The weather seems to be the main topic around these parts following the terrible weather which a lot of the area suffered under Saturday afternoon and evening.

In an area beginning up near Carbon, continuing through the Kokomom community, then on across to the Williams place on the Alameda road, and continuing through part of the Desdemona area, on to Huckabay, and ending near Stephenville, hail and high winds played havoc with a lot of the area. Trees were stripped of their leaves and in a lot of places even the bark was beaten off of trees. The enormous size hail was the main culprit as it also beat off roof tops, broke out windows and screens on numerous houses and in general just did tremendous damage all through the "Hail Belt".

Ironically, the same part of the area was hit by a similar storm several years back, which also did much damage. Some stated that this was in the late 60's or early 70's. However, if it never happens again, it will be too soon for the residents of the area as the widespread damage will mount into many thousands of dollars.

We got a few pictures of some of the damage in the area which is printed elsewhere in the paper this week. There were many other places of damage that we did not get pictures of, but believe me, the damage was widespread and very costly.

The Lions Club will have the concession stand at the Auction Sale to be held at the Louie Roberts place this Saturday, May 4th, from 10 a. m. till the sale is over. The Lions were contacted by Fred Tucker, Auctioneer, to locate someone to offer a concession stand at the sale and the Lions Club stated they would be glad to help out. The Lions plan on selling sandwiches of numerous varieties, Cokes and Dr. Peppers, potato chips and corn chips. They urge everyone to come out to the sale and enjoy some good food while checking over the sale items.

Also I should mention the Annual Light Bulb Sale by the Lions Club. The new shipment of bulbs has arrived and the Lions will be having the sale on the bulbs now through the next few weeks. If you wish to pick up some bulbs, there are some on display at the Gorman Pharmacy and Lasater's. The Lions will be contacting folks during the sale and solicit your support on this worthwhile project.

Noticed that the Johnny Eaves have recently did some repainting, etc. at their home out on the Kokomo road. It sure looks great.

State Senator Chet Edwards (D-Duncanville) gained a major victory in the Texas Senate when the Committee on Economic Development voted in favor of Senate Bill 46, Edwards' bill to prohibit telephone companies from charging customers on each local call made in their own home or business. The bill passed the Committee on Wednesday, April 24th, and will be considered on the Senate floor within the next two weeks.

"I am extremely elated at the Committee's decision. Many people said it could not be done, and that we could not win a battle against the phone companies," Edwards said. "The people of Texas won the battle today, and I am very hopeful that the full Senate will uphold the decision," Edwards added.

