. If desired, add 1/2 cup chopped nuts to above karo mixture.

Artificial Respiration Keeps Man Alive Five Months, Continues

JAY, Okla., June 11 (AP)—Artificial respiration applied by friends who have labored unceasingly for five months—night and day—has kept the spark of life burning in Mason Williams, 49-year-old school teacher.

To stop pumping breath into his wasted body would mean a strangling, suffocating death.

Dr. Frank Veroni, Jaff physician, said Williams was suffering from amyotrophic lateral sclerosis, a disease causing degeneration of nerve tracts leading from the spinal cord to the muscles.

Its first effect, he said, was paralysis of the muscles of the hands and shoulders. Later, it attacked the muscles used in breathing and swallowing.

When Williams began to lose control of his respiratory system, artificial respiration was applied. Some of his friends volunteered to help and for five months they have kept at it, working in relays.

Dr. Veroni said Williams' ability to breathe has been impaired about 75 per cent. Without artificial respiration he cannot speak or swallow.

When he is sitting upright, his friends labor over him constantly. When he sleeps they sometimes are able to stop for about an hour at a time. Then he begins to choke and respiration must be resumed.

"We've been blessed with wonderful friends," said Mrs. Williams, who is worn and haggard after the long ordeal but still hopeful that a way may be found to save her husband.

Recently, she said, he was taken to an Oklahoma City hospital and placed in an iron lung but immediately began to choke and had to be removed.

His weight has dropped from 150 to 87 pounds and doctors hold out no hope for his recovery.

But his friends say they'll keep on pumping until death ends their labors.

Golf Match Goes Into Extra Rounds

GREENSBORO, N. C., June 11 (AP)—John McCann of Charlotte edged out Harold Wilton of Burlington, one up, in the Carolina junior golf championship yesterday but the score doesn't show how close their match really was. McCann gained his margin on the 35th hole of what had started out as an 18 hole match, after the youngsters had halved 16 straight holes.

Crop Progress Is Favorable

AUSTIN, June 10 (AP)—Farm work and the progress of crops were favored for a second successive week in the state as a whole last week, the U.S. department of agriculture and Texas agricultural extension service reported today.

Farmers were enabled by the favoring weather to stretch their limited farm labor supplies. Timely rains had replenished soil moisture in most of the state, the chief exceptions being in the central Panhandle and an east central section. In these two areas some damage to crops was occurring, to wheat in the first aid to corn and feed crops in the latter.

Wheat prospects declined some, but remained on a relatively high level. Timely rains supplied moisture required by the heading and filling grain in practically all of the important Panhandle area except in a strip of about four counties in the center.

Grasshoppers were causing considerable damage in a large northwestern area, to young row crops and to grain, with much poisoning under way in the most seriously affected counties. Increasing insect damage to pecans was reported from various areas.

TO RAISE SHIP
TAMPICO, Mexico, June 11 (AP)—A sunken Mexican warship will serve its country again. The hull of the gunboat Vera Cruz, sunk in 1914, will be raised and cut up for scrap iron to help meet Mexico's metal shortage.

Onions Plentiful, Are Listed Now As 'Victory Food Special'

One of the largest crops of mature onions ever produced at this time of year is now on the market, according to Ralph Link. Local merchants are cooperating in the nation-wide campaign to feature onions, which Secretary Wickard has designated a Victory Food Special, June 8-15.

Clever cooks who know the chief value of the onion is its flavor will not fail to take advantage of the plentiful supply of onions can prove their weight in gold by varying the flavor of nutritious foods which are served from day to day, he said.

But Vitamin "Z", a make-believe vitamin that adds zip and zest to your meals, is not the only value of onions. In their raw state they have a little vitamin B1, riboflavin, vitamin C, iron and calcium. Young, green onions are fair sources of carotene, which the body can change into vitamin A.

All onions fall into two classes: the strong and the mild. The typical mild type of onion is the Bermuda, which is on the market only during the spring. So it's now or not until next April if you want to buy all you want of Bermudas.

If you're buying mature onions, look for those that are dry, bright, clean, hard and well-shaped. Avoid onions that are moist at the stem end of the bulb as moistness here indicates the onion is decaying inside. Buy green onions that have fresh green tops—and medium-sized, well-bleached necks for at least 2 or 3 inches up the stem, Link explained.

