

CITY CHOSEN BY CAA AS SITE OF CIVILIAN PILOT TRAINING

10 May Enter Course Under Govt. Plan

B'Spring One Of Two Texas Points Selected For Air School

Further recognition of Big Spring as a West Texas aviation center came Thursday from the Civil Aeronautics Authority in Washington, as that agency announced designation of this city as one of two in Texas where civilian flight training will be offered to non-college citizens between 18 and 25 years of age.

Like College Program The program is part of the expansion of the civilian pilot training act, for which congress appropriated \$4,000,000. The act required that at least five per cent of those trained be non-college students.

Designation of this city as one of the two Texas centers—regarded as quite an aviation achievement—followed considerable groundwork between civic and aviation leaders of Big Spring and representatives of the CAA.

Last Sunday, Ralph K. DeVore of Fort Worth, regional supervisor for CAA; R. S. Beckley and R. W. Horsfield, other CAA supervisors, were here for a conference with a local committee headed up by J. H. Greene, E. V. Spence, Dr. P. W. Malone and Bob Schermerhorn.

Some four months ago, Malone had been in conference with DeVore on the designation of Big Spring, and it was largely through his efforts that this city won the CAA recognition.

There will be ten youths accepted here for training, the same number being chosen in 69 other U. S. cities. Selection of the students, institutions for the ground courses and instructors were left in local hands, except that all qualifications must meet requirements of the CAA.

OKLAHOMA TURNS DOWN INVITE TO COTTON BOWL

NORMAN, Okla., Dec. 7 (AP)—Coach Tom Stidham announced today Oklahoma had rejected an invitation to play in the Dallas Cotton Bowl on New Year's day because the Sooners would not enter the game "at full strength."

The statement was issued after a conference between Stidham and Dr. W. B. Bizell, university president.

SPENCER PENROSE CLAIMED BY DEATH

COLORADO SPRINGS, Colo., Dec. 7 (AP)—Spencer Penrose, 74, who built an elaborate playground at suburban Broadmoor after making a fortune out of mining, died at his home at 12:50 a. m. today.

He had suffered from a throat ailment for six months. Penrose was a brother of the late Boies Penrose, republican senator from Philadelphia.

German Consulate Secretary Is Slain

Grudge Killer Is Sought In Brooklyn Mystery

NEW YORK, Dec. 7 (AP)—A vengeful person with a racial or personal grudge was sought today as the bludgeoned slayer of Dr. Walter Engleberg, 42, German consulate secretary.

Deputy Medical Examiner Manuel E. Martin said Engleberg, who had been in the consular service nearly 20 years, had been struck at least three times while asleep, and that the blows, with an "ax or some other heavy weapon," were so severe the man was "practically decapitated."

No weapon was found in Engleberg's Brooklyn dwelling, which neighbors called "Hitler House" and which is on a dead-end street that winds up at a Jewish burial ground.

Engleberg's body was found in a second-floor bedroom yesterday. Martin said the man had been dead "about 24 hours."

District Attorney William F. X. Geaghan said he believed Engleberg, a bachelor, had been slain by a "vengeance murderer," and other authorities were inclined to support this theory.

Among several persons sought in the strange case, which may develop into a mystery of international proportions, is a "middle-sized, German-speaking, stocky man with a mustache."

Neighbors had regarded "Hitler House" as a place of mystery. They said Engleberg had "entertained" men until late hours, that only men were seen to enter, and that men had been hired to do the house work.

The neighbors said an expensive automobile and trailer, with two-way radio equipment, had been parked in a nearby lot last summer, and that this added more mystery to Engleberg's activities.

Britain Loses Another Ship, Wins In Air

Invading Planes Damaged In Fight Over N'East England

LONDON, Dec. 7 (AP)—New blows were struck at the British navy and neutral shipping today as Royal Air Force planes turned back German warplanes in two encounters above northeast Britain.

The ninth acknowledged British naval loss was counted with the sinking of the 209-ton trawler Washington by a mine in the North sea yesterday. The admiral said eight lives were lost.

The air ministry declared that one enemy plane "was seen to be hit" in a raid on the Firth of Forth area, site of the Rosyth naval base, and that a second invader was damaged in another encounter off the northeast coast.

Authoritative British sources also reported air engagements over the North sea yesterday in which two big German Dornier flying boats were said to have been badly damaged.

No bombing was reported in today's flights over the Firth of Forth, strategic inlet on which lie Edinburgh and the Rosyth naval base.

PARIS, Dec. 7 (AP)—French advance positions withstood repeated shocks of savage German patrol along the entire northern flank of the western front today after a night of activity in which the French reported inflicting heavy losses with automatic and artillery fire.

A new German strategy was reported by French military reports. After being halted during the night by deadly French fire, the German patrols, instead of retreating as usual, dug in on bare no-man's land.

The French countered by raining shells on the attackers and then dislodged them with infantry counter attacks.

Rules Listed For Saturday Cotton Vote

Large Turnout Urged For AAA Referendum On Quotas

Expressing the hope of a large, representative vote in the cotton quota referendum Saturday, the Howard county AAA committee Thursday listed some of the important rules and effects of the balloting.

Voting will be possible at Vincent, Coahoma, Garner and at two boxes in Big Spring between the hours of 9 a. m. and 5 p. m. Saturday. All growers who in 1939 produced cotton with a staple of less than 1 1/2 inches will be eligible to cast ballots.

Those in charge will be C. T. DeVaney, B. O. Brown and H. C. Reid in the eastern district and J. O. Rosser, W. T. Bly and M. L. Hamlin in the western section.

Regardless of the outcome of the referendum, the conservation phase of the agricultural conservation program will continue to operate, according to George Slaughter, chairman of the state committee, since marketing quotas are designed to supplement the conservation program by assuring farmers who plant within their acreage allotments that their efforts to adjust supplies will not be nullified by non-cooperators.

MOSCOW, Dec. 7 (AP)—A Soviet Russian army has smashed the main Finnish defense line on the Karelian Isthmus, the Leningrad command announced today, and is thrusting on northward.

Strong Defense The Leningrad communique said that "soviet troops, after artillery preparation, broke through the main defense line of the Finns along the Vuoksi water system, known among Finnish white guards as the 'Meginot-Kirke' line."

The natural defenses of the Vuoksi water system, a chain of lakes and water courses zig-zagging almost across the 65-mile wide isthmus north of Leningrad, had been augmented, it is said, by pillboxes, trenches, wire entanglements, tank traps and mines.

The Russian advances said that the isthmus lies about 16 miles from the border at its nearest point and that, aside from the break-through, Red forces advanced all along the narrow neck of Finland north of Leningrad.

WASHINGTON, Dec. 7 (AP)—Congressional experts are studying five new tax plans designed to raise money for the projected record defense outlays next year.

OSLO, Norway, Dec. 7 (AP)—The foreign ministers of Sweden, Denmark and Norway met in the Norwegian foreign office today to discuss Scandinavian attitudes toward the Russian-Finnish war.

TOKYO, Dec. 7 (AP)—It was learned on reliable authority today that conversations looking toward a nonaggression pact with Soviet Russia now are in progress, although observers expressed belief they might be intended by Japan merely for effect abroad—particularly in the United States.

Champ Steer Brings \$1.35

CHICAGO, Dec. 7 (AP)—Lucky Boy, grand champion steer of the International Livestock exposition, today sold at auction for \$1.35 a pound.

The price paid for the handsome Hereford steer, raised in Texas, was only a dime above the depression low of \$1.25 which was paid in 1932. The 16-month-old steer weighed 1,320 pounds. It was owned by Mayfield Kothmann, 18, a 4-H club boy from Mason county, Texas.

The steer was purchased by Pfaltzer Brothers, a commission firm at the Union Stock yards, Chicago, for "the good of the industry."

Lucky Boy's sale price was \$2 a pound below that paid for Irene Brown's handsome Aberdeen-Angus steer last year which sold for \$3.35 a pound.

The Texas steer was the product of a pure blooded sire and an ordinary range cow.

ROY JOHNSTON, the auctioneer, from Bolton, Mo., had trouble getting the price paid past what he called the "depression low."

Test Further Confirmation Of Confession

Another Link Forged In Chain Of Circumstantial Evidence

Another link in the chain of circumstantial evidence pointing up the solution of the slaying of Assistant Chief of Police W. J. O'Leary here on Nov. 28, was forged in Austin Thursday.

Ballistics Test The state police laboratory announced Thursday afternoon that a ballistics test revealed a gun recovered from a lake near Sweetwater was the one used in the slaying of the Big Spring officer.

The pistol was recovered from a Sweetwater park lake after Rafael Comacho hung himself in a Weatherford jail, leaving a note declaring he shot the officer and tossed the gun into the lake.

Ranger Joe Thompson took the gun to Austin for the tests immediately after it was found Wednesday morning when three feet of water was drained from the lake.