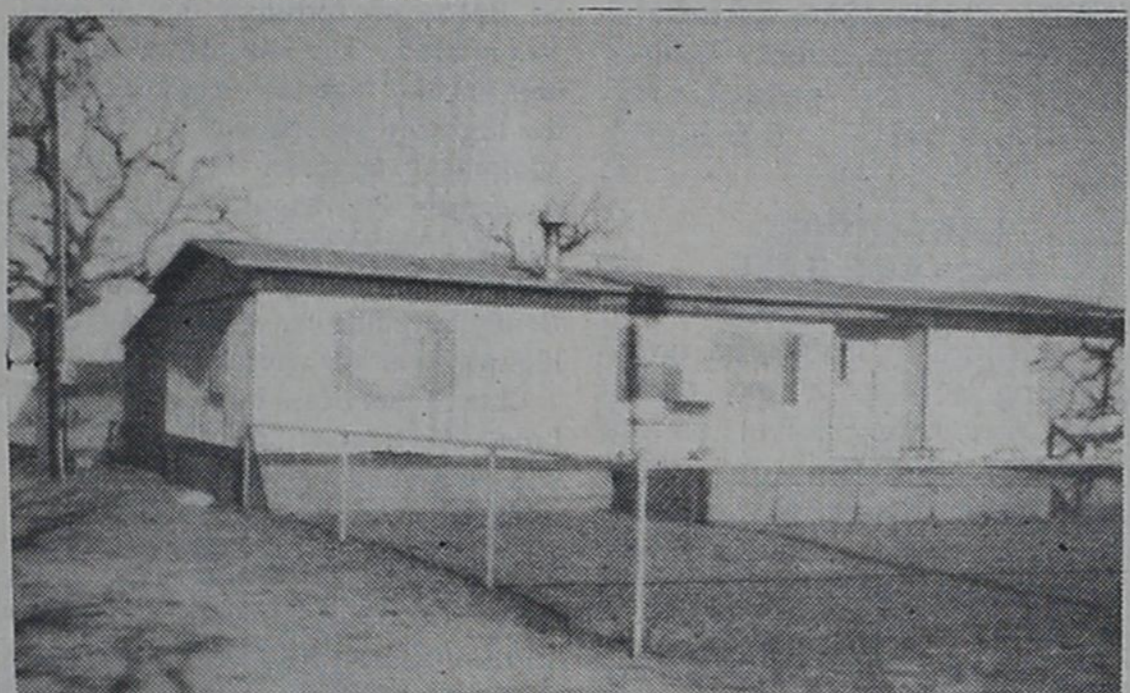

Senate Bill 46 prohibits proposals similar to Southwestern Bell's recent request for Local Measured Service (LMS), which would have almost tripled the average phone bill for Texas households by measuring the duration, distance, and time of day each local call. "The telephone companies may call it local measured service, but I call it local long-distance service," Edwards stated.

This was a portion of an article we received this week for publication and I thought I would include this

## LARGE AREA RAVAGED BY HAIL STORM

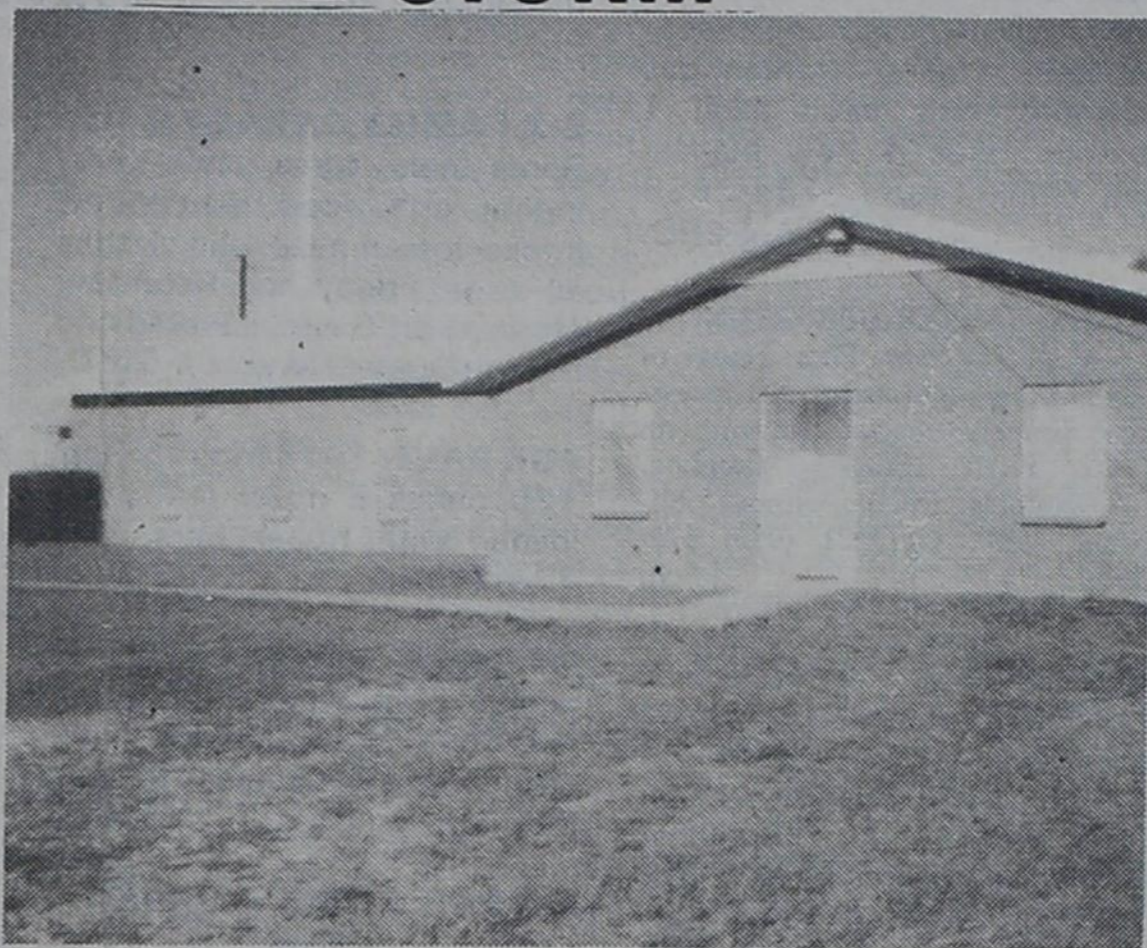

TREES STRIPPED — The trees were stripped all around the home of J. B. Williams out northeast of Kokomo by hail during a severe storm Saturday afternoon. The home also heavy damage as well as other locations in the area.

