## Emory Walton Makes Statement To Voters On DA Vote

I want to take this opportunity to express my appreciation to you for the privilege of serving as your Criminal District Attorney. I submit that this is a time when proven experience and stability is of the essence and, therefore, I am asking for the opportunity to continue serving as your Criminal District Attorney.

My family consists on my wife, Cindy, and three children: Mindy, a graduate of McMurry College, who now lives and works in East Texas; Karen Sue, who is a junior at the University of North Texas at Denton; and David, a student in Eastland Junior High. My family also consists of my mother-in-law, Mrs. L. F. Hunt, who lives in Eastland. As a family man, I am concerned about the welfare, safety and future of our children and families. I am a teacher for the Men's Fellowship Bible Class in Eastland and I attend the First Baptist Church in Eastland. During the Korean War I served our country in the United States Air Force and received an Honorable Discharge after serving 4 years.

It is my belief that each of us should try to add something to the communities in which we live. I was active in the formation and afterwards for several years in all phases of the girls summer softball programs in Eastland County. I am a charter member, past president and a current director of the Eastland County Law Enforcement Officers Association. I have served as president of the Eastland Lions Club, Eastland Civic Theatre and Cross Timbers Shrine Club, as a Master of the Eastland Masonic Lodge, and as a vice president and director of United Fund. I have participated in the Quarterback Club and Chamber of Commerce. I am also a member of the Texas District and County Attorneys Association and the National District Attorneys Association.

In addition to my extensive trial and appellate experience of criminal cases in Eastland County, I am a graduate of North Texas State and of Baylor University School of Law. I am licensed to practice law in the State of Texas, am a member of the Eastland County Bar Association,

counting for the Clerk's Office by applying for and receiving a \$22,000. state grant which we received in September of 1989.

In the future I hope to make changes in the District Clerk's Office so that records will be more accessible to the public.

I solicit your vote and support in the upcoming Democratic Primary Election on March 13th.

## Tornado Warnings and Siren Signals Use Listed

The Gorman Police Department would like to take this opportunity to remind the citizens of Gorman that the time for severe weather is here again, and to make sure that all understand the meanings of the various siren signals. If a tornado is sighted in our area, there will be a one-minute blast on the siren, followed by several shorter blasts. When this signal is heard, take cover immediately!

You can rest assured that during inclement weather, your fire and police departments will be on duty, observing the clouds so that the citizens of Gorman may have adequate warning before a tornado hits. In the past, citizens with CB radios in their cars have assisted the police department during weather watches. If you have a CB radio and wish to assist during severe weather, please call the Police Department at 734-2317, and you will be assigned a unit number and weather-watch area. For those of you who have CB radios at home and wish to listen, we will be operating on CB Channel 9, but PLEASE, just LISTEN! If too many people start talking, an emergency transmission from one of the mobile units may not be heard, and the siren warning not given in time.

Let's prepare now for the disaster that we hope never happens.

This release was submitted by Cecil Funderburgh, Police Chief.

## PTO Planning New School Playground Equipment Project

New improvements are now being planned for the Elementary playground by the Gorman PTO.

It has been some time since there has been any new equipment for the children to play on and the PTO is really excited about the prospect of getting a new play system. The type of play system we plan to get has different things combined to climb and play on. March 20th Eric Strickland, a representative from Grounds For Play, will be at the school to give us a price estimate and to get an idea fo what design would be best suited for the area in which we have to put the equipment. Each play system is designed for your schools particular needs.

At 2:45 on March 20th Mr. Strickland will give us his suggestions on what we need. He will also have some slides to show us to give us an idea about what to expect. This meeting will be held in the elementary library and everyone is invited to attend. We want everyone's opinion and support so please plan to come and see what our future plans for this year are all about.

We will try to reach a decision about the play system we want during this meeting so come and join us.

and I serve the State Bar of Texas as a member of the local District Committee on Admissions. After graduating from law school, I was employed in Abilene where I was the First Assistant City Attorney when I moved to Eastland County to raise my family.

It was my honor to be the recipient of the first "Outstanding Lawman Award" presented by the Eastland County Newspapers Co. in 1989. I was one of the two prosecutors from throughout the U. S. asked to appear before a subcommittee of the U. S. House of Representatives to address the issue of the sales abuse of health insurance for the elderly.

It seems that all too often in my job, and that of law enforcement officers, we are faced with the problems of the rights of criminals. I maintain, however, that the rights of the victim of a crime should be just as important. I'm also concerned

Again our apologies, Justin! eligible for the GI Bill of Rights, which he used to attend the University of Texas Law School. Judge Bailey is a Licensed Attorney and is a member of the Judicial Section of the State Bar of Texas.

