PRESS POINTS Joe Bennett, Publisher

The large number of vehicles in downtown Gorman on Saturday after noon was a very different look from Saturdays of the recent past as folks braved the wet weather to enjoy the good music, food and pastry auction fund-raiser of the Gorman Business Alliance. The hamburger business really boomed as folks were busy at the concession stand serving up the delicious hamburgers cooked on the barbecue machine. When folks got the news of just how really great the "burgers" were they really put the "cooks" to work. I know Brent really enjoyed his round behind the counter and didn't know for sure just how good the burgers were until he finally gave up about 6:30 and ate some of his own "grub" and to his surprise, he said that's good! So now the Alliance knows what folks like in

the food line. While I'm on the Alliance subject I want to express the thanks of the Alliance to all the folks of Gorman and the surrounding area for their support of the fund-raiser, because without their great support, it could not have been the success it was. The music was great; the fellowship was enjoyable, the food was marvelous, while the weather was a little

The Alliance will be holding a "Tradin Days" event on Saturday, May 17th and are inviting folks to bring their crafts, etc. to Gorman and set up a table to show their wares in downtown Gorman. There will be no charge for the folks to come and set up to show and sell their wares. The Alliance is reserving the concession rights to benefit their effort to raise funds to have a Peanut Festival in Gorman. With the great success of the hamburger stand, I'm sure the Alliance will be offering some great food again on the 17th. So come on out and enjoy the get-together and see all the

He owned and operated the Dairy King from 1948 to 1962 and worked for Southwestern Peanut Growers Association from 1938 to 1962, and also a part time employee after 1962. He was a member of the Church of

Saturday, June 21st. The coronation will be held on the evening of the 21st of June. We will have more on this as time goes along and the candidates have been selected.

Well the good ole U. S. Postal Service has done it to us again. The postal service has again increased our per piece cost for mailing your newspaper for the fourth time so far this year. I wonder if those folks in the postal service think that newspapers have money running out our ears the way they continue to raise the rates. It could be they are trying to price themselves out of the mailing business. And they may be getting to that poibt quicker than they think. Some of these days the newspaper folks are going to tell them that this is as far as we are going to go to publish public news for folks in the good ole USA at no charge. Because the newspaper is set up to inform the people of different things as a public service and that's the reason the second class rates were set the way they were to begin with. Our cost is based on the percentage of reading matter to advertising and if you go over the percentage set then your cost increases accordingly. Now the postal service seems to be saying that newspapers don't perform a public service. This is just not true.

I wonder who will be taking over the business of mailing newspapers when the postal service finally forces themselves out of business?

Be sure and remember to move your move your clock up one hour saturday night as you go to bed then you will be able to get to church on time Sunday morning.

And remember to smile - - because God Loves You!

I am a candidate for the office of County Treasurer. I am married to Troy Lee Cross and we are members of the Kokomo Primitive Baptist Church. I am the daughter of the late Fred and Myrtle Reynolds of Eastland. Troy is the son of Martha Cross and the late J. A. Cross of Eastland.

After graduating from Eastland High School in 1951, I attended Ranger Junior College majoring in business and working as secretary to the Dean. During our mine years in Midland, I worked for Lava Jesse Insurance Agency, American Bookkeeping Service and Gibson's as front end manager. While there, I futhered my education in Accounting at Midland Junior College and attended annual courses for Income Tax Practitioners offered by H&R Block.

Since returning to Eastland in 1975, I have kept abreast of the constant changes of our tax laws by attending annual Tax Practitioners Workshops locally and at Stephenville presented by the A&M University even during my eight years as a responsible employee of Victor Conilus Menus.

As native Eastlanders, Troy and I have always been very interested in our Community and in a continuing effort to generate this interest and promote growth in our area we have actively supported county activitites and organizations. We have helped intiate and worked with the Annual County Fair since 1975, are members of the 4-H Adult Leaders, Livestock Raisers, Microplex Photo Club and served on the Extension Service Program Building Committee. I served as secretary of the Flatwood Cemetery Association the first two years in which money was raised to set up a prepetual fund. I am also a member of the Eastland County Art Association and, have served as an Area Director of the Annual Eastland County Miss Pageant since its beginning in 1985.