MOBILE HOME RECEIVES DAMAGE — The home of Scott and Nanette Stacy received heavy damage in the storm that blew thru Saturday afternoon. The home had a porch destroyed, all the windows on the north and west sides of the house were broken out, the siding on the home also received heavy damage.

Also the homes of Robert Slampa and Stanley Clark received extensive damage from the storm. We are sure there were other numerous places damaged by the hail that we don't have knowledge of at press time.

KOKOMO BAPTIST CHURCH DAMAGED — Several windows the broke out the Baptist Church in Kokomo, all the windows on the west side of the church were either broke out or cracked.

COMMUNITY CENTER DAMAGED — The Kokomo Community Center received broken windows and other hail damage.

## Shirley Casey and Billy Self To Say Vows Sunday May 3

Shirley Casey and Billy Self will exchange wedding vows on Sunday, May 5, at 3 p.m. in the home of Billy's grandmother, Mrs. Bertie Self in Gorman. Curtis Maness will perform the double ring ceremony. All friends and relatives are invited to attend the ceremony and reception following.

## Clara Mae Smith Final Rites Held Friday

Mrs. Check (Clara Mae) Smith, 72, of Gorman died at 6 a.m. Thursday, April 25, at Ranger General Hospital. Services were at 3 p.m. Friday at Higginbotham Funeral Home.

The Rev. Taylor Henley of San Angelo officiated. Burial was at Oaklawn Cemetery.

Born April 29, 1912, in Jenks, Oklahoma, she married W.C. "Check" Smith January 12, 1930, in Putnam. She was a homemaker and a member of Eastern Star and First Baptist Church.

Survivors include her husband; a son, W.C. "Bill" Smith Jr. of Houston; a sister, Mrs. H.J. Townsend of Fort Worth; a brother, Earl L. Stone Jr. of Granbury; and her mother, Jennie Stone of Granbury.

Pallbearers were Verlon Overstreet, L.F. Kellogg, James Thompson, W.C. Browning, Lewis Landers, and Graydon Baze.

## CANCER CRUSADE DONATIONS TOTAL \$784.82

The Gorman Crusade for the American Cancer Society was held during the week of April 15-19. Donations totaled \$784.82.

The "Send a Mouse to College" which was done in the elementary school brought in \$129.54. The 4th grade brought in the most donations of \$28.01, which earns them a Coke party. A special thanks to J.R. Jones for doing the crusade at the school and to all of the teachers whose classes participated.

The residential and business crusade brought in \$655.28. A special thanks goes to the crusaders this year. They were: Betty Jo Overstreet, Anna Louise Spence, Estelle Craddock, Joan Butler, Jana Grice, and Mary McCormick. They knocked on lots of doors and passed out lots of material.

Many thanks go to the people who gave so generously. Every donation will be put to good use in the fight against cancer. Remember, with your help we are winning.

Memorial envelopes are now available at Higginbotham Funeral Home and at the First National Bank for anyone wishing to make a memorial donation to the American Cancer Society in memory of or in honor of a loved one.

## CLEAN UP WEEK

Don't forget that next week, May 6 through 10 is clean up week. If you have not started on yours yet, time is getting short. This time gives you a chance to get the city to haul trash for you that you are unable to haul. If you need help, call 734-2317 and leave your name and address as well as what you have to be hauled. You must have it at a place where the city crew can get to it and in for where they can load it. The landfill will be open all week from 11:00 to 6:00 p.m. Please observe these hours.

I guess you are tired of me telling you that everyone must get involved in this project in order for it to be a success. Each of us should ask just what kind of an impression would my place make upon visitors in our town? If we felt the impression would be bad, then we should improve it by taking part in the clean up program. Why don't we all pitch in and help make this the best we have ever had? What do you say? Thank you for helping.

