PRESS POINTS
JOE BENNETT - PUBLISHER

—J—

Well another big July Fourth Holiday has come around. . . and the Progress had to move up its printing date to meet the printing schedule to Tuesday instead of the usual Wednesday date. The news and advertising has come in real well despite the deadline date, and we appreciate your cooperation in this.

We hope that everyone has a SAFE and Sane July Fourth and that everyone is still around for July Fifth.

One thing for sure - - you can bet that it's going to be hot and dry weather for the holiday. And with the heat everyone needs to be extra careful and not get too hot. So if you are around the lake or just out in the hot sunshine, you need to drink plenty of liquids and do not get too hot.

—J—

Received a couple of notes this week:

Dear Joe,

Here is my renewal. Really do enjoy the paper.

Mary Ann Lipps

Dear Joe,

Please renew The Gorman Progress for next year. I enjoy reading about my friends and relatives and especially about my "Kids" at Gorman Schools. I love to read about how they are doing and what activities they are involved in.

Jessie and I enjoyed our visit in May with everyone at school. Chessy, Jessie and I hope to visit with so many people we can between July 12-28.

Evelyn Atchison

Thanks for the good words, ya'll. I hope you continue to enjoy the Progress for years to come.

—J—

The Chamber of Commerce Board members are expressing their thanks to all the candidates, their sponsors, parents and the entire community and area for the great support they brought to the Miss Gorman and Little Miss Gorman Contests. The proceeds (\$3743.84) from the contests will be used to replenish funds sent on the beautiful float and trailer that is used for our Miss Gorman and Little Miss Gorman when they appear at parades and activities in the surrounding area. So the funds will be used for other community projects that will be coming up.

Again the Board of Directors would like to say "Great Job!" to all who were involved in the contests.

—J—

Work on the warehouse expansion project at Birdsong Peanuts continues and the concrete work has been completed and erection of the walls now underway. This will be a huge orange warehouse facility for the firm.

We hope to get a picture as soon as the construction project progresses to the point where you can get a picture to show the size of the structure.

—J—

The hot and dry weather has surely had havoc with lawns and gardens in our area, not to mention the young nut plants. Some have had to be replanted and also water to get plants up. The peanuts are still doing pretty good right now, but hot and dry conditions will take their toll pretty quick - - so we sure hope to get some rain soon before the crop gets too far along.

