C-47 DIGS CRATER IN CRASH—Spectators view a crater in a corn field near Baton Rouge, La., after a C-47 crashed during an electrical storm killing all seven of the occupants. The hole, approximately 15 feet deep, is 18 feet wide at the top and as long as the plane, according to witnesses. Pieces of the plane and bodies were scattered over an acre of ground. The Army transport plane was enroute to its base in Roswell, N. M. from New Orleans. (AP Wirephoto).

### War Dead Are Paid Tribute By Americans

U.S. Pledges Preservation Of Freedom

New pledges to preserve peace, freedom and liberty were voiced in many lands yesterday as Americans paid tribute to this country's war dead.

President Truman interrupted a week end of Potomac River yacht-

ing to place a wreath at the tomb of the unknown soldier in Arlington National Cemetery.

In a radio address he voiced the hope that the Memorial Day celebrations around the globe would underline two things: "That the government of the United States works only for peace in the world, and in order to attain that peace we must have the ability to enforce it."

In a second ceremony in Washington, Mr. Truman put a rose in a floral anchor that was dropped in the Potomac in honor of his predecessor, Franklin D. Roosevelt.

At the American military cemetery of Notre Dame near Dinant, Belgium—burial place of those who died in the Battle of the Bulge, in the Ardennes wood and at Bastogne—Gen. Lucius D. Clay, United States commander in Europe declared:

"We shall not fail these heroes in our efforts to establish and maintain freedom."

Francis Cardinal Spellman, visiting the American armed-forces cemetery north of Manila, led the services for the dead and asked a blessing for the living "who are fighting the good fight for peace."

Boxes may be left in the basement hall. It is essential, said Dodd, that the collegiate apparel be boxed for shipment tonight.

### New Ministers Appointed Here

Minister appointments, announced Sunday at the concluding session of the Northwest Texas Methodist Conference held at Lubbock, resulted in bringing two new pastors to Big Spring.

New pastor of the First Methodist church is the Rev. Alvie H. Carleton, while the Rev. I. A. Smith was assigned as pastor of the Park Methodist church.

The Rev. Mr. Carleton succeeds the Rev. C. A. Long, who has been sent to the Plainview district to serve as pastor at Littlefield. The Park church has had no regular minister before.

The Rev. Aubrey White is being returned for another period as pastor of the Wesley Methodist.

The Rev. O. P. Clark was announced as district superintendent of the Sweetwater district, which includes Big Spring. Other pastoral appointments in the district include:

Ackerly, J. Paul Eppler; Coahoma, A. L. Mitchell; Colorado City First Church, J. E. Shewbert; circuit, Bruce Parks; Garden City, R. O. Browder; Lamesa, Sam A. Thomas; Sparenburg, C. M. Currier; Stanton, J. B. Stewart; circuit, H. E. Parmenters; Westbrook, T. A. Mason.

### Father Murdered, His Son Is Held

LOS ANGELES, May 31. (AP)—Thirteen-year-old, freckle-faced Robert Weitzel was held today on suspicion of murdering his father, Elmer L. Weitzel, 50, Glendale city prosecutor.

Police accused him of firing seven shots into his father's face and chest in the family living room last night. His mother, reported of neighbors, said the boy used a 22-caliber pump action rifle his father had bought him recently.

Juvenile Officer R. K. Morrissey said Robert told him his father "slapped me five or six times on the way home from the beach" shortly before the shooting.

Mrs. Weitzel told officers she saw her son, a junior high school student, leave the living room and return with the rifle. Mr. and Mrs. Weitzel were sitting on a couch listening to the radio when the shooting occurred, police quoted her as saying.

Strike Called Off DUESSELDORF, Germany, May 31. (AP)—Union leaders cancelled today a strike of 100,000 Ruhr metal workers which was to have started at midnight.

# Flooded Vanport Is Probed For Victims

## West Germany Election Shows Gain For Reds

Almost Half Lost In Vote Of CSU Power

MUNICH, Germany, May 31. (AP)—Western Germany's strongest political party lost almost half its strength in Bavarian cities today.

The party, the Conservative Christian Social Union, (CSU) lost ground to the Communists and a right wing parties, final municipal election returns from the U. S.-occupied state showed.

Nearly 1,200,000 persons voted in 41 Bavarian cities yesterday. In some areas, particularly the city of Nuernberg, the communists showed an unexpected increase in strength.

The CSU, strongly backed by Catholic and conservative elements, got 35.1 per cent of the total vote in 1946 elections in Bavarian cities. Yesterday it dropped to 18.5 per cent.

The votes the party lost were picked up by the Communists, who jumped from 9.3 per cent in 1946 to 10, and by small right wing parties.

The Communists had their biggest success in Nuernberg, scene of the war crimes trials. Communist candidates there ran up 4,000 more votes than the CSU, getting 20 per cent of the vote. They were beaten only by the left-of-center Social Democrats. The Communist success in Nuernberg gave left wing parties 27 of 49 seats in the city council.

## Girl Admits Burning Aunt

PITTSBURGH, May 31. (AP)—Seventeen-year-old Dolores Waldo is being held for coroner's action today after Police Lt. Peter A. Connors said she fatally injured her aunt with a flower pot and then set her clothing afire.

Connors said an autopsy disclosed the aunt, Mrs. Gertrude Norris, 65, died in Pittsburgh hospital Saturday night as a result of shock and hemorrhage.

The policeman said Mrs. Norris, a widow with whom the girl had gone to live just two weeks ago, had an argument with Dolores over the girl's boy friend, Connors said the girl gave this version in a statement:

Dolores and her aunt were arguing as they started down a flight of cellar stairs to hang up some clothes. Suddenly, Dolores pushed Mrs. Norris through a wooden hand railing to the basement floor.

The argument was resumed at the foot of the stairs and Dolores struck her aunt over the head with a flower pot, knocking her unconscious to the floor.

Then Dolores built a fire with some paper and rags to set Mrs. Norris' clothing ablaze. The girl went upstairs and changed into a "bobby sox outfit" consisting of a T-shirt and jeans.

Neighbors, meanwhile, heard the quarrel and summoned police who extinguished Mrs. Norris' blazing clothes and took her to the hospital.

Connors said Dolores, who was found on the floor, the house, said she had changed her clothes because her dress had been torn off in the quarrel with her aunt.

## Mediator For U.N. Is In Palestine

HAIFA, Israel, May 31. (AP)—Count Folke Bernadotte, United Nations mediator in Palestine, arrived here today from Egypt.

Air raid sirens sounded a false alarm as he arrived. Jewish sources said they were probably set off by the escort of four British Tempest fighter planes which accompanied the count's white transport plane from the Suez Canal zone.

FARMERS RESCUED—An aerial view of the worst Columbia River flood since 1894 shows farmers being rescued from high water below Portland, Oregon. (AP Wirephoto).

## Arabs Are Trying To Ring Tel Aviv

CAIRO, May 31. (AP)—Three Arab armies appeared today to encircle the Israeli center of Tel Aviv as they have ringed Jerusalem.

Encirclement rather than a hazardous frontal attack generally was believed to be the Arab aim.

Some Arab leaders talked of telling the United Nations the Arabs cannot accept its request for a four-week armistice unless the UN repudiates the idea of dividing Palestine into Jewish and Arab states.

There was no official word as to the nearest point hostile troops have approached Tel Aviv. Abdel Geil El Rawi, Iraqi charge d'affaires in Cairo, told reporters Iraqi troops were only three miles away. Pressed for details and the source of his news, he said it came from a private source.

Along the coast 20 miles south of Tel Aviv, the Egyptian army is up against the Jewish defense line just inside the area assigned to the Arabs under the partition plan. An Egyptian communique said a Jewish counterattack in the Isdud region was repulsed and that Egyptian bombers hit targets in the Rehovot area, 11 miles southeast of Tel Aviv.

Officials of the Christian Union in Palestine issued a manifesto in Jerusalem accusing Jewish forces of having used Christian religious and humanitarian institutions for military bases. The manifesto said three priests had been killed and two wounded and 100 women, children and other civilians killed or wounded "since the Jes began the attack."

Outcome Is Awaited On Ford Labor Talks

DETROIT, May 31. (AP)—The automobile industry paused in its wage concerns today but only to await a third chapter's outcome.

As General Motors and Chrysler settlements headed toward anticipated rank and file approval, the CIO United Auto Workers and Ford prepared to get down to business.