The following suggestions regarding the use of onions are based on material prepared by the bureau of home economics, USDA:

"Now that onions are plentiful, try them in soups, serve them with meat, mix them with other vegetables in all sort of dishes. Most families consider them a 'must' in vegetable salads. Favorite salad partners are cucumbers, finely chopped salad greens, radishes, tomatoes.

"For a quick onion and potato soup, use this method. Dice 3 tablespoons of onions, and 2 cups of potatoes. Add 1 quart of milk. Cook slowly until the potatoes and onions are tender. The starch from the potatoes will thicken the milk somewhat. Thicken more if you like a soup with a little more body to it. Season to taste.

"For a dish that's worth the little extra time it takes—try onions stuffed. Skin large onions and cut them in half, crosswise. Simmer these onion halves in salted water until they are almost tender. Remove the center rings without bothering the outer layers of the onion. Chop the onion centers fine. Cook some celery or parsley in fat for a few minutes. Add bread crumbs, salt, pepper and the chopped-up onion. Bake in a moderate oven for about 30 minutes—until the onions are tender. For a more filling dish, use chopped meat or fish or baked beans in place of the bread crumbs."

Bird On Hat Goes Into Audubon Hall

PHILADELPHIA — Audubon Hall, the gallery of birds of the world being assembled in the Academy of Natural Sciences, will be as complete as it is possible to make it—even to the bird on Nellie's hat.

"The bird on the bonnet has been so conspicuous in feminine fashion that its preservation in history should not be left to the popular song made famous on the stage by Marie Dressler," argued R. Meyer deSchauensee, curator of birds.

With that in mind, deSchauensee included a typical milliner's creation of 1906, topped with a tern from the academy's bird collection.

The daily weather map of the United States was first published by the government in 1871, according to the text.

Dutch Evinger To Play With B'Spring Poloists In Sunday Game At Lamesa

Stymied by the weather last weekend, Big Spring poloists will return to action in a big way this coming Sunday, filling the schedule with the Lamesa White team on the Lamesa field.

The locals will be bolstered by the addition of Dutch Evinger to the lineup. Dutch, second highest ranking rider in Texas and holder of a national seven-goal rating, will play with Doc Bennett, Rip Smith and Gus White, Jr., under Big Spring colors. Evinger, one of the

Record Field Entered In Dallas Event

DALLAS, June 11 (AP) — Little Iverson Martin, a young man with a fighting grin and a putter that behaves, conquered rugged Lake-worth courses only to step out today against an even tougher foe in the battle for the Texas amateur golf championship.

Far had eluded the state's top golfers in every tournament qualifying round at Lakewood until yesterday.

Then up came the Fort Worth veteran at 24 years to take the course apart with a fine 69 — two under regulation figures.

So with the medal in his pocket and his putter blazing hot, Martin marches today against stocky Jack Munger, Dallas star, in the headline match in the thirty-sixth annual tournament which drew its record field in qualifying rounds yesterday with 153 entries.

Martin finished four strokes ahead of Earl Stewart of Dallas, the national intercollegiate tournament.

Other standbys of Texas golf eminence in the championship flight included such worthies as Tyrell Garth, Jr., the 17-year-old Beaumont sensation; David (Spec) Goldman, Dallas veteran; Bill Welch of Houston, national public links champion; and Harry Todd, the big Dallas better who was low amateur in last year's national open and is returning to tournament golf after a lay-off of several months.

Garth, who just finished high school this year, meets another schoolboy in today's match play, tackling Ray Kenney of Dallas. Todd engages Norris Russell, Denton veteran.

Other first round matches included: R. H. Nix, Dallas, vs. E. C. Gaunt, Greggton; Jack Spencer, Dallas, vs. H. R. Stroube, Corsicana.

leatherhead in either major loop last season, when he won 22 games. Smith has also been a dependable starter, and the two lefties probably gave the Yankees more trouble in 1939 and 1940 than any other pitchers in the league.

