## PAXTONS HONORED

# Cotton Program, War Reviewed

Congressman Bob Price

"The recently announced cotton program for 1968 is a welcome change for Plains Cotton growers," Congressman Bob Price told a group of Muleshoe residents in a "Townhall" meeting held in Muleshoe High School cafeteria Friday evening.

Congressman Price spoke to the Plains Cotton Growers, Inc., in Lubbock earlier that day.

The Panhandle Republican said the removal of skip-row penalties which were imposed in 1966 and 1967 "was not accomplished without some determined effort by cotton state congressmen." He named Reps. George Mahon, Omar Burleson and House Agriculture Committee Chairman W. R. Poage as those who, with him, had urged a return to a more realistic ruling.

"In essence," he said, "this means that if a farmer plants

two rows and skips two rows, only half the land will be counted under the 1968 program."

"In the process of whittling down the surplus under the four year program," Price said, "a lot of people get hurt."

"Our argument was," he said, "that dryland farmers had actually been penalized 23 percent even after adjustments were made and that growers in these areas—mine and Mr. Burleson's in particular—were going broke and that the whole small-town economies of these areas were suffering as a result."

Price said the surplus reduction was accomplished in less time—two years—than the four years the Department had predicted. During the last year the cotton surplus has been brought down to what appears to be a manageable level. "A year ago the CCC uncommitted inventory of cotton was 10.6

million bales. Today it is down to 3.5 million.

Price outlined the recently announced program for 1968 and said that the question of marketing quotas would be decided on by a mail vote referendum during the period of December 4 through December 8.

The Panhandle Congressman also mentioned legislation he had introduced to ban all imports of Egyptian cotton and also a bill to include imported cotton yarn under the raw cotton import quota.

"The raw cotton quota now amounts to 32,000 bales a year but cotton imported in the form of yarn has now reached the staggering total of 200,000 bales equivalent," Price said, "Under this bill, yarn would be classified as raw cotton and come under the 32,000 bale quota."

Price said that the Speaker of the House has so far refused.

# United Fund Goal Is \$14,800

A goal of \$14,800 has been set for the 1967 United Fund campaign which gets underway here Monday morning with the first in a series of kick-off breakfasts and luncheons. One or two such meetings will be held each day through Thursday to start off the six divisions of the drive.

Jeff Peeler will head the advanced division which is to be launched with a 6:30 breakfast at L.B.'s Cafe Monday at 6:30 a.m.

The following day, Tuesday, October 24, the Commercial division will meet at the same time and place for the kick-off breakfast. Myron Pool Jr. is chairman of this division. A 7 a. m. breakfast will be held at the Corral Drive-In Wednesday, October 25, for the Professional Division kickoff. Co-chairmen for this division are Neal Dillman and Creston Faver.

Curtis Walker is chairman of the employee division of the campaign and the kickoff will be a noon luncheon Wednesday, October 25 at L. B.'s Cafe. Joe Hartin will head the rural division. Kickoff time for this division of the campaign will begin with a noon luncheon, Thursday, October 26 at L. B.'s Cafe. City-Farmer division will be headed by E. T. Ford. The kickoff breakfast will be held at the Corral Drive-In at 6:30 a.m. Thursday, October 26.

# Who Dat Say 'I Do?'

One of the most fantastic events of the year, in fact the greatest and most unique social happenings in West Texas history will take place the evening of November 2.

The public is cordially invited to attend and witness the 'very elite' wedding with all the trimmings, including candle lighters, ring bearers, flower girls and all other necessary evils to be thought of between now and then. In addition to this, there will be a style show with models showing original creations by local citizens. One of the things that makes this so fantastic, the most unique, the most outright spectacular event of the century is that all the participants will be local area businessmen dressed in feminine clothing.

Gil Lamb is officially ordained and maintained to perform the wedding ceremony. The groom (Spencer Beavers) barring heart failure, nervous paralysis, amnesia, or other non-thought of medical terms, will be wed to the alluring breath-taking socialite Jacqueline (Jack) Baker in a very beaming candlelight ceremony.

In connection with this event, modern, ultra-modern, plus mediocre and ridiculous costumes will be modeled on the stage. These of course, will be ladies fashions by men of all sizes. A Fashion Commentator just back from one of the leading ladies apparel shows of the nation will be on hand to call your attention to some of the more meticulous details of the garments. Persons with weak hearts are advised to stay home and watch TV that night, because it is very probable that you could die laughing at the "Who-ness Wedding" and style show to be held Thursday, November 2 at the Muleshoe High School Auditorium at 7:30 p.m.

Listed here are some of the participants and events for the show.

Master of ceremonies and director is Kerry Moore. The bride and bridegroom are Jacques Baker and Spencer Beavers with Eddie Faust as best man. The preacher man is Gil Lamb.

Flower girls will be Roger Albertson, R. A. Bradley, Don Chah, Jim Cox, J. K. Adams, Keith Hanson, Robert Hoot, Buck Johnson and Roy Whitt. Bridesmaids are Bob Breckenridge, Tom Jinks, Owen Jones, Joe Harbin, Earl Harris, Dick Stafford and Jim Berry. Candelighters are to be E. K. Angeley and Larry Hall. Joe Peeler is to fill the role of a demanding usher.

Ushers are to be Irvin St. Clair, Morris Nowlin, Frank Ellis, Harvey Bass, Olin Burrows, Joe Smallwood, Neal Dillman, Harmon Elliott, Marion McDaniel, Dee Clements, J. P. Shelton, Vij Benedict and Kenneth Heathington.

Pianist will be Wayland Ehridge. Mother of the bride will be Silas Short and Jack Young will be father of the bride. Mother of the bridegroom will be Kirby Brantley and the father will be Robert Preston.

Models for the style show will be Irvin St. Clair, M. V. Baldwin, Marion McDaniel, Bill Taylor, Frank Ellis, Neal Dillman, Harmon Elliott, George Washington, Hoot Gibson, Jimmie Crawford and Fred Mardis.

Make-up artists will be Curtis Walker, Chubby Douglass and Lauranette Mason.

