weather decides what it wants to do people will feel better. It's hard for us to adjust from 80 degrees one day to 35 degrees the next. But Texas is known for its roller coaster weather.
Hope all had a happy and safe holiday. We did around the Jackson house. Some may need to walk an extra mile these next few days from taking on too many "goodies".
Peanut harvest is still in progress but the peanuts left to be harvested are less and less. The farmers are all asking for a few more clear and rain free days to finish their harvest. After all the spring rains, planting was late but the majority of the farmers report a good year. In my rain gauge for the month of Nov., only had 1.50 with the lowest temperature at 23 degrees.