## Jap Plane Makers Turn To Bicycles

TOKYO, May 31. (AP)—The two aircraft engineers who designed Japan's top warplanes are making bicycles now. It's a tough job, too, they say.

## STRANGEST BEASTS OUTSIDE D.T.'S

Elephant Shrews Are Hailed As Malaria Research Help

WASHINGTON, May 31. (AP)—A planeful of elephant shrews, some of the strangest beasts ever seen outside the D. T.'s, turned up at the National Zoo today. Their arrival was hailed as a landmark in malaria research.

An African expedition flem them in, all 104 of them, from the Anglo-Egyptian Sudan. William Terry, executive officer of the expedition, said they are the first elephant shrews ever to reach this country.

"It's the greatest forward step in malaria research since the discovery of quinine," Terry said. "These animals are by far the most valuable for testing thousands of anti-malaria drugs. Guinea pigs and rabbits are useless. They don't get malaria."

## Break In Dike Destroys Town Within Minutes

Death Toll Is Expected To Mount Rapidly

VANPORT, Ore., May 31. (AP)—The waterlogged debris of this war-built city was probed today for possible victims of a flood that destroyed the town of 18,700 within minutes.

Officially, there are no known dead twelve hours after a wall of water burst upon the dike-guarded community on the south bank of the flooding Columbia River late yesterday. But thousands of survivors who told of their escape and rescue left slight doubt that the toll will mount rapidly when the splintered dwellings are cleared away.

The search of victims went on under floodlights last night and the probe of the submerged automobiles and dwellings went into full pace at dawn. Hundreds are injured and in hospitals.

Vanport—once the second largest city in Oregon in the wartime shipyard era here—is a total loss.

Most of the victims are expected to be children. The play-yards of the town were crowded for Sunday afternoon games when the flood struck suddenly. Many are sons and daughters of veterans living in the public housing project and students at Vanport College centered in the town. The anxiety of most of the adult survivors is for their offspring. Dozens told of leaving children in upper floors of the buildings—later folded like tents when the flood impact struck the apartments. Others said children were torn from their grasp. Their fate is unknown today.

The disaster struck the community in a flanking of flood waters from the swollen Columbia River. The backwater and lake it formed had weakened a railroad embankment on the west edge of the city. The river level has risen to 15 feet above the Vanport table-like ground level yesterday morning. The break came under the tracks at 4:15 p. m. (PST). The prearranged siren signal for the town-folk was sounded. But within minutes the gap had spread to 60 feet, then 600 feet and a six-foot wall of water swept into the city.

## Wallace Addresses Crowd In Spanish

DENVER, May 31. (AP)—Henry A. Wallace is turning to the Spanish language to forward his campaign for the presidency.

Unexpectedly, the third party candidate prefaced a Denver speech last night with an eight-minute address in Spanish and drew round after round of applause from Spanish-speaking persons in his audience.

## After Effects Of A-Bomb Is Defense Worry

WASHINGTON, May 31. (AP)—Civilian defense experts find in the latest sinking of a radioactively "hot" ship a sobering hint of the problems an atomic war would bring.

When the cruiser Salt Lake City was sent down off the California coast by gunfire, bombs and torpedoes, 22 months had elapsed since it got its coating of the radioactive spray and solid green water thrown up by the submarine burst of an A-bomb in the Bikini tests of 1946.

Yet the ship remained so contaminated that it was deemed unsafe for workmen to scrap her for salvage metal. This bore out the predictions of scientists that some of the Bikini ships might remain dangerous for years before the slow decay of the residual radioactive material was complete. Attempts to cleanse the target ships of the invisible but deadly poison brought little success.

Experts of the national military establishment's civil defense planning unit are giving close attention to residual radioactivity, the result of "fission products" or unexpanded particles of the explosive material flung outward by the bomb when detonated in water. Translating the target ships into terms of cities, defense workers can foresee the possibility of communities made uninhabitable for prolonged periods if a bomb should be exploded in nearby water.

## ROOT WILL SPEAK HCJC To Issue 33 Diplomas Tonight

Thirty-three diplomas—22 of them for associate in arts—will be presented at Howard County Junior College commencement exercises today.

Trend C. Root, Lubbock, head of the division of business administration and assistant to the president of Texas Tech, is to be the featured speaker for ceremonies starting at 8 p. m. in the First Baptist church.

Root is author of a number of serious studies on taxes and accounting, and he holds his master of business administration from Harvard. He has been on the Tech faculty since 1932 except for four years spent in military service, as a counter-intelligence officer with Gen. Patton's Third army.

"Our Town" is to be the topic for a salutary by Betty Ray Nall, daughter of Mr. and Mrs. R. L. Nall, and "Our Changing World" the title of an address by Ray Dunlap, son of Mr. and Mrs. O. R. Dunlap, valedictorian.

Otis Graf, president of the HCJC board, is to speak briefly in presenting the diplomas. President E. C. Dodd will assist him in the latter function.

A quartet directed by Eddie Lou Haug and composed of Leslie Cathery, Vicki McLeroy, Mamie Jean Meador and Juanita Anderson, will sing "Forget Me Not" and "Now is the Hour." Announcement of honors and awards will be by Dean M. J. Fields. Mrs. Omar Pitman will play the processional and recessional. Dr. P. D. O'Brien, First Baptist pastor, will pronounce the invocation and Herbert L. Newman, Church of Christ minister, the benediction. Dodd will preside.

Associate in arts diplomas will go to Mille Balch, Douglas E. Beams, Earl Bryant, Jr., Katherine L. Bugg, Mildred Sullivan Denton, Preston M. Denton, Ray Dunlap, John W. Gary, Lloyd Zack Gray, Jackie H. Jernigan, Byron E. Jones, Jack W. Martin, Bill G. Mims, Steve H. Mize, Raymond A. Moore, Betty Ray Nall, Leatrice Joy Ross, Don E. Thomas, Charles Ladd Smith, Cedric R. Webb, Darrell Webb, Jr., and Betty Ruth Gutte.

Diplomas go to Robert Boadle, Jack M. Griffin, Frank Hazelwood, Darmond E. Hill, James H. Peden, Fred Phillips, Leonard G. West and Jimmy Ray Smith. Those to receive academy certificates are David E. Guinn, Katherine L. Bugg and Joe Robert Boadle.

Diplomas go to Robert Boadle, Jack M. Griffin, Frank Hazelwood, Darmond E. Hill, James H. Peden, Fred Phillips, Leonard G. West and Jimmy Ray Smith. Those to receive academy certificates are David E. Guinn, Katherine L. Bugg and Joe Robert Boadle.

## 'MAKE DEMOS GET SPECIFIC' Taft Calls For Republicans To Draft Detailed Platform

WASHINGTON, May 31. (AP)—Senator Taft (R-Ohio) came out today for a detailed Republican platform that will make the Democrats "get specific" in their presidential campaign pledges.

Taft told a reporter there has been the usual talk among Republicans of adopting a short, readable platform outlining the general principles on which the party will stand in the November election.

"But I don't think we can afford to generalize," he said. "We have a record in Congress that must be spelled out in some detail."

"Besides, I want to put the Democrats in a position where they have to get specific about

where they stand on such issues as civil rights. If we deal only in generalities, it would be an invitation to them to gloss over issues like that."

Taft said there has been some discussion among Republican leaders of calling the party's Resolutions Committee into pre-convention session here for early work on the platform.

The idea is to give 31 members of Congress who have been elected as delegates a chance to sit in, either as members or observers, on the writing of a platform that most of them think will have to be based largely on Congress' record.

The choice of a platform committee chairman apparently is still

up in the air, with Sen. Eugene Millikin of Colorado and Rep. Charles Halleck of Indiana being mentioned. Halleck won't be named officially as an Indiana delegate until June 11.

Convention delegate choosing enters its final stages for the Republicans this week, with South Dakota picking 11 tomorrow. That state's Democrats will choose eight delegates the same day.

A new line on the southern civil rights fight against President Truman may be given in Georgia's choice of 28 Democratic delegates today.

Alabama rounds out its 26-vote delegation by naming 11 Tuesday in a run-off primary. Fifteen were chosen previously.

# A Challenge Not To Forget

Memorial Day brings us face-to-face again with the memory of the silent legion that did not come back.

In it were white and black, rich and poor, high and low, young and old—men from all walks and ways of life, yet men dignified and immortalized by the common bond of ultimate sacrifice.

"Greater love than this hath no man than that he lay down his life . . ."