High School Auditorium at 7:30 p.m.

## Youths Desire To Reorganize Rattlesnake Club

A group of interested youths are planning a special meeting in an effort to revive the Muleshoe Rattlesnake Club.

Being encouraged by members of the board of the Chamber of Commerce, Hal Newsom is heading up a movement to re-organize the club with a meeting to be held Monday, October 23 at 7 p.m. in the community room of the First National Bank.

All persons interested in the reorganization of the club and interested in reptiles are urged to attend.

Newsom said the club would operate on an all new basis and with proper management and operation could become an added tourist attraction for Muleshoe.

# Church Youths To 'Trick or Treat' For CROP

Monday night, October 30, young people from six Muleshoe churches will "Trick or Treat" for CROP. They will be from the First Baptist Church, Trinity Baptist Church, First Presbyterian Church, First Methodist Church and Assembly of God.

The general public is advised that all young people working in this benefit movement will be wearing badges and signed by Rev. J. Frank Peery. No one is to contribute to the cause except to those youths wearing the authentic badges.

A portion of the love gifts collected here will be sent to the Texas Valley for the Hurricane Beulah needy victims. Since 1947 CROP has been a community channel of the churches for a person-to-person program of continuing aid, disaster relief, self-help and community development.

CROP's primary purpose is to provide assistance, high-protein foods, emergency supplies, agricultural tools, seeds,

not otherwise available to the overseas programs of the churches.

Contributions of corn, wheat, rice, beans, milk, cotton, and other gifts are secured through nearly 1000 community-wide CROP campaigns.

CROP is the community appeal of Church World Service and is sponsored in many states by the state councils of churches. The county CROP organization welcomes participation and representation by all interested individuals and community groups.

In addition to exports of contributed and purchased food and supplies worth \$16.2 million since 1947, CROP has turned over designated gifts to other relief agencies totaling nearly \$2 million.

CROP contributions also provide for handling and distribution of government-donated foods of the Food for Peace program through the Share Our Sustaince appeal of Church World Service. Since the U.S.

commodity distribution program began in 1954 CROP has helped to send more than \$65.4 million in government-donated foods through the SOS program of the churches.

Distribution of CROP food, self-help supplies and other aid through Church World Service is made under church supervision to people in more than 40 countries on the basis of need, without regard to race, creed, or politics.

## Film Scheduled At Baptist Church

The World Wide Pictures documentary film of the 1966 London Crusade, "London Hears Billy Graham" will be shown in Muleshoe Wednesday, October 25 at 8 p.m. at the First Baptist Church.

Over one million persons attended last summer's month-long crusade in the world's most cosmopolitan city. Over forty thousand went forward to commit their lives to Christ.

## FOL Names Committee

Named as the nominating committee for Friends of the Library at Tuesday's FOL meeting at the Muleshoe Area Public Library were Mrs. Matilda Siemmons, chairman, Mrs. E. W. Johnson and David L. Sudduth. The committee is to submit names for 1968 FOL officers at the annual December meeting.

Reports were given by Mrs. Rufus Gilbreath, treasurer, and Mrs. Byron Gunter, membership chairman. Acknowledgment of thanks has been extended to the Muleshoe State Bank for a line and Bailey County Cooperative for memorographing and envelopes in the May membership mailing drive, Mrs. Gunter said.

City Councilman, Alex Williams reported for the city council. The city has spent \$1,696.96 as of August 31, of the approximately \$4,500, of the annual budgeted to Muleshoe.

## Longhorns Tie Nazareth Swifts

Nazareth's Swifts rose to the occasion before a homecoming crowd Friday night as they scored eight points with 35 seconds left on the clock to tie the Lazbuddie Longhorns 28-28 in a game.

In the closing moments of the game Clyde Venhaus balled over from the two to set the stage for the all-important conversion. Quarterback Mark Gerber brought the fans to their feet as he scooted over for two points to lead a death blow to Lazbuddie's victory hopes.

Nazareth jumped to a 12-point lead as Gerber passed 25 yards to J. C. Pohlmeyer and 75 yards to Clyde Venhaus.

Troy Steinbock brought the Longhorns back into action as he scored from one and two yards out, to give Lazbuddie a 14-12 halftime lead.

In the third Nazareth drew blood as Venhaus ran six yards for the score and added two points as he ran for the conversion.

Rick Hindson narrowed the Longhorn lead to one point in the third quarter going over from 12 yards out. Steinbock kicked the extra point.

Lazbuddie took the lead in the fourth quarter as Steinbock passed 8 yards to Robert Barber. Nazareth kicked the extra point and the stage was set for Nazareth's last minute charge.

## NAME LIST REQUESTED

# Early Mailing Urged For All Overseas Gifts

The Defense Department urges early mailing of Christmas gifts for U.S. servicemen in Vietnam.

No present plans for a special military aircraft gift mail to Vietnam or any other overseas location have been made, the department stressed.

The Pentagon suggested parcels weighing more than five pounds be mailed between now and November 11 if surface postage rates are to be used. Parcels and greeting cards sent airmail should be posted between December 1 and December 11.

For greeting cards and parcels weighing less than five pounds and measuring less than 60 inches in length and width

## Combined should be mailed before December 1 if they are to be moved by surface mail channels.

"Delivery is assured if the mailing dates and postal requirements are observed," the Pentagon said.

Again this year, the Journal will carry a list of names and addresses of overseas servicemen from the area for the benefit of individuals, clubs and groups wishing to send cards and gifts. Those who have a serviceman serving with any branch of the Armed Services are asked to mail their name and address to Muleshoe Publishing Company, Box 449, Muleshoe, Texas.

# Dumas Tramples Mules

A crowd estimated at between three and four thousand fans, the men and handball Muleshoe people watched the high rated Demons run roughshod over the Muleshoe Mules Friday night.

The Demons began to rack up early in the first quarter when halfback Steve Burks broke through the middle and galloped easily down the field on a 52 yard run, then followed with the conversion for extra point.

