THE GORMAN MEMBER 1984 PROGRESS

Our 84th Year of Service

Gorman, Eastland County, Texas 76454

JD **Press Points**

Joe Bennett, Publisher

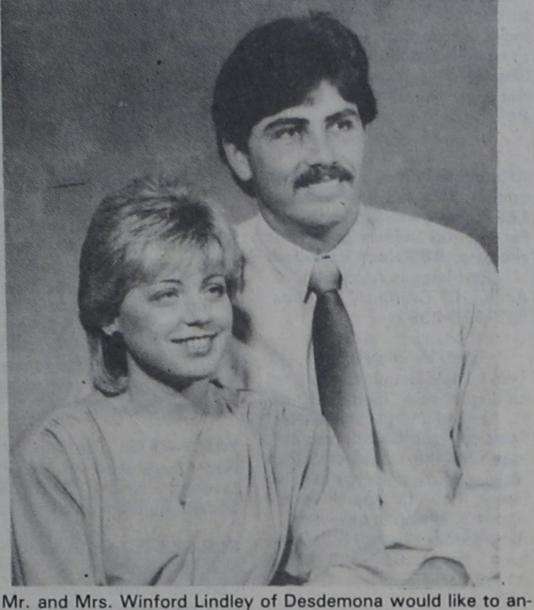

-J-School registration began on Wednesday with elementary grades registering that day. High School registration will be held today, Thursday, Friday. Then classes will officialbegin on Monday, August 20th at 8 a. m.

Everyone is urged to be alert for all the children going to and from school. They will be busy with the hustle and bustle of getting ready for school and may not be watching too close for traffic. So it will be up to all of us to watch out for them. After all, they are our most important asset and we need to look out for them.

Football practice got underway on Monday and the Panthers are looking forward to another fine season this year. Although they lost some very good players by graduation, they are still expected to do well this season. The Panthers are in two-aday practice sessions and I am sure that Panther fans will be watching the workouts to see what is happening with the Panthers.

that they expect the Panthers to win in their zone and then meet Eden in the playoffs. The Harris System doesn't see it that way as they are picking Goldthwaite to take the zone title with the Panthers coming in behind the Eagles. It could be a tough district this season as several teams are expected to be tougher. -J-About all the talk this week is about the Republican Convention coming up in Dallas. Also there is much conversation about the remark that the President made while the people were setting up the microphones for his radio address and the statement he made while he thought the microphones were still off. But of course, the press folks had to go ahead and make it public and then things started to boil. I guess a president should be aware of any statement he makes at any time, because he has no privacy when he becomes President. Every word he speaks is published it seems, even if its just something he says when the microphones are supposed to be off. Of course Russia has picked up on the statement and is now making all out of it that they can as far as propaganda is concerned. You know sometimes the big press folks should keep their big mouths and microphones out of things until they are supposed to. What good did it do to let the statement out to the public. ne, unless you are a communist d just waiting for someone to goof. The subject of a tax increase will be pondered about by the Republicans and they will be trying hard to come up with something so that Reagan and the party won't have to put anything in the platform about having to raise taxes. But I guess we will just have to wait and see - - that is unless someone happens to leave a microphone on somewhere! -J-

J The Gorman Housing Authority has announced the hiring of a new maintenance man for the authority after interviewing several applicants on Tuesday. The new maintenance man is Brent Foster. Brent has been employed by Higginbothams recently and was formerly employed at the Blackwell Hospital. Brent is an experienced maintenance man and the board thought that he was the best qualified for the position formerly held by Johnny Ingram. Brent stated that it would be a big job taking care of all the units of the Housing Authority, but that he was confident that he worthy of the task and would do the very best job he could.

The couple will be married September 29 at 7:30 in the Church of Christ at Desdemona.

All friends and relatives are invited to attend.

