AS THE CROW FLIES--

SOMETIMES the longest way is the quickest way. But many of life's convenient short-cuts are well worth knowing. Take the ever-present problem of buying things. If you had to trot around from store to store for every purchase, you wouldn't get much accomplished and you'd be sure to miss some of the best values. But you don't do it-you take the short-cut, by reading the advertisements in this newspaper.

In the advertising columns, you'll find a panorama of who has what to sell, and where the wisest buying can be done. You can make your choice in a few minutes' time-based on well-known trade-marks, trusted brand-names, accurate descriptions, even photographs -and go straight to the right place to buy it. No lost time, no indecision. The advertising pages of this newspaper show you the shortest short-cuts. Read them regularly. Make every minute and dollar do more.