The Demons second tally was in the first quarter when Burks again broke free and cut far left when he found a hole in the Mules defensive line and scored from 13 yards out. Quarter time score stood at 14-0.

With only seconds ticked off on the scoreboard clock in the second quarter, the Demons Dumed to their growing score when Burks pushed straight through the middle of the Mules defense line for a 42-yard TD run. Dumas continued to control the game with halfback Mike Slagte punching through

for the fourth Dumas TD.

Five seconds before halftime, the Demons and Bill Sloss snatched a two yard pass out of the air for the fifth Dumas tally of the game. Halftime score stood at 35-0.

The Demons, who controlled the game from the first starting gun, continued to batter the Mules defensive line in the second half of the game.

Muleshoe's only tally in the game was early in the fourth quarter when after a hard-gained march down the field quarterback Ronnie Barrett printed out to his right and passed to halfback Johnny Embury on the 5 yard line who pushed and ran across the goal line for 6 points. On the conversion attempt, the ball was snapped high. John St. Clair tipped the ball down to Ronnie Barrett who passed to Roger Swint for the two points.

The Mule's eight points was the only time they were able to score in the game.

The Demons added 21 more points in the final half of the game to end the scoring and the game at 56-8.

Dumas gained 386 yards rushing and Muleshoe was held to 117 yards. Dumas gained 85 yards in the air while Muleshoe was only able to pick up 14 yards on pass plays.

JOYFUL NOISE---The last after-fellowship for the football season of 1967 for students in Muleshoe High School is Friday night, October 27, following the Tulla game. Entertainment will be provided by "The Joyful Noise" a group from ENMU of Portales. Karen Lafferty, a Sophomore majoring in music joined her brothers, Bob Jones, a Graduate student majoring in Speech Pathology, and Jerry Jones, a Junior English major, in making up "The Joyful Noise Trio." "The Joyful Noise Trio" has performed for many occasions in and around the Portales area. Fun, fellowship and food will again be provided. All students in Muleshoe High School are invited to attend, immediately following the football game in the Recreation room of the First Methodist Church.

## Panthers Defeat Bula Bulldogs

The Whitarral Panthers defeated the Bula Bulldogs 44-6 in District 1-B play Friday night.

The Panthers racked up a total of 24 points in the first quarter and added six more points in the second quarter. Bula started the second half, third quarter with the first and only score of the game. The Panthers also made use of this quarter to add an additional eight points to their tally sheet and came back in the fourth quarter for six more points.

Leroy Bradley ran 46 yards for the first touchdown of the game for Whitarral and ran over the extra points on conversion.

On the kick to Bula, the team experienced a fumble and Whitarral recovered and went off with the ball again. Bradley ran 15 yards to cross the goal line.

**STATE CAPITAL Highlights AND Sidelights**  
By Wern Sanford

**AUSTIN**--A multi-million-dollar Texas tidelands case once more is before the highest court in the land. It involves 37,000 acres of oil-rich offshore territory.

Atty. Gen. Crawford Martin and his aides have presented the state's arguments to the U. S. Supreme Court.

Key question is whether Texas as part of the permanent harbor system. Jetties in question are at Port Isabel, Fort Mansfield, Port Aransas, Matagorda, Freeport, Galveston and Sabine Pass. They extend as far as four and a half miles into the Gulf of Mexico.

Decision for Texas would add four and a half miles to the three marine leagues (10.35 offshore boundaries allowed by the federal submerged lands act of 1953.

New case is the latest round in legal exchanges dating back to 1950. Then the Supreme Court held that the federal government had paramount rights over submerged lands. Later the submerged lands act reversed that decision and granted Texas title to all lands reaching three marine leagues into the Gulf.

Present controversy arose when the Texas School Land Board advertised a lease of mineral rights under a 1965 Supreme Court decision which established the California coastline as including "outermost permanent harbor works that form an integral part of the harbor system."

U. S. Government filed an injunction to prevent Texas from leasing, contending that the Texas shoreline was defined by the 1845 annexation agreement under which the state joined the union.

Texas claims jetties are a part of the permanent harbor system and to determine where the shoreline was in 1845 would be impossible.

**POLITICAL POT BOLLS**--Political pot continues to boil at the state capitol:

As expected, 29-year-old House Speaker Ben Barnes announced for Lieutenant governor. He said his move should not be interpreted as a tipoff to Gov. John Connally's plans. He would run as an independent, with no "ticket" affiliation with Connally or anyone else. Barnes immediately opened his statewide campaign headquarters in Austin.

Governor John Connally left for Canada and the National Governor's Conference in the Virgin Islands without revealing his decision as to retiring or running for a fourth term.

Gov. Preston Smith already is campaigning for governor. He predicts that Governor Connally will not run for an unprecedented fourth term and submits as evidence Connally's 1962 pledge not to do so.

Former Atty. Gen. Waggoner Carr called on all three -- Connally, Smith and Barnes -- to run for re-election. In a letter to Connally he said he may run for governor if Connally doesn't or for lieutenant governor if the governor seeks a fourth term.

Supreme Court races continue to draw increasing attention. Declared candidates are Houston District Judge Sears McGee, Texarkana Court of Civil Appeals Associate Justice Matt Davis, Amarillo Court of Civil Appeals Chief Justice James G. Denton and Austin District Judge Tom Reavley.

**WATER BOARD MEETS**--Texas Water Development Board met here Monday to review a variety of loan eligibility matters and a bond ordinance.

Titus County Fresh Water Supply District No. One is seeking eligibility finding for a \$2,200,000 loan to pay its share of the cost of the Titus County Dam and Reservoir near Mt. Pleasant.

City of Thorndale wants a \$30,000 loan to provide artificial water from a Soil Conservation Service reservoir.

Guadalupe-Blanco River Authority seeks a \$1,100,000 loan for facilities to provide Fort Llaneta with water from the Guadalupe River.

Wichita County WID No. Two requested a \$1,500,000 loan for rehabilitating Lake Kemp.

San Patricio Municipal Water District requests formal approval of a \$900,000 loan application for treatment, pipeline, pumping and water storage facilities.

