Joe Bennett, Publisher

The farmers are really busy now either planting or preparing their land for planting, or re-bedding the land after the rains washed out the beds. Also several have done some replanting after the washout occurred.

The temperatures around here have really hit the "Hot Weather" mark the past several days as temperatures hit near or better than 100 degrees. Guess summer has finally arrived. Anyway it is sure looking like summer these days, as most folks are hunting the shade or turning on the old air conditioners. Ugh! where did those nice cool days go?

Most of the gardens are doing real good now with the nice rains we have been getting. Several have mentioned picking and canning some of the goodies from the garden, but so far no one has brought us any squash anything, and if I don't get something to eat soon all of my clothes will be too big. I have been working so hard lately that the weight loss is terrible. Of course I am known to exaggerate just a little now and then. I told the wife that it seems my clothes keep shrinking up every time she washes them, and I don't think she believes me.

The Miss Gorman and Little Miss Gorman Contestants are really busy seeking support for their race for top honors. So if one of them contacts you to buy something or to put some change in the containers, please oblige, because the proceeds will all go toward the renovation project of the old fire hall and the Teen Center. So put some money in for your favorite candidates.

Received the following note this week.

Mr. Bennett;
Please accept this check. I misplaced your bill. Sorry about that! Old age is catching up with me. Tho I hate to admit it (85 plus).

I would like for you to mention our recent loss. Our beloved Virginia Hamrick (Marcus Hamricks wife for 50 years, lacking 5 days). They went to school in Gorman and Ranger and spent their happy courtship in Eastland County. Marcus and Virginia were married in Palo Pinto in 1935 and have lived many places as military service required. For the past few years they have lived in Las Vegas.

Virginia was a wonderful Christian and an ideal character.

She is survived by her husband, one son, Richard, who was born in the home of his grandparents, Mr. and Mrs. Tom Hamrick of Gorman, and two brothers.

Thank you.
Zena Mae Hamrick Martin

The Lions Club Sale wound up on Saturday. However, the Lions left the items at the watermelon shed, so if you see something you want, just take it and bring the donation to the Progress or to Ray Daniels at Higginbothams. The Lions sure do appreciate the support of the people of Gorman and surrounding areas for this sale. All the proceeds will go to a great cause.

Mr. Warren has graciously extended the use of the shed for a little while longer, so we will leave the items there until we can get together to store the stuff.

And remember to smile - - because God Loves You!

I am collecting any information on the Willie Lee and Frank Skaggs Family. Would love to have newspaper clippings, pictures, stories they told and things that happened to them at their churches. What churches did they preach? Did they marry or baptize you or your family? Please send names and dates. I would love to have any information. I will pay for all copies of pictures, zeroing and postage. Please help. I know my grandfather Willie and his brother Frank must of left great memories in your life. Help me keep these memories alive for their grandchildren and future generations.

EMERGENCY COMMUNICATION COULD BE FARM LIFESAVER

An emergency communication system on a farm or ranch could reduce the seriousness of an injury and even save a life.

Farming and ranching is one of the nation's most hazardous occupations says a safety engineer, and accidents often occur in remote locations. Precious minutes and even hours often slip away between the time of a farm accident and medical attention because of inadequate communications.

"A system for keeping in touch with the home base of operation or for summoning help immediately in case of an accident can be a lifesaver," emphasizes Dr. Gary Nelson with the Texas Agricultural Extension Service, the Texas A&M University System.

He suggests the following ways in which farm and ranch families can keep in touch with each other and be able to get help if an emergency occurs:

--Install two-way radios on tractors, trucks and self-propelled equipment.
--Establish a means of SOS communication, using hand signals, flashing lights, flag, boat-horn--anything to get attention and convey to others help is needed fast.

--Before going out to work, tell someone and approximate your time of return.

--Give special attention to monitoring the young, the elderly and those with special health problems.

--Teach all family members, even young children, how to get help. Keep emergency numbers handy at every phone. Be prepared to give directions to emergency medical personnel if the location is hard to find. Write out directions and place near the phone for use by employees. Practice giving directions with children.

--At least one person on every farm or ranch should be well-versed in first-aid, including cardio-pulmonary resuscitation (CPR). Local Red Cross or health agencies can supply information or training.

--If living alone, keep telephone contact with a relative, friend or neighbor. "Calling in" every day after work is a good practice.

SPRING IS CLEAN-UP TIME

Spring is clean-up, fix-up, paint-up, and accident-time. Before you start in on a long list of household cleaning and repair chores, consider some common-sense safety measures.

Many cleanup and home maintenance jobs present potential hazards to the yes from machinery or dangerous chemicals. Prevent eye damage by wearing safety glasses or goggles which fit over regular glasses and can be bought in hardware stores.

Other home cleaning jobs require someone to do some climbing--to take down draperies, put up screens, repair the roof and paint or wash siding. Always use a step stool or utility ladder for inside jobs, never boxes, chairs or other makeshifts.

When using a rung ladder outside for climbing jobs, be sure it's placed firmly with the foot about one-fourth the length of the ladder away from the wall. If the ground is soft, brace the ladder with a board under the legs to keep it from sagging. As you work, don't reach to the side more than an arm's length. Get down and move the ladder instead.

Eastland Co. Extension Homemakers To Hold County-Wide Meeting June 7

The Eastland County Extension Homemakers Clubs will have a countywide meeting on Friday, June 7. All club members will be traveling to Kokomo for a fun day!

Kokomo Extension Homemakers will host the day's event at the Kokomo Community Center.

