

Business Forges Ahead, Regaining Half Of Lost Ground

By FRANK MacMILLAN

NEW YORK, Nov. 5 (AP)—The nation's business, entering the fifth month of recovery, had reclaimed today nearly half the ground it lost in the slump from the relatively high industrial levels in the spring and summer of 1937.

Heavy construction awards, trade sources reported, were the largest for the month since 1928. The Associated Press index of residential building, where signs of vigorous revival first were visible last spring and early in the summer, by the end of October had more than doubled the figure at the 1933 low point.

It now stands at 83.6, up about 27 per cent from the year's low. This index is based on the average for the years 1929 and 1930 as 100.

Steel production for the first time this year crossed the 1937 line, lifting the industry's operating rate to 85.5 per cent of capacity, from 66.7 at the end of September and 55.5 early in July.

WEST POINT, Miss., Nov. 5 (AP)—The following advertisement appeared today in the classified column of a local newspaper:

Denison Dam Work Favored

Texas Project First On War Department's List

WASHINGTON, Nov. 5 (AP)—Preferred position on the war department's flood control program is held by the Denison dam project, which will harness the erratic and turbulent waters of the Red river.

To expedite construction once work is underway, the department will create a Denison district to be directly under the army division engineer whose headquarters are in Little Rock, Ark.

Borings averaging between 100 and 150 feet are being made now on the dam site, near Denison, Tex., to obtain data necessary in preparing plans for the foundation of the \$54,000,000 project. If no unforeseen obstacles arise in the program, bids for the construction will be advertised next fall and work actually begun along in January of 1940.

Funds to carry on construction must yet be appropriated by congress. The project was authorized last session, but the legislation

ODESSA BOY SUFFERS BROKEN NECK IN GAME

EL PASO, Nov. 5 (AP)—Russell Wilkins, 16-year-old junior playing left guard on the Odessa high school football team which played Austin high here this afternoon, suffered a broken neck in a scramble for a fumble just as the second half opened. Wilkins' head hung loose on his neck, but doctors at Masonic hospital said he would recover "if he does not have any bad luck."

The Big Spring Week

Tuesday is general election day, and unless the age of miracles definitely is still upon us, the county will poll far less than half of its 6,000 voting strength. After all, there are no real issues at stake here except the issue of good citizenship through exercise of the franchise. There is a question of whether to eliminate the anti-dueling clause in state oaths by constitutional amendment. The life and death of the state is hardly involved in that one.

Although democrats who lick the log for W. Lee O'Daniel will be sanctioning his pension promises,

they might well be thankful even as the pharisee, that "we are not like" others. Consider poor California, asked to swallow a scheme that will poll far less than half of its 6,000 voting strength. After all, there are no real issues at stake here except the issue of good citizenship through exercise of the franchise. There is a question of whether to eliminate the anti-dueling clause in state oaths by constitutional amendment. The life and death of the state is hardly involved in that one.

Here is the answer to a question several sportsmen have asked. See THE WEEK, Page 8, Col. 9

13-Year-Old Girl To Be Honored In Program Today For Heroism In Saving Young Brother

Mary Elizabeth Davis To Receive Three Medals

The heroism of 13-year-old Mary Elizabeth Davis, who rescued her brother from lethal gas fumes and revived him with artificial respiration, will be paid appropriate tribute in ceremonies at 2:30 p. m. today in the First Presbyterian church.

Mary Elizabeth, daughter of Mr. and Mrs. Roy Davis of the Continental lease, will be presented with three medals, two of them from the hands of high Continental Oil Co. officials, and the other from Shine Phillips, chairman of the local Red Cross chapter.

The ceremonies will be broadcast over radio station KBST under the sponsorship of the Howard county Red Cross chapter.

J. G. Dyer, vice-president in charge of production and drilling for the Continental Oil Corp., east of the Rocky Mountains, and J. S. Boylan, superintendent of the company's safety division, flew here yesterday evening to take part in the presentation. Dyer will pin the company's medal on Mary Elizabeth and Boylan the medal of the President of the United States. The Red Cross medal will be presented by Shine Phillips.

L. E. Orr, Denver, Colo., Fox Movietone News staffer, arrived here Saturday to shoot film of the presentation. Later, if used in the news film release, the action will be voiced by Lowell Thomas, news commentator.

Other portions of the program

MARY ELIZABETH AND VYRION DAVIS

will include organ prelude and postlude with Elzie Jeanette Barnett at the console, and an interview with the little heroine by Phillips prior to the presentation of the three medals.

Out of this will come the story of how a healthy little girl saved a life because she knew what to do and how to do it.

Used Her Knowledge Of Artificial Respiration

called their dog and started on a rabbit hunt. They clambered into a ravine in which gas had settled and before they were aware of any danger, fumes of hydrogen sulphide dropped Vyrion and the dog in their tracks. For some reason, Roy L. was not affected by the gas. He turned and ran to the Davis home to tell Mary Elizabeth, only other person at home.

She dashed to the scene and cautiously drew Vyrion's prostrate form from out of range of the gas and began to administer artificial respiration.

She applied and released pressure to the small of her brother's back rhythmically for 10, 20, 30 minutes and still no breath. Neighbors and friends, many of them several times her age, watched helplessly and secretly feared Vyrion's fate was like of his dog—killed by the gas.

But Mary Elizabeth had been taught by her father that the first aid manual said not to give up until the body grew stiff in death. Stiffening her emotions, she stayed coolly at her job. After 35 minutes of effort, Vyrion gasped and caught his breath. In a few moments more he was barely breathing under his own power.

Mr. and Mrs. Davis, returning home, were attracted to the scene. There, due to Mary Elizabeth's heroic efforts, they found hope with life, rushed Vyrion to a local hospital where he recovered to the extent he was able to be back at school the next day.

Court Term To Open Monday

Klapproth To Be On Bench Here For The Last Time

Fourth and final term of 70th district court will be convened here Monday at 10 a. m. with Judge Charles L. Klapproth of Midland on the bench for the last time in a local court before he retires from service at the end of the year.

Judge Klapproth will cast aside his political robes to enter private practice after 12 years as district judge.

In the last term of the year, the court will be faced with a light docket although the civil business apparently is heavy. Of the 56 cases filed since the last term of court, a good percentage is divorce petitions.

There are only 10 criminal complaints on file of this number three are for theft, two for forgery, two for driving while intoxicated, and one each for burglary, assault on murder, and robbery. District Attorney Cecil Collings said.

Grand jury will be impaneled at 10 a. m. Monday, docket will be called at the same time Tuesday and petit jurors are to appear for service at 9 a. m.

TEXANS INJURED AS PLANE CRACKS UP

CHICAGO, Nov. 5 (AP)—A private airplane tonight crashed into the railroad embankment which bisects the municipal landing field, injuring its four occupants, all residents of Kilgore, Tex.

At Holy Cross hospital, attendants gave their victims' names as Aubrey V. Riley, 42, an oil drilling contractor and the owner of the plane; Vernon Gower, 25, the pilot; Waverly Anderson, 42, and Thomas F. Head, 31.

Attendees did not list the injuries, but said they did not believe they were serious.

WPA ENGINEER DIES

EL PASO, Nov. 5 (AP)—William Neadom Burson, 36-year-old WPA engineer of Marfa, died in a hotel here Friday of peritonitis. His body was sent the same day to Marfa where funeral services were held at 1 p. m. Saturday. Survivors include his widow, Mrs. Marie Burson and a brother, Glenn Burson of Lubbock.

Schools Have Special Week

Visitors Invited In Observance Of Education Week

Visit your schools this week. See what goes on behind the doors of the buildings you help keep open with your tax contributions. See how the ideal of American democracy is being made more secure through knowledge. See how your boy or girl learns to be a good citizen, a worthy worker, a person of ethical character.

This is the week that you should take a little time off and do these things for it is American Education Week. School all over the nation, and here in Big Spring, are urging citizens to visit and study the schools and their program on Monday through Friday.

W. C. Blankenship, superintendent, issued patrons such a special invitation to be guests in any of the city's nine schools. Better than all they can read or hear, they can see for themselves the type of program being offered, how boys and girls learn mastery of tools and the spirit of learning, how to achieve worthy home membership, health and safety, how to become vocational and economic effective, and how to wisely use their leisure time.

President Franklin D. Roosevelt, in proclaiming this American Education Week laid stress upon education cannot succeed unless those who express their choice are prepared to choose wisely. This is in keeping with one of the topics selected for emphasis in this year's observance, that of "holding fast to our ideals of freedom."

FD's Defense Plans Aired

Capital Hears He Will Seek 7 Planes To 10,000 War Planes

WASHINGTON, Nov. 5 (AP)—Administration circles heard today that President Roosevelt intended definitely to ask congress to authorize one of the world's mightiest air fleets, numbering from 7,000 to 10,000 warplanes, for the army.

His far-reaching plans to bolster national defenses were reported authoritatively to include also full war equipment as quickly as possible for a nucleus army of 400,000 or more men.

It was estimated that the program involved outlays next year exceeding by well over \$300,000,000 this year's appropriations for all military purposes, including naval.

A separate "emergency" budget for the new armament program was one device the president was reported to have under consideration.

The projected reinforcements, the outcome of an extensive survey of defense needs which was initiated by Europe's recent crisis, were said to be chiefly for the army and air corps. Also in prospect, however, is a request for increased appropriations to carry out this year's billion-dollar fleet expansion act, which laid out the navy's course for a decade.

Details of the new rearmament program were hidden in confidential budget estimates, but in well informed quarters it was believed.

WEST TEXAS—Partly cloudy and colder Sunday; Monday fair warmer in north and central portions.