Winners in specific competition

Rev. and Mrs. G. W. (Dutch) Hamilton of 502 Magnolia, Mena, Arkansas, will be celebrating their Fiftieth Anniversary with a reception at the Walnut Springs Lion's Den in Walnut Springs, Texas on Saturday, September 8, 1984, from 1 to 4 p.m. Dutch and Mary Adele Rhodes were married in Walnut Springs on September 8, 1984. They have three sons: Dwayne, George, and Robert Hamilton all of Mena, Arkansas; one daughter, Elaine Ward of Dallas, Texas; and nine grandchildren. The couple retired in Mena after fifty years of pastoring and evangelizing in Texas, Oklahoma, Louisiana, Kansas, Arizona, California, and New Mexico. Friends of the couple are invited to celebrate this Golden Anniversary.

Junior Rodeo Features Stick Horse and Goats

An appreciative crowd of parents, grandparents, uncles, aunts and a few impartial fans laughed and clapped frequently Friday, August 10, as their youngsters competed in the first annual Eastland County Junior Rodeo here.

The little cowboys and cowgirls were entertaining to all, as they made their stick horses seem to balk and pitch while determinedly hanging on to those feisty broomtails.

IT ALL ADDS UP

The auction action is often quite exciting. Bids are made and items are sold at a rate that sometimes sees an average of 75 to 100 sales per hour.

We're interested in giving you a snappy auc-tion so the bidders will stay interested until the last item is sold.

Properly handling the business transactions on auction day is a real big job. But, our auction clerks are professionals at handling the busi-ness end of an auction and you'll appreciate our fine auction accounting system.

Every transaction is recorded in detail by identifying the article, recording the price it brings and identifying the buyer. Receipts for each purchase are given to the buyers. And the seller gets a complete accounting for every transaction that balances with the total gross .

Our auction accounting system meets the approval of Courts of law, attorneys, bank trust departments and you will like it, too. It's another reason that people say "when it comes to buying or selling AUCTION'S BEST

Dear Ex-Students, Teachers, between now and hext July. Friends and all interested Parties:

The plans for our Reunion and Homecoming in 1985 have started. As some of you may know, the Carbon School System was 100 years old July 29, 1984. We feel that our Reunion Next year should be known as our "Carbon School Centennial Celebration". We hope everyone will agree and help make this one our bes ever.

Since we only have our Reunion every 5 years, many people have a new address since 1980. When you get this letter please help us by sending the address of any Ex-Carbonites that you may have. Also, talk about the Reunion to everyone you see, talk to on the phone, or write to, b~

magnetic coil. When the magnetic field is turned on, it causes certain particles within the atoms of the body line up in one direction.

Then the radio waves flip the particles in another direction. When the radio waves are turned off, the particles flip back again, releasing an electromagnetic signal that a computer translates into an image.

Physicians investigating nuclear magnetic resonance have reported success in diagnosing multiple sclerosis, locating brain and lung tumors, and measuring the buildup of fatty deposits in blood vessels.

The device also may prove useful in diagnosing lumps of the breast, as well as kidney and liver disease.

But the strong magnetic fields and radio waves of the NMR could be harmful to persons with metal artificial joints or electronic pacemakers, warns the U.S. Food and Drug Administration, which approved the device.

Laboratory chemists have used NMR techniques for about 30 years

NATIONAL AWARD WINNER

The National Secondary Education Council announced today that Gregory K. Waller has been nomed an Audemic All American.

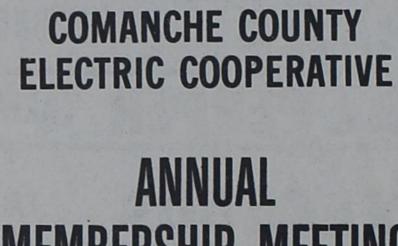

The NSEC has established the Academic All - American Scholar Award Program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The Academic All -American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain. Gregory who attends Knox Jr. High, was nominated for this National Award by Instructor Campbell, math teacher.

Gregory K. Waller will appear in the Academic Ali - American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Academic All -American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, **Executive Director of the National** Secondary Education Council.

The council selects Academic All -American Scholars upon the exclusive recommendations of teachers, coaches, counselors, and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Gregory has never missed a day in school. Gregory is the son of Dianna Long, The Woodlands, Tex. and Tommy Waller, Fort Worth. The grandparents are Mr. and Mrs. V.O. Huff of Gorman, Texas.