What we can owe a devotion such as this? What debt is there to repay? Can consciences be eased by material provisions for those left behind, or by stiff and formal letters of regret, or by words falling dully like notes from a cracked bell?

Or parades and shows of might and breast beating, or even quiet visits to where the sod forms eternal drapes o'er the fallen?

Perhaps we err in assuming there is mere debt. The thing is rooted deeper than that, ay, for it is a sacred challenge—a challenge to not forget.

Not to forget that what these men wanted most of all was a quiet place to live out their lives without rancor or hellish disturbance; to dwell in a world where others, too, could stand before God as men with souls and not naked before the consuming state. Not to forget that they gave life itself in untangling a mess few if any had any part in creating; not to forget that blind men travel the same paths, year after year, threat after threat, war after war.

Can the challenge be met with anything less than honest and devoted effort to remembering the sacrifice in terms of universal understanding? Memorials in hope would be far more striking than those in stone and sound.

## In Hollywood—

# Cotton Is Ardent Backer Of Radio

By BOB THOMAS

HOLLYWOOD, (U.P.)—Radio, perennial stepchild in the show business family, will be treated with more respect, if Joseph Cotten has his way.

The blonde Petersburg, Va., actor is unique among movie stars—he spends as much time in radio studios as he does in the film factories. A veteran of more than 2,500 air shows, he has strong ideas on the subject of radio. Such as:

"When stock companies passed, they left a vacuum that neither the screen nor the theatre could fill. Neither supplied a training ground for actors. If a would-be actor is lucky enough to land in a Broadway hit, he's stuck for a year or two in a small part he can master before opening night.

"In Hollywood, an actor plays one part and must wait months before his next film. In either place, he runs the risk of becoming an old man before he acquires experience.

"A young actor in radio learns fast. He has a chance to play several shows at once and gets a wide variety of roles. He works more and so is trained more rapidly."

Cotten's latest air venture is called 29:30, Inc. (From the time allotted to a half-hour show.) He's producing and starring in a series of dramatic shows which are transcribed and sold to independent stations.

"The number of listeners to independent stations has risen 30 per cent in recent months," he reported on the "Weep No More" set. "Thus sponsors are doing more regional advertising and are willing to support higher-cost shows."

"A recorded show has its advantages for me, too. I'm not tied down to a weekly deadline. If I don't find a good script each week, I don't have to do a mediocre one. And the cast can rehearse until the show is perfect."

Although radio provides good training for the movies, it doesn't work in reverse, Joe indicated. He doesn't plan to use film actors in his casts. He thinks they are too often tense, nervous and subject to mike fright.

Joe doesn't believe in specialization. He also plans to return to the theatre at La Jolla this summer.

# Tarts, Darts And Dashes

"Every four minutes an American dies of a disease caused by a common cold," says a medical item. It must be awfully monotonous for the American.

## World Of Science

# Guessing Pays Off

By HOWARD W. BLAKESLEE

NEW YORK—A new business in the United States, telling the sex of day-old chickens, pays from \$4 to \$12 an hour.

These chick-sexors, as they are called, number only about 1,000 and most of them work only three or four months in a year. In that time a list sexor will make about \$8,000.

The story of this business is told in the American Scientist, by John H. Lunn of Brookston, Indiana. He points out that until 1933 anybody who had ever hatched a chick thought you couldn't tell the sex until the cockerel began to make a comb. But the Japanese found a way to determine the sex of a day-old chick.

In the depression it became necessary to economize in breeding chickens for eggs. It would save money if the males could be killed or separated, and raised to the eating stage.

The discovery applied only to Leghorns. But Leghorns are a large share of the egg business in the United States.

Five Japanese sexors came to America to reveal that the "secret" was just a matter of skill in observing slight differences in shape of small organs. But when Americans first tried the trick, they found that it took years to learn. The differences in organs were not uniform.

Some of the Japanese were able to sex 1,400 chicks an hour with an accuracy of 98 per cent. It was years before Americans equalled that record.

Sexor teaching schools were set up in Kent and Bellingham, Wash. Later Dr. Morely Jull, then U. S. poultry husbandman at Beltsville, Md. took over the training.

Sexors went to Japan for training and returned to set up their own schools.

A slow sexor turns out 100 chicks in 15 minutes. A fast one does 100 in four minutes. The usual pay is one cent a chick. Graduates of the American sexor schools are finding work in the United States, Cuba and Mexico. Most of them are affiliated with employment associations that place sexors.

The American Scientist says the sexors have done well. Their earnings have brought them breeding farms and hatcheries.

## Affairs Of The World—

# Same Red Steam Roller

By DEWITT MACKENZIE

The communist steam-roller will thunder across prostrate Czechoslovakia again tomorrow, leveling off most of the remaining signs of her democracy.

To be sure, democracy still will remain hidden within the sturdy hearts of the vast majority of the little republic's citizens but the visible emblems of freedom will have been ground to dust.

More specifically, a general election is to be held in Czechoslovakia to elect a new parliament.

The election will follow the Russian single ticket system. Under this scheme there are no opposition candidates, but merely a single ticket containing the names of candidates hand-picked by the communist-dominated regime. The only way a voter can register disapproval is to cast a white blank ballot which can be seen by election officials.

Communists and fellow travelers have been busy drumming it into the voters casting a blank ballot would be like treason. It would be like sticking one's head in a lion's mouth.

Yesterday some 30 fugitive members of the Czechoslovakia parliament and other political leaders held a conference in London. In effect they constituted a refugee parliament. These foes of bolshevism went on record as declaring that the present communist-dominated government of Czechoslovakia is illegal.

The refugee "parliament" will continue to function. The indications are that its members plan to organize Czechoslovak resistance around the globe for liberation of their country.

Similar resistance groups from other eastern European countries are gaining quietly abroad. There are the Poles, the Hungarians, the Romanians, the Bulgarians, the Yugoslavs. And meantime underground resistance exists in all the countries which have been brought under Soviet domination.

Some day there will be a spark which will set all this resistance aflame. That spark will be some fortuitous circumstance which no one can foresee now. Another war involving Russia most certainly would provide the spark, and that's one good reason why Moscow does not want war.

## With Trimmings

FREDONIA, Kan. (U.P.)—Little Sammy Lee, an 11-year-old Pekingese dog, was like one of the family in the Dr. E. C. Duncan home. When he died he was accorded a fitting burial. At a cost of \$300, the dog was taken in a hearse to Independence and buried in a special casket in a pet cemetery. A tombstone marks the grave.

## Washington Merry-Go-Round—

# Tons Of Contaminated Food Sold

By DREW PEARSON

WASHINGTON—The American people don't realize it, but an average of twenty tons of contaminated food is sold to the public every day in the year because the Food and Drug Administration has lost its authority to seize goods that spoil after reaching their destination.

What is even more alarming, the government also has been stopped from confiscating deteriorated drugs unless it can be proved that the drugs lost their potency before delivery. For patients who may need a drug such as penicillin, this could mean the difference between life and death.

The government was stripped of its power to seize spoiled goods by a decree of the Ninth Circuit Appeals Court in San Francisco when the Phelps-Dodge Company, a copper-mining firm, challenged the government's authority to confiscate some macaroni that had spoiled in company warehouses after shipment from Colorado to Arizona.

The circuit court upheld Phelps-Dodge, ruled that the government's authority ended after the goods reached their destination. Later, the European Court refused to review the case.

## HOUSE TO RESCUE

Immediately, Connecticut's Republican Congressman William Miller introduced a bill restoring the Food and Drug Administration's jurisdiction. This brought a hailstorm of protests from the nation's millers, stirred up chiefly by E. W. Morrison of Denton, Texas, president of the Morrison Milling Company.

Morrison, himself, appeared before the Senate Commerce Committee in opposition to the bill after it had passed the House without a dissenting vote. He brought as reinforcements Leslie Ford of Shawnee, Okla., President of the Shawnee Milling Company, and Charles McClave of Great Falls, Mont., treasurer of Montana Flour Mills, Inc.

Morrison urged a watered-down substitute bill which would force the government to prove "willful intent" or "gross negligence" before it could press criminal charges.

"There have been seizures," he argued, "because of the inclusion in shipments of flour or meal of infinitesimal quantities of so-called filth."

"I don't even want an infinitesimal part of rat droppings in food that I purchase," snapped Senator Brian McMahon, Connecticut Democrat.