Lee first established himself as a leading left-handed chucker in 1939, when he was credited with five straight triumphs over the world champions. And at that time Smith was little less effective against the New Yorkers. Fort-side pitching seemed to nettle murderer's row, and the White Sox had two of the best in the business.

But these two Dykes aces, who accounted for 85 wins last year, have marked up exactly zero this year. It is doubtful that Lee, who even surpassed Bobby Feller in the percentages, thereby becoming the league's leading pitcher last year, will get a chance to pitch at all before mid-season. And then, even if his arm responds to treatment, he may not have his old effectiveness.

Smith should be a man after Dykes' own heart. His enthusiasm, his temper, and his vocabulary have always kept him near the top in the argument department. On days when he was not pitching, Edgar has been known to be waved from the park for heckling opposing players from the Chicago bench. He got a break, though, in the all-star game last year. After working two innings, giving up two hits and two runs, he got credited with the victory, when Ted Williams rapped his grand-slam homer in the ninth.

Several local baseball fans have been calling Mrs. R. E. Blount to inquire why her cousin, Tony York, has been missing from the Shreveport lineup the past week. Mrs. Blount explains that he has been out of the game for a few days because of the death of his father, Theodore York, at Irena, Tex. Tony has visited here often and is well known among local baseball fans.

Errors Cost Houston Game With Tulsa

By The Associated Press

It took the Houston Buffs eleven innings to do it, but they managed to give away a ball game last night — to Tulsa, 4 to 3.

The good pitching of Jack Creel and Elmer Rummans was nullified by four infield errors and two costly passed balls. The Buffs were leading, 2 to 0 through the first four innings and looked like champions with a couple of sparkling double plays. Thereafter they crumbled. All of Tulsa's runs were unearned.

Shreveport and Dallas divided two games, the Sports taking the first, 3 to 1 and the Rebels the second, 2 to 1.

Two home runs, by Vitter and Jones, was the Shreveport margin in the opener. In the other, Dallas scored the winning run in the sixth upon receiving assistance in the form of an error by Vitter.

The San Antonio Missions downed Oklahoma City, 6 to 1. John Homer Gibson permitted only three hits through eight innings, but the Indians touched him for three in the ninth, scoring a run and robbing him of a shutout.

The Fort Worth at Beaumont game was postponed.

KILLED IN FALL

DURANT, Okla., June 11 (AP) — Three-year-old Nolan Lee King of Plainview was killed yesterday when he fell from a second-story hotel room. He was the son of Mr. and Mrs. B. M. King.

INDIANAPOLIS, June 11 (AP) — Russell Grant, patriotic Kokomo youngster who swallowed an angle worm on a dare to get money to purchase war savings stamps, apparently has achieved his aim. Employees of a local manufacturing company are collecting funds for a \$25 bond for the 10-year-old boy.

Tigers' Doc Cramer Joins The List Of 2,000-Hitters

By JUDSON BAILEY
Associated Press Sports Writer

Step by step the present stars of the major leagues are finding their way into the hallowed company of baseball's old-time all-time standouts.

The latest to earn a place on the permanent honor roll of the game is Roger (Doc) Cramer, the Detroit Tigers' outfielder, who made three

hits against the New York Yankees yesterday to lift his lifetime total to 2,001, a level that has been reached by only seven other players still active in the major leagues.

Dick Bartell of the New York Giants entered the 2,000 hit class in April and Mel Ott, Paul and Lloyd Waner, Jimmie Fox, Joe Cronin and Charley Gehring also

Lions View Show Preview

A chorus of 12 girls from the VFW sponsored play, "Funapoppin," gave a preview of their numbers for the Lions club at luncheon Wednesday noon at the Settles hotel.

Peggy Gene Mitchell, play director, sang a number, "Come Up and See Me Sometime" and played her own piano accompaniment. Betty Bob Diltz sang "That Did It, Marie," accompanied by Anne Gibson Houser.

Girls in the chorus were Gloria Nell, Marjorie Laswell, Betty Jean Holt, Melba Dean Anderson, Betty Jo Pool, Betty Bob Diltz, Betty Alice Nobles, Jerris Hodges, Billie Jo Riggs, Patty McDonald, Henrietta McCarty, Mary Nell Cook. Their accompanist was Mrs. Pat Kenney.