Officers ruled out a woman's footprint, on which much emphasis had been placed, as having no bearing on the case.

Captains Named To Direct C. Of C. Member Drive

Selection of and acceptance by 12 captains was announced as another important development Thursday in plans for the annual chamber of commerce membership campaign.

The captains, together with three workers each will select to assist them, will participate in the public smoker held Monday at 5 p. m. on the eve of the membership drive.

Y. A. Merrick, who will head one group, announced that his captains will be Cliff Wiley, Joe Pond, J. L. LeBlou, Bill Tate, Dr. P. W. Malone and H. W. Smith.

The rival group leader, Pat Kenney, said that he had chosen these men to give Merrick's crew a drubbing: A. S. Darby, Nat Shick, C. L. Roden, D. D. Douglass and Dr. R. B. G. Cowper.

Judge Alters Charge In Maverick Case

SAN ANTONIO, Dec. 7 (AP)—Attorneys for Mayor Maury Maverick, charged with entering into a poll tax payment conspiracy, convinced District Judge Bryce Ferguson today that he should make several changes in his tentative charge to the jury on the law in the case.

Judge Ferguson said he hoped to have the final draft of the charge ready for submission by mid-afternoon. Attorneys' arguments to the jury were to be started immediately thereafter but perhaps will not be completed until tomorrow.

Holiday Cooking Hints

If you want to remove pecan nutmeats in halves, cover the nuts with boiling water and let them stand 15 minutes.

Here is a Christmas gift idea that will make a hit—bake fruit cakes in star-shaped moulds and give the mould along with the cake as a present.

If citron is very hard for the holiday cakes or cookies, soak it for 10 minutes in fruit juice, cider or milk, then cut it into small pieces.

For extra flavor in dark fruit cakes, use cider or spiced fruit juices for the liquid.

Be sure that the fruits and nuts are well distributed throughout your fruit-cake mixtures. Chop or grind them into uniform sized pieces and sprinkle them well with flour to prevent them from sticking together or remaining in one spot in the cake batter.

Sift spices with the flour so they will be distributed properly throughout the batter or dough.

Often it's the glass that gives the professional touch to your holiday cakes. So ball together 1 cup granulated sugar, 1-3 cup light corn syrup, and 2-3 cup water, until a soft ball forms when a portion is tested in cold water.

When steaming puddings always have the water boiling. It should come up to at least 2 inches from the top of the mould.

Church Budget Adopted At Ackerly

ACKERLY, Dec. 7—The deacons and laymen of the Ackerly Baptist church met Sunday afternoon to discuss the adoption of a budget by the church. The plans and outlines were drawn up and include building a parsonage for the pastor. Fire destroyed the laundry owned by John Stuart, who has been operating it here for several years, Wednesday morning. Equipment consisting of four washing machines, hot water heaters and stoves was demolished as was Stuart's windmill tower.

Mr. and Mrs. Jack West and Mr. and Mrs. Nick West of Lubbock were the Monday guests of Mr. and Mrs. Ernest West. Mr. and Mrs. Ed Criswell accompanied their daughter, Doris, to Abilene Sunday where she is enrolled in McMurry college. Mrs. Adams, who is enrolled at Gall Business college accompanied them. Both girls had been visiting their parents over the holidays.

Mr. and Mrs. H. B. Hardin held an auction on their place Tuesday. The Union Thanksgiving services at the Methodist church were well attended last Thursday. The church voted to make these services an annual affair to be held at the Baptist church each Thanksgiving.

Mr. and Mrs. Jack Myles of Plainview and Mr. and Mrs. Shafer of Paducah were the weekend guests of Mr. and Mrs. R. B. Myles. The P. T. A. met Thursday for the regular meeting at the high school to discuss spiritual grace.

Claims Expulsion Because Of Writings About Grid Team

TEANECK, N. J., Dec. 7 (AP)—A young sophomore at Bergen Junior college contended today he was expelled because school authorities disapproved of his newspaper stories about the institution's football team.

President Charles A. Littell asserted, however, that Warren Reichert of Maywood was dismissed yesterday because of his "insolence and abusiveness" when Littell and Dean Elwell F. Kimball were "just cautioning him, trying to show him he should have a little loyalty to the school."

Dr. Littell added that the student, who didn't receive any pay from the college, explained: "You don't pay me, so I'll write just as I please." Reichert quoted Dr. Littell as saying he could continue as a student only if he wrote more favorably about the college than he did about last Saturday's scoreless football tie with Manhattan college freshmen.

Bergen Junior remained undefeated, Reichert had written, "but part of the glory is gone." Dr. Littell said: "We are very much in favor of proper criticism but we don't think it comes in this form."

FOUND—IN JAIL
ASHEVILLE, N. C., Dec. 7 (AP)—A man here was reported missing, so city and county officers broadcast a call to their patrol cars to be on the alert. Soon afterward he was found in the city jail.

War, lack of jobs and racial antagonisms head the list of items about which high school students are most concerned, according to a recent Y.M.C.A. survey.

Holiday Workers Advised To Get Social Security Card In Advance

SAN ANGELO, Dec. 7—Persons who expect to work temporarily in stores, shops, and other business establishments during the holiday season were urged by W. O. King, manager of the San Angelo office of the social security board, to assure themselves that they can produce their social security account numbers before making application for employment.

"Those who have not already done so should equip themselves with an account number because many employers now require account numbers to be recorded before the worker may start on the job," King said. "Duplicate cards should be requested by workers whose originally-issued cards have been lost or destroyed." Employment in seasonal businesses such as turkey picking, pecan shelling, and part-time work usually is covered by the law. It was pointed out that the fact that workers are employed on a temporary basis does not exclude them from participation in the old-age and survivors insurance program. Generally, any employment in the fields of commerce and industry is covered. Wages received for such work are counted toward old-age and survivors insurance.

"Employers should request all employees to obtain account numbers promptly, and make a record of them since each employer is required to report each three months the name of each worker, his number, and amount of wages paid him," King said. "Application forms, available in San Angelo at the social security board office, and elsewhere in this area at postoffices, should be filled out and returned to the social security board, 412 Rust building, San Angelo, Tex. To those who

apply at the office personally, are issued an account number in just a few minutes. Account cards are forwarded for applications received by mail on the same day they are received, provided they are properly executed."

It was explained that persons who already have established social security accounts should not apply for another. King emphasized that a worker keeps his one social security account number, reporting it to each of his employers, through his working lifetime, regardless of the number of firms by whom he may be employed.

CLERICS URGED TO MAKE GOOD SOLDIERS

VATICAN CITY, Dec. 7 (AP)—Pope Pius XII today called on priests and clerics who are under arms to fulfill their duties as soldiers in an exemplary manner. The pontiff issued an apostolic exhortation in which he urged the members of the clergy who are soldiers to observe "especially strict" conduct "in the field of morals."

DEWEY, STARTING CAMPAIGN, TURNS TO FARM PROBLEM

MINNEAPOLIS, Dec. 7 (AP)—Thomas E. Dewey probed down to the roots of the farm problem today, seeking facts and suggestions to use in his drive for the republican presidential nomination. He opened his campaign last night with a blast at new deal "defeatism," and today continued it with a conference with a dozen of the state's top ranking farmers and farm organization leaders.

The New York district attorney hinted at the trend his investigation would take when he mentioned the drought and southern competition with northern dairy interests as two important questions. Dewey and his advisors awaited the repercussions from his keynote speech last night, when he declared that "government hostility, repressive taxation and economic quackery" have stifled American enterprise.

The Farm Program

For years there has been talk in the congress and most legislatures about "doing something for the farmer," but until the present administration came into control, talk was practically all that was done.

With the low prices the farmer received for his products and the high prices he and most everyone else had to pay for what he bought, under the protective tariff which United States has fostered, the farmer wore out his land because he was not able to fertilize it or treat it otherwise as land should be treated.

The program now in use provides for the farmer who conserves the land like it has heretofore provided for the manufacturer in the form of protective tariffs. It gives the farmer a chance to get back on his feet and receive something near a fair return for his labor.

The Farm Security administration is also getting some good farmers on their feet and will assist more and more as rapidly as the work can be done. Those in the Big Spring area who have been assisted and advised are examples of the value of this work and nothing that has been done is more worth while.

The government's program with the farmer is not charity—it is simply recognition that farming is the basis of our national prosperity, and though it is a laborious and bringing results.

Man About Manhattan

NEW YORK—He was earning one hundred and twenty-five dollars a week, and he walked in one day and quit, because the money didn't mean anything to him anyway, and there were some other things he thought he would like to do.

When the drawing was completed it was submitted to the art editor, who was delighted with the high quality of the work. "Just one little thing," he said, "I wanted an engineer here, by the bumper, lighting his pipe, or wiping his face with a handkerchief, or something."