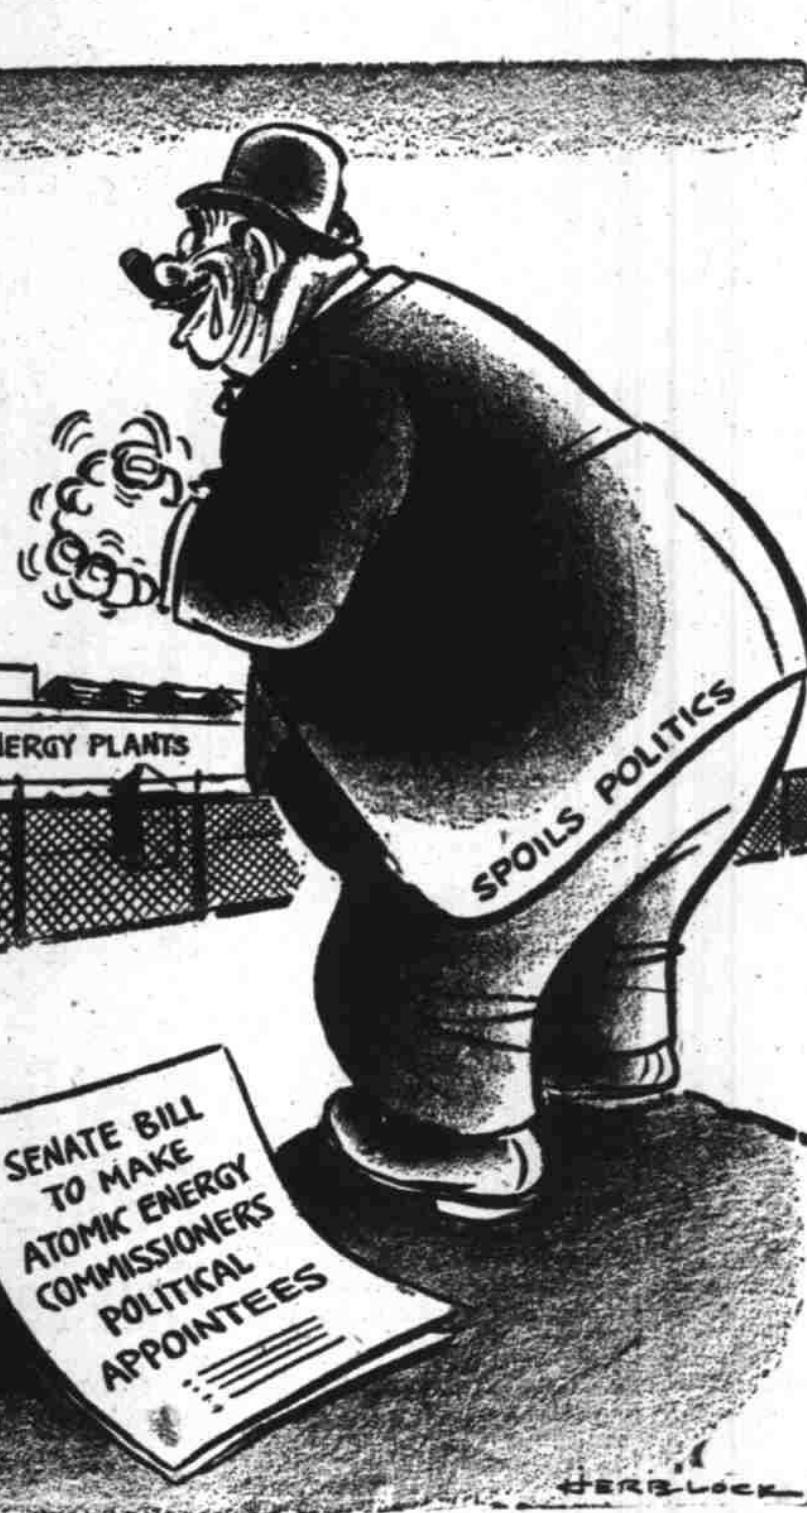

FLOUR SALESMAN OBSTRUCTS Nevertheless, the flour lobby has managed to obstruct the bill—largely through Senator "Pappy" O'Daniel of Texas, a former flour salesman, and Senator Ed Moore, millionaire Oklahoma oilman.

Neither of them is running for reelection, and apparently they aren't concerned over public reaction. The bill is now stymied in committee and may not come up again in the closing rush of business. Meanwhile, the public is still buying tons of rotten food and bad drugs every day.

Note 1—Senator O'Daniel is reported to be taking a \$100,000-a-year job with a Texas flour mill after he leaves the senate.

Note 2—What the flour lobbyists, who appeared in opposition to the Food and Drug Administration, didn't tell Congress is that all three have been convicted for possessing contaminated food. E. W. Morrison was fined \$500 in Sherman, Texas, on November 26, 1946, for shipping corn meal, contaminated with rat droppings and insect frag-

# Tons Of Contaminated Food Sold

By DREW PEARSON

WASHINGTON—The American people don't realize it, but an average of twenty tons of contaminated food is sold to the public every day in the year because the Food and Drug Administration has lost its authority to seize goods that spoil after reaching their destination.

What is even more alarming, the government also has been stopped from confiscating deteriorated drugs unless it can be proved that the drugs lost their potency before delivery. For patients who may need a drug such as penicillin, this could mean the difference between life and death.

The government was stripped of its power to seize spoiled goods by a decree of the Ninth Circuit Appeals Court in San Francisco when the Phelps-Dodge Company, a copper-mining firm, challenged the government's authority to confiscate some macaroni that had spoiled in company warehouses after shipment from Colorado to Arizona.

The circuit court upheld Phelps-Dodge, ruled that the government's authority ended after the goods reached their destination. Later, the European Court refused to review the case.

## HOUSE TO RESCUE

Immediately, Connecticut's Republican Congressman William Miller introduced a bill restoring the Food and Drug Administration's jurisdiction. This brought a hailstorm of protests from the nation's millers, stirred up chiefly by E. W. Morrison of Denton, Texas, president of the Morrison Milling Company.

Morrison, himself, appeared before the Senate Commerce Committee in opposition to the bill after it had passed the House without a dissenting vote. He brought as reinforcements Leslie Ford of Shawnee, Okla., President of the Shawnee Milling Company, and Charles McClave of Great Falls, Mont., treasurer of Montana Flour Mills, Inc.

Morrison urged a watered-down substitute bill which would force the government to prove "willful intent" or "gross negligence" before it could press criminal charges.

"There have been seizures," he argued, "because of the inclusion in shipments of flour or meal of infinitesimal quantities of so-called filth."

"I don't even want an infinitesimal part of rat droppings in food that I purchase," snapped Senator Brian McMahon, Connecticut Democrat.

FLOUR SALESMAN OBSTRUCTS Nevertheless, the flour lobby has managed to obstruct the bill—largely through Senator "Pappy" O'Daniel of Texas, a former flour salesman, and Senator Ed Moore, millionaire Oklahoma oilman.

Neither of them is running for reelection, and apparently they aren't concerned over public reaction. The bill is now stymied in committee and may not come up again in the closing rush of business. Meanwhile, the public is still buying tons of rotten food and bad drugs every day.

Note 1—Senator O'Daniel is reported to be taking a \$100,000-a-year job with a Texas flour mill after he leaves the senate.

Note 2—What the flour lobbyists, who appeared in opposition to the Food and Drug Administration, didn't tell Congress is that all three have been convicted for possessing contaminated food. E. W. Morrison was fined \$500 in Sherman, Texas, on November 26, 1946, for shipping corn meal, contaminated with rat droppings and insect frag-

ments. Leslie Ford's Shawnee mill-

ing company was fined \$1,000 in Oklahoma City, April 26, 1947, for the same offense. McClave's Montana flour Mills also was fined \$2,500 and costs in Cleveland, Ohio, April 30, 1948 for possessing flour, contaminated with insect bits.

## CAPITAL CHAFF

The Army is working on a sweeping new plan for promoting officers—patterned after the British system. If adopted, it would fix an officers' rank according to the job he holds . . . A Gallup poll shows that a clear-cut majority of voters favor federal aid to education and would be willing to pay more taxes to finance it . . .