Norther Hits West Texas

Light Snow In Panhandle As Cold Wave Sweeps In

By The Associated Press
A brisk norther, with some snow, struck Texas late Saturday and the cold wave was expected to spread over a large portion of the state Sunday.

Frost was predicted for North and West Texas.

Annularly reported the temperature dropped to 40 there Saturday night and a light snow fell at Texline.

At Lubbock the thermometer fell to 51 degrees from Saturday's high of 78. A minimum of 33 was forecast there Sunday morning.

At Dallas, a minimum of 40 was expected.

The cold wave was sweeping in to Texas from the eastern slope of the Rockies. A low pressure trough over the midcontinent area began shifting as a high-pressure area on the eastern seaboard gave way.

At 1 a. m. Sunday, the Big Spring reading was 61 degrees. It had been to 59 before midnight.

FAX MEN ADOPT A POLICY ON POLL COLLECTIONS

AUSTIN, Nov. 5 (AP)—A special committee of the Texas Association of County Tax Assessors-Collectors decided today that a ruling properly taxes cannot be paid without payment of poll taxes at the same time should be followed in the 1938 taxpaying period ending next February 1.

The group voted at the same time to ask the legislature to abolish the poll tax and substitute a \$1 registration fee as a voting requirement.

In the past some counties have allowed property owners to pay their ad valorem taxes and let their poll taxes go. State officials held a short time ago, however, such a practice was illegal.

MISSING BOY FOUND WITH DESERTER FROM ARMY

GOLIAD, Nov. 5 (AP)—Sheriff C. M. Harbison said today he had picked up an army deserter and a Brownsville boy, who had been missing since last Sunday, and was holding them for valley officers.

He said the man, Billy Jean Leonard, alias Rufus Lowery, asserted the boy went with him of his own accord, but Sheriff Harbison said the youngster insisted the man had induced him to accompany him.

PARTIES MAKE LAST APPEAL FOR VOTES

New Deal The Big Issue In Tuesday Elections, Demos Defending It, Republicans Assailing It

By The Associated Press
Charges and counter-charges of responsibility for the country's economic woes came last night from republican and democratic orators making last-minute appeals for popular support at the polls Tuesday.

Both sides assumed that the paramount issue before the electorate in choosing new governors and congressmen, was the New Deal. Democrats rose vigorously to its defense while republicans as spiritedly criticized it.

Former President Hoover, speaking in Spokane, Wash., charged the Roosevelt administration with mangroing its own efforts to restore prosperity by the use of "coercive" methods. He made this appeal:

"Give us the election of a new congress of independent men and watch America come back."

Across the continent at Greenwich, Conn., in his home state, Attorney General Homer Cummings appealed for support of the administration in an address entitled "America Must Not Turn Back." His theme was much like President Roosevelt's of Friday night, that continued "liberal government" is necessary to preserve new deal enactments.

Hoover, making the last of three campaign speeches, traced recovery measures from the start of the 1929 depression and said the democratic charge that the people were "neglected and starving" when his administration ended six years ago "is prevarication."

Recovery processes had halted the world-wide depression in 1932, he said, asserting that only America hesitated when Roosevelt took over the presidency. A second "depression" resulted, he declared, when the present administration's "artificial structure" engendered adverse court decisions and suffered from "coercive action against prices and bank credit."

"The major problem America confronts today is whether we shall shape our economic system on free men or whether we shall introduce into it a mixture of personal power with coerced or regimented men. That is the flaming conflict in the world today."

Cummings said in his discussion of recovery that an "unseemly effort to sabotage reform" was one of the major factors in the "recent temporary recession."

He denounced "selfish, shortsighted interests" which forgot 1932, when, he declared, the administration had restored to them a measure of economic stability.

"They showed the government with thousands of unemployed suits," he said, "reminded the administration in litigation, invoked the impetive power of the courts, and trove by legal action to wreck the very machinery which had given them, and all the rest of us, renewed life and hope."

Next Tuesday, the attorney general asserted, "the people must choose after more between the old deal and the new deal."

Democratic Chairman James A. Farley, commenting yesterday on President Roosevelt's appeal from Hyde Park for the election of candidates "known for their experience and their liberalism," declared it was "devastating" to republican chances in New York state.

Meanwhile, other leaders of both major parties assayed their prospects and issued optimistic predictions as to the outcome of congressional races.

20 Years After Armistice World Arming Again

WASHINGTON, Nov. 5 (AP)—The world enters Armistice week—20 years afterward—preparing feverishly for war at a cost which may reach \$20,000,000,000 this year and even more in 1939.

In totalitarian and democratic countries alike the economic structure is burdened by the staggering cost of the arms race which has blotted out the bright hopes and expectations of November 11, 1918, when the World War ended.

Many foreign nations are devoting nearly 50 per cent of their national budgets to arms costs, paying none of their arms bill out of current revenue.

Demo Leaders Meet Monday

State Committee May Endorse Garner For President

MINERAL WELLS, Nov. 5 (AP)—Endorsement of Vice President John Garner of Uvalde for the presidency in 1940, and selection of a secretary appeared today as possible controversial issues to be threshed out by Monday's meeting of the state democratic executive committee here.

E. B. Germany, chairman, announced in Dallas recently that W. S. Spert of Hallsville would be named to succeed Vann M. Kennedy of Austin, who has served four years. Kennedy said he would resign, but some friends in Austin indicated they may try to have him retained.

Spert is a brother-in-law of Carr P. Collins, Dallas insurance executive and close friend and advisor of governor-nominate W. Lee O'Daniel, who announced in Fort Worth today he would attend the committee's session.

O'Daniel declined to comment on his stand in regard to endorsement of Garner and selection of a secretary.

Kennedy has urged committee members to push a movement to increase representation of the south in national democratic conventions. He said unless that is done it will be possible for "a few machine bosses in northern and eastern cities to handpick presidential nominees."

In regard to the Garner endorsement, Germany said he would urge the committee to set up an active organization to capture delegates for the Texan, following the state convention's action approving him.

This government itself is formulating a program of greatly increased armament outlays.

Many nations, particularly the dictator countries, have slipped out unemployment by rearmament. The question arises, in the opinion of some economists, See REARMING, Page 2, Col. 4

THE SPORTS PARADE

by HANK HART

Representatives of the schools of the proposed new football district, Three, comprising Big Spring, San Angelo, Sweetwater, Odessa and Lamesa, wasted little time in calling a meeting to discuss new plans for the 1939 season. The confab in Abilene Monday should straighten several matters. Among schools eligible to join the new setup are Colorado and Midland. Representatives from both have been invited. Latest check on the scholastic enrollment at Colorado shows that there are 491 students in attendance. Wolf officials, however, are reported to have expressed no interest in the invitation, may not even be represented in the meeting. Midland may be forced in because that school is said to have more than 500 enrollment.

When Lefty Bethell grabbed that pass thrown by Charles Sewell and romped to Big Spring's only touchdown in Friday's game in Abilene, the Steer star only trotted the 45 yards to the pay off stripe. He is so fast the Abilene boys never had a chance to turn and pull him down. Clyde Smith, the Bovine giant tackle, wore a "muzzle" what time he was in the fracas, managed to escape injury. Clyde's nose was broken in the Sweetwater game two weeks ago.

Butter Allied served as referee both in the Abilene-Big Spring and the San Angelo-Sweetwater games. Allied, a mite of a man who looks more like a mascot, is a competent official. Clyde Pratt, who helped work the Steer go Friday, is a brother to the Colorado assistant mentor, James Pratt. A third official, serving as head-lineman, was Jimmie Stewart, the Southern Methodist athletic director. The Bovines may not take the honors in a game this fall but at least they have the support. The officials sent the pep squad and band on two official trips. Every substitute on the Big Spring team managed to see action with the exception of Horace Bostick who was injured in the Conhoma-Yearling game two weeks ago.

Speaking of the Yearlings Coach Johnny Daniel is going to contact Mentor Baggett of the Abilene Eagles for a game two weeks from last Friday. Baggett made the suggestion at the conclusion of the Eagle-Yearling and Johnny took the proposal under consideration. Incidentally, Pete Pressley, the Yearlings' hard running little back who broke his arm in the Conhoma game Oct. 29, will report to the Steers for spring training. The Abilene-Big Spring classic was waged in one of the most perfect football days that this observer ever had the privilege of sitting through. Noticeable from the sidelines was the signal calling from both teams, when Abilene had possession of the ball. Billy McClure was barking them for Abilene and Chock Smith was calling out the defensive formations. Henry Bugg, the Steer senior end, did not even suit out for the fun. He received a troublesome knee in the San Angelo game. U. G. Hall, subbing, performed capably.

Abilene seems to expect much of Big Spring's two freshman ends at Hardin-Simmons, H. C. Burrus and Woodrow Coats. Incidentally, the Wranglers are trying to arrange for a game with the TCU freshmen but the prospect of a game is dim. The Polywoogs can play but three games a fall, have already appeared in two and are scheduled to oppose the SMT fish the Wednesday before Thanksgiving. Larry Fridly, the grim faced Sweetwater mentor, looks much as did George Brown when that likeable egg was tutoring the Steers here. He paces up and down the sidelines during a game with hands in pockets, appearing much like a caged animal. His very capable assistant, Adrian Clark, kept chanting from the sidelines during the last few minutes of the San Angelo-Mustang fray Friday night for his quarterback to call "No. 37", would emphasize his seriousness by pounding a fist into an open hand, whistling sharply but apparently the play. If it was called, was muffed before it got very far. The Mustangs were rocking on their heels in the last period, lucky to escape with a deadlock.