Les Epper was chosen to represent the club at the Toronto convention the latter part of July. Morris Ledger was inducted into the club as a new member. Tancie Strange, Lubbock, was present as a guest.

Military Men Selected For All-Star Tilt

WASHINGTON, June 11 (AP) — Lt. Gordon (Mickey) Cochrane, manager of the service all-stars, has chosen 18 soldiers and 10 sailors to make up his team for the benefit game at Cleveland July 7 against the winner of the annual American League-National League all-star contest.

Furthermore, Manager Mickey is serious about winning the Cleveland classic. He has asked that his players be relieved of their military duties in time to report to him at the Great Lakes naval training station 10 days before the game for hard practice.

It is a powerful squad Cochrane has picked, comprising the cream of big league talent that has answered the colors — Bobby Feller, Hank Greenberg, Cecil Travis, Don Padgett, Johnny Rigney and the others.

If they still are within reach, all the players Mickey asked for will report to him on the date requested. The military wants to win this game as much as Cochrane does.

Following is the roster submitted by Cochrane, with the players' former clubs and their branch of service ("A" army; "N" navy):

Catchers: Frank Pytlak, Boston Red Sox (N); Ken Sylvestri, New York Yankees (A); Vinnie Smith, Pittsburgh Pirates (N).

Pitchers: Bobby Feller, Cleveland Indians (N); John Rigney, Chicago White Sox (N); Hugh Mulcahy, Philadelphia Phils (A); Mickey Harris, Boston Red Sox (A); Fred Hutchinson, Detroit Tigers (N); John Grodzicki, St. Louis Cards (A).

Infielders: Emmett Mueller, Philadelphia Phils (A); Benny McCoy, Philadelphia Athletics (N); John Lucadello, St. Louis Browns (N); Cecil Travis, Washington (A); Buddy Lewis, Washington (A); Johnny Berardino, St. Louis Browns (A); Hank Greenberg, Detroit (A); Johnny Strum, New York Yankees (A).

Outfielders: Don Padgett, Brooklyn (N); Pat Mullin, Detroit (A); Sam Chapman, Philadelphia Athletics (N); Joe Grace, St. Louis Browns (N); Morris Aronovich, New York Giants (A); Joe Marty, Philadelphia Phils (A).

This would appear to be Cochrane's strongest starting lineup: Greenberg, 1b; McCoy, 2b; Lewis, ss; Travis, 3b; Chapman, lf; Mullin, cf; Padgett, rf; Pytlak, c; Feller, p. With a little arranging of the batting order, it is a club many big league managers would love to wake up and find in his stocking.

Umpiring Better In Texas Loop

By RICHARD WEST
Associated Press Staff

Safety First: Fans in Texas league ball parks are praising the improvement in umpiring this season. The Blind Toms in blue are calling them right and beeing is an all-time low. Also — fewer players are complaining. Especially are the cuswords at a minimum around Jim Tongate. Jim is a major in the reserves, may be called to duty at any time — and some of the players who now might feel like taking a poke at him occasionally may be drafted at any time. As Flem Hall of the Star-Telegram says: "Need any more be said?"

War in the Stadium: Folks still go to the ball park for amusement, but war news is uppermost in their minds. Recently in one small section of the Dallas Rebel stadium there were 15 portable radios. At a crucial point in the game a few loud cheers were heard. They weren't for the Rebels, however. A special bulletin had announced that American subs had sunk seven Japanese ships and that the RAF was spreading destruction over Newland.

Irony: Not many folks will remember Dick Henderson, who was a great little wingman on Victoria junior college's football team about a decade ago. Victoria's big rival at that time was Schreiner Institute, whose star was Bohn Hilliard, later a Texas U. great. Henderson got his navy commission recently and friends in Dallas gave him a farewell party. Somebody presented him a miniature ship and he said: "Well, I soon may be on something like this going to . . ." He looked on the bottom; it read . . . Japan. And — ironically — the little ship was of a type that used to be known as the Hyland.