"Oh, no," said my friend, "if this is a broken-down-rusty engine, there wouldn't be an engineer there."

"But it's my drawing, and I'm paying for it, and I want an engineer," protested the editor.

"Then get somebody to put him there, because I won't," replied this artist, walking out.

That isn't a pose. That's just the way he is. He may be accounted odd by those who have only a slight acquaintance with him, but to me he is the only man I know who is fundamentally and altogether 100 per cent honest. He is twenty-seven. In some things he is almost naive. In others he's a thousand.

One day several of us—Don Flowers was there, I believe—were having breakfast in a quick lunch wagon near the East River. Somebody recited a joke. Everybody laughed except this man, who deadpanned us until the story was told.

Then he got up and said, "Don't tell me any more stories like that. They aren't funny." And he went out. That's just the way he felt at the moment. It wasn't a pose.

Not long ago he filed a steady stream of telegrams to a friend in Chicago. This friend was flying back to New York. "Remember Knute Rockne," ran one wire. "Remember Will Rogers." "Remember Wiley Post." "Remember who had ever died in a plane wreck and who was of importance was cited. He thinks anyone who rides in planes is crazy. Perhaps that is the natural reaction of one who is fascinated by trains.

In any case, he has just been assigned to do three sketches a week, depicting sporting figures, at a handsome fee. The first series will deal with hunting. But I know when the editor says, "Have the hunter with the gun across his shoulders," he will say, "Oh, no, it doesn't belong there. It should be hanging against that tree."

And if the editor gives him an argument, I have no doubt that he will turn on his heel and walk out. Dead men tell no tales, but the live ones make up for them.—Greenboro Herald-Record.

Washington Daybook

WASHINGTON—Yankee statesmen see really solid ground under the widely discussed plan for a European federation based on economic factors rather than on a purely political basis.

Chamberlain hopes Chamberlain's speech sounded for a paragraph or so as if he had his eye on Secretary Hull.

OFF-TRIED EUROPE Europe has been looking for a federation of some sort for a dozen generations. The Catholic church tried for several hundred years to fend off the break up into little nationalities.

At the Congress of Vienna in 1815, Prussia, Russia and Austria set out to preserve the status quo in Europe and even in the Americas by the "Holy Alliance."

Hollywood Sights And Sounds

HOLLYWOOD—They're remaking "Bill of Divorcement." New faces, new director, new treatment. Katharine Hepburn is a stage star now, John Barrymore is disporting himself in Chicago for a seemingly indefinite run of his play, Billie Burke, who was very serious in that old picture, has returned to twittry flutters for the screen.

The roles count heavily, too. Just another ingenue, and none too interesting, was Bette Davis until "Of Human Bondage." What she had done until then was of no consequence, because the Davis of that picture was a brand-new "discovery."

The apparition of Hedy Lamarr in "Algiers"—so fraught with promise as yet unfulfilled—was the same old story with unhappy variations: a public excitement so great, and so over-fed on Lamarr jokes, that her eventual new appearance needed to be a hundred times more satisfying than "Lady of the Tropics" to save her from panning. (Private theory: Hedy took another look at "Lady" and decided to call off her strike.)

There's no movie thrill quite like it—this sighting of new personality or talent. And that goes whether it's a first view of a little girl who sings and becomes famous as Deanna Durbin; of a little tyke with curls who, you learn, is Shirley Temple; of a brat with bangs who can be identified as Jane Withers; or of a personable rodent billed as Mickey Mouse.

Roosevelt won't tell whether he plans to vacate the White House in 1941. Usually, under the law, only 30 days' notice is required.

Govt. Protects Its Rights On All Shipping

WASHINGTON, Dec. 7 (AP)—State and treasury department officials indicated today that the government intended to protect its rights under international law even though this course might mean expense and delay to American shipping lines.

The system was designed to expedite the flow of American commerce through the British controlled canal to neutral countries. There were reports that some shipping lines, anxious to avoid the expensive delays involved when their vessels were ordered into port for inspection, would refuse to accept unannounced shipments.

Officials said today that the law had been quoted specifically to one company, and that others would be warned if they declined to accept unannounced cargoes. If shipping lines should still require navicerts on all shipments, it was said then their vessels would not be allowed to leave American ports.

Ship owners have contended that such delays may bring spoilage of cargoes, and injure the whole American merchant marine by making its delivery schedules undependable.

Questioned about the situation officials called attention to a state department declaration that it could endorse no principle involving the sacrifice of American rights under international law. They

said this position would be maintained even though it might prevent shipping lines from cooperating fully with the navicert program.

FACES TRIAL BROWNSVILLE, Dec. 7 (AP)—Dr. John C. Watkins, health officer of Harlingen, will go to trial tomorrow before Federal Judge James V. Allred on narcotics charges. Dr. Watkins was arraigned yesterday and pleaded not guilty.

Yule Shopping Really A Task In Germany

NEW YORK, Dec. 7 (AP)—And you think you have Christmas shopping problems? Be glad you're not in Berlin. John Raleigh, a National Broadcasting representative in the German capital described his Christmas shopping expedition in a short-wave broadcast today and said the most appreciated gift in all Berlin would be a pound of coffee—but that was out of the question. There are toys aplenty in this most of them are of a military nature-making country, he said, but there. Of food and other necessities, Rawley added, the supply is limited. Raleigh wanted to buy a necktie for a friend. He discovered that would take three 'permission' slips out of a book of a hundred which must last him a year. Candy came to Rawley's mind next, but he had long since had the one-half pound which was his quota. Gloves and handkerchiefs require permission slips and so does almost everything else except household furniture and fixtures. The German newspapers, he said, which usually carry many pages of Christmas advertising, are almost barren. Even with extra food allowances for the Christmas season, he said, the festive boards in Germany this Christmas will be 'pitifully laden.' There will be no meat, perhaps some extra dried peas or beans and perhaps a little gingerbread.

GOP'S SEEK TO WIPE OUT PARTY DEFICIT

WASHINGTON, Dec. 7 (AP)—Twenty republican leaders, anxious to start the 1940 campaign with a well filled war chest, gathered here today to discuss a three-month drive to wipe out a \$700,000 deficit left over from the unsuccessful 1938 presidential race. 'We are going to try to get this deficit out of the way before the next campaign starts,' said Rep. Martin of Massachusetts, the house minority leader.

Santa and the TALKING DOLL by SIGRID ARNE

Chapter Four SANTA'S VISITOR

Santa had dozed off by the time it was midnight. His long, carved ivory pipe lay on the hearth by his feet. There was no light but the pink-red glow from the fireplace. Shadows danced about the walls as the flames in the fire reached up and fell back. In the far corner a great clock ticked. Then the chimera began to strike twelve. 'One—two—three—' Santa started up. 'Now what—where—oh, yes. I'm waiting to see the new doll.' He peered through the shadows to the foot of the huge Christmas tree that stands in the middle of the Toyshop.

There over the hills came a graceful young man.

There he saw a light shadow begin to move. It came toward him. It was the new doll, walking and smiling. She said, 'You see, now midnight is here, and the world sleeps. I can help you while away the hours.' 'My soul,' said Santa rubbing his eyes. He felt as though he must do something, so he bowed, and pulled up a tall chair for the doll. She thanked him and sat down. 'My soul!' said Santa to himself as he sat down. The two looked at each other, but the doll said nothing. 'Finally Santa said, 'Well, what shall we talk about?' 'As you say, Sir, I am made to be a companion,' said the doll. 'The Doll Talks.' 'That's so,' said Santa. 'Well, I'll tell you what's worrying me. Year after year I keep working away to make presents for children. But it seems to me there are times when people down in the world all look so unhappy. Even the children. My gifts seem to do no good. What would you suggest?' The doll stared into the fire. Then she spoke: 'You know I am new and know very little. But today I watched and it seems to me that people and dolls and fairies smile easily over little things. Not over big things. Is there no way, in the world of which you speak, to give people little pleasures?' Santa tugged at his beard and thought. Then he smiled: 'You are right. It never occurred to me before. But the leaders of men are all so busy trying to secure great riches that their people are unhappy. It's wrong. I just remember a little village I loved long ago. Each night at sunset the people met on the lawn in front of the church and danced until the moon came up. That dancing was a little pleasure.' 'What has become of it?' asked the doll. 'Oh, one man stronger than the rest laid out great vineyards on all the hills and promised the villagers riches if they worked hard in the vineyards. So they have done for centuries. But they work so hard they are too tired to dance. They go to bed with worry and toes, all night and get up just as tired. What could I do for them?' The doll rose and walked slowly to a shelf. She reached up and took down a flute and brought it to Santa. 'A Strange Sound' 'This,' she said, 'was played when you had lunch today. Re-

member how you all sang? Could you give all the people in your village flutes? Then at night, if they are too tired to dance they could at least sing, sitting on their doorsteps.' Santa smiled and hit his knee 'slap' with his hand. 'Fine! Fine,' he said. 'Why didn't I think of that? How did you think of it?' 'I don't know,' said the doll. Then they heard a strange sound.