Terrell asks approval of a bond ordinance so the city can go ahead with its application for a \$75,000 state loan for the first phase of a water improvement program which contemplates taking water from nearby Lake Tawakoni.

**PARK GRANTS APPROVED**--Three new federal grants for park improvement or development have been announced by the Parks and Wildlife Commission.

City of Diboll will receive \$174,500 (to be matched by equal amount of local funds) for buying 175 acres of land and to develop the city park.

A grant of \$211,214 from the federal land and water fund program will go to Waco for a \$422,428 jointly-financed 35-acre park on the banks of the Brazos River.

A \$69,550 grant will go to Webb County toward a 130,100 park program, covering 218 acres, four miles east of Laredo on the banks of Lake Casa Blanca.

**COURTS SPEAK**--A proposed state constitutional amendment to wipe out the poll tax as a voting requirement and require annual voter registration is headed for a U. S. Supreme Court test.

State Supreme Court declined to alter an earlier ruling that an election which approved the amendment last November should stand.

AFL-CIO challenged the outcome of the vote, contending that voters did not realize that an annual registration feature was involved. Union promises to take the case to Washington, Texas high court agreed to review the case of four Houston lawyers who contend that free legal service to the poor, under the War on Poverty, program unfairly deprives the attorneys of fees.

Court of Civil Appeals had upheld the district court's summary judgment against the group.

Court of Criminal Appeals affirmed the 99-year prison sentence assessed Goliad rancher Shaper Taylor on charges of killing his 38-year-old former "girlfriend" and her elderly husband.

Austin District Judge Mace Thurman Jr. is presiding over the court of inquiry here to look into allegations of malpractices by home improvement contractors and their agents.

**VOTER REGISTRATION**--Texas Secretary of State John L. Hill is warning persons who are 60 years of age or older and live outside cities of 10,000 or more population that this year, for the first time, they must register to vote.

Hill said that a special provision has been made for such persons to register during the period October 1 to January 31, 1968 at the county tax office or by mail to the county tax assessor collector.

**73 RUN FOR LEGISLATURE**--Seventy-three have filed as special election candidates for six vacant House seats and one Senate vacancy. Seven elections are scheduled for November 11, general election day, when six proposed constitutional amendments will also be voted on.

Twenty-one seek the senate place long held by the late Sen. George Parkhouse in Dallas.

Seventeen filed for the House post of the late Rep. Ira Kohler of Houston; 12 for former Rep. Lee Duggan Jr.'s House seat; nine for former Rep. Pat Cain's Travis County House place; six for the Cameron County seat of former Rep. Maurice Pipkin of Brownsville; five for the post formerly held by Otha Birker, representing Wharton and Matagorda Counties; and three for the place vacated by former Rep. Jesse George who served Bailey, Cochran, Hockley, Terry and Yoakum Counties.

Duggan, Cain, Pipkin, Birker, and George resigned to accept other offices or positions.

**SHORT SNOOZES**--Texas traffic deaths are one percent behind last year reports the Department of Public Safety.

... Texas Public Employees Association will hold its annual meeting in Austin during Texas Public Employees Week, October 22-29.

... Confirmed cases of screwworm in Texas during August jumped to 63 -- a three year high -- reports the Animal Health Commission.

S. was responsible for their disastrous defeat by Israel."

Outside the war in Vietnam, the farm program is the most vital problem which faces our nation today. "Despite warnings to not serve on the agriculture committee, I am glad that I am a member of that committee, because being from the farm, I have an understanding of the needs and problems facing our farmers which northern and eastern Congressmen do not have," Congressman Price said.

Of the Vietnam war, Price said "We have lost 13,000 men and have 100,000 wounded on the battlefield there. We have used more bombs and ammunition than we did in World War II and the Vietnam war has reached the World War II stage. If we are not willing to go all out for our servicemen there, then we have no right to commit them to battle and put their life at stake by so doing. "We are in the Vietnam war and have a right to be there. It is my opinion that we should make the all-out effort to win this war. By this, I do not mean an atomic war, but the

(Continued from Page 1) The following is a reproduction of a letter received by Mrs. Jules Bisno, Program Coordinator and Vietnam Chairman for the Armed Forces and Veterans Services Committee of the Jewish Centers Association, Los Angeles.

Saigon, Vietnam 13 April 1967

Dear Mrs. Bisno: This is being written as I lie flat on my back, so please excuse any illegibility. I'm in the 7th Field Hospital in Saigon, and was operated on 8 April.

Yesterday, a gentleman from the USO in Saigon came to our ward. He gave each of us a plastic bag filled with various "goodies," as we call them, in mine was a card with your name on it. I was very surprised to receive such gifts, yet I was so grateful to be the recipient. There were items in the bag which I certainly can use. Kool Aid is cherished here. Razor blades (they run out sometimes at the PX). Candy (only kind the PX has usually is licorice). They are all sold out of any other kind by the time I get there). White socks (excellent choice because most men have athlete's foot here due to the heat and perspiration. It is 97 degrees today. Doctors suggest white socks which aren't sold at the PX). Your generosity makes me proud I am from California (Alameda).

It is a tribute to your great organization that you can do such things. Sometimes we who are over here wonder how much "people back home" care. To receive a gift such as you sent, resolves any doubts and clear.

Sincerely,

Blair H. Dewey Major, QMC

Cotton Harvest

Off To Fast Start The South Plains cotton harvest continued to gain momentum this week and was ahead of the pace of the 1966 harvest, according to W.K. Palmer, in charge of the Lubbock Cotton Clipping Office of the USDA.

Forty-seven hundred samples were classed at the Lubbock office during the week ending Wednesday, October 18th, bringing the total classed this season to 7,300. Through October 18th last year only 2,900 samples of the 1966 crop had been classed.

Most of the cotton harvested this season has been long staple varieties and has been hand-snapped and machine picked.

Prices paid for these early harvested bales has been excellent. Grades have been predominantly Middling, and average staple length has averaged better than 1-1/8".

