Gorman ISD School Board Voted to Closed H.S. Campus

On Monday, April 10, the Gorman ISD school board voted to close the high school campus. This decision did not come about easily. Students safety was the number one concern in this decision. City Commission Requests to Conserve Water

As everyone is very aware, the lack of rain can really take its toll. We have, however, received some rain in our area in the last few weeks. The City Commission has agreed that it would be a good idea for the citizens of Gorman to try and voluntarily save and conserve water.

Try to do things such as repair leaky faucets and commodes. Fix outside hydrants that leak. Always be sure that after flushing the commode, that it stops running. Try when possible to take a quick shower instead of a bath. If you have to water your yard, try to do so during cooler hours of the morning or evening and maybe when the wind is not too high.

This will not only help to conserve water, but it will also help the looks of your bill.

The City will try and publish some conserving tips each week.

WATER WASTED IN ONE MONTH FROM LEAKS

to check for invisible or unnoticed leaks. Turn off all water outlets and water-using appliances. Read the dial on the water meter and record the reading. After 15 to 20 minutes, reread the meter. If no water has been used and the reading has changed, a leak is occurring somewhere in the plumbing system. The services of a plumber or trained water utility employee are often required to locate and fix these invisible leaks. The water meter is often located along the property line near the street.

Thank You

We do not know how to begin to express our sincere gratitude for the overwhelming kindness shown to our family in our time of loss.

JOE BENNETT - PUBLISHER

Well, the "Old Maestro" is back off the job again of laying out the paper, thanks to Jake flipping his four-wheeler on Friday afternoon at Little Sierra in Oklahoma. He and a bunch of friends took their four-wheelers to Oklahoma to play in the sand. The accident happened when he rode over a large sand dune and as the machine went over the dune it flipped over landing on him, tearing up his left shoulder and breaking three ribs on his right side. He was recovering at St. Mary's Hospital on Tuesday and we hope he will be home in a couple of days.
So you see, if anything is wrong with the paper this week Marilyn and I are not to blame. It's his fault! It will take a few weeks for Jake to recover and he will be at Joetta's home for a couple of weeks.

CARBON NEWS

By MICHELLE THACKERSON

Sunday, April 2, the Norris family got together again at MeMaws for another good meal and some good family entertainment. We all missed Paw Paw but we all know he is always here with us in our hearts. Those getting to make it were Larry & Paula Morrow from Plains Tx., Layne Morrow also from Plains, Lance Morrow from Abilene, Lenny Morrow from Weatherford, Ronnie and Jeanna Pack from Carbon, Cory Pack from Weatherford, Lacy Pack from Lubbock, James, Jo and Jason Norris from Kokomo, Donald, Jodi and Matthew Majors from Gorman. Randy and Lisa Lewis and T.J. from Stephenville. Also Gladys and Naomi Morrow from Levelland and Kokomo joined us as did Kim Cambell from Gorman. Lots

of ball playing was going on and of course lots of food was put away while we enjoyed so much just being together again. Hasn't the weather just been wonderful, although we could use some rain I've enjoyed the spring weather and flowers. I was able to go to Rising Star and get my granny, Francis McGinn and my aunt, Lisa McGinn last week. We went to the Long Branch cemetery, where my Papa, Vernon McGinn, is buried and met my mom, Darlene Hampton there. We had a picnic and just enjoyed the warm weather, sunshine and flowers.

I've noticed how the roses and all the wild flowers are blooming so if you haven't take time out to look at how beautiful they are.

Tim Dennis Makes Statement

I would like to take this opportunity to introduce myself. My name is Tim Dennis and I'm a candidate for the Place 2 position on the city council. I was raised in Gorman and graduated from Gorman High School in 1987 and a graduate of McLennan Community College in Waco with a degree in Paramedicine and Law Enforcement. I'm also the Training & Trauma Coordinator for an EMS provider in Hill County. I have also served as a reserve police officer for the City of Gorman, several years ago.

I have decided to run for this office as I feel that I could bring some new ideas to the council. If elected to this office, I would work with the newly

formed Economic Development Board to help in bringing new business to the Gorman area. As we all know, over the past few years Gorman has been losing businesses due to economic problems. When a business leaves town, this means that the city loses that revenue and it goes to another city. We have also gained a few new businesses also, but Gorman needs to grow. For this to happen, the city needs to market itself so that business will want to come to Gorman. I know that the council has been working with EDB to make this happen.

The current Place 2 position is over the streets, parks and recreations for the city. However, this is subject to change with the new council is elected. If elected to this office, I will make sure that our streets are kept up and that any repairs are done within a reasonable amount of time. Parks and recreations are important to the community. By having good parks, this will draw people to the Gorman area to have their family reunions, company picnics and other functions, especially during the summer months. I have read in the paper where in one council meeting the matter of Frank Gray Park (Bass Lake) was brought up, but nothing was done about it. This particular park is in need of some work. If elected to the council, I would research options for the city in obtaining grants to help maintain the up-keep of this park as it does have great potential. If elected to this office and my position should change to be over another area of the city, I will fulfill that position to the best of my ability, as I'm serving you, the citizens of Gorman.

I want everyone to know that if you elect me to this office that I will work for you and be your voice on the city council. If elected to this position, I want everyone to feel free to call on me with any problems that you may see around the city and would like to see corrected. Gorman is a great place and I would like to have the pleasure of serving everyone in Gorman.

Sincerely,
/s/ Tim Dennis
