The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence.

The Gorman Panthers lost a hard fought District 15A battle here on Friday night when they dropped a 14-13 decision to the Cross Plains Buffaloes in a showdown battle for the lead in the district race. Both teams scored in the initial period and in the final quarter of the game, but the Panthers missed on their point after attempt, and then lost the opportunity to win the game with just seconds left in the game when a field goal try from 37 yards out went wide left. This win gave the Buffs a 3-0 record in district and the Panthers a 2-1 mark.

The Buffaloes kicked off to the Panthers to start the game and recovered an on-side kick on the CP 47 yard line. From there the Buffs moved the distance in 11 plays with Brock Walker getting the final yard on a quarterback keeper with 6:30 left in the first period. Porcius Potter booted the point after and Cross Plains was up 7-0.

The Panthers then took the kick on their own 27 and moved the distance in 13 plays with Marco Herrera getting the honor from one yard out on a run with 41 seconds left in the period. Don Mauney booted the point after and the score was tied 7-7.

The Panther drive featured a 10 yard run by Herrera; a 26 yard pass from Nick Guthery to Herrera; an 11 yard scamper by Paul Petree, and a 7 yard run for a first down by Petree before the score.

The teams played on fairly even terms throughout the rest of the first half. The Gorman Panther Marching Band performed their band contest routine at halftime and did an outstanding job. Also the Cross Plains Band performed a fine routine.

Following the halftime intermission the two teams exchanged possessions before the Buffaloes got possession on their own 44 and moved in for the score with 9:49 left on the fourth period when Brock Walker again went over from three yards out. Potter added the point after and Cross Plains was up 14-7.

However, the Panthers were not to be denied and took the ball on their own 36 and scored in 10 plays with Marco Herrera again getting the honors from 1 yard out with 5:43 left. The drive featured a 31 yard scamper by Don Mauney, a 3 yard run for a first down by Mauney, then a 5 yard run by Herrera for a first down at the Cross Plains 1. However, the kick try for the point after sailed wide to the left and the Buffs were still up 14-13.

The Panthers fought back after holding the Buffaloes on their next possession; took the ball on their own 38 and moved to the Cross Plains after two runs of 12 and 15 yards by Paul Petree and other shorter runs. But with the ball at the 11 the Panthers were caught for a 5 yard penalty and then lost 4 yards on a running play. Then after two incomplete pass tries and with just seconds left in the game the Panthers set up for the go-ahead field

Halloween Costume Parade Set October 31st

Do you have your Halloween costume ready for the Annual Halloween Parade? I do. This year's parade will be held on Monday, October 31st at 6 p.m. We will meet on the parking lot next to the Senior Citizens Center. Be sure to come early enough to show off your costume and see what everyone else is wearing.

NOTICE: I would like to challenge all businesses to "Dress Up" on the 31st also. Let's make Gorman a fun place to live.

I will be making the rounds in a few days to ask for donations to buy candy for the treat bags to be handed out after the parade. If I fail to contact you and you want to make a donation, please call me at 734-2720 or 734-2202 or leave it at my house or Heritage Manor.

Thanks,

goal try by Mauney at the Cross Plains 27 yard line. But the last-second try for the field goal sailed wide left and the Buffaloes were in sole possession of first place in District 15A.

If the Panthers can defeat Santa Anna this Friday night at Santa Anna, and then get by Evant here on November 4th, they will be the runner-up in the district and win a spot in the playoffs.

Mauney led the Panthers with 140 yards on 21 carries. Paul Petree ran for 115 yards on 14 carries. Herrera had 22 yards on 15 tries. Josh Hampton got 2 yards on 1 carry.

