First of all I regret to report that our correspondent from Carbon, Velma Hastings, is retiring from writing the Carbon News and we cannot thank her enough for her many years of untiring duty in reporting the Carbon happenings for the Progress. She did a great job and we will surely miss her writing the column.

At the present time we do not have anyone in mind for gathering and writing up the news from Carbon. So if anyone is interested in doing this for us, we would really appreciate hearing from you. Oh, the pay ain't so awfully great, but just look at the great prestige it will bring you. Seriously, though, we are trying to secure someone to help us report the Carbon news happenings, and if you know anyone who might volunteer to do this for us we would sure like to find that person. Just call the Progress at 734-2410 and we will sign you up.

Again we want to thank Velma for her outstanding devotion to the Carbon folks for writing up the news. We love you, Velma!

Noticed in the Abilene Reporter News the other day that the Panthers had been moved up to Fifth in the State Baseball standings. The Panthers got off to a slow start this year on account of having to play teams in higher classifications, but now they have settled down a great deal and are playing the real fine baseball that they are capable of playing. We wish them the best the rest of the season and look for them to go a long way in baseball this season.

—J—
We have secured a few pictures of the Easter Tradin Days Event in Gorman and have included them in this issue. We thank Brent Lasater for getting the photos to us so we could print them. The Business Alliance worked real hard preparing and staging the tradin days event. Great job ya'll.

—J—
About all you hear on the tube or read in the paper these days in about some religious group doing this bad thing or that. This is a disgrace to the good old fundamental Christians and it sure does give religion a bad name. However, this stuff that's going on doesn't have a thing to do with the real, true Christian beliefs. These groups just thrive on getting folks to send in their hard-earned dollars to give someone a big fat salary, or for some outlandish style of living that doesn't have a thing at all to do with real religion. Ugh! What next.

Let's all hope and pray that this kind of stuff will come to an end and folks can go on with their real day-by-day Christian beliefs.

—J—
And remember to smile -- because God Loves You!

HOMEMAKERS CLASS MEETS

The Homemakers Class of First Baptist Church met in the home of Iris Preston for their April business and fellowship meeting, with Euna Porter as co-hostess. Elaine Skinner lead our opening prayer after which we enjoyed a delicious salad supper. Minutes were read and approved. Mayvis Lasater read financial report and Billie Bennett gave the secretary report in absence of Juanita Fuller. We then discussed new officers and teachers for our new Sunday School year.

Billie Bennett brought a very good devotional on "How to be Happy" reading 1st John 1:1-7, which tells us clearly that God is the one who brings us happiness, and He teaches us how to be truly happy. She read a poem from one of Helen Steiner Rice's book on a recipe for happiness. We all enjoyed the devotional very much and were dismissed in prayer by Ora Lee Lawrence. Attending were Elaine Skinner, Lula Vermillion, Frances Sanders, Mayvis Lasater, Billie Bennett, Venia Kinser and Irene West, and Iris and Euna.

DONATION TO FIRE DEPARTMENT — Mrs. Berniece Rodgers (left), Treasurer of Kokomo Extension Homemakers Club is shown presenting a \$100.00 donation to Jack Harrison Fire Chief of Gorman Volunteer Fire Department and Gene Foster Fire Marshall. Mrs. Wynelle Brown, President of the Kokomo Extension Homemakers club, also made a \$100.00 Donation to the Carbon Fire Department and the West Texas Rehab Center. The club holds a Benefit supper in February especially for these causes.

Born in Gorman, he was a long-time Comanche resident. He was a financial supervisor for Gulf Oil and a member of the Presbyterian Church.

He was a U.S. Army veteran of World War II.

Survivors include his mother, Macy Stewart of Comanche; two sisters, Mary Dell Stewart and Jo (Mrs. W.T.) Calhoun, both of Comanche; and two nieces, Kelly Taylor and Sid Calhoun.

CITY WIDE CLEAN-UP WEEK

This is clean up week for the city of Gorman and everyone is urged to clean garages, storage houses and anything around your place that needs to be hauled to the dump site.