Charlie L. Carett, Mayor

## KOKOMO NEWS

By Mrs. Zelda Jordan

The news that we are all most concerned with this week is the wind, rain and hail storm that passed through our community late Saturday afternoon. It hailed for 25 minutes and we received 3 1/2 inches of rain during that time. The hail was from marble size to golf ball size here at our house, but we heard reports of much larger hail at some houses. Damage was widespread. The Kokomo Baptist Church and Kokomo Community Center and just about every house in the community received broken windows and roof damage. Cars and pickups received damage, wheat and oat crops were lost, trees were stripped of leaves and fruit and gardens were flattened. TV antennas were also damaged. But we are fortunate that no one was injured. The hail drifted up so high on the highway in places that the highway department brought in equipment to clear the road. A dangerous fog engulfed the community at times and the hail and high water made driving very hazardous. Danny Barnett's car was swept of the highway near the church.

Church services met at regular time on Sunday despite broken windows and some wet carpet. The fresh air coming through the win-

our honored elderly, by destroying the pride, the hopes, the dreams of our youth, by trying to change what God has already made perfect.

If a person is serious about helping needy people and that person is rich, owns a large ranch, wouldn't that person sell that ranch and use his money also, not just demand that those around him do without? I believe large ranches in California would sell for a lot of money! The large pensions paid to retired presidents would also help to feed the hungry or pay on medicare costs.

If they really want to trim the fat from programs why not start where the fat is, the ones that can afford fat on their steaks, caviar, champagne, etc. Yet you can't cut fat from people that have to eat skinny chickens, meatless hamburgers, etc.

If the great politicians in America believe that other countries problems are more important than ours here in America perhaps we should make one last donation and buy them (the politicians) a one way ticket to the country of their choice, without secret servicemen, without pensions, and without their bank accounts that have grown fat during their stay in office in America!

We the tax payers of this great country are tired of being used and then being made to feel like second rate citizens. We are the ones paying the salaries to the politicians to see that we are safe, fed, educated, have medical care, free-

**CARD OF THANKS**

We would like to thank everyone of you for your prayer, visits, for the food, flowers, cards, and every act of kindness shown us during the illness and death of our loved one.

A special thanks to all of you who helped serve our lunch, also to Rev. Dave Truitt and Rev. Mark Littlejohn for your words of comfort.

Thanks to Freda Riggs and Helen Grimshaw for your message in song, also to Juanita Fuller for the beautiful music.

Your concern made our sorrow so much easier to bear.

**LETTER TO THE EDITOR**

Dear Editor,

Maybe you can explain this to me or maybe someone else out there can. Why should our President send 14 million dollars to some other country when we have such a need here for the money? Why is he cutting help for the farmers, the elderly, the children, cuts that affect all of us, stating that we must cut back, balance the budget and in the same breath, ask or demand that we all agree with him to send money to another country. There is hunger, helpless people, people without homes, so many of us do without medical care that we really need because we can't afford the costs, our elderly are suffering and dying because of the messed up Medicare program. I could go on and on, naming places this money could be used here in America—not THE money—OUR money—we have all worked hard for this money. People living on Social Security are going down the drain, the program is being treated as though it's charity—these people we love so much are made to feel guilty for taking money they've spent their whole lives making and they (so many of them) are being made to live on an income that people in other countries would

starve to death on—except we would feed the people in other countries, but not our own!

I know the need in other countries is great, my heart goes out to them as do my prayers, but even in the Bible, God doesn't want our money if our parents need it. In other words aren't we to see to our own needs first and when that is done the extra will overflow to other countries? If our tax dollars are not going to be spent wisely, maybe we should take that money and use it where we know it's needed! To help those around us that we love so much—think how many people we could feed, clothe, teach, comfort with just one of the paychecks of Mr. President, Mr. Senator, etc. That seems only fair, if they are going to use our money as they wish, why shouldn't their money that we pay them be used as we wish. America cannot feed the whole world, (especially if our farms are ruined) the debt we already owe is tremendous, the fat you could trim from the richer people in this country could help other countries, but taking from the poor in our country and giving it to the poor in other countries will help neither!

America has so much to be proud of, its elderly, its young, its freedom of religion, its freedom of speech, God has greatly blessed us. Lets not waste these blessings by starving

**Michael Warren Wins 2nd In State Gymnastics**

Michael Warren of Gorman attended the North Texas District Gymnastics meet in Graham, Texas on April 13, 1985. Michael won 2nd place in the 13-year-old and over division which qualified him to go to the State Meet.

Michael is a member of the Eastland County "Pop-overs" gymnastics class. They won 1st place at the District Meet. Michael's coach is Polly Crowell.

