Kimberly Brumfield And Dr. Alfie Pino To Pledge Vows

Mr. and Mrs. Jim Brumfield announce the engagement of their daughter, Kimberly Brumfield, to Dr. Alfie Pino, son of Mrs. Maria Pino and Dr. and Mrs. Alfonson E. Pino.

Kimberly is a 1987 graduate of L. D. Bell High School in Hurst. She went on to attend Texas A&M University where she received a degree in Secondary Education in 1992. Kimberly now teaches high school and resides in Sunnyvale, Tx, a suburb of Dallas.

Alfie is a 1984 graduate of Gorman High School. He attended Tarleton State University where he received a degree in Biology in 1988. Alfie went on to attend Southwestern Medical School in Dallas and graduated in 1992. He is now completing his final year of residency in Anesthesiology. Alfie resides in Red Oak, Texas.

The ceremony will take place at the First Baptist Church of Dallas on March 16, 1996 at 7:00 p.m. Reception will follow in Coleman Hall, the church's fellowship hall.

Nancy Trout Announces Retirement

I, Nancy Trout, retired County Tax Collector Assessor of Eastland County would like to take this opportunity to thank my constituents for allowing, me to serve you these many years.

I came to work June 1, 1961 for Mr. J.C. Allison and worked for him until his retirement. I then worked for Mr. Edgar Alton until his retirement in 1972. I was elected and took office as Eastland County Tax Collector Assessor on Jan. 1, 1973.

When I came to work in 1961 all motor vehicle registration expired on March 31st of each year. In 1975 the state started the slaggued systems. Each vehicle was issued a month and year sticker. This helped to eliminate the long lines. We only had manual typewriters and no air conditioning. We had two fans and the old roll out windows in the courthouse at this time. Now we have electric typewriters, air conditioning and the wondergul world of computers. My office was closed for three days in March 1995 for training when the State installed the Registration Title System.

My family consists of two daughters, one being Kathy Hallum, her husband Greg and son Chris. They live in Abilene and Kathy works for the postal service at the Central Coding Center. My grandson, Chris attends a Christian school. My other daughter, Donna Rodgers and her husband Tommy also live in Abilene. Donna is an R.N. and a nursing supervisor at Abilene Regional Hospital. My mother is Eula Wright of Eastland. I am a member of the Gunsight Baptist Church. My retirement plans include church work, travel, quilting and piano lessons.

My 34 years and 7 months in the tax office have been wonderful years and at this time I would like to endorse Sandra (Sandy) Cagle for your next Eastland County Tax Collector Assessor. Sandy has worked for me and the Eastland County citizens for ten years and has been my Chief Deputy for six years. She is familiar with all aspects of the tax office and license registration department and has attended many hours of school as required by the state to be certified to work as Tax Collector Assessor. In my opinion Sandy will make Eastland County a hardworking, honest, and conscientious Tax Collector/Assessor.

Sandra Cagle Statement To The Voters'

Sandra (Sandy) Cagle, candidate for Tax Assessor Collector of Eastland County is issuing her final statement before the March 12 Primary Election. She has worked in the Tax Office for 10 years and been chief deputy for 6 years. She is experienced in every aspect of the office, both ad valorem and auto. She has received extensive state required training in these areas.

Sandy has tried to meet every voter, there. but if she has missed any, she is taking this opportunity to ask for your vote and influence. Sandy feels that she is the most qualified, experienced person to hold this important office. If elected she will continue to meet the needs of the citizens of Eastland County with the good service and respect that the office has provided in the past under Nancy Trout' who is now retired.

Sandy takes this opportunity to thank all the people who have encouraged and helped her in the campaign. And she reminds each person to please vote on March 12.

The Boys of Summer Are Back!

The Gorman Panthers shook off a slow start Tuesday to defeat the De Leon Bearcats 8-1 in it's first non-distriet ballgame of the 1996 season.