Finnish-Americans Go 'Home' To Join Army Against Reds

HELSINKI, Dec. 7 (AP)—Two hundred and thirty Finnish-Americans, some of whom never before have been in Finland, arrived today to enlist in the Finnish army to fight against Russia. A spokesman for the group said they left New York as soon as they learned Finnish independence was threatened. They sailed for Norway, and then journeyed by train across Sweden to Helsinki. News of the Russian invasion reached them as they were waiting in a railroad station in Sweden. When they boarded their train they offered the conductor money for every minute cut off the regular schedule, the spokesman said. The group expects to be sent to the north central sector of the front. More Finnish-Americans will follow as soon as possible, they said.

Britain Using New 'Secret' Weapon

LONDON, Dec. 7 (AP)—A suggestion that Britain was employing a new secret weapon against German warplanes was contained in the Sketch today. The newspaper said the secret weapon was believed to have brought down a German plane which crashed at sea yesterday off the Norfolk coast. 'No official announcement can be expected for some time,' it said, 'but there are very good reasons for the claim being made. Last night the nazi raider had met its doom through a weapon of which Britain has never boasted.' Nature of such a weapon was not disclosed, and official sources declined comment. Most papers speculated that the plane crash resulted from a mechanical failure.

KIDNAPED CHILD IS FOUND UNHARMED

PARSONS, Kan., Dec. 7 (AP)—Seven-year-old Betty Lawrence was restored unharmed to her parents today, her kidnaper who held her for five hours was in an unannounced jail and the bitter feeling that flared against him had subsided. The child, dragged from the yard of her home about 5:30 o'clock yesterday, was found unharmed in a rooming house shortly after 10, captive of a 27-year-old farmhand; officers said was mentally deranged.

SUB AT LARGE

LONDON, Dec. 7 (AP)—The Polish submarine Wilk (Wolf) has escaped from Baltic waters and joined the British navy along with the submarine Orzel, the admiralty said today. Lyndel Ashley, 601 Gregg street, 18-year-old son of Mr. and Mrs. F. C. Ashley, underwent an emergency appendectomy at the Big Spring hospital Wednesday evening. His condition was reported satisfactory Thursday afternoon. Miss Jean Hostetter of Abilene was in Big Spring Tuesday, the guest of friends. She has been attending Draughton's Business college in Abilene. There is no such thing as a tame honeybee, according to scientists. WANT TOURIST FEE ABOLISHED IN MEXICO

MEXICO CITY, Dec. 7 (AP)—The Federation of Chambers of Commerce today had requested Cardenas, now on an inspection tour through southeast Mexico, for a public statement announcing that Mexico has abolished fees on tourist cards. Meanwhile the interior department made public today figures which show that a total of 10,856 tourists entered Mexico during September as compared with 6,105 for the same month in 1938. Of the total number of tourists who entered Mexico this year, the report said, 9,508 were Americans.

SADLER SILENT ON HIS RETURN FROM WASHINGTON

AUSTIN, Dec. 7 (AP)—Railroad Commissioner Jerry Sadler returned today from Washington. 'No news,' he said. 'I saw the Smithsonian Institution for the first time.' Sadler declined to state whether he had conferred with President Roosevelt or other officials on proposed federal regulation of oil production which the Texas commission opposes.

CARPENTER AND WIFE HELD IN SLAYING

ST. PETERSBURG, Fla., Dec. 7 (AP)—A 56-year-old carpenter and his wife were held today in connection with the slaying of Mrs. George E. Mosher, 45, whose body was found yesterday with head beaten, mouth gagged and a dog leash knotted about the neck. Constable Todd Tucker declared I. E. Hawley admitted killing the woman with a hammer in anger at a remark she made after he picked her up in his automobile Tuesday night.

Colorado C-C Has Annual Banquet

COLORADO CITY, Dec. 7.—Colorado City folk turned the pages of the calendar, as far as their chamber of commerce work is concerned, as they gathered Wednesday night for the organization's annual banquet. A review of accomplishments during 1939 was given by Dr. W. S. Rhode, outgoing president, while Dr. R. D. Bridgford, the new leader, outlined aims and objects for the next year. Biggest single achievement during the past year, Dr. Rhode said, was the cementing of friendship between Colorado City business men and Mitchell county farmers, and recalled a series of rural-urban get-togethers that had worked wonders for civic spirit. Principal speaker for the program, attended by about 200 was Harry Hines of the state highway commission, who cautioned against a community's setting up too many objectives 'beyond its resources and capacity,' and advised that civic organizations select a limited number of worthy objectives 'worthy of our energy,' and carry these to full fruition. He was introduced by C. C. Thompson, banker and attorney who presided as master of ceremonies. Honor guests included Mr. and Mrs. I. H. Werny of Fort Worth, former Coloradans, he the first city attorney here-back in the '80's; Charles Adams, a pioneer who still boasts for Colorado City; H. B. Spence, former C-C manager who is now secretary-manager for the new Permian Basin associa-

Stamps Will Be Display Here When Philatelists Meet

Members of the International Philatelic association hosts to the district No. 1 meeting of the state association, said Thursday that they expected a large number of stamps to be on display when stamp collectors from mid-West Texas converge here this weekend. Prospects are that there will be more than 100 frames entered by collectors. Awards will be given in all classes by the host club. Stamp collectors from Big Spring, Midland, Sweetwater and Abilene are due to be here for the two day meeting which will feature a banquet, two auctions with W. H. Perry as auctioneer and a continuous session of hours (exchange).

HELP KIDNEYS PASS 3 PINTS A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and remove waste matter. If these tubes become clogged, waste matter accumulates in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent urination, passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Deane's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Deane's Pills.

The Sports Parade

BY HANK HART

In winning four of ten games played the past season, the Big Spring high school football squad didn't have to take a statistical beating. In fact, the Bovines even boasted a slight advantage in first downs and yards rushing in the season's play.

The Big Springers, despite a last game stymie tossed at them by the Sweetwater Mustangs, rolled up 100 first downs to 96 for the opposition, compiled 1850 yards in running gains to 1815 for the 10 foes.

Completing 40 of 124 passes thrown, the Murphymen rolled up 411 yards in aerial advancements to 413 for the opposition, realized in completing 26 of 110 passes.

The records show that the Steer backs fumbled no less than 45 times during the course of the season but made recoveries 18 times. The opposition fumbled 30 times and the Steers were able to wrestle successfully for 21 of those.

The Longhorns were penalized a total of 285 yards for 78 more than their foes.

Harold Bethell roved, of course, the biggest offensive threat the locals had to offer. In 106 running plays, the wronghander gained a total of 773 yards, an average pickup of 7 1/2 yards.

(These figures, as are all the other individual statistics, are exclusive of the Mineral Wells game, on which no records are available.)

Bethell also completed eight of 17 passes for total gains of 105 yards. He had three of his heaves intercepted.

He punted 75 times for 2,885 yards, an average boot of 39 yards, caught 9 passes for gains of 96 yards, returned 21 enemy punts for a total of 360 yards, an average runback of 12 yards, returned three kickoffs for 41 yards, an average gallop of 11 yards and fumbled seven times but made recoveries on six different occasions.

Statistics compiled on other players:

YARDS RUSHING
Owen Brummett—149 yards in 52 tries, three-yard average.
Johnny Miller—309 yards in 66 tries, five-yard average.

Bobby Martin—243 yards in 70 tries, 3 1/2 yard average.
Tabor Rowe—31 yards in 15 tries, two-yard average.

Horace Bostick—11 yards in three tries, four-yard average.
D. R. Gartman—226 yards in 31 tries, three-yard average.

Pete Presley—four yards in two tries, two-yard average.

PASSING
Miller—tried 32, completed seven for gain of 119 yards, had six intercepted.
Martin—tried 65, completed 22 for gains of 251 yards, had seven intercepted.

PUNTS
Miller—seven times for 187 yards, 27-yard average.
Martin—once for 25 yards.

PASS COMPLETIONS
Bobby Savage—11 for 152 yards.
Brummett—five for 40 yards.
Jack Graves—two for 20 yards.
Rowe—two for seven yards.
Bostick—one for 12 yards.
Gartman—five for 32 yards.
Miller—two for 32 yards.
W. E. Davidson—once for 18

Porker Guard Had Occasion To Stop Game

It's Not Every Day That Money Can Be Picked Up

By BILL WHITE

NEW YORK, Dec. 7 (AP)—There is a caustically-critical comment that has burned many a college football player's ears—"They ought make that guy pay to get into the game."