Michael went to the State Meet which was held in Andrews, Texas on April 20th. There were over 750

people, and when they stop doing their jobs, their salaries should stop!

If you, the politicians want to know how many of us feel this way, why don't you get out of your large cars, homes, etc. and ask us, the ones that really know. We aren't reading about it, we are living it!! How can someone living in a 300 thousand dollar home know anything about a person living on a \$400 a month fixed income check? Or care if that person starves to death, or freezes to death, or dies from the heat?

People of America are a loving, giving people. Have we given you so much that you politicians also think we are a bunch of fools?

### 4-H NEWS

Eastland County had a great showing at the T.S.U. Statewide 4-H Invitational Judging and the District 4-H Roundup. These two events were combined this year to the same day.

The Eastland County 4-H Sr. Horse Judging team led the way by winning first in the T.S.U. Invitational and District Roundup. The team was led by Johna Veale of Ranger, who ended up 5th place high individual at the Invitational and 2nd place high individual at the District contest. Doug Underwood from Eastland was another member of the team and he split 8th place high individual in the Invitational. Amy McDonald, of Ranger, ended up 4th place high individual at the District Contest. Also on the team was Ronnie Ingram from Cisco. By winning the District Roundup this team will now be able to compete at the State Roundup at A&M on June 4-6.

The Jr. Horse Judging team was not very far behind the Sr. team by winning 4th place in the T.S.U. Invitational and winning 1st place in the Jr. division at District. Karmen Hall of Rising Star was 7th place high individual in the Invitational and 2nd place high individual at the District level. Ginger Cantwell also of Ranger, followed her by placing 5th high individual. And Tammy Lyeria of Eastland was 6th place high individual. All these young ladies did great jobs and should be congratulated.

The Eastland County 4-H Sr. Dairy Judging Team placed 2nd at the District competition. Stephanie Long of Rising Star was 3rd place high individual on the District competition. Stephanie Long of Rising

Star was 3rd place high individual on the District level. Becky Jo Underwood from Gorman was 5th high individual, while Tabitha Hutton from Rising Star ended the team with an 8th place high individual. These three young ladies are now eligible to compete at the State Roundup.

The Jr. Dairy Judging team placed 3rd in a tough District competition. Scotty Ford of Rising Star led the team with a 5th place high individual finish. He was helped by Darcie Pope of Rising Star, who ended up 6th place high individual. Giving them a hand was Brandon Carroll of Rising Star. These young 4-H'ers did excellent jobs.

Eastland County was represented by three Livestock Judging Teams at the Invitational and two teams (Jr. and Sr.) in the District Roundup. Noble Laminack of Gorman fought his way in a very tough competition to a 3rd place high individual finish in the Invitational. Also on the team was Shane Burgess of Gorman and Alan Little of Gorman. This team competed only in the T.S.U. Invitational.

The Sr. team competing on the District level ran into stiff competition. The team ended up placing 6th. Shannon Kendall of Cisco did a good job and placed 9th high individual. Right behind him was Wade Shackelford also of Cisco placing 10th high individual. Filling out the rest of the team was Darla Cagle of Eastland and Howard Lawrence of Rising Star.

The Jr. team did a fine job placing 5th in the team competition. Toby Long of Rising Star did great placing 3rd high individual. Also on the team was Lee Delong of Rising Star, Brian Bailey of Rising Star and Chris Delong of Rising Star.

Congratulations to all the 4-H'ers who competed at these events,

### A. J. Patterson Services Held Thursday

A.J. Patterson, 57, of Jal, N.M., who married the former Geneva Hester of Rochester, died Tuesday, April 23, in a Haskell nursing home. Services were at 10 a.m. Thursday at First United Methodist.

The Rev. James Patterson, pastor, officiated. Burial was at Rochester Cemetery, directed by Smith Funeral Home of Knox City.

Born July 21, 1927, in Jayton, he married Geneva Hester March 24, 1945, in Rochester. He had worked as a lab technician for El Paso Natural Gas since 1950. He was a World War II veteran, a member of Veterans of Foreign Wars and American Legion Post in Jal, N.M. He was a Methodist.

Survivors include his wife, a son, Mike of Oklahoma City; a daughter, Janice Holsey, of Dolores, Colo.; four brothers, W.H. of Rochester, James of Big Spring, Dale of Russellville, Ark., and Jerry Don of Denver City; four sisters, Clydie Boyston of Aspermont, Gracie Erath of Spur, Verna Mae Bagwell of Gorman and Pat Wheeler of Lubbock; and two grandchildren.