The Panthers, who started the season unofficially with two scrimmages last week, return a bevy of experienced Seniors from a 20-5 Area Team last

Leading the way for the Panthers this year at the Pitching Position is four year starter Nicholas Guthery. Guthery, who followed his All-State Sophomore year with a Junior year that fell short of his expectations, is starting off seemingly where he left off two years ago. Nicholas pitched four innings Tuesday holding the Cats to one run on one hit, while striking out nine. Coming in on relief for Guthery was Senior left hander Tom Bynum. Bynum turned in a solid effort, for three innings, holding De Leon to just two hits and no runs, while striking out a pair.

First year Coach Brad Ellison was pleased with the pitching of his Seniors, saying "They did a real good job of mixing up their pitches today." He went on to say, "We struggled a little with heat today, our kids weren't expecting a early summer."

The Panther Defense had a few glitches during the day, committing three errors, yet came through and made some good plays to finish the game. The defense was highlighted by a Double Play that was turned in the sixth inning, to halt a comeback effort, by Senior Third Baseman Ronald Majors, Sophomore Second Baseman Reece Clark, and Junior First Baseman Kris Carlton.

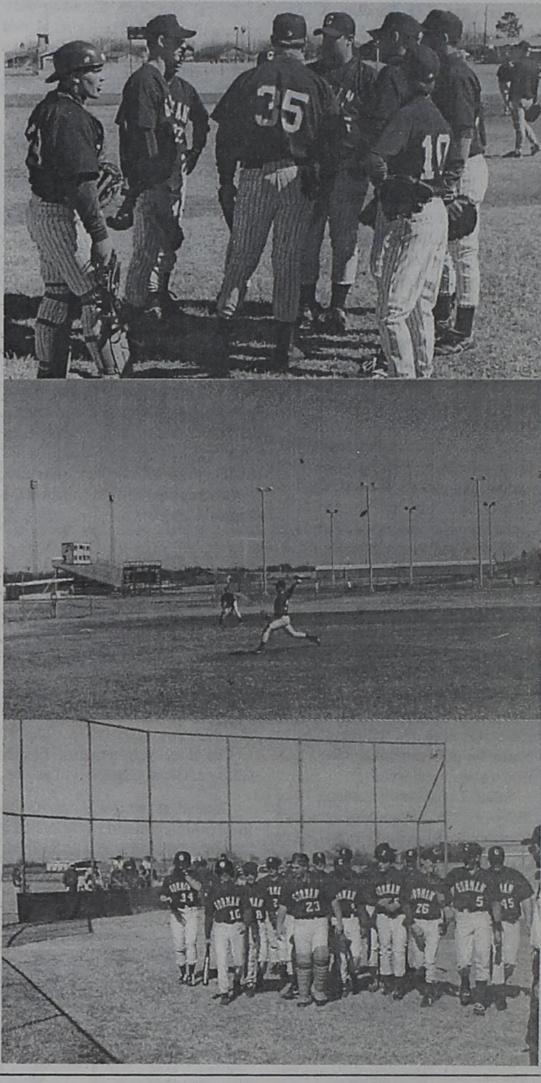

The game ended with Senior Right Fielder Marco Herrera squeezing a deep fly ball by De Leon Outfielder Andrew Brown,

Offensively, the Panthers were led by Senior's Jason Johnson (2 for 3, 2 runs scored) and Ronald Majors who ended the day 2 for 4 with one RBI. Junior Adon Rodriquez also ended th day 2 for 3 including a perfectly executed bunt in the third inning.

Coach Ellison was real please with the effort of his kids today saying that,

"It was a good first step for us." The Panthers next game is sched-

uled for Tuesday, February 27th at

Corps of Engineers Work To Improve Proctor Lake

The Fort Worth District, U.S. Army Corps of Engineers, announced plans today to upgrade and provide additional facilities in the day-use portion of Sowell Creek Park at Proctor Lake.