Judge Bailey's work experience includes farm and ranch work, oil field labor, oil field supply store position with "Oil Well Supply" division of U. S. Steel Corp., High School teacher and part-time Jr. College Instructor. While in the teaching profession, he was active in its professional organizations, where his interest in betterment of public education and the teaching profession caused him to enter the race for the Texas Legislature. He was successful and was elected to represent Eastland, Callahan and Shackelford Counties in the Texas House of Representatives. While serving as a member of the House, Bailey held several major committee assignments and was the author and sponsor of legislation of statewide importance as well as local bills and resolutions. Much of his work was in the field of youth and education, as well as soil and water conservation, along with improvements to our Farm-To-Market Road System. Judge Bailey's work for, and support of, War Veterans and senior citizens has won him lasting recognition with these groups.

In making this statement concerning his candidacy, Bailey said, "I do not intend to make a lot of promises or commitments that would be impractical or impossible to fulfill. If the good people of Eastland County re-elect me as their County Judge, I will continue to attend to the duties of this important office with dignity and decorum, remembering always, that a public office is a public trust. You may be assured that I will continue to render fair and impartial decisions on all matters which may come before me. I pledge my continued co-operation with all other county, city, state and national officials for the betterment of Eastland County; continued work for, and support of, programs which benefit our war veterans, senior citizens and young people of our county, and good business management of county finances."

In closing, Judge Bailey said, "I am making this campaign as a democrat and as one who believes in the principles of democratic government based on the Constitution of our great state and nation. Your vote and active support on March 13th will always be remembered by me and my family."

## Support Levels Announced For 1990 Crop

Washington, Feb. 15 — The U. S. Department of Agriculture announced today that the national average support level for 1990 crop quota peanuts will be \$631.47 per short ton, compared with \$615.87 for the 1989 crop.

The following provisions were also announced:  
 — The national average support level for additional peanuts will be \$149.75 per short ton, unchanged from the 1989 crop.

— 1990 crop additional peanuts owned or controlled by USDA's Commodity Credit Corporation will be sold for export edible use at no less than \$400 per ton, unchanged from the 1989 crop.

CCC outlays for 1990 crop year peanut loans to producer associations will be subject to a reduction of 1.4 percent under the deficit reduction sequester order.

The Agricultural Act of 1949, as amended, requires that the national average support level for the 1990 crop of quota peanuts reflect any increase in the national average cost of peanut production for the preceding year, excluding any change in the cost of land. This statute also

## Five Eastland Co. Youth Receive Plaques Of Honor

Five 18 year old Eastland County youth were recognized with engraved plaques of appreciation for their participation every year in the County Livestock Show from the time they were 9 years old. These five youth began as 4-H Club members, and during their high school years they have shown 4-H and FFA projects.

Stock Show Superintendent, Gary Butler, presented plaques to Tonya Caraway of Gorman; Diane Butler of Eastland; Kelli Whatley of Cisco; Toby Long of Rising Star; and Tammy Lyerla of Eastland.

Congratulations to these five young people. They will be missed next year as a participant of the local county livestock show.

provides that the quota support rate for the crop may not exceed the support rate for the preceding crop by more than 6 percent.

The national average support level for 1990 crop quota peanuts was increased from the 1989 level of \$615.87 per short ton based on data which indicated that the cost of producing 1989 crop peanuts was greater than the cost of producing 1988 crop peanuts.

The price support level for additional peanuts must be set at a level which ensures no loss to CCC from sales or disposal of the peanuts. In determining this level, USDA must consider the demand for peanut oil and peanut meal, the expected prices for other vegetable oils and protein meals and the demand for peanuts in foreign markets. The price support levels are subject to quality and other adjustments.

JOE BENNETT - PUBLISHER

The weatherman sure has been good to us with some fine moisture the past couple of weeks. This seasoning we are getting should go a long way on making prospects for some good crops look a lot brighter.

The frost we had a couple of mornings probably nipped a few buds in the teeth, but the sun warmed things up a good bit during the daylight hours. We sure hope that the freezing weather is over for this season and that spring will sprang soon. We thank the Good Lord for the fine moisture he sent our way.