Charles Morgan, the big Couden Oiler baseball pitcher of two seasons ago, attended the San Angelo-Pony game in Angelo Friday night, coming over from his home in Ballinger. Charley has been rather ill of late. Jack Maxvander, KEST's sports announcer, learned some of his football under Jim Thorpe, the great All-American of many years ago. Jim helped Jack when both lived in Portsmouth, Ohio, the home of the once high and mighty professional Spartans.

Bethell Scores On Interception In 2nd Period

By HANK HART

ABILENE, Nov. 5—A surging Abilene high school football machine took advantage of its opportunities to defeat the Big Spring Longhorns, 28-7 here Friday afternoon in War Bird stadium, a victory that before

yard stripe. The Bovines had ripped off two first downs after taking the ball back in their own territory after an exchange of punts. Lefty Bethell supplied Big Spring with her only score and the game its only real thrill when he alertly picked a McClure-Sewell lateral out of the heavens in the second period and burst into the open. Forty-five yards he dashed into the end zones. Alton Bostick contributed the extra point with a nice place

the day was over was to send the Mayhemmen skyrocketing into undisputed first place in the standings of this Oil Belt sector. The Big Spring representatives turned on the heat only at times, looked the equal of the Abileneans most of the way but their defense went lax occasionally. On those occasions the Eagles paid off with goal line punches.

With Sweetwater waging a bitter deadlock with San Angelo Friday night, the Eagles broke the three-way tie for first place in the standings, need but a tie with San Angelo next week to institute a tie for top place in the standings.

Threaten But Once The Big Springers threatened but once in the tussle which took place amid perfect playing conditions, that a drive in the third quarter that edged inside the Eagles' 35-yard line before Bill McClure hooked into a pass thrown by Alton Bostick and meant for Chock Smith down around the War Birds' 25-

yard line, his first successful boot of the year. The herd held its own for the first six minutes of play but the Eagles suddenly dug in earnest after Bostick had apparently booted the pigskin out of sight. His kick traveled 76 yards, Safety Man McClure picking it up on his own 17 and returning five yards before Dearing and a horde of other tacklers brought him to earth. The taloned fowls then marched 78 yards for their first score, Charles Jones going 14 yards for the touch after the Eagles had ripped off four successive first downs. Sewell's kick was good and the Abileneans led, 7-0.

Start On 42 Their second offensive maneuver began on Big Spring's 42-yard line after the second period opened and that same deadly ground attack soon paid off. McClure broke away on the last 15 yards needed for the second score and Sewell again contributed with the conversion to give the Eagles a 14-0 lead.

Ethell then broke through with his run and Abilene lined up for another drive. Without losing possession of the ball the Birds drove 32 yards for their third touchdown. Jones this time dashed 30 yards for the touchdown and Sewell kicked goal to give the Abileneans a 21-7 advantage that was to stand until the fourth quarter.

The two teams fought even-Stephen in the third period. Sibley intercepted a Bostick pass a moment after the fourth quarter of underway. Big Spring's defense held after the Eagles had carried past midfield but after an exchange of punts with Abilene getting the ball on their own 45 the Mayhemmen started to move. With McClure, Sewell and Jones alternating the Eagles drove all the way down to the Big Spring six-yard line on six plays. There they were stopped three times but Jones went over on a fourth try and Sewell kicked his seventh field goal in succession to give the Eagles the 28-7 advantage.

The Abileneans held a wide advantage in ground play, piling up 23 yards from rushing to 44 for the Steers, pushed to 16 first downs to five for the Big Springers. Score by periods: Big Spring 0 7 0 0-7 Abilene 7 14 0 7-28

The lineups: Big Spring—Smith and Savage, ends; Wheat and Dearing, tackles; Fletcher and Battle, guards; Kaach, center; Bostick, quarter; Callahan, and Miller, halves; Bethell, full. Pasqua Kicks 45-Yd. Field Goal To Win

Dick Todd Scores On Long Run But Later Is 'Goat' Of Game

By FELIX R. MCKNIGHT

DALLAS, Nov. 5 (AP)—Only a half turn of the minute hand remained when Joseph Pasqua, a stout Italian boy, rose off the far end of the substitute's bench, flogged on the wind-swept field and swept a 45-yard field goal downfield and square between the goal posts.

One of a stunned throng of 22,000 had caught the ball in the end zone stands before spontaneous cheers came that signaled Southern Methodist's fantastic 10-7 triumph over the favored Texas Aggies.

The 210-pound tackle's perfect kick ended a fourth period Methodist riot that wiped out the Aggies' touchdown lead and produced one of the most amazing victories old Owenby stadium ever witnessed.

But the excitement wasn't over, for Henry Dittman, Aggie reserve back, took the Methodist kickoff on his own 35 and scrambled down the sidelines for what seemed a certain touchdown until Ray Malloy bounced him out of bounds on the 25.

The Aggies' great Dick Todd first broke out as the hero and then, unfortunately, the game's goat. Midway of the second period the hinge-tipped Aggie halfback speared a 60-yard Methodist kick on his own 40 and squirmed along the sideline 60 yards for a touchdown.

It was the most brilliant of many punt returns he has made. But in the fourth period he undid his own work. On a snapback from center, Todd juggled and dropped the ball on his 47-yard stripe. Clifford Matthews, Methodist guard, smothered it.

Sophomore Johnny Clement, lanky forward passer, found Ead Bob Collins for ten, faked another pass and ran down to the Cadet ten and on the next play bulleted a touchdown pass to Big Bill Dewell across the goal line. Bob Dewell kicked the tying point.

Kirby later Todd, anxious to get away on one of his feared wide end jaunts, juggled the ball again and a Methodist swerve pounced on the ball on the Aggie 42. Ray Malloy moved the ball to the center of the field with a nine-yard pass to Dewell. Then Pasqua rumbled off the bench to kick the winning points.

Trojans Rout California

Lansdell Is Hero In Game That May Lead USC To Rose Bowl

By ROBERT MYERS

SAN ANGELO, Nov. 5 (AP)—Southern California's Trojan warriors defeated the California Rose Bowl-bound special here today, wrecking the unbeaten record of the mighty machine from Berkeley and taking to themselves the inside track to the Pacific Coast conference football championship and the Pasadena Bowl game January 2.

A record-breaking crowd of 95,000 gathered in the sunshine of Memorial coliseum, saw the Trojans dominate California, 13 to 7, and hoist the colors of Cardinal and Gold to heights unseen since the glory days of Troy five years ago.

The crowd sat stunned as the Bears, favored by odds of 10-to-7, were held to two lone first downs, the first which came 54 minutes after the game began.

Leading the Trojan climb back to triumphant heights was Greenville Lansdell, flashy quarterback who pitched strike after strike to his pass receivers, and scored the first Trojan touchdown in the third quarter on a brilliant sweep around California's left end after a six-yard jaunt.

In the fourth quarter, Troy's second string backfield lugged the ball on straight running plays 50 yards, Jack Banta crashing for the touchdown from the one.

California battled furiously to stem the Trojan Tide, and twice stopped it within the one-yard line. Late in the final period the Bears took to the air and Vic Bottari got hot enough to pass his mate 66 yards with Morely Matthewsson, right end, snagging a final pass good for 38 yards and the lone Bear touchdown.

Bobcats Battle Ponies To Draw

Priddymen Miss Score As Akin Drops Pass

By HANK HART

SAN ANGELO, Nov. 5—In a battle which threatened to develop into a battle royal, the football eleven of Sweetwater and San Angelo succeeded in a fighting to a finish that did neither team any good as far as a final resting place in this sector's league standing are concerned. The tally was 0-0 and the deadlock gave Abilene's Eagles, who beforehand had been mired in a three-way tie for the top spot, undisputed lead in the loop.

As the picture stands now San Angelo must defeat Abilene in their Armistice Day battle to hope to finish out front. Should the Bobcats win and Sweetwater defeat Big Spring as it is favored to do, the Kittens and the Mustangs would be deadlocked for the No. 1 place.

Referee Best Man It seemed that the referee, who happened in this instance to be Butler Allied, had the better of Friday night's argument. He called no more penalties that the argument seemed three sided. Angelo drew eight penalties for 75 yards while Sweetwater was charged three times and lost 25 yards.

The Mustangs had clearly the better of the milling all the way except the last five minutes of play when the Cats, sparked by Amos Gray, started a drive that carried all the way down to Sweetwater's 20-yard stripe. The Concho team was going great guns until Gray surrendered the ball carrying duties to Bill Davoport, the Sledge Hammer, and Big Bill, on the first play, fumbled and Gill, Sweetwater guard, recovered.

Rallies Forces Gray rallied his forces minutes later by intercepting a pass thrown by Jake Webster in a wild passing flurry but after a sensational side run was pushed out on the Mustang 25 as the gun sounded.

The Ponies made several distinct threats, the most serious of which came in the first period when their drive carried all the way to Angelo's six-yard stripe. Again in the third period they got "hot" and pushed their way into the shadows of the Angelo goal only to have Akin, wing, drop a perfect pass a yard from the goal line behind Gray. Akin was so disgusted with himself that he lay prone for a moment and beat the turf furiously.

On Offense Again Again Union opened up with a series of passes that seemed to be getting passes until Asbury intercepted Lunsford's pass in Foran's territory as the third quarter ended. The Buffs started the fourth period with a pass from Lonsford to Parker for 40 yards and a touchdown. The final Foran score came when Parker rushed 12 yards into the end zones after short gains by Asbury.

