Cub Scouts Attend Camp

Recently some local scouts enjoyed the Fun and Son Camp-out Weekend at Camp Billy Gibbons. Campers arrived on Saturday, April 8 and were busy as soon as they checked in. There were many fun things to do including fishing, practicing their bow and arrow skills on the archery range, climbing across a rope ladder on the obstacle course, pitching horsehoes and much more. They also enjoyed crafts such as making a butterfly net, a bug barn and a windsock. Their favorite thing seemed to be the BB Gun Range. Scouts were able to meet some of the requirements needed to obtain badges. Closing ceremonies were held on Sunday, April 9 with every camper receiving a commemorative patch.

Webelo scouts attending were Trey Underwood and Carlos Gutierrez. Tiger Cubs were Robert Sybesma & Randy

Peanut "Turn Row" Tour to Highlight Summer Challenges

The recent rains have given peanut growers one of the best starts in years but it is quickly becoming a bad year for weeds and disease. Rains every few days along with high humidity constantly germinate weed seeds and keeping the foliage wet promotes disease. These and other challenges will be highlighted on the Peanut "Turn Row" Tour set for Tuesday, July 18. Plans are to register at the Gustine Pavilion at 9:30 a.m. and then leave on the tour at 10:00 a.m. Two continuing education credits will be offered to private, commercial and non-commercial applicators. To preregister, please call the Texas Agricultural Extension Service at 915/356-2539.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this program are encouraged to contact the Texas Agricultural Extension Service in Comanche County at 915/356-2539 to determine how reasonable accommodations can be made.

At least two stops will be included on the tour focusing on weed control, disease management and irrigation timing. Dr. Robert Lemon, Extension Agronomist, Texas A&M University will address weed control options for

growers including what's working and what's not. Focus will be on a weed control plot looking at recently labeled products as well as new products on the horizon. Dr. Lemon will also discuss irrigation needs considering limited water resources.

Dr. Chip Lee, Extension Plant Pathologist, Texas A&M University-Stephenville, will address the ever-present disease of peanuts. Rains combined with humidity are already causing leafspot and soil-borne diseases to be a problem. Dr. Lee will discuss disease symptoms and treatment options either sprayed on or put through irrigation water.

Sponsors for the Peanut "Turn Row" Tour include UAP Southwest, First National Bank, Farmers and Merchants Bank, Comanche Electric Cooperative, AgTexas Farm Credit Services, Comanche National Bank, BASF Corp., Birdsong Peanuts, DeLeon Crop Insurance, Dow AgroSciences, Federal Land Bank, Golden Peanut Company, Gores AgriService Center, Gustafson, Novartis, and SureGrow Ag Products. HERITAGE MANOR NEWS

By Nancy Hendricks

A Note from the Administrator

This past weekend I joined a special program of the Boy Scouts of America, the Order of the Arrow. Although many of the traditions of this order are secretive, I can discuss what we do. The Order of the Arrow was created to serve the Boy Scouts. The Scout Troop selects the members that excel in serving others. The aim of the Arrowmen is faithful, loving, service for a lifetime. You can remain an Arrowman forever. All you have to do is to continue to serve Scouting and its purposes. Here at the Nursing Home we live by the same code, faithful, loving service. We are proud to be able to serve the elderly of Gorman and the surrounding area. Come by and check us out. See you at the Nursing Home.