Please call the city office to notify them when your rubbish is ready to be picked up. Clean up week is April 27 to May 3.

Everyone is urged to cooperate with the city officials in their efforts to get the extra heavy rubbish hauled. This is a once-a-year occasion when large items are hauled to the dump.

SIGNUP FOR GIRLS SOFTBALL UNDERWAY

Girls, ages 9-12, if you have not signed up to play softball this summer, I encourage you to do so today. We are trying to get enough 9-12 year old girls to have two teams from Gorman. This way we will not have to go out of town to play. We still need several girls.

Notice - this is for girls fast pitch softball. We will not be playing hard ball or with the boys. Several girls signed up to play last year, but we did not have a team. So girls, this is your chance to play.

If you are interested in playing, you may call Ina Scitern, 734-2720 or any of the baseball commissioners.

A Celebration of Mother E

I can picture her face
As it was in the days
When the family was young
And she was strong;
Stitching quilts, spinning yarn,
Helping Papa Tidy farm;
Playing piano, putting up jam,
All-day-singings-and-dinners-on the ground;
Hearing tall tales grandkids can tell;
Drawing the water up out of the well;
Churning milk, baking cakes;
Eradicating chicken snakes.

When I think of that time
I see a woman in her prime
Doing everything she could
To make some hard times good.
She was, to the children, a guiding light;
To a grandchild - pure delight!

Age could drain the strength and vigor,
Time could slow the wit and humor,
And death could take the spark from
her eye,
But who she is will never die.

Locally Owned and Operated

BUY A NEW HEATING AND COOLING SYSTEM AT OUR EXPENSE.

It's not often a company encourages you to use less of its product.

But if you buy Energy Action-approved heating and cooling equipment, you'll get more than encouragement. Because we'll pay you a cash rebate based on the efficiency rating of the unit you buy.

You see, high efficiency, Energy Action-approved central and room air conditioning systems, heat pumps and assist devices for electric water heaters help reduce the demand on our generating

systems. And the need to build new generating plants.

Which not only means we save money, but you'll save, too, with lower monthly electric bills.

To find out more about the rebates and the savings, contact a recognized Energy Action contractor/dealer. Or call us for more information.

Energy Action saves money. And that's the best deal for both of us.

CITY CHIT CHAT

By Mayor Charlie L. Garrett

The City Commission met on Thursday evening with the mayor and all commissioners present. Others present were Mrs. Brinegar, Mr. Funderburgh and Mr. Jack Harrison.

You remember that I mentioned last week that we might be forced to make some changes at the landfill. After discussing our problems there and what could be done to correct the situation, we are making some changes. Effective as of May 4, the landfill gate will be locked except on Saturdays from 12 noon to 6 p.m. There will be someone on duty at the gate during these hours to show where trash is to be dumped. In order to help pay for this, we voted to charge everyone who hauls trash to the landfill a fee for dumping. The fee at present will be \$2 for a pickup or small trailer load and \$5 for a truck or a large trailer. This fee applies to everyone. We will still haul anything that you put out to be hauled if it is in proper containers or is packaged where it can be loaded on the trash truck. We hope that you

will understand why we are forced to do this and will cooperate with us in the matter.

We voted to take a survey to determine if we had enough low to moderate income families to qualify for a Community Development Grant. The survey should be started within a short time. It will not show a family income, but will be checked to show if it is above or below the figure that has been established by the Federal Government as the determining amount according to family size. The Chamber of Commerce has agreed to help in this survey. There will be no way of connecting family name with income as the name will not appear on the form. I hope that everyone will cooperate in the survey because it is the only way that we can determine our needs. The first leg of the survey will be everything south of Roberts Street, since the area in which we need improvement in the water supply lies south of Roberts.

We voted to purchase a new fogging machine to control mosquitoes. It has been ordered and should be here within ten days. We hope to get an early start on the little rascals this year and maybe they won't get so bad.