Prices paid for these early bales indicate a strong demand for South Plains cotton. Cotton prices paid South Plains farmers as reported by the Farm and Marketing Service of the USDA, generally ranged from \$7.50 per bale over the loan for short staple cotton up to \$65.00 per bale over the loan for 1-3/32" and longer cotton.

Prices paid farmers for cottonseed ranged from \$52 to \$57 per ton.

Cotton Harvest Off To Fast Start

These last three months of the year almost double the number of deaths occurring during the first three months of the year.

The Sergeant listed some factors why these three months are more deadly. (1) October marks the beginning of shorter days and longer nights. These increased hours of darkness will hide dangers otherwise visible during the daylight hours. (2) An increase in traffic due to vehicles conveying school children, football games, harvest vehicles and trailers, and the holidays. (3) Inclement weather conditions. These factors in varying degrees coupled with high speed cause accidents that would not occur in the daytime.

These crashes resulted in four persons injured and an estimated property damage of \$6,600.00.

The rural accident summary for this county during the first nine months of 1967 shows a total of 44 accidents resulting in two persons killed, 17 persons injured, and an estimated property damage of \$35,064.00.

Traffic wise, the month of October signals the beginning of the most deadly season of the year. From past experience

Export Markets Vital To American Agriculture

COLLEGE STATION—American farmers are coming to rely heavily on the export market, says W. E. Black of Texas A&M University's Agricultural Extension Service.

Our commercial farm exports grew nearly 50 percent in the five years from 1961 to 1966. Even our dollar exports to the developing countries grew by a healthy 25 percent, he adds.

Demand for food in the world will increase even faster in the coming years because of rapidly increasing world population and rising personal incomes.

The U. S. has a highly efficient agriculture and comparative advantages in the production of a number of commodities.

Thus, he says, American farmers, including those in Texas, should take advantage of this growing commercial export demand.

Farmers have a vital stake in efforts to remove obstacles to the free flow of trade between countries, says Black.

Of course, this is a two way street. If the industrial countries reduce their barriers against farm product imports,

line, then came back to run over the two extra points.

Monty Rogers took the ball for Whitharral after Bula fumbled again and added another touchdown to the Bula score.

The only Bula touchdown was made on a 54 yard drive down the field and L. D. Holt carried the ball 34 yards on seven plays for the touchdown. The attempt for extra points failed.

The Panther's panther, Bradley, again shone on the playing field and scored from 52 yards out. He passed to Loyd Hoelscher for the extra points.

In the fourth quarter, Bula started the drive and gained 23 yards before they fumbled and Whitharral recovered.

Bradley took wings and ran 76 yards for the final touchdown of the game. Try for extra points failed.

Bradley was cited as outstanding player scoring five touchdowns and gained 225 yards in carrying the ball. Gene Sadler was cited as outstanding defensive player.

Mike Richardson, Rodney Claunch and L. D. Holt were outstanding offensive players for Bula and Tom Newton who made 11 unassisted tackles was Bula's outstanding defensive player.

Three Way Wins Over Smyer

Halfback Monte Toombs scored three times Friday night as the Eagles trounced the Smyer Bobcats, 28-0.

Three Way took an early lead when quarterback Bruce Pruitt passed for 15 yards to end Wendell Williams. Toombs tackled on two points.

Toombs made it 20-0 at half-time with touchdown runs of four yards and five yards. Then, in the third, he rammed across the double stripe again from two yards away. Pruitt passed to Mike Roberts for the final two points in the game.

Scenes will also be shown with counselors, the midnight office staff and in press conferences with Mr. Graham.

# Mrs. Horace Blackburn Installs Officers Of Golf Association

**GOLF ASSOCIATION OFFICERS**—Mrs. Horace Blackburn was installing officer for the women's golf association luncheon Wednesday October 12, at the country club. They are l. to r. Mrs. Horace Blackburn, Mrs. Punk Bragg, Mrs. Peggy Bryant, Mrs. Marie White, Mrs. Melzine Elliott and Irene Kelly.

Mrs. Horace Blackburn installed the officers of the Women's Golf Association Club Wednesday, October 12, at 12 noon at the country club.

The women met for a luncheon and play-day with bridge and golf in the afternoon.

The Halloween theme was carried out with bronze chrysanthemums in pumpkin flower vases with a white table cloth and orange and black napkins.

The officers being installed were: Mrs. Punk Bragg, president; Mrs. Peggy Wash, vice president and chairman; Mrs. Peggy Bryant, secretary and treasurer; Mrs. Irene Kelly, play-day chairman; Mrs. Marie White, High Plains director and Mrs. Melzine Elliott, historian.

Mrs. Blackburn discussed "How much women have changed and how much more freedom they have today."

In closing she gave this poem:

If the day looks kinder gloomy  
And your chances kinder slim,  
If the situation's puzzlin'  
And the prospect's awful grim,  
If perplexities keep pressin'  
Till hope is nearly gone,  
Just bristle up and grit your teeth  
And keep on keepin' on.

Frettin' never wins a game  
And fumin' never pays;  
There ain't no use in broodin'  
In these pessimistic ways;  
Smile just kinder cheerfully  
Though hope is nearly gone,  
And bristle up and grit your teeth  
And keep on keepin' on.

There ain't no use in growlin'  
And grumbin' all the time;  
When music's ringin' everywhere  
And everythin's a shyme;  
Just keep on smiling cheerfully  
If hope is nearly gone;  
And bristle up and grit your teeth  
And keep on keepin' on.

Monday afternoon the library was happy to have Junior Girl Scout Troop No. 89 visit and work at the library. The girls, along with their leaders hiked over to the library. They were served refreshments, and an impromptu story time was held.

The girls then had a clean-up detail on the grounds around the library. We would like to thank all of them for their help. We would be glad to have any group come to visit the library if arrangements are made ahead of time.

Tuesday afternoon a meeting of the Friends of the Library was held at the library. Reports of officers of the executive board were given. Judge Don Chahk gave a report of the extent the county is supporting the library and bookmobile and Alex Williams gave a report on the City's support of the library. Joe Harbin, president, appointed a committee chairman to look into several suggested

ways the Friends of the Library could raise money to make necessary building payments. A nominating committee was also appointed. Representatives of several civic and social clubs were present in addition to interested individuals.

