Wasn't the Peanut Festival activities all marvelous. The parade keeps growing each year. The pet parade was very good with a lot of interest. The activities and booths were fantastic all day. There were a few comments on the size of the carnival not being big enough. But folks, it's no easy job securing a carnival of any size of this time of the year. I'm sure the Festival association is aware of the comments and will be looking into this. But all in all nearly all the comments on the festival were very complementary. The Festival Association is to be congratulated for a job well done. Most of the time this is a thinkless job - - but we want to change that and give them our heartfelt thanks for a marvelous job. - J -

There is a possibility of a couple of more businesses going in downtown, Granny's Goodies plans to open next door to the ice cream shop and there is

The Big Red defense did pretty good except for letting down on a few big plays. But the turnovers is what really hurt the Panthers.

rumors of a couple of more possiblities if space can be found. Folks this is the finest thing that has happened in Gorman in years with all the new businesses going in and the town growing instead of slowly dying on the vine. If anyone knows anything about any of the empty buildings, please let the Chamber of Commerce or the Gorman Progress know about it.

Ye Olde Ice Cream Shoppe finally got open and had ice cream for sale by late afternoon on Saturday. Bob and Charlene had a bit of trouble with their ice cream display box, but finally got it fixed after several hours of work by the refrigeration man. They sold a lot of ice cream Saturday night.

The Panthers had a lot of bad luck in their opener last Friday night at Baird. They turned the ball over on 5 different occasions, and you just don't win when you have so many turn overs. They will host Hico at Brogdon Field on Friday night. This is always a great battle and is expected to be no different this time. Be there !!! - J -

Am glad to hear that the dispute over the right-of-way and raod to the Alameda Cemetery has finally been settled. The Commissioners Court passed a Resolution on Monday for the removal of a fence built on the road right-of-way. Now maybe things can get back to normal. I know the folks in the Alameda Cemetery Association are happy about the resolution.

- J -It seems as though the peanut support programs will be fazed out in the next seven years. Mr. Armey and his followers have finally done what they started out to do - - kill the peanut farming as we know it in this area. The final information on this action should be finalized in the very near future. We will have more information on this as it becomes available. - J -

The Eastland County Commissioners Court, in their regular meeting on Monday, September 11th has finally resolved the dispute over the raod rightof-way on County Road 483 leading to the Alameda Cemetery. Most of the criticism was toward Calvin Aimsworth, who is the Commissioner of the precinct in which the cemetery is located. Lewis said "We've got to stop this man. It's so simple. Stetson Thompson Honored With 1st Birthday Party

Stetson McCrae Thompson was honored with a "1st" Birthday Party, Saturday, September 2, 1995 at the Church of Christ Fellowship Hall in Gorman, Texas. The party was given by his parents, Larry and Kristi Thompson. Stetson's 1st Birthday was August 30, 1995.

The theme of the party was "1st" Birthday Mickey Mouse and Disney Friends. The fellowship hall was decorated with brightly colored balloons & banners and the centerpiece was made of face balloons of Mickey & Minnie Mouse, Donald & Daffy Duck and Goofy. After the party the kids had a lot of fun releasing all of the balloons outside and watching them fly high into the sky.

Refreshments at the party were a Large Mickey Mouse cake, miniature individual Mickey Mouse face cakes and Mickey & Minnie Mouse cupcakes, all make by Stetson's MeMaw, Sandy Warren. Homemade ice cream, made by Stetson's Grandmama, Mary Thompson, was served to the adults and popsicles in the shape of Mickey Mouse and Disney Friends were served to the kids. Strawberry slush punch was also served. Stetson had his own individual cake in the shape of a #1, also made by his MeMaw Warren. Stetson had a great time eating & destroying (with both hands) his #1 cake. No one wanted to give him sugar or hold him after he enjoyed his #1 cake so much, but a quick bath in the sink and Stetson was ready for more party fun.

Party favors were Mickey Mouse ears, made by MeMaw Warren. The kids looked really cute in their Mickey Mouse ears. Other party favors given were Party Bags filled with candy, miniature golden books and play dough and Mickey Mouse pencils and writing pads.

Those helping Stetson celebrate this very special day were: Larry & Kristi Thompson, Sandy Warren, Jason Warren, Mary and Jud Thompson, Linda & Samantha Stephens, Melissa & McKenzie Osborne, all of Gorman. recommends that you have this simple life-saving procedure now. Since one woman in 10 develops breast cancer at some point in her lifetime, the urgency is real.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination. These images are then interpreted by a Board Certified Radiologist, and a report is sent to your own doctor. It takes only a few minutes, and can detect incipient breast cancer as small as the period at the end of this sentence.

Early detection (18 months sooner than a lump can be felt) not only permits treatment before the problem becomes serious, but the cure rate is over 90 percent. Mammography cannot only save your life, but help you avoid the need for disfiguring surgery, too.