The Army and Navy are lobbying under cover against a bill that would give reservists on active duty the same death and disability benefits as regulars. The bill was introduced by Senator Bill Knowland of California and Congressman Margaret Chase Smith of Maine. As an example of the present injustice, a reserve marine pilot, George Finnegan, recently lost an arm in a crash while on two-weeks' active duty, but was unable to collect a cent of disability pay . . . Senator Ralph Flanders of Vermont has written a stiff letter to Ben Fairless, president of U. S. Steel, and other big steel magnates urging them to reconsider their decision to block steel allocations for low-cost prefabricated housing . . . Flanders points out in his letter that the anti-inflation objective of the law passed by Congress last December, under which voluntary steel allocations are made, is being violated as long as big steel sells only to builders of conventional brick and wood-built houses and boycotts to pre-fab housing industry, which can turn out low-cost assembly-line homes within the means of veterans' pocketbooks.

## TRUMAN ON COLUMBIA BASIN

The President is planning a little publicity stunt in the Northwest to dramatize his crusading efforts for irrigation and reclamation . . . He will press the button to send the first water flowing in the giant new Columbia Basin project, which will cover 1,250,000 acres in the state of Washington.

The idea was suggested by Sena-

## Bring It Home

CALEXICO, Cal. (U.P.)—Former Mayor F. L. Young sprang from his desk when two automobiles landed on the sidewalk at his insurance office front door with a resounding crash. They had been hit by a truck. Investigation showed all three vehicles were protected by insurance written by Young.

## Home Dentistry

MEMPHIS, Tenn. (U.P.)—Mrs. R. G. Draughton treated herself when a filling in a tooth came out. Her dentist was out of town, so she used a toothpick to apply glue to the cavity. The dentist told her later he never had seen a filling stick so tightly.

## No Smoking

SALEM, Mass. (U.P.)—From the Essex Register of March 13, 1941: "The selectmen having received very many complaints against this growing mischief, it is ruled that no persons shall smoke any pipe or cigar in any street, highway, lane or public building, within the town, by day or by night, under penalty of forfeiting for every offense, the sum of THREE DOLLARS."

## Hot Time

ALBION, Ind. (U.P.)—Grade and high school pupils here enjoyed a three-day vacation because their schoolrooms were too warm. An inexperienced janitor turned the wrong valve of the school's steam heating plant. It resulted in temperatures above the 90-degree mark.

## Gas Today—

# Beer Drawing Early Desperado Is Fancy Art Was Real Villain

By HAL BOYLE

NEW YORK (U.P.)—The class in beer drawing will please come to attention.

You think I'm kidding? Are there really classroom courses on how to draw a glass of beer?

Sure. I just—bu-u-r-r-r-p—flunked the first lesson.

I took it in a demonstration room at the Jacob Ruppert brewery, the one that used to own the New York Yankees and kept them—so to say—hopping.

The professor was 55-year-old Hal R. Hoffman, the dean and effervescent Rembrandt of American beer drawers. The class consisted of students in a local bartenders' school. A number were veterans studying under the G. I. Bill of Rights.

The professor went right to the heart of his subject—how to teach the men behind the bar to draw a proper glass of beer. Draft beer, bottled beer, he feels, is better for pigeons.

"There have been cases of murder over whether beer was being drawn right. I got the clippings right here in my pocket," he said. For an hour and a half Hoffman explained how important it was to keep the keg in a pre-cooler, flush the coils regularly, and adjust the pressure so the customer would get the beer in his glass instead of a spray in the face.

Then the professor began to draw some beer himself. The class perked up at once.

"There is no such thing as wild beer, flat beer, or green beer," he lectured sternly, "if you keep it cool—below 40 degrees—and draw it right."

"It oughta have a collar," he continued, drawing a glass himself with an inch-deep necklace of suds. "It oughta leave a ring on the glass every time you take a sip."

The professor takes big sips himself. He left only six rings. The class looked thirsty.

"But you gotta have control. It's like shifting gears in a car. Pull the faucet down fast. If you throttle it, you get too much foam."

"Always wash the glasses in water. Don't use soap. It kills the head. And don't dry the glasses with a cloth. Use 'em wet. If you use a dry glass, the customer will see bubbles settling on the sides. If he dries it and it's a hot day—well, what happens maybe?"

Everybody flunked that one. "He burps maybe," said Hoffman patiently. "Right away he starts blaming the beer. Says it's got too much gas—says he saw the bubbles himself."

The professor then invited the taproom scholars up to draw a sample. Everybody quickly sidled up to a seidel. Each rinsed his seidel in a pail of water before drawing his beer. I forgot this part of the ceremony.

"Nice collar," said the professor genially, "but look at the bubbles. You used a dry glass."

I moved into the glass. It was a warm day. Something happened. "Yep—bu-u-r-r-r-p—you're right professor."

## The Nation Today—

# World Health

By JAMES MARLOW

WASHINGTON (U.P.)—It's taken us time but now we're about ready to join the U. N.'s world health organization.

Thirty other nations have already done so.

The idea was worked out at a world health conference in New York in 1946.

By next September it will open up shop as a going concern. In Geneva, Switzerland.

This is what it's supposed to do: set up a single agency so the world's doctors, or their governments, can:

1. Exchange information for fighting disease.

2. Try to control epidemics and keep them from spreading.

3. Agree on a number of things so there'll be less confusion—like the names for diseases and the drugs for treating them.

Action by both houses—the y passed what's called a joint resolution—was necessary.

But the way they passed it differed a bit. So they'll have to work out an agreement.

Then President Truman can sign it and make us a member. It probably will cost us about \$2,000,000 a year for our share of the expenses.

What good do we get out of joining? The House Foreign Affairs committee listed some of these points:

1. By keeping down or preventing epidemics in other countries, the world health organization will make the U. S. that much safer from disease.

2. By checking more closely on people flying to the U. S. from other countries, the organization will cut down the amount of sickness and disease brought in here.

3. U. S. citizens traveling abroad will have better protection against disease.

4. Because better world standards will be set up for drugs and medical supplies, the U. S. companies which make them will have better markets abroad.

5. The U. S. not only will receive information about international health problems, but will be able to help solve them.

## Around The Rim—By The Herald Staff

# Early Desperado Was Real Villain

Movie scenario writers, guilty of painting the west's bad men more villainous and certainly more romantic than they actually were, have long overlooked a good bet in bringing to the screen the life of one John Wesley Hardin, probably the top desperado of them all.

The movies have done their part in making an appealing legend of the eventful though brief career of Bill Bonney, better known as Billy The Kid, a Brooklyn-born gunman who at 21 was killed by his one-time friend, Sheriff Pat Garrett, in New Mexico.

By any measuring rod, The Kid was a piker alongside John Wesley Hardin, a Texas born gunman, who killed in the neighborhood of 80 men during his 40-odd years.

Hardin was brought up in the reconstruction days following the Civil War and was taught from his cradle to hate the Yankees and especially the Union soldier. He allegedly slew his first man, a Negro soldier, while in his early teens. Historians say he fired upon the individual from horseback when the soldier attempted to take his mount from him.

Government officials put out a dragnet for him but Hardin ushered three other soldiers through the Gates of Valhalla and then hid out with relatives around Bonham.

He is credited with disarming the great Wild Bill Hickok one time in Abilene, Kansas, making good a boast he was supposed to have made in Texas.

Authorities tried for years to send him to the gallows but all efforts to that end failed. Eventually, they did put him out of circulation by sentencing him to life on a murder charge.

He was defiant, even in prison, however. He refused to work, though threatened with punishment. On one occasion, guards are supposed to have chained him in a deep vat and threatened to take his life by drowning. John Wesley uttered no outcry, even when the water pouring into the vat inundated him.

His tormentors removed him at length, half dead—resigned to the fact that he could not be intimidated.

He was pardoned after 30 years in confinement and later drifted to El Paso when he was to meet his end. He resolved to go straight at one time but later drifted into lawlessness and peace officers kept a watchful eye on him.

He ultimately was shot in the back by a party who, knowing Hardin's reputation rather than the individual, felt it would benefit his station to slay such an infamous person.—TOMMY HART

## Farrar Studio's Dance Review At 8 p. m. Today

Nineteen students of the Farrar Pre-School will be seen at 8 p. m. today in a unique dance number, "The Flower Ballet," a featured act in a dance review to be given by the Farrar studio at the Municipal auditorium.

Each youngster will be attired in a costume to represent a flower or a butterfly and the setting is a flower garden. The ballet is com-

posed of three and four-year-old students.

Opening the review is the routine entitled, "Hot Chocolate Soldiers." Soldiers are portrayed by Kenney House, Richard Clark, Bill Bonner, Larry Cook, Skipper Driver, David Haley, Gerald Farrar, Charles Driver, Billy Sullivan, Danny McCrary, Ronnie Parrish, Roddy Dunacry, Keton Dunkerley and Jackie Coleman.