Wednesday morning twenty children from the Good Will Center kindergarten, and six other visitors came to the library for a story hour. Teacher, Mrs. Edward Northcutt brought the group. Led by Mike Hernandez, the children pledged Allegiance to the Flag, and sang "America." Several songs were sung and a game, "Birds fly but do chairs fly," was played. Manuel Montanez and Twilla Jo Rudd dressed the weather girl and boy. Librarian

Anne Camp told the story "Epamandoros and his Auntie" to the children. They then were given the opportunity to look at books. As they left, they were each given a bookmark to remember their first visit to the library.

Parents of all the children are invited to come to the library and get a library card, and check out books for their children to read at home.

Long sleeveless dresses of wool for evening are being featured in some shops. They may have jeweled necklines or have side panels decorated with buttons or glitter.

### USDA Food Assistance Programs Change

COLLEGE STATION, --The U. S. Department of Agriculture's Food Assistance programs are undergoing change. Objective of the change is to provide an adequate diet for more people at less cost.

Miss Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University, points out that the USDA program now reaches about five million people in over 2,200 counties.

Changes being made in the food assistance program include:

Food stamp coupons are being reduced in the lowest income category from \$2 per person per month to 50 cents. Thus, families of six or more that pay \$12 a month for \$72 to \$94 worth of food coupons will pay 43 and receive the same

amount of coupons. When families cannot pay even this amount, the counties are expected to provide payment from local sources, the specialist points out.

Food coupon purchase price will be cut in half for families the first month they participate in the program. Miss Reasonover says this is designed to help low-income families who find it hard to raise enough cash to enter the program.

"Program aides" who live in low-income neighborhoods will be hired to help families join the program and will work with them to correct food stamp problems as soon as they occur. Nutrition educational programs for low-income families will be set up in every county. The number of food stamp supervisory offices will be increased.

Financial assistance will be made available to counties with inadequate tax resources to start a commodity distribution program.

Grocers accept the food stamps for cash value printed on them, Miss Reasonover states. Each grocer then deposits food stamp coupons with the local bank which credits his account for the printed dollar value. Local banks are reimbursed by the Federal Reserve Bank from funds appropriated by Congress for food assistance. Coupons are not redeemable for anything but food.

BY AMY ADAMS

## WORKING TEENS SHOULD PAY WAY

Dear Amy: How much should a teenager pay for room and board? My daughter earns \$350.00 a month. Her Mom

Dear Mom: Depending on their earnings, most teenagers contribute an average of 10 to 15 dollars a week for room and board. However, if your teenager is like most, she will put up a fuss. But see that she pays it.

If she feels that this amount is too high, offer her the opportunity to go elsewhere to see if for that price, she can get what you an offer her at home.

Dear Amy: "P. R." who is bored with his wife.

Sir, I am 65 and still joyously in love with the man I married 40 years ago. He is the most exciting person to live with. Perhaps if I told you his secret for making our life happy and for maintaining such zest for living, it would give you some insight: "NEVER LET LIFE GET ROUTINE!" He is always surprising me with tickets for a play, or a dinner out at a new restaurant. We also entertain about once every two weeks. It seems no day is ever the same even if the only new thing is an evening game of Scrabble or chess.

Every human being needs adventure — it is one of the most basic emotional needs. So give your wife some, and I'll bet she will spend 90 per cent of her energy making herself, your home and your time together more exciting for you.

Good luck!

Mrs. W. B.

Dear Amy: Due to an unexpected staff cut in the small office where I recently worked, the other two employees started a vicious rumor about me. This caused me to lose my job. I can stand losing the job, but, Amy, how can I go on living in a community where some people may believe such terrible things about me?

Sick At Heart

Dear Sick: With friends like these, who needs enemies! You can live in your community very well if the people who know you know that anything said about you in a "secretary" manner is untrue.

## A New Trick for Halloween Treats

Good little ghosts and goblins go for popcorn balls sparkling with the tantalizing taste of sorghum. This lively flavor imparted its tempting tang to treats in Grandmother's day, but to many modern day youngsters it is delightfully new. This pure golden syrup glids the popcorn balls with bright eye-appeal as well as taste-appeal, and when you turn them into jack-o-lanterns with bits of gumdrops for faces, you'll have treats that will captivate Halloween callers completely.

There's a happy surprise in store for you, too, when you discover what mellow richness sorghum adds to cakes, cookies and desserts . . . how it sasses up sauces with zesty new interest.

2 tablespoons butter  
1/2 teaspoon salt

2 cups WACONIA SORGHUM  
1 cup sugar

Combine these four ingredients and bring to a slow boil. Boil to the hard ball stage, 280°. Remove from heat and pour over 6 quarts of freshly popped corn. When cool enough to handle, butter hands and shape into balls. While still warm, use gumdrop slices to make jack-o-lantern faces.

## Plant Windows To Circulate Air

Window location has a lot to do with the comfortable ventilation of your house.

Windows placed toward the center of the room afford a freer circulation of air than those placed in the corner. And windows placed in the lower part of the wall direct air through the room level at which occupants sit and stand. Casement, awning and hopper style wood windows, which are available in stock units of ponderosa pine, offer maximum ventilation in a room because they open at a 90-degree angle and help direct the flow of air.

## Find Right Niche For Extra Closet

Wall "niches" formed by the location of structural beams need not be wasted space. They can be converted into convenient closets.

Just build a simple door frame, install narrow floor-to-ceiling shelves and conceal the area with louver doors of ponderosa pine. The doors come in stock sizes and can be stained or painted to match the room decor.

Depending on the location, the new closets can hold: canned goods (kitchen or hall); shoes (bedroom or dressing room); towels or toiletries (bathroom); or books (living room or study).

## ABOUT YOUR HOME

Statistics show that most accidents in the home result from carelessness. Something can be done about this.

