

BOTH THREE RING AFFAIRS

Texans Are Planning Two Political Shows

WASHINGTON, May 22. (AP)—Texans, who do everything in a big way, will stage two three-ring political shows next week.

Both parties will hold conventions there Tuesday. Three factions will be whipping it up in each. The Democrats will name a 50-vote national convention delegation, the Republicans will pick a delegation of 33.

The odds seem to favor another Dixie job at President Truman's nomination at the Democratic meeting. The punch may lack the steam of those tossed by Alabama and South Carolina.

Sen. Taft of Ohio is conceded a majority of the Republican delegation for first ballot purposes, but representatives of Gov. Thomas E. Dewey and Harold E. Stassen will be on hand looking after their interests.

With the Oregon primary out of the way, delegate-picking will slacken off next week. Republicans, aside from those in Texas, will name only 11 other delegates—in North Dakota Monday.

The Democrats will pick an at-large delegation with eight votes in Illinois Thursday to complete a 60-vote uncommitted group, and select a 16-vote delegation in Kansas Saturday.

By the end of the week, the Republicans will have chosen 996 of their 1,094 delegates. The Democrats will have named delegates with 899 votes in their 1,234-vote convention.

The Texas picture at the week

ENTERS RACE

March Calls Jester Front For Oilmen

AUSTIN, May 22. (AP)—Caso March of Waco jumped into the race for governor Saturday. As he handed out his platform outline here March called Gov. Beauford Jester a "front for the major oil companies."

March promised an aggressive campaign.

"I am out to win this race for the plain people of Texas, and I shall fight Gov. Jester in every county and precinct in Texas in the same vigorous manner that I did two years ago when I became the first candidate in Texas history to visit every county seat in Texas," the Baylor University law professor said.

He said he will end his relationship with the Baylor law school June 1 and open his state headquarters in the Roosevelt Hotel at Waco.

The 37-year-old Purple Heart veteran of World War II touched on Jester's oft-quoted "un-Texan" remark.

"He (Jester) said it was un-Texan for veterans to want a state bonus. He didn't say anything about it's being un-Texan for him to go up to Washington in 1945 and get a thirty-cent barrel increase in oil bonus for the oil companies," March said.

March also criticized Jester on his refusal to call a special session this year on the rural aid school teacher's pay problems.

"He has talked the school teachers of Texas. With a surplus in the state treasury, he preferred to borrow money from the banks to pay teachers. Apparently he would rather pay interest to the banks than call a special session to solve the problems," March said.

Reviewing The

Big Spring

-Week-

Joe Pickle

School days are happily behind all students but 152 seniors, who have discovered they didn't mean at all what they said about wanting to get out of school. A couple of peculiarities to the senior class this year were 1) three sisters (Jo, Joy and Mae Barnaby, daughters of Mr. and Mrs. Neel Barnaby) and 2) a 15-year old graduate (Rebekah Lloyd, daughter of Rev. and Mrs. R. Gage Lloyd).

And now we have the prediction—from an old timer—of rain within two days. He goes on the theory it always rains when we have to have it in two days. So if he misses, it will be an error in urgency, not of timeliness for the moisture. In the meantime, leave us be content with lovely nights.

Two highly commendable projects have been carried out in the closing months of schools. One is

and shaped up this way: Democrats: They are divided three ways. Four years ago there was a pro-Roosevelt and an anti-Roosevelt delegation. Both were seated at the national convention and given a half vote for each delegate. On the only roll call, Roosevelt got 36 votes to 12 for Sen. Byrd of Virginia.

This time there is: 1—A pro-Truman group urging a delegation instructed outright for

OPENS CAMPAIGN

Johnson Makes Stand On Issues

AUSTIN, May 22. (AP)—Lyndon Johnson laid it on the line Saturday night in the race for the United States Senate.

He declared himself on practically every issue you could think of, ranging from federal aid to teachers, to support prices for mohair growers; and he told Texans on a 23-station hookup of the Lone Star radio chain to demand to know where every candidate stood on every issue.

Coke Stevenson already has said that it will be a race of personalities rather than platforms. George Peddy, the third major candidate, is running on an internationalist program.

Offhand, the correspondents around Austin couldn't think what was left out. Johnson didn't mention tidelands, but he told correspondents his vote already was on record in that respect. He's had to cast many votes as 10th District Congressman.

The new candidate in his opening speech didn't mention any candidate by name, nor could those who heard his speech interpret any remark directed at Peddy; but some gentle derision was directed toward the former governor. And some not so gentle.

"Only this week came word from a lonely Pacific island of . . . a more powerful atomic weapon. . . You could read in another column the statement by another man who seeks to be senator. 'The average citizen is more interested in making a living for himself. . . than in foreign politics. . .'

"God forgive those who do not know what they say."

Speaking from an open air platform upon which were his wife and his mother, Johnson built his program around three main points: Preparedness, peace and progress.

Under preparedness, the candidate listed: A strong industrial system; the world's most powerful Air Force; an Army and Navy adequate to any task; and continued scientific development.

After preparedness and peace, he said, comes progress: For the farmer, support prices, blacktop roads, electrified homes and soil and water conservation; laws protecting the public from both selfish labor and selfish capital; cost-of-living adjustments in old age pensions; extension of the hospital program; a Federal policy leaving to the states those matters which are state functions, such as the items in the so-called civil right program.

Nevertheless, Stassen announced plans to campaign in Illinois, Missouri, Massachusetts and the South before convention time. "We will redouble our efforts to gain support for a sound liberal program in the Republican Party and for victory in November," he said at Minneapolis.

If the trend in Oregon continued, Dewey would be able to chalk up by a margin of around 10,000 votes his first primary victory since March. In New Hampshire that month, he set Stassen down with two delegates and took six himself.

BULLSNAKES TAKE OVER

BORGER, May 22. (AP)—Mrs. Dora Wells arose the other morning to find two bullsnakes in a cage where she had left two love birds the night before. The birds presumably were inside the reptiles.

Mrs. Wells heard a commotion during the night, but blamed the wind and closed her window.

The snakes were removed from the cage and killed.

FORCE FOR LASTING PEACE?

Three Experts On World Government Will Give Views At Forum On June 1

Three men whose education and professional careers ably fit them to discuss the broad problems of world government will appear on the World Government Forum to be conducted in Big Spring Tuesday, June 1, at the municipal auditorium, beginning at 8:15 p. m.

Readers of The Herald seeking information about world government, which is to be discussed at the June 1 Forum here, are invited to turn to Page 7 of today's issue, for a compelling article on the need for a strong world government.

The Forum, sponsored by The Herald in conjunction with the San Angelo College Institute of World

Government, is entirely free and the public is urged to attend. All talks, and a question-and-answer period to follow, will be strictly educational in content.

The speakers will be Dr. W. H. Elkins, president of San Angelo College; James P. Speer, director of the Institute of World Government; and Dr. August O. Spain, associate professor of government at Texas Christian University.

the President and his civil rights program.

2.—A middle-of-the-road state organization group opposed to the President and the civil rights proposals. They are urging an unstructured delegation. They are giving the edge, but only after a hard fight.

3.—A group urging a bolt of the convention if Mr. Truman is nominated or if his civil rights program goes into the platform.

Under the new proposal 18 year olds would be allowed to volunteer for one year of service. After that they would have to serve four years as members of the National Guard or other reserve units with regular drill periods and summer training camps or cruises.

Men from 19 through 25 years old would be subject to drafting for two years.

Army, Navy and Air Force leaders have estimated that they will get 250,000 volunteers for the one-year training program, far more than the 161,000 who were to have been drafted.

House Speaker Martin (R-Mass) last week announced that the House would not accept any scheme for drafting 18-year-olds as provided in the Senate bill.

The new compromise still left unsettled a touchy question about racial segregation in the armed services.

Sen. Russell (D-Ga) and other southerners say they will insist that any drafted or enlisted man shall have the right to ask service in units of his own race. They plan to offer this amendment on the Senate floor. It might stir up the entire controversy over civil rights program of anti-lynch, anti-poll tax and anti-discrimination proposals.

Woody Of Stanton Leads Pistol Shoot

DALLAS, May 22. (AP)—J. N. Woody of Stanton, fired the day's best score—194 out of a possible 200—today in opening competition of the Southwestern pistol tournament here.

Joe F. McMeel of Shreveport, La., and Buck Fisher of El Paso fired 193 each.

Slowdown Seen For Stassen

WASHINGTON, May 22. (AP)—Gov. Thomas E. Dewey's victory in the Oregon primary threatened Saturday to apply the brakes abruptly to Harold E. Stassen's drive for the GOP presidential nomination.

With the votes from Friday's primary counted in 1,441 of the state's 1851 precincts, Dewey had 85,682 and Stassen 89,245, a lead of more than 5,000. Stassen announced he had wired congratulations to Dewey.

Dewey himself said he was "happy" over the returns by delayed victory claims.

Most politicians here said Stassen lost in Oregon what he needed to start again the bandwagon that rolled out of the Wisconsin and Nebraska primaries but which slowed in Ohio.

Nevertheless, Stassen announced plans to campaign in Illinois, Missouri, Massachusetts and the South before convention time. "We will redouble our efforts to gain support for a sound liberal program in the Republican Party and for victory in November," he said at Minneapolis.

If the trend in Oregon continued, Dewey would be able to chalk up by a margin of around 10,000 votes his first primary victory since March. In New Hampshire that month, he set Stassen down with two delegates and took six himself.

GULF STORM — Two huge water spouts move through the Gulf of Mexico about 10 miles off Grand Isle, Louisiana, May 18 near the spot where extensive tidelands oil exploration is in progress. Seven of the spouts were observed in the area during the day. No damage was reported. A platform connected with the oil operations by the Humble Oil Co. is to the right of the spouts. (AP Wirephoto).

Solon Says 18 Year-Old Draft Junked

Volunteer Proposal Is Newest Plan

WASHINGTON, May 22. (AP)—All congressional plans for drafting 18 year-old youths were reported junked Saturday.

A member of the Senate Armed Services Committee said 12 of its 13 members have agreed to revise its selective service bill to strip out the section calling for one year of compulsory military training for 161,000 of the 18 year olds.

The member asked not to be quoted by name.

Under the new proposal 18 year olds would be allowed to volunteer for one year of service. After that they would have to serve four years as members of the National Guard or other reserve units with regular drill periods and summer training camps or cruises.

Men from 19 through 25 years old would be subject to drafting for two years.

Army, Navy and Air Force leaders have estimated that they will get 250,000 volunteers for the one-year training program, far more than the 161,000 who were to have been drafted.

House Speaker Martin (R-Mass) last week announced that the House would not accept any scheme for drafting 18-year-olds as provided in the Senate bill.

The new compromise still left unsettled a touchy question about racial segregation in the armed services.

Sen. Russell (D-Ga) and other southerners say they will insist that any drafted or enlisted man shall have the right to ask service in units of his own race. They plan to offer this amendment on the Senate floor. It might stir up the entire controversy over civil rights program of anti-lynch, anti-poll tax and anti-discrimination proposals.

Woody Of Stanton Leads Pistol Shoot

DALLAS, May 22. (AP)—J. N. Woody of Stanton, fired the day's best score—194 out of a possible 200—today in opening competition of the Southwestern pistol tournament here.

Joe F. McMeel of Shreveport, La., and Buck Fisher of El Paso fired 193 each.

Reds Blame U. S. For Bad Relationship

MOSCOW, May 22. (AP)—The official Russian news agency Saturday blamed the United States for the present state of Russo-American relations and said "clearly the attitude of the United States government is not conducive to progress in international affairs."

The news agency, Tass, released a 13-page statement which it said reflected "the attitude of leading circles in the Soviet government."

Tass listed the same 11 spheres of disagreement which had been noted by Prime Minister Josef Stalin in his reply to an open letter by Henry A. Wallace. The United States State Department on May 19 detailed its own position on these points, charging that Russia blocked settlements in each case.

After citing the Russian position on the points, Tass said: "From all that has been said above it is clear who bears the responsibility for the present state of Russo-American relations."

The statement added that the "facts refute the assertion of the (U. S.) State Department that Russia's non-compliant attitude prevents the solution of the problems."

Mansfield Second In Cowboy Race

FORT WORTH, May 22. (AP)—Bill Linderman of Billings, Mont., was the high point man in the Rodeo Cowboys association award ceremony through May 15, Earl Lindsey, manager of the RCA, announced here today. Lindsey led the all-around cowboy standings with 6,746 points, each point representing one dollar won in rodeo competition.

Toots Mansfield of Big Spring was second with 6,623. Other ratings were Buck Standifer of Clovis, N. M., 6,436; Chuck Sheppard of Phoenix, Ariz., 6,398; Buck Sorrels Tucson, Ariz., 6,038; Bud Linderman, Red Lodge, Mont., 5,894; Gerald Roberts, Phoenix, Ariz., 5,696; Todd Whately, Bethel, Okla., 5,163; Sonny Lavender, Holliday, 4,904; and Harry Tompkins, Tulsa, Okla., 4,880.

Rankings in steer wrestling were: Dub Phillips, San Angelo, 4,029; Barney Willis, White Salmon, Wash., 3,752; Ken Boen, Denville, Ill., 3,649; Homer Pettigrew, Ariz., 2,934 and Whately, 2,761.

Two Prisoners Cut Heel Tendons

HUNTSVILLE, May 22. (AP)—O. B. Ellis, general manager of the Texas prison system, said two prisoners at the Darrington Farm cut their heel tendons Saturday because it was "too hot" at the Brazoria County farm.

He identified the prisoners as Raymond Branson, 21, serving two years for theft; and Floyd Edward Sayre, 23, serving two years for robbery by assault. Both are from Bexar County.

Yale for three years, then was a tutor in government at Texas U., instructor in politics at Colgate University and professor of government at Hendrix College, before becoming an associate at TCU. He was a navy officer during World War II. All three men have in common the interest of bringing about a world government of sufficient strength to assure lasting universal peace.

Dr. Spain, at the Forum here, is to discuss the analogy between the problems faced by the colonies of the 1780's and the problems faced by the world today. Dr. Elkins will talk on the importance of world government, and Mr. Speer will outline various plans and proposals for achieving world government.

Court Action Taken In Lubbock Strike

Violence Erupts In Bus Walkout

LUBBOCK, May 22. (AP)—Court action was taken here late today in an effort to prevent a recurrence of two reported acts of violence in the strike of Texas, New Mexico and Oklahoma bus drivers, who walked off their jobs late Friday night.

A temporary restraining order was signed by 99th district Judge G. V. Pardue at 4:40 p. m. today restraining J. W. Thompson of Kansas City, Mo., and the Brotherhood of Railway Trainmen, Local 1022, of Lubbock, and members and officers of the local from interfering or attempting to interfere with operation of Texas, New Mexico and Oklahoma Coaches, Inc.

Judge Pardue set hearing date of 10 a. m. Wednesday for those cited to appear and show cause why a temporary injunction should not be issued.

He set bond of \$5,000 for TNM and O, as required by law.

A petition, filed by Chas. C. Crenshaw, of the Lubbock law firm of Crenshaw, Dupree, Milam and Crenshaw, said that those restrained were seeking to prevent the plaintiff from operating its buses and were employing physical force and threats of physical violence.

It set out that violence was used on Hubert W. McElroy, driver of the Lubbock to Amarillo bus, and on Virgil N. Stovall, driver of the Lubbock to Seymour bus. McElroy told company officials he was assaulted at Abenathy, first stop out of Lubbock late Friday night. Stovall said he was violently assaulted at Guthrie. Company officials said Stovall was warned to go back to Lubbock. He said he did so, leaving passengers stranded in the bus.

McElroy was said by witnesses to have "whipped six men who attacked him" at Abenathy and then to have driven on to Amarillo. The petition said the air was let out of all six wheels of the bus after it was parked on the bus company's parking lot in Amarillo.

Approximately 25 of the 92 scheduled operated out of Lubbock daily were run today, company officials said.

The petition said the company stands to lose in excess of \$1,000 a day if operation of the buses is interfered with and prevented.

With the exception of one bus which had to complete its schedule, no T-NM-O coaches had put into the terminal here since the strike became effective.

One bus arrived at 11 p. m. Friday, 15 minutes after the walkout began, and it had to complete its run and returned to Lubbock without incident.

Terminal staff members here said they had been told they would be advised when the next bus would put out to Big Spring, but that late Saturday night no such word had been received.

Jews Can't Break Into Jerusalem

By The Associated Press
Jewish troops made a determined but unsuccessful effort yesterday (Saturday) to fight their way through to their comrades besieged inside Jerusalem's old walled city.

Operating in close quarters, Trans-Jordan's Arab legionaries beat off the assaults by 600 Israeli troops at the Zion gate in the south wall. The fighting continued for three and a half hours.

Then the legionnaires resumed their assault against the Jews inside the old city. Hard-pressed and apparently running short of ammunition, the Jewish troops there used ancient underground passages to bring their maximum strength to bear against the Arab attacks.

Cairo press reports said a mobile Egyptian army force moved northward from Beersheba and reached Bethlehem within sight of Jerusalem. The Egyptians may be attempting to join the fighting in the Holy City.

The Arab legion launched a successful assault in Ramat Rehel, half way between Jerusalem and Bethlehem, a Trans-Jordan communiqué said. A Jewish announcement said Ramat Rehel had been shelled.

The French consul general in Jerusalem said the Arab-Jewish fighting rapidly was destroying the old city, sacred to three religions. United Nations security council at Lake Success, N. Y.

Jewish planes attacked Arab concentrations in Shu'fat, a northern suburb of Jerusalem, for the second time. Tel Aviv, Israel's temporary capital, was under air attack for the eighth consecutive day.

British military headquarters at Haifa announced that RAF fighter pilots shot down four Egyptian Spitfires which had attacked the British airfield at Ramat David, 14 miles southeast of Haifa.

VALLEY HAS EPIDEMIC

Anti-Polio Moves Are Ordered Here

Due to an early outbreak of polio in Texas that already has reached the epidemic stage in the southern part of the state, orders have been received by the local health unit to insist upon rigid enforcement of the city garbage disposal ordinance C. W. Mason, city sanitarian, announced Saturday.

The ordinance requires that all rubbish and wet or dry garbage be placed in containers that have properly fitted covers.

"We are exerting special efforts to prevent an outbreak of polio here by eliminating all possible harborage and breeding places for carriers of the disease," Mason said.

The city DDT fogging machine will be in operation throughout the summer, but sanitary conditions must be provided in alleys and

SHEEP CROSS COULEE DAM — Paying no attention to the 2,000,000 gallons of water pouring over Coulee Dam's huge spillway each second, this herd of 2,460 sheep move across the dam headed for summer grazing in Colville National Forest. Owner Joe Hodgen of Adrian leads the way. (AP Wirephoto).

COMRADES BESIEGED

Jews Can't Break Into Jerusalem

By The Associated Press
Jewish troops made a determined but unsuccessful effort yesterday (Saturday) to fight their way through to their comrades besieged inside Jerusalem's old walled city.

Operating in close quarters, Trans-Jordan's Arab legionaries beat off the assaults by 600 Israeli troops at the Zion gate in the south wall. The fighting continued for three and a half hours.

Then the legionnaires resumed their assault against the Jews inside the old city. Hard-pressed and apparently running short of ammunition, the Jewish troops there used ancient underground passages to bring their maximum strength to bear against the Arab attacks.

Cairo press reports said a mobile Egyptian army force moved northward from Beersheba and reached Bethlehem within sight of Jerusalem. The Egyptians may be attempting to join the fighting in the Holy City.

The Arab legion launched a successful assault in Ramat Rehel, half way between Jerusalem and Bethlehem, a Trans-Jordan communiqué said. A Jewish announcement said Ramat Rehel had been shelled.

The French consul general in Jerusalem said the Arab-Jewish fighting rapidly was destroying the old city, sacred to three religions. United Nations security council at Lake Success, N. Y.

Jewish planes attacked Arab concentrations in Shu'fat, a northern suburb of Jerusalem, for the second time. Tel Aviv, Israel's temporary capital, was under air attack for the eighth consecutive day.

British military headquarters at Haifa announced that RAF fighter pilots shot down four Egyptian Spitfires which had attacked the British airfield at Ramat David, 14 miles southeast of Haifa.

Due to an early outbreak of polio in Texas that already has reached the epidemic stage in the southern part of the state, orders have been received by the local health unit to insist upon rigid enforcement of the city garbage disposal ordinance C. W. Mason, city sanitarian, announced Saturday.

The ordinance requires that all rubbish and wet or dry garbage be placed in containers that have properly fitted covers.

"We are exerting special efforts to prevent an outbreak of polio here by eliminating all possible harborage and breeding places for carriers of the disease," Mason said.

The city DDT fogging machine will be in operation throughout the summer, but sanitary conditions must be provided in alleys and

garbage disposal areas before the community can reap full benefit from the spraying, the sanitarian explained.

"This is not just a health department problem, but a community problem that every citizen in Big Spring should be concerned about and should be willing to cooperate in any way possible that will minimize the danger of an epidemic of polio here," he declared. Mason urged residents to check disposal containers and make necessary corrections before personal requests are issued by the health department.

A notice of correction will be given to offenders of the garbage ordinance by the sanitary department, he said, but time will not permit repeated notices to habitual offenders.

U. S. Consul Is Wounded

WASHINGTON, May 22. (AP)—Thomas C. Wasson, United States consul general at Jerusalem, and a member of his staff were wounded today in the first major incident of the battle for the Holy City to involve Americans.

The top U. S. representative in Palestine, Wasson, 52, was wounded "gravely" by a sniper as he braved gunfire in the streets in trying to arrange a cease fire agreement between Arabs and Jews, the State department reported.

The official account was given: A member of the three-man United Nations security council truce commission, Wasson was returning on foot from a meeting of the group at the French consulate. Just outside the American consulate, a .30 caliber bullet from an unidentified sniper felled him.

After first aid treatment, he was taken in an armored ambulance to the Hadassah English mission hospital. There doctors gave him better than an even chance to recover. The bullet passed through his right arm and chest.

Herbert M. Walker, member of a naval communications unit which maintains a radio link between Jerusalem and Washington, was hit by machine gun bullets near the consulate general. Dispatches indicated this was a separate incident.

Vet Bonus Stand Plagues Jester

AUSTIN, May 22—A majority of the voters of Texas continues to think Governor Beauford Hester has been doing a good job as chief executive, but a sizeable minority disapproves of his administration because of his stand on the veterans bonus, his fight against Pres-

ident Truman's civil rights program, his handling of the teachers pay situation and other reasons.

What voters say they dislike most about Jester coincides with the things his probable opponents in the coming elections have been harping about. His most vulnerable spot—his stand against a state bonus—has been raised as an issue by Caso March of Waco and Representative Roger Q. Evans of Denison, who are expected to oppose him in the Democratic primary this summer. Also the governor's fight against nominating Truman for president and his support of the constitutional amendment of finance college buildings, which have alienated groups of voters, have been singled out by his political opponents.

The Texas Poll finds that public confidence in Jester dropped sharply when he came out against a state bonus for veterans. Since then he has regained some of his lost popularity.

