GORMAN, EASTLAND COUNTY, TEXAS 76454

## **Kids of America Pageant Beautiful Baby**

### **Press Points** Joe Bennett, Publisher -J-

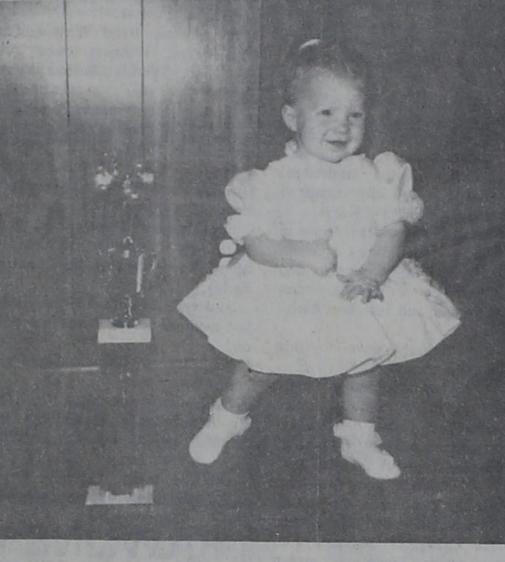

Mother Nature played another trick on us on Monday night late and Tuesday morning when she sent a blast of cold, windy weather, including some freezing rain, sleet and snow. There was a good bit of freezing rain in our area with some sleet, but in some surronding areas the bridges and highways were coated with ice.

This Texas weather is not only unpredictable, but is also unbelievable.

On Wednesday morning it was clear and the sun was shining. But Spring may not last too long! I understand we may be in for some more weather by the weekend.

We are still having the see-saw temperatures, up one day, down the next. The calendar says its spring, but the forecast is for old man winter to get in another punch in the next day or so. I sure hope he is wrong. All the fruit trees are in full bloom. We sure need a good fruit crop this year.

Some of the farmers have cranked up those tractors and turning that soil over.

Easter is early this year. Next Sunday, April 26th is the date. Some churches are having early services. Our church services will be at the regular time.

With most schools out for spring break, a lot of visiting is going on.

Doug Bryant of Dumas visited his parents, Mr. and Mrs. Truman

Bryant. Mr. and Mrs. Shane Lowery and Nathan of Wilson are visiting Mr. and Mrs. E. E. Allison. Mrs. Reba Reeves and granddaughter of Fort Worth and Polly Reeves of Stephenville visited Mr.

and Mrs. Collin Campbell. Mrs. Debbie Cox and sons, Cory and Cody of Arlington, are visiting Mr. and Mrs. J. E. Allison.

Mr. and Mrs. Freddie Coburn and Chad of Fredericksburg are visiting Mrs. Elizabeth Sandlin, and brothers Carroll, Jim and Bill Sandlin. Melisa Coburn of Stenhenville also visited her grandmother, Mrs. Elizabeth Sandlin.

Mrs. Lavada Tucker, Andy and Erin of Sweetwater are visiting her mother, Dorothy Jackson, this week.

### **DENMAN STANFIELDS VISIT**

Mr. and Mrs. Denman Stanfield of Harlingen visited his sister and husband, Mr. and Mrs. Stanley Porter, and friends recently.

Denman, since retiring from the foreign service as an American consulate, has taken up marathon running. He has run several full marathons (26 mines) but since he is 69 years old, he just runs half (or 13 miles) of the distance. He goes all over the U.S. to run and will run in New York this week in the half-marathon. The first mile will be run backwards.

While in Gorman Denman ran from the Porter place to the old Stanfield farm out in the country

Olney Savings

Jorman

Under the Southwest Plan, several savings institutions have been combined to form single institutions with assets in the billions of dollars. Olney Savings is one of those vital organizations with assets of over 4.5 billion dollars. Olney is owned and operated by Texans, successful Texans, with a desire to see Texas and its people succeed.

It was important to fix those problems created by a puny economy, and now that it's done, it's time for everybody to get back to business. This is why we are writing this letter - because we appreciate your business and pledge to provide the products and services you need to make your lives simpler and more secure.

### THE GORMAN PROGRESS ..... MARCH 23, 1989

### UEVELUP EASTLAND CUMPANY IPUAIE ЛĽ

Dr. Charles Barnes, Coordinator of the project to obtain a 2250 bed state prison for Eastland County has released a brief report on the status of Project HOOS-Gow.