10:30--Recreation training by the Eastland County 4-H Recreation Team
12 noon--Luncheon
1 p.m.--"Picture Perfect Entertaining" by Kathryn Cawley, Lone Star Gas, Abilene

2 p.m.--E.H. Council will have short meeting for election of voting delegates to state meetings.

All Extension Homemakers are urged to invite their friends. Please let the Extension Service Office (629-2222) know by Tuesday, June 4, if you are attending and how many guests.

The 4-Hers are great--they are in competition to be selected as the state recreation team. Let's help them win. They can teach games you can do with all ages including nursing home patients.

Extension Homemakers wishing transportation out to Kokomo are invited to call Janet Thomas, County Extension Agent, and we will provide rides. Also members with young children are urged to let the Extension Service Office know how many children will be attending. 4-H members will provide babysitting.

Everett Martin Laid To Rest Saturday

Everett Martin, 75, of Cisco, owner of Everetts Recreational Vehicle Park, died Wednesday afternoon, May 22, at Hendrick Medical Center in Abilene. Services were at 2 p.m. Saturday at Kimbrough Funeral Home.

The Rev. Frank Williams, pastor of First United Methodist Church, officiated. Burial was at Bear Springs Cemetery near Carbon.

Born Nov. 1, 1909, in Carbon, he was field supervisor with Agriculture Stabilization Conservation Service, retiring in 1972. He married Aileen Hutton Feb. 8, 1954, in Brady. He was a member of First United Methodist Church.

Survivors include his wife; two sons, Don Gene Martin of Odessa and Kenneth S. Taylor of San Diego, Calif.; a daughter, Bertha Laverne Butler of Mansfield; three sisters, Pearl Bailey of De Leon, Ethel Bailey of Mercedes and Clara Morton of Bowie; eight grandchildren; and seven great-grandchildren.

KOKOMO NEWS

By Mrs. Zeldo Jordan

Wynelle Brown and Jimmy Little rendered the special music at the Kokomo Baptist Church on Sunday morning. Melinda Harrington of Gorman was a visitor. Melinda has just recently returned home from a two-year tour of duty as a missionary teacher in Mexico, and gave the testimony of the work being done by the Baptist missionaries in the area where she was stationed to teach the missionaries' children.

The Highlanders Quartet of the Highland Baptist Church will be singing at the Kokomo Baptist Church on Sunday night, June 2, at 7 p.m. Everyone is cordially invited to come and enjoy the gospel in song. There will be a time for visiting and refreshments will be served in the fellowship hall following the service.

Mr. and Mrs. Vernon Fields and Lindell and Mr. and Mrs. Richard Nachtigall, Taylor and Travis of Morgan Mill were in Big Spring during the weekend to attend the Fields family reunion.

SCHOOL HILL NEWS

William and I visited a short while last Wednesday afternoon with Mr. and Mrs. Howard Iley of Desdemona.

Ruby Johnson, J. C. and Patsy Moon have all been doing remodeling work on their homes since the hail. They're both looking very good.

Renia Hogg was visiting on Friday with Blake and Delillah Morrison and the J. C. Moons.

Danah Ruth Proctor of Freer spent the weekend with Blake and Delillah Morrison.

Leslie, William and I have just returned from a very enjoyable trip to Austin, San Antonio, New Braunfels, San Marcos, and Johnson City, along with other interesting places. We really enjoyed it. I found out there's more than one way to skin a possum, but there ain't no way you can do it and make him like it.

Junior Hogg of Stephenville was visiting on Sunday with Renia Hogg. I enjoyed dinner on Sunday with Jimmy and Tena Dennington of De Leon.

Flanders Classic outdoor furniture you can leave outdoors!

That's Flanders' RESTO collection — bright and colorful steel furniture that can still look good, even after 25 years of winter wind and snow or blazing summer sun!

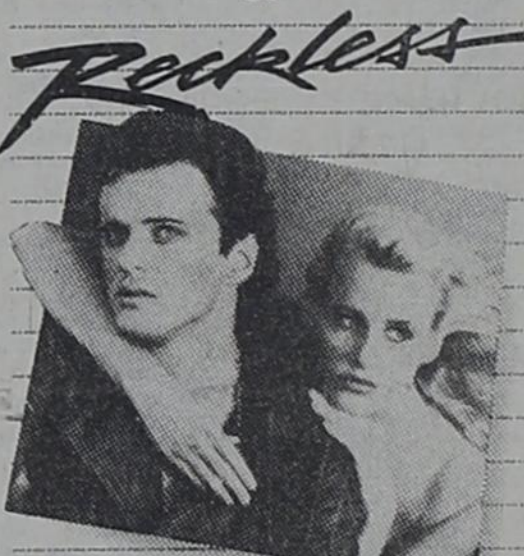

The secret to RESTO's durability is in Flanders' construction. All chair seats and backs are tough 20-gauge steel, with rolled edges, while the tubular frames are extra thick — 1 1/8 inches in diameter and made of 18-gauge tempered steel. There are no straps to break, nor hinges to rust, RESTO is heavy enough to withstand the roughest weather.

LICENSED AND BONDED

If you want to save energy, you need to take control.

Over the years, the electric company has helped you conserve energy in lots of ways. We've helped with tips on things you could do yourself — all the way from caulking and weatherstripping, to installing just the right amount of insulation for your home.

Now you can take even more control. The electric company has information

that shows you the cost of operating your electric appliances. And knowing what electricity costs makes it easy for you to decide how much to use. There are also tips on many other ways to use energy wisely, like maintaining the most economical setting for your thermostat.

And remember, when it comes time to replace your old air conditioner, one of the best ways to control the amount of electricity you use, and still stay cool and comfortable, is to replace it with one that's more energy efficient.

Your electric company has lots of helpful information available. Take control and get things running your way.