"Chocolate Ladies" in the first scene are Cleo Rita Thomas, Karon Koger, Betty Lou Whitefield, Toni Sessions, Ann Sessions, Ann Homan, Vickie Cook, Susan Zack, Sally Adair, Lana Wren, Nancy Smith, Linda Kay Limer, Judy McCrary and Kay McGibbon. Dancers will be Nancy Smith, Sally Adair, Kay McGibbon and Lana Wren.

Marilyn McCrary will play two piano selections including a medley of children's singing games and "Step Carefully."

Specialty numbers will be "A Hunting We Will Go," by June Ann Johnston; "Apple Blossom Time" by Nancy Clark, Nancy Pittman, Sharon Limer and Joe Ann Smith; "The Scarecrow Song," an eccentric tap dance by Jackie Coleman; First Dance from "Trosie Eccossaises" (Chopin) by Shirley Collum, Nancy Smith and Judy Douglas; "Dance of the Blue Fairies" by Linda Kay Limer, Linda Sessions, Patricia Thornton, Helon Boyd, Ann Homan and Judy McCrary; and "Musical Snuffbox" by Judy Douglas, Nancy Pittman, Jo Ann Smith, Nancy Clark, Shirley Collum and Sharon Limer.

Cast of "The Flower Ballet" will be taken from among the three and four-year-old students from these acts, plus Kathleen Thomas, Gwen McCullough, June Ann Johnston, Toni Thomas and Judy Denton.

The public is extended an invitation to attend. There is no admission charge.

Mr. and Mrs. M. H. Davies left this morning for Denton where they will accompany their daughter, Nell, home from North Texas State college. Miss Davies plans to spend the summer with her parents here.

## HCJC Students Given Party By Faculty Sunday

An "annual party" in the parlor of the First Baptist church Sunday afternoon served as a get-together for students of Howard County Junior college to autograph 1948 "Jayhawkers." The affair was hosted by the college faculty.

Serving refreshments were Ina Mae McCollum and Ruth Schaefer. Hours were from 3:30 p. m. to 5 p. m.

Present were Ronald Johnston, Zack Gray, Evelyn Huddleston, Dick Clifton, Athol Atkins, Bernadine and Dean Curlee, Janis Dunagan, Babe Lytle, Mamie Jean Meador, Jenny Miller, Bud Purser, Vickie McLeroy, Leatrice Ross, Francys Weir.

And Doug Beams, Preston and Mildred Denton, Ray Dunlap, Betty Ray Nall, Cedric Webb, Joyce Sewell, Keats Watts, David Guinn, Betty Stuteville, M. J. Fields, Mary Jones, J. T. Clements, Mr. and Mrs. E. C. Dodd, J. F. Jones, Eddie Lou Haug, Fred Layton, Ina Mae McCollum, Ruth Schaefer.

## Last Rites Slated For Yeager Infant

Last rites will be said today at the Eberly Chapel for Thomas Larry Yeager, 22-day-old son of Mr. and Mrs. S. S. Yeager. The infant succumbed Sunday in a local hospital.

The Rev. Cecil Rhodes, pastor of the Westside Baptist church, will officiate at the services. Burial will be in the local cemetery.

Besides his parents, the deceased is survived by two sisters, Imogene and Mrs. W. L. Tate; two brothers, Wayne and A. H., and maternal grandparents, Mr. and Mrs. T. R. Long of Winters.

**Mrs. W. H. Booher Is Honored With Shower**

Mrs. W. H. Booher was named honoree at a pink and blue shower in the home of Mrs. C. W. Coyle, with Mrs. Bill Seals as co-hostess Friday evening.

Garden flowers were placed at vantage points throughout the party rooms.

Refreshments were served to approximately 25 persons.

Out-of-town guests included Mrs. J. J. Smith, Mrs. H. J. Barnett, Mrs. C. E. Smith and daughter, Betsy, all of Colorado City and Mrs. H. E. Elliott of Amarillo.

**Thanks Poppy Buyers**

Mrs. Esther Powell, president of poppy sales in this area Saturday, wishes to express her appreciation in behalf of the VFW Auxiliary, Post 2013, to the citizens of Big Spring in their purchase of the poppies, to the Rainbow Girls and to all others who assisted in the sale.

Weekend guests of Mrs. L. N. Brooks, Jr., were her sister, Nell Owens, and Benny Pearson of Austin. The three made a trip to Carlsbad Caverns Saturday.

**Girls, you should know about this 2-way help**

What to do for woman's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times," get CARDUI today.

# Broncs Squeeze By Midland To Regain Longhorn Lead

## Battle-Scarred Broncs To Meet Odessa's Oilers

The Big Spring Broncs were to leave today on an abbreviated road trip that will carry them to Odessa for a two-bout stand.

The locals will appear again on the home diamond Wednesday night, when the Sweetwater Sports come to town for a three-game series.

Manager Pat Stasey will probably send Lefty Gumbo Helba to the mound tonight against Shadow Ensey's Oilers. The Bronc pilot will have a problem on his hands in trying to plug a big vacancy in the infield, however. Ray Vasquez, regular shortstop will be out of the lineup for several days because of a hand injury he received during Sunday's game, the Bronc manager reported.

Ray's mishap was the fifth to descend upon the steeds during the past 10 days. Bert Baez, pitcher and utility man, will be out for about 10 days more with his knee injury. Rolly Viadora has a bruised hand that will keep him on the shelf for two or three more days. Orlie Echeverria is suffering from a strained shoulder, and Tony Traspuesto still has not completely recovered playing form after being hit by a pitched ball a week ago Saturday night.

## McClain's Blow Breaks Up Game

In a story book finish, Big Spring's baseball Broncs charged from behind to trounce the Midland Indians, 5-4, here Sunday afternoon and regain sole possession of first place in Longhorn baseball league standings.

The Cayuses came charging back to count twice after Wayne Specht had given the guests a temporary lead in the top half of the round. Specht, who had singled sharply to lead off the inning and survived some bone-head baseball on the part of the Steeds in a rundown between third and home, tallied on a blow by Clyde Perry.

Pressure was to get the Midland team later. Armando Traspuesto touched off the Big Spring half of the inning with a single into right center. Gerry Rodriguez—who was in the process of earning his sixth pitching victory—laid down a sacrifice that Leland Crissman, the Midland flinger, pounced on and rifled to second. Traspuesto was in there ahead of him, though, and both runners were safe.

Ray Vasquez came to bat and Crissman was so unprepared, he committed a balk that advanced both runners. He ultimately walked Vasquez, then loosed a wild pitch that enabled Traspuesto to score. Justo Azpiazu rolled out to Rip Collins at second and both runners held up. Jake McClain stepped in and lined a hit over Harvel Jakes' head in center field that broke up the contest.

Dick Willenburg started on the hill for Midland but pitched to only three men—Vasquez, Azpiazu and McClain. All got on base. Crissman reported for duty and escaped trouble by forcing Pat Stasey to hit into a double play. Vasquez tallied, however.

Collins had scored for Midland in the top half of the round. A great throw by Bobby Fernandez in left field cut off another Midland tally in that heat.

The teams matched rallies in the third, each scoring twice. Rodriguez, long a Midland nemesis, hit for the circuit to lead off the Big Spring half of the third and Vasquez scored later on Stasey's bouncer.

**GLEANINGS**—Base thieves had a hard time of it all afternoon. Of the three who tried it, only one—Vasquez—made it. Eddie Melillo of the Tribe and Ace Mendez of the Big Spring team were tossed by at second base. The pass to Jim Prince in the first was intentional but the Big Spring strategy backfired. Carroll Nipp followed with a single. Rodriguez's home run was a lary fly that just cleared the left field barrier. Gerry has yet to suffer defeat this year. Specht got caught off third in the ninth when Clyde Perry tried to execute a bunt on the squeeze play and failed to make connections. He scurried back, however, when Joe Arrechia missed Traspuesto's throw-down.

Seven hundred twenty eight million acres of range land in 17 western states support for a part of each year about 75 per cent of this country's sheep.

# LOOKING 'EM OVER

With TOMMY HART

Burl Cramer, the astute skipper of the Coahoma independent baseball Bulldogs, says he has the material on hand for an American Legion Junior outfit that could cop the state championship in a couple or three years.