Army Elevens To Play Pro Teams In Benefit Games

ROUNDUP SPORTS

By HUGH FULLENTON, Jr., Wide World Sports Columnist

NEW YORK, June 11 — An idea — and a big hand — when an army detachment moved in at the field where West Seattle high school athletes perform, the kids looked around and saw that the soldiers were shy on athletic equipment. So they passed the hat and collected \$38.92 — not a lot, but enough to get a few games going. Most of you folks have an army or navy outfit somewhere near, so how about taking a tip from the high school kids?

SERVICE DEPT.

The marines have landed: When Marine Sergeant Farmer Seale, former Birmingham sports writer, learned that his outfit was trailing the army and navy in this dept., he passed the word along and a memo from Southern recruiting division headquarters suggested contributions were in order. The next mail brought the news that a detachment led by Staff Sgt. Herbert Breeden, who used to play football for Ole Miss, had invaded Rollins college in Florida and signed up the entire first string grid team for the Marine Corps reserve. Word comes via the Sporting News that army baseball at Fort Riley, Kan., carries the light touch. When Pvt. Ed Cole, former Brownie, was pitching a night game against a semi-pro club, the opponents protested because Cole's army identification tag had slipped outside his shirt and the reflection was bothering the batters. And when the lights were turned on at 9 p. m. for another game, Pvt. Joe Gantenben, formerly of the Athletics, wisecracked: "Any errors made by our club this evening won't be colonial; in the barracks they turn out the lights at this time."

TODAY'S GUEST STAR

Jack Carberry, Denver Post: "All work — and war — without a bit of play tossed in not only makes Jack a dull boy but it makes an awful dope out of Jill."

WASHINGTON, June 11 (AP) — Two powerful Army football teams, made up of the finest college and professional talent in the service, will battle the clubs of the National professional league across the nation's gridirons this autumn in a series of games principally for the benefit of Army emergency relief.

In six bustling weeks the two service elevens — one representing the "East," the other the "West" — expect to appear in cities all the way from Los Angeles to Boston and to reap a million dollars or more for charity.

Organization of the gridiron program is in line with the military's present campaign to encourage schools and universities that might have worried about their football prospects for next fall.

It is planned for the two Army squads to begin training Aug. 22. Army authorities have not yet selected the coaches, but it virtually is certain that Wallace Wade, famous as coach of the Duke Blue Devils and now major of a machine gun battalion, will handle the Eastern squad. The coaches will pick their own squads and select training sites.

To make things handy for them, the Army has compiled a list of 1500 football stars, past and present, professional and collegiate, who are in uniform now. All the coaches will need do is go down the list with their pencils and mark up an "X" now and then when they detect a 200-pound halfback who can run the hundred yards in 10 seconds flat. No subsidizing. No proselytizing.

Looking 'Em Over

According to Bill Van Fleet of the Fort Worth Star-Telegram the Texas league is expecting a real boom in sports after the war, although that league is certainly not sure at this time that it will be able to operate next year. Minor leagues are running into trouble right and left and they may virtually play out all together before the war is over. Some might think it unpatriotic to begin speculating on the sports outlook for the post-war period at this time. However, plans should be made for the period of peace just the same as for the war, and it stands to reason that the more thoroughly such things are planned for the better they will be when the time comes.

The surprisingly poor showing of the Chicago White Sox, a team that was predicted to wind-up in the first division this year, might be charged to the downfall of the best left-handed pitcher in the major leagues. Flery Jimmy Dykes apparently has not been able to find anyone capable of filling Thornton Lee's shoes, and Dykes has stated several times that he has little hopes of Lee being a benefit to the club this year.

Edgar Smith, another reliable Sox southpaw lost his tenth straight game Tuesday. Smith and Lee have been largely responsible for the White Sox being labeled the wonder team of the American League for the past few seasons. Lee was far and away the best

left-hander in either major loop last season, when he won 22 games. Smith has also been a dependable starter, and the two lefties probably gave the Yankees more trouble in 1939 and 1940 than any other pitchers in the league.

It is doubtful that Lee, who even surpassed Bobby Feller in the percentages, thereby becoming the league's leading pitcher last year, will get a chance to pitch at all before mid-season. And then, even if his arm responds to treatment, he may not have his old effectiveness.