Union held the advantage in first downs, making eight to six for the Howard county team, and completed 12 of 26 passes thrown. The Buffaloes tried 13 and completed five.

Sterling City Victim As GC Gains First '38 Game

GARDEN CITY, Nov. 5—Garden City defeated Sterling City, 25-18, in a P.S.A.A. six-man football game here Friday afternoon.

Neither team scored in the first quarter but the Bearcat offense got to clicking when the teams changed ends of the field and the Kats were leading, 19-7, at the end of the rest period.

It was the first victory of the season for the charges of Hershell Wheeler.

FLUVANNA IS 20-0 VICTOR OVER 'DOGS

COAHOMA, Nov. 5—Coahoma's fighting Bulldogs put up a courageous battle but were defeated by Fluvanna, 20-0, here Friday afternoon, suffering their fourth loss of the 1938 season.

The crippled Bulldogs fought the visitors on fairly even terms for the first quarter but the invaders, led by Wilfred Rhoades, Hal Moore and J. R. Brown applied the power from the second quarter on to score three times. The Coahomans made their one threat in the third period by going down to Fluvanna's 30-yard line but lost the ball on downs at that point.

Field Goal Is Win Margin For Owls

Jake Schuehle Boots 3-Pointer From 35 Yard Line

FAYETTEVILLE, Ark., Nov. 5 (AP)—Big Jake Schuehle, Rice Institute full-back, tried three field goals from the 35-yard line and on the last trial, with 30 seconds remaining, sent the ball through the uprights to give the Owls a 3 to 0 victory over Arkansas University today. A homecoming crowd of close to 10,000 watched.

The first field goal try was called "no play" when a twelfth man was on the field and on the second try the holder fumbled and Schuehle turned it into an incomplete pass. The crowd, apparently not agreeing with officials' decisions on these plays, booed the result and swarmed onto the field. First fights broke out and officials were surrounded. National guardsmen soon separated the crowd.

Before the Rice attempts, Arkansas had tried a field goal from the 13-yard line. The Razorbacks had pushed this close to the Owl goal on a series of passes from their own 20.

The Owl kicks were made possible by a long 35-yard pass from Sullivan to Steakley. After one try at the line Schuehle started kicking.

Aside from the closing minute of play there was little to get excited about. A strong wind affected punting.

Rice failed to penetrate the Arkansas 40 except for the field goal attempts.

Arkansas led the Owls in first downs 10 to 8 and also in total yardage gained by running and passes 224 to 164.

BAGLEY IS LOW QUALIFIER IN JUNIOR MEET

Nolen Bagley, firing a 96, was the low qualifier among the eight boys that shot opening rounds in the City Junior golf tournament at the Municipal course Saturday morning.

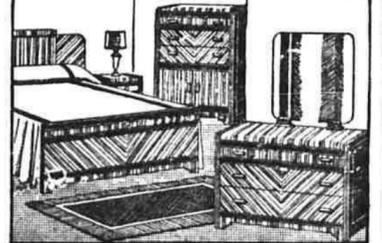

Youngsters 17 years of age and less who still wish to take part in the meeting have until next Thursday to play their qualifying round. Pro Harold Akey said.

Others playing Saturday and their scores were Odell Wood 107, George Little 107, Sam Burns 107, Billy Deweese 103, Jess Coulter 106, Dave Lamun 106, and Charles Read 101.

LSU VICTOR, 32-7 BATON ROUGE, La., Nov. 5 (AP) Louisiana State swept to victory today over Mississippi State, 32 to 7, in a loosely played football game but Frank Chambers, little sophomore halfback for the losers, gave the Bayou Tigers the jitters all afternoon.

STEER CAGERS REPORT FOR FIRST PRACTICE NOV. 14

Johnny Daniels, who will handle the coaching reins of the Big Spring high school basketball squad this season, announced Friday that the initial practice of the new year will be held in the new gym Monday, Nov. 14. Daniel, tutoring the Yearlings, junior high football team at the present time, said that he expected to arrange for several games before the Christmas holidays. Among those due to report for practice are Bobby Savage, Marvin House, Jr., Alton Bostick, Chock Smith and Lefty Bethell. Savage and House are veterans of Ben Daniels team of two seasons ago. Due to lack of a gym, basketball was not played at the local school last fall. Local players this season will be privileged to play on one of the best courts in this sector, the new \$50,000 gym which was opened in October.

"MOMMY... I'm hungry... Mommy, I'm cold... Mommy, where's daddy?" Typical questions are being asked every day by children too small to realize the tragedy of no money, no job and perhaps the loss of the breadwinner. Boys and girls like that shouldn't suffer — neither should their distracted, worried mothers! And they won't suffer in Big Spring if every one of us does his duty as a man and a citizen!

Today is RED CROSS SUNDAY, a day every pastor in the city will dwell upon the great work of this national organization. Lets all attend services today... then resolve to do all we can to help in the annual Red Cross drive which starts Armistice Day.

Your support during this period will insure a continuation of Red Cross work here and in other parts of the country.

Pittsburgh Victim Of Upset At Hands Of Carnegie Tech

First Loss In Two Years For Panther 11

61,000 Look On As 3 Pile-Drivers Lead The Way

By CARL ALBRACHT
PITTSBURGH, Nov. 5 (AP)—A valiant band of Carnegie Tech gridmen rose up today to pull mighty Pittsburgh from atop the nation's football perch and accomplish a feat other teams from coast to coast have been trying unsuccessfully to do for two years.

Pittsburgh was beaten, 20 to 10.

The Tartans, 3-1 short ended, made the fastest Pitt forward wall look like a pile of cards and the three Carnegie pile-drivers, Meryll Sondt, Ray Carnely and George Múha, plunged and drove furiously to accomplish the unbelievable.

The game left most of the 61,000 who snugged. It was crammed with thrills from the minute Curly Stebbins took the opening kickoff and ran 97 yards for a Panther touchdown until the final seconds. Tartan courage bested Panther prowess. Another club might have taken it lying down after that dash of Stebbins. But six minutes later, Condit faced to Pitt's 33 and looped a pass over the goal to Múha.

In Front Again

Carnely's placekick knotted the count. A few plays later, Bill Daddio, who rarely misses, booted a field goal from the Carnegie 12, sending the Panthers in front again.

That was the signal for an inspired Tartan eleven to start clicking.

With seconds to go before the half ended, Kern shot Karl Striegel, end, into the game. Carnely's pass from the Pitt 33 landed in the arms of "Chick" Chickerno and carried off into Striegel's hands, over the goal.

In the last period Carnegie struck pay dirt again. Fetey Mowry, reserve back, got off a beautiful punt to the Pitt three-yard line and Larry Peace, reserve Panther back, responded with a sad return back from behind his goal to Pitt's 22. Six plays later Múha rammed over from the two-yard line.

The Panthers, with the game growing near its close, opened up, but the game was already lost.

Only one defeat, a one-touchdown loss to Notre Dame, mars Carnegie's record this season.

Frogs Mark Up Early Tallies To Win, 21-0

Tulsa Befuddled As Purple Scores In First 9 Minutes

By ALFRED WALL
TULSA, Okla., Nov. 5 (AP)—Texas Christian's power and precision kept it in the select circle of undefeated football teams again today.

The University of Tulsa was the Horned Frogs' seventh victim of the season, 21 to 0. Fourteen thousand fans looked on under a warm sun.

The swift Christian attack made two touchdowns before the Golden Hurricane could find its wits. Then Tulsa stiffened and fought on comparatively even terms until the fourth.

It took the Christians just nine plays to cross the Tulsa goal line with the first touchdown. They took the ball on the Tulsa 33 and worked it down to within a yard of the goal where Wilkinson, play-lag in Connie Sparks' regular place at fullback, crashed right guard for the tally. O'Brien place kicked the extra point.

Strike Again

While the Tulsons still seemed befuddled, Christian struck again four and a half minutes later. The counter came after four plays, one a lateral, O'Brien to Wilkinson good for a 32-yard gain. One of

SIX BIG SPRING GOLFERS MAKE TITLE ROUND IN FORSAN TOURNAMENT

Doug Jones And Jake Morgan Favored

FORSAN, Nov. 5.—Six Big Spring golfers, a representative from Midland and For-san's favorite, Guy Rainey, will battle it out for the honors in For-san's first invitational golf tournament over the new nine hole course here today.

Jake Morgan was low among the qualifiers who played the For-san course Saturday, shooting a 37. He will oppose Doc Watt of Big Spring in an upper bracket match. Watt had a 38.

Doug Jones, Big Spring favorite, had trouble in his first round play and came in with a 39. He will oppose Lib Coffee, Big Spring, who had a 40. Jones is favored to go into the finals with Morgan.

Harry Sindorf, Midland, turned in the lowest qualifying score—a 36. He will meet Sammy Sain, Big Spring, who posted a 41. Both Sindorf's and Sain's scores were made on courses other than For-san's.

In the other lower bracket match Rainey, who qualified with a 37, will oppose W. P. Thurman of Big Spring. Thurman made the championship round with a 38.

Thirty-six players paid entry fees.

Match play in the championship round will get underway this morning at 10 o'clock. L. B. Barber, manager, announced. Nine holes will be played in the morning, the remaining 18 in the afternoon.

First Flight
(Player from Big Spring unless otherwise designated).

MINNESOTA IN 28-0 VICTORY

MINNEAPOLIS, Nov. 5 (AP)—Tuning up for a comeback bid against Notre Dame next Saturday, Minnesota smothered Iowa's hapless Hawkeyes, 28 to 0, before 42,000 persons today.

The Golden Gophers, still in the Big Ten title race by virtue of losses by Northwestern and Ohio State, won as they pleased, leading 14 to 0 at the half and using regulars sparingly.