The governor's popularity has been charted by The Texas Poll since shortly after he took office. In March 1947, two months after he assumed his duties, he was at the height of his popularity, with 92 per cent of the voters approving of him. A year later, when he was being criticized publicly by various veterans organizations for calling a state bonus "un-Texan," his index dropped to 63, its lowest point. Now it is 70.

These findings come from a series of surveys in which The Texas Poll asked a representative cross-section of voters this question: "In general, do you approve or disapprove of the way Jester is handling his job as governor of Texas?"

Voters with opinions divided as follows:

Month	Approve	Disapprove
March, 1947	92	8
Apr. 1947	85	15
July, 1947	81	19
September, 1947	83	17
January, 1948	80	20
March, 1948	63	37
TODAY	70	30

In his latest survey, The Texas Poll also asked:

"Do you mind telling me what you dislike most about the way the governor is handling his job?"

In the order listed, these are the things most frequently mentioned:

1. Opposition to veterans bonus.
 2. Fight against Truman and "civil rights."
 3. Handling of teachers pay situation.
 4. Support of the constitutional amendment to finance college buildings (which has antagonized voters in West Texas).
 5. Failure to carry out his program.
- "Do you mind telling me what you like most about the way the governor is handling his job?"
- Most frequently mentioned were:
1. His capabilities as a leader.
 2. His personal character.
 3. His fight against Truman's civil rights program.
 4. His handling of social welfare and educational problems.
 5. His fight to secure state title to islands.

WEEK'S BUSINESS

Real Estate Transactions Top Activity

Real estate transactions topped local business activity for the second successive week as oil play continued to stimulate the market. City building figures inched forward again, however, with new residential contracts leading the way, while dry weather drove more cattle to local markets and new motor vehicle deliveries topped off the pace.

The county clerk's office recorded 20 warranty deeds, three of which involved transactions that went into five figures. The week's total amounted to \$133,562, which pegged activity for the year at \$1,318,450.

Fourteen building permits were issued by the city building inspector to account for an addition of \$24,470 to the year's total which stood at \$6,279,290 at the end of the week.

Prices were steady to strong at livestock markets as buyers from out of the area snapped up heavy consignments. Approximately 2,400 head moved at two regular auction sales.

Only three new passenger automobiles and three new trucks were registered at the county tax assessor-collector's office during the week, which represented a substantial decrease from previous averages.

Foodhandlers School Set

All employees of eating and drinking establishments in the city who have not obtained foodhandlers licenses will be required to attend a foodhandlers school beginning June 7. C. W. Mason, sanitarian for the city-county health unit, announced Saturday.

The school, which will be held in the municipal auditorium with classes beginning at 2 p. m. each day, will continue through June 12. C. B. Breedlove of the state health department will be instructor.

The general public is invited to attend classes, Mason said. Certificates in sanitary food handling will be issued to those who complete the course successfully. No enrollment fees will be assessed.

Films and slides will be used in the instruction in addition to printed materials. All employees of eating and drinking establishments in Big Spring are required by city ordinance to possess food handling certificates.

JOHNSON CASE IS EXAMPLE

Election Turnover Boosts Seniority

WASHINGTON, May 22, (AP)—Election turnovers in Congress help those remaining by boosting them in seniority... and that means more influence and power.

The withdrawal of Rep. Lyndon Johnson of Austin from the House to run for the Senate will place San Antonio's Rep. Paul Kilday near the top of the important Armed Services Committee.

(That's based on assumption Kilday will be reelected for a sixth consecutive term; then, too, there's some talk Johnson may resign soon in order to devote more time to campaigning for the Senate.)

Only two Democrats would remain ahead of Kilday, and one of those is said to be considering retiring because of age.

A scramble naturally will come up for Johnson's spot on the committee—of course, the new member filling his place will go to the bottom of the seniority ladder.

Two Are Drowned In Boat Accident

MANASQUAN, N. J., May 22, (AP)—At least two men were drowned and 32 persons rescued from the chill, windswept Atlantic ocean today when the fishing boat Squirt capsized a mile off Manasquan Inlet.

The rescued, picked up by nearby fishing craft, included one woman. They were taken to Point Pleasant hospital for treatment.

Police and Coast Guardsmen, meanwhile, were checking to determine if there were any other casualties.

When the vessel capsized, Capt. John Bauer said, several men strated to swim. Others held to the side.

U.N. Plans Sale To Give DP's Aid

NEW YORK, May 22, (AP)—The United Nations is going into the jewelry business, selling diamonds, gold and silver.

Thousands of items—gems, gold and silver objects, glassware and china—are being unpacked and sorted here for an auction at the Parke-Bernet Galleries June 16 to 25.

They are part of the loot taken by the Nazis in Europe and recovered in Germany and Austria by United States forces.

The money obtained from the sale, which is being sponsored by a U. N. sub-committee, will be used to help displaced persons who cannot be repatriated to their pre-war homes.

To Men of the High School CLASS OF '48

THERE'S a big day coming soon—the day when you get your diploma. At your graduation exercises you'll hear two things mentioned often—the *opportunities* and the *obligations* of manhood. Those aren't just words. They deserve the serious thinking of every high school graduate.

As an American citizen your opportunities are greater than in any other country on earth. And for that very reason you have an obligation to defend America and its freedoms—to make this way of life secure.

By enlisting in the Army or Air Force after graduation you will be discharging your debt to your country. At the same time you can take advantage of one of the finest opportunities ever offered a young man.

CHOOSE YOUR FIELD OF SPECIAL TRAINING BEFORE YOU ENLIST!

If you are 18 to 34 (17 with parents' consent) and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.

Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one

of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will be guaranteed training in your chosen field.

The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of 3 among the more than 40 USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.

Either plan gives you good pay, excellent training and a splendid chance for advancement in a real career. You can get full information, including lists of available Specialist Schools and Technical Courses, at your nearest Army and Air Force Recruiting Station.

To Men with 2 Years or More of College WIN YOUR WINGS with the Aviation Cadets

If you are single, 20 to 26½ years old, physically sound, and have completed at least 2 years of college or the equivalent, you may be qualified for pilot training as an Aviation Cadet. Get full details now. Next class starts July 1, 1948.

Tidelands Scene Of Big Operations

By MAX B. SKELTON
GRAND ISLE, La., May 22. (AP)—Gulf Coast tidelands oil operations are beginning to assume massive proportions.

Expensive drilling platforms now dot the horizon along the Louisiana coast and indications are that by fall there may be 50 or more rigs in operation.

Oil companies, despite the prolonged controversy over federal or state ownership of the submerged lands, are making rapid strides toward producing oil from open, unprotected waters of the Gulf. The latest developments include: The first commercial oil producer in deepwater, Kerr-McGee's Discovery Well 10.5 miles off Terrebonne Parish on May 4 began flowing regularly at rates as high as 600 barrels daily. The well is in water 17 feet deep.

Magnolia Petroleum on May 13 said its well eight miles off Coon Point showed 1,027,000 cubic feet of gas daily, with a trace of distillate, when tests were made with

perforations at 7268 feet. Other tests now are in progress.

Humble Oil and Refining Company on May 18 announced that its first tidelands project, 7.5 miles off Grand Isle, topped salt at 7,608 feet and found an oil sand at 7,094 feet. The company also said five rigs will be in operation off the Louisiana coast by fall.

A second Kerr-McGee project on May 14 had reached a depth of 12,600 feet and had encountered several minor oil and gas showings.

Texas-Louisiana oil explorations on coastal land have centered around salt deposits in many areas and companies leading current tide-lands explorations hope to find a similar number of salt domes in the ocean bed immediately adjoining the two states.

Five such tidelands salt domes have been confirmed to date.

J. Ben Carsey, assistant chief geologist for Humble, last week said recent geophysical information indicates the Continental Shelf adjacent to Louisiana may not have as many domes as the adjoining land area.

He reported, however, that the survey indicates there are 19 "topographic features" or hills on the ocean bed within 3.5 miles of the Louisiana coastline, 51 within 10.5 miles and 245 within 31.4 miles.

Carsey said any attempt to estimate the ultimate production from the continental shelf by applying the known production of adjacent land areas would be to assume that a similar number of structures would be found in the Gulf.

By such an assumption, he said, the Continental Shelf along Texas and Louisiana might be expected to hold 4 to 5 billion barrels of oil within the 31.4 mile zone, 600 million barrels within the 10.5 mile zone, and 300 million barrels within the 3.5 mile zone.

Humble's current tidelands test is proceeding in 47 feet of water and Carsey predicted offshore exploration will continue to areas having depths of from 50 to 100 feet but that it will be extremely difficult beyond that point.

The offshore platform holding Humble's first tidelands rig cost \$1,200,000.

"A 14,000 foot well at this point will certainly cost half million dollars in addition to the platform investment," he added.

Once Famous Auto Bandit Released

CHICAGO, May 22. (AP)—Robert "Teddy" Webb, who as a dapper 22 year old was Chicago's first automobile bandit, has been granted a parole after serving more than 34 years of a life sentence for the murder of a Chicago policeman.

Webb, one of Chicago's most notorious desperadoes, was the brains of a gang which was the first to utilize the automobile in robberies. Police records disclose that he was highly successful in his criminal pursuits most of 1912.

His gang had little difficulty in eluding police after a robbery, driving away in an automobile.

ITU Chief Leading In Re-Election Bid

INDIANAPOLIS, Ind., May 22. (AP)—President Woodruff Randolph of the AFL International Typographical Union held a 3 to 2 lead in his race for re-election with nearly one third of the union's locals reporting, ITU headquarters said today.

A tally from 271 of the 850 locals gave Randolph 25,173 votes to 16,634 for John R. Evans, independent party candidate.

An excellent conserve can be made from oranges, raisins, walnuts and canned plums. Chop the fruit and nuts, add sugar to taste and cook slowly until thick.

Crushed peanut brittle makes a delicious topping for ice cream. It is good also with sponge cake and soft custard sauce.

Shirley Resents Action Of Circus

HOLLYWOOD, May 22. (AP)—Shirley Temple has nothing against the circus, understand, but her attorney, Grant Cooper, says it's like this:

The Rogers Brothers Circus should "cease and desist from using advertising posters with her name, and we have asked them to."

Cooper said the posters infringe upon Shirley's name, constitute unfair competition and give the impression she is appearing with the show.

The circus' Shirley Temple, said the attorney, is an elephant.

Yet Hasn't Heart To Collect Taxes

CONSHOHOCKEN, Pa., May 22. (AP)—A 26-year-old war veteran who lost both legs in World War two didn't have the heart to press people for their unpaid taxes so he resigned as tax collector.

Audrey Holland, named West Conshohocken's tax collector for life, said yesterday "lots of those who were behind in their payments were my friends and my buddies."

"I just didn't have the heart to dun them."

Unpaid taxes in Holland's district amounted to \$1,275.

Father Of Red Worker Resigns

WASHINGTON, May 22. (AP)—Federal officials with "known Red relatives" were urged today by Rep. Crawford (R-Mich) to follow the example of John C. Virden who yesterday resigned his Commerce Department post.

Virden's action came after disclosure that his 22-year-old daughter, Euphemia, works for Tass, the Russian news agency. Virden quit as head of the Office of Industry Cooperation, although he said he had broken with his daughter over her employment by Tass.

Secretary of Commerce Sawyer praised Virden highly and refused Crawford's request that he ask the official to quit. But the Cleveland industrialist insisted on leaving, remaining only long enough to break in a successor.

Fort Worth Man Seeks Court Post

HILLSBORO, May 22. (AP)—Charles T. Rowland, 74, of Fort Worth, today filed as a candidate for chief justice of the Texas Supreme Court.

The application, accompanied by the filing fee and petition, was received here this morning by the office of R. W. Calvert, executive secretary of the Texas Democratic Executive Committee.

Claims Chinese Deserting To Reds

SHANGHAI, May 22. (AP)—Two American hospital workers who spent 14 months behind communist lines in northwest China said today many national troops are deserting to join the Reds and that the communists expect to win the Chinese war by 1950.

The pair—Miss Margaret Stanley of Oskaloosa, Iowa, and Frank Miles of Salem, Ore. — were attached to a Friends Service Hospital unit and arrived here after a 10 week trek from Shensi province.

Suede was named after the country of its origin: Sweden.

Sterilization And Mercy Killings Hit

ROME, May 22. (AP)—Pope Pius XII told the International College of Surgeons yesterday the Roman Catholic Church opposes mercy killings and sterilization.

The Pontiff said it is not permissible to take the life of an innocent, even to save the life of another innocent being.

"It is never permitted above all," the Pope added, "to deviate from the supreme intentions of the Creator in the matter of new human lives, as it is never permitted to adopt reprehensible acts of sterilization and others which, with pseudo-scientific aim, can diminish the dignity and efficiency of the human creature."

Three Local HSU Students To Graduate

ABILENE, May 22—Three students from Big Spring and one from Vincent are listed among the 145 candidates for graduation from Hardin-Simmons University this spring, Dr. Robert A. Collins, dean, has announced.

Big Spring students to receive diplomas are Donald Cauble, son of Mr. and Mrs. J. P. Cauble, Rt. 2; Jan Dickerson, daughter of Mr. and Mrs. C. W. Dickerson, 305 E. 9th; and Ollis Presley, son of Mrs. Odessa Presley of Big Spring. The Vincent student is Bob Meador, son of Mr. and Mrs. Jim J. Meador, Vincent.

Cauble, who has majored in psychology and minored in voice and English at Hardin-Simmons, is to receive the Bachelor of Arts degree.

Miss Dickerson, who finished her work last January and has since been working with the Abilene Reporter-News, is to receive the Bachelor of Arts degree in journalism and English. She was editor of the HSU Brand, student newspaper, in 1946-47.

Presley, who has majored in business administration and minored in economics, is to receive the Bachelor of Science degree. He was a member of the Cowboy Band and Science Club at HSU. Meador, also a business administration and economics major, will receive the Bachelor of Science degree. Meador was president of the sophomore class in 1945-46, has served on the staff of the Bronco, student annual, and been a member of the Press and Business Administration clubs.

The 56th annual commencement exercises will be held Monday morning, May 31, in historic Behrens chapel on the Hardin-Simmons campus. Allan Shivers, Lieutenant Governor of Texas, is to be guest speaker.

'HEAR DEM SHUFFLIN ...' Lions Minstrel Is Getting Polish

"Hear Dem Shufflin' Along" and a host of other lively and melodious tunes ring out Thursday and Friday evening with the presentation of the Lions club's big minstrel.

Rapidly taking on polish for the finished production, the show goes into dress rehearsal this afternoon at the city auditorium.

Advance ticket sales are encouraging, said Dan Conley, club secretary for "Not only are people helping to swell the Lion's fund to meet a pledge of \$1,200 for high school band uniforms, but they are assured of seeing a bang-up, colorful and fast moving show worth every penny of the admission price."

Rich chorus backgrounds of familiar tunes will stem from the throats of 60 picked singers, all donned in blackface. Besides, there will be vocal specialties by Marion Beam, Chuck Hix, David Elrod,

and Mrs. Kay Springer. A quartet composed of Dr. Charles Deats, Truett Thomas, Dan Conley, S. K. Whaley also will have special numbers.

Rex Van, director of the show and an oldtime minstrel man and one of the original Black Crowes, will do specialties and team with Dallas Whaley, Lubbock and formerly of Big Spring, in skits. Whaley, who has earned quite a reputation as a minstrel man, is to be here today for the rehearsal.

Costumes are about complete, and some show time the end men will be bedecked in gaudy uniforms and red bow ties. Other men will have these fiery red bows plus black wigs, and the women will sport colorful red ribbons for head pieces.

Between acts there will be special entertainment and old time candy hawking. A collection of valuable awards to be made at the show are now on display in the Mellinger's Men's store window at Third and Main. Tickets for the event are obtainable at the hands of any member of the club.

Three of the University of South Carolina's top pitchers are top football players too. Quarterback Harold Hagan of Savannah, Ga., Fullback Charlie Long of Charlotte, N. C., and Halfback John Szakacs of Fairport, O., all handle mound duties for the diamond crew.

HCJC Holds Banquet-Prom

Approximately 150 turned out Saturday evening for the freshman-sophomore banquet of Howard County Junior college.

The formal event, held in the Settles ballroom, was given by the freshman class. The prom followed the dinner and program.

Louis Manealy gave the welcome on behalf of the host class and Leatrice Ross responded for the sophomores. A quartet composed of Betty Ray Nall, Joyce Sewell, Jean Meador and Micki McLeroy sang "The Stars Will Remember" and "How Soon."

Harry Echols entertained with one of his own piano compositions, "Serenade," and Miss Nall sang Gershwin's "Summertime." Special recognition was given to HCJC baseball team, which is current leader of the Tri-County league. The group closed the program singing "Hail to the Jayhawks," the college song. Bud Purser was master of ceremonies and the Rev. Preston Denton gave the invocation.

Following the banquet, students and guests danced to the music of Harrison's Texans.

Evanses Will See Son's Graduation

Mr. and Mrs. D. T. Evans, Sr. will leave Tuesday for a brief trip that will end in Austin where they will see a son, John Evans, graduate from the University of Texas.

He will receive his business administration degree. Having had one year in Emporia (Kans.) college, before he was an air corps pilot during the war, Evans entered the University in 1945. He is a member of honor and professional fraternities and has been elected to the Goodfellows. In addition, he has been one of the leading campus leaders in the air corps reserve program.

Mr. and Mrs. Evans are going by way of Houston to visit another son, D. T. Evans, Jr., and his wife.

Suspect Transferred To County Officials

A Negro man was transferred to county officials Saturday by city police and charges are due to be filed in connection with a Friday night affray in the flats section.

Tom Johnson, another Negro, was treated at a local hospital for a deep cut on the jaw received in the altercation, police said.

Return From Rites

Mr. and Mrs. J. O. Stephens, 1606 Scurry, have returned from DeLeon where they were called on the death of his sister-in-law, Mrs. Minnie Stephens, who was well known here. She died Wednesday night of heart attack and services were held in Dublin Thursday afternoon.

SHOWS LOGGED

Scurry, Sterling Wildcats To Test

Humble Oil & Refining company No. 1-B Ellwood estate, 14 miles north of Sterling City, in North-Central Sterling County, and 660 feet from north and 1,980 feet from west lines of section 56, block 18, SPRR survey, had perforated 5 1/2 inch casing, which had been cemented on bottom at 8,000 feet, and was swabbing to clean out and test.

The perforations are at 7,970-80 feet, in the Ellenburger. The top of that zone, between 7,962-80 feet, had shown some oil. The section below 7,960 feet developed water.

There is a possibility that the thin section of pay above the water may be completed for an oil well, and a discovery.

Sun No. 1 Schattell, slated 8,500-foot wildcat in Southwest Scurry county, seven miles southwest of Snyder, and 1,380 feet from south and west lines of section 186, block 97, H&TC survey, was bottomed at 4,748 feet in a hard dolomite, which had logged some slight shows of oil, and was running a drillstem test, with the packer at 4,658 feet.

Fulleton Oil company, Phillips Petroleum company, Kerr-McGee Oil Industries, Inc., et al. No. 1 E. T. Strain, scheduled 8,500-foot wildcat in Northwest Mitchell county, nine miles northwest of Colorado City, and in southeast corner of lot 10, Reigers survey Nos. 1 and 2, had reached 2,138 feet in lime, and was to drill the plug on 8 1/2-inch casing which had been set at 2,137 feet, with 800 sacks of cement, and drill ahead.

Seaboard Oil company of Delaware No. 1 W. C. Campbell, one location north of the recently com-

pleted heavy flowing No. 1 Dora Campbell of the same company, in the Vealmoor field of North-Central Howard county, had reached 2,470 feet in shale and anhydrite, and was making more hole.

This semi-wildcat is 1,986 feet from south and 1,968 feet from east lines of section 29, block 32, TP survey, T-3-N. It is contracted to about 8,000 feet to test the Vealmoor lime pay in the Pennsylvanian.

Robert W. Atha, et al. No. 1 Musgrove, North-Central Howard county prospector, eight miles northeast of Big Spring, and 2,310 feet from north and west lines of section 9, block 31, TP survey, T-1-N, had reached 4,518 feet in dry lime, and was shutdown for orders.

It has not logged any signs of possible production. It was understood that a Schlumberger survey was to be taken. If that should show the project has any structure there is a possibility that it might be drilled deeper, to about 8,000 feet, to try to find and test the Pennsylvanian lime. There is no verification of that possibility.

Sun Oil company No. 1 Ellwood estate, 17 1/2 miles south of Colorado City, in South Mitchell county, and in the east quarter of section 26, block 16, H&TC survey, had reached 7,184 feet in dolomite, lime and shale, and was making more hole.

Gallagher Rites Set In Amarillo

Funeral services for Thomas B. Gallaher, general passenger traffic manager for the Santa Fe railroad who died Friday in Chicago, will be held in Amarillo, a former home at 2 o'clock Tuesday afternoon.

Mr. Gallaher was a brother of Mrs. W. W. Inkman of Big Spring, and the Inkmans plan to attend the services.

Mr. Gallaher succumbed to a heart attack while conducting a conference on passenger service. Native of Graham, Texas, he joined the Santa Fe in Weatherford and worked as a cashier during summer vacations from Texas Christian University. He was general freight and passenger agent for some 15 years at Amarillo before being advanced to the position in Chicago about 12 years ago.

Other survivors are his widow and four children.

Hogg Foundation Meeting Is Reset

The meeting of the committee on a community demonstration, to be undertaken with aid from the Hogg Foundation, has been re-set for May 31.

W. C. Blankenship, chairman, said that the time had been set back to allow for more time on surveys of some 12 possible fields of action. On the basis of findings in these studies, some decision may be reached by the committees as to what project to undertake.

Merrick Will View New 1949 Ford Model

V. A. Merrick of the Big Spring Motor company is leaving this weekend for Oklahoma City, where a regional meeting of Ford dealers will be held for the showing of advance units of the new 1949 Ford models.

The Southwestern regional meeting is the first presentation of the new Ford, which reportedly represents a drastic change in design.

Wayne Matthews Family On Visit

Weekend visitors in Big Spring are Mr. and Mrs. Wayne Matthews and family of Alba.

Matthews is a former member of the Big Spring high school faculty, having served for 15 years before resigning to enter business in Alba. Saturday they visited in Kermit but returned to attend services today at the First Baptist church, where he and Mrs. Matthews were prominent workers for years.

TWO BOTTLES OF MILK

Or two cartons of milk, look very similar on your grocer's shelf. Maybe a chemical analysis of these two would bear out the same similarity. Suppose they are equal from a standpoint of health and nutrition,

IT STILL MAKES A VITAL DIFFERENCE TO YOU AND YOUR FAMILY WHICH BOTTLE OF MILK YOU TAKE HOME.

The bottle or carton of milk which is produced and processed in HOWARD COUNTY is backed by a total taxable investment, by the producers alone, of more than \$425,000.00. It represents an expenditure by the producers in HOWARD COUNTY of more than \$330,000.00 annually. It represents the maintenance of TWENTY NINE HOMES in HOWARD COUNTY and in those twenty-nine homes there are approximately FORTY FIVE SCHOOL CHILDREN.