Mauney upped his total yards for the season to 1300 yards on 168 carries. Herrera has ran for 540 yards on 194 tries. Petree is coming

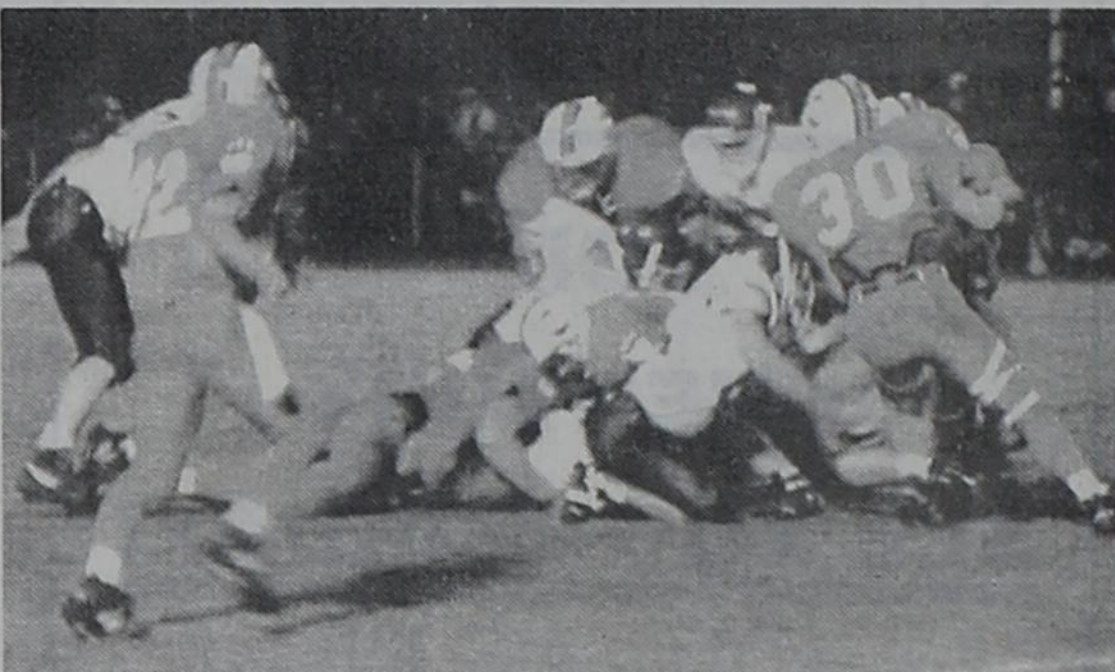

along with his running game and has massed 366 yards on just 55 carries.

The Big Red defense did a good job with the Buffaloes most of the evening, but just couldn't contain the running of Jimmy Lee and Cole Gilliam.

Gorman will have another battle on their hands this Friday night when they travel to Santa Anna to take on the Mountaineers in the District race. The Mounties also have a 2-1 record in district and will be a tough opponent for the Panthers. But if the Big Red continues their fine offensive play they have a good chance to win this one.

Let's all go to Santa Anna Friday and support the Panthers to victory.

Go Get 'Em Big Red!

On October 18th the Edna Smith Class of First Baptist Church met in the home of Beth Welch for supper and a business meeting. Only five members were present, but we enjoyed the lovely salad supper with fruit punch. Anna Rush voiced the blessing on the meal.

Minutes were read and officers gave their reports. The class is so glad to have a new member, Ruth Price, although bad roads caused her to miss meeting with us.

Frankie Jo Shipman read a piece from the Baptist Standard, "Just A Cup of Cold Water," which goes along with our study at this time on giving.

Deer Season Opens November 5th In Eastland County

Landowners and hunters are reminded that the general deer hunting season in Eastland County will open Saturday, November 5th and run through January 1, 1995. The bag limit is 3 deer, limit 1 buck and 2 antlerless. No special permits are required for harvesting antlerless deer, however, both bucks and antlerless deer must be tagged with the appropriate tag from a valid hunting license.

Deer populations vary from area to area and from ranch to ranch. The either sex regulation allows the landowner the flexibility to harvest deer on his property at the proper rates. It does not automatically mean that a heavy harvest of antlerless deer is needed. The recommended harvest rates of both antlerless deer and buck deer, as provided by the department, should be used only as a general guideline for harvesting deer. If more intense management of a place is desired, we suggest that the landowner should survey deer populations on his ranch on his own, this will allow him to get a more accurate representation of the deer found on his ranch. Please notice that in most cases the department recommends more antlerless deer to be harvested than bucks.