Pallbearers were Harry Reeves, Bill Baugh, Elvin Kinney, Sam Basden, Dang Lee, Kenneth Newberry, and Gerald Hobson.

It was once believed that the Devil combs goats' beards for them once a day.

everyone did great jobs. If you have a chance visit the Horse Judging Team and the Dairy Judging Team the best of luck at the State Roundup!

### ROCK BLUFF BAPTIST CHURCH SINGING SLATED

Rock Bluff Baptist Church will hold its annual all-day singing with dinner on the church grounds at 10 a.m. Sunday, May 5.

In recognition of its longtime observance, the Rock Bluff singing has been designated an official Texas Sesquicentennial event by the Comanche County Sesquicentennial Committee. It is the county's first official Sesquicentennial event of 1985.

The singing will break from 12 noon-1 p.m. for a covered-dish lunch under the church's tabernacle, then will resume and continue until about 4 p.m.

Church records do not indicate how long the annual event has taken place, but some former church members now in their 80s indicate it has been held each year for as long as they can recall.

The church is located approximately two miles east of FM 679 (Duster Highway) opposite the Oakland Cemetery turn-off.

### INMATES SERENADE EASTLAND JAILER

Eastland County prisoners "sung their heads off" Thursday night, April 25, but no crimes were confessed and the only notes involved were musical ones.

It was Jailer Albert White's 61st birthday, and the jailhouse guests serenaded one of their favorite hosts with a lusty Happy Birthday and other songs.

### Talented Old-Timers Fiddle Despite Weather in Cisco

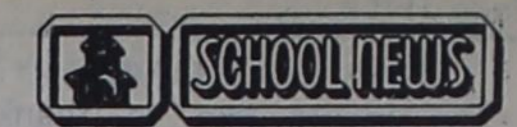

His daddy wouldn't let him play the fiddle because he thought "every damned fiddler was a drunkard." And so, even though his granddaddy played the fiddle and his daddy also dabbled at pulling a bow, Chester Derrick didn't learn to play the instrument. that is, until he was 24.

Although he came to old-time fiddlin' late in life, the 64-year old Derrick proved talented enough to win the Old Tyme Fiddler's competition here at the Cisco Folklife Festival, and he took \$75 with him when he returned to Odessa were he lives.

The festival saw some excitement briefly Saturday when reports of tornadoes 10 miles east began spreading. But the generally laid-back atmosphere returned by Sunday, with the fiddler's event drawing most of the attention.

Derrick—who plays at rest homes throughout Odessa when he isn't working as a court bailiff—was 60-and-over division, with R.D.

Weeks of Eastland coming in second and winning \$50 and W.D. dBailey of Gorman coming third place and

The rains still come and arent they nice! Of course, the hail was a bit rough or worse in some places. Lots of leaves were knocked off and some fruit here in town. The storm was real damaging to some of our out of town neighbors.

Mrs. I.D. Hagan accompanied Mr. and Mrs. Jimmy Parrigan to Rockwall last week where they attended the funeral of Mrs. Hagan's granddaughter, Mrs. Terry Ray, on Friday. They also visited her daughter and family, Mr. and Mrs. Bill Burgess there.

Bob Jackson of Odessa visited relatives and friends here during the weekend.

Mr. and Mrs. Lester T. Hudson and daughters Mary Anne Gatlin and Pat Lawrence of Amarillo visited Mr. and Mrs. Obie duncan on

Sunday.

Mr. and Mrs. Stan Tucker and family of Sweetwater spent the weekend with Mrs. Dorothy Jackson.

Mrs. Jeff Williams is visiting her daughter and family, Mr. and Mrs. Lloyd Jackson.

Mr. and Mrs. J.E. Jackson spent the weekend with Mr. and Mrs. Danny Cox, Cory and Cody of Arlington.

Mr. and Mrs. Terrell Singletary of Bartlesville, Oklahoma, Mr. and Mrs. T.G. Jackson of Eastland visited Mr. and Mrs. Truman Been.

Mrs. Sherl Taylor spent Thursday and Friday with her mother Mrs. Theola Neeb of Cross Plains.

There will be a garage sale at the Truman Been garage on Highway 6, nest Saturday, May 4.

## SCHOOL HILL NEWS

By Mrs. Oma Lee Riddell

William and I visited awhile last Monday with Dess and J.Lee outlaw.