Beginning on December 12 of last year the primary task was projected to be a 10 month effort assuming that everything fell into place on schedule. This included the cooperation of local citizenry, prison officials and the state legislature. Basically the program consists of a period of information to gain the confidence of Eastland County people on the value of the project to the local economy

and to allay any fears which might be present as to the safety of a state peison in our area. The second phase of the projecy is to write a high quality development proposal for the Department of Corrections. This will assure them that Eastland County is the best location citing our Interstate and other quality highways, abundant ground and lake water, natural gas and other utilities as well as wonderful people. A final phase concerns politics in which legislators and other state government officials must agree to locate the facility here. The first task is almost complete.

Twenty-nine lectures and public meetings have been held in which all were informed that a large prison would provide over 800 civil service jobs with a permanent payroll exceeding nineteen million dollars per year. Ninety percent of those jobs would be local hire. The basic facility will cost about 65 million dollars and construction would use many local contractors. In short, the prison would be the largest industry in our county. Safety for this facility is assured by adequate security procedures and modern electronic and mechanical devices. All counties which currently have prisons indi-

Easter is a time to celebrate the resurrection of our Lord and Savior, Jesus Christ, and to be so thankful to God for the love he had for us in se ghis son, Jesus, to die for us. on the cross that through Him we might have eternal life. Let's all be in church on Sunday to worship.

Easter is always a time of homecoming at the Kokomo Baptist Church, when many former members return to worship with families and friends. Visitors are always welcome.

There will be an egg hunt for the youngsters immediately following the church service.

Visitors at the Kokomo Baptist Church on Sunday morning were Jared Fails of Arlington, who was visiting with his grandparents, Jimmy and Verna Little, and Frankie

Jarrett of Gorman. Lindsey Eaton of Ovalo was a visitor on Sunday night with her grandfather, Claude Fuller. We will all want to be sure and remember the benefit dinner in the Gorman school gym for the Harvey Bryan family on Fridasy night. Harvey recently underwent surgery for a brain tumor, and will be unable to work for quite some time. Let's all go and support this and help this young family.

Mr. and Mrs. L. D. Pyeatt of Pasadena visited with Nancy Hendricks on Tuesday and they all visited in Breckenridge with Mr. and Mrs. Jack Gray. Nancy also visited with Daisy Wood in Eastland.

Other visitors with Nancy were Ruth Bryant, Hope Joiner and Verna Powers of Gorman. Kevin Rodgers and his friend,

William Dee "Bill" Sessum, Junior from Mineral Wells, was named to the 1988 Fall Semester Dean's List at Southern Arkansas Unicersity at Magnolia. He had a grade point average of 3.82 for the semester. For his time at the university he has a grade point average of 3.57.

Bill, an industrial management major, has been named to 1988-89 Who's Who in American Colleges and Universities. To qualify for this honor a student must have a mini mum of 2.5 grade point average and ne active in leadership roles and service organizations.

Bill is the son of the late Bobby Joe Sessum and Mrs. Parilee Sessum of Mineral Wells.

Darren Kirbo of Brownwood, spent Friday night with Kevin's grandmother, Mrs. Berneice Rodgers.

Billie Jeanne Grisham of De Leon, Ennis Joiner of Gorman, Lucille Joiner and Joyce Bramlett of Stephenville were visiting with their mother, Mrs. Hope Joiner, on Saturcate satisfaction with public protection and are asking for more prisons in their domain. Five tours of a model prison near Palestine, Texas have been made by Eastland Countians. All have expressed satisfaction with what they personally investigated.

At the present time emphasis is being given to development of a detailed Eastland County proposal to the Texas Department of Corrections. This cannot de submitted until requested by the TDC. They cannot request proposals until money is made available by the legislature. When the current session of deliberations began on January 10, Governor Clements asked them to provide funds for 11,000 new prison beds on an emergency basis. He cited overcrowding and extreme expense of county jails and mandated reforms by the Federal Government. Legislators have been debating and arguing these issues since that time.

