## KEEPING UP

Mr. and Mrs. D. R. Balck of Honey Grove arrived Monday for a visit through Thursday with their cousin, Fannye Merle Cribbs.

## V. O. Huff Makes Statement For Re-Election

I am seeking a third term as Justice of the Peace of Precinct 5, Eastland County.

I was born April 28, 1922 in Hamilton County. I moved to Gorman in 1930 and have lived here since that time.

I have been a self-employed welder for 40 years. I have been a member of the Gorman Volunteer Fire Department 40 years and as Fire Chief 12 years. I was Fire Marshal three years. I received the Citizen of the Year Award in 1977.

My family includes my wife, Vernia Faye, and three children, Sue Price, who teaches deaf mute students in Arlington, Wayne Huff, who has been with Coca-Cola Co. in Sweetwater for 15 years, and Freddie Lynn Huff who attends Gorman Schools and has been a member of the band three years.

The requirements of a J. P. includes 40 hours of J. P. School the first year and 20 hours each year thereafter as long as you remain in office. At the end of this year I will have 200 hours of schooling.

All my fines and small claims are clear and up to date. In my eight years of public service all my books are clear and all tickets are paid in full. I had a case in forceable enter detainer about a year ago and it has been cleared.

My take home pay is \$210.00 per month plus insurance.

When I first took office court cost was \$3.00. Now it's \$17.50 on DPS tickets and small claims cost is \$35.00 and criminal cases are \$40.00. A default judgement is good for 10 years and draws 10 percent interest.

During my 40 years in Gorman I have enjoyed working with the public and helping people in any way possible.

I am asking for your vote and support to elect me as Justice of Peace for Precinct 5, Eastland County.

/s/ V. O. Huff.

### NOTE OF APPRECIATION

We would like to thank this opportunity to thank the Gorman Fire Department for their quick response to the recent fire at our home. We are very fortunate in Gorman to have such a qualified group of men to fight fires.

We would also like to thank the fine people of Gorman for their kind words and prayers. It has meant so much to us. We will always remember your kindness.

Thank you to the people of Congregational Methodist Church.

May God bless you all.

## NOTICE OF APPLICATION FOR WASTE WATER DISCHARGE PERMIT RENEWAL

CITY OF GORMAN, P. O. Box 236, Gorman, Texas 76454 has applied to the Texas Water Commission for renewal of Permit No. 10091-01 which authorizes a discharge of treated domestic wastewater effluent at a volume not to exceed an average flow of 120,000 gallons per day. The wastewater treatment facilities are southwest of the City of Gorman, west of Farm-to-Market Road 679 (Crescent Street) in Eastland County, Texas. The effluent is discharged into an unnamed tributary; thence to Shinoak Branch; thence to the Sabana River; thence to Lake Proctor in Segment No. 1222 of the Brazos River Basin.

In accordance with the Texas Surface Water Quality Standards, the Commission staff must determine the existing uses for the receiving water in the area of the proposed discharge. The unclassified receiving waters of the unnamed tributary and Shinoak Branch have no aquatic life uses. The designated uses for Segment No. 1222 are contact recreation, high quality aquatic habitat and public water supply. The effluent limitations in the draft permit will maintain and protect the existing instream uses. All determinations are preliminary and subject to additional review and/or revisions.

The Executive Director of the Texas Water Commission has prepared a draft permit which, if approved by the Commission, will specify conditions and limitations generally the same as those currently enforced by the existing permit. It is proposed that the expiration date of the renewed permit be specified as midnight, five years after date of Commission approval.

Legal Authority: Section 26,028 of the Texas Water Code and 31 TAC Chapter 305 of the Rules of the Texas Water Commission.

No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the application, or that a public hearing, would serve this public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing on this application should be submitted in writing to Claire P. Arenson, Assistant Chief Hearings Examiner, Texas Water Commission, P. O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-7905. Information concerning any technical aspect of this application can be obtained by writing Frijol Vahora, Wastewater Permits Section, Texas Water Commission, P. O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-8201.

Issued this 6th day of February, 1990.