The recommended guideline for harvesting antlerless deer throughout most of Eastland County is 1 antlerless deer per 200 acres. The recommended buck harvest for the county is 1 mature buck per 400 acres.

For further information concerning harvest rates of wildlife management planning, contact Wildlife Technician, Ralph Suarez, at 915-690-6534 in Abilene.

THE UNKNOWN SOLDIER

How peacefully he sleeps out there in Arlington among the fair, Hills of Virginia; Loving Hands, have brought him back from foreign lands Across the sea that he may rest, within the land that he loved best, and died to save there is no name, upon the tomb to tell of fame. Our honor that he may have won, upon the battlefields his name, passed through the passing soul and still, a nation honors him and will, through all the years to come we know. He is the Emblem of the flow, the living tide; the boys who gave their lives; their own fair land to save, your boy or mine. Oh who can tell, a husband, sweetheart; it were well, to call him ours, both yours and mine, and bow with reverence at his shrine.

KOKOMO NEWS

ZELDA JORDAN -- PHONE 639-2289

We've had some stormy weather during the past week. One night we had high winds, hail, from pea size to large marble size, and about an inch of rain in about fifteen to twenty minutes. I don't think that I have ever seen rain fall so fast before. At least not in a long time.

Tonight (Monday) we received more thunderstorms and rain. I'm sure that the peanut farmers would like to see some sunshine now to dry the fields so harvest can continue.

Sunday, October 30th is time to turn the clocks back one hour. Don't forget, or you might get to church an hour early. Getting to church early might not be such a bad idea. Everyone could meet for prayer meeting before the regular services start.

Helen and Woodrow Browning, Leona Wilson and Jimmy Little, with Glynda Bond at the piano, rendered the special music at the Sunday morning service at the Kokomo Baptist Church. Visitors were Mrs. Mike Rodgers, Eric and Lisa of Cisco.

Orval Johnson of Flatwoods died Friday in a health care center in Eastland. His funeral was held on Sunday in the Inspiration Church of God in Eastland with burial in the Flatwoods Cemetery. Orval grew up at Kokomo and attended the Kokomo School.

Jackie Morgan of Friona died Friday in an Amarillo hospital. His funeral was on Sunday in Friona with graveside rites in De Leon on Monday. Jackie was the son-in-law of Mrs. J. C. Clearman of our community.

Mrs. Alice Snider died on Saturday, of Carbon.

A good time and happy remembrances were had by all.

Saturday, October 8th at the Carbon Community Center for the Golden Exes reunion, there were nine of the Class of 1938 present, including Bob Collins, Helen Faucett Wooten, Grace Anderson Garrett, Blanche Campbell Hall, John Edward Trimble, R. EXTENSION SERVICE PROGRAM COUNCIL UPDATE

The Eastland County Extension Service Program Council Executive Committee met on September 27th at the Eastland National Banl Community Room.

Mrs. Gerry Zimmer, Chairman, presided. The committee heard the report that 68 women landowners attended the multi-county Business Management Seminar for Women Landowners. The seminar was most successful. The committee expressed appreciation for the co-sponsorship by Cisco Junior College. Cisco Junior College provided facilities and CEU certificates for those attending.

County Extension Agents, Janet Thomas and Davy Vestal, announced that the 1995-99 Long-Range County Program is finalized and plans are to reprint for distribution in the near future. LREP Week was planned for December 12th at which time there will be a special program to "launch" the long-range program for key leaders and media.

The committee also discussed the annual meeting of the Extension Service Committee. The annual meeting will be November 10th at 7 p. m. Keynote speakers were suggested.

After much discussion, the committee discussed sponsoring an educational effort to promote tourism/wildlife in 1995. The Texas Agricultural Extension "Texas Hospitality" workshops are available for county businesses and would be a valuable resource. Eastland County has lots of possibility for promoting wildlife and

this is a valuable resource in our economy.