Some believe we should have major military type facilities where reform is enacted by spartan life style, obedience and hard work. Others enjoy discussing the need for better schools and training which might obviate the need for prisons. In the meantime the problems continue. In short it now appears that about two prisons can be built with surplus funds from last year and the others must wait for a bond election. This would mean that unless we are lucky enough to get one of the two currently in process of being authorized, it will be next year or later before we can be served. Rest assured every effort will be made to get one of the two likely to be constructed this year. A prison siting committee has

selected twenty-two possible sites for the prison in Eastland County. Two are being actively pursued with the owners at the present time. Since HOOS-Gow has extremely limited resources we cannot purchase the land until it has been designated by

Polunsky, One Forum, 16th Floor, 8000 I.H. - 10 West, San Antonio, Tx 78230-3874) have been informed of our sincere interest in the prison and

that we will submit a proposal when requested. If Eastland County citizens know any of these people personally or know someone who does, please call Project HOOS-GOW at 817-442-3413 so we can make contact with them through you or your friends. All these things help. If you wish to keep our county from "blowing away" we must all work and scheme to accomplish our objective. This month the Ranger Chamber

of Commerce and HOOS-GOW hosted Mr. Jerry Hodge, a member of the State Board of Corrections. He was shown typical Eastland Conuty Sites and commented favorably on our efforts to obtain a prison. However, final decisions will be made by technical staff of the prison system, the Board of Corrections, and the Legislature. It might be said that "It's in the hands of the gods."

At that time a major campaign for funds will begin to obtain monies for purchase of property to be donated to the state. It is likely that committee negotiations with owners can be successful and we will know where the prison will be located in the near future - if Eastland County is the recipient. ### **Bryan Sisters Have** Sheep Act Together For Raising & Showing March 20

(The following was taken from an article by Jenny Butler in the Bryan Eagle):

When the Underwood sisters, Pam and Heather, moved to Bryan a couple of years ago, they added a competitive edge to the Brazos County Livestock showing scene.

The girls, who concentrate much of their efforts on raising Hampshire sheep, have the distinction of being the first Brazos County 4-Hers to show the Grand Champion breeding ram in the Houston Livestock Show. That honor they won earlier this month with their ram "Bojangles," along with ribbons for the second and third place aged ewes, the second place best pair of sheep, and the second place best flock.

And the sisters are no stranger to either competition or victory in the livestock ring. They have a stack of grand champion and reserve champion trophies dating back four years, when they began showing their sheep from their former hometown, Chico.

Their stock-show conquests in -clude showing the Reserve Champion Hampshire ewe at the 1988 State Fair of Texas and the Reserve Champion ram at the 1987 Fort Worth Show.

Another of their rams, "Rambo," was named Grand Champion at the 1987 Houston Livestock Show.

The sisters showed cattle and hogs before becoming gripped with sheep fever.

They've won too many to keep track of," said their mother, Maddi Underwood.

"I've had a bad experience with a cow," who threw her against a fence in the middle of a show ring, explained Pam, a 14 year old who attends Stephen F. Austin Junior High. She and her sister prefer the

## **Nell Bruner Host For UMW Meeting**

The United Methodist Women met in the home of Mrs. Nell Bruner on March 20th.

The mereting opened with mebers giving the devotional, "The Purpose of the UMW."

Leader Nell Bruner held a short business session. The secretary read the minutes of the last meeting and the treasurer gave the financial report.

The leader gave the program based on the Book of Proverbs, "Busy Women Dealing With Stress." Four readings were given: busy women by Nell Bruner; Super Grandma by Theresa Parker; Employed Women by Bobbie Brown and Care Giver by Velma Bennett.

Members joined in singing lovely hymns from the Cokesbury Hymnal, accompanied by Nell Bruner at the piano.

The next meeting will be in the home of Mrs. Ruby Acrea on April 10th.

The meeting closed with members giving the UMW benediction.

The hostess served delicious refreshments to Lucretia Fairbetter, Bobbie Brown, Pauline Dennis, Velma Bennett, Nellie Lucky and Theresa Parker.

size and disposition of sheep.

"They're easier to handle, and somehow they're friendlier," agreed Heather, a 12 year old Carver School student. "They don't usually bump you - except the ram."

Currently their flock of Hampshires includes 13 ewes, two rams, 17 lambs, and, as of last week, two more lambs on the way.