"They" almost did this year in one of football's funniest happenings.

Sharp-eyed critics, answering the Associated Press' call for football oddities, came up with many an amusing incident, but the fate that befell Milt Sullivan of Kansas U., who arrived late for the Nebraska game, tops them all.

He was whisked from the airport to the stadium by a cab driver who let him out at the wrong gate. He had to walk clear around the stadium, hopefully begging admittance at every entrance—and having actually to "crash the gate" when a sleepy-eyed attendant was looking the other way.

Sullivan's heroic attempts to prove to the gatekeepers that he was a player apparently weren't as convincing as the explanation offered by guard Milt Stimpington of Arkansas who was asked why he left his defensive post in the heat of battle, walked some 40 yards away and picked up a quarter he saw there. "Well, I wasn't needed right then," he said, "we were knocking down all S.M.U.'s passes anyway."

Wasn't Aware
Benny Bulvin of Georgetown gets the nation's sympathy. Injured on the first play after he went into the Maryland game, he doesn't recall anything of what subsequently happened—which included his passing for a touchdown and kicking the extra point. Now his coach has threatened to "tap" him with a hammer just before sending him in.

Les Stanczyk of Columbia, in the Navy game, got the ball, kicked lustily—and missed the pigskin completely. Navy got the ball deep in the light blue's territory. So Stanczyk's face was red but probably no more so than those of the combined Washburn team's faces on being victimized by the Washington U. team of St. Louis. It happened this way:

Dutch Lutz, quarterback, tried to run but was trapped behind the line. In desperation he saw a fellow player behind the Washburn goal and threw the ball. The man in the end zone was guard Bob Allen, who promptly caught the ball, and it was scored as a touchdown.

Since Washburn failed to notice this rule infraction, Washington gained six richly undeserved points. Washington immediately substituted four players, one of them for Allen, so Washburn couldn't check up on Allen's eligibility.

SOUTHERN METHODIST
WACO will drop Breckenridge. WOODROW WILSON should shelve Masonic Home.

SULPHUR SPRINGS can stop Sherman but there may be a surprise here.

AUSTIN will have no trouble with Brownsville.

ELECTRA should hop Lubbock. AUSTIN (Houston) is much stronger than South Park (Beaumont).

SWEETWATER can handle El Paso High with ease.

TYLER isn't looking for any trouble in Nacogdoches' direction.

HARMON'S LEAD IS THREATENED BY WASHINGTON

KAY EAKIN

SEATTLE, Dec. 7 (AP)—Saturday's football game between Southern California and the University of California at Los Angeles will decide something more than the West Coast Rose Bowl defender.

It should decide whether Kenny Washington, U.C.L.A.'s great negro halfback, will capture honors as the nation's leading ground gainer—by land and by air—for 1939.

American football statistical bureau records showed today that Washington now ranks third behind Tom Harmon of Michigan, and Kay Eakin of Arkansas, both of whom have finished their seasons.

If Washington has a good day against the powerful Trojans he has a chance to slip into the top slot.

Harmon's 1,356 yards from passes and rushing still ranked him first. Eakin had a good day in his final game to climb within 14 yards of the leader, his total offensive yardage being 1,342. Eakin is the workhorse of the top 10, having figured in the most plays, 312; thrown the most passes, 193; completed the most passes, 78; had the most passes intercepted, 18, and gained more yardage through the air than any other grid pitcher—970.

Figures for Washington's rushing efforts against Washington State last week are still lacking, but his passing figures give him a total offensive figure of 1,199 yards. In the individual rushing John Poinard is first, gaining 822 yards in 10 games. Michigan's Harmon is second with 868. Eighth is Jack Crain, 662. D.U.C., 571.

Those ranked after Eakin as passers, with their numbers of completions, included:

"Rusty" Cowart, T.C.U., 52, sixth; Ernie Linn, Rice, 50, seventh; and Marion Pugh, Texas A. and M., 43, ninth.

Don Looney of T.C.U. is the top pass receiver, grabbing 29 for 413 yards.

"SORRY" PAPERS
WILSON, N. C., Dec. 7 (AP)—A man jailed on charges of assault and battery with a deadly weapon summoned Deputy Sheriff J. W. Woodward and told him, "I'm ready to sign those sorry papers now."

"What do you mean?" asked the officer.

"I mean those papers that say I'm sorry I done it."

Dallasites Are Favored Over Mighty Mites

To Outweigh Masons; Waco-Breck Game May Decide Champ

By HAROLD V. RATLIFF

Associated Press Staff

The giant-killers of Texas schoolboy football—Masonic Home's little rascals—make another of those celebrated "last stands" this week.

They've been making them for years.

Eight years ago the Masons got into the top division of interscholastic league football. Five times they have won the district title; three times they've reached the semi-finals; once they've gone to the finals.

Saturday they meet the Woodrow Wilson Wildcats, an aggregation ranked with the three top teams of the state as sixteen district champions square off for the first round of title play.

Woodrow Wilson has everything—weight, speed and one of the finest passers in schoolboy history in Ed Maje.

Masonic Home does not have a single starter from last season's semi-finals but it does have the best passing record in the state—126 completions for 1,800 yards in nine games. That's 14 per game for an average of over 176 yards.

Woodrow Wilson will outweigh the Masons 15 to 20 pounds to the fan.

Nevertheless a big portion of the fans will be riding with the Masons as they battle the Wildcats in a game expected to produce a semi-finalist in the state playoff.

This game shares interest with the Waco-Breckenridge tilt this Friday. Waco, picked by most of the critics as the team to beat in the finals, meets a rugged Breckenridge outfit that has not been defeated this season. Waco, however, recovered from an early season loss to Woodrow Wilson to roll up the state's highest scoring mark, winning its district title with ease, whereas the Buckaroos were tied by Mineral Wells.

Waco and Breckenridge play Friday and Masonic Home and Woodrow Wilson Saturday.

In other Friday games Electra goes to Lubbock, Sherman to Sulphur Springs, Tyler to Nacogdoches and South Park (Beaumont) to Austin (Houston), while Saturday has Sweetwater playing El Paso High at El Paso and Austin meeting Brownsville at Brownsville. The South Park - Austin (Houston) and Austin-Brownsville games are night affairs.

Favored to win are Electra, Sweetwater, Sulphur Springs, Tyler, Austin (Houston) and Austin.

Basketball Parley To Begin At 7:30

H. F. Malone, city recreation director, will act as chairman at tonight's open basketball conference at the city hall when plans will be discussed toward the formation of an independent cage league.

At least six and possibly eight teams are expected to be represented.

The league functioned successfully as a part of the recreational program last winter. Several of the teams who competed for the championship last season are back for another try this year.

Teams definitely assured of membership are Phillips Tire company, Montgomery Ward, Coahoma, R-Bar and Vaughn's Sweet Shoppes.

The parley will get underway at 7:30 p. m.

COTTON BOWL OPPOSITION FOR SOONERS IS HUNTED

By AUSTIN BEALMEAR

NORMAN, Okla., Dec. 7 (AP)—Coach Tom Stidham of Oklahoma's Sooners want to see a man about a football game today and if his luck holds out he may toss his club into the Dallas Cotton Bowl against an eastern opponent New Year's Day.

"Who? Us?" the surprised Sooners chorused when Dallas promoters invited them to be hosts at the Cotton Bowl party, evidently forgetting that Missouri and Nebraska whipped Oklahoma on successive Saturdays and finished ahead of the 1938 champs in the Big Six race.

As soon as a quorum had recovered from the shock, the players decided to accept if it was all right with everyone concerned.

Before they can engage in such post-season hostilities, big Tom must win approval of Dr. W. B. Bizzell, university president; the athletic council, the board of regents, and the Big Six.

Conference officials already have approved Missouri's participation in the Orange Bowl game.

Promoter Curtis Sanford, who announced in Dallas that Oklahoma would be the host team, said the other club would be chosen from Boston College, North Carolina, Clemson, Duquesne and Mississippi State.

Eligible players are Harold Bethell, D. R. Gartman, Johnny Miller, Bobby Martin, Bobby Savage, W. E. Davidson, Douglas Fyle, Bill Fletcher and Hal Battle.

Visiting Fems To Compete In Golf Tourney

Women from Odessa and Midland will compete along with Big Spring golfers in a one-day golf tournament at the country club Friday.

From Odessa will come Mmes. Bucklin, Sweeney, Sewell, Ross, Irvin, Tucker, Turman, McMillin, Billon, Ellis, Autry, O'Neill and Shows, while Midland will supply Mmes. Dozier, Stacy, Hamilton, Harkrider, Nix, Alesher, Thurman, Moberly, Riley, Turman, Laskamp, Hirst, Van Hoon, Minear, Rush, Stover, and Henderson.

Mmes. Autry, O'Neill and Shows of the Odessa corps and Dozier, Stacy, Hamilton and Harkrider of the Midland visitors are rated the outstanding threats.