Smith should be a man after Dykes' own heart. His enthusiasm, his temper, and his vocabulary have always kept him near the top in the argument department. On days when he was not pitching, Edgar has been known to be waved from the park for heckling opposing players from the Chicago bench. He got a break, though, in the all-star game last year. SO LONG, GIN COLLINS!

HELLO-Ten High Collins

Yes, Hiram Walker's gin stills have gone to war — are making alcohol for Uncle Sam. But, don't mourn — just try the tangy TEN HIGH Collins. And be sure you use TEN HIGH — the whiskey so smooth, so light-bodied . . . so perfect for all summer coolers . . . that's an out-front favorite in such "sunshine states" as California, Arizona, and Texas.

Recipe: Shake — juice of small lemons; 1 Jigger TEN HIGH Bourbon; 2 or 3 ice cubes. Swasten to taste. Pour into tall glass, fill up with fiz water, and serve.

American Youth Proves Its Valor

There was a good deal more than just war drama behind the mass enlistment of American youths on June 7, when more than 12,000 went into the navy as "avengers of Pearl Harbor." The program was a stirring demonstration of the grim determination of the fighting men of this country to see to it that this war is brought to a victorious conclusion at the earliest possible moment.

of them never will be. There is many a hero whose exploits cannot reach the press and the public. But we are given enough of the behind-the-scenes action to be assured that our American boys are as stalwart and as daring as we had ever expected them to be, and that as long as the fate of our military strategy is in their hands, ultimate victory will be ours.

You Might Need To Know Swahili Wunna These Days

By GEORGE TUCKER
NEW YORK—Here's something to remember about Ben Collado. He was one of Pancho Villa's lieutenants before the First World War.

"Going back stage?" Uncle Frank wanted to know.
"No," said Joe. "It might upset Kathleen."
Joe was pretty calm when she left the house.

Here's something to remember about Swahili. What do you think Swahili is, anyway? A magician? A snake charmer? Swahili is neither of these.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, having a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

At The Theatre
The more Joe thought about the manner in which Daisy Doran had tried to trick him into writing a good review of her work, the madder he got. And by the time he had reached the barn theatre the next evening to see the opening of "Goodbye, Honey Chile!" his opinion of everything theatrical, especially actresses, was something he couldn't possibly publish in the Gazette.

such an extent that they investigate instances of apparently too zealous pledging. There was the \$75 a week painter who signed for half his earnings. Henry Ginsberg, general committee chairman, wants his figures to represent actual savings and not a mere flashy showing on paper.

There is one amusing story in connection with the sudden popularity of "En Guardia" in South America. Although it has been sent only to the highest officials it constantly has been cropping up on the newstands in South American cities.

No More Monkey Business!
You're such a modest person, Joe, Daisy said. That's what makes me feel so terrible about—well, about Kathleen and Paul.

More talk, more entering and departing. The war was a reality now, and the boys were all telling the girls goodbye. Ruby Howard, playing the feminine lead, had told Paul Pennell, the Southern soldier, goodbye—and hurried off. Bombing Range Dangers Told By Army Officer

The bombs dropped on target ranges surrounding Midland Army Flying School may be traveling as fast as 1200 feet a second.

These bombs weigh 100 pounds each. In each bomb is a powder charge. Should one of these bombs strike an automobile — or a human being — it is not hard to imagine what would happen.

This information was announced today by Lieut. Col. Richard H. Smith, director of training at the bombardier college, as a "warning to all civilians to stay clear of bombing ranges."

Said Colonel Smith: "A number of persons have been frequenting the bombing ranges in an attempt to collect the parachutes used in dropping night-bombing flares. This practice not only is a violation of the law, for these ranges are government property, but also is exceedingly dangerous."

"Wherever these flares have been dropped, there will be bombing operations. Frequently, the planes will be flying too high to be seen or heard from the ground, said. "If necessary, strict measures have no warning of falling bombs."

He emphasized especially that the bombs are dangerous within a wide area around the point of impact, pointing out that the great speed at which a bomb travels, coupled with the explosion of its powder charge, throws deadly fragments of metal in all directions.

All bombing ranges are posted with warning signs, Colonel Smith said. "If necessary, strict measures will be taken to enforce these warnings against trespassing on the danger areas."