O'Brien's sweeps around end netted 14 yards.

At the end of the first and through the forepart of the second quarter, a sustained "Tulsa march" carried from the Tulsa 15 to the TCU 24, the closest the Hurricane came to the Christian goal.

The Horned Frogs, fourth period touchdown came via the aerial route, a sizzler from O'Brien, straight as a string to Clifford, who went over at full tilt without a hand being laid on him. It was good for a gain of 25 yards.

Best example of southwestern razzle dazzle espoused by TCU was in the fourth when the Frogs essayed a forward with three laterals on the end of it.

The play was Cowart to Duckworth to Aldridge to Sherrod to Shook.

Each player, just as he was tackled, tossed the pigskin basketball fashion, to a teammate. The play was good for about 15 yards before somebody finally downed Shook while the crowd roared.

Yearlings And Lubbock Play

Johnny Daniel's Yearlings, who were beaten by Ackerly, 6-0, last week, go to Lubbock Thursday where they are scheduled to oppose Lubbock's Wranglers, junior high school team of that city.

Daniel will take two full teams to the Panhandle city to meet the strong Wranglers who have made an impressive showing this season.

The Yearlings have scored one victory this season, that an 18-13 victory over Coahoma.

BLANKENSHIP TO PRESIDE AT MEET OF OFFICIALS OF PROPOSED DISTRICT

Supt. W. C. Blankenship of the Big Spring schools will act as chairman at a meeting of representatives of the proposed District Three high school football conference at the Hilton hotel in Abilene Monday at noon.

Officials of all the schools designated to form the 1939 district by state interscholastic league headquarters have been asked to meet to discuss future plans. Comprising that new district will be San Angelo, Sweetwater, Big Spring, Lamesa and Odessa.

LOYOLA IS VICTIM OF RAIDERS

LUBBOCK, Nov. 5 (AP)—Texas Tech's undefeated and untied Red Raiders retained their perfect record today by smothering plucky Loyola of the South, 55-0.

The Raiders loafed through the first period, then ran up two touchdowns in the second period, two in the third, and four in the final.

Tech gained 301 yards on ground plays and 184 through the air. Loyola was hard-pressed to pick up 82 on running plays and 60 on passes.

The first touchdown came on a 35-yard touch from Barnett to Webb. Barnett also engineered the second score with a 26-yard pass to Tarbox.

In the third, a 35-yard aerial to Webb, and Webb's five-yard canter scored again. Hardly had the crowd settled back in their seats before the Raiders marched the ball back down the field. Tarbox spun over from the 3.

West Ward And College Hghts. Teams To Play

Red Ruth's West Ward gridgers and Jimmy Witherspoon's College Heights team, tied for first place in the City Junior league, will have it out in a featured classic at Steer stadium Monday afternoon.

Ruth's team, with several veterans on the sidelines, was defeated, 13-7, last week by North Ward. College Heights, inactive, had previously lost to West Ward. Both teams have won two games.

ORANGE TRIMS COLGATE, 7-0

SYRACUSE, N. Y., Nov. 5 (AP)—The Jax hung high for three bit periods in Archibald stadium today, but then Phil Allen swept wide around Colgate's left end for the touchdown that gave Syracuse a 7-0 triumph, its first over the Maroons since 1924.

Ace Battery Is Win Margin For Bears

Baylor Comes From Behind To Defeat Texas, 14-3

By RAY NEUMANN
AUSTIN, Nov. 5 (AP)—The phenomenal hurling of Baylor university's spindly, blond Bill Patterson, who tossed unerring aeriels into the waiting arms of big Sam Boyd, today added the ninth straight defeat to the grid records of the University of Texas Longhorns. The score was 14 to 3.

Coach Dana X. Bible's impotent Steers made a fight of it the first half, emerging with a 3-0 lead due to Wallace Lawson's 27-yard field goal. Except for short lived thrusts thereafter, the game was all Baylor's and Patterson's.

Aided by Beefus Bryan and Wesley Boyer, Lawson ripped and smashed his way from midfield to the Baylor 12 early in the initial period. With Forney holding the ball, Lawson place kicked through the uprights.

The determined Bears came out from their half-time rest and rang up their markers almost before the bewildered Steers realized what was happening.

Take To Air
Patterson took the Texas kickoff behind his goal and raced to his 18. Three consecutive successful aeriels electrified the crowd of 14,000 and placed the ball on the Longhorn 10. With Patterson pitching, receivers were, in order, James Witt, Boyd and Fred Graham.

Milton Merka sizzled through tackle for seven and Patterson overhauled to Boyd who was forced out of bounds on the Steer eight. Johnny Peterson, Longhorn wingman, smeared Patterson's next pass attempt but the redoubtable 170-pounder then uncorked one to Boyd behind the goal line. Merka place kicked the extra point.

A moment later, a wobbly punt by Lawson went out on the Baylor 34. Patterson sizzled through tackle for six and hurled an almost unbelievable 40-yarder to Witt who sidestepped his way to the Texas 10. Merka plowed through for one and the Bears' amazing triple-threat then tossed another

Garner Beats Westbrook In PSAA Classic

Victory Gives Hill Billies Lead In Association

GARNER, Nov. 5.—Garner's Hill Billies withstood a terrific last quarter battering to defeat the Westbrook Wolves, 39-19, here Friday afternoon in a six-man grid game that will probably decide the titlist in the PSAA conference.

PEACE MEN DREAMED OF on Nov. 11, 1918, when armistice ended the great war proved just that—a dream, and of all amazing years, 1938 brought the gravest threat of a world-wide conflict. Far from peaceful are these recent headlines.

Texas Vote Likely Will Be Under 400,000

Absentee Poll Lighter Than In 1936

Appeals For Strong Party Representation Have Little Effect

AUSTIN, Nov. 5 (AP)—An estimated 400,000 or fewer Texans—less than one-fifth of the state's population—Tuesday will go through the formality of electing 12 statewide officers, 21 members of the national house of representatives, and several thousand district and county officers.

Several democratic leaders had appealed for a heavy majority party vote to show the nation the home state of Vice-President John N. Garner has lost none of its democratic preponderance but indications were that their ploys would have little effect.

Absentee voting in most cities was far lighter than in the 1936 general election, when the presidential race and six proposed constitutional amendments added zest. In Tarrant county, for example, only 30 persons voted absentee compared with 640 two years ago. The Travis county vote was about one-eighth as large as in 1936.

No Chance for GOP
Republicans, who hope to make severe inroads in democratic ranks in the north and east, probably would be highly pleased if they mustered 40,000 votes for Alexander Boynton of San Antonio, their candidate for governor of Texas against W. Lee O'Daniel of Fort Worth, democratic nominee and certain victor. Four years ago D. E. Waggoner, the republican choice for governor, got only 13,534 votes to 421,422 for James V. Allred, democratic nominee.

Besides O'Daniel and Boynton, the other gubernatorial candidates were Earl E. Miller of Dallas, socialist, and Homer Brooks of Houston, communist.

State democratic executive committee officials warned counties that unless they had large turnouts they might find themselves being

allowed only a handful of delegates apiece to the state party convention in 1940. The number of delegates from each county to the state gatherings two years hence will be based on the number of democratic votes in that county Tuesday, party officials asserted.

The only proposed constitutional change on the ballot was one to eliminate the ancient anti-dueling provision of the oath of office taken by state and district officers. The requirement that persons becoming officials swear they have not participated in a duel with deadly weapons has appeared ludicrous to many persons in recent years, particularly when women officeholders are inducted.

Without hope of victory republicans had nine candidates for the dozen statewide offices, the socialists seven and the communists four. Seven of the 21 democratic nominees for congress were opposed but none was in danger.

Wheat Growers Of County To Meet Here Monday

Wheat growers of Howard county were to convene in an important session at 2 p. m. Monday in the courthouse, County Agent O. P. Griffin announced Saturday.

There will be discussion in reference to procedure on wheat allotments for the county and individual farms. The county allotment amounts to 30.8 per cent of the wheat planted within the past two or three years since the farm law explicitly states that wheat allotments shall be based on a 10 year average.

This condition, which cannot be changed until a change is brought about in the law, works a handicap on Howard county since wheat production has become an item here only within the past three years.

Ham-And-Eggs Pension Issues Fry In California's Hot Campaign

SHERIDAN DOWNEY For Thirty Dollar Thursdays

(Last in a Series)
By the AP Feature Service
SAN FRANCISCO—The fight over California's "30-year-Thursdays" project, most grandiose of 1938's myriad pension proposals, has turned the state topsy-turvy politically.

Sheridan Downey, early Townsendite and former political ally of Upton Sinclair of California EPIC fame, is the democratic candidate for senator. He is opposed by republican Philip Bancroft, who has the support of such political opposites as former President Hoover and Senator Hiram W. Johnson.

The battle for the governorship is between Cathbert L. Olson, a left-wing democrat, and Governor Frank P. Merriam, who defeated Sinclair for the office in 1934. California hasn't had a democratic governor in the last 40 years.

Soft Pedal On Pension
When Downey and Olson triumphed in the primaries, the former beating Roosevelt-supported Senator William G. McAdoo, they were hailed as champions of the rapidly-growing pension movement. Downey had said he would vote for the "30-a-week" plan, pending formulation of a nationwide program to solve the entire old age problem.

PHILIP BANCROFT Against "Crackpot" Pensions

rent campaign have said they have noticed a tendency on the part of Downey to side-step the pension issue. Recent speeches by Olson also have been interpreted as indicating he was not enthusiastic about it.