Included among the local golfers who will play are Mrs. Harry Stalcup, Mrs. Obie Bristol and Mrs. Alice Phillips.

Daniel Plans For 2 Games Next Week

So much enthusiasm has been shown in high school basketball here the past week, Coach John Daniel indicated he would have to cut the squad within a few days.

More than 40 boys have been reporting to the mentor since he opened the drills Monday.

Pending action to be taken on a proposed District 3-A cage league, Daniel busied himself lining up a practice schedule for the Steers. He will probably arrange for two games next week.

The Bovines will oppose George Johnson's House of David Bearded Beauties in the local gym Thursday night, Dec. 21.

Bobby Savage, C. B. South and Bobby Martin are the only regulars of last year's squad who have returned for another season of play. Competition for the other starting berths is expected to be fierce but the leading candidates appear at the present to be Raleigh McCullough, former Moore star, Blake Talbot, Billy Ward, D. R. Gartman and Peppy Blunt.

Others reporting for practice include Tabor Rowe, Billy Shaw, Johnny Miller, David Lamun, Ralph Steward, Bobby Mann and Jack Woods.

GARNER TO PLAY MOORE SATURDAY

GARNER, Dec. 7—Coach T. J. Turner will send his Garner quint into action here Saturday evening against the Moore cagers.

The Hill Billies defeated the Moore crew in a practice game recently.

The Garner gym is being repaired and is having electric lights installed.

MOORE WINS AT LOMAX, 17 TO 1

LOMAX, Dec. 7—The Moore junior and senior boys' basketball teams invaded the Lomax gym Tuesday evening to play teams from Valley View, winning both games.

The seniors, led by Delbert Schultz, copped a one-sided game, 17-1, while George Brown paced the juniors to an 8-5 triumph.

Aggies Start Bowl Drills

Farmers Wanted To Meet Tennessee But Negotiations Failed

By FELIX R. MCKNIGHT

DALLAS, Dec. 7 (AP)—Money, marbles or chalk.

Play 'em in the Brazos river bottoms or out in Aunt Agatha's back yard.

That was the attitude of the unbeaten Texas Aggies towards Tennessee before negotiations for their "battle of the century" in Dallas Cotton Bowl broke down.

The Aggies voted to go down and duel Tulane in the Sugar Bowl at New Orleans—and they think they have all they can handle there—but Tennessee was on their minds.

Nationally ranked in the No. 1 spot by sports writers in the Associated Press poll, the Aggies wanted to play Tennessee, ranked No. 2.

The feeling was unanimous when the squad met to discuss bowl offers, that Tennessee was the game. Not until after Dean E. J. Kyle, chairman of the athletic council, explained the barriers to the Dallas game did the Aggies give up hope.

Of necessity forced to set a deadline on the Tennessee matter, the Aggies waited until that deadline passed and then voted unanimously to play Tulane. The monetary angle—\$85,000 to each team if they played in Dallas—was secondary, Aggie officials insist.

Approved Game

To keep the records straight, let it be said that the Aggie athletic council approved the Cotton Bowl game and accepted the offer—contingent upon Tennessee's acceptance. The Aggies were ready to play in Texas; wanted to.

Dean Kyle stressed that the final decision rested with the players themselves, but added that the school felt its obligation was to the Texans who had supported the team over its regular schedule.

To wait until Saturday night for Tennessee's answer would have been taking chances. The Aggies had been invited to the Sugar Bowl and had their own deadline on that answer.

Too strong was the possibility that Tennessee after putting off the Aggies until Saturday, would then accept an almost certain Rose Bowl bid. Tennessee, however, played its cards straight up and on the table all the way, keeping the Aggies advised of its intentions.

No one blames Tennessee for hesitating. A Rose Bowl bid is still a Rose Bowl bid. The Aggies would have done the same had they thought there was a likelihood of Pasadena beckoning their way.

Deep in the swirl of bowl matters came word from the coast that U.C.L.A. would invite the Aggies in the event they lick Southern Cal next Saturday. But there was another gamble—and the Aggies weren't gambling much. Not after winning 20 years for this day.

Training for the Sugar Bowl game will start on December 14. Time out will be taken for a Christmas holiday, but the squad will report back the day after Christmas and entrain for Louisiana some two or three days before the game.

The Aggies will have between 10,000 and 12,000 tickets for their fans. Ticket Manager E. W. Hooker will handle the sale at College Station.

Anderson Named Coach Of Year

NEW YORK, Dec. 7 (AP)—Dr. Eddie Anderson, head mentor of the University of Iowa's football team, today was named 1939 "Coach of the Year" in a nationwide poll conducted by the New York World-Telegram.

The one-time Notre Dame end received 48 of the 80 votes to become the fifth to be named to the high honor.

Dr. Anderson's first year at the helm of an Iowa team that finished eighth in the Big Ten in 1938 and second to Ohio State this year, was "universally acclaimed as an heroic job," the newspaper said today.

By HERB BARKER
NEW YORK, Dec. 7 (AP)—The Far West, boasting an unusual crop of strong small-college football teams, contributes three men to the 1939 "Little All-America," compiled by the Associated Press.

Of the remaining eight first-team berths, the South, East and Middle West contribute two each, and the Rocky Mountain and Southwest sectors one apiece.

For the most part, these small-college all-stars were scarcely known beyond their own immediate geographical territory but their records indicate they could hold their own in any football company.

In the backfield are Lloyd Madden of Colorado Mines and Sam Hammerstrom of Union (N. Y.),

college, two high-scoring who accounted for 227 points between them this season.

The center is Clyde Douglas (Buildup) Turner, great pivot man of Hardin-Simmons.

The team averages 191 pounds in the line and 184 in the backfield. Madden was the nation's leading scorer with 141 points in eight games.

At center Turner was a stand-out in the small college field. A steady snapperback and good offensive blocker, Turner attracted principal attention because of his outstanding defensive work.

Those receiving honorable mention included:

Ends—Honey, East Texas Teachers; Lockard, Trinity (Texas); Stimpington, Abilene Christian; Tackles—Cox, Abilene Christian; Dandy, Howard Payne; Young, East Texas Teachers.

Guards—Allen, Southwestern (Texas); Neal, East Texas Teachers.

Center—Bremer, Southwestern (Texas).

Backs—Barfield, Sam Houston; Barnett, Sam Houston; Goodlight, Hardin-Simmons; Hunter, Texas Wesleyan; Jones, Abilene Christian; Massey, East Texas Teachers; Mattingly, Texas A. and I.; McKinnon, Hardin-Simmons; Riola, North Texas Teachers; Riola, East Texas Teachers; Sandig, St. Mary's (Texas); Terrell, Howard Payne; Watkins, West Texas State; White, East Texas Teachers.

Conservation Dist. Election Authorized

The projected Martin-Howard soil conservation district was authorized to call an election for establishment of district lines and organization Wednesday by the state soil conservation board.

Similar authorizations were granted to 17 other districts in the state.

O. P. Griffin, county agent, was out of town Thursday and could not be reached for a statement as to when the election might be held.

The proposed district, previously approved by the state board following a hearing here, consists of the two counties but follows the Colorado and North Concho watershed divide across Howard, Glascock, Martin and Midland counties for the southern boundary.

Other developments at the state board meeting concluded in Temple after a three-day parley included the resignation of V. C. Marshall, Temple, as chairman to become state administrative officer in charge of the soil conservation program, appointment of Walter W. Cardwell, Lockhart, to fill his place, and the drafting of changes in the conservation law to be submitted to the next session of the legislature.

Pilot Training

will cooperate on all phases of the program.

The courses will be the same as those provided for colleges as provided under the special act.

Ground courses, said a dispatch from Washington Thursday, will be started at once. When they are completed, 10 students in each of the communities—including Big Spring—will be selected on a competitive basis in examinations to take flight training between April 1 and September 1 next year.

Women will be admitted without restriction in the ground courses, but only one will be permitted in each flying class of 10. That means one girl from Big Spring or this area may get the instruction.

Austin was the other Texas training point chosen, 20 students being permitted from Texas.

In order to qualify for a private pilot's license, students accepted will receive from 35 to 50 hours of federal government pays \$250 per flight training for which the student. Seventy-two hours of ground instruction are required, for which \$20 per student is allocated. The sponsoring organization may charge up to \$40 for the program, in order to defray necessary local expenses.

Elated at the news of Big Spring's designation, Malone, vice president of the chamber of commerce, chairman of its aviation committee and a flying enthusiast, said Thursday that local details will have to await definite and complete instructions from the CAA. The local sponsoring organization, to be designated soon, will publicize all available information as to applications, etc., as soon as it is received.