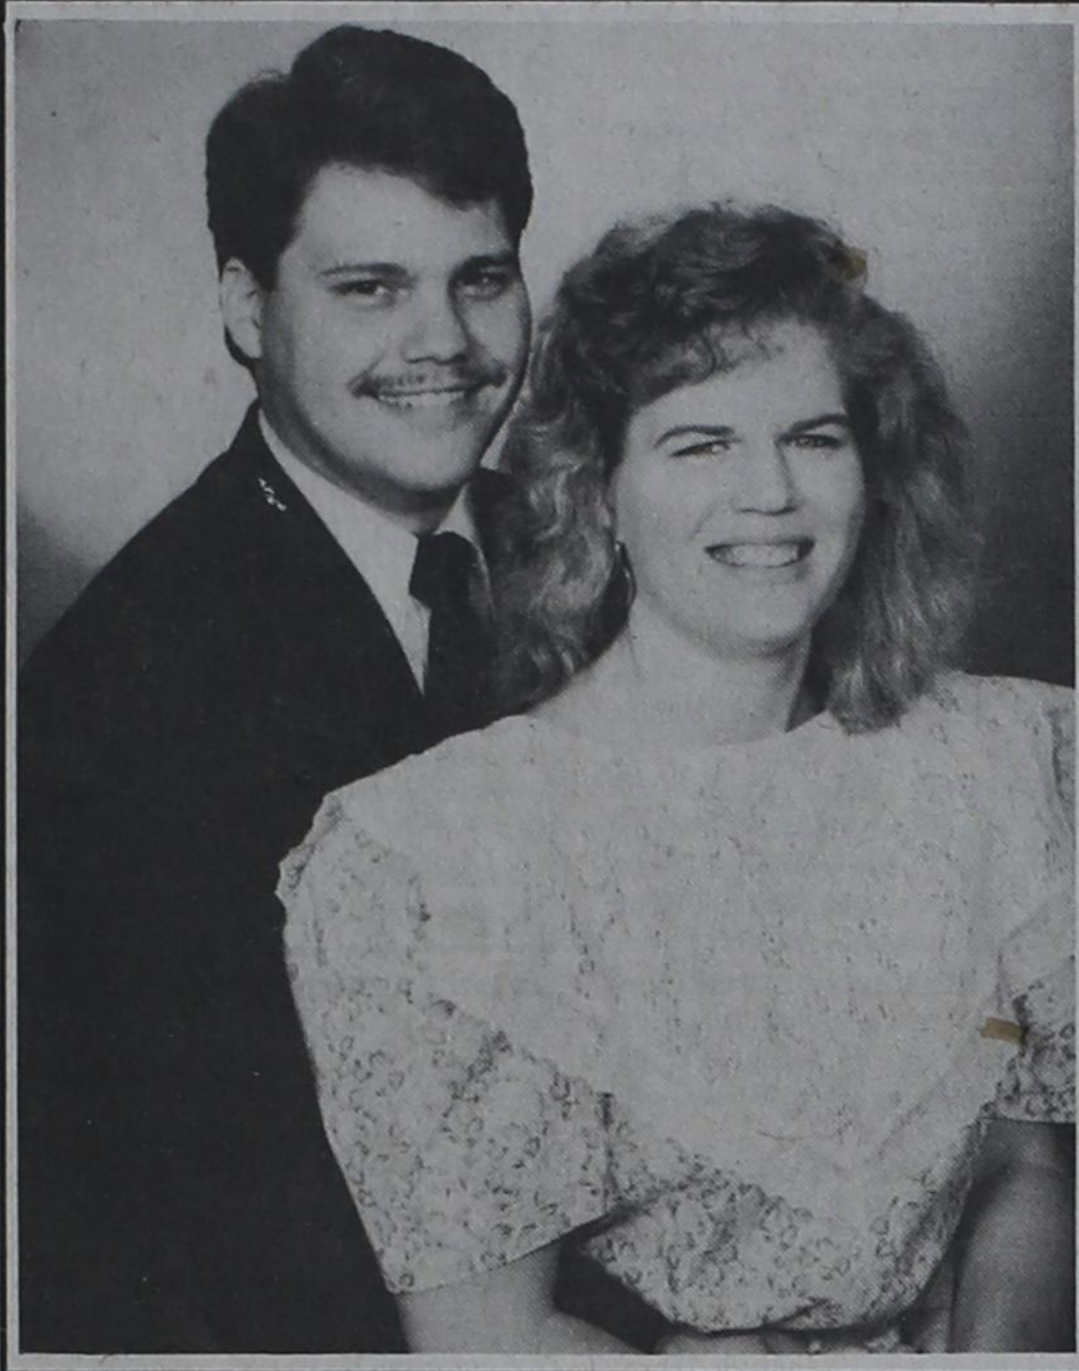

We have noticed that several of the harvesters are already into their harvest schedules now. . . and it's a long time till the end of the season. If it doesn't rain the water supply for planting will really dwindle and the weather will be hurting for water just when they need it the worst.

—J—

I'm a better half and I am hoping to be a few days this next week. So the paper is messed up you can see. Lonnie and Herman (and the others) just thought we needed to say for awhile. Sure hope they are in this place without us. (???)

—J—

Asks should be thinking now about the upcoming Homecoming activities which will be held on

Twin Daughters Born To The Jack Norrises

Mr. and Mrs. Jack Norris of Fort Worth proudly announce the birth of their twin daughters, Hadden Elaine and Bivon Ann on June 26, 1990 in a Fort Worth hospital. Hadden Elaine weighed 7 pounds and 1 ounce and Bivon Ann weighed 6 pounds and 1 ounce.

They were welcomed by two brothers, Brittan and Graham.

Mrs. Paul (Virda Mae) Norris of Fort Worth is the paternal grandmother. The late F. C. (Tidy) and Erma Eaves are the great-grandparents.

Saturday, August 6th. The homecoming game with Santa Anna has been scheduled for Saturday night, so that will make the entire homecoming a more enjoyable occasion. The registration will be held, followed by a sandwich lunch (I think), then the business meeting in the afternoon. This will be followed by the Homecoming Dinner, then the Big Homecoming Football Game. So everyone is looking for a great time! So be sure and mark your calendar and get things set so you can be in Gorman on October 6th for the Big Day (and night)! —J—

And remember to smile - - because God Loves You!

Gorman PTO Urges Continued Label Saving

The Gorman PTO would like to remind everyone to continue saving their Campbell's soup labels. The PTO uses these labels to purchase educational equipment for the school.

Please save the front portion of the labels from the following products: all Campbell's soups, Campbell's fresh products, Campbell's bean products, Campbell's tomato juice, V8 vegetable juices, Campbell's juice bowl juices, Franco-American products, Swanson canned food products and Prego Spaghetti sauces.