Their republican opponents have seized on the pension scheme as a major issue, telling the voters it is a "crackpot" idea and that California faces financial ruin if they approve it as a state project on the November ballot.

Both Downey and Olson are being backed by the national democratic organization, although some party high-ups have called the "ham and eggs" pension scheme unworkable.

Sinclair Fights It
When Upton Sinclair sought the governorship four years ago on an "End Poverty in California" platform, Downey was his running mate as a candidate for lieutenant governor. Now Sinclair has described the "30-a-week" pension proposal as a "financial monstrosity."

Some 800,000 Californians, youngsters as well as oldsters, were reported to have signed the petition to put the pension question on the ballot. All non-working citizens over 50 would be given \$30 a week in state pension warrants.

TALKING TURKEY ABOUT TIRES

"KNOW WHY? THOSE TREADS ARE MADE OF ARMORUBBER!"

Come in...See Our Prices on a Set of Armorubber Kellys

Kellys are tough, all right. So tough their treads won a new name: Armorubber! And get this straight—they're not expensive. All their extra mileage comes at no extra cost. So if you need new tires, we're the people to see!

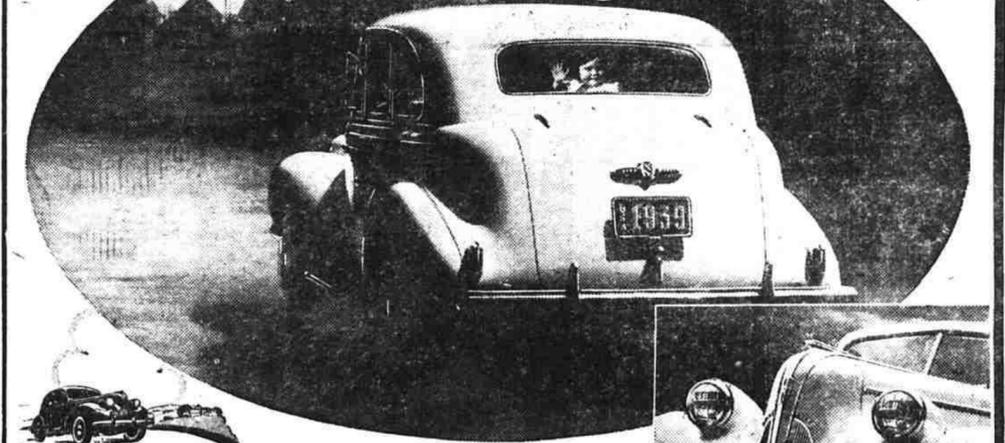

You Pay Less Per 1,000 Miles!

Don't think you're saving money by squeezing mileage out of old, smooth tires! Any way you figure it, it's better to be safe than sorry. My customers are actually averaging between 60 and 90 cents cost per 1,000 miles. Divide our low prices by the higher average mileage and it will figure out that way for you, too. Not much to pay for safety, is it? Come in—let me pay you for the unused miles in your old tires!

Here's one worth going after!

COMING at you, it looks like a million. Going away, it looks like good fortune you've missed. A lot of fussy care went into the way it looks from the rear—you know, that's the angle from which it's oftenest seen. Going or coming, it moves like a honey bee about its business. Better look quick if you want to see it—one sudden "swo-o-o-sh!" and it's gone! How about it—is this stunning 1939 Buick really as lively as it looks? Well, just try it and see—you'll find it the car and the value of the year! Maybe a bullet gets off faster.

Maybe a rabbit can beat it on the jump or a skyliner lead it from point to point. But you'll never want a highway cruiser that answers quicker to the green light's "go"—that slips more deftly through the holes in traffic—that with keener relish eats up the miles. That bonnet houses a full complement of eight cylinders, and Dynafash cylinders at that. All four wheels dance on BuCoil springing of stout spiraled steel; no quiver or shiver shakes the luxurious body in its flight. You'll see the world—lots of it—for this slightly Buick now parades the passing panorama through windows with up to 413 more square inches of outlook than before. Other things you'll like: A gearshift out of knee-way. Front wheels that "bank" the curves for you. Brakes that stop on a dime—and leave nine cents change. Go see this lovely lively traveler. Drive it—feel its

magic yourself, first-hand. You'll find it beautiful in action as in aspect—you'll go for the way it goes for you. You'll find it obedient and willing, a car that holds its marks in crosswinds, bears sharp around curves without slide or slew. In fine—we think you'll like all of it—from its looks to the way it lives up to them. Won't you try it out—

BIBLE LECTURESHIP WILL BE HELD DURING THE WEEK AT LOCAL CHURCH OF CHRIST

A five-day Bible Lecture-ship will be conducted at the Church of Christ, 14th and Main streets, beginning this evening. It is announced by the local minister, Melvin J. Wise, who released a list of speakers who will conduct the lectureship.

There will be three services each day, Monday through Thursday, following a special opening service Sunday evening. All members of the Church of Christ in this section have been invited to attend, and 12 or more will speak.

The following is a list of the speakers and their subjects: Sunday, 7:30 p. m.—"The Church and Its Work," J. C. Foster, Lubbock.

Monday, 10 a. m.—"The Vision of the Church," Wanda Holden, Colorado; 3 p. m.—"Individual Responsibilities," Clarence Gabriel, Hobbs, N. M.; 7:30 p. m.—"Marriage and Divorce," G. C. Brewer, Lubbock.

Tuesday, 10 a. m.—"The Great Principle for the Kingdom," Harvey Childress, Midland; 3 p. m.—"Six Great Questions and Their Answers," R. P. Drennon, O'Donnell; 7:30 p. m.—Subject to be selected, G. C. Brewer, Lubbock.

Wednesday, 10 a. m.—"What Is Wrong With the Church?" Albert Smith, Lubbock; 3 p. m.—"The Authority of the Scriptures," Raymond Keley, Lubbock; 7:30 p. m.—"Christian Stewardship," Homer Halley, Abilene.

Thursday, 10 a. m.—"The Way That Everyone Says Is Right," W. W. Otey, Crane; 3 p. m.—"How Shall I Live?" James A. Fry, Pecos; 7:30 p. m.—"Building Up the Church," Paul Southern, Abilene.

The period from 4 to 5 o'clock each afternoon will be used for general discussion of topics of interest. Preachers whose names are not listed will be asked to speak at this time.

A most cordial invitation is extended to the public to attend all of these services.

Mr. and Mrs. J. C. Leech of Lubbock are weekend visitors here in the home of Mr. and Mrs. S. C. Dougherty.

Rains Retard Lint Harvest

County's Gin Total For Season Near 3,000 Bales

Rains which reduced grades also slowed the cotton harvest during the week, but by Saturday night the ginning total for the season showed near the 3,000 bale mark.

Some believed the crop was about half ginned, however a cool top crop may result in a heavy balle yield and extend ginnings beyond present indications.

Five gins in Big Spring reported an aggregate of 837 bales for the week. The county total for the season was estimated at 7,800 bales.

Grades dropped after the showers of Wednesday night but stiff breezes kept the lint from staining badly. Local purchases were off from 8.50 to 8.20. Cotton going into the loan, and about 90 per cent is still exercising this option, found a market varying from 8.30 to 8.60 and 8.90. Most of it went for the latter price.

Seed remained at \$25 a ton, a price pegged on Oct. 23 as a "Saturday Special" and held firm despite indications of a quick reduction.

55 LICENSES ISSUED BY HIGHWAY PATROL

In another comparatively quiet week, the drivers license division of the state highway patrol issued only 55 licenses in this district during the week. Thirty-two persons qualified for operators licenses while three were refused, one for faulty vision. On the other hand, 23 received chauffeur licenses while one was refused for poor vision.

Bridge Expert To Conduct Classes In City This Week

Classes Twice Each Day At The Settles

Five-Day Session Presented Under Elks' Auspices

R. F. (Rufus) Steele, internationally famous bridge authority whose numerous books on bridge antedate those on the Culbertson system which he now teaches, will be in Big Spring this week to conduct class, two a day, from Monday afternoon through Friday night.

The classes will be held in the Settles hotel ballroom, at 2 p. m. and 8 p. m. each day. The session is under sponsorship of a local Elks club which is in process of reorganization, and proceeds will be used by that organization for a charity undertaking.

A fee of \$2 for all the lessons will be charged each person enrolling. Students will have the privilege of attending one or both lessons each day. The night class will be a repetition of the afternoon class.

No reservations are to be made in advance, the policy of the school being "first come, first served" and it will not be necessary that students come in foursomes.

Classes For Beginners

The classes are for the beginner as well as the accomplished player. Steele said upon arrival here. "I will present lessons on the Culbertson system and all the newest conventions of the game. Men and women experienced in contract will enjoy brushing up on the newest bids and people who do not know one card from another will have every opportunity of correctly learning the game."