We will leave it to the consumer as to which milk supply is helping to build BIG SPRING and HOWARD COUNTY and to the merchants as to where their MILK-DOLLAR is being spent.

Your choice of the bottle of milk is very vital to you and your family, be you an employer or wage earner. You cannot prosper unless business is good in Big Spring and Big Spring people prosper generally. A surplus of local dairy products is already a threat in this locality because of the consumption of milk and milk products brought in from distant areas.

Insist on getting FRESH MILK DAILY.

Howard County Milk Producers' Ass'n.

HERALD WANT-ADS GET RESULTS

Ex-Envoy Is Silent On His Resignation

CAIRO, May 22 (AP)—S. Pinkney Turk, erstwhile United States ambassador to Egypt, would not discuss today his reasons for resigning. In a letter of resignation made

public in Washington yesterday, he said they were "compelling reasons of a personal nature." President Truman accepted his resignation.

VACATIONING

Mr. and Mrs. R. L. Southard have been vacationing in Erwin, Tennessee.

PUNISHMENT FIXED AT 35 YEARS

Albert Browning Stands Convicted Of Killing Wife

COLORADO CITY, May 22.—Albert Browning stood convicted today of the slaying of his wife, Viola.

Browning, 42, received the verdict at 11:15 p. m. Friday with little emotion. Punishment had been fixed at 35 years in the state prison. He turned to confer with one of his attorneys.

It required the jury two and a half hours to reach its verdict. Browning had testified that his 35-year-old wife was shot as they scuffled over possession of a pistol in the home of his mother in Snyder on Feb. 8.

No signs of nitrate or powder deposits were found on gloves Mrs. Browning was wearing at the time of her death, George Lacy, chemist and toxicologist for the State Department of Public Safety, said from the stand.

"I made a microscopic examination and chemical analysis, but found no powder residue. If the gun was held as you (District Eldon Mahon) have just described, gas would have escaped from the cylinders of the chamber and there would have been nitrate on the glove."

Lacy said on cross examination that in any case there would have been spots on the glove, but it was possible that in some cases the nitrate might not show. Mahon had simulated the grip which Browning said his wife used in seeking to wrest the gun from her at the time of the tragedy.

In his testimony he said Mrs. Browning had got the pistol out of a dresser drawer, but the Scurry county deputy sheriff, Vernon Head, said no drawers were open when he was called to the place. Mrs. Elma Browning, mother of

the defendant, said "I believe the drawer was partly open and I closed it."

Lloyd Merritt, Scurry county sheriff, and others traced possession of the gloves directly to the undertaker, who had had them in

his possession continuously until the analysis was made Friday morning.

No information had been received Saturday afternoon as to whether there would be a motion for a new trial or for an appeal.

GI BILL COMPLICATIONS

Vets Are Warned Of Law Violations

Veterans claiming GI unemployment allowances between terms may be expected to take any reasonable work within their physical

abilities. L. O. Connolly, local office manager for the Texas Employment Commission, has advised Howard County Junior college and Big Spring High school student veterans.

Connolly also cautioned student veterans against claiming unemployment pay for periods covered by GI subsistence allowances, which is a violation of Federal law.

The TEC administers Title V of the GI Bill of Rights. Servicemen's re-adjustment allowances, the \$20 a week employment payments, go to eligible jobless veterans seeking employment through offices of the commission. The law requires that they be available for suitable work, Connolly explained, and payments stop when they are found jobs, refuse suitable employment, or are not actively seeking work.

Veterans seeking temporary work are eligible for GI unemployment pay if they are not receiving subsistence allowances.

Connolly said that veterans who have finished school and want permanent work will be given every opportunity and assistance in getting the kind of employment they desire. While unemployed, they are

Service League Will Meet At St. Mary's

Regular meeting of the recently organized Young People's Service League is set for 7 p. m. to 9 p. m. today at the St. Mary's Episcopal parish house.

The league is a non-denominational program for youths from 13 to 25 years of age and was organized under the auspices of the St. Mary's church with Mr. and Mrs. D. M. McKinney as sponsors. Election of officers is slated at a dinner affair on May 30, McKinney said.

Stinnett Child Succumbs Here

Timothy Paul Stinnett, infant son of Mr. and Mrs. Robert F. (Bob) Stinnett, Vernon, died here early Saturday.

Mrs. Stinnett and two other children were here on a visit with her mother, Mrs. F. A. Childress, when the baby, born Sept. 24, 1947, was stricken. When the child's condition became alarming, Stinnett was summoned here from Ardmore, Okla., where he had gone. He arrived shortly before the baby died at 3:30 a. m. Saturday.

The body was taken aboard the train Saturday evening to Gainesville, where rites were to be held at 3 p. m. today. Eberly Funeral home was in charge of arrangements here.

Mr. and Mrs. Stinnett are both former residents of Big Spring. He having been employed several years at Cosden refinery before entering service of the highway patrol.

Besides his parents, Timothy leaves one sister, Bertha Ferrell Stinnett, 7, and one brother, Robert F. Stinnett, Jr., his grandmother, Mrs. Childress; his paternal grandparents, Mr. and Mrs. R. L. Stinnett, Gainesville; three uncles, Arbia and Leo H. Childress, Big Spring, and Roy L. Childress, San Marcos; two aunts, Mrs. Gordon Hickman, Big Spring, and Mrs. Herman L. Hasey, route No. 1, Big Spring.

Local Residents' Mother Is Dead

Last rites were said in Clyde Saturday afternoon for Mrs. Arvillie Cain, 73, mother of three Big Spring people.

Mrs. Cain died suddenly at 6 a. m. Friday at her home southwest of Clyde, where she had lived since 1916. Surviving were her husband, Aaron Turner Cain, to whom she was married on Dec. 23, 1894; three sons, A. J. Cain, Sr., Big Spring, Frank Cain, Abilene, Charlie Cain, Andrews; six daughters, Mrs. Morris E. Redding and Mrs. Lloyd J. Spraggins, Big Spring, Mrs. Gertrude Dunn, Hamlin, Mrs. Lavada Bird, and Mrs. Winnie Austin, Abilene, Mrs. Essie Franklin, Snyder.

Three of her 13 children had died in infancy and a fourth, Mrs. Hattie Wheeler, died in 1923. Mrs. Cain left 26 grandchildren and six great-grandchildren.

Many Are Losing Money In Filing Social Security

More than 20 percent of those filing social security claims in the San Angelo area during a recent 4-week period lost money because they didn't file soon enough, George Clark, manager of the social security office in San Angelo, said today.

The amount lost and the number of claimants involved in the losses were not large. But when one out of every five claimants who do file claim are losing benefits, it indicates that some are not filing their claims at all, said Clark. It is not necessary to be in need to get this monthly social security income. Yet, many do not file prompt claims are either depending on relatives or using up slender resources before they file their claims.

The purpose of the insurance provisions of the Social Security Act was to relieve the average man or his survivors from having to depend entirely on relatives or such small savings as he is able to accumulate against a rainy day, Clark continued. These savings are generally needed for the emergencies of modern life, sickness, accident, and other things that cannot be helped.

Every 65-year-old worker who is covered by the Social Security Act, and the survivors of covered workers who die, should inquire at the social security office at 307 Federal Building, San Angelo, about their benefit rights. Or, a representative of the Social Security Administration may be contacted at the Texas Employment Commission Office in Big Spring every Tuesday morning.

More Boxcars Are In Wheat Sections

WASHINGTON, May 22. (AP)—The boxcar supply in Southwestern wheat-growing states appears more satisfactory than at this pre-harvest time in several years, Sen. Reed (R-Kas) reported Saturday.

He said that on May 1 there were 11,210 more boxcars on the main wheat-loading railroads of the Southwest than at the same time last year.

Video Shown On Big Screen

LOS ANGELES, May 22. (AP)—The movie industry, long fearful of television's effect on boxoffice receipts, was breathing easier Saturday.

Video projection adequate for a full-size theater screen without the use of film was demonstrated for the first time Friday night to radio and cinema technicians.

This process, kept under wraps for months, enlarges the television image by an optical system similar in principle to that of the 200-inch Mt. Palomar telescope.

Movie executives predict this advancement ultimately will provide theaters with a new lure.

Some 2,000 delegates to conventions of the Society of Motion Picture Engineers and the National Association of Broadcasters attended what probably will be chronicled as a historic showing of direct video, on a screen 20 by 15 feet. The image quality, unlike earlier efforts to adapt television to theaters, was amazingly clear.

Water Buffalo Hide To Save Their Hides

OTTAWA, Ont., May 21. (AP)—The last truly wild herd of American buffalo is on the increase, and the Dominion Wild Life service figures the breed is pretty safe at last from dying out like the dodo.

That's assuming, of course, that something unforeseen doesn't happen. The buffalo, or bison, despite its rugged appearance, is a sucker for a tuberculosis germ or liver fluke.

Canada's wild herd lives in Wood Buffalo Park, a 17,000 square mile unfenced area near Great Slave Lake in northwest Canada. The best estimate of the Wild Life Service is that it now numbers more than 9,500. In small groups, the animals roam their preserve—about twice the size of the state of Massachusetts—under aboriginal conditions, except for being protected.

The bison live mostly on natural grasses, for the area has a relatively light snowfall.

An Audubon Society naturalist who saw the herd from an airplane reported:

"In the whitetop and sedge along the north shore of Lake Claire we saw several thousand bison.

"The prairie marsh stretched away for miles, marked by wallows and deeply trodden trails, with here and there an old bull standing guard, his hoofs digging at the soft earth, his tail standing straight out and arched at the top to warn of his suspicion and anger. There were prairie chickens too, and ducks, but not as many ducks as buffalo!"

The bison are of a variety slightly different from the plains bison which used to inhabit the west by the millions. They are larger and darker than the plains bison. And, instead of vast, open prairies, they prefer a territory broken by woods and the popular bluffs common in the Great Slave Lake region.

Wild Life service experts say the Wood Buffalo herd lives as far north as it is possible for bison to exist. This saved it from slaughter by Indians and commercial hunters.

Canada kills off a limited number each year to provide meat for isolated missions and buffalo coats for the Royal Canadian Mounted Police. To make a coat for a Mountie takes one and a half to two buffalo hides.

Wednesday Set As SA Pickup Day

Wednesday has been designated as pick up day by the Salvation Army in connection with collection of old clothing.

Capt. Olvy Sheppard said that previous part-time service had been reduced and that if people who could not send the clothing would call, a pick up would be made Wednesday morning.

He said that serviceable old clothing, particularly work garments, shoes, or bedding were much in need for relief work.

T. E. O'Keefe to remodel frame residence at 1803 Johnson. \$250.

Oklahoma Officials Will Take Over Men

Two men arrested here Friday night by city police are due to be turned over to authorities from Hugo, Okla., where they are wanted to face charges of automobile theft and burglary.

Big Spring police picked up the two men on South Seaway street after prowlers had been reported in that area.

'Runaway' Vehicle Causes Excitement

A "runaway" automobile caused temporary excitement Friday afternoon at the intersection of West Third and Gregg streets, city police reported.

Officers said a car that had been began rolling down the incline on West Third and bumped into another vehicle driven by Harry D. Rogers. Rogers had stopped his machine to wait for a traffic signal to change, and damage from the mishap was slight, according to the police report.

City Heads Will Convene Tuesday

Big Spring city commission is due to convene at 5 p. m. Tuesday in the city hall for the second regular meeting for this month.

Several routine business matters will be referred to the commission, City Manager H. W. Whitney said.

Stanton Schedules Memorial Day Rites

STANTON, May 22.—Memorial Day services are to be held here May 30.

The American Legion and its auxiliary will be in charge of the memorial rites, set for the city park at 8:45 p. m., it has been announced.

Chicago Woman Dies On Ambulance Plane

CHICAGO, May 22. (AP)—A 53-year-old woman patient died Friday night aboard an ambulance plane which was bringing her home from southern California.

She was Mrs. Catherine Reese, Elmhurst, Ill. She died before the plane landed at Amarillo, Texas. There, a coroner's physician examined the body. The plane continued on its way, arriving here early Saturday with the dead woman.

A&I Has Sickness Outbreak Friday

KINGSVILLE, May 22. (AP)—Thirty-eight A&I College students became ill Friday with indications of food poisoning. All but one had recovered by Saturday morning.

The other, still in the infirmary, was expected to be released some time Saturday or Sunday.

A check by the city-county sanitarian of the two college dining halls did not reveal any factor which might specifically have caused the outbreak.

Youth Is Missing, Ransom Note Found

LOS ANGELES, May 22. (AP)—A 12-year-old junior high school student was missing from his home Saturday and police said they found a ransom note demanding \$1,500.

The boy, Alan D. McCauley, was missing from his room when his parents returned at 2:30 Saturday morning after attending an ice carnival.

Postmasters Will Meet At Del Rio

DEL RIO, May 22. (AP)—Postmasters from 27 counties in the 21st Congressional District will convene in Del Rio May 29 and 30.

Rep. O. C. Fisher will deliver the principal address at a banquet May 29 in Villa Acuna, Mexican city across the Rio Grande from Del Rio. Mexican officials have been invited to attend.

Houston Polio

HOUSTON, May 22. (AP)—Two new Houston polio cases were reported Saturday, bringing the year's total there to 25, all since May 5.

The Week

(Continued From Page One)

the administering of tuberculin tests under the auspices of the Howard County Tuberculosis association and in cooperation with the local health unit. The health unit cooperated with dentists in giving practically every school child a dental check which they apparently needed. Final per centage may average out 60 per cent or more with some defect.

May 31 will be a holiday in Big Spring. This was agreed by a businessmen's committee at the outset of the year. It has been reiterated. It is going to be.

Last week just a few head short of 2,500 livestock coursed through the local markets. Exact figures on the aggregate value were not obtainable, but it likely was well beyond \$200,000. There will be more of the same so long as the drought continues and cattle hold out.

Unless someone calls with a tin cup and smoked glasses to ask for something, our people are not always impressed with simple requests. As a consequence, preliminary tabulations indicate that the total volume of airmail last week—despite fervent pleas for increased use—was about the same as the previous week.

Brown and Root picked up and moved to another city last week after completing the last paving contract. More than 85 blocks have been paved here since the first of the year and possibly 25 or 30 more will be completed before the year is out. That's a pretty fair program for any city.

Let some be misled into thinking the junior college is to teach the niceties of riding on handlebars because of an announcement on "cycle" courses. It should be noted that reference is to commercial or business courses, offered on a cycle plan. This means that at any nine-week's point, a student can enter a new phase of training, which eventually makes a cycle back to his starting point.

Checks to United Jewish Appeal should be mailed to Bernard Fisher, local chairman. This is for a humanitarian cause in removing thousands from displaced persons camps in Europe and setting them up in Palestine or elsewhere with hope of rehabilitation and the dream of dignified existence.

HOT WATER FAST - with GAS

For the big family, for the small family—whatever your hot water needs—we have a new automatic gas water heater that's just the right size. Just the right size for your purse, too. Come in and see these beautiful new models. Find out how little it costs to have a plentiful supply of really hot water always on tap.

No more cold water shaves

Lighten household chores with hot water always ready

Baby's bath now always hot at the right temperature

Standard Oil Executive Urges World Government To Avoid New War Horror

(Editor's Note: With special permission of The Reader's Digest, The Big Spring Herald reprinted with some condensing, an article, "Our Final Choice," written by W. T. Holliday, president of Standard Oil Company of Ohio. This is a bold and logical discussion of the idea of a world government to prevent war and save civilization. Mr. Holliday forcefully sums up the thinking behind the World Federalist movement which will be the subject of the public forum to be sponsored here by The Herald and the San Angelo College Institute of World Government June 13.)

By W. T. HOLLIDAY

I am one of those terrible people, a munitions-maker. As chief executive of an oil company, my business is just as essential to war as tanks or planes. So I am supposed to welcome war as a fine thing for my business.

But the next war will not be a fine thing for my business—nor for any business. It will simply be the dead end of all our business and of a good many other things as well. Men, at long last, has developed the instruments with which

he can destroy his world—and will destroy it, unless the power to do so is taken from him.

THINK!

Let us wake up! The first job of all of us today is to secure world peace. Our only alternative is World War III. The horror behind those cool words is beyond imagination. Already the scientists, in the merest babyhood of atomic power, are talking about bombs a hundred times more powerful than the Hiroshima type, which could blast New York off the earth and kill 6,000,000 people! Just as appalling, the scientists tell us, are developments in warfare by deadly bacteria.

Whenever a civilization is faced with a new and fundamental challenge, there is only one thing that can save it from decline and fall: its men and women must change their habits of thought to meet the challenge. Either they meet their new world with new thinking, or they go under.

Do all of us realize that our present and normal state of world affairs is nothing but raw anarchy? We are living under a world condition of lawless chaos that we could not tolerate for an instant in our immediate lives.

NO INTERNATIONAL LAW
Scholars talk about "international law," but the plain truth is that there is no such thing. Law means enforced law. To enforce law, it takes a government. And where is their international government?

Well, you say, don't we have the United Nations?

We do—for what it is. But at present the United Nations is not constructed to do the job that needs doing; let us recognize its shortcomings and try to correct them. While there is still time.

The United Nations cannot maintain world peace for the simple reason that the United Nations is not a government. It has no world

laws and no power to enforce them if they existed. The United Nations is nothing but a league, a many-sided treaty signed by 57 separate nations—each of which keeps all its independent power of deciding at any moment whether it will make war.

THE POLICEMAN

What is the real meaning behind the symbol of the policeman? If you look closely at the public peace in your city, you will be reminded that you and your fellow townsmen would be completely incapable of maintaining the peace by yourselves as individuals. The policeman represents public force, wished-for order and agreed-upon laws. Most important, he represents the unseen fact that you and your fellow citizens have given up your primitive, independent right to settle your own disputes with your own force, and have assigned to him the power to handle something which you are individually powerless to handle. In a word, you and your fellow citizens have federated.

It is one thing to say that a federal world government would have supreme jurisdiction in maintaining the peace. But how would it enforce this peace? Right here is where you and I must change our habits of thought. It is hard for us to think of armies and navies not belonging to separate nations but to the world as a whole. Yet it is a condition of world government that all the great weapons of mass destruction must be given up by the nations and handed over to the world government. Theoretically, the world government would have the power to make overwhelming war upon any nation that threatened world peace.

I say "theoretically" because the real nub of enforcing world peace would be something quite different. Otherwise we are back at the impossible paradox of making war upon a nation for the sake of preventing war. How do we get around that contradiction?

The writers of our Constitution were puzzled by exactly the same point. They wanted the federal laws to be obeyed in the states. But they knew the Union could not merely ask the states to enforce federal laws. And they knew that for the Union to proceed by force against a state as a whole, for the sake of punishing a few lawbreakers, would be like burning down the barn to get rid of the rats.

They solved the problem by giving the federal government the power to go straight to the individual citizen, within any state, and punish him for his violation of federal law.

And that is how federal world government would enforce world peace. Just as you and I, whether we live in Oregon or Ohio, are

punished if we break the federal laws against counterfeiting, a national citizen under world government would be punished if he broke world laws against fomenting international war.

The shape of this world government is clear in outline. At the top is a world constitution. Under this, world government is embodied in a world legislature for enacting the laws to maintain peace, world courts to interpret those laws and decide disputes, a world executive body to execute the laws, and a world police to enforce them.

Some declare that national sovereignty prevents world federation, because no nation would diminish its sovereignty enough to join. Let us see what this can mean.

NO CURB ON WAR

Outside a nation's own borders, there is no such thing as national sovereignty—meaning inherent supremacy. Within its borders, the nation is of course supreme among its subdivisions and citizens. The only touching of this aspect of sovereignty by limited world government is its power to punish national citizens for fomenting international war. In this matter, world government has the supremacy.

Some critics declare that human nature itself is not spiritually ready, has not yet reached the state of perfection, necessary for world federation. I am inclined to agree. Yet was human nature any nearer perfection in 1787, when our Constitution was written; will it be any nearer in 1947? The atomic bomb is not waiting for us to perfect human nature.

With all its shortcomings, the United Nations provides the framework for the working world federation we need. Let us see how the job could be done.

The first step is for some nation to introduce in the General Assembly a motion that the United Nations shall call a world convention to draft a world constitution. Article 109 of the charter provides members for reviewing the pre-

sent Charter" can be called by two thirds of the General Assembly and seven out of 11 of the Security Council. That "conference" would be the constitutional convention—and no single nation can veto it.

At that conference, "any alteration of the present Charter" can be recommended by two thirds of the nations represented. That "alteration" would be a federal constitution for the world—and no single nation can veto a line of it.

MUST CHANGE RULE
Now comes the rub. The next step is to submit that constitution to the nations themselves for ratification. Again under Article 109, the "alteration" shall take effect when it has been ratified by two thirds of the nations, including all the permanent members of the Security Council. In other words, one nation can stop the rest from having constitutional government.

Now that is neither reasonable nor tolerable. It is a curious fact of history that our 13 original states, as they approached federation, were restrained by exactly the same rule of all-or-none. The Articles of Confederation of 1787 said that any amendment adopted must be ratified by all 13 states. How did our infant Constitution manage to come into effect under conditions so stringent?

It didn't. By a bold and wise stroke, the drafters of our Constitution ignored the Articles of Confederation and wrote the provision into the new instrument that it should be established among the ratifying states when nine out of 13 had ratified.

Once this federation is established among a reasonable proportion of the world's nations, it forms an open and easily expandable system. For any nation that did not want to come in at first, there would always be a vacant chair.

Which brings us to today's constant question: What about Russia?

But that isn't the real question. The first question we must answer is this: What about the people of the United States?

We ourselves are the crux of the problem. Do we want world federation? Will we work for it? Will we lead the way? We had better know for sure what we will do, before we try guessing what somebody else will do.

The Russians are realists. And that "a general conference of the only way to deal with realists

is to give them something real to chew on. This world has no chance of abiding peace until we Americans see to it that our Government takes the lead in establishing a world order of greater and deeper realism than anything the Russians have to offer.

The Russians too are seeking an enlarging order, perhaps a world order. They call it "liberation," but the order they apparently want is an order of sheer Russian rule. In one word: Empire. But an empire of force is no longer genuinely workable, as the Russians themselves prove by the suppressive measures they find necessary to take among every people they have "liberated."

Federalism is no empire. Under a world federation, the rule would be world rule, the law world law, arrived at by the voluntary cooperation of all the voluntary nations. Which is exactly the reason for the much greater and more lasting workability—and hence superior realism—of federalism over empire.

WE MUST LEAD

We Americans must lead the way to federalism. If our government spoke up firmly and clearly for an immediate world federation limited to the prevention of war, I am convinced that a huge majority of the world's nations would join us at once, and gladly.

If we Americans really want an enduring peace for the world, we must make this effort toward the only true source of public peace that has ever existed: Justice under law and government. We must speak up for it so that our representatives will hear and will act. One by one, whoever and wherever we are, we must stand up and be counted.

The alternative is to catastrophic destruction of our civilization.

AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.
"My food would not digest and scoured on my stomach. I had had dyspepsia and when these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine."
"Since taking Mertox I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine." You can get Mertox from any Texas druggist at the new REDUCED price.

LEADING THE WAY INTO A NEW GOLDEN ERA

FUTURAMIC OLDSMOBILE

Here's that terrific trio of smart new Oldsmobiles you've heard so much about! The Futuramic Convertible—with its racy, youthful look and all its automatic features. The Futuramic Club Sedan—so low, broad and gracefully tapered in style. And the Futuramic 4-Door Sedan—the car with comfort and visibility beyond anything you've known.

Every one of these new Series "98" Futuramic Oldsmobiles is ahead of the times in performance, too. A new high-compression head adds horsepower to the engine—makes Hydra-Matic Drive* even more notable for its "no-clutch, no-shift" smoothness. And once you step down on the accelerator to WHIRLAWAY... then you'll feel what Futuramic means!

Vernon Dusters Make Initial Appearance In Local Stadium

SEVEN-GOAL STAR

Roy Barry, Dr. M. H. Bennett Ready To Launch Polo Program

There hasn't been a mallet swung yet but Big Spring has fine prospects for a stellar polo team.

Dr. M. H. Bennett will get his program underway shortly on the Sheriff's Posse grounds west of town.

Roy Barry, a seven-goal player from San Antonio, has returned from a successful spring campaign on the West Coast and was to arrive here this weekend to set up shop for the summer.

He'll play on the local foursome and give instructions to the novice poloists, as well. While on the Coast, Barry teamed with his brother, Bill, Cecil Smith and others to form one of the strongest teams in the country.

Barry and Bennett are due to be sided and abetted in the summer's wars by such veterans as Lloyd Wasson, who has had several years experience in the rugged sport, and Rip Smith, another experienced player.

Others who will be in the saddle are Derrel Douglass, Doyle Vaughn, Pete Howze, Hack Wright and Kent Morgan.

The team will engage in several scrimmages before it is ready for competition. Once it is, it'll take on contingents from Lamesa, San Angelo, Abilene and other West Texas points.

Barry is taking up residence here to train Bennett's horses. He expects to move his family here later on in the summer.

Bennett has been associated with polo for many years. He has taken part in several tournaments in Colorado Springs, Colorado, and once owned a two-goal rating, despite the fact that he was not able to devote much time to the strenuous sport.

He had to retire from the game temporarily a couple of years ago because of back trouble. His ailment improved, however, and he was quick to return to the saddle.

Bennett said it was possible that he might arrange to have Cecil Smith, referred to in some sections as the greatest all-around poloist in the world, make an appearance here sometime this year. Smith has been a top-flighter for 15 years and is one of the three players in the world to be rated at ten goals, the ultimate in handicaps.

ROY BARRY

Contest Starts At 3:00 P. M.

Vernon's well-balanced Dusters, who cleaned the plow of the Big Spring Broncs three times running last week, move into the village today to start a three game set with the Cayuses. Starting time of this afternoon's imbroglio is 3 p. m.

The Dusters brought up the rear in last year's race but Lloyd Rigby, Vernon manager, has assembled himself quite a club, according to reports.

Vernon will be here through Tuesday, after which the Big Springers hit the road, playing three games in Ballinger before returning here May 29 with Midland.

Justo Asplazu, bothered not at all by a lame foot, drove home four runs with a homer, double and single as the Big Spring Broncs walloped the Ballinger Cats, 9-5, before a sizeable throng here Saturday night.

Franny (Pancho) Perez scattered nine Ballinger safeties in hanging up his fifth pitching win of the campaign.

The triumph enabled the Big Springers to go back into a deadlock for first place in Longhorn league standings. They are tied with Midland, who knocked over Veron Saturday night. Vernon is half a game off the pace.

Asplazu drove his round tripper over the farthest point in the park, the center field barrier. The blow came when Orlando Echeverria and Ray Vasquez on board. He doubled in the eighth for another tally.

Ace Mendez also hit for the circuit, the drive coming with one away in the fourth and no one on. It was Mendez's seventh round tripper of the campaign.

Bob Stringfield started on the rubber for Ballinger but gave up the ghost when the fourth inning fireworks started. Tex Behrens came into finish.

GLEANNINGS — A wave of injuries and illness hit both teams. Armando Traspuesto was struck in the temple by a Stringfield pitch and was kayoed in the fourth. Asplazu injured his ankle running to second base in the third and limped the remainder of the contest. A moment later, Joe Arencibia stumbled going to first base and lay stunned momentarily. Stu Williams was inserted into the Ballinger starting lineup but became ill shortly before game time and had to quit.

Stringfield threw seven straight balls in the second inning. Echeverria made a spectacular if not brilliant catch of Nuendorf's pop fly in the eighth. He misjudged the ball but spun just in time to snag it with his mitt and then fell flat, the apple secure in his grip.

Mahalac Bests Roland Viadora In Mound Duel

Dick Mahalac, a wronghand from Shiner, Texas, and Roland Viadora hooked up in a hurlers' duel here before some 1,200 fans Friday night.

Viadora parceled out the fewer hits — 8 to 5 — but Mahalac was tighter in the clutches to lead his Ballinger mates to a 3-1 victory over Big Spring.

It was a heart breaking reversal for the Steeds, who could have regained first place in Longhorn league standings had they won.

The Big Springers scored first, sending Ray Vasquez home in the initial round on a tall fly by Joe Arencibia. After the first, Mahalac, who was stitching together his fourth win of the year, allowed only one man to get as far as third base.

Viadora ran into his only trouble in the fourth. Mel Nuendorf led off with a bingle and Stu Williams followed by working Rolly for a free ticket. Viadora and Tony Traspuesto got foiled up on their fielding signals when Jack Wadsworth stroled to bat and sacrificed and the batter reached first on Viadora's misplay.

That left it up to Manager Bill Atwood, who promptly called a time out with a double that scored two men. Pat Murphy struck out but Gwin Simons accounted for a third run with a long fly to Bobby Fernandez in left field.

Viadora gave up only two hits in the last five innings.

ROUNDING THE BASES — Gwen Simons' ground ball in the second inning, which Jake McClain turned into a double killing, was one step from second base and came in with a big handle on it. Pat Stacey crossed the opposition up with his double down the left field line in the third inning. The ball was well spanked. Tony Traspuesto had set an example with his two-baser in the second, his blow landing a couple of feet into the line in left. Bobby Fernandez got his one and only base hit in the sixth on a ball hit straight at Floyd Geiger. The ball took a very bad hop and went over Geiger's shoulder.

The leadoff men were the last players to officially bat for both teams. Ray Vasquez of Big Spring, who had doubled and singled earlier, skied to Geiger. Mel Nuendorf was in the batter's box when Willie Winn and Geiger tried a double steal. McClain let Geiger go to catch Winn at the plate.

NEW MARK SET
MODESTO, Calif., May 22. (AP)—The University of Texas set a new 440 yard record of 40.9 in the open 440 event at the California Relays tonight.

The old mark of 41.1 was set by Baylor in 1947.

The Texas team is composed of Parker, Samuels, Lawler, and Robertson.

1947 Champion, Runnerup Win

Bobby Maxwell Sidelines Jimmy Moon, Jake Morgan Wades Through D. E. Meier

Bobby Maxwell, the 1947 titlist, and Jake Morgan, former kingpin and a finalist last year, have won first round matches in the 1948 City golf tournament now underway at the Munny course.

Maxwell, who did not have to qualify, ousted Jimmy Moon by a 3-2 count while Morgan was fanning out D. E. Meier, 6-5.

In other championship flight results, Medalists John Pipes edged out Don McGuire in a tough match, 2-1; while Earl Reynolds was disposing of Marv Wright, one up on the 19th hole.

First round matches in all flights must be completed by sundown today.

W. E. Ramsey tests Dr. J. E. Hogan, J. R. Farmer opposes Obie Bristow, Joe Black tangles with Novis Womack and Bill Drum bangs with Champ Rainwater in other title fights.

Maxwell meets the winner of the Ramsey-Hogan set. Pipes plays Morgan. The winner of the Drum-Rainwater slugfest goes with Reynolds while survivors in the Farmer-Bristow and Black-Womack matches meet in second round play.

Results in other flights:
FIRST—Charles Bailey ousted Matt Harrington, 8-6; Bobby Wright jarred J. E. Foote, one up on 19 holes; Johnny Malaise trimmed Weldon Bryant, one up, and then lost to Bob Hodges, two up; Dan Lewis cruised through Dan English, one up.

SECOND—E. J. Hughes bested Avery Falkner, 5-4; George Tillinghast ousted Hugh Cochran, one up on 19 holes, LeRow Wood slugged Tabor Rowe, 3-2; and C. G. Griffin tripped R. R. Hooper, 3-2.

THIRD—Bruce Robertson sidelined M. J. O'Brien, 4-3; W. A. Hale whaled Chester O'Brien, 4-3; and R. P. Dunkerly stopped T. E. Underwood, 5-4.

Browns Clip Nats
ST. LOUIS, May 22. (AP)—With Gerry Priddy driving in three of the runs, the St. Louis Browns downed the Washington Senators 4-2 Saturday for their third straight triumph. Ed Pellagrini's home run accounted for the other Browne marker. The contest drew only 2,993 fans.

Trio Setting Pace In PGA

ST. LOUIS, May 22. (AP)—A trio of slammers paced by one of the longest hitters of them all, Chick Harbert of Northville, Mich., led the way into the quarter finals of the 30th Professional Golfers Association championship Saturday as most of the tournament hot shots came successfully through the third round.

Harbert turned in an amazing performance as he ousted the medalist, Skip Alexander of Lexington, N. C., by an 11 and 0 margin. He shot a ten-under par 61 for his morning round and finished the 26 holes twelve under perfect figures.

Not far behind him Sammy Sneed, the White Sulphur Springs, W. Va., clubber and Johnny Bulla of Phoenix, Ariz., both of them noted for their long hitting, turned in decisive victories.

Sneed whipped Leland Gibson of Kansas City, 5 and 3, and Bulla routed Ky Latfoun of St. Andrews, Ill., 6 and 5.

BRONCS GET TWO NEW MOUNDMEN

The Big Spring Broncs pitching staff received two additions Saturday when Jose Blanco Fernandez, a righthander, and Lefty Gumerslode Elbas put in appearance at the local camp.

Both of the new hurlers were dispatched to Big Spring from Havana, Cuba, farm club of the Washington Senators in the Florida-International league.

Nathan's Drops Pair To Crane

ST. ANGELO, May 22. — Nathan's of San Angelo dropped a double-header to Crahe here Saturday night.

In the opener, Crane blanked Nathan's 3-0 and then eased in with a 4-1 in the nightcap. J. W. Teague, a former Big Spring, was on the hill for Crane in the first tilt and was never in serious trouble. Bill Powers was the victim. Denham claimed the second victory, out-twirling Lawson.

Forsan Scraps To Remain In Tri-County Scramble

Play On Local Field Today

Three of the six teams in the Tri-County baseball league have already been eliminated from first half title consideration and a fourth—Forsan's Oilers—must hope for a complete about-face by the pace setting HCJC Jayhawks.

The Oilers are currently three games off the Hawks' pace and only four games remain on the first half schedule of all teams. Second half play gets underway on June 2.

The Big Spring Westerners, Colorado City and Knott have already bowed out of title play but will try to cool off some of the leaders between now and June 13.

Coshoma's Bulldogs, who have the best chance to overtake the Hawks—they're only one game behind—take on the Knott Billies at Knott this afternoon. Knott is improved but figures to be outmanned this afternoon.

HCJC will be playing Colorado City on the latter's home field in a contest starting at 3 o'clock while Forsan matches punches with the Big Spring Westerners here.

The Westerners and the Oilers play on the Bombardier school diamond at 3 p. m.

A. C. Beber's contingent registered its initial victory of the season last week against Colorado City but is still tied with that club for the cellar.

Team	W	L	Pct	GB
HCJC	8	0	1.000	0
Coshoma	5	1	.833	3
Forsan	3	3	.500	5
Knott	3	3	.500	5
Col. City	1	8	.111	9
Westers	1	8	.111	9

Westerners 13, Colorado City 9, HCJC 13, Knott 1, Coshoma 10, Forsan 5.

Jack Ewing Entry In Borger Races

Jack Ewing, Big Spring cyclist, will ride in the Tourist Trophy races at Borger today.

Accompanied by his mother, Mrs. Jim Ewing, and Mr. and Mrs. Cecil Thixton, he made the trip to Borger Saturday. The event there is a three-star event sanctioned by the American Motorcycle association. This is the first year of serious competition for young Ewing.

Wentworth And Sammy Cohen Clash Monday

YACUI JOE
... Old Favorite

Jack Wentworth, the Montreal, Canada, veteran who made a decided hit in his initial appearance at the Big Spring Athletic club last Monday night, has won a spot in Monday night's main event at Pat O'Dowdy's barn on East Third street.

Jackson, who went to a fast one hour's draw with Billy Hickson last week, tests his ring craft against that of Sammy Cohen, New York City, tomorrow evening.

Cohen is big, fairly fast and O'Dowdy says he's coming here in top condition.

The opener, which begins at 8:30 o'clock, finds Hickson tangling with Yaqui Joe, the ancient but efficient tin-ear from Sonora, Mexico.

Yaqui Joe has appeared here several times as an arbiter but not in the past seven or eight years as a wrestler. He was old then. He is older now. But even his sternest critics say he's still a difficult man to defeat in the ring.

In Hickson, Joe runs into one of the fastest and trickiest men in the business.

Record Turnout At Munny Pool

Literally hundreds of people swarmed by the checking booth Saturday afternoon when gates were swung open at the Municipal swimming pool in City park.

First patrons were admitted to the reconditioned natatorium at 1 p. m. and in less than an hour an estimated 150 persons had sampled the water.

The pool is being operated this summer by Hugh Cochran, an experienced life guard and swimming instructor. Several improvements were made at the Munny facility prior to the opening of the season, including a coat of attractive swimming pool paint in the huge basin.

Date Set For YMCA Swimming Classes

Swimming classes, part of the YMCA summer program, will start on June 21, it has been announced.

In charge of instruction will be Bobo Hardy, son of Dr. and Mrs. W. B. Hardy. He is now attending Southwestern University at Georgetown.

There will be two classes, one for beginners and one for advanced swimmers, open to all boys and girls nine years and over. Instruction will be free but there will be pool fees.

Persons interested may gain additional information by calling the YMCA.

PEACOCK SLUMPS

Prince In Front Of Loop Hitters

Jim Prince, the nation's top minor league hitter in 1947, is again on a rampage. Big Jim added 77 points to his average during the week ending Wednesday, May 19, to take over the leadership with a mark of .404.

Prince replaced Eddie Peacock, Sweetwater catcher, who skidded to .345. Leon Brinkopf, Odessa, has an average of .393, good for second place.

Gerry Rodriguez, Big Spring, and Jack Arthur, Odessa, are leading the pitchers in games won, each with four triumphs. Neither has suffered a loss.

Red Birds Win 6-4 Decision

BOSTON May 22.—Although slammed for three home runs Murray Dickson today pitched and helped bat the National League leading St. Louis Cardinals to a 6-4 victory over the Boston Braves before 11,443 fans.

The Cards got to a two run lead in the first inning on one hit, Nippy Jones' single, which followed three Nippy Jones walks issued by Boston starter and loser Johnny Sain, and an error by Bill Salkeld.

Tommy Holmes clouted his fourth homer of the season in the third inning to bring the Braves, who had scored once in the second, into a 2-1 tie.

That deadlock lasted until the seventh when Dickson doubled to left field and scored on Red Schoendienst' right field bingle.

Geoff Heath powdered his fifth homer of the year in the ninth and Salkeld hit his first in the same inning for the Braves' final tally.

Lads are eligible for play if they did not attain their 17th birthdays until after Jan. 1 of this year. All those younger than 17 are, of course, invited to be on hand, too.

Several members of the high school team have reported, among them James Boatman, Hal Rosson and Jack Lee.

Swin says uniforms for the team will be furnished by the Ford Motor company. Doc will proceed to the task of lining up a schedule for the contingent after a few practice sessions are behind it.

The afternoon training program gets underway at 5:30 p. m.

Yanks Trounce Sox

CHICAGO, May 22.—Joe DiMaggio slammed his seventh home run, and Billy Johnson and George McQuinn each hit their fourth as the New York Yankees trounced the Chicago White Sox 10-2 Saturday to take the rubber game of a three-game series. Johnson collected four hits.

Tribe Wins, 7-0

CLEVELAND, May 22.—Rookie Southpaw Gene Bearden won his third straight game Saturday for the league-leading Cleveland Indians, shutting out the Boston Red Sox 7 to 0 on six hits before a ladies' day crowd of 28,997.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 50 or more? Enjoy youthful pleasure again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Calson stimulating tablets. Many men are obtaining remarkable results with this amazing formula.

Weather Cuts Operations For First Quarter At Munny

Operations at the Munny port for the first four months of the year totaled 12,021, Jack Cook, manager, reported Saturday. This was slightly off the average for last year, but considering that the first quarter generally has most of the bad weather, the tempo was normal to better. One-third of the 1947 total would be 13,561. On the breakdown for the one-third mark this year, the report showed 446 Army flights (nearly 50 more than all of 1947), 1,325 Navy (off last year's pace by about 400), commercial 2,521 (which was within 100 of last year's average for the period), 2,731 civilian transient (up by more than 400). Thus, all the loss was in local civilian flying, and here murky and windy weather can be blamed.

Since May 1 the rate of operations have increased sharply and it is probable that a new record will be set on the total this year.

In March, Continental reported a substantial traffic gain as did American Airlines.

At Hamilton Field, dual cross-country flights took Truman Lee to Odessa and Garden City; C. H. Forsgas to Odessa and Crane (and solo to Post and Crosbyton); Clarence Hoffman to Waco, Mexia and Mineral Wells. Herman Taylor made a solo to Portales, N. M. and Dalhart, where he visited his relatives.

Clarence McCleskey, Forsan, earned his private pilot's license and C. H. Forsgas was to try this week for his. New students at the field include Gerald Jacques, Jack Puckett, Rex Trim, Marion Fox and Allen Schaffer.

Jack Cook is to represent the Munny port at the second annual airport managers conference at College Station June 8-10. The party is sponsored by Texas A & M, Southern Flight magazine, and the Civil Aeronautics Administration. Cook will go by way of San Angelo and pick up Dennis Humphrey, port manager at that point.

Cedric Webb has been issued his private pilot's license at Big Spring Flying Service. Students W. L. Bell and R. G. Box made cross country flights.

Planes in for maintenance work at BSFS include those of J. D. Church, Cecil Hamilton, C. E. Thomas, Sr. Charles Wyatt chartered the BSFS Erocoupe for flights to Stamford and Waco. L. V. Ward traded his plane for a Cessna 170, due in 30 days.

West Germany Plan Reported

LONDON, May 22. (AP)—Responsible diplomatic sources say a six-nation agreement has been reached here to set up a provisional government this year for western Germany.

They reported last night a tentative decision has been made to call a constituent assembly about Sept. 1 with broad authority to draw up a constitution for that area.

However, in Allentown, Pa., Charles E. Bohlen, U. S. State department counselor, told the Allentown Morning Call the report was premature. He said there had been no definite decision on a western German administration.

The six nations are the United States, France and Great Britain, which share occupation of western Germany, and Belgium, the Netherlands and Luxembourg, linked in the Benelux Customs Union and adjoining Germany as France does.

Scouts Slate Camp

Local Boy Scouts will make their first official excursion to the new Buffalo Trail Council Scout Ranch on Monday when they move in to begin a week's camping activity.

Approximately 80 boys and their equipment are due to load up at 7:30 a. m. tomorrow on the southeast corner of the courthouse square to begin the trip to the ranch.

In addition to Scouts from Big Spring, other troops in the district located in Stanton, Forsan and Combs will be represented at the camp. The Forsan troop, accompanied by Wayne Monroey, Scoutmaster, was due to leave for the Ranch today.

Arthur Leonard and Arnold Seydler, local Scoutmasters, will be in charge of the Big Spring delegation, and H. D. Norris, Scout field executive, also will make the trip.

Approximately 20 Scouts from Snyder will camp at the Ranch with the Big Spring district troops.

Local Scout officials said lists of individual and troop equipment which will be needed on the trip have been distributed to all troops, and all Scouts should follow the list closely in making up their packs. However, it is especially important that physical examination blanks be submitted, officials said. No Scout will be permitted to make the trip without physical examination.

Russians Admit 25,000 Scriptures

PHILADELPHIA, May 22. (AP)—The Russians have permitted 25,000 scriptures from this country to enter the Soviet Union, says Dr. George D. Dilworth, secretary of the Atlantic Agency of the American Bible Society.

The Bible Society executive told the Philadelphia annual Methodist conference yesterday, an additional 200,000 portions of the bible were sent to the Soviets following a request from the Russian Orthodox Church.

Continental Air Lines has announced a schedule change effective June 1 which moves flight 27 up two hours and five minutes to provide connections at San Antonio to Houston, said Preston Hopkins, manager. Under this new slate, the flight will depart from Big Spring at 8:05 p. m. and arrive at San Antonio at 8:10 p. m., making connections there also to Corpus Christi. The morning northbound flight will vary slightly, departing at 9:16 a. m., 10 minutes later than now.

May Reject Housing Bill

WASHINGTON, May 22. (AP)—House Republican leaders were reported today to have rejected the public housing program passed by the senate.

Their decision, disclosed privately by one of them, has been relayed to Senator Taft (R-Ohio), co-author and chief backer of the multi-billion dollar Taft-Ellender-Wagner housing bill.

The T-E-W bill provides for construction of 15,000,000 homes over a span of ten years, with 500,000 public housing units to be built during the next five years.

House leaders said they are in general agreement with all of the bill except the public housing section, which would provide government-built homes for low-income families. This issue also was bitterly fought out in the Senate before final passage.

WHOPPING FIRE TALE

PHILADELPHIA, May 22. (AP)—Philadelphia firemen had a new one to muse over today—a fire in a fire alarm box.

Policeman Albert Hewitt spotted the blazing box yesterday and radioed an alarm. The fire fighters raced to the scene and with chemicals extinguished the flaming alarm box.

The blaze started from a short circuit in the electrical wiring.

Local Communicable Disease Rate Low

Reported cases of communicable diseases in Howard county remained at a low figure during the past week, but city-county health unit officials said a number of cases of measles and whooping cough did not reach the official report.

The weekly tabulation is made from report submitted by doctors, and consequently cases that require no medical attention are not included.

Listed during the past week were nine cases of measles, five cases of whooping cough and one case of venereal disease.

Donaly J. Brooks, employe at the Munny port, has returned from a two-weeks vacation to Ohio and Missouri.

Pioneer Air Lines will inaugurate daily scheduled service from Amarillo to El Paso via Clovis and Roswell on June 1, Harold B. Seifert, vice-president of operations has announced. Gen. Robert G. Smith, president, has announced that PAL will be host to 34 Texas and New Mexico businessmen, chamber of commerce representatives and others on a goodwill trip to El Paso on May 29. The plane goes via Austin, Angelo, Midland, Odessa, Lubbock, Amarillo and Clovis, hopping to Roswell and then to El Paso for a banquet, and then back to Amarillo for the night. PAL cities east of Midland apparently will not share in the celebration.

