Gorman Students

Each year, thousands of individuals, families and tour groups visit our nation's capital. People visit Washington, D.C. for many reasons: to learn about and experience our national government up close; to tour the many and varied museums reflecting all aspects of American society; and to visit the historical statues and monuments that commemorate our na-

tions pursuit of freedom and democratic values in

peace and wartime. To make the most of a visit to our nations capital, you should plan in advance what you want to see,

when and how to arrive.

A trip is being planned for June 23-27, 2003 for students finishing the ninth, tenth, eleventh and twelfth grades. The trip is not sponsored by Gorman Independent School District Each student is responsible for their own fare. This is no vacation, but an educational tour. The first meeting with parents and grandparents will be the evening of GISD Meet the Teacher Night, August 15th. The meeting will take place in the auditorium at the conclusion of the

New Water Rates Effective Oct. 1

The Board of Directors of the Upper Leon River Municipal Water District has approved an increase in water rates. The City Commission of Gorman approved rate increases and changes of the minimum usage as well. These rates will go into effect October 1, 2002. The City Commission and Mayor realize this is a hardship to the citizens of Gorman, but in the last eleven (11) years the city has passed on only one rate increase on water and sewer rates. These increases are due to regulatory requirements and increased treatment costs, etc..

Thank you for your patience and understanding.

Everyone here today has been touched by your life. You have always given your love, kindness, generosity and support. We know you would not want it, but we grieve terribly at your passing. You have meant so much to so many, how can we not mourn for a time. We see what your life has created when we look at all your friends here today. We see your face and your manner in each of our children and their children. No, you are not lost to us. You live on and we thank you for being in our lives. 2002 Property Tax Rates in Gorman City

This notice concerns _ 2002 property tax rates for the City of Corner. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rats are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes Last year's debt taxes Last year's total taxes Last year's tax base Last year's total tax rate

ASB's the bank

for me.

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property) This year's adjusted tax base

(after subtracting value of new property) This year's effective tax rate x 1.03 = maximum rate unless unit publishes

notices and holds hearing

This year's rollback tax rate: Last year's adjusted operating taxes

(after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, and/ or enhanced indigent health care expenditures) This year's adjusted tax base

141,509 24.931.480 This year's effective operating rate 56759 /\$100 1.08 = this year's maximum operating rate 61299 /\$100 This year's debt rate /\$100 This year's rollback rate 61299 /\$100

STATEMENT OF INCREASE / DECREASE

If the City of Gorman adopts a 2002 tax rate equal to the effective tax rate of \$. 56759 per \$ 100 of taxable value, taxes would increase compared to 2001 taxes by \$ 1,720.