On Monday and Tuesday, Steele will make all bids for the students. Wednesday and Thursday the students will make all bids, then be corrected for errors by Steele. All

The First Of A Series Of Three Articles On Early Range Days

The shaggy, stupid, heavy-set buffalo, more properly named bison, which belongs to the bovine family, until a few decades ago roamed the North American continent from southern Canada to the 31st degree latitude, which includes the Big Spring area, and from the 98th degree longitude in the southwest to the slopes of the Rocky mountains. Until that time he occupied the central part of the continent in astonishing numbers. The buffalo was endowed with the smallest amount of instinct; the little he had seemed to be adapted to getting him into trouble, rather than getting him out of it. Like his cousin, the cow, he will stand and look danger in the face without any concern. He seems to have but very little sense of fear. He would deliberately walk into quicksand where his fellow beasts were already struggling in death. L. F. McKay of this city states that a fresher washed a whole carload of buffalo bones at one time out of the big spring. During times of extreme thirst the animals had rushed pell-mell

The Slaughter Of The American Buffalo

into the spring and had perished. When a buffalo decided to go in one direction nothing could deter him. He was not able to care for himself during emergencies. This fact is illustrated by a quotation from Dr. Holden: "There occurred a four-foot snow in what is now known as the Loraine Plains. There was no wind and the snow covered the ground evenly everywhere. The warm sun melted the top of the snow and that night the cold crested the top. Countless buffalo were caught here and perished. Colonel Dodge crossed the plain in 1868 and found it covered with buffalo skulls." The stupidity of the buffalo also made him an easy mark for the huntsman. When the leader was shot down others would stand and watch the death struggles of their fellows until the herd would be killed out. Of course, inspection of the school buildings and equipment and a football game.

little above a thousand buffaloes in the United States. Most of these are found in special reservations and in parks. The extermination of the buffalo has been regarded by many as wanton and wasteful. One of the greatest buffalo hunters of all time, J. Wright Moore of Snyder, Texas, thinks otherwise. He says, "Many magazine and newspaper articles claim the killing of the buffalo a national calamity and accomplished by vandals. I resent their ignorance. On the 28th of June, 1874, twenty-eight buffalo hunters killed more Indians at Adobe Walls in three hours time than all the Government expeditions, and if it had not been for the accomplishment of the buffalo hunters, the wild bison would still be grazing where Amarillo now is and the Redman would still reign supreme over the prairies of the Texas Panhandle." This sad idea is borne out by General Phillip Sheridan who spent many years on the western frontier. In a joint meeting of both houses of the United States Congress he advised legislators

they were making a sentimental mistake in trying to stop the slaughter of the buffalo. He said, "Those men (the hunters) have done more in the last two years and will do more in the next year to settle the vexed Indian question than the entire regular army has done in the last thirty years. They are destroying the Indians' commissary; and it is a well known fact that an army losing its base of supplies is placed at a great disadvantage. Send the powder and the lead and let them kill, skin and sell until they have exterminated the buffalo. Then your prairies will be covered with speckled cattle and the festive cowboy, who follows the hunter as the second runner of civilization." The saddest day that ever came to the plains Indians was the day that the buffalo was extinguished. But the buffalo was not totally dumb. In some respects he showed remarkable adaptability and organization. The bull was the herd leader and protector. In traveling, the cows and the calves were kept on the inside of

the herd with the bulls on the outside. The leader of all the herd was the champion of the group. He secured and maintained his standing by virtue of his strength, and, if you care to so dignify his standing, by his ability in leadership. Possibly his leadership was gained and maintained after many and hard-fought battles. Many times when he was subdued completely he left the herd and spent the rest of his days in solitude near some watercourse where he in his old age became a prey to the coyote or lobo. Mrs. Dave Rhoden of this city tells us that the last buffalo seen in this part of the country (in 1898) was one of those lone bulls that was aimlessly wandering in a northwest direction making a purring noise like some mammoth cat. In another respect the buffalo showed ability in self-protection in the organization of the great herds. These would break up into smaller divisions separated by only a few paces. Each smaller division was led by a bull. In this way doubtless the vanquished and those of less strength felt repaid for the loss of leadership. The lines of division were well marked as the animals journeyed forward. The herd also kept pickets like the sentinels of an army. These sentinels were hardy bulls that grazed at a few paces distance from the main herd. In case of apparent danger, these bulls would charge towards the herd in alarm, whereupon a stampede generally took place. Buffaloes usually watered once a day and in the afternoon. Often they had to travel as far as 25 miles to water, and usually moved in single file. This ac-

counts for the deep buffalo trails found in all parts of the West. Easy gulches, leading down to the beds of western streams are accounted for in the same manner. Buffalo wallows, as they are still called, were caused by buffaloes pawing and licking the alkaline soil and by the force of erosion they increased in size from year to year. In many cases these wallows became large lakes, and many times have saved the lives of not-only frontiersmen, but of both soldiers and their mounts from death by thirst.

COAHOMA SCHOOLS TO STAGE HOMECOMING AFFAIR FRIDAY

Coahoma is preparing for a big event Friday when the schools will stage their first homecoming since founding of the school.

There will be a parade, band concert, dedication of the new school building, inspection of the school plants and equipment and a football game.

Dedication address will be delivered by Dr. D. D. Jackson, head of the Texas Tech department of history. Miss Johnnie Boyce will speak briefly, reviewing the history of Coahoma schools and progress of the unit during the past four years will be discussed by Norman H. Read.

According to a program released by George Boswell, superintendent of schools, the festivities will be opened with a parade starting at 9 a. m. from the high school building. The route will lead from the

school building to the downtown district and back to the school.

At 10 a. m. there will be a band concert in the high school auditorium, followed by the dedicatory ceremonies. The grammar school chorus will be heard and recognition will be given to former students.

An old fashioned picnic lunch will be served at 12:15 p. m. and all Coahoma people are being urged to bring basket lunches for the affair. Open house and inspection of the buildings will be in order at 1:30 p. m. and one hour later the Coahoma Bulldogs and the Ackerly Eagles will tangle in a football game on the school field just west of the high school building.

The various graduating classes and Coahoma business establishments will enter floats in the parade.

Gertrude Lawrence Proposes Theatre For Housewives

CHICAGO, Nov. 5 (AP) — Over a stew and Maderia, actress Gertrude Lawrence today warmed an idea that she considered was honey.

It was that housewives might profitably take a leaf from the book of the flowering labor and other group theaters and have a fling at the sock and buskin themselves.

Maybe the talent of Middletown and Suburbia wouldn't always be so hot, but a lack of historic finesse would be more than offset, Miss Lawrence believes, by benefits she counted off on her slender expressive fingers.

"I think a theater for wives would be of much value," asserted the star of "Susan and God." "I doubt that it would do a great deal in the way of stimulating interest in the theater, generally, but hardly it would be an excellent substitute for many of the activities that now engage women outside the home. It would be grand sport. And what an outlet for their feelings: How the women could dramatize their troubles."

Gertrude Lawrence Proposes Theatre For Housewives

CHICAGO, Nov. 5 (AP) — Over a stew and Maderia, actress Gertrude Lawrence today warmed an idea that she considered was honey.

It was that housewives might profitably take a leaf from the book of the flowering labor and other group theaters and have a fling at the sock and buskin themselves.

Maybe the talent of Middletown and Suburbia wouldn't always be so hot, but a lack of historic finesse would be more than offset, Miss Lawrence believes, by benefits she counted off on her slender expressive fingers.

"I think a theater for wives would be of much value," asserted the star of "Susan and God." "I doubt that it would do a great deal in the way of stimulating interest in the theater, generally, but hardly it would be an excellent substitute for many of the activities that now engage women outside the home. It would be grand sport. And what an outlet for their feelings: How the women could dramatize their troubles."

HARRY BLOMSHIELD REPORTED BETTER

Local Red Cross Chapter Seeks To Enroll 2,500 Members

Annual Drive To Begin On Wednesday

Special Programs Today To Be Pre-lude To Campaign

Today—Red Cross Sunday—marks the start of an intensive three week campaign to rally the people of Howard and Glasscock counties to support of the local chapter of the American Red Cross in an attempt to raise a record budget.

To raise this amount, the chapter has its sights set on 2,500 members, and well over 150 workers are being enlisted to push the roll call steadily ahead.

Paramount in the \$1,600 budget are two items: 1) An appropriation for a public health program, and 2) about \$500 for welfare work.

From this afternoon, when Mary Elizabeth Davis, who resides in the Howard-Glasscock oil field, is presented with three medals for saving the life of her brother, until Thanksgiving Day every person in the two counties comprising the chapter will be given an opportunity to become a member of the Red Cross.

The membership drive, however, does not officially open until Wednesday when more than 100 women will take to the field in the most thorough canvass every attempted of the residential section. After two days of this work, the traditional roll call in the downtown section will be undertaken with a corps of men workers. At the same time, invitations will be extended in the rural areas.

Residential Canvass
By Friday evening Mrs. Mary Delbridge, assisting Shine Phillips, chapter chairman, and Ben Cole, roll call chairman, in the membership campaign, had an enthusiastic response among women who will assist in the residential canvass. She reported more than 65 women agreeing to work, with the aid of a helper of their own selection, a four block area.

In the meanwhile, cards will be mailed to every employer in the county, urging his or her cooperation in enlisting the firm as a 100 per cent Red Cross supporter.

Other appeals will be made. Dairies are cooperating in placing Red Cross slips over all milk bottles delivered in this area. The slips urge that the roll call be heeded. Moreover, there will be many appeals voiced over the radio and carried in the press and on the movie screens.

The people of this territory will not be allowed to forget that the local chapter last year expended \$2,526 in 102 different disbursements, including \$800 for a special home hygiene course attended by scores of women. Nor will the public be permitted to forget that it was the Red Cross that stepped in following storm damage here last June and extended aid to nearly two dozen victims, spending \$4,000 to rehabilitate those who applied for aid.

WEEK BRINGS 2 COMPLETIONS IN SNYDER AREA

Martin County Wildcat Logs Salt Water; Glasscock Test Spudded

Completion of two wells in the Snyder pool of southeastern Howard county, spudding of an outpost well in the same area, logging of salt water in a Martin county wildcat, and spudding of another in north central Glasscock county were high spots in the oil developments of the week.