Services Held For Irwin Henderson

Funeral services for Irwin Henderson, tourist camp operator killed in an automobile crash early Wednesday, were conducted at the Nalley chapel at 3 o'clock Thursday afternoon with Melvin Wise, minister of the Church of Christ, in charge.

Mr. Henderson was killed instantly about 1:30 a. m. Wednesday when the car in which he was driving alone crashed into a culvert on the highway east of the city.

Born in Temple in 1887, Mr. Henderson had resided in Big Spring for ten years. He is survived by his wife, two brothers, and Lewis Henderson of Meadow; three sisters, Mrs. Joy Lindley O'Donnell, Mrs. Helen Askew of Brownfield and Mrs. Ruth Cross of Tahoka, and his father, Dec Henderson of Big Spring.

Burial was made in a local cemetery. Pallbearers were H. W. Billingsworth, Bill Harrison, Tom Currie, Buddy Martin, A. L. Rogers and S. M. Smith. Honorary pallbearers were John Christian, Frank Boyd, Jack Richards, W. D. Barnett, Joe Carpenter and Wesley Carroll.

WARNS AGAINST YULE SHOPPERS' BOGUS CHECKS

An appeal to merchants to be careful about taking checks from youngsters during the rush of the Yule season came from Carl Mercer, constable, Thursday.

In doubtful cases, he said, the car license number of the person giving the check should be noted on it. This would aid in the apprehension of any bogus check swindlers, he said in pointing out that it required two days to track down a man, with only a description to go on, who pleaded guilty to hot checking here this week.

THREE BEHEADED AS SPIES AND TRAITOR

BERLIN, Dec. 7 (AP)—The heads of two spies and a traitor fell today. All were convicted of serving the interest of Great Britain. Heinrich Peters was convicted of high treason yesterday, among the charges being one that he appealed to British and French diplomatic representatives here last summer for armed intervention in Germany.

Walter Israel Becker, of Vienna, a Jewish emigrant, and Herman Stetefeld were beheaded as spies.

CONVICTS' ESCAPE ATTEMPT FAILS

LANSING, Kas., Dec. 7 (AP)—Twelve convicts of the Kansas state penitentiary, whose attempt at escape late yesterday fizzled, were in punishment cells today.

All of them, classed as dangerous prisoners, were halted 100 feet inside the main wall before they had a chance to use two crudely made guns of their own handwork, several knives, hammers and clubs.

Four prison officers who had been taken as hostages helped subdue the convicts after Ralph Sanders, guard, fired a warning shot over their heads from his tower post.

War Action

(Continued from Page 1)

In the English channel today, six members of her crew were missing. All passengers and 48 members of the crew of 54 were rescued, according to information received by owners of the vessel, which was bound for the East Indies with a general cargo.

The message said the Belgian steamer Louis Scheid had landed 28 crewmen and six of the 14 passengers at Weymouth, England. All the passengers were Hollanders, among them several children.

COLLISIONS

HALIFAX, N. S., Dec. 7 (AP)—Loss of the 5,322-ton British freighter Manchester Regiment with an unannounced number of her crew and of the 4,607-ton British freighter Chancellor in collisions at sea was disclosed today with arrival here of survivors.

Both collisions occurred in "pea soup" fog.

The Manchester Regiment was rammed Monday by the 14,118-ton British passenger liner Oropesa, crew members said as they reached here aboard the Oropesa.

The Oropesa also brought 42 members of the Chancellor's crew. The Chancellor went down Saturday after being rammed by the British tanker Athelchief, and her crew were aboard the Oropesa when the Manchester was struck.

Mexico Kidnapers Sought After Two Victims Released

EL PASO, Dec. 7 (AP)—Mexican cavalry today searched the southern Chihuahuas desert, about 300 miles south of the border, for men who kidnaped two San Felipe ranchers and released them unharmed after demanding a ransom of 10,000 pesos.

Raymond Allison, 50, a British subject, and Charles Ginter, 30, Mexican citizen and a son of a veteran Chihuahuas cattleman, were released at 6 p. m. yesterday after being held 10 hours.

Troops under Col. Praxedis Guinero, military commander of the Camargo district south of Chihuahua City, started in pursuit of the kidnapers when the ransom note was received at the Ginter ranch, but the men had been released. They said their abductors "apparently got frightened."

WIRED FOR SOUND—A U. S. Customs guard adjusts the electric-eye alarm apparatus at the guard house on New York's Staten Island, where an intricate system of alarms and signals protects United States' only foreign trade zone. The five pierers of the zone's waterfront are thus protected; even a rowboat entering a slip will sound an alarm in the guard house.

MARKETS Wall Street

NEW YORK, Dec. 7 (AP)—Lead stocks overcame early selling barriers in today's market, and in the final hour, resumed the recovery push of yesterday. Closing gains, centering principally in industrials, ranged from major fractions to more than a point.

Many traders who got in on Wednesday's bulge, best since Oct. 17, cashed profits after an opening advance from then to the start of the last hour. Most of the preceding day's favorites were unable to get anywhere in particular.

Business news was all on the side of the bulls, and, with wheat futures shooting up to around the \$1-a-bushel mark and other commodities displaying forward inclinations, commission house customers took a more cheerful view of trends. Dividends and earnings helped brighten the picture. Tax selling provided a break. The European war dispatches again failed to unsettle sentiment.

New Committeemen For Scout Troop Are Installed

New committeemen for Boy Scout Troop No. 3 were installed in an impressive ceremony before the Kiwanis club, sponsoring organization, at the regular weekly luncheon Thursday.

Scouts from the troop furnished escort for Dr. W. B. Hardy, Dr. R. B. G. Cowper and Nat Shick, retiring committeemen, and for Clyde Waits and R. H. Phillips, incoming committeemen. The new leaders were given tenderfoot badges, turned upside down, until they do a deed which entitles them to turn the symbol up. Pollard Runnels was installed in absentia.

Earl McClure, Dallas, assistant regional scout executive, and S. P. Gaskin, Sweetwater, area executive, made short talks. Shick, who was in charge of the program, commented on a knot board prepared by Earl Scott, assistant to Jack Hodges, scoutmaster of the troop, and introduced C. S. Blomshield as district chairman. The program was prepared by Hodges.

Following the meeting, W. S. Morrison, district commissioner, Hodges, McClure, Gaskin, Blomshield and Shick held a parley on local scout problems.

Parade

(Continued from Page 1)

that he was on his way to Big Spring to greet all his young and old friends. After the procession winds through all the downtown district, Santa will distribute candy to the children in the alley between the Big Spring Motor company and the Texas Electric Service company.

Adding color and novelty to the parade will be the "storybook pageant," in which children of all city and county schools will appear in costumes depicting famed characters of the fairy tales, the comic strips, and the nursery rhymes. It was indicated Thursday that nearly every school in the county will be represented. Twenty six groups were entered from local schools.

A total of \$60 in prizes had been posted for storybook pageant contestants, as follows:

Most representative group depicting characters as outlined (\$10 and \$5 for first and second places; four prizes, with a city division and a rural division); most representative individual, \$3, \$3 and \$2 for first, second and third places (two division here also, with six prizes); for the school with the largest number of costumed participants, based on membership percentage, \$5; (two division again, with two prizes).

In addition to these school awards, prizes of \$5, \$3 and \$2, will go to the three largest families marching in the parade as a body.

Nazis Ponder Invasion Of British Isles

BERLIN (Correspondence of the Associated Press)—German military observers have been raising the question whether the British Isles, after 900 years of isolation, can be invaded by a foreign army. Many believe it is possible.

Taking up the battle cry of Adolf Hitler that "there no longer are any islands" in war, they declared that since the World War Britain has become part of the continent in a military sense.

Germany's air force has been one weapon that has changed the possibilities and shape of war between Britain and Germany.

In the Nazi view, air raids on the Firth of Forth and Scapa Flow prove that even the most distant tip of Britain is vulnerable to air attack. Germans say that this, in turn, has helped give Germany naval domination of the North sea because the British sea forces have been driven to cover by the aerial warfare.

Therefore, they conclude, Britain has lost her insular position.

A recent military analysis of the war in the Deutsche Allgemeine Zeitung discussed the question of an invasion of England.

"There is no divine law that an enemy may never again step on this island (England) of the 'chosen' people," the newspaper said.

"The possibilities of an invasion—a thought so often considered by experts with mild laughter—can change surprisingly fast. The future will tell whether an island extensively stripped of fighting forces still is impregnable today. The war will not be fought with rigid, outlived rules but with imagination and boldness.

"If England forces us to fight this war through to the end, then for the first time, after 900 years of isolation, it will directly experience the terror of a war. Nothing will save England from this fate—neither time, its fleet nor its gold."

Cosmetics And Perfumes Are Ideal Gifts

Maybe cosmetics and perfumes are gliding the lily but any lily that wouldn't want to be gilded with the latest cosmetics would not be smart this Christmas. Odors named for the hour of the day and the time of year are displayed in Big Spring stores this year and are suited for all personalities.