Salvagers Use Salvage In Salvaging Salvage

CONCORD, N. H. — Salvage officials have salvaged some salvage to help them in salvaging salvage. Here's the way it works: Salvage officials were seeking a means of salvaging discarded automobiles from fields and "graveyards." One of the pieces being turned over for salvage was a huge automobile-carrying trailer truck that formerly hauled new cars to dealers throughout the state. With minor repairs, the salvage-scheduled trailer was reconditioned so that it could be used hauling the discarded automobiles to a central salvage point.

LEGAL NOTICE

NOTICE OF SHERIFF'S SALE THE STATE OF TEXAS, COUNTY OF HOWARD. WHEREAS on the 9th day of May A.D. 1942, Big Spring Independent School District, a Municipal Corporation, Plaintiff, and the State of Texas and Howard County, Texas, Impleaded Taxing Units recovered a judgment in the District Court of Howard County (for the 70th Judicial District of Texas) No. T-1207 on the docket of said Court, against W. M. Stokes, Mrs. Lena Stokes and all persons owning or claiming any interest in the land hereafter described for the aggregate sum of One Hundred Ninety-two and 59/100 Dollars for delinquent taxes, interest, penalties and the further sum of \$15.40 accrued costs on the same, with interest on said sum at the rate of 6% per annum from date of judgment together with all costs of suit. Said judgment directs that a foreclosure of plaintiffs lien together with lien of the taxing units which were parties to this suit and established their claims thereto for the amount of said taxes, interest, penalties and accrued costs as apportioned to each tract and/or lots of land as described in said order of sale.

By virtue of an order of sale, issued by the Clerk of the District Court of Howard County, Texas, on the 10th day of June 1942, and the 10th day of June, 1942, at the courthouse door of said Howard County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of W. M. Stokes, Mrs. Lena Stokes, and all persons owning, having or claiming any interest in and to the following described real estate subject to redemption, to-wit: the right of redemption of the defendant, or any one interested therein, may have, and subject to any other and further rights the defendants, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the provisions of law in such cases made and provided.

ANDREW J. MERRICK, Sheriff, Howard County, Texas. By DENVER DUNN, Deputy, Big Spring, Texas, June 10, 1942.

all, William R. Dawes, Big Spring's supervisor of music and the Texas State Teachers Association's music division chairman, is quoted at length on his theories of music and artists.

Dawes believes, he is quoted, that artists cannot afford to isolate themselves and that the art of daily living, of fellowship, of parenthood, of religion, of citizenship in a complex society — "out of these our music must be projected or we shall deserve the scorn which the Southwest can heap upon those who are not solid to the core."

Dawes goes on to say that there is much to be learned from the musical activities in the war effort and that social stresses are so great they cannot be overlooked. "No longer dare we ignore the dream of democracy of the founding fathers; no longer import and impose an alien art or a medieval system of education upon a shaken society. The social institutions of democracy are looking for artistic leadership — artists of life who are willing to identify themselves with their work and who have integrity to give to that work," the article quoting Dawes declares.

Recently, his wife found it and the sight of the medal inspired him to try to enlist again.

As Sheriff of said Howard County, I have seized, levied upon and will, on the first Tuesday in July, 1942, at the courthouse door of said Howard County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of Lula Engle, H. Engle and all persons owning, having or claiming any interest in and to the following described real estate levied upon the 10th day of June, 1942, as directed by the terms of said judgment. Description: All of Lot 12, Block 10, Brown Addition to the City of Big Spring, Howard County, Texas. Amount apportioned against said tract: Twenty Three and 04/100 Dollars, subject, however, to the right of redemption of the defendant, or any one interested therein, may have, and subject to any other and further rights the defendant, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the provisions of law in such cases made and provided.

Letter To Editor— Urges Return To Religion, With Regular Worship

To the Editor:

The first verse of the eighth chapter of Hosea reads, "Set the trumpet to thy mouth. He shall come as an eagle against the house of the Lord, because they have transgressed my covenant, and trespassed against my law." These are striking words, and should strike conviction and deep concern to all our hearts. The prophet pulls aside the curtain and gives us a true view of the actual conditions that exist even today. If the citizens of our great community will be fair and honest, we will have no trouble really discovering the conditions that prevail here.