Most of the improvements to facilities at the lake over the past few years have been limited to campgrounds, even though the Corps officials recognize the need for additional and improved day-use facilities. A team of specialisits in recreation, natural resources and constuction has been formed to develop plans for improvements in

The general concept is to develop a couple of swimming beaches and restrooms a boatramp and eventually additional picnic sites. The area will be enclosed with a gated entrance and

"My Town -

With towering derricks all around, Desdemona''

Where Oil wells flowed - their liquid gold, During the Boom in Desdemona. The Broom is past - Quite reigns at last, Our oil is gone - Rich gas alone,

The largest found - In the whole world around, Is my town - Desdemona. My Town - Is a little town, With a quite street - Running up and down,

Where old friends meet - and new friends greet, Each other - every day along the way, My town - Is the best little town,

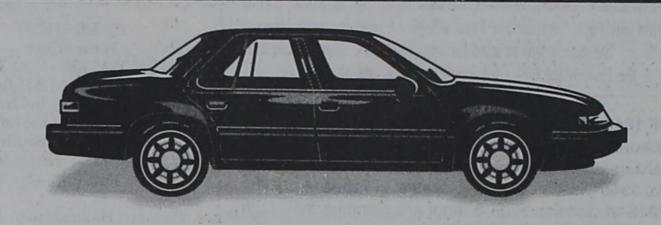

Makes my town - a gasoline Center,

My Town - Is a little town,

To be found in Texas - It's Desdemona. My Town - Is a strange little town, Where folks agree - To disagree, And then to be - Quite friendly again, My town - Is a dear little town, With happy homes - Scattered around, Where Children play - and dreams come true

In my town - Desdemona. Author Unknown

Extension Service Launches 1996 Soil Test Campaign and Advises of Changes of Where to Send Samples

The Texas agricultural Extension Service has launched the 1996 Soil Test Campaign. Homeowners should consider some things before buying fertilizer for the coming season. Hudreds of tons of fertilizer are applied on Texas lawns every year without knowing what kind and how much is needed for their individual lawns. Just as too much water creates problems for a lawn, too much fertilizer also can be damaging. If a lawn receives more nutrients (fertilizer) than it can use, the excess may run off and contaminate surface water or groundwater. Each lawn is made up of thousands of grass plants. Some are already in your soil and which soils have enough natural fertility to keep your lawn growing well, others do not. Plants use water and the nutrients they get from the air and soil to manufacture their own food. This process is dependent on a steady supply of nutrients, primarily from the soil itself. One key to a lush, green lawn is timely application of the right-fertilizer. "Soil Test now to insure a healthy

lawn this spring" said Soil Chemist Dr. Tony Provin who directs the Texas A&M Soil, Water & Forage Testing Lab in College Station. "Odds are that it will need some fertilizer, but probably less than you think. Find out for

increasing evnironmental awareness of contamination of our natural resources, do your part."

The Extension Service is encouraging homeowners to pick up a new SOIL TEST kit at retail stores where fertilizers are sold, or from county extension offices. The Kit contains simple directions, a plastic bag for the soil sample, and information card adn prepaid mailer. The \$13 cost covers the soil analysis, preparation of the report and postage. "For about the cost of one bag of fertilizer, you can get information that could save you money on fertilizer expense", said Provin. Allow fine working days to receive your personal soil test lab results.

The report tells you what nutrients formula of fertilizer, if any, to use and how much," said Davy Vestal, County Extension Agent-Ag. "The report both recommends how much fertilizer to apply at first, as well as the rest of the year. Use your SOIL TEST report when you buy fertilizer. The recommendations are based on individual results rather than geographic areas.

NOTE CHANGES IN MAILING:

The "Don't Bag It" program has been in opearation for a few years now. The "SOIL TEST KITS" are available through retail stores where fertilizers are sold and from the local county extension office. For those who might sure with a Soil Test. With the ever- have used this service in the past and

may possibly have some of the envelope kits at home, this serves as a notice of some changes in the use of those bags. Anyone that has a "Don't Bag It" envelope that shows the address of Plains Testing Lab, Lubbock, TX., may no longer use those bags EFFECTIVE FEBRUARY 24TH. The Lubbock Lab was closed on September 30 as a result of budget cuts. Since the time of their closing, the College Station lab has taken over this program. They have worked out an agreement with the U.S. Post Office for these envelopes to be forwarded until the permit expired on February 24th. During ths time, the envelopes on hand with the Lubbock address were corrected and new envelopes were printed for all to reflect the College Station lab address. Under no circumstance will the post office forward the Lubbock address envelopes after this date. NEITHER MAY you mark through the address and write in College Station. These will not be forwarded!