Ladders are a "must" in every household, and should be used when washing windows, hanging curtains and cleaning walls and ceilings, etc. Many hard falls have resulted from a housewife using a chair or stool to perform such jobs.

The burners on gas stoves should be turned completely off when not lighted for use. Pilot lights should be high enough to remain burning even when gas is low. When children are in the kitchen be sure that all of the pots cooking are pushed to the back of the stove out of their reach.

Train children to pick up and put away their toys. Never allow toys to remain scattered over the floor, as this is one of the greatest household hazards known. Provide an attractive chest decorated with nursery figures as a storage place. Make the child feel that this chest is his and it gives him a feeling of responsibility for keeping them in place.

BROWNIES---The Brownie troop met Wednesday, October 18, 3:45 p.m. in the girl scout hut. This was another part of their investiture service for the girls to become Brownie members and receive their pins. They are (l. to r.) top row, Mrs. Jim Berry, Vickie Williams, Gloria Mallouf, Jamye Pena, Mrs. Bobbie Pena, Ronda King, Dencie Reeder, and Belenda Magby.

## Roses Need Attention in Fall

### COLLEGE STATION

Good cultural practices can make a September rose garden a place of beauty and the gardener the envy of the community.

If you aren't satisfied with the quality and amount of your blooms, give more attention to fall management practices, suggests Everett Janne, Extension landscape horticulturist at Texas A&M University.

He says not to fertilize roses at this time of the year. Fertilizer, especially nitrogen, tends to produce soft, lush growth that will be damaged by the coming winter.

Many roses, he notes, are showing signs of iron deficiency—leave turn yellow, but the veins remain green. Chelated iron or iron sulfate sprayed on the foliage will give a quick "green up" but soil application gives a more lasting effect, says Janne.

Rose gardens should be kept clean. The specialist suggests that all infested and fallen leaves be destroyed. Pick faded blossoms before the petals begin to fall and continue the spray program into the fall, he adds. Mildew and blackspot are especially serious this time of the year, he notes.

Mites have caused much trouble for Texas flower growers, he notes. Since these insects quickly become immune to constant use of one material, Janne suggests a switch in miticides. Be sure, he adds, to spray the foliage on the bottom of the plant where the mites are concentrated.

Preparations for new rose beds can be started now so they will be ready for early spring planting. Roses need a well-drained soil. Add peatmoss or other decomposed organic matter to aid the soil drainage, Janne says. If the soil is heavy and is slow to drain, it's a good idea to raise the level of the bed from four to six inches above the surrounding soil.

Redwood boards or brick edging can be used to hold the soil in place. Locate the bed, advised Janne, where the plants will get at least six hours of sunshine each day and plant varieties adapted in the area.

Side closings on street or evening clothes seem to be a popular trend in the new clothes.

# 'A Salute to Broadway' Takes Shape

\*\*\*\*\*

By Jane Branscum

As the time for witches and goblins draws near, around the choir room one hears familiar strains from famous Broadway musicals.

The atmosphere is that of anticipation and nervous excitement that precedes the opening of another show. "A Salute to Broadway" is the show everyone is busy preparing.

The decoration committee hopes to make you forget the shop next to the bus barn. With a stage, theatre seating arrangement, and other decorations, this committee will succeed.

For those who like to eat, the refreshment committee will sell popcorn and punch.

Advance tickets will go on sale Monday, October 23. Only those buying advance tickets will be eligible for the mystery door prizes to be given away at each show. Time of presentation is 7 p.m., 7:45 p.m. and a grand finale at 8:30 p.m.

Duration of the program will be approximately thirty minutes.

**ATOMIC SLEUTHING**--Location of harmless tracer atoms in a prepared plastic ball is part of a demonstration "The Atomic World." The lecture scheduled at Muleshoe High School for October 30 will be presented by Donald V. Jensen who manages the program sponsored by Texas A & M University.

## Field Trip Staged By DE Members

By Winn Watson

The Distributive Education Club of MHS had a field trip Wednesday. They visited the Muleshoe State Bank, where Jimmy Crawford was host.

Mary Moore explained to them about the teller's job and Mildred Neely explained the vault room. The group then listened to Gwen Williams' explanation of the proofing room and watched Betty Carpenter make pictures of the checks.

After this, Glenda Dale explained the posting machine and Bettie Harrison gave a demonstration on the drive-in teller window. Joyce Puckett, a D. E. student, then demonstrated how she prints checks.

A question and answer period was then held in the community room, where the group enjoyed soft drinks. The group then left the bank and went to L. B.'s Cafe where they enjoyed a meal served by Wanda Garner.

The entire D. E. club wishes to thank the Muleshoe State Bank for having them as their guests.

**NEW SPORTS CAR**

New York-American Motors has shown a sporty, new car which it hopes will reverse the downward trend of its car sales. The new auto, called the Javelin, is classified in appearance and specifications as the Ford Mustang and Chevrolet Camaro with which it will vie for sales.

## Girls Choir Act For Boosters

By Jeanie Martin

Monday night, October 9, the Girl's Choir was very fortunate to perform for the Fine Arts Boosters. The choir sang two selections from "My Fair Lady." The first was "On the Street Where You Live," and the ever-popular "I Could Have Danced All Night." The Girl's Choir did an excellent job for their first performance and the Fine Arts Boosters enjoyed it very much.

The queen candidate representing the Girl's Choir for the Halloween carnival is Brenda Jones. Her escort is Keith Turner.

The choir is busy making the formal that they will wear at each up-coming performance. The formal is identical with white satin tops and black chiffon skirts.

## Students Hear Atomic Use Principles and Role

Atomic energy and its uses will be demonstrated at Muleshoe High School October 30. "This Atomic World," a demonstration lecture designed by the Atomic Energy Commission, will acquaint Muleshoe students with basic principles of nuclear energy, its sources and role in industry, agriculture and medicine.

The 40-minute assembly program conducted by Donald V. Jensen is sponsored by Texas A & M and Oak Ridge Associated Universities.