The better half and I sure did enjoy the fine barbecue ribs, brisket and sausage, along with all the other trimmings, and topped off with some marvelous cobbler with ice cream on top that Ramona and Larry Stewart treated us with on Thursday evening. The new Texas Branding Iron Restaurant is a very beautiful place and the large crowd who were treated to the marvelous food sure were praising the excellent food and

the outstanding facilities that the Stewarts have built for Gorman and area folks to enjoy.

We thank them for the invite and the great food and fellowship we enjoyed with other local and area folks. Thanks ya'll!

The March 13th Primary Elections are upon us and folks will need to be ready to go to the polls on Tuesday and vote their convictions. There are a lot of contested races and there has been a lot of politicking going on. We urge everyone to get out and vote so the majority can speak. Whichever way you vote is your business, but it's the duty of every citizen on this great country to help elect the ones who will represent and lead us in the future. So get out and vote on

## Elect Kenneth "Tootsie" Mitchell Candidate For State Representative - District 65

Serving Brown, Comanche, Coleman, Eastland, McCulloch and Runnels Counties

Born: Brady, McCulloch County, Texas -- October, 1930

Resides: Rochelle, Texas

Married: Ila Miller Mitchell -- Teacher, Retired, May 1989

Children: Donna Gartman -- Speech Therapist/Teacher -- San Angelo ISD  
Kim Godwin -- Business Teacher -- Kaufman ISD  
Mary Rose -- Physical Education Teacher -- Sugarland ISD

Education: Rochelle ISD; B.S. Howard Payne University; M. E. South West Texas State

Job/Business

Experience: U. S. Air Force - 1950-1954; Coached 11 years (Rochelle, Junction, Robert Lee); Superintendent of Rochelle ISD - 21 years; Land Owner/Tax Payer

### How I Stand On The Issues

**Opposed:** To a State Income Tax

**For:** Increased Sales Tax and Less Advalorem Tax. Burden off the Home/Land Owner.

**For:** Revamping the Texas Department of Agriculture. Work for the producer as well as helping the consumer.  
Health and liability insurance rate increases should be curbed---too much ambulance chasing and suing

I propose to deregulate schools and let the teachers teach; not be burdened by bureau cratic whims.

I will work to see that tuition and fees in state supported Colleges, Community Colleges, Technical Schools and Universities are not increased.

I will work with all professional teachers' groups to develop a consensus of opinion before I vote on educational issues.

I support pay grades and pay scales for all professional groups. Will actively oppose the elimination of the 10 step pay scale for Teachers.

I support complete State of Texas funding for all mandated programs. No more local tax increases to pay for mandated programs.

Workers' Compensation: limits need to be set on claims. Board members need to do more initial screening, prohibitive rates on farm workers and small business need to be reduced.

Utilities: We need to work on utility rates. The Public Utility Commission needs to serve the people more than the giant companies.

COMMON SENCE will also be my guide in maing decisions.

If elected I will resign from the school system and devote 100% of my time for a better way of life in Texas.

## Marvin E. Grisham Laid To Rest February 28th

Marvin E. Grisham, age 59, of Granbury, passed away Monday, February 26th in the Osteopathic Hospital in Fort Worth.

Services were held at 2 p. m. Wednesday, February 28 at Martin's Chapel in Granbury with Bill Sanders of Elm Grove Assembly of God in Tolar officiating, with burial in Holly Hills Memorial Park in Granbury.

Tuesday.

Baseball season is now underway since the basketball season has ended for our teams. Gorman has been having some great seasons in baseball since taking up the sport, and with the expansion of our district in baseball it sure should make for so many outstanding games for our Panthers. So if you love baseball go on out and support our Panthers in their effort to make this the best season they have ever had.

Received the following note the other day and I just had to include it in this weeks column:

Dear Joe,

Please renew our sub to the Progress. I need to see the paper each week to help keep an eye on all of those thugs, con-men, weirdos and other coffee drinkers in Gorman. It is sad that everyone can't be perfect like us coffee drinkers in Rising Star. (Don't place this check near anything flammable). You owe me a cup.

D. Dossey

I don't know about owing you a cup of coffee, but I guess if you ever do get back over this way, maybe we could rake up enough of an offering to buy you a cup. Thanks for the renewal, and I am glad that June made you send it in.

The City and School elections will be upon us before we know it. The elections will be held on Saturday, May 5th. There are a few places to be filled on the city commission and school board, and the slate is not full of candidates as yet. So if you are interested in the future of your school and city, how about putting your name on the ballot for one of the offices coming up for election. We need for more folks to take more interest in what is done in their city and school. So get involved either as a candidate or a backer of one of the candidates who have filed for positions.