The School Hill Senior Citizens ball players started last Monday getting into shape. The ladies will start working out soon. I told them I'd play if they'd get a pinch hitter, pinch runner and a pinch fielder for me.

Blake and Delilah Morrison are on a two weeks trip to California with the Senior Citizens.

Jack Blackwell and Bob Boles of Ranger were visiting us on Tuesday afternoon.

William and I were at the wishing well and I fell in. As I was going down I heard him say, "Well I'll be jiggered. I used to think wishing wells were a lot of bologna, but now I know they're real. He didn't get all of his wish. I got out.

Renia Hogg visited awhile on Tuesday in Stephenville with F.D. and Janie Hogg.

Hal D. and Billie Jo Stokes of Odessa spent Wednesday afternoon with me. Jimmy Dennington of De Leon came by for awhile. Hal D. and Billie also visited in Stephenville with Max and Margie Brock.

Mixed emotion is watching your mother-in-law drive off a cliff in your new cadillac.

Ricky Hogg attended a seminar in Oklahoma for a couple of days. He came home Thursday.

The I.R.S. told William, "You should pay your taxes with a smile." William said, "But you always told me to use money."

# CAPITOL UPDATE

by Jim Parker

I feel like all of you would be interested in knowing the results of a recent poll on certain issues taken in my Legislative district, consisting of Brown, Coleman, Comanche, Eastland, McCulloch, and Runnels Counties.

Please allow me to go over those questions and the responses thereto. First, let me say the questionnaire for the poll was sent, at random, to approximately 1000 registered voters in the district. Astounding as it may seem, the response rate was over 30%, when statewide response rates for such polls usually average 1-2%. This response evokes certain feelings of pride, hopefully, not misplaced, in that I hope these weekly articles and my seemingly endless calendar of speaking engagements have made you constantly more aware of issues faced by the State and affecting each of you.

After having patted myself on the back, here are the questions and responses:

1. Do you favor legalizing pari-mutual betting on horse races in Texas?  
Response: 49.3% in favor, 50.7% opposed.

COMMENT: This is, to an extent, shocking to us because our unsolicited mail was running roughly 65-70% in favor of pari-mutual wagering.

2. Do you favor the repeal of the "Blue Laws" (Sunday Closing Law) which prohibits the sale of most general merchandise on consecutive Saturdays and Sundays?  
Response: 71% in favor, 29% opposed.

COMMENT: Clearly the vast majority of my constituency opposed continuation of prohibited Sunday sales and these responses will certainly affect my perspective on upcoming Blue Law repeal legislation.

Do you favor a constitutional amendment permitting a family to use homestead property for collateral for loans other than for the purchase price if protections were in the law to protect a family from losing its homestead for the failure to repay a minor loan?  
Response: 52% in favor, 48% opposed.

COMMENT: This issue is probably one of the most misunderstood propositions ever to come before the

Legislature. I am not sure that the propositions ever to come before the Legislature. I am not sure that the poll is reflective of the real desires of the public because my experience has been 1) few people understand existing law or proposed changes, 2) few people are completely satisfied with existing law, to the extent they understand it. It would appear that existing law surely penalizes persons having rural homesteads of up to 200 acres but may not be as repressive on urban homestead owners with homesteads of up to 1 acre. At any rate, it is an issue that bears further study before I am prepared to know exactly what I want to do.

4. Would you be in favor of legislation which would support a ban on open containers of alcoholic beverages in automobiles?  
Response: 73% in favor, 27% opposed.

COMMENT: Again, as far as I am concerned, there is no question in my mind that there is a broad based desire to ban open containers of alcoholic beverages in vehicles and I fully intend to support this legislation.

5. Should Texas enact legislation allowing for a state lottery?  
Response: 51% in favor, 49% opposed.

COMMENT: This is one of the real tough issues where a person in my position is trapped between the proverbial "devil and the deep blue sea" in that I will make approximately 1/2 of the people mad regardless of what I do. It raises a good deal of money and appears to be free of a good many of the morality issues attendant to horse racing. This is just one of those issues that all legislators dread to vote on and I will have to make my decision when I see the bill.