Tricky sets of three small bottles put out by one well-known perfumer hold a light outdoorsy smelling toilet water for morning wear and a sweeter scent for afternoon. The third bottle contains a more sophisticated perfume that ought to make a date wrinkle his nose in appreciation.

For the latest thing in water softeners, there are the torpedo shaped cubes that are placed in the bath water and effervesce. They perfume as they soften the water. After battling the water during the day, a reviving dip in the perfumed suds makes one feel like a lady of leisure.

Sachets have done a revival for the winter season and are put out by most of the cosmetic companies. They come in fancy shapes and sizes and in boxes to suit small budgets and large. These make nice gifts for those less intimate friends whose tastes are not as well known.

Fitted Cases
The fitted cosmetic case, the dream of most girls, is reproduced in many sizes and shapes this year. Some of them are large and in leather cases that cost a plenty. They are filled with everything from face cream to eyebrow pencil. Variations of these are in less expensive alligator cases with just the fundamental needs for make-up. Some are made with a large mirror that are made to slip in the pocket of a car and after a day of touring, the traveling Miss can freshen up before meeting her host and hostess. Others are made to hold just enough of cream, powder, rouge and lotion to last a weekend.

Other novelties in cosmetic lines are the Christmas bells with clappers that turn out to be real bottles of perfume. The bell is wrapped in cellophane and tied with mistletoe and a red ribbon. The price is low and if you feel spry, you can buy the twin bells.

Due to the war now in progress, imported perfumes are on their way out, at least for a time, and American manufacturers are ready to stand the acid test and provide as good domestic perfumes as Europe used to send across.

One original idea is the perfume that comes this year in a bottle that looks more like a vase and is trimmed on top with a colored nosegay of celluloid. It sets in a white satin cushion with a box that opens up like a door. It would be attractive on a dressing table even after the liquid is gone.

Another company, according to reports, has spent the last 10 years perfecting a perfume to suit a certain idea that they had in mind. After years of testing, trying, throwing out and starting over, they finally brought out their masterpiece. The only trouble was that it cost so much that most people couldn't buy it. This year the price is down and if you are a sultry, mysterious looking soul, or know somebody like that, this is perfect for a gift.

The winter scents are made to make you feel like a Christmas tree yourself and are put in such fancy containers that they catch the eye of both male and female. If you are sure of your girl, give her perfume.

DUTCH MOTORSHIP IS TORPEDOED
AMSTERDAM, Dec. 7 (AP)—Operators of the 8,159-ton Netherlands motorship Tajoandoe disclosed today they had received advices she had been torpedoed in the English channel.

(A lifeboat containing 28 members of the crew and six passengers of the Tajoandoe were picked up, advices received in London said.)

The operators announced there were 68 persons aboard the vessel.

The naval ministry was informed fire broke out after the ship was torpedoed. She carried a general cargo.

A Belgian ship picked up survivors in two lifeboats.

It was the eighth Netherlands ship sunk during the war and the second reported a submarine victim.

WOMAN'S TRIAL IS SLATED MONDAY
ODESSA, Dec. 7 (AP)—Trial of Isabelle Messmer on a charge of slaying Burford Armstrong, semi-pro baseball player, at a tourist camp here March 30, has been set for Monday.

The woman, arrested in St. Louis, pleaded not guilty when arraigned yesterday.

ITALIAN BOMBERS CRASH, 14 DEAD
ROME, Dec. 7 (AP)—Officials said today the crash of three Italian bombers in which 14 persons were killed was due to a violent storm and to ice on the wings of the planes.

Thirteen fliers and one farmer hit by a crashing plane lost their lives in the accident yesterday.

OIL SPELLS A BOOM IN SOUTH

MISSISSIPPI BOOM—"Oil" was the magic word that flashed through Mississippi several months ago after "black gold" gushed up on land owned by J. L. Duncan, and so a new town, Oil City, has been born not far from Yazoo City, Miss. Above G. A. Friley company's No. 1 well is one of four wells now producing. The boom jumped land valuation from \$10 to \$2,000 an acre.

LUCKY—Lady Luck smiled on J. L. Duncan, for oil was found on the 215-acre property he owns near Yazoo City, Miss. He's formerly from Fort Worth, Tex., and Oklahoma City.

TRAFFIC TIP—Sign lets the world know way to Mississippi's boom town where land can be had—at \$2,000 an acre.

Toys That Work, And Those That Instruct, Are Featured This Year

This mechanical age and what it has done for the children and their toys! Maybe you played with dolls that were just stuffed with cotton and had painted on hair but those days are gone.

The dolls and toys shown this Christmas in Big Spring stores are miracles of perfection. With dreads to change and eyes that blink, voices that cry Momma and almost life-size cradles to rock them in, who wouldn't want to be a little girl this Christmas!

Some of the stores are showing maple cradles that wind up and play a lullaby as they rock and little chairs that also play a tune as they rock back and forth. There are washing machines that work like the life size ones and tea wagons that roll.

Playing with toys isn't pointless these days and most of them teach the child either lessons in mechanics or in domestic arts. A miniature refrigerator complete with make-believe ice cubes and automatic control dial are perfect replicas of the larger boxes and even hold inside make-believe packages of food. There are baking sets and dishes that resemble the ones that mother has. Tiny stoves will actually cook.

There is also an organ that when you turn the crank and the music pours forth, all that is needed is a monkey to sound like the organ grinder on the street. There are pianos that play and books that teach the child how to sing and play.

For little boys there are boxing gloves and the usual trains and track that the lad has to wrestle away from father. There are more grown up games of woodburning sets and casting sets. Then there is a miniature theater that works by shooting a gun on a curtain and includes pictures of little Sambo and other stories. Real size tele-

INUNCTION ISSUED AGAINST ODESSA'S PARKING METERS

ODESSA, Dec. 7 (AP)—Motorists parked on downtown streets here today without putting a nickel in the slot. The city's parking meters were covered with sacks.

A temporary injunction restraining enforcement of a parking meter ordinance was granted yesterday by District Judge Cecil Collins.

The city had signed a 120-day trial contract with an Oklahoma company for 151 meters. In their injunction petition citizens claimed the company was a foreign corporation doing business in Texas without a permit.

For The Fine Gift: Luggage

For those who would like to travel and see the world or for just some soul who makes his living by traveling, the stores have set many a trap to waylay him. Luggage, and more luggage is displayed and time has not caught the luggage makers asleep.

From small overnight bags to small sized trunks, they all can be found this Christmas and handsome presents they would make too.

If your pocketbook is no object, there are sets of five that offer all anyone could want in traveling appliances. One is a small-sized trunk with room enough to hold clothes for a fortnight or more. The next is a regular size wardrobe case. Another is an overnight case, one for hat and shoes and the fifth for cosmetics. They can, however, be bought singly.

The luggage this year, although mostly of brown or tan, also comes in black leather and features such innovations as one deep enough to hold a half dozen hats. If you have ever tried to squish your second best lid in a regular sized suitcase or had to carry it in your hand, this is a boon and a godsend.

A bag for men features the two-suit. Room enough to hold two suits in addition to other clothes and with a separating partition to hold the suits apart. It also features a tie rack in the top for those extra neck pieces. Other features for ladies include a deep bag with pockets for eight pairs of shoes. Of course, if you don't have eight pairs of shoes (some people don't) these pockets will hold lingerie, hose and small articles.

Another type of bag for the males in your family is made both of leather and cloth material. Some inventive soul made this bag so that it lays out flat with room enough to place a suit and then after zipping it up, folds together to make a normal sized man's bag. His pressing worries are over when one of these bags are used.

Polish Leader Wants Recruits From The U S.

By JOHN H. MARTIN
SOMEWHERE - IN - FRANCE,
(Correspondence of the Associated Press)—General Wladyslaw Sikorski, premier of the Polish government in exile and commander of the Polish legion in training to fight Germany, hopes to recruit 200,000 more soldiers from the United States and Canada.

Without counting the thousands it hopes to enlist from Polish colonies in America, the Polish command expects to have a fighting force in France of 75,000 men; three more divisions are added to the two already formed. The Polish division numbers 15,000 men.

The Poles in the present two divisions are mostly miners from northern France and Belgium. Daily recruits dropped from trains in this wind-swept corner of France to start their training with machine-gun and other infantry units.

Their comrades-in-arms include remnants of the shattered Polish forces who fought Germans and Russians in September and lived to escape to France through neutral countries.

Among recruits drilling under the red and white Polish flag is Joseph Lipski, former Polish ambassador to Germany, who was among the first to volunteer.

The Polish premiership was conferred on General Sikorski Sept. 17, when the Polish government fled Paris with its mobile radio station just before crossing into Rumania—and internment.