Both say they dream of attending Texas A&M University on sports scholarships. "We want to become the first pair of sisters playing basketball at A&M," Heather said. Pam and Heather are the daughEQUITY FOR RURAL HOSPITALS ACT S.306 AID RURAL HOSPTIALS IF PASSED

In 1988 alone, 43 rurak hospitals in America had to shut their doors. Nineteen were in Texas communities places like Borger, Bastrop and Teague. That's an intolerable situation.

Without a hospital nearby, people living in small, often isolated areas may have only limited access to vital health care services, services that are taken for granted by many residents of large towns and cities.

When a community hospital closes more than just health care suffers. Virtually every aspect of the community feels the pain. Without a hospital, it's tough to keep doctors in town or to attract new ones. Lose your hospital and you lose a major source of employment and new businesses too often see a reason NOT to locate in your community.

An open, healthy hospital, though, is vital to the men, women and children of so many communities. Since coming to the United States Senate, I have worked to mprove access to health care for people in rural areas of Texas. And because so many patients of rural hospitals are senior citizens, I am convinced we can use the Medicare system to help achieve this goal. Therefore, last month I introduced legislation to put rural hospitals on more equal footing with city hospitals, which are reimbursed at a higher rate for treating Medicare patients.

The Equity for Rural Hospitals Act of 1989 (S. 306), which 43 Senators already have agreed to cosponsor, will establish a single Medicare reimbursement rate which would treat all hospitals - rural and urban - equitably. The single national rate would be phased in over four years. And because many of our most vulnerable hospitals can't wait that long, those small rural hospitals that serve large numbers of Medicare patients will, on the interim, be protected from financial losses causes by treating those older and disabled patients.

ties. This will help to alleviate the shortage of health-care professionals that many rural areas are facing.

The 1980's have, as you know, been very difficult years for rural hospitals. I've worked hard to help these communities meet their helath care needs, but we need to do more. I weant to make sure that Americans have continued access to quality, affordable health care, no matter where they live.

## TU Electric **Seeking Refund**

DALLAS (March 17) - TU Electric today filed an application with the Public Utility Commission asking authorization to refund about \$46.6 million, including interest, to its customers.

The amount the company is asking to refund was overcollected through January this year, primarily because the unseasonably warm weather experienced in the coompany's service area resulted in lower costs for fuel to generate electricity.

When weather is milder than normal, customers use less electricity. Therefore, the company uses less of its higher-priced fuel supplies to meet demand.

The refund would be made thru a credit to bills. Under TU Electric's proposal, the refund would be made in May, and residential customers who use 1,000 kilowatt-hours will receive refunds averaging \$10. The exact refund month will depend on when PUC approval is received.

TU Electric's rates have been lowered by more than 10 percent since 1986, primarily because of the decreasing cost of natural gas and the company's program to renegotiate gas contracts and make advantageous spot market purchases.

## **Brush Control Field Day Slated Tuesday** March 28th

Chemical Brush Control for Small Acreages will be the topic of a three county program and field day in Rising Star on Tuesday, March 28th. Agricultural Committees in Brown, Comanche and Eastland Counties planned the program for all landowners interested in chemical control of small acreages.

Texas Agricultural Extension Service Specialists, Drs. Tommy Welch and Barron Rector will discuss individual plant treatment of oak, mesquite, greenbriar, prickly pear and other important species. They will also discuss management following brush control.

The announcement of the planned program was made by Extension Agents Chuck Threet, Brownwood, David Tunmire, Comanche, and DeMarquis Gordon, Eastland.

They said the program would begin at 9:30 a. m. at the First Baptist Church Fellowship building in Rising Star. The indoor program will continue until 12 noon. At that time, a free barbecue lunch will by served courtesy of four chemica. companies. The Upper Leon Soil and Water Conservation District will also be a sponsor of the program.

After lunch, there will be a tour of brush control demonstrations in Southern Brown County near Rising Star. Threet will discuss the demonstration and results. Specialists and chemical company representatives will demonstrate methods of individual plant tractment and will identify plant species.

Chemical companies sponsoring the noon meal includes Sandoz Crop Protection, DuPont Agricultural Products, Elanco, and Dow Chemical Company.

The Agents encourage everyone interested in brush control to attend the program and field day.
