

## HULLS by Kernel Gene, aPe

"To be or not to be?" Shakespeare should have published a weekly newspaper.

Kernel Gene regrets that he was out of town Tuesday and missed the meeting at the Fire Hall. I understand it was a good 'Family Get Together' - and that is good because when people can sit down and talk things over misunderstandings are cleared.

Because I have been getting inquiries, I will do my best to explain the controversy over the proposed sale of park property. Our town is too small for misunderstandings and I sincerely hope this matter can be straightened out to the satisfaction of all. I have discussed the matter with Mayor Jay and last week Ben R. Townley showed me the property in question.

As you drive to the Concession Stand, past the diving boards there is a pool of water on your left filled with weeds and cattails which is drainage from the swimming pool. It is this property consisting of two acres acres more or less that Mr. Pittman wants for which he will give the City 200 cubic yards of caliche from his property back of the bathhouses. The caliche (I hope it is correctly spelled) is to be used as a base for paving Gorman streets.

The question is: "Can this property be legally sold?"

An attorney has informed the City Commission that it can be sold. I am told the District Attorney was consulted and he said it could not be sold legally.

Personally, I do not know. How ever, I do not think any member of our City Commission would deliberately do anything unethical.

Mr. Townley, City Secretary, May 7, 1960. said that too date no definite commitment had been made and in New Mexico.

filed on our Housing Project public office but I feel that I am they will notify the City as to ple. I assure you that if I am

## James W. Miears **Enters Race For** City Commissioner

James W. Miears, who operates the Mobil Bulk Plant formerly coming City Election to be held owned by Z. O. Mehaffey, has placed his name on the City Ballot as a candidate for City Commissioner in the forthcoming City Election, Tuesday, April 5.

James stated that he was a graduate of Gorman High. He served almost two years in the Navy and after receiving his honorable discharge entered Texas A & M College where he graduated in 1950. He taught Vocational Agriculture for six years before returning to Gorman in

James takes an active interest RF-F-F-CTON in civic, club and church work He said, "This is my home and school and civic affairs for many I would like to serve as City Commissioner. Your vote and support in the forthcoming election will be greatly appreciated."

# JACKPOT HIT FOR \$7; WORTH

Once again the slippery sneak "Jackpot" escaped through the roadblock of clues last week. He is a beguiling character, so it will take a lot more study and planning to outwit and nab him.

Another young sleuth, Teddy Higginbottom, came close to him last week when he identified Mr. E. G. Henderson as the Who's Who, but he lacked some of the important evidence to win the entire \$17.00. However, he did claim \$7.00 for his participation in the chase.

This week the jackpot adds up \$22.00. Why not make it your business to "run him in"?

By Ted Bickle

No, I don't want to talk about had Tuesday.

Spring fashions are much more Congress of the United States is, interesting and surely in a few of course, based on my record of days we will be permitted to service," Burleson states. ## No more hanging clothes outside to dry when you have an Electric Clothes Dryer

about 5c a load in an Electric

You can throw away your clothespins-say goodbye to clothesline work and worry-when you dry your clothes electrically. Instead of carrying heavy wash out to the line, you just take clothes from your washer, pop them into your Electric Dryer and set the controls. Gentle, sunshine-clean electric heat dries everything safely, automatically-without a moment's attention from you. And your clothes come out cleaner, fluffier and sweeter-smelling than when dried outdoors on the finest day.

## Born After His Daddy Died -

. . . did little Tommy cloud the title to his mother's home? Or suppose little Tommy was born out of wedlock would this affect the titles to the properties owned, if any, by his father, or mother, or both? These and many other heirship problems may arise in any title which the lawyers or the courts must finally decide. The abstract, which presents the facts and conditions surrounding such circumstances, is and always has been, the most important part of any real estate transaction.