I attended Cisco Junior College and two years at Texas Tech University. I am a member of the First United Methodist Church in Eastland, Texas. I hae four sons, Mike, Brett, Phillip and Thane who were raised in Eastland County and eight grandchildren.

I feel with approximately 16 years of experience, knowledge and dedicated effort in this office should qualify me for this position. I assuming the position of District Clerk, which has been a rewarding experienced and the responsibilities of the office at a peak when the case loads were extremely high I feel I am well prepared and aware of any and all new changes. I can and will continue to perform these duties with honesty, integrity and loyalty. I have diligently through these years performed the duties and services for the citizens of our county with pride and given every courtesy possible to everyone. The knowledge and experience of this office or any official office is an absolute necessity to be beneficial to the dignity with all those who are involved.

To the many people I have not personally contacted or see and may not see, due to the pressing and increased duties in the office, I am very sorry I was unable to see you. Hopefully you will consider the qualifications and my experience in this office. Please re-elect the qualified person for this position! I earnestly seek your support and I wish to serve you again these next four years and pledge to serve to the bst of my ability.

seen many changes in our tax laws and I know the importance of keeping accurate records and up to date on these changes at attending schools and workshops.

Some counties have choosen

to abolish the office and County Treasurer and now have these durites performed by an appointed auditor. The Treasury provides an important check and balances record on money flowing in and out of the County Government in such manner as the Commissioners Court may direct, consistant with constituted law. Therefore, I feel very strongly that in keeping the Treasurer's office you have more say in who handles your County funds.

With my education and experience in Accounting, Tax Preparation, my leadership qualities shown by my Community Service and after indepth research and careful evaluation of the duties and responsibilities of this office, I feel I am your most qualified candidate for County Treasurer.

Jane, Tommy, Luke and Katie Musick and I are proud to announce the arrival of this last grandchild. Jacob Daniel Musick was born on April18. I've barely seen him as I got sick and had to be brought home on Sunday. This is my last one. Whatever any of them do henceforth is none of my doing and I'm having no part of (well, maybe a little).

I heard William telling someone the other day, 'She's always complaining that I never buy her anything, so I bought her a girdle. That ought to hold her.'

I asked him when we first got engaged, 'Now will you buy me a ring?' He said, 'Yeah, what's your phone number?'

I said, 'Will you love me when I'm old and gray?' He said, 'Maybe I will by then.' William told a neighbor, 'I heard

that last week your mother-in-law was dangerously sick.' Neighbor said, 'Yeah, but she's dangerously well this week.'

One of the neighbors got bit by a rattlesnake once. William said, 'I gave him a fifth of whiskey.' I asked if it cured him. William said, 'No, DIST. 22 but he died a happy man.'

While other CD's have their ups and downs,

this one is strictly on the up and up.

Sunbelt Savings introduces the Rate-Protected CD.

In the past few years, interest rates have been anything but predictable. And that makes investment decisions tougher than ever.

Take the current situation. If you deposit your money in a CD now and interest rates rise, you're stuck with a lower yield. If you buy a short-term CD and interest rates continue to fall, you may be forced to renew at a lower rate. The fact is, no one can be sure what will happen next.

Fortunately, Sunbelt Savings has a solid solution to weathering the ups and downs. We call it the Rate-Protected CD, because that's just what it does for you.

Let's say you open a CD today at the current interest rate. If rates rise during the next six months, we'll invite you to renew at the higher rate. If rates fall, you can renew at your original rate. So no matter what happens to interest rates, your rate will either stay the same or go higher. And that means you just can't lose.

The Sunbelt Savings Rate-Protected Certificate of Deposit. It's a solid new idea that keeps your financial future looking up. And up. And up.

For more information about the Rate-Protected CD, including renewal terms, contact the Sunbelt Savings office nearest you today.