U. S. Relief Hikes French Rations

PARIS, May 22. (AP)—Premier Robert Schuman said today that thanks to 400,000 extra tons of American wheat and flour, France's daily bread ration will be increased from 200 to 250 grams (almost nine ounces) June 1. That was the ration during the Nazi occupation.

A LITTLE PLANNING HELPS

Handy Guide Given To Avoid Pitfalls On Latest Vacation

By DAVE CHEAVENS

AUSTIN, May 22. (U)—How to be happy although taking a vacation in the out-of-doors was the subject of a recent state health department release.

It covered considerable territory, but left some things unsaid that should be mentioned, now that the kids are about to get out of school and Texans will be flocking to the lakes, rivers and woods by the tens of thousands.

The health department was mainly worried about people drowning. Swimming is all right as an out-of-door sport, but drowning is considered very unhealthy. That was the gist of it.

We will beat Dr. George D. Cox, the state health officer, to the punch with a few timely words of caution about ticks, poison ivy, poison sumach, chiggers, rattlesnakes, mosquitoes, javelina nettles, stinging scorpions, javelina hogs and sunburn. Those are the chief hazards of out-of-doors vacationing in Texas. Just a few pointers.

Sunburn—don't fool with the Texas sun, even in May. It's hot. It burns just like fire burns. Wear a hat, use a good commercial sunburn cream (names on request) to work up to a brown but don't try to do it all in one day. A ten minute exposure will turn the average blonde pink, 38 minutes will fry an egg and may give you a couple of degrees of fever. An hour may send you home and—to the hospital for a couple of weeks.

Javelina hogs—don't fool with them, either. This is written especially for hardy vacationers who plan to take long, healthful walks in the Chisos Mountains of Big Bend State Park. Recently a couple of these rangy, mean wild Texas pigs kept a couple of bug-hunting scientists up a tree for eight hours. If you can't find a tree when a javelina gets after you he is likely to put a quick end to all your health and vacation problems once and for all and you'll be advertising for a harp or a shovel.

Scorpions—this is written especially for people who like to spend their vacations going around turning over rocks. Before you put your hand under a rock, pry it up with a stick to be sure there isn't a scorpion waiting there to whip that jointed tail over and make you wish you had.

Bull nettles—this paragraph is for wildflower gatherers, amateur. The bull nettle has one of the prettiest white flowers and meaneast stings of any creature, living or dead, in Texas. It's a bush-like plant with leaves that look like, but aren't grape leaves. The leaves and stems are hairy as Esau and each hair is a poisonous lash that it'll never forget. (If you get stung by a scorpion or whipped by a bull nettle, apply household ammonia with a wad of cotton, but call a doctor if there is much swelling.)

Rattlesnakes—just keep your eyes and ears open and when you hear anything that sounds like you think a rattlesnake might sound, clear out fast, away from the sound. Wear knee length walking boots and heavy trousers if you are in rattlesnake county. That might strain out enough venom to keep you alive if you guess wrong.

Chiggers—they ruin more vacations than all these other risks put together. They live in bermuda and Johnson grass especially and have an affinity for fishermen. Dust your trousers, socks and inside your shoes with sulphur. That discourages chiggers. If you must lie down to rest, stretch out on a hot, flat rock. That's not as soft as grass but in the long run you'll sleep better.

Mosquitoes—sleep under a net outdoors. There just isn't any better method, except to sleep indoors. Dope yourself with a good insect repellent, but why not try the Davis Mountains, where they don't grow?

Poison ivy, sumach and oak—look them up in the dictionary and find out what they look like. If you see something out in the woods that looks like you think they look, don't touch it.

Waitress Held In Murder Case

NEWARK, N. J., May 22. (U)—A Red-haired waitress will be arraigned Monday in the mysterious shooting of a Newark police captain behind the closed doors of his private office early yesterday.

The woman, Mrs. Ann Seamon Powers, had been under constant questioning by police all day, Essex County Prosecutor Duane E. Minard announced and commented, "The investigation has already established intent on her part, so the murder charge can be placed."

She was booked yesterday on a homicide charge, Minard said. "That covers a general type of crime, but murder in specific."

Police Chief John Haller said Mrs. Powers, 39, had admitted being alone with Police Capt. Thomas J. (Tim) Rowe, 56, in his office in precinct headquarters when the officer was shot with his service revolver shortly after 4 a. m. yesterday.

The chief added, however, she insisted that during a discussion with Rowe her mind went blank, and she knew nothing of the shooting.

The ocean floor accumulates only about a foot of residue every 50,000 years except on portions near land areas where the accumulation usually is more rapid.

NO. 1 ENEMY

Rats Cost America Two Billion A Year

By The Associated Press

Forget the wolf at the door, for a moment, and consider the rat under the floor.

Government experts regard the rat as a No. 1 enemy. They've got a drive on now to get him more nearly under control.

He costs you two billion dollars a year. He carries ten kinds of disease. He's blamed for some of the worst scourges in history.

What sort of a beast is he? Like you, he has immigrant ancestors.

Unlike you, perhaps, his ancestors did not come over on the Mayflower.

The Mayflower rats presumably were common ship rats, from which few ships were free in those days. Ship rats reached Europe from the Orient in the eleventh century and probably landed here with the first explorers.

The master race of rats in this country today is the brown rat. Also an Oriental out of Europe, he didn't get here until Revolutionary war times. He is a better (or worse) rat than the smaller ship rat, and soon took over the country.

The experts say the United States has as many rats as people. Big cities have slashed their rat population in recent years through rat-proof construction, extermination, and the disappearance of the horse and other factors. On farms especially rats still abound. In one Texas county some years ago 153,720 rat tails were turned in during a six-week rat-killing contest.

Ticks—don't turn up your nose. Anybody that goes into the woods or brush in east, south, north or west Texas is liable to find a tick or two hanging on to some juicy portion of his or her anatomy. There are all kinds of ticks, but they are all ticks. They may give you several kinds of unpleasant or fatal fevers but don't get excited and yank them off. If you do, that may leave the pinchers in you and give you an infection, too. Easy does it—Try to work the tick loose with a pair of tweezers. Or put a drop of kerosene or creosote on him, the tick. In time, that will cause him to relax and drop off. And the health department is right about swimming. Don't plunge headfirst into a pool of water until you know what's under the surface. Happy vacation!

LUBRICARE - tailor-made lubrication for Buicks

It's lubrication made to measure for your Buick by the engineers who built the car—with lubricants carefully chosen for just one reason: they are best for your Buick.

Men who know Buicks thoroughly see that all the different points that need it are properly supplied with exactly the right kind and right amount of lubricant.

You're away knowing your car is protected and set to roll smoothly and dependably with lubrication that has been matched to the mileage you have driven.

SEE YOUR BUICK DEALER REGULARLY FOR LUBRICARE

No wonder you grin! There's that zoom again—that go—that flashing spirit that you know is built in Buicks. There's that split-second answer to your call for power, the feather-light response to your finger that makes your two-ton honey handle like a baby buggy.

This is what happens when a Buick is cared for by men who know Buicks best—men who know the height of spirit a Buick can reach and how to bring it out.

Buick men have a way with Buicks no one else can have. That's only natural. Whatever they do, they do as the designers and builders of Buick say it should be done. They use Buick-approved checks and

tools. And when time and miles finally take their toll in wear, they have right at hand a stock of Buick-engineered replacement parts.

Wheel in and they'll sweeten your engine to bring out all its surge and go. They'll steady your car's easy gait and make steering limber. They'll even take out your worn engine and give you new-car zing and power with a factory-fresh Fireball.

See for yourself. Bring your car in and get real, understanding Buick car care. You can't buy it anywhere else—and job for job it doesn't cost you a penny more.

Elmo Wasson THE MEN'S STORE

Wheat Harvest Program Begins After Big Spring TEC Meet

Special assignment of personnel to begin direction of labor that will lead to ultimate completion of the nation's wheat crop harvest resulted from a special Texas Employment commission region 11 meeting in Big Spring last week. Texas has joined nine other wheat producing states in a cooperative program of harvest labor direction designed to carry out the seasonal task with a minimum of confusion, and the first combines already are rolling in several North Texas counties immediately south of the Red River. Eight TEC men were dispatched to that area at conclusion of the meeting here which was attended by local office managers and district supervisors from four districts and several state officials of the TEC.

The eight men on special assignments will work with local TEC office managers in their respective areas, and they will communicate daily with a central office in Amarillo concerning additional requirements or surpluses of labor. Information from the various areas will be coordinated in the Amarillo offices, and broadcasts for direction of labor crews will be put on the air over an Amarillo radio station at 7 a. m. each day.

Since Amarillo has been designated as the focal point for wheat harvest labor clearance in Texas, for all practical purposes functions of the state TEC office will be performed there for the duration of the harvest season, said L. O. Connally, manager of TEC's Big Spring office.

The men on special assignment from TEC headquarters will move westward and northward as the harvest progresses, establishing

temporary headquarters with local TEC units as they go.

Wheat producing states included in the cooperative program are Montana, North Dakota, South Dakota, Wyoming, Nebraska, Colorado, New Mexico, Kansas, Oklahoma and Texas. They account for virtually all major wheat production each year in the United States. The Amarillo office will be in contact with focal points in the other states continuously, Connally said. The information will be made available rapidly to all TEC units in Texas. Through use of the communication system, placement of officials hope to keep the combines and men in the areas where they are needed and to avoid any loss of time during the harvest.

Focal points designated in other states include Albuquerque, N. M.; Oklahoma City, Okla.; Great Bend, and Topeka, Kan.; Denver, Colo.; Lincoln, Nebr.; Casper, Wyo.; Aberdeen, S. D.; Bismarck, N. M.; Helena, Mont.

The Texas harvest is expected to involve approximately five million acres, which will keep workers and equipment busy until late July. The TEC has estimated that 1,990 combines, 2,157 trucks, 1,175 extra combine operators and 4,300 other workers will be needed in the Lone Star state.

Yield of the wheat fields in Texas this year is expected to be about 42 million bushels. Although this is approximately normal average production for the past 10 years, it is considerably short of the 124 million bushel bumper crop of 1947.

TEC records show that the largest acreage planted is in Deaf Smith county on the New Mexico border, which has 430,000 acres.

Next are Hansford and Ochiltree counties at the very top of the Panhandle, with 335,000 and 350,000 acres, respectively.

Taft Seeking Strong Defense

PRINCETON, N. J., May 22. —Sen. Robert A. Taft, (R-Ohio) swinging through New Jersey on a GOP nomination campaign trip, last night called for a defense "which will make this country substantially safe."

Final decisions must be made by a civilian government, he added, for "if we admit the final authority of the military to decide these problems, it means that they will soon have in their hands the entire economic and political future of the United States."

The senator's speech, delivered before the faculty and students of Princeton University, climaxed a busy day's campaigning for New Jersey's 35 votes in the Republican national convention next month. Starting with a call on Gov. Alfred E. Driscoll at the State House, Taft then held a news conference, addressed convention delegates at a luncheon, gave a reception for editors and publishers and concluded with his speech.

Hoffman Explains ECA To Students

SOUTH BEND, Ind., May 22. —Paul G. Hoffman, ECA administrator, today informed first grade pupils of Colfax school in South Bend that the United States does not plan to send dolls to needy girls of Europe.

In individual letters replying to the six year-olds who wrote him last week as part of a class project, the former Studebaker president gave out with such ideas as: "I think that helping your daddy grow spinach and onions for the little children of Europe is a very fine thing." "You are very right in not wasting food," and "Right now I am very busy at the job President Truman asked me to do, but I hope someday I may be able to visit you."

Hoffman wrote a letter to each of the 25 members of the class who had written to him.

GREEN GRAZING

Pasture Irrigation Systems In Glasscock Are Making Showing

At least two pasture irrigation systems are beginning to make a showing in Glasscock county.

One on the Steve Currie ranch southeast of Garden City is supporting approximately 130 head of cows and 70 calves on a 70-acre tract. The other, on the Joe Calverley ranch northwest of Garden City, is just about ready for stock to be turned back into it.

Both the pastures were put in last autumn and are just now becoming firmly established. In each case initial plans for border or flood irrigation has been shifted to sprinkler type to reach more land on the upper slopes.

Cattle on the Currie irrigated pasture are in good flesh, having worked a transformation within the past month. With mothers getting practically nothing but succulent green feed, calves were fat and suckling.

The labor situation has caused difficulty in both these places as well as in the case of Marshall Cook, who also launched an experiment with irrigated pasture last fall. Jim Will Cox is getting set up for a similar venture. Currie now is getting straightened out and is putting water on half his patch in time to save it. The 35 acres on which cattle now are growing has a carpet from six inches to knee high and of sufficient to carry the intense grazing perhaps beyond the end of this month.

Calverley has had a couple of grazings off his 24 acres of pasture. Recently he pulled stock off

the tract and ran them on 35 acres of wheat adjoining. In the interval, the hubam clover in the pasture area has grown hip high.

With shearing about out of the way, Calverley is planning to get set up to put in the upper parcel and complete plans for dividing into about 10-acre tracts for a rotating grazing program—watering one of the parcels one week, letting two grow, and the fourth under forced-draft grazing. The Soil Conservation Service estimates that such pastures will carry at least one animal unit per acre. Currie is about doubling that.

It is estimated also that the land to pasture will produce about 600 pounds of beef per acre per year.

Currie has a mixture of orchard grass, Southern smooth broom, perennial rye, wild barley, rescue grass, meadow rescue, alfalfa and ladino clover, the later two leguminous. Calverley has about the same mixture plus hubam clover. Both planted some hairy vetch, but the freeze or rabbits got most of it.

Cook got started, but early, severe freezes, plus an acute shortage of help at a critical time, hit his operation sharply. By August, however, he plans to be able to set up a 170-acre operation. Calverley may ultimately have around 100 acres, and Currie already is adding to his valley deal.

Irrigation is from wells, either with gasoline or Deisel power from turbine pumps. The pipe is light weight and may be moved easily to new areas in need of watering.

Fire Sweeps Small Town Businesses

HAYNEVILLE, Ala., May 22. —A raging fire, which threatened this little town's entire business district, destroyed nine buildings

last night before it was checked. Bucket brigades recruited from the town's 700 people and one pump wagon were unable to save the structures. A modern fire truck sent down from Montgomery, 20 miles away, had to stand by useless because the fire had disabled the town's water system.

COFFIN DOESN'T SCARE COUPLE

NAGOYA, Japan, May 22. —Police caught a burglar and his sweetheart in a coffin today.

The cops were searching the home of the burglar's father, a mortician, when the father started hauling away a coffin. Suspicious, they looked inside and there were the pair.

Premier Of Greece Under Nazis Dies

ATHENS, May 22. —Gen. George Tsolakoglou, first Greek premier under the Nazi occupation, died today at a military hospital.

Tsolakoglou distinguished himself in the Italian campaign but later signed an unauthorized truce with the Germans. Immediately afterward he became premier.

After Greece's liberation he was sentenced to execution, but the penalty was not inflicted because he was ill of leukemia, which caused his death.

The term "Blizzard" is supposed to have become popularized during the severe winter of 1880-81.

YOUR WILL

The uncertainties of life make it imperative that every person, man or woman, single or married should have a will regardless of the size of the estate. It is a costly fallacy to think that wills are only for those who feel the imminence of death.

The young married man, and his wife, too, who own an equity in a home, or who are struggling to build a business need a will. If either dies, one-half of the community estate goes to the survivor and the other half to the children. If the children are minors, a guardian may have to be appointed. This costs money. The law prevents investing the children's estate in anything speculative with the ultimate result that the business must often be sacrificed or the home lost. ALL this can be averted by a properly drawn will prepared by YOUR attorney.

Vacation Bible Schools Are Beginning At Five Churches Monday Morning

Vacation Bible schools are being planned by five local churches to begin Monday, May 24, for all pupils that are interested.

Included in this list of churches are the Church of Christ, Trinity Baptist, First Methodist, First Christian and the East Fourth Baptist churches.

The school being sponsored by the Church of Christ begins Monday at 9 a. m. with registration for junior and senior departments on Sunday afternoon at 3 p. m. The purpose of this meeting in the church auditorium Sunday is to give out materials and assign lessons for the beginning of the school on Monday. The school lasts from 9 to 11 a. m. Monday through Saturday, May 29.

Dan Conley will direct the devotional period and the recreation will be under the supervision of J. C. McWhorter. Two 45 minute periods will be held in the four classes: the pre-school, (2-5 years); pre-junior, (6-8 years); junior, (9-12 years); and senior (13-18 years).

Teachers for the school include Mrs. J. C. Daugherty, Mrs. L. B. Amon, Mrs. J. Gilbert Gibbs, Mrs. H. L. Newman, Mrs. D. S. Riley, Mrs. Aubra Cranfill and Herbert L. Newman.

song for the school. The material consists of special notebooks for each child, with ten lessons on great Bible characters, including pictures of the lesson, questions and memory work. A heavenly sunshine certificate is to be given to every child attending at the close of the school.

One day out of each week will be a surprise day, which will consist of special refreshments to the children.

The school is open to all boys and girls in the beginner through intermediate departments, taking in the ages of 3 to 14 years.

Mrs. A. F. Johnson is the superintendent of the school at the First Methodist church which has morning sessions from 8 to 11 a. m. for two weeks.

The work of the school will consist of teaching the primary students how to make yeast bread, churn butter and the growing of grains. The kindergarten will take up free hand drawing. The junior department will make a study of the Biblical characters—their habits and ways of living. The intermediates will make a study of the worship services from ancient to modern times.

Among the workers included in this school are Mrs. T. J. Walker, Mrs. T. J. Baird, Mrs. Frank Powell, Mrs. Leon Webb, Mrs. E. J. Hughes, Mrs. C. Y. Clinkscales, Mrs. L. R. Mumdt, Mrs. W. L. Vaughan and Jane Norris.

Mrs. Ed Hall is to be dean of the Bible school at the First Christian church from May 24 to June 4.

SOCIETY SUNDAY, MAY 23, 1948 EDITORIAL

Frazier Studio To Have Recitals During Week

Mrs. Nell Frazier will present students of the Frazier Studio of Music in a series of spring recitals in the auditorium of the First Baptist church during the coming week.

The younger pupils will be featured in a musical program, both vocal and piano, this afternoon at 4 o'clock.

Shirley Ann Wheat will be heard in various vocal numbers and also at the piano.

Other children to participate in piano selections are James Howard Stevens, Annabel Lane, Carolyn Miller, Joyce Edwards, David Ewing, Glenn Coffey, Glen Roger, Zelleron Ann Likins and Susan Logan.

On Monday evening, May 24, at 8:15 o'clock, students of freshman and sophomore classification will appear in a varied program of vocal and piano selections.

Piano numbers will be given by Beth McGinnis, Thelma Lou Tucker, Marilyn Miller, Serann Crocker, Jean Stratton, Patricia Lloyd, Lou Ann Nall, Larry Evans, Kitty Roberts and Wanda Shive.

Vocal arrangements will be rendered by Barbara Petty, Marilyn Miller, Serann Crocker, Rita Faye Wright, Don Logan, Susan Houser, Wanda Lou Petty and Peggy Lamb.

Mrs. Frazier will present her senior and adult students in a spring recital at the church, Tuesday evening, May 25, at 8:15 p. m. Instrumentalists will be Sue Nell Nall, Jack Ewing, Joyce Howard, Vevagene Apple, Jane Stripling and Betty Ray Nall.

Those appearing in vocal numbers include Louis Loveless, Vevagene Apple, Delores Hull, Vivien Middleton, Wanda Cranfill, Viola Johnson, Dot Wasson, Betty Ray Nall, Billie Sue Leonard, Joyce Howard, Sue Nell Nall, Jane Stripling and Clarice Petty.

Stamps-Prather Nuptial Plans Are Revealed

COAHOMA, May 22. (Sp)—Miss June Stamps, daughter of Mr. and Mrs. H. L. Stamps of Coahoma, will become the bride of Cliff Prather, son of Mr. and Mrs. C. E. Prather of Big Spring, in a formal ceremony at the Coahoma Presbyterian church on June 18. The betrothal was announced May 16 at a tea in the Stamps home when Mrs. Stamps and Mrs. Prather entertained.

Miss Stamps, attired in a pink frock with lavender button trim and a corsage of the same color, headed the receiving line. Others greeting guests were Mrs. Stamps, Mrs. Prather, Mrs. Albert Davis and Mrs. Morris Ledder. Presiding at the register at intervals were Betty Jeanne Graves, Peggy Stringfellow and Cleo Little. At the refreshment table were Jean Harris, Margaret Hollings and Sue Wise. Centerpiece of the table decorations was a huge, fan-shaped bouquet of sweetpea and snapdragons, festooned with scores of tiny ribbon streamers. At one end of the table was a crystal punch service, and at the other end a wide satin streamer across the corner bore the date, June 18. Appointments carried out the bride-elect's wedding colors: pink, lavender and green.

Also in the houseparty were Mrs. Kate Wolf, Mrs. Eva Davis, Mrs. Bruce Mayfield, Mrs. H. C. Hale, Ray Nell Hale, Margaret Stamps, Jane Echols and Mrs. Sherrard. Approximately 90 persons called during the afternoon.

Junior Woman's Forum Has Picnic For Members And Families At Park

A picnic was given by members of the Junior Woman's Forum for their husbands and children Friday evening at the city park as the last meeting of this club year.

The club has been officially notified that its yearbook won first place at the district convention in Pecos in April.

Those attending the picnic were Mrs. W. K. Edwards, Jr., and Bill and Sylvia Edwards, Mr. and Mrs. Steve Baker and Diane, Mr. and Mrs. Don Burk and Jim, Mr. and Mrs. Travis Carleton and Dick, Mr. and Mrs. Jack Cook and Suzanne, Mrs. Marie Haynes and Johnny and Carl Phillip, Richard and Robert O'Brien, Mr. and Mrs. J. D. Jones and Judy, Mr. and Mrs. Arnold Marshall and Nancy, Mr. and Mrs. R. R. McEwen, Jr., and Diane, Mr. and Mrs. Joe Pickle and Tommy and Gary, Mrs. Zollie Mae Rawlins and Jack Gil and Mr. and Mrs. Harold Talbot and Guy.

High School Seniors Express Ideas In Poll

By LEATRICE ROSS
 (Compiled from a poll taken among high school seniors by Bob Blum.)
 Folks coming out of the high schools today are much smaller and much younger than in our day. I like to hear ex-students of BSIS reminisce. "When we were in high school, we had the biggest guys in the district on our Steer team" or "The class I graduated with were

almost adults!" Be that as it may, certainly no graduates of other years were more conscientious than the 1948 class.

Recently a poll was conducted among members of the senior class of Big Spring high school, contacting 55 girls and 64 boys. Results showed a riot of ambition running through those students. The tabulations proved that youth of today are giving a little thought to their futures.