What is true here is more or less general throughout the land. Our people have transgressed God's covenant and sinned against His law. To be sure He will come, even now it's so, with His judgments against the people who profess His name. Surely God has been long-suffering. He has dealt with us with patience that is beyond our ability to understand. He has come to our rescue and lifted us out of distress so many times; He has healed our land, and spared our homes and little ones in the days past, because we confessed our sins and turned from our evil ways. Now in the face of our greatest and most far-reaching disaster; when all we have in the way of liberty and freedom is in the balance; we as a nation have failed to return to God. With our loyal and brave men in some far distant land, or on the high seas, or in the air, fighting, bleeding and dying that we might remain a FREE NATION that we might have the privilege of reading the Bible and worshipping God; we who are left here are not living for the thing our boys are dying for. If these brave men believe our homes, our churches, and our liberty are worthy of their ALL, even their lives, which many have already sacrificed and many more will gladly do likewise, then we who are here should give our best that these institutions shall continue to live on.

Here in our city and community we have so few family altars, so many empty church pews, so few people who will attend prayer meeting and take an active part in the work of God's church, so many desecrate the Sabbath, and yet we want the right to win. Oh, yes, most all people want God on our side, but so many do not want to get on God's side. Here we are fighting a life and death struggle over very existence as a FREE NATION is in the balance and so many are indifferent to the whole truth. Why? Because we have sinned.

Many folks have tried to hide their evil doings by the mere cloak of religion. Yes, most of them are church members, but we must have God; we must have the vital reality of personal experience with God; we must know the place and value of prayer, the family altar, the Bible, and practical every-day Christianity. We must be Monday Christians as well as Sunday Christians. Why tolerate the evils in our community that wreck and destroy morals, homes, and disease and weaken our society.

Some folks say it's the young people who are hell bent. Listen to me, you Dads and Mothers, do you mind if I tell you the TRUTH. "You are the guilty party." How many of you have taken your children with you to God's house of worship? How many of you have bowed with your boys and girls around the family altar? How many of you have lived the life that your own flesh and blood would do well to follow. There are exceptions to all rules, but generally speaking, parents have failed to take the spiritual interest in their children they should, and true, many of the youth have gone bad, sored on all that's pure and holy. Our nation, our community,

and many of our boys no doubt can be spared of much of the tragic things that have happened and still are happening every day in this world of hate and greed, by a return to God; by once more establishing the old family altar, by sincerely and conscientiously doing our duty to God and His church, by loving righteousness and hating evil.

We commend the God-loving and praying people of our community. We ask for a united, all-out effort to move God on His throne to save our community, to stir our people, to awaken both preacher and laymen to the full realization of the actual conditions that exist and prepare our hearts for the task He would have us do. Surely God is our only hope. Christianity is our only source of security and decent society. Sinner, unbeliever, backslider return to God, NOW. ROBERT E. BOWDEN, Secretary of Big Spring Pastors Association.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills. They give happy relief and will help the 15 million kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

To The Voters Of Pct. 4, Howard Co.

When I first announced as a candidate for commissioner of Precinct No. 4, it was my intention to try to call on each voter, making a house to house canvass, but on account of the shortage of rubber and perhaps a rationing of gasoline it will be impossible for me to make a house to house canvass as intended.

Our Government has requested that we do everything within our power to conserve rubber and to travel as little as possible. We are in war and our first duty is to win the war, and the only honorable thing I can do is to comply with the Government's request in this respect. Therefore, I am sure that you will understand why I do not call upon you.

I hope to see you from time to time in town and if I do not get to see you, won't you please accept this letter as my personal request for your vote in the coming primary election.

The only promise that I am making to the voters is that if I am elected my actions as commissioner shall always be to the best interest of Precinct No. 4 and Howard County, and that I will show no partiality to anyone and everybody shall be given the same consideration.

I have lived in Howard County for 28 years. You know my record as a private citizen, and if I am elected your commissioner, I believe that you can depend upon me to use the same diligence in looking after the county's business as I have used in looking after my private business.

Trusting that you can give me your support in this race, I am

Sincerely yours, C. E. PRATHER