Please save the UPC symbols from all Pepperidge Farm products, all Swanson frozen packages and Campbell's Souper Combo varieties. The lids may be used from Vlasic Pickles and Marie's Dressings. Also save the "Quality Pledge Panels" from Mrs. Paul's Frozen Food packages and the bottom flap UPC panels from Campbell's Quality Soup and Recipe Mix box.

Other Campbell's products may be used if they say "Labels for Education" beside the UPC Symbol.

Your help in our Campbell's Soup label project is appreciated. "Thank you for your support."

CARD OF THANKS

Dear Friends:

We cannot find enough words to adequately express our appreciation to all the people who so graciously and lovingly helped us through our time of grief. We'll just say a great big "Thank You" and hope each of you in some way know how much you've meant to us.

Mrs. A. C. Hall and family

—GP—

NOTE OF APPRECIATION

I would like, at this time, to say Thank You. First of all, to the Gorman Fire Department for selecting me as their candidate and for all their help and support. Then to each and everyone of you in the Gorman community and the surrounding towns and businesses. Without all of your support in the fund-raisers and donations, I could not have met my goal.

To me Miss Gorman 1990 is a privilege and it took a lot of hard work and determination. But with your support I did this.

I would like to say Thank You to all of you.

Jana Norris

WILLIAMS REUNION HELD AT EASTLAND JUNE 22-23

The descendants of Aaron Calvin Williams and Mary Rozillar Bailey Williams met June 22 and 23 for the 11th year reunion, meeting in Eastland at the TU Reddy Room on Friday night and the VFW on Saturday.

Aaron C. Williams and family moved to Eastland County from Bastrop County in 1878 and settled in the Jewell Community. He bought several hundred acres of land in and near there. He later sold them and moved to Gorman where he owned a drug store. He then decided to move to Freedom where he bought land which was later inherited by four daughters - Etta Harbon, Maple Norris, Ella Garrett and Lora Norris - which their heirs still own.

In 1910 he died before his house was finished at Freedom. To this family four girls and five boys were born. All are deceased but one girl, Maple Norris.

Stenholm Calls For Vote on Balanced Budget

WASHINGTON — Congressman Charles Stenholm (D-TX) on June 19th announced that after eight years of working on a balanced Budget Amendment to the constitution he has enough supporters to bring the issue to the floor of the House of Representatives for a vote.

The amendment was "discharged", meaning that at least 218 members of Congress have signed a petition that forced the bill out of committee and to the House floor.

The Balanced Budget Amendment was originally co-sponsored by Stenholm, Rep. Larry Craig (R-ID), Rep. Tom Carper (D-DE) and Rep. Bob Smith (R-OR) in a bi-partisan endeavor.

"Thomas Jefferson, our third president, has stated he regretted that a balanced budget amendment was not included in our original constitution and I think it's time we correct that oversight," said Stenholm.

On November 26, 1798 Jefferson wrote to John Taylor: "I wish it were possible to contain a single amendment to our constitution. I would be willing to depend on that alone for the reduction of the administration of our government to the genuine principles of its constitution; I mean an additional article, taking from the government the power of borrowing."

Stenholm pointed out that the federal government has run deficits for 19 years in a row and for 50 of the last 58 years.

"To date, the federal government has incurred, on behalf of each American household, about \$30,000 in accumulated debt," the Congressman said. "This has got to stop if we have any hope for our country as we know it today."

The amendment would de-politicize revenue projections by requiring the President and Congress to agree on a single estimate. Beginning in 1993, the President would have to propose a balanced budget and Congress would have to adopt it, unless 3/5 of both Houses agree to unbalance the budget for a particular year. A back-up vote on increasing the national debt would be required as a way to discourage unreal revenue projections that would result in "unanticipated" deficits.

Stenholm added that by rising the threshold of difficulty for deficit spending and requiring House members to go on record to raise taxes, this amendment will level the playing field by forcing the President and Congress to set priorities rather than allowing them to postpone tough budget decisions from one year into the next.

The issue is expected to be brought to the House Floor between July 18-25.

Saturday, June 23rd Bobby Tucker honored his wife, Faye, with a surprise birthday party. Those attending were Mr. and Mrs. Winford Lindley; Mrs. Vadis Phelps; Carroll and Leta Hogan; Jim, Mitzi, Lindsey and Allie McGaha; Mart, Cindy, Lacy and Lee Ann Tucker; Clint Tucker; Betty and Bubba Hogan. All guests enjoyed delicious barbecue and the trimmings. Betty Hogan made the honoree a beautiful birthday cake.