Using student terms, Jensen will describe structure of atoms, radiation, reactors and fusion. Special equipment will show radiation sources, how nuclear energy is harnessed for electric power, diagnosis and treatment of diseases and life process studies using radioisotopes.

In a blackboard talk to Muleshoe high science classes, he will discuss in more detail, atomic structure, radioactivity, radiation biology and nuclear science careers.

## Juniors Will Sell Cakes At Carnival

By Vickie Street

This year's Halloween carnival is to be held on October 31. The Juniors will be there with their rings, for the class has planned a cakewalk for the big event.

A meeting was held at activity period Tuesday, October 17. Most of the members volunteered to supply cakes, tables and chairs. This year, along with pumpkins and witches, there will be cakes of all sizes, shapes and colors.

Against Denver City and Morton, our boys gave a fine second half effort. It is quite easy for a boy, if he doesn't have a great deal of pride, to let down or quit when he is behind by 31 points or 12 points.

Even though we have lost three games and won only two games to date, our football boys have shown that they have a great deal of character.

I think that we are definitely taking steps in the right direction toward having a fine athletic program.

We are looking forward to the second half of the season.

## Yearbooks Go On Sale at MHS

By John Gulley

Muleshoe High School Yearbooks went on sale Monday of this week. Being the 50th Anniversary Edition, the staff expects sales to be considerably this year. The yearbook will review the past 50 years through 10-year periods emphasizing school and community growth.

Pictures for these periods are going to be difficult to find, and the staff wishes to sound an "SOS" for help. Any pictures loaned the annual staff pictorializing the past fifty years will be reproduced locally and returned to owners immediately.

Yearbooks are selling for \$5 plus tax, or a \$2.50 deposit will hold any book for the buyer until they arrive. The staff expressed an invitation to any businesses who desire to purchase yearbooks to simply call the principal's office of the high school, or write the yearbook Staff, Muleshoe High School, John Gulley, yearbook editor, stated that books are mainly

Good Question  
Judge, after charging jury: "Is there any question you would like to ask before considering the evidence?"  
Juror: "A couple of us would like to know if the defendant bulled the mail one or two hours and how did he keep the yeast out?"

## Earth News

By Beulah Newton  
 Ed Danforth is still in Amarillo but is doing well. He sustained a concussion in a fall at his home about two weeks ago.  
 Mrs. Stan Kilmer, formerly Dean Adrian, and Mrs. Walter Elam, the former Sherbock, visited their parents, Mr. and Mrs. Leon Foster and Mr. and Mrs. Buddy Adrian Monday afternoon.  
 The local knitting club met Monday afternoon in the home of Mrs. Jeanett O'Hair.  
 What was regular procedure turned out to be irregular. The group surprised Mrs. Leon Foster with a grandma shower.  
 At refreshment time, Mrs. O'Hair planned a corsage of Mrs. Foster. It was made of baby socks, safety pins and a baby rattle. Mrs. Foster was then presented with gifts. The mother-in-law, Mrs. Walter Elam of Lubbock, was present to look on and the grandma-to-be consented to Mrs. Elam opening one gift.  
 Coffee, iced tea and cookies were served to the following: Mrs. Bernice English, Mrs. Cathlene Cole, Mrs. Juanita Blackburn, Mrs. Noel Pitman, Mrs. Wynelle Angley, Mrs. Gladys Goodwin, Mrs. Laura Fennell, Mrs. Nina Adrian, Mrs. C. Lilly Hamilton, Mrs. O. C. Fry, Irene Ortig, Mrs. Inez Inglis, Mrs. Jeanett O'Hair, Mrs. Dean Kilmer and the honorees, Mrs. Leon Foster and Mrs. Walter Elam.  
 Janice Cowley of Austin, visited her parents, Mr. and Mrs. Kenneth Cowley last week.  
 Herbert Dunn was at the city office collecting taxes Wednesday.

 AUSTIN--Lieutenant Governor Preston Smith today named Senator Jack Hightower of Vernon to serve on the Texas Commission on Law Enforcement and Administration of Justice.  
 "Legislative concern over the rising crime rate in Texas was responsible for the resolution (H. C. R. No. 60) creating the commission," the Lieutenant Governor said.  
 In addition to Hightower, Lieutenant Governor Smith named Senator James S. (Jim) Bates to represent the Senate on the Commission on Law Enforcement and Administration of Justice. Full complement of the commission will include three citizens members, appointed by the Governor, and two members of the House of Representatives, appointed by the Speaker.  
 Mr. and Mrs. Jim Bob Hensley of Altus, Okla. were weekend guests of Mr. and Mrs. Herb Wendburn and Mr. and Mrs. Abe Griffin.  
 Guests in the home of Mr. and Mrs. C. O. Taylor last weekend were their daughter and family, Mr. and Mrs. Doug Barker and baby of Colorado Springs, Colo.; also sister of Mrs. Taylor, Mr. and Mrs. S. E. Vaughn of Hacienda Heights, Calif.  
 Mr. and Mrs. Abe Griffin were in Abernathy Saturday night visiting their son and family, Mr. and Mrs. Larry Griffin, Sharla and Michael. Saturday was the Griffin's wedding anniversary and Larry's birthday.  
 Mr. and Mrs. Tom Jones of Lubbock, formerly of Earth, were involved in a two-car collision in Littlefield Sunday evening. There were no serious injuries. They were

## Regulations To Discourage Cotton Growing

1967 program, but rectifies the unjust penalty against those farmers who have traditionally planted in a "skip-row" pattern. The new program gives farmers the opportunity to utilize the planting pattern which suits the best cultural practices in their farming area.  
 "Farmers Union fought hard to get this review of 'skip-row' regulations, and our Washington Fly-in groups that made the appeal in USDA and with the Congress are entitled to the credit for this change which will mean approximately 2 1/2 million dollars in additional projected yield for those traditional 'skip-row' planting countries.  
 "Whether Texas farmers increase acreage above their domestic allotments will depend on whether or not textile processors are sincere in their stated optimism over the need for more cotton and will offer contracts to growers at prices that will attract more planting."