6. Should Texas increase its Aid to Families with Dependent Children?  
Response: 30% in favor, 70% opposed.

COMMENT: To a slight extent, and at the risk of opening myself to criticism, I think there is a misconception concerning abuses of AFDC. We all know of instances where able-bodied individuals, both male and female, accept, and in fact live off of, welfare payments and refuse to work. I do not believe that is the case with AFDC and, having nur-

tured two children to "semi-adulthood" myself, I cannot conceive of anyone setting out to have a child for the purpose of availing themselves of \$42 a month. I would by your response to the poll you mean you want those who can help themselves to do so and that you do not want to deny necessities to the state's children. As best I can tell, realistically these children have no control over circumstances of birth and I am sure, given a choice, 99 times out of 100 they would opt to be born to a rich family.

7. Should the state require proof of insurance before a driver can purchase and/or renew his license plate each year?  
Response: 83% in favor, 17% opposed.

COMMENT: This response simply confirms the fact that responsible people are just sick and tired of drivers who cause accidents and then have no ability to make compensation for damages they have caused. I expect to see a change in insurance laws that would require proof of coverage at least for a period of time covered by the registration so insurance could not be purchased for the purpose of registration then subsequently dropped.

On the other hand, in the next session of the Legislature, I would like to explore the possibility of legislation that would allow a person to be "self-insured" under certain circumstances and with proper showing of financial ability.

8. Are you prepared to reduce social services to avoid new taxes?  
Response: 63% in favor, 37% opposed.

COMMENT: While I am not advising that we turn the poor and sick into the streets, I am strongly of the opinion that the government, both State and Federal, has attempted to be too much for too many and has insinuated itself into our society with an attitude that we must be protected and cared for whether we wish to be or not. Since this is such a broad area, I would like to reserve the editor's privilege or curtailing my comment on "social programs here, and perhaps devote a later column to this subject.

9. Do you think the state should have a comprehensive, state-wide water plan?  
Response: 70% in favor, 30% opposed.

COMMENT: This response is also, I find, somewhat misleading because, while everyone agrees we should have a state-wide water plan, almost everyone has a different opinion as to what that plan should be. My plan at this writing, is that I hope we can get a state-wide skeleton plan in effect and refine it over the coming years as may be necessary to meet the State's changing needs.

## WSC SELECTS SEVEN TOP STUDENTS AS 1985 CRISMON SCHOLARS

Seven top scholars at Western State College have been selected by the college's academic divisions and schools to receive Crismon Scholarships for 1985-86 in recognition of their performances in the classroom and in campus activities.

The most prestigious series of scholarships on campus, these \$1,000 awards are made by the Lt. F. Scot Crismon Memorial Foundation in memory of a WSC graduate who

became a Navy jet fighter pilot and died during night operations off the Vietnam coast in 1964.

This year's recipients are: Thomas M. Ferrucci, junior physical education major planning to teach and coach. A 1976 graduate of North Bradford High School in Northford, CT, he is a member of the Mountaineer football team.

Selected by the Division of Communication Arts and Languages was William D. Glenn, junior English major from Gorman, TX. A 1981 graduate of Stephen F. Austin High School, Glenn has been poetry editor for the college's literary magazine and active in Inter-Varsity Christian Fellowship.

Carol Hall, 1982 graduate of Gunnison High School, was honored by the School of Business, Industry, and Technology. The junior accounting major has participated in intramurals and served as a student tutor in accounting.

A 1982 graduate of Lake County High in Leadville, David A. Kohls represents the Division of Natural Sciences and Mathematics with double majors in physics and mathematics. He has been cited as the top student in his class for the past two years (he is now a senior) and listed in Who's Who Among Students of Colleges and Universities.

The School of Education selected

Martina Martin, junior elementary education major, to receive its 1985 award. A 1983 graduate of Fountain-Fort Carson High School, she attends WSC on a Presidential Scholarship and has been an assistant editor for the student newspaper.

Jeffrey Rush, 1974 graduate of Bellbrook (OH) High School currently living in Steamboat Springs, was named the best student in the Division of Social Sciences. The history and political science major has been elected vice president of Phi Alpha Theta, honorary history fraternity, and identified as having the best grades among this year's junior class.

A 1983 graduate of Delta High School, Pamela June Spika, represents the Division of Fine Arts. A sophomore this year, she is preparing for a career in commercial art. At WSC she is active with the Highlander Hosts, a student public relations group; the Foreign Language Club, with which she spent a week in France last summer; and intramural volleyball.

Five of the honored students work at various jobs on campus.

Forty percent of food poisoning occurs between May and October. The most common forms come from eating picnic food like potato salad, ham, fried chicken and many meats.