Burl points out that a large number of those youngsters who are reporting to him each afternoon are 13 and 14 years of age and will be on top their game inside of two years.

The Coahoma skipper is urging Pat Stasey of Our Town to keep an eye on Ted Holliday, a raw-boned hurler who can rare back and throw that onion. Fourteen years of age, Holliday will be ready for professional baseball in three years or less, Cramer says.

**RECORDS OF SATURDAY GAME COUNT IN LOOP OFFICE**  
For the information of those who have been wondering, all individual records in the Saturday Longhorn league game between Midland and Big Spring count, despite the fact that the contest was called in the sixth round with the score tied at 1-1. Any game that goes 4 1/2 innings—if the home team is ahead—or five—if the score is tied or the home team trails—is ruled as a complete game.

Batting averages of both teams suffered in the main. The Midlanders collected only four blows, the Big Springers but three.

**HAROLD WEBB AND LEVI CLAY PART COMPANY**  
Harold Webb, the Midland skipper, is shaping his future plans without Levi Clay, the big Indian who had won three pitching victories for the Tribe. Clay refused to follow orders and Webb requested that Levi be suspended from the Organized game.

**AZPIAZU'S FREE PASSES MAY HAVE SET RECORD**  
Justo Azpiazu's eight straight walks, spaced over three games, ending Sunday, may have established a Longhorn league record. Azpiazu accepted three Annie Oakleys from Walt Bardwell at Ballinger Friday night, returned home to stroll every time he came up against Leland Crissman, the Midland flinger, then worked Dick Willenburg for a base on balls yesterday.

**ORLIE ECHEVERRIA OUT WITH SHOULDER INJURY**  
Orlie Echeverria, the Broncs' peppy catcher, is in temporary dry dock due to an aching shoulder. Echeverria hurt himself in the previous home stand when he made a brilliant stop of a pop fly, then proceeded to land on his shoulder. He played the Ballinger series only because Armando Traspuesto wasn't feeling up to bat.

**SISTER CLUB OF BRONCS LOSES FIRST PLACE**  
The Havana Cubans, who have dominated first place in Florida International league standings for a long, long while, have skidded to second in recent weeks.

The sister club of the Big Spring outfit has yielded the coveted first spot to Tampa's Smokers. Jose Cindan, the former Big Spring, tried to put the Cubans back on top last Wednesday when he started against West Palm Beach but he bowed out in the seventh while three runs behind and West Palm Beach went on to win, 5-3.

**MONAHANS PLAYER FORMER BIG SPRINGER**  
One of the better players of the Texas Softball league is Lefty Wells, Monahans outfielder who grew up here. The wronglander is one of the five top hitters in the league. He also manages a team in the Monahans city circuit.

**O'DOWDY REFEREE**  
Five Men In Ring At Sportatorium

Take five of the better grapplers and Yaqui Joe, Sonora, Mexico. The first lad eliminated goes into dry dock for the remainder of the evening. The two to fall away to return later for the semi-windup

That's what you have going on at the Big Spring Athletic club on East Third street tonight. There's a rattle royal in the making and O'Dowdy, the local promoter, is in the middle of it.

Patrick is better known all over this area for his feats as a tin-ear. The fact that he holds the promoter's license here keeps local fandom from seeing him in action as a gladiator.

However, he can't resist the urge to climb through the ropes as an arbiter. He's a licensed referee and, by any measuring stick, a good one.

The lads he'll be riding herd on are Ray (Big Train) Clements, the through freight from Lubbock; Sammy Cohen, better known as the Red Devil, who scraps out of New York City; Eddie Gideon of Springfield, Mo.; Billy Hickson, the Knoxville, Tennessee, speed merchant;

while the two finalists come back for the main event. The show gets on the road at 8:30 p. m.

**Morgan Saves Cosden Team**

**FORSAN, May 31.**—Leonard Morgan scored Cosden's only run in the Monahans-Cosden Texas softball league game here Saturday night, which was called in the tenth inning with the score tied at 1-1.

Morgan worked Guy Watts for a walk and bounced home on a single by Winifred Cunningham.

# Coahoma Stages Rally To Win Over Wolves

**COAHOMA, May 31.**—Coahoma's Bulldogs scored heavily in the middle innings to trounce the Colorado City Wolves, 16-12, in a Tri-County baseball league game here Sunday afternoon.

Bill Brown pitched shutout ball in the last four frames to earn the victory after the invaders had hit him hard in the early stanzas.

Whitaker hit a long home run for Colorado City while Wayne DeWitt paced Coahoma's attack with three singles.

The victory enabled Coahoma to retain its hold on a share of first place in the standings. It is tied with Howard County Junior college.

The two nines play in Big Spring next Sunday.

# Hawks Nudge Westerners To Retain Tie For Lead

## Ray Clark Hurls Six-Hit Game

Howard County Junior college's baseball Jayhawks set the stage for their important June 6 clash with Coahoma by turning back the improved Big Spring Westerners, 9-6, here Sunday afternoon.

Ray Clark, on the hill for the Hawks, gave up six hits while the Jaycees touched Phil Newburn and Johnny Daylong for nine.

Donnie Carter, HCJC recruit, drove home three tallies.

The Westerners did not earn a run off Clark, who gave up only one walk.

A. C. Bebee's team broke the barrier with three runs but HCJC tied it up in the third and then went ahead to stay in the fourth.

Jimmy Arrington, Westerner first sacker, suffered an ankle injury in the third but later returned to action.

The victory left the Jayhawks tied for first place with the Coahoma team.

Letter To Editor

Fathers Should Be Remembered On Memorial Day

Dear Editor: I think we, in honoring Gold Star Mothers each Memorial Day, sometimes lose sight of Gold Star Fathers. I would subtract nothing from Mother, for her grief is beyond-measure. Her heart is heavy with tears every day, including Memorial Day. She feels an added dignity, and deep sense of responsibility to make her life worthy of the sacrifice made by her loved one.

But Father's heart broke too, the day the telegram came from the War Department. He concealed his grief as best he could, for he must comfort Mother, he tried not to think of himself and his own loss. The early years of the child's life are Mother's. She is paramount in his world, and spends many long satisfying hours, which are a great comfort to her, in retrospect. Father was busy providing food and shelter, but he dreamed his dreams of the future, when he and his son could be in business together, or maybe it was a daughter that he planned for. That future was blotted out, gone before it had ever begun.

The White Cross or the Star of David marks the last resting place, not only of the child of Mother's love and care, but also of Father's pal and comrade. We have Mother's Day, we have Father's Day. Why not make Memorial Day a partnership affair, and honor our Gold Star Parents. A Gold Star Mother, Mrs. Bernard Lamun.

Soviet Rewards Atom Scientists

MOSCOW, May 31. (U)—Two brothers who spent five years studying cosmic rays atop a 10,000 foot mountain in Soviet Armenia were among recipients today of Stalin prizes for basic scientific research. They were Abram Isakovich Alkhanov and Artem Isakovich Alkhanyan, both Armenians. Ivestia, the government newspaper, said they discovered subatomic particles called "varitrons." "It is difficult to overestimate the significance of their discovery," Ivestia said. "It raises in an entirely new light the fundamental problems of physics—the structure of the world around us—and in particular new aspects are revealed of the paramount problem of modern physics—the structure of atomic nucleus."

Ambassador Smith Is Back At Desk

MOSCOW, May 31. (U)—U. S. Ambassador W. B. Smith was back at his desk today. He returned to Moscow Saturday from a fishing trip in Normandy. He was not feeling well and went to bed, but was up last night for an embassy dinner for Mrs. Lucius D. Clay, wife of the American military governor of Germany. Mrs. Clay and a sister are house guests of Ambassador and Mrs. Smith.

Southwestern Will Hear Lee At Rites

GEORGETOWN, May 31. (U)—Dr. Umphrey Lee, president of Southern Methodist University, was announced Saturday as the speaker for the 108th commencement exercises June 7 at Southwestern University here. President J.

## High School Cafeteria Can Boast Of Great Progress

Rounding out its second year of operation, the Big Spring High School cafeteria can boast great strides in providing delicious meals at amazingly low price—a dream fulfilled for students, parents and school administration.

Begun in 1946 through efforts of the high school Parent-Teachers association, and operated with scant equipment gathered hither and thither, the cafeteria now has expanded into a neat dining room in the basement. Steam tables, refrigerators and other kitchen essentials are modern and adequate. Double-line service has been set up. And even dinner music is provided free!