Of the total number contacted, 70.9 per cent of the females and 68.8 per cent of the males indicated that they would immediately continue their education in higher schools. In addition 4.7 per cent of the boys said plans were "shaping up" for college education.

A surprising number of girls—68 per cent—will go into professional work. Fifty per cent of the boys contacted said that they would enter skilled trades.

Regular church attendance was charted by 62 per cent of the girls, with occasional attendance indicated by 38 per cent. Of the young men 60.9 per cent were present at religious services regularly and 35.9 had interim attendance. Only 3.2 per cent of the boys said they did not attend church services at all—and not one girl was in that bracket!

The seniors had an idea about what schools should be like, too. A per centage of 81.2 of the young men were advocates of strictly student government. Of the girls some 94.6 per cent approved. The practice of intramural sports in high schools today was heartily favored by 85.5 per cent of the women and 89 per cent of the men. Personal councils from teachers would be instated by 84.4 per cent of the interviewees.

And as to the size of them. The average senior girl graduate of 1948 is 5'4" and weighs 117.3 pounds. She is 16 years and eight months old. The average young man grad of 1948 is 17 years and four months of age, is 5'9" tall and weighs 151.8 pounds.

Among miscellaneous questions submitted to the students, and results: (All in per cents)
 Would you like to see smoking abolished from high schools? Girls: yes, 79; No opinion, 21. Boys: Yes 46.9; No, 43.8; No opinion, 9.3.
 Are you an only child? Girls: 15. Boys: 18.7.
 Are your parents divorced? (Combined) 6.6.
 Have you ever indulged in alcohol, even slightly? (Combined) 41.4.

How is your home life? Girls: Happy, 74.6; passive, 25.4. Boys: Happy, 71.9; passive, 28.1. (Not one student indicated an unhappy home life.)

Visits-Visitors

Mr. and Mrs. E. C. Collinsworth of Winters were in Big Spring Thursday and Friday to attend the high school graduation exercises at which their granddaughter, Nidra Williams, received her diploma. They were guests in the homes of their daughters, Mrs. Ted Williams and Mrs. H. L. Thompson.

Mrs. G. G. Singer and children, Barbara Ann and Ronnie of Allentown, Pa., arrived by plane this morning to visit with her family, Mr. and Mrs. W. W. Davis. She plans to spend a month and Mary Davis will accompany them home. Mrs. Singer is the former Clara Davis.

Mrs. Don Wallace and daughter, Linda Beth of Colorado City spent Thursday with her mother, Mrs. L. E. Eddy.

Mrs. Bloodworth of Midland visited with Mrs. L. E. Eddy and Mrs. Don Burk on Friday. Victor Smith is spending a ten day vacation in Sioux Falls, S. D.

Betty Blissard And Neil Fryar Are United In Marriage Saturday

MRS. NEIL FRYAR

Miss Betty Blissard, daughter of Mr. and Mrs. J. S. Blissard of the Lomax community and Neil Fryar, son of Mr. and Mrs. Clarence Fryar of Valleyview were united in marriage Saturday evening in the parlor of the East Fourth Baptist church.

The Rev. James S. Parks, pastor, read the double ring ceremony before a group of close friends and relatives.

The bride wore a street length white crepe dress with navy accessories. She carried a white Bible topped with pink carnations. For something old she wore a ring belonging to her mother, for something borrowed a white Bible and for something new, her dress. She also wore a penny in her shoe. Jo Anne Jones, maid of honor, was attired in an aqua and white street length dress and carried a bouquet of white carnations.

R. P. Odom acted as best man. Dewitt Sneed sang "Because" and was accompanied by Patsy Kelly. Miss Kelly also played the wedding marches.

Mrs. Fryar is a 1948 senior of Stanton high school and Fryar is a graduate of Big Spring high school.

After a short wedding trip the couple will be at home on a farm near Stanton.

Mr. and Mrs. A. M. Riggs have as summer guests their grandchildren, Caroline, Jim Tom and Michael, from Kansas City, Mo.

Pupils Of Mrs. Gibson Will Give Recitals

Pupils of Mrs. S. H. Gibson will give two recitals, one on Monday, and the other on Tuesday at 8:15 p. m. in the High School gymnasium. The public is cordially invited to attend.

Deafened Now Hear Whispers 5 Feet Away

Tests by the American Medical Association's Council on Physical Medicine show that science has now enabled deafened people to hear faint sounds, to easily understand whispers from 5 feet away, aided by a tiny hearing device so light you hardly know you are wearing it. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls let you adjust it instantly to changing sound conditions. No separate battery pack, wires or harness bulge to weigh you down. The makers of Beltone, Dept. 25, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without risking a penny. Write Beltone today. (Adv.)

Eddie Lou Haug-Harold Duke Neel To Marry In Hollywood On June 25

On June 25 at Hollywood, Calif., Miss Eddie Lou Haug, only daughter of Mr. and Mrs. Edward Haug, will be married to Harold Duke Neel, son of Mrs. H. N. Neel. Announcement of the betrothal is being made by parents of the bride-to-be.

The couple is to be united in a formal, double ring ceremony at the Chapman Park hotel, where Hollywood's famous "Bride and Groom" program originates. They will be guests of the program set-up which provides complete wedding arrangements.

Among attendants are Sherry Milholland of Dallas and Kay Childress of Palestine. Miss Haug, formerly of Fort Worth, has lived with her parents here since 1946 at which time she accepted a teachership at Howard County Junior college. Neel, a long time Big Spring resident, is a graduate of Big Spring schools, and attended A & M, TCU, and H.C.J.C.

Following a wedding trip, planned by the "Bride and Groom" program, the couple will live in Big Spring.

Mr. and Mrs. Arthur Pickle left today for Lubbock to attend the exercises.

Happy Stitches Give Pink And Blue Shower

The Happy Stitches Sewing club complimented Mrs. J. C. Pierce with a pink and blue shower in the home of Mrs. Ben Daughtery Friday afternoon.

Refreshments were served to Mrs. M. E. Williams, Mrs. Pershing Morton, Mrs. Buck Tyree, Mrs. Robert Sneed, Mrs. Pierce and the hostess, Mrs. Daughtery.

Mary Lou Redwine, J. C. Cook To Wed

The betrothal of Mary Lou Redwine, daughter of Mr. and Mrs. O. B. Redwine, to J. C. "Bullet" Cook, son of Mrs. W. R. Cook of Baird is being announced by her parents.

The semi-formal ceremony will be read in the Westside Baptist church on June 3 with the Rev. Cecil Rhodes officiating.

The bride-elect graduated from Big Spring high school and attended Hardin-Simmons University in Abilene and has been teaching at Vealmoor this year.

The intended bridegroom is a graduate of Baird high school and will receive a Bachelor of Science at HS-U this month. The couple will live in Abilene until he goes to Philadelphia, Pa. to play baseball with the Eagles.

Engagement Of Lula Jean Billington To Lee Anson Blaylock Is Told

The engagement and approaching marriage of Lula Jean Billington, daughter of Mr. and Mrs. Harry Billington to Lee Anson Blaylock, son of Dr. and Mrs. G. B. Coker of Tomball is being announced by her parents.

The wedding vows will be exchanged some time in June, the exact date has not been set.

Miss Billington graduated from Big Spring high school and will receive a Bachelor of Science in Pharmacy at the University of Texas May 31. She is a member of the Kappa Epsilon sorority.

Blaylock graduated from Magnolia high school and Texas University with a degree in Pharmacy. He is now employed by the Doyle-Fonbille Pharmacy in Houston, where the couple will live following the ceremony. He served in the navy for three and one-half years.

LULA JEAN BILLINGTON

Curtain Stretcher Is Demonstrated At Center Point

A curtain stretcher was demonstrated to the Center Point Home Demonstration Club Thursday in the home of Mrs. Albert Davis.

Miss Margaret Christie, County home demonstration agent, talked about the different finishes for floors, wood work and cabinets. Inlaid and printed linoleum or asphalt tile are considered best for floors but a satisfactory one is of pine or oak sanded with wood filler applied. Woodwork finishes best with white semi-gloss paint on enamel because white attracts light and also tends to lower the temperature in the room. Tile is preferred for cabinet table tops with emphasis being placed on the good qualities of linoleum for that purpose.

Mrs. Walter Davidson, kitchen demonstrator, told of plans she has for improving her kitchen.

The next meeting will be with Mrs. Melvin Loudamy on June 17. Refreshments were served to Mrs. Eva Davis, a visitor, Mrs. C. E. Prather, Mrs. Wesley Carroll, Mrs. L. J. Davidson, Mrs. Walter Davidson, Mrs. E. L. Bynum, Mrs. J. E. Woods, Mrs. Allen Hull, Mrs. Melvin Loudamy, Mrs. Ira Rice, Mrs. A. A. McKinney, Mrs. Ernest Hull, Mrs. Walter Pachall, Mrs. H. S. Hanson, Miss Christie and the hostess.

RHEUMATISM YIELDS TO SPECIALIZED SYSTEM OF TREATMENT

EXCELSIOR SPRINGS, Mo., May 22 — So successful has a specialized system proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

The book entitled, "Rheumatism," fully explains why drugs and medicines give only temporary relief and fail to remove the causes of the trouble.

The Ball Clinic, Excelsior Springs, Mo., has perfected a specialized system of treatment for rheumatism and arthritis com-

bined with the world famous mineral waters and baths. This new system of treatment is fully described in the book and tells how it may be possible for you to find freedom from rheumatism.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the Clinic will send their newly combined book entitled, "Rheumatism—Good Health, Life's Greatest Blessing." Address your letter to The Ball Clinic, Dept. 2317, Excelsior Springs, Mo., but be sure to write today. (Adv)

Official Count Set For Panama Vote

PANAMA, Panama, May 22. (AP)—The national elections jury has scheduled a meeting for Monday to start the final official count in the neck and neck Panama presidential race.

With the ballots in 410 of 576 precincts counted, former President Arnulfo Arias Madrid still held a narrow lead—1,096 votes—over Domingo Diaz Arosemena of the Liberal (Government) Party. Arias has 55,241 votes to 54,145 for Diaz.

Nebraska's winter wheat crop this year will be according to state-federal agricultural statisticians.

Lula Beth Duff-John Bryden Oatman Are United In Marriage In Arlington

Mr. and Mrs. John Bryden Oatman are at home in Austin following their marriage May 16, in the First Presbyterian church in Arlington with the Rev. Charles L. Dickey, pastor, reading the ceremony.

The bride is the former Lula Beth Duff, daughter of Mr. and Mrs. Emory Duff of Arlington, formerly of Big Spring. The bridegroom is the son of Mr. and Mrs. Duke Oatman of Corpus Christi.

The bride, who was given in marriage by her father, wore a pearl gray frock with rose pink accessories. She carried a shower bouquet of pink orchids on a white Bible.

MRS. JOHN BRYDEN OATMAN

Mrs. Lorene Sorenson was matron of honor. Duke Oatman, father of the bridegroom, was best man.

Other members of the wedding party included Mrs. Hermine Bruce, sister of the bridegroom, who was soloist; she was accompanied at the organ by Anna Waynette Smith, Neal Sorenson and William A. Thornton were ushers.

A luncheon reception was held at the Emory Duff home immediately following the ceremony.

Out-of-town guests attending were the bride's grandmother, Mrs. Lula Frances Duff of Dallas; Mr. and Mrs. Kuke Oatman, Mrs. Bruce, Jessie Marie Oatman and Doreen Bruce all of Corpus, Mrs. M. H. Miller, Mrs. C. M. Chrisley and Mrs. K. H. Barrios of Rosenberg.

Others in the house party were Mr. and Mrs. John D. Jones and Mrs. Ida Webster of Dallas.

Mrs. Oatman is a graduate of the University of Texas and the bridegroom is a student of Architecture at the University.

Stanton Residents Visit This Week

STANTON, May 22. (Spl)—Ivana Puckett of Knott, who has been convalescing in the home of her grandparents here, following a recent operation returned home Wednesday.

Mr. and Mrs. Jim McCreless visited Mrs. R. L. Lewis and family in Sweetwater recently.

Elder Dale was guest speaker at the Klondyke high school Baccalaureate services Thursday evening.

Mr. and Mrs. Roy Polk and family attended the graduation exercises of their daughter, Quina Fay, at Blackwell high school Friday evening.

Mrs. Mildred O'Conner of Sweetwater spent the week end with her parents.

Mrs. Jack Arrington and Mrs. Morris Zimmerman attended the Girl Scout meeting in Big Spring Thursday.

Mrs. Morris Zimmerman and daughter, Sue Jane, Mrs. Leo Turner and Thelma Steele made a business trip to Abilene Monday.

Mr. and Mrs. Claude Houston visited their son and family in Morton Thursday evening and their grandson accompanied them home.

Mamie McDurmon left Friday for Hobbs, N. M., where she will be a guest in the home of her sister, Mrs. Earl W. Johnson and family. While there Miss McDurmon plans to attend the graduation exercises for her niece, Maurice Johnson.

Mrs. Alton Turner and daughter, Sheila, Mrs. Jay Morgan and Mrs. Clyde Gerrin and daughter, Frances, have returned from their vacation in Roswell, N. M.

Graduating Class Is Honored At Teen-Agers Dance

Members of the American Legion Auxiliary hosted the graduating class of Big Spring high school to a "Teen Ager's" dance at the Legion Hall Friday evening.

Hosts for the affair were Mr. and Mrs. Frenchy Steward, Marguerite Wood, Mrs. W. D. McNair, Mr. and Mrs. C. W. Grigsby, Mr. and Mrs. Alvin Thigpen and Mr. and Mrs. Neel Barnaby.

Corsages and boutonnieres were presented to the girls and boys respectively.

An illuminated ice bowl filled with punch comprised the centerpiece of the banquet table with black and gold streamers and black and gold coasters engraved with "Big Spring High," completed the decorative theme.

Approximately 125 persons attended the dance and special guests included Mrs. Dorothy F. Edwards, Mrs. J. L. Farmer, Mrs. Ann Gibson Houser, Mrs. Jerry Jim Edwards and Mrs. W. C. Blankenship.

Contributions for the dance were made by Vaughn's Bakery, Mead's Bakery, the High School cafeteria, Banner Ice company and the Book Stall.

Eleven Babies Are Born This Week At Hospitals

Local births recorded during the past week in the city hospitals totaled 11, with an uneven ratio of six to five in favor of the male infant.

At the Big Spring hospital, Mr. and Mrs. Syon B. Walker of Coahoma became the parents of a daughter, Phyllis Evelyn. She was born May 17 and weighed five pounds, 12 1/2 ounces.

Sharon Rose arrived to Rev. and Mrs. Marvin H. Clark May 18 at 2:30 a. m.

Mr. and Mrs. Seaborne C. McGuire are the parents of a daughter, born May 18 at 11:19 a. m. Hugh Leslie was born to Mr. and Mrs. O. A. Goodman, Jr., of Midland on May 19 at 5:45 p. m.

Mr. and Mrs. James W. McAnally have a new son, Larry Scott, born May 21 and weighing eight pounds, seven ounces.

Billy Thomas was born to Mr. and Mrs. B. T. Chraue May 21 at 4:30 p. m. The infant weighed eight pounds and three ounces.

Born to Mr. and Mrs. Harry L. Phinney on May 22, a son, Michael Lawton, weighing eight pounds and three and one ounces.

At the Cowper-Sanders hospital, Larry Willis Sparks was born to Mr. and Mrs. R. A. Sparks, May 16. Larry weighed eight pounds and 12 ounces.

At the Malone-Hogan hospital, a daughter, Johnnie Sue, was born to Mr. and Mrs. Robert Lee on May 19. The little girl weighed seven pounds and two ounces.

On May 20, Mr. and Mrs. C. W. Willis became the parents of a son, Edward Lynn, who weighed seven pounds and one and one half ounces.

Mr. and Mrs. T. E. Finley of Coahoma became the parents of a son, May 22. The baby weighed six pounds and 15 ounces and is as yet unnamed.

There are five great ocean currents flowing from warm to cold latitudes and affecting the climate of adjacent lands: the Gulf Stream, starting in the Gulf of Mexico, the Japan Current starting in the Western Pacific, the Agulhas Current flowing south along the east coast of Africa, the East Australia Current near Australia and the Brazil current.

WHY STARVE TO TAKE OFF FAT?

When you buy Barconate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barconate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while relying with Barconate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barconate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORBE yourself. Barconate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is absorbed away—about like melting fat. At the same time you feel better, more peppy, more alive, but never starved or hungry.

Lost 22 Pounds

"I lost 22 pounds taking Barconate and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Genevieve Billings, Route 1, Devine, Texas.

15 Pounds Lost

"I lost 15 pounds taking Barconate and can now control my weight. I feel much better in every way and I gladly say, 'It's Barconate to control the weight.'"—Mrs. Gayle Matthews, 928 Threadneedle Street, Beaumont, Texas.

COSDEN CHATTER

Local To Sponsor Local Youth At 'State Week'

By Personnel Department

A local high school boy who is chosen to go to Austin this summer to participate in "State Week"—a project sponsored by the American Legion—will have his expenses paid by Cosden Employees Local 826.

The local voted at the last meeting to join in this sponsorship. Each summer, young men from over the state gather in Austin to have a week's study of the state government, including active participation in various state offices. One boy will be chosen to serve as governor, another as secretary of state, etc.

R. L. Tollett returned to the office Wednesday morning and reported on his attendance at a very successful and productive meeting of directors, which was held in Chicago last Monday.

Mike Phelan returned Thursday from a business trip to Wichita, Kan., and Kansas City.

Jack Smith spent Thursday in Abilene on company business.

Mr. and Mrs. J. A. Coffey will leave Wednesday to attend the meeting of the West Central Group of the North American Gasoline Tax Conference to be held at Biloxi, Miss., May 28-29. They will return to Big Spring June 2.

R. L. Tollett and E. B. McCormick are leaving Monday for Corpus Christi. They will return Thursday.

Paul Holden, P. E. Witt, Earl Richey and Ed Cordes spent the weekend in Abilene working on the new company camp being constructed on Fort Phantom Hill Lake.

L. T. King and Louis Carothers returned Friday night from Mineral Wells where they took a C.P.A. examination.

H. A. Hull, Slaton jobber and R. S. Allred, Odessa jobber were visitors in the office Monday.

Skeen Staley with the Tancred Steel Construction company of Dallas and Robert W. Atha of Midland were also visitors in the office this week.

J. F. Stuart Arthur, partner in the firm of Lybrand, Ross Brothers & Montgomery of Dallas joined a group of his auditors in Big Spring this week.

Mrs. Beth Lueddecke and Mrs. Gloria Bryant are spending one week of their vacations here in Big Spring.

Mr. and Mrs. Billy T. Smith plan to spend this week visiting relatives in Tyler.

Mr. and Mrs. O. A. Goodman announce the birth of a 11 lb. 7 oz. son, Hugh Leslie, last Wednesday. Mrs. Goodman is a former Cosden employee.

Fred Stitzell is spending the weekend in Denison visiting his parents.

Mrs. E. B. Dodson spent two days in the hospital last week.

E. G. Patton's father, E. L. Patton spent last Friday in the hospital for observation.

J. C. Self entered the hospital Tuesday for diagnosis and observation.

Twelve Families Are Newcomers

Twelve families are listed this week as among the newcomers to Big Spring by the Community hostesses, Mrs. Jimmie Mason.

Mr. and Mrs. J. D. Robinson and daughter, Sandra Kay, seven months, live at Building 19, Apartment five, Ellis Homes. He is a plumber at the Veteran's Hospital, having moved to Big Spring from Midland.

In Building Nine, Apartment five of Ellis Homes live Mr. and Mrs. William E. Hartman and children, Sandra, four, Eddie Wayne, six, and Stanley, two. They moved from San Antonio and he is with the E & Y Drilling company.

Mr. and Mrs. Charles Henderson and children, Jimmy Lynn, six, and Lynda, three, moved to Building 14, Apartment three at Ellis Homes from Odessa. He is also with the E & Y Drilling company.

At 1500 Scurry live Mr. and Mrs. J. C. DeWhitt and grandson, Michael, four, who came from San Angelo. Mr. DeWhitt works for Stidham Ice Station.

Mr. and Mrs. Joe Brooks from Dallas live at 1711 Scurry. He is employed by Lemon-Shepard as a salesman.

Mr. and Mrs. R. F. Reynolds and son, Charles Lee, ten, from San Angelo live at 103 1-2 W. 15th. He is construction foreman at the Veteran's hospital.

The newcomers at 1501 State are Mr. and Mrs. Read Herring and children, Leslie, six, and Rickie, seven months, from Fort Worth. He works at the warehouse of the Empire Southern Gas company.

Mr. and Mrs. Parker Brown live at 202 Washington Blvd. at the rear apartment. They came from Bowie and he is petroleum engineer for the Continental Oil company.

Mr. and Mrs. Marvin Condra at 702 E. 15th at the rear moved from San Angelo and he is employed as a carpenter at the Veteran's hospital.

Harold Parrott, driver for the American Bus Lines, lives with his at 202 Washington Blvd. in the moved here from Dallas.

Mr. and Mrs. W. J. Sheppard and son, Buddy, four, live at Building 20, Apartment three of the Ellis Homes. They came from Brownwood and he is an employee of the Radford Wholesale grocery.

Living in Building 31, Apartment four of Ellis Homes are Mr. and Mrs. H. L. Mills and children, Susie two and Larry 14 months. He is a mechanic for Griffin Nash company. They came from Van Horn.

Mrs. Jack Nall was in the hospital here last week and has gone to Dallas for further treatment.

Olan Wilkerson returned to work Friday after an absence of about 10 days due to an injury.

The following refinery employees are on vacation: A. L. White, C. H. Hammons, J. W. Sanderson, Willie Johnke, Milas R. Wood, and R. L. Wyrick.

Betty Wozencraft, Fred Franklin Exchange Wedding Vows In Midland

Wedding vows were exchanged by Betty Joyce Wozencraft and Fred Irvin Franklin Friday evening in the country home of Mr. and Mrs. Frank Elkins in Midland. The Rev. Clyde Lindsley, pastor of the First Christian church, read the single ring service.

The living room was decorated with baskets and bouquets of spring flowers and white tapers in crystal chandeliers.

The bride wore a brown linen two-piece suit with gold accessories. She carried a white prayer book topped with an orchid. As something old and borrowed, she wore a diamond bracelet belonging to Mrs. Elkins.

Elsie Mae Young of Stanton was maid of honor. She was attired in a brown dress with white accessories and a corsage of white carnations.

A reception was held immediately following the ceremony in the Elkins home. The bride's table held a centerpiece of white asters that was flanked on either side with crystal candle holders filled with white tapers. Mrs. Lindsley presided at the table, which was covered with lace.

Mrs. Franklin is a graduate of Midland high school. Franklin graduated from high school in Rich-

MRS FRED FRANKLIN

mond, Calif., and is employed by the Cosden Petroleum company in Big Spring.

The couple will be at home in Big Spring after a short wedding trip.

Schools

(Continued From Page One) Monday through Friday from 8 to 10:30 a. m.