Marc Morgan and Laura Friarson of Azle visited his parents, Mr. and Mrs. Charles Morgan, and other relatives over the weekend.

Dale, Nancy, Danell, Michael and Joshua Jackson of Sweetwater spent the latter part of the week with me.

With the weather conditions as they are please be very careful with fireworks. Let's make this a safe July 4th.

Please remember July 7th, the Au-School Homecoming at Carbon. Let's make this the best ever homecoming. A barbecue supper

will be served at 6 p. m. Tickets are \$6 each.

Does the weather conditions of now remind you of some years back? I hear people talking, as if it was back in the 50's. As you remember we had several dry years in the 50's. Let's hope its not repeating. The water from my wells run all time, but things just sit there and do not grow. It could be the grasshoppers are taking their toll on growing things, too. They sure like the peaches. They are only leaving me the seeds. Oh, if we could just get a shower from above, it would really change things. This has not been a normal year from day one. The burned pastures, dry coastal patches and un-planted peanut fields would be a lot dryer had we not received all that rain a few months ago. At least the stock tanks are full.

Have had several people on the sick list. Good to report all are better. Mrs. Margie Weeks, our pastor's wife, spent last week in the hospital in Abilene. She is home now and still improving.

Kirk Family Reunion Held

GEORGE A. AND MINNIE KIRK FAMILY'S FOURTH REUNION

We had our reunion on June 10 at the Gorman Fire Hall. We had a large group of about 68 people. There was a lot of the younger ones with us this year. Hope there will be could not come due to illness. We pray you all are better at this time and that you can come next year.

There was a lot of food: barbecue beef, fried chicken, pies, cakes, etc. and as the old saying goes, more than enough food left to feed a thresher crew.

Everyone seemed to enjoy the day.

Each family got together and introduced their family members. A lot of the younger ones we met for the first time.

It's hard to think about being listed as the older generation. But still young at heart.

Those attending were Clarence and Claudie Arends, Shirley, Rickey, Tamra and Tonya Moore; Icy and Jessie Lee Duke; Jessica, Nathan and William Duke, all of Odessa; Lorene White of Baird; Alene Beaty of Munday; Doyle Baker of Abilene; Ronnie and Sherry Duke of Richardson; Homer and Rena Kirk, Daniel, Linda, Daniel II, Hollie, Krista and Nae Hollene Woodbridge and friend, Rickey Rackow; Jean Underhill; Boyd, Linda, Andy and Melissa Porter and friends, Wayne and Shrimp, all of Eastland; Herman and Mildred and Ronald Bennett, Dorothy Johnson, Wesley and Sue Spivey Steve, Tracy and Adam Spivey, Gladys Dennis, Edgar and Ruth Higginbottom, all of Gorman; Jim,

THE GORDON SPOT

BY DE MARQUIS GORDON

We have had a number of calls this spring concerning problems with fleas in and around the home. The usually wet spring is causing rapid increases in flea populations, which were already larger than usual because so many survived the winter.

Fleas tend to be more of an itching nuisance than threat to human

health, primarily because the worst diseases they carried have been eradicated.

The chief sources of flea infestation in the home are family pets, but once indoors fleas thrive in floor cracks, carpets, upholstered furniture and pet bedding. Fleas, of course, are abundant outside; larvae burrow into the top surface of the soil.

If flea problems are occurring in the house, the yard, and on the pets, all three must be treated at the same time.

Use only approved products for treating animals. Dusts are preferred because they are generally effective longer. The newer products containing an insect growth regulator can reduce subsequent egg and larval production and can be applied directly to the animal.

Outdoors, treat areas that pets frequent. Use only approved products to thoroughly cover and saturate soil and grass areas. Make sure that application equipment is care-

fully calibrated to measure dosages exactly.

In the house, thoroughly vacuum or sweep carpets, rugs, furniture, cracks and crevices. Be sure to reach under furniture and along baseboards. Discard the vacuum bag afterwards.

Use a coarse spray (large droplets) in treating likely infested areas. It is always more effective to treat all carpets, furniture and baseboards at one time. After spraying, use total-release aerosol applications to reduce adult fleas.

Additional applications may be needed about three weeks later when populations build from eggs that hatched since the first spraying. Insect growth regulators used with other sprays will inhibit flea growth in early stages and extend control measures.

Insect growth regulators (IGR), such as methoprene, are synthetically derived hormones similar to those found naturally in insects. When applied to the early flea larval stage, IGR inhibit growth and maturation. Insecticides, on the other hand, kill larval and adult fleas by direct poisoning.

Extension Service publication L-1738 carries a listing of approved insecticides for flea control.