One of the chief accomplishments of the cafeteria's operation, school authorities cite, came during the last two weeks of this school year when free orange juice was given any student at any time of the day.

The lunchroom is a pleasant place to eat. Space is adequate and it is cool. Use of a juke box was made possible through the courtesy of Oscar Glickman, and a piano was recently added. Much of the success of the cafeteria is due auburn-haired Hazel Shipp, superintendent, who has made it into a real business, and whose interest and courtesy has provided an additional drawing card for the students.

8 Big Spring (Texas) Herald, Monday, May 31, 1948

## Mount Vernon Is Washingtonia Center

WASHINGTON, May 31. (AP)—On a high bluff overlooking the Potomac River 18 miles south of here in Virginia is a beautiful, white-pillared mansion—Mount Vernon, the old home of George Washington. There, approximately, is located probably the greatest collection of Washingtonia in the country, original furniture, china, writings, and other things owned by the nation's first president.

Vying for first place in interest are George Washington's manuscript diary for 1797, and "The Poems of Robert Burns," first New York Edition of 1788, in excellent condition and bearing George Washington's autograph.

The book was presented to the Mount Vernon Ladies' Association, which maintains the estate as a shrine, by Robert Maxey of Austin. It was presented during the past year in memory of his mother, Mrs. Thomas S. Maxey, for many years vice regent from Texas of the Mount Vernon women's group.

In 1932, largely through the efforts of Mrs. Maxey, the present public entrance to Mount Vernon's spacious landscaped grounds was erected and a brick boundary wall built along the side of the estate facing the highway.

Lewellyn B. Griffith, Jr., and Charles C. Griffith, sons of L. B. Griffith of Austin, loaned silver salts engraved with George Washington's initials. They belonged to the elder Griffith's mother, a descendant of Mrs. Robert E. Lee.

Most of the tens of thousands of tourists who visit Mount Vernon annually, arriving by highway or by excursion steamers which dock at Washington's private landing, are surprised to learn that the estate is NOT preserved and operated by the government.

Between the wharf and the mansion is the red brick family burial vault containing the bodies of George and Martha Washington.

Incidentally, speaking of Washington's burial place, there's a crypt deep in the basement of the Capitol building directly beneath the dome. Here the original designers of the building had intended that Washington should be buried, but his heirs ruled to the contrary.

Now a black-draped casket-shaped box rests in the crypt, which is kept under lock and key and is viewed by only an infinitesimal fraction of the tourists who wander through the building. The guided tours don't visit the crypt; it's shown on the deluxe tour some congressmen save for close friends or relatives. In fact, many congressmen don't know about it.

## Lion Delegation Boosting Riley

Approximately a dozen Big Spring Lions club members were in Fort Stockton today to boost the candidacy of Schley Riley for next governor of Lions District 2-Tx.

Several members of the local club left yesterday to attend the opening of the annual district convention, while others were on their way to Fort Stockton this morning.

The district governor elected at today's session will succeed M. O. Woolam, Andrews, as district leader.

Riley's nomination for the post was submitted early by the local club, and there was a possibility that he would be unopposed. He is a past president of the Big Spring Lions club, has served twice as a zone chairman and was deputy district governor on two occasions.

## Funeral Is Set For Billy Wilcox

Funeral services will be held at the Eberley chapel at 4 p. m. today for Billy Wilcox, 44, who was electrocuted in an oil field mishap Saturday afternoon.

Rites will be conducted by Dr. C. A. Long, and burial will be in the local cemetery.

Palbearers will be A. E. Walker, Rom Currie, Bob Kountz, C. C. Johnson, Joe Carpenter, Truman Smith, Pete Harrison.

Mr. Wilcox is survived by his wife, one daughter, Helen Kay Wilcox; his mother, Mrs. Ray Wilcox; a brother, Jack Wilcox; a sister, Mrs. Ralph Ballantont, Austin.

## Greeks Say Polk Death Is Probed

WASHINGTON, May 31. (AP)—The Greek government says its investigation of the mysterious killing of American Correspondent George Polk "continues to be vigorously prosecuted."

The State Department Saturday released a note from Ambassador Vassili C. Denamias reviewing developments, including the Greek government's offer of a reward. Polk's bound body was found recently in Salonika Harbor.

**DIRECTOR**—Dr. Edward U. Condon directs Bureau of Standards which handles research on U.S. military secrets.

## Texas Demos Get Familiar Room For Delegation

AUSTIN, May 31. (AP)—Texans at the National Democratic Convention will operate from the same Philadelphia Hotel caucus room used to push the 1936 successful renomination of Texas-son John Nance Garner for the vice presidency.

Col. Paul L. Wakefield of Austin, secretary of the Texas delegation this year, said the Benjamin Franklin Hotel room, designated as the "Independence Room" will be "appropriately decorated in the Texas manner and will serve as a point of contact and operations for the Texas delegation."

Wakefield has just returned from a meeting of the Executive Committee of the Democratic National Committee in Philadelphia, where he represented Myron G. Bialock of Marshall, Texas' national committeeman until the election of Wright Morrow of Houston last Tuesday.

## Broughton Leads Race For Senate In North Carolina

RALEIGH, N. C., May 31. (AP)—Former Gov. J. Melville Broughton of Raleigh was well on his way today toward being North Carolina's junior U. S. senator.

His margin of victory over Sen. William B. Umstead of Durham widened as tabulations in Saturday's Democratic primary neared completion.

The voting made necessary a runoff June 26 between two candidates for the Democratic nomination for governor. They are State Treasurer Charles M. Johnson and W. Kerr Scott who resigned as state agriculture commissioner to make the race. They were high in a field of six, but neither had a majority.

Unofficial returns from 1,768 of North Carolina's 1,952 precincts gave Broughton 191,976 votes, Umstead 170,617. Umstead was appointed by Gov. Gregg Cherry last year to fill the unexpired term of the late Senator Josiah W. Bailey.

## Motorcade Planned To Highway Meet

A motorcade to the annual International Highway 87 association meeting in Denver on June 11-12 is in the making.

Roy Woodson, Lamesa, chairman of the Texas motorcade, said Saturday that several towns had pledged cars for the convention caravan. Schedule calls for it to depart from Brady on the morning of June 99, cars joining it at San Angelo, Big Spring, Lamesa, Lubbock, Plainview and Dalhart. These towns have pledged from one to three cars in the motorcade, said J. H. Greene, local chamber of commerce manager and an official in the association.

A. B. Davis, Lubbock, has called a meeting of the Texas delegation in Dalhart the night of June 99 to consider pre-convention problems. The caravan would be scheduled to arrive in Denver, Colo. the following day in advance of the meeting.

## Boy Scouts To Hold Court On Tuesday

Regular court of honor for Big Spring Boy Scouts will be conducted at 7:30 p. m. Tuesday in the High school gymnasium.

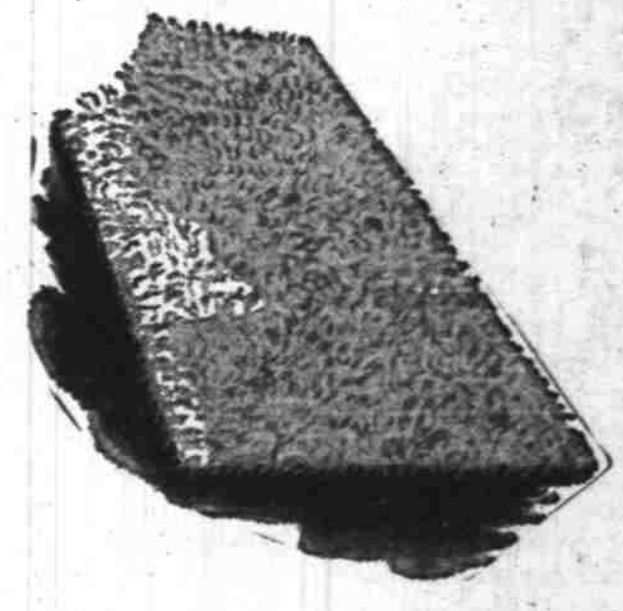

W. C. Blankenship, advancement chairman, will be in charge of the court.

## Amazing... BUT TRUE

Fi-Blak Home Insulation will keep your home 10 to 15 degrees cooler without an air conditioner.

Heat penetrating through the roof and walls cause hot, stuffy rooms and sleepless nights.

Fi-Blak Home Insulation keeps THIS HEAT OUT, therefore your home stays cooler.