The three department heads are to be Mrs. W. B. Martin, beginners; Mrs. Lloyd Brooks, primary and Mrs. Roger Hurt, junior. Mrs. J. D. Benson will be hostess to the school and other workers will be Mrs. A. L. deGraffenreid, Delores Hickman, Mary Martin, Mrs. William A. Bonner, Patricia Haley, Joy Williams, and Mrs. David Robinson.

The beginners will study "Child Life of Jesus", the primary group, "Child Life in Bible Times" and the junior department, "History of the Church."

The sessions at the East Fourth Baptist church lasts from 8:30 to 11:30 Monday through Friday of May 24 to June 4.

Activities of the school include Bible work, character stories, handwork, moving pictures, recreation, a picnic at the City Park on June 3 and the Commencement program on Friday, June 4 at the East Fourth auditorium at 8 p. m.

The general faculty consists of George McLellan, principal; Mrs. H. M. Jarratt, pianist; Mrs. Jerry Reaves, beginners' superintendent; Mrs. Leroy Menchew, primary superintendent; Mrs. Bob Motherhead, junior superintendent; Mrs. G. I. Palmer, assistant junior superintendent; Joyce Justice, intermediate superintendent; Boyce Patton, boys' handwork; Mrs. Ira Raley, chalk-talk; Mrs. Monroe Gafford, photography; Mrs. A. S. Woods, refreshments; and Dr. P. D. O'Brien, evangelist.

Other churches that have plans underway for Bible schools to begin soon are the First Presbyterian on May 31, First Baptist May 31, Wesley Methodist, May 29, Westside Baptist on June 7, Main Street Church of God, July 5 and the Salvation Army has not set a date for theirs.

Gift Shower Is For Miss Simpson

Faye Simpson, bride-elect of Jack S. Price, was entertained recently with a gift shower in the P. L. Bradford home.

Hostesses for the event were Mrs. Jimmy Felts, Lola Neill, Mrs. Clark Couch and Mrs. Bradford.

Receiving guests were Miss Simpson, who was dressed in brown with a corsage of yellow roses, her mother, Mrs. W. G. Simpson, the mother of the bridegroom-to-be, Mrs. C. E. Price, his sister, Mrs. A. F. Williams and Mrs. Jimmy Felts.

Mrs. Couch was at the guest register and Mrs. Bradford displayed gifts.

A bouquet of iris decorated the buffet. The tea table was laid in ecru lace over white satin. Appointments were in crystal. Lola Neill and Velta Childers presided at the punch service. The white cake was inscribed with "Faye and Jack, June 5th."

Those attending were Mrs. Willie Wright, Annie Thompson, Iva Hale, Laura Dennis, Rosalene Balch, Elizabeth Burrell, Norma Burrell, Gloria Bryant, Wanda Bradford, Mrs. James Felts, Mary Felts, Mrs. Marvin Sewell, Carolyn Sewell, Mrs. George W. Neill, Millie

Homemaker's Class Work On Friendship Quilt

Work on a Friendship quilt was continued Friday afternoon in the home of Mrs. W. E. Bates by members of the Homemakers of the East Fourth Baptist church.

Mrs. Joe D. Williams conducted a short business meeting at which time the members decided to have a quilting bee and covered dish luncheon on May 28 in the home of Mrs. T. F. Hill.

Refreshments were served to Mrs. J. W. Denton, Sr., Mrs. C. A. Tom, Mrs. Estella Yates, Mrs. N. O. Decker, Mrs. C. M. Harrell, Mrs. Joe D. Williams, Mrs. T. F. Hill, Mrs. W. T. Steward, Mrs. W. W. Bennett, Mrs. W. O. Leonard and Mrs. W. E. Bates.

Mrs. Joe Pickle, and children, Tommy and Gary, and Mrs. Chester Matheny will spend Monday in Lubbock attending the high school graduation exercises of their niece, Joan Pickle, who is the daughter of Mr. and Mrs. Randle Pickle.

Balch, Mrs. Tippy Anderson, Jr., Bobby Green.

Mrs. W. H. Kay, Mrs. Helen Stewart, Mrs. H. A. Long, Evelyn Merrill, Nell Rhea McCrary, Coddie Selkirk, Mrs. D. D. Douglas, Jr., Mrs. Joyce Tidwell, Mrs. Mantie Mayfield, Mrs. O. A. Krazer, Jr., Mrs. Charles E. Hutchison and Mrs. Bill Griese.

Changes In Kitchen Is Topic For Discussion

COAHOMA, May 22, (Sp) A round table discussion on "Changes I would like in my kitchen" was led by Mrs. J. W. Wood at the Coahoma Home Demonstration club meeting in the home of Mrs. E. T. O'Daniel, May 19.

Members present were Mrs. B. R. Thomason, Mrs. Ray Swann, Mrs. Mark Reeves, Mrs. Morris Ledger, Mrs. D. W. Byrnes, Mrs. Sam Armstrong, Mrs. A. D. Martin, Mrs. F. P. Woodson, Mrs. Tony Snyder, Mrs. A. W. Thompson, Mrs. I. H. Severance, Mrs. J. W. Wood, Mrs. J. E. Adams, Mrs. Alfred Thieme, Mrs. S. P. Phillips, Mrs. K. G. Blalock and the hostess, Mrs. E. T. O'Daniel.

The first meeting in June will be with Mrs. F. P. Woodson.

Mrs. Hugh Potter is Auxiliary Hostess

Mrs. Alvin Smith was winner of the game at the meeting of the Auxiliary of Post Office clerks in the home of Mrs. Hugh Potter Friday evening following the business session.

The next meeting will be with Mrs. C. E. Sandridge.

Refreshments were served to Mrs. Grady McCrary, Mrs. Alvin Smith, Mrs. Alden Thomas, Mrs. Orbin Dally and the hostess, Mrs. Potter.

NEWS ITEMS OF FORSAN

Bobbie Lou Cathcart Is Honored At Tea As Highlight Of Activities

FORSAN, May 23, (Sp) —Miss Bobbie Lou Cathcart, bride-elect of Douglass Keith, was named honoree at a gift tea in the home of Mrs. Bill Conger, Jr. Friday afternoon.

Co-hostesses for the affair were Mrs. W. B. Dunn, Mrs. C. V. Wash and Haroldine West.

The honoree, her mother, Mrs. Blesse Cathcart, Mrs. Jack Keith and Mrs. Conger comprised the receiving line.

Miss West presided at the guest register and Mrs. Dunn displayed gifts.

Mrs. Wash attended the tea service, placed on the lace-laid table.

The centerpiece included an arrangement of pink and white tarragon and fern surrounded by clouds of vari-colored tulle. Table appointments were of crystal and silver.

Bouquets of roses were placed at vantage points throughout the party rooms.

Favors presented were tiny bags of tulle filled with rice and tied with bows of satin ribbons.

During the receiving hours, Mrs. Conger accompanied Billie Sue Sewell as she sang, "I Love You Truly," "Somebody Loves You," and "Serenade of the Bells." Mrs. W. B. Dunn also played various musical selections on the piano.

Miss Cathcart's corsage was of purple iris and members of the house party each wore corsages of white asters with purple straw flowers and fern.

The wedding will occur June 4. Those attending were Mrs. J. M. Craig, Mrs. G. G. Green, Mrs. M. M. Fairchild, Mrs. Jesse Overton, Mrs. G. W. Overton, Mrs. Frank Tate, Mrs. J. E. Calcote, Mrs. Muri Bailey, Mrs. Berl McAllen, Mrs. Carlton King, Mrs. Delbert Bardwell, Mrs. G. B. Hale, Mrs. W. L. Johnson, Mrs. J. L. Johnson, Mrs. H. L. Tienarend, Mrs. C. L. West, Mrs. J. P. Nasworthy.

Mrs. Henry Park, Mrs. Jay Danneley, Mrs. R. A. Chambers, Mrs. T. R. Camp, Mrs. J. E. Thompson, Mrs. C. E. Chattin, Mrs. Lewis Huevel, Mrs. E. C. McArthur, Mrs. J. P. Kubecka, Mrs. E. N. Baker, Mrs. Frank Theime, Mrs. Claude King, Mrs. Jeff English, Mrs. R. R. Young, Mrs. J. D. Leonard, Mrs. O'Barr Smith, Evva Smith, Joyce Jean Sewell, Billie Sue Sewell and Aquilla West.

Mr. and Mrs. M. M. Fairchild entertained friends on their 17th wedding anniversary with a covered dish supper and 42 party in their home.

The affair was also in observance of Mrs. G. F. Painter's birthday.

Those attending were Mr. and Mrs. G. F. Painter, Mr. and Mrs. E. N. Baker, Mr. and Mrs. J. M. Craig, Mr. and Mrs. G. G. Green, Mrs. Ann and Barbara, Mary Ann Fairchild and out of town guests included, Mr. and Mrs. Don Clark and Horace Wayne, the Rev. and Mrs. B. R. Howze and Kenneth, Mr. and Mrs. Wayne Allen and Bobby, Mr. and Mrs. Alton Allen, Melba and Donald and Mrs. Carrie Clark, all of Big Spring.

The WMS of the First Baptist church met in regular session under the direction of Mrs. J. E. Calcote Wednesday afternoon.

Those attending were Mrs. Frank Tate, Mrs. R. A. Chambers, Mrs. G. W. Overton, Mrs. Jesse Overton, Mrs. R. A. Chambers, Mrs. Jewell White, Mrs. J. C. Danneley, Mrs. Claud King, Mrs. E. C. McArthur, Mrs. J. B. Hicks, Mrs. G. B. Hale, Mrs. T. R. Camp and Mrs. Calcote.

Mrs. C. C. Suttles conducted the lesson study at the meeting of the Sunbeam band during the WMS hour Wednesday afternoon.

Attending were Wayne McArthur, Phil Moore, Larry Jo King, Billie Frank Andrews, Lindsay Kay Camp, Bonnie Yeaden, Loretta Overton,

Grace Lanelle Overton, Wylene Amanson, George Allen White and Byron Lee Calcote.

Mr. and Mrs. Ed Campbell left for Borger recently where they will visit Mr. and Mrs. J. B. Sewell and family.

Mrs. Harvey Smith and Joe of Ozona were recent visitors with friends here.

Local Continental employees who attended the Oil show in Tulsa recently were J. D. Leonard, N. A. Rickman, Frank Jacobs, Cleo Wilson and Harry Miller.

Mr. and Mrs. Ted Henry and sons, Tommy and Danny, are week end visitors in Gustine.

Mr. and Mrs. R. R. Young were in Colorado City with Mr. and Mrs. Charles Taylor recently.

A. C. Ring has returned to his home in Evening Shade, Ark., after visiting here with Dee Anderson, Mr. and Mrs. E. A. Grissom, DeElma and Pamela left Saturday for Ardmore and Wilson, Okla., where they will spend their vacation.

Mr. and Mrs. J. T. Holladay and daughters recently left for Dallas and Denton.

Mr. and Mrs. O. S. Clark plan to enter Sul Ross, Alpine for summer classes.

The Rev. and Mrs. R. A. Johnson left Tuesday evening for their home in Covington, Ky., following a visit with relatives here.

Mr. and Mrs. H. M. McCluskey and family moved to Big Spring recently.

Mr. and Mrs. L. W. Moore and family have as their guests, Mr. and Mrs. M. H. Cox and Linda Jean of Sweetwater.

Mr. and Mrs. R. R. Young had as their recent guests, Mrs. Mae Burns of Big Spring and Mr. and Mrs. J. T. Fell of Missouri.

Mr. and Mrs. Woodrow Scudday returned home Saturday from Phoenix, Ariz., following the death of her father, Dewitt Hollaway.

Mr. and Mrs. Sammy Porter, Mr. and Mrs. Frank Theime, Mr. and Mrs. Burl Griffith and Dee Anderson went fishing on the Concho Thursday night.

Mr. and Mrs. J. P. Nasworthy had as their Wednesday guest, Mrs. Theo Montgomery of San Angelo.

Haroldine West is visiting friends in Lubbock.

Mr. and Mrs. Charlie Alston have as their guests, Mr. and Mrs. Donald Alston of Hobbs, N. M.

Mrs. Villa Peeples and Mr. and Mrs. C. C. Long have as their guests, Mrs. Hobert Hanke and son, Kenneth, of Cross Plains.

R. A. Chambers, Chauncey Long, Sam Porter and Clint Porter are fishing on San Saba river.

Mrs. Jack Keith and Bobbie Cathcart of Odessa were Forsan visitors Friday.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

The graduation-party gimmick has been worked overtime since Wednesday evening and many have been the get-togethers among members of the high school set—both grads and non-grads.

On Friday night Betty Lou Hewett was entertained on the occasion of a birthday anniversary. Among diners: Lil Tamsitt, Jane Stripling, Helen Montgomery, Dot Wasson, Jerry Bankson, Vivien Middleton, Scooter Terry, Mary Gerald Robbins, Jean Pearce, Ann Currie, Lynn Porter and George Oldham, at graduation Thursday evening. . . Roy Lee Pool departed after Thursday night's activities for a ranch near Fort Worth where he will spend the summer. . . Also summing on a ranch will be Bob Carlisle, who left Saturday for Odessa.

Why do so many people spend their vacations in Dallas? Dot Day is there now on a two-week respite. . . Bill Snead will leave upon closing of school to spend his off-weeks in Big D. . . Final exams at HCJC begin Monday. Commencement is May 31 with Betty Ray Nell and Ray Dunlap as student speakers.

en's: Lil Tamsitt, Helen Montgomery, Jerry Bankson, Dot Cauble, Scooter Terry. . . All those attending this galaxy of parties gathered at their hosts' homes after graduation exercises at the city auditorium and an open-house for seniors at the Alton Wheeler residence. Why doesn't someone at Howard County Junior college get the party idea? We have graduates there, too.

Everybody is talking about the commendable speeches given by salutatorian and valedictorian, Lynn Porter and George Oldham, at graduation Thursday evening. . . Roy Lee Pool departed after Thursday night's activities for a ranch near Fort Worth where he will spend the summer. . . Also summing on a ranch will be Bob Carlisle, who left Saturday for Odessa.

Why do so many people spend their vacations in Dallas? Dot Day is there now on a two-week respite. . . Bill Snead will leave upon closing of school to spend his off-weeks in Big D. . . Final exams at HCJC begin Monday. Commencement is May 31 with Betty Ray Nell and Ray Dunlap as student speakers.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may rid yourself of this nervous distress. Thousands have found it the way to be well, cheerful and happy again.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment, sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, nervous, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle at SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Slumber Party Is Given For Susan Houser Friday

Susan Houser, who is leaving soon to spend the summer with her father in Long Beach, Calif., was named honoree at a slumber party by Serann Crocker Friday evening.

The party was held in the H. V. Crocker home following the teenagers dance at the American Legion Club house.

Those attending were Wanda Petty, Jan Masters, Marilyn Miller, Kitty Roberts, Barbara Greer, the honoree and hostess.

The Path To A Safer World

All mankind yearns for peace, prosperity and plenty. There isn't much of any, outside the United States of America. And there won't be much of any in this country unless the world works for or stumbles upon the answer to an ancient riddle: How can universal peace be maintained in a world where wars have been the immemorial custom?

The democracies dreamed a great dream at the urging of Woodrow Wilson. The League of Nations was born, but this country, prompted by isolationism seated in selfishness and ignorance, betrayed Wilson's dream and turned its back on the League.

It took another world war to bring the world momentarily to its senses, and the United Nations was born.

Once again, the selfishness and isolationism of a single country dashed the cup of brotherhood and understanding from men's hands. This time it was Russia. UN could have made the postwar period a time of recovery and prosperity. Alas, UN warmed a viper to its bosom, and all its aspirations for peace and understanding have been destroyed or delayed by the Soviet Union.

Why hasn't the United Nations been able to take a commanding lead in establishing peace by removing the causes of war? Mainly because of Russia's obstructionism through misuse of the veto power.

How to remove the veto as an obstacle on the road to peace is one of the great problems now before the world. Resolutions have been introduced in congress looking to a revision of the UN charter. Among other proposals is that the veto power be abolished, but only in matters of aggression and preparation (armament) for aggression. These resolutions are necessarily only advisory in character, directing the president to initiate such measures as will carry out the needed revisions.

The idea is to go ahead with revisions, with Russia if possible, without Russia if necessary.

These and many other matters affecting world peace, including the growing influence of the United World Federalists, will be discussed by four speakers at the municipal auditorium in Big Spring Monday night, June 1, under sponsorship of The Big Spring Herald and the San Angelo College Institute of World Government. It is hoped that a large crowd will be present to hear this vital discussion toward the establishment of a system of complete world security.

Each Person To His Own

By FRANK GRIMES
Herald Special Writer

The reissue of one of the early novels of the expatriate novelist Henry James (The Princess Cassamassa) serves to remind millions that such a person once lived and wrote highly unreadable and controversial books. James' older brother William, the great psychologist has the more enduring fame.

At the age of 26 Henry James turned his back on America and took up permanent residence abroad, mostly in England, where in 1915 he renounced his American birthright and became a subject of the king. Two things turned a great many Americans, perhaps unjustly, against him. One was the apparent snobbery of his attitude, as expressed in his preference for all things European, and the other was the fearfulness and wonderful absence of clarity and understandability in his published works. One novelist, perhaps not unmoved by jealousy, called his novels "Marvels of cleverness but splendidly unreadable."

But Henry James had another side, an unsuspected side, that rather endears him to us. He regretted his departure from America. He repented.

This fact became known when Hamlin Garland published his "roadside Meetings in 1931 and told of an encounter with the expatriate James.

"If I were ever to live my life over again," Garland quotes James as saying in a low voice, "I would be an American. I would steep myself in America. I would study its beautiful side. The mixture of Europe and America which you see in me has proved disastrous. It has made of me a man who is neither an American nor a European. I have lost touch with my own people and I live here alone. My neighbors are friendly but they are not of my blood, except remotely. As a man grows older he feels these conditions more than when he is young. I shall never return to the United States, but I wish I could."

Our advice to young people would be that if they have any desire to wander and search for golden fancies, see that they get it out of their system before (a) they are 25 and (b) before they acquire a family.

The Nation Today— Atom Bomb Plan Safe

By JAMES MARLOW

WASHINGTON (AP)—How easy would it be to give away atomic secrets?

It wouldn't be easy, says Dr. Edward U. Condon, one of the country's top scientists and head of the U. S. Bureau of Standards. Condon has been accused by the House Un-American Activities Committee of being one of the "weakest links" in our atomic security.

But the scientist, whose bureau handles some atomic work, says of himself that he is "absolutely reliable." More of this later.

It would be easy, Condon says, for anyone wishing to betray this country to tell a spy we're working on some certain kind of atomic project.

For example: A spy might be able to learn that the U. S. is working on a super-super atomic bomb.

But—giving away the details of that project is something altogether different. This is what Condon says:

"The amount of essential detail—even with regard to principles and especially with regard to specific designs—that inheres in any modern scientific military device is fantastically great.

"To give away such secrets one would have to transfer vast quantities of drawings and documents. Even those are usually so unclear without explanation that the receiver would need to be given a special course of instruction in their meaning.

"Even this, to be really effective, requires the receiver to be a man of high scientific and technical training.

"I feel sorry for any modern Mata Hari who might be assigned to get the secret of the atomic bomb by working her wiles on a young army sergeant."

In short, Condon says it is extremely difficult to give away scientific secrets, for several reasons:

1. The mere principles of modern scientific military developments are extraordinarily complicated.
2. The really valuable working designs are even more detailed.
3. An ordinary, flat-foot spy wouldn't be able to understand them. A scientist would be needed to understand the documents.

Notebook—

Ole Jesse Revived

By HAL BOYLE

NEW YORK, May 24. (AP)—What kind of a figure did the face on the barroom floor have?

Who really put pussy in the well? Who mowed down cock robin and why? Where's Elmer?

These are delirious mysteries still left unsolved by the reported discovery of Jesse James alive and well in Oklahoma at the age of 100—and drawing more interest than he ever got from a bank.

It is a dull year indeed when somebody doesn't revive the famous Missouri outlaw, and it is only recently that doubles for John Wilkes Booth, the man who shot Lincoln, quit reappearing. Booth would be 110 years old now and entitled to a lot of back payments on his old age pension.

The time is ripe for Congress to set up a permanent commission to investigate all the popular puzzles that rise again and again to worry a peaceful people.

Let's get rid of these uncertainties. Where is Elmer indeed? Did the face on the barroom floor have piano legs? Why do we have to go on wondering what became of Sally? Who really did pay the rent for Mrs. Rip van Winkle while her husband was grabbing his long shut-eye? Let's don't just just about why the chicken crossed the road. Let's find out.

There are enough of these unsolved, vexing riddles to keep a congressional investigating committee busy forever. An ideal congress for the committee would be Jim Moran, the first man in "history" to sit on an ostrich egg and hatch it single-handed by the warmth of his own personality. Moran boasts he also is the first man to send an icebox to an eskimo and find a needle in a haystack.

Let's put him in charge of the committee's "Lost and Found" department and send him off in Rudyard Kipling's phantom rickshaw to get the real lowdown on what happened to Charley Ross, the kidnapped Philadelphia boy. He could also take side trips, expenses paid, looking for Ambrose Bierce, Justice Joseph Force Carter, Adolf Hitler, and the cigar store Indian.

That still leaves plenty to problems for the committee members themselves.

Why has the fiend who put the overalls in Mrs. Murphy's chowder never been brought to justice? His capture might swing the Irish vote in an election year.

Can't Congress find out after all these years who broke the lock on the hen house door? What about the lost Atlantis, the lost chord and the lost week end? Can the FBI say for certain they weren't stolen? Can't it do anything about getting them back?

That goes for the missing link, too. Who misses it anyway? Do you? Maybe it's a dead issue now. Let's get the facts and tell the people.

"WHAT MAKES YOU THINK THERE'S A THREAT TO PEACE?"

Washington Merry-Go-Round—

Polk Reveals Rotteness In Greece

By DREW PEARSON

WASHINGTON. —Dead men tell no tales. That was why Greek terrorists tied the hands and feet of George Polk, CBS correspondent, shot him in the back and dumped him into Salonika harbor. Polk couldn't struggle much. His back had been broken when he crash-landed at Guadalcanal and his spine was patched with metal plates.

George had been severely critical of the Greek rightist regime and so, because dead men tell no tales, he was bumped off.

However, from the blue, dead lips of George Polk comes a tale which may shake the graft-ridden Greek government to its rotten core. Certainly it will tell the American taxpayers what they are entitled to know about the millions of dollars they have dumped into Greece.

For what the murderers of George Polk did not know was that he had written letters before his death—letters which still live.

"We are fighting a tough battle over here," Polk wrote me before his death. "My feeling about Greece is that we should get in or get out, all the way. The situation is too grave for half-measures."

"Of course, the State Department hopes to stave off drastic decisions until after the U. S. presidential elections; but even our poorly informed American embassy doubts that this can be done."

"Yet when a reporter writes this kind of report, he comes under attack by the royalist rightwingers who are squeezing the country for their own benefit—and spending dollars out in diplomatic pouches as fast as possible. Specifically, these crooks hope to get a number of American reporters now working in Greece discredited or moved."