Members of the various area committees highlighted their program emphasis for 1995. The Home Economics Committee will be promoting health with several educational programs planned. Also a Children's "Back To School" Health and Safety Fair will be sponsored on August 3rd.

Ronnie Ledbetter, a member of the Livestock Committee, states that a Livestock Management Training is scheduled for November 17th. He shared that all the programs held in 1994 had been successful with excellent speakers and attendance.

The Texas Agricultural Extension Service promotes programs that strengthen families and promotes agriculture production, community development and youth leadership.

Texas Peanut Harvest Tour Attracts Major Media

Food writers and editors from national magazines including **Working Mother**, **Best Recipes and Better Nutrition for Today's Living** were among the participants in the second annual Texas Peanut Harvest Tour held October 13 and 14 in North Central Texas.

The tour was hosted by the Texas Peanut Producers Board, an organization dedicated to improving peanut

quality and marketability through programs in research, education, market development and product promotion. The board is based in Gorman and represents peanut farmers in 117 Texas counties.

Media representatives got a first-hand view of peanut farming when they visited George Bingham's peanut field in Comanche. Many rode tractors as others surveyed the crop.

The group also toured Universal Blanchers and Durham Pecan Company in Dublin, Golden Peanut Company in De Leon and Birdsong Peanuts in Gorman to view post-harvest procedures - from grading and sizing to shelling and blanching.

"The harvest tour was a huge success," said Mary Webb, executive director of the Texas Peanut Producers Board. "By understanding the

various components of peanut production, these opinion leaders are better able to support and promote Texas peanuts."

Prior to the tour, writers were treated to a down-home Texas barbecue at Tommy Butler's farm in De Leon. They sampled traditional barbecue foods and a variety of peanut desserts. Other highlights of the barbecue included cowboy poetry reading by a local youth and a full night of square dancing.

The Thacker Group, a food-oriented public relations agency based in Old Sacramento, Calif., coordinated the tour.

Agriculture View Point By: M. Davy Vestal

LOWER BEEF CATTLE WINTER FEED COSTS

Cattlemen should see lower prices for supplemental feeds for wintering cows. The USDA is forecasting the national corn price to be between \$2 and \$2.40 per bushel. This compares with an average national price of \$2.53 per bushel for last year's crop. The soybean crop is thought to be a record crop. USDA estimates the national soybean meal price will be between \$155 and \$175 per ton. The average national price for soybean meal last year was \$193 per ton. Cotton seed is also expected to be in large supply. USDA thinks it will sell nationally for about \$135 a ton compared to \$165 a ton last year.

While these feed ingredients should be lower in prices this year, other costs are involved in manufacturing, transporting and supplying supplemental feeds to cattlemen. Thus, reductions in feed prices will not likely be proportional to decreases in feed ingredient prices. Also, local demand and supply conditions may prevent feed priced from falling as much as might be expected.

Area cattlemen should find feed prices lower this year. If they do not, they should investigate why the prices offered are not lower than last year. Cattlemen may need to look at alternative feed suppliers if prices are too high.

City of Gorman Proclamation

Whereas, violence against women and children continues to become more prevalent as a social problem due to the imbalance of power due to gender and age, and

Whereas, the problems of domestic violence are not confined to any group or groups of people but cross all economic, racial, affectional preference, and societal barriers; and supported by societal difference, and

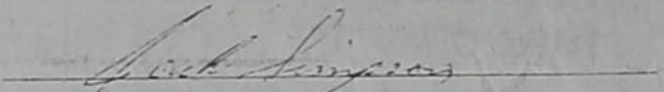

Whereas, the crime of domestic violence violates an individual's privacy, dignity, security, and humanity, due to systematic use of physical, emotional, sexual, psychological and economic control and/or abuse, and

Whereas, it is battered women themselves who have been in the forefront of efforts to bring peace and equality to the home.