And remember to smile because God Loves You!

Mr. Grisham was born April 24, 1930 in De Leon. He was a WWII veteran and was a self-employed horse trainer. He was a member of the National Cutting Horse Association.

He is survived by two daughters, Beva Ives and Brenda Knox, both of Granbury; two brothers, John Grisham of Evergreen and J. D. Grisham

of Lake Havasau, Az.; two sisters, Jessie Lou Tunnell of Gorman and Barbara Jo Gregory of De Leon; and five grandchildren.

KEEPING UP WITH FRIENDS

about the rights of the law abiding citizens and the security and protection of their persons and property.

Promises are one thing, but past performance is a better judge of what you can expect. I have tried nearly every type of criminal case there is under the laws of Texas including several landmark cases, one of which saved the Eastland County Commissioners Court and taxpayers over \$19,000.00 in fees claimed by one defense lawyer. I have successfully defended all of the efforts made by defense lawyers to obtain change of venue in criminal cases from Eastland County to some other county which has saved untold additional expenses to the taxpayers of the cities and county. Also, I have been recognized by a former Chairman of the Texas Board of Pardons and Paroles as one of the most effective prosecutors in the State in being able to keep prisoners in the penitentiary beyond their initial parole dates.

I know and understand the framework of laws under which law enforcement officials must work and there are numerous ones which I do not like; however, I can and do work with various law enforcement officers throughout Eastland County and I have from time to time worked with law enforcement officers in every community in the county at every hour of the day and night.

I am a full time prosecutor and I do not have a private practice of law which would in anyway interfere with the duties and responsibilities

District 8 4-H Council Chairman.

On Saturday morning, a 4-H Record Book Judging Workshop will be conducted by Mike McKinney, State 4-H Specialist. Also a workshop entitled T.R.Y. (Teens Reaching Youth) will be conducted for the 4-H members.

Eastland County will be well represented. A number of leaders and 4-Hers will be attending the Saturday workshop sessions.

Artwork must be no larger than 30" by 30" (unframed), and must be two-dimensional. Landscapes shall portray Texas scenes. Eligible categories are paintings, prints, drawings and collages.

For more information and entry forms, contact Stenholm's office Stamford at 915/773-3623, his office in Abilene at 915/673-7221, or June Vissotsky in Stephenville, 817/969-3421 or 817/968-4141.

of my office. I am grateful for the opportunity to have served you in the past and I respectfully ask that you allow me to continue serving you with the integrity and manner in which you rightfully deserve.

As we are filing over 500 cases annually, I have continued the duties and responsibilities of the office throughout the campaign and consequently I have not been able to personally visit with each citizen in the county. I hope you can understand that the Criminal District Attorney's Office is a full time job which necessitates a full time devotion to it. To those citizens of Eastland County that I have not been able to see, I say to you "I am dedicated to keeping my proven record of experience and stability working for you". Your support and vote in the Democratic Primary will be greatly appreciated.

Thank you, /s/ Emory C. Walton

# Plan Now For Severe Weather Ahead

Although tornadoes, severe thunderstorms and floods can strike virtually any part of Texas at any time, spring seems to bring an increase in violent weather.

You can take precautions to assist yourself and your family in the event of a tornado.

Periodically hold a tornado drill so that family members know what to do and where to go if the National Weather Service issues a tornado warning. The safest part of a house during a tornado traditionally is the basement, but be aware of the potential for flooding if there is heavy rain in the area. Interior bathrooms, hallways and closets on the ground floor also offer protection from tornadic winds. Avoid windows and outside walls. Take along blankets or sleeping bags to protect yourself from falling debris and shattering glass, which are frequently the cause of death and injury during a tornado.

Remember, if a tornado strikes, electricity, gas, water and sewer service may be disrupted for several days.

Mobile homes and automobiles are dangerous places to be during a tornado. If you live in a mobile home, make sure all family members know where the nearest substantial shelter is. If you are in your mobile home or car and can't get to a better shelter; go outside, lie down in the nearest ravine, ditch or culvert and cover your head with your hands. Be aware of the possibility of flooding in low-lying areas. Do not hide under your mobile home or car because both can easily be picked up and carried away by a tornado.

Your local (city or county) emergency management office can provide you with additional information on severe weather precautions. The Governor's Division of Emergency Management, the National Weather Service, the Texas Insurance Advisory Association and the Federal Emergency Management are the sources of information and publications on various weather phenomena for local governments.

There is a test drill slated for Wednesday, March 14th. There will be more on this drill at a later date.