AMERICAN PEOPLE SHOULD KNOW

"Nevertheless," continued Polk, "I think the American people deserve to know the kind of political machine that is rolling rough-shod over the very nice Greek people."

Polk then proceeded to tell how "the propaganda line of both the Communists and the dominant rightwing Populist Party has become identically the same."

"Both," he said, "are charging the United States with 'interference' in internal Greek affairs; both are charging that Washington desires to use the Greek people for the creation of an American empire."

"For example, the secret radio station of the Communist-led Greek guerrillas has said: 'The United States is interfering in Greece to suck Greece's blood for nourishment of American imperialisms.' Simultaneously the Athens royalist press has started plugging the same line, charging the United States with trying to establish a puppet government in the Greek capital so that Greeks will fight America's war against the Soviet Union."

"Greece's second largest newspaper, royalist 'Vrathini,' has declared that 'if one observes the notices being issued to the Greek government by American Administrator Dwight P. Griswold, one must conclude that these were formulated in Tokyo, addressed to the conquered Japanese or some other gangster-dominated country.'"

"Ironically these tactics are being used by a people who, through grave blunders, surrendered Europe to the worst of enemies and now are trying to win the war which was lost at Yalta and Potsdam. Further, the Americans—and our other allies—are chiefly to blame for the misery, devastation, and loss of life in Greece during the past year because of refusal to give the Greek army sufficient arms for use against the bandits in the hills."

POLK'S PROPHECY

Prophecically, Polk then put his finger on something which has started to come true.

"For the moment," he diagnosed, "the rightwing is playing things carefully because Populist Leader Tsaldaris and henchmen don't want to upset Greece's opportunity to be included in the European Recovery Program. But once Greece is included, the rightwing is prepared to move fast—break up the coalition government, form a new one in dictatorial fashion, send parliament home, replace 200 key administrative officers of the army, police, security officers, prisons, and put into effect 'dynamic policies.'"

It was only a short time after the Marshall Plan was applied to Greece that 250 Greek political prisoners were shot by the government in retaliation for the assassination of Minister of Justice Ladass.

Continuing his description of Greek rightwing intrigue against the United States, Polk wrote:

"Royalist 'Estia' asked editorially whether the United States expects the brave Greek army to fight a campaign with their bare hands? Yet Major General William G. Livesay, military advisor to the American aid mission, has declared: 'The Greek national army as now equipped is superior in every respect to the Andartes (guerrillas) and is capable of carrying out successful offensive operations against them.'"

"Royalist Greek spokesmen are demanding a large number of 'back mountain' 75 caliber artillery' because the guerrillas allegedly have 'several' such weapons. Perhaps the royalist spokesmen do not know that the United States early last fall delivered fifty of these guns to Greece. Eight of the guns have been uncrated and put into use. The other forty-two guns remain in a Piraeus warehouse, a fate that is reserved for a large amount of any and all kinds of supplies today going to Greece."

NO APPRECIATION IN GREECE

"There is no appreciation in Greece of American aid, which since end of World War II actually has amounted to \$275,000,000 in all forms of grants, UNRRA funds, gifts of supplies, etc."

"As a commentary on this situation, the highly respected Athens newspaper 'Estia' complained editorially that the United States is limited to mission efforts to get food and blankets and medicines to the 500,000 civil war refugees in Northern Greece. Many of these supplies have been in government warehouses since fall despite efforts to obtain their release."

"Estia' also had unpleasant things to say about a new Greek air force flying field that now is under construction near Kozani. 'Estia' expressed the sarcastic hope that the field was not being constructed by 'Americans who are communist-minded like so many American mission members.'"

"This is a sample—only one among many—of the rightwing anti-American offensive."

"Present Greek coalition government is dominated by the rightwing—with royalist appointees holding practically all key jobs."

In Hollywood—

Baseball Will Be No. 1 Interest For Laraine

By BOB THOMAS

HOLLYWOOD (AP)—Laraine Day has served notice on Hollywood that baseball will be her No. 1 interest in the future.

Mrs. Leo Durocher says henceforth she will stay with her irrepressible husband during the Dodgers' spring training and playing season, vacation with "The Lip" for a few weeks, then return to Flickerville for an annual movie She'll rush East as soon as she finishes "My Dear Secretary" to lend her support to the Dodger campaign.

On the possibility that the Brooklyn pilot might join her in a picture, she says: "Not a chance; Leo has no desire to become an actor."

The Rudolph Valentino biography will finally reach the cameras this fall. After eight years of postponements, Edward Small believes he has the shooting script ready. The producer tested 135 actors for the role of the screen's greatest lover and thinks his choice is Walter Craig, a stage actor. Like "The Johnson Story," the Valentino opus will take liberties with facts and combine the film hero's three wives into one big romance.

Speedy Dick Powell finishes "Rogue's Regiment" today, picks up a new plane and heads for fishing at Guaymas. Later, he'll attend the 50th anniversary of his high school fraternity at Little Rock, Ark. Dick will spend most of the summer touring his flying schools. He let wife June Allyson work this summer only because "Little Women" presented such a good break for her career. It will be in color.

Dana Andrews was relating the difficulties of filming "The Iron Curtain" in Canada. Some government workers disapproved of the film and ruined location shooting by waving handkerchiefs from windows of government buildings. Wily William Wellman sent assistants to talk with the workers and during the conversations, shot the scenes he needed.

Britain To Keep Bases

By DEWITT MACKENZIE

The sharp differences between the two major democracies—Britain and America—over the Arab-Jewish issue are bringing many anxious queries to this column.

Why should we find the United States recognizing the new Jewish state of Israel, while England withholds recognition as Arab troops (some of which are British-trained and supported) move into the Holy Land for the attack. Why, in short, should the two powers appear to be taking opposite sides in the conflict.

Well, we are treading on delicate ground here. However, I think we are safe in saying that London and Washington aren't really working towards different ends. They just have got their wires crossed in a most disconcerting manner, which is causing much heart-burning in both capitals.

Britain's main objective, as I see it, is to safeguard her interests in the Middle East. These include control of the strategic areas necessary for maintenance of her life-line through the Mediterranean and the Suez Canal to the Far East. Many of these strategic bases are Arabic. England also is vitally interested in the Middle East petroleum fields—as in Uncle Sam, and in a big way.

It may surprise many people to find Britain thus apparently putting heavy emphasis on her Mediterranean defenses once more. It's only a little more than a year ago that she announced withdrawal of her military administrative and supply bases from the Eastern Mediterranean to Kenya Colony on the east coast of Africa. It was said that her reasons for this sensational change included the instability of her political and military status in Egypt and Palestine.

London said this program envisaged retention of Britain's forward operational bases "as long as practicable" in such countries as the Sudan, Palestine, Egypt, Trans-Jordan and Iraq. However, the world got the impression that British military experts felt the position was such that they wouldn't be able to defend the Mediterranean life-line in another great war.

That was a year ago. Since then the situation has changed vastly—due to Communist aggression. Moscow not only has virtually annexed Eastern Europe but is trying to make true Russia's age-old dream of breaking through into the Middle East and becoming a Mediterranean power. Thus this area has again become one of the world's worst danger spots.

So we see Britain maneuvering to maintain her position in the Arab countries, or so it seems from here. She proposes to defend the Mediterranean in the need arises.

Texas Today—

Nature Boy Vs. O'Daniel

By WILLIAM C. BARNARD

Senator W. Lee O'Daniel and Nature Boy ran a dead heat Thursday night, according to an unscientific telephone survey following broadcast by the two men.

Both the senator and Nature Boy, better known as Eden Abhez, took to the radio at 8 p. m., on different networks of course. Abhez, the Yogi mystic who composed the popular tune "Nature Boy" was on the Dick Haynes program. O'Daniel made a speech on a statewide network, saying he would not be a candidate for reelection.

Out of 15 persons we called, two said they listened to the senator and another two said they heard Nature Boy.

The poll may or may not represent a cross-section of the people—we chose our survey victims from the Dallas Telephone Directory, merely by running down the columns until we found names that appealed to us.

The two persons who heard O'Daniel were Mrs. J. M. Hoss and Joseph Lastelick.

Mrs. Hoss said: "We listened to the whole thing—all the way through."

Lastelick stated: "I listened to the senator until company arrived—about midway of the program. Then I turned him off."

Lastelick volunteered the further information that "If O'Daniel had decided to run for reelection, he wouldn't have gotten any vote from me."

Mrs. Gussie Mae Dannis determined, after conversations with someone in the next room, that she had been listening to Nature Boy. J. H. Epps also had heard the Yogi.

Two men were working in their backyard flower gardens, out of radio range. They were Paul J. Sprunck and Andrew C. Tumej.

Other results of the survey: Mrs. Gray Umpleby: "I wasn't around a radio. I was downtown."

S. R. Entwistle: "My radio is out of order."
Ella Gurvetch: "I was having dinner and was not listening to the radio."
Mrs. O. D. Abercrombie: "I was reading a newspaper. My son had the radio in another room—I don't know what he was listening to."

See by the paper that the swimming pool at the city park is open for a new season.

In the way of active sports, I generally favored swimming most, I guess because you can plunge in, swim across a time or two, then get out and sun. Sheer laziness, or lack of ability, has kept me out of much other sport activity.

Swimming is still pleasurable, but of course not as much so as it was when I was a tow-headed kid, and it's for such kids that I'm glad there's a good place to swim and dive and cavort about in the water.

I didn't learn to frog-kick in one of these clean, concrete pools. I got my baptism in the muddy waters of Lone Wolf Creek, over at Colorado City, and I suppose it was typical of kids in creeks everywhere, particularly over West Texas.

There was a "river" over there, too, the Colorado river, and I can't get away from the opinion that it used to have more water in it than it does now. At any rate, there were water holes up and down the stream, bearing such fancy names as "Big Blue" and "Little Blue." These were holes where the water stood long enough for the silt to get to the bottom and was, after a fashion, clear. There was also "Biscuit Rock"—and you know the reason for that name; and then "Twenty Foot," where a big rock ledge reared up at the river's edge for 18 or 20 feet or so.

Well, Twenty Foot was for the bigger boys, and when you got competent enough, or got "dared" enough, to clamber to the top of the ledge and take a belly-buster off of it, you had gotten into the select circle of aquatic experts.

Big Blue and Little Blue were well up the river, and it was practically an all day jaunt to get there. By the time you made the trudge homeward in the summer sun, you might as well have stayed home in the first place.

Biscuit Rock was more to my size, and although the diving space was limited, and the water was muddy, a lot of us acquired some gosh-awful sunburn around that water hole.

Mostly, the neighbor kids and I took off for the creek, because it was closer, and because we knew the various swim spots a little better. If our Mamas didn't watch out, we'd be down there all morning, and then again all afternoon. Those water holes at the creek had their advantage, in that there were no restraining lifeguards, no grown folks to be a nuisance, and no sissy old girls. You could strip to your birthday suit and hit the water—Last one in's a rotten egg—and literally live the life of a tadpole.

Parental consent didn't always accompany the jaunts to the creek, and when that wasn't forthcoming, there was always the problem of getting a swim and getting back home completely dry so that no Mama would be smart enough to know you'd been "in."

The story that "I was just sitting at the edge watching the other kids when somebody threw water on me" didn't go over so well more than once or twice.

Naturally, we learned that, after getting out and dressing, we'd have to stay in the sun quite awhile to let our hair get completely dry. That was a clue we learned to cover up.

There was one that used to trap me, though. Imagine a kid climbing out on a creek bank, wringing wet and tip-toeing in the mud, trying to dress without getting mud on his clothes. You could hold on to a bush with one hand, and grab your drawers with the other; then sway precariously on one foot while trying to brush the other through a drawer leg. If the thrust didn't break or you didn't slip, you might get the drawers on. But I never succeeded in going it without leaving a trace of mud all over the seat.

Oh, we could think up all kinds of fibs to protest that we hadn't been swimming, but I don't suppose any of them ever fooled our Mamas.—BOB WHIPKEY.

Broadway—

Morning Mail Is Bountiful

By JACK O'BRIEN

NEW YORK—The Morning Mail: From Duluth, Bobby Parks, ex-Stork Club Band leader, writes joyously that he and his beautiful Janie have adopted a youngster. From Art Mooney, who became a "name" batonce after one recording—"Four Leaf Clover"—"I'm opening at the Biltmore Hotel's Cascades June 1. Come over and I'll teach you to play Banjo!" From Maurice Evans, who's sorry he had to miss that lunch date, explaining that his brother Hugh flew in from Johannesburg, South Africa. "I hadn't seen him in ten years," said (Man and) Superman Maurice.

From my young friend Ken Parker, who writes plays I've never seen, announcing that he's knocked another. "Yours 'Til Yesterday" . . . I have no idea what literary talent Ken has, but if it is anywhere near on a par with his amiable energy, he should be winning prizes one of these days. From Fred Astaire, who sends along a gold card which says I'm to have 20 free dancing lessons at his Park Avenue studio any time I wish. Wonder if he saw me trying to rumba that night at the Stork! . . . A new form of postal criticism, perhaps?

From Nat Harris, a fellow Buffalonian, now owner of Broadway's huge club, The Harlem. "I've signed the Ritz Brothers at considerable trouble and a not inconsiderable expense, unless you consider \$15,000 a week inconsiderable—which I don't. I now keep a psychiatrist on retainer!" . . . Signs of Spring: Announcements from most of the hotels that their roof gardens will be open for dining and dancing soonest.

Grandpa's Daily Bread

Daily bread for Grandpa means something more than the food he eats. It means the hours he spends reading the Scriptures and imbibing the inspiration and comfort which he derives from his religion.

Daily devotions are an important part of Grandpa's life. He has cultivated the habit since early manhood.

Grandpa's big Bible is worn from constant use, and on the fly leaf, in his own handwriting, is this quotation from the Psalms: "In the winter of my years, the word of God will comfort me."

Grandpa attends church regularly and reads his Bible daily. His advice to everyone is: "Go to church, keep a good conscience, live right, and trust in God." That is his rule of life.

The churches of this community endeavor to teach people the value of a faith like Grandpa's. Go to church on Sunday. Seek the inspiration and guidance of God in your daily life.

'State Of Union' Is Sharp Satire On U.S. Politics

The political satire which won a Pulitzer prize—"State Of The Union"—has been adapted into screen fare, and the result, hailed as a standout among the season's productions, is featured at the Ritz theatre today and Monday.

Heading up the cast are Spencer Tracy, Katharine Hepburn, Van Johnson, Adolphe Menjou and Angela Lansbury.

Frank Capra directed the production, based on the stage success by Howard Lindsay and Russel Crouse.

"State Of The Union" not only takes a mighty poke at crooked politics, but also is filled with cracks at the American political scene, and at the maneuverings which go on in a campaign.

Tracy appears as a successful business man who is jockeyed into White House ambitions, by Miss Lansbury, who appears as an unscrupulous newspaper publisher who is in love with him.

Tracy starts out on his candidacy honestly, submits to political dishonesty and eventually returns to the straight path under guidance of his estranged wife, played by Katharine Hepburn, with whom he eventually is reunited.

The film is described as being set at a fast pace, with breezy dialogue and situations, staying briskly on the move.

Van Johnson has the part of a newspaper reporter, an employe of Miss Lansbury, and Menjou scores in the role of a political hack.

The story takes on additional timeliness because of election year, and a good deal of the nation's political practices come in for sharp satire. There are a number of pointed darts at communism, too.

In addition to the political theme, the story develops a personal plot in the conflict between Tracy and Miss Hepburn, and their eventual mutual understanding.

BROADCASTS — Spencer Tracy broadcasts as Katharine Hepburn, Van Johnson and Angela Lansbury look on in this scene from the keen political satire which starts today at the State. The film is "State of the Union," MGM's film version of the record-breaking stage play.

ALWAYS A MYSTERY — Ronald Reagan finds the zipper on Eleanor Parker's dress quite a problem in the above scene from "Voice of the Turtle," Warner's film adaptation of the Broadway success. It begins today at the State.

WATERFRONT MEET — Louise Campbell, Richard Lane and William Bishop get together on the waterfront in this scene from the new Lyric attraction, Columbia's "Devil Ship."

Warner Bros. Expand 'Voice Of Turtle'

The expansion of a three-character stage play to an eleven-character film play is the most notable of several alterations that were made by Warner Bros. when they transposed "Voice of the Turtle," attraction at the State, from stage to screen.

Most of the changes were made, of course, in the interest of the vast screen audiences who require additional movement and scope in their entertainment and who would never be as content as their theatre-going brothers with the limited activities of only three performers. Hence, when Sally Middleton talks about her producer friend, this one makes an appearance; and then Sgt. Page offers to take Sally to dinner, the camera accompanies them next door to the expensive French restaurant.

Some changes, too, were effected in order to conform to Johnston office standards. But whatever the changes, they were made with the approval of John Van Druten, who wrote the play and who came to Warner to render it into screen form. Van Druten did the same for his "Old Acquaintance," which starred Bette Davis a few years ago.

The extent of its popularity and its apparently unlimited appeal to play-goers everywhere were factors that entered into the consideration of Jack L. Warner when he acquired the film rights to "The Voice of the Turtle."

At that time it was a hit only on Broadway, which was still reason enough for spirited bidding

among the motion picture studios. Since then, the play has won international acclaim. It has played from Montpelier to San Diego, in London and in Sydney, and it looks as though "The Voice of the Turtle" might go on playing forever on the screen.

Miss Eleanor Parker was appointed Sally, and Ronald Reagan was named Bill, and thus was formed a new Hollywood romantic team.

Eve Arden plays the brash young woman known in the play as Olive Lashbrooke. The actress, who is proud of the fact that she is a native Californian, made her first big hit in "The Ziegfeld Follies of 1936."

Wayne Morris is the Naval commander (wearing his own uniform) and Kent Smith is the theatrical producer, both of whom were continuous topics of conversation on the stage but neither ever materialized. Nor, for that matter, did the playwright or the actor, who will be portrayed on the screen by John Emery and John Holland, respectively.

At that time it was a hit only on Broadway, which was still reason enough for spirited bidding

'Devil Ship' Is At Lyric

Columbia's "Devil Ship" will sail over the Lyric screen beginning today.

It's a yarn of escaped Alcatraz killers who stow away on a ship bound for Panama only to be trapped in a raging storm. Combined with this basic theme, "Devil Ship" tells the story of a twofisted sea dog. Movie-goers who like their entertainment dealt out in excitement-packed doses will be satisfied with this new film.

Featured roles are played by Richard Lane as the doughty captain of the devil ship; Louise Campbell, his sweetheart who almost betrays him with one faithless kiss; and William Bishop, Lane's partner in danger but rival in love.

The original screenplay by Lawrence Edmund Taylor tells of the loss of Captain "Biff" Brown's contract to transport convicted criminals to Alcatraz and the change-over of the devil ship to a fishing vessel. The story reaches its climax when escaped killers who have secreted themselves aboard try to gain control of the ship.

Director Lew Landers steered the course of "Devil Ship," and gets credit for an eventful voyage. Newspaper reporter Martin Mooney was the producer.

TEXANS IN WASHINGTON

**Teague Supports
Guard, Reserves**

WASHINGTON, May 22 (AP)—An issue in the debate over the draft and Universal Military Training is whether the National Guard and Reserve Forces shall be strong and fully recognized defense organizations. Rep. Olin E. (Tiger) Teague, a six-times wounded World War Two veteran, is one of the staunchest supporters in the House of the guards and reserves. "I am very much concerned about our National Guard and Organized Reserve units which form the back bone of our National Defense," he said. "I believe that we should maintain an adequate active armed force as authorized in this Selective Service Act of 1948, but it is equally as important that we should strengthen our National Guard and Reserve units. He is backing actively a proposal to make a man exempt from induction after six years in the National Guard or Reserves. Maj. Gen. K. L. Berry, adjutant general of Texas, has been here conferring with Teague and others and urging this provision. He says it will remove an inequity which would handicap recruiting for the guard and reserves. As now proposed, the youth of 17 enlisting in either organization is subject to longer military service than the boy who waits until 18 and is drafted. Around the Capital: A Temple boy who lost both arms in combat has been here demonstrating the latest development in artificial limbs for amputees. He is Lonnie Carberry, formerly a patient at McCloskey Hospital in Temple. He and other amputees appeared before the House Veterans Committee.

The U. S. Public Health Service, in a letter to Rep. Lindley Beckworth of Gladewater, says that it has no fly-control program but that in fighting malaria-carrying mosquitoes it has made "incidental" progress in combatting flies. "In recent years where the use of modern insecticides has been aimed chiefly against malaria-carrying mosquitoes," the Health Service said. "A by-product has been a material decrease in the number of deaths, especially in infants, due to diarrhea and dysentery." It said flies were largely responsible for the spread of these diseases and that if sufficient funds were made available between 3,000 and 5,000 infant deaths could be prevented next year.

The Texas State Society of Washington has chartered the 65-year-old sidewheeler S. S. Potomac for a moonlight cruise down the Potomac river May 28. The two deck ship carries 2,400.

Red Skelton Becomes Father Second Time
HOLLYWOOD, May 22 (AP)—Comedian Red Skelton was a father for a second time Friday. His wife, Georgia, a former actress, gave birth to a seven-pound boy shortly before midnight at St. John's Hospital in nearby Santa Monica. The Skeltons have a one-year-old daughter.

**Grosvenor Square
Has Too Much Love**

LONDON, May 22 (AP)—Grosvenor Square, beautified to be a fitting setting for the newly unveiled statue of Franklin D. Roosevelt, has become infested with lovers, according to complaints to the ministry of works. They sit on the grass in great numbers, and even lie on it, to the disgust of some Mayfair neighbors. One of the neighbors is the United States Embassy but, according to a spokesman, no complaint has come from there. "The State Department has taken no notice, but as individuals we have of course noticed a few things," he said. "The works ministry has assigned uniformed attendants who chase all the lovers into Hyde Park."

**Soviets Ridicule
Vandenber Move**

MOSCOW, May 21 (AP)—Izvestia poked ridicule today at a resolution by Sen. Arthur H. Vandenberg (R-Mich) calling for changes in the veto power in the United Nations. The Soviet newspaper branded the resolution as a "Clandestine" attempt to revise the UN charter, and to use the UN as a "cover" for United States imperialism.

**Siamese King Is
Asked To Return**

BANGKOK, May 22 (AP)—The Siamese cabinet Friday invited King Phumiphon Aduldej, a student in Switzerland to return and be crowned monarch on Dec. 5.

**TEC Will Present
Its Third Program**

Third in a series of radio programs designed to give both employer and job seeker information about local job prospects is scheduled for Monday at 4:30, over Radio Station KBST. The programs are being presented by the local Texas Employment Commission office. Monday's informational broadcast will pertain especially to school graduates, and where they might make contacts for employment. Leon McKinney and Otto Havins will be in charge of the program.

MIHAI MAY WED
ATHENS, May 22 (AP)—A source close to the palace said Friday former King Mihai of Romania and Princess Anne of Bourbon Parma probably will be married in Athens.