Magnolia No. 3 M. H. O'Daniel, edge well in the southeast quarter of section 34-30-1s, T&P, was completed at 2,800 feet for 170 barrels an edge well on the south and east fringe of the Snyder area. Cosden No. 2 O'Daniel, 2,310 feet from the north and east lines of section 34, a south offset to the first Cosden well which gave the pool a half mile eastern extension, was finished for a gauge of 310 barrels.

Half a mile to the southeast, Parton and Strickland No. 1 O'Daniel, in the northeast corner of section 39-30-1s, T&P, shot with 600 quarts from 2,963-2,808 feet in line. However, reaction of the well could not be ascertained since the shot split casing, opening a water flow. The 8-1/4 inch string was to be pulled and seven inch casing run below 2,500 and cemented before cleaning out operations are started.

T. G. Shaw, trustee No. 1 H. H. Wilkinson, wildcat well on the eastern edge of Martin county, encountered the salt water stratum from 3,135-45 feet and had a hole full of water. Seven inch casing was being run to 3,140 feet. Some estimated the structure to be running low by 20 or more feet in comparison to other tests drilled in the area. In the Texas Co. No. 1 Wilkinson, nine miles south and east in Howard county, oil shows were logged below the salt water at 3,221-34 and 3,203-11 feet. Location of the Martin county test is in section 35-A, B, & C.

Texas Crusader No. 1 Neal, 330 feet from the east and 1,650 feet from the south lines of section 20-33-2s, T&P, Glasscock county, spudded and set surface string at 190 feet before rigging up for rotary. It will be drilled with rotary to around 2,500 feet, then carried to pay or sulphur water from that point. It is located two and a half miles northeast of small producers in that area.

Interesting reports from the Snyder pool indicated the Moore Bros. No. 5-A O'Daniel, 330 feet from the west and 1,650 feet from the south lines of section 34-30-1s, T&P, was running about 15 feet high on formations in drilling to 2,720 feet in line with 1,000 feet of oil in the hole.

Magnolia No. 5 M. H. O'Daniel, a companion well to the completed No. 3 O'Daniel, drilled to 2,620 feet, having logged light shows from 2,608-12 feet. Magnolia No. 4 M. H. O'Daniel, still on a cleaning out job, was 55 feet off bottom at 2,804 feet.

Moore Bros. No. 3-B O'Daniel, in the northeast quarter of the section, was shut down for orders with a troublesome cleaning out job virtually complete. Magnolia No. 10 A. E. O'Daniel, in the northwest quarter of 34, drilled to 2,466 feet and Magnolia No. 11 A. E. O'Daniel to 2,255 feet.

In section 33-30-1s, T&P, Shell No. 4 TXL drilled plugs and was at 2,589 feet while the Eastland No. 2-B TXL drilled to 955 feet after setting 10 inch at 915 feet. Shell No. 1 Snyder, 2,310 feet from the north and west lines of section 28-30-1s, TP, and a northwest edge test for the pool, was below 2,440 feet while Moore Bros. No. 7-A Snyder, two locations south and one west was fishing for a bit at 2,619 feet. Greene Production Co. No. 1 Snyder, in the center of section 27-30-1s, T&P, was drilling plugs from 5 3-15 inch casing at 2,600 feet.

Lockhart Petroleum Corp. No. 4 Scott, section 86-29, W&NW, was below 2,128 feet. Continental No. 1-D Chalk, 2,310 feet from the south and 1,650 feet from the east lines of section 124-29, W&NW, spudded and set 10 inch casing at 148 feet. Magnolia No. 1 Peerless-Chalk staked location 330 feet from the south and east lines of section 95-29, W&NW.

Wildcat Test Near Abilene

Materials Moved In For A 5,000-Foot Exploration

ABELLE, Nov. 5—Movement of materials for a scheduled 5,000-foot wildcat ten miles southeast of Abilene near the Taylor-Callahan county line was highlight of the week's oil developments in this part of West Central Texas. The test will be drilled by Roesser & Pendleton, Inc., of Fort Worth on a block of 6,000 acres assembled and geologized by Oil States Exploration company (Merry Brothers & Perini) of Abilene. A cable tool test, it is contracted to 5,000 feet or to water in the Ellenburger lime, lower Ordovician.

It will be the No. 1 Charles Yost, staked 600 feet from the west and 960 feet from the north lines of section 18-S-SPRR survey, a mile and a half inside the Callahan county line and three miles northwest of the town of Eula.

Acres in the block, besides that of Oil States and the contracting firm, is owned by Iron Mountain Oil company, Amos G. Carter and John Naylor of Fort Worth; Sandy Ridge Oil corporation of Abilene; Westgate Oil company; San Antonio; W. W. Fondren, Houston; and Petroleum Producers of Wichita Falls.

Pure Oil company holds a block of approximately 1,200 acres in Taylor county adjoining it on the west, and Forest Development corporation holds another block of approximately 2,000 acres to the west of the Pure acreage and immediately south of Abilene.

Oil-Gas Assn. Meet Slated At Abilene

1,500 Expected To Attend Conclave On Dec. 10th

ABILENE, Nov. 5—Program for the seventh annual convention of the West Central Texas Oil & Gas association to be held in Abilene Dec. 10 has been announced here by J. C. Hunter, president.

For the first time in the history of the association's annual membership meeting, women will be invited to attend and participate in the sessions.

Local arrangements for entertainment are to be under the general direction of the Abilene chamber of commerce and its oil and gas committee, headed by Russell Stephens, association chairman.

Frazier, vice-president of the organization, Hunter, Frazier and Stephens, aided by Merle Green, new manager of the chamber of commerce, are determined that the 1933 convention will be a more outstanding event than the one last year.

The 1937 conclave, which attracted more than 700 members and guests at the annual banquet, was acknowledged the largest district meeting of independent operators in Texas. Plans are being mapped for a gathering of at least 1,500 for the Dec. 10 session.

The all-day program will open with a breakfast for directors and officers at 8 o'clock Saturday morning, to be followed by a business meeting at 10 a. m. Nominating and resolutions committees will report at the business session, although election of new officers and final reports will not be made until the evening affair.

Luncheon at a downtown hotel for oil and gas men will be served at noon. A football game will be on the slate for the afternoon.

Stevenson To Speak
Feature of the convention will be a banquet at an exhibition hall of the West Texas fair grounds, for which Coke Stevenson, lieutenant-governor elect and chairman of the state senate, will be chief speaker. Typical West Texas dinner will be served.

During the business meetings, special programs will be planned for wives of visiting oil men, who will join in other gatherings. Finale of the day will be a dance at one of the hotel ballrooms.

Speaker for the noon luncheon will be Gerald C. Mann, attorney general elect, with Col. E. O. Thompson, chairman of the Texas railroad commission, C. V. Terrell, retiring member, G. A. Jerry, Sadler, member-elect, and Lon A. Smith, to be presented.

Members of the Texas senate at 4 o'clock of representatives, who also been invited to the noon meeting, will be in the evening banquet.

Rearming

whether disarmament is possible without throwing the world into a depression far greater than the last.

Political implications of the arms race have been called even more menacing. The Foreign Policy association, a private research organization, had this to say recently:

"For the democracies the ultimate cost of unlimited armament competition will be the loss of their free economies and the undermining of democracy itself."

Many economists foresee no such strain in the immediate future for the United States, despite indications of heavy increases in arms expenditures as the result of the national defense rearmament now under way. However, one school of thought holds that the United States can build and buy more battle ships and battleplanes only at the cost of restricted expenditures for other purposes.

Tulane Loses To Tide, 3-0

BIRMINGHAM, Ala., Nov. 5 (AP)—Repulsed at the goal line on numerous occasions by Tulane's brilliant defense, Alabama's Crimson Tide scored a field goal in the closing minutes to defeat the Green Wave 3 to 0 today.

Quarterback Vic Bradford, with slightly more than four minutes of play remaining, stood at the 17-yard line with Herky Masley holding the ball, and kicked it at dead center of the uprights.

Tulane, pre-game choice and previously undefeated in Southeastern conference, was bottled up all afternoon. The Wave registered but two first downs to Alabama's 12 and only twice was able to cross midfield—then just to the Tide's 45-yard line.

Wildcats Upset By Wisconsin

EVANSTON, Ill., Nov. 5 (AP)—Wisconsin fired its bolt today and the explosion virtually shattered the dream of a Western conference championship which Northwestern had prayed for after its conquest of Minnesota a week ago.

The scrappy Badgers conquered the hitherto undefeated Northwestern eleven, 20 to 13.

A crowd of 37,000 watched the Badgers outscore the Wildcats in a sensational second half to register a stunning upset.

Auction Ring To Be Opened At Colorado

COLORADO, Nov. 5—Opening of Hunt Guitars' livestock auction ring at Colorado has been set for Thursday, Nov. 17, at 1 p. m.

There will be open buying in all classes of livestock. Auctions are to be held once each week.

Construction on the ring and pens is being rushed toward completion. The arena is to measure 15 by 24 feet. Storage facilities will accommodate between 750 and 800 head of livestock. A truckers' terminal is being built by Guitars in connection with the auction ring.

NO CHANGE REPORTED IN CONDITION OF W. J. INKMAN

Condition of W. J. Inkman, father of W. W. Inkman, who is in the Texas & Pacific hospital in Marshall, following an accidental fall in which he sustained a fractured hip, was about the same Saturday.

Mr. Inkman returned from Marshall Thursday of last week, after being with his father for several days. Mr. Inkman, retired Texas & Pacific conductor, fell in his room at the Westbrook hotel in Fort Worth recently, sustaining a fractured right hip. He was taken to Marshall for treatment.

raised no money for the work. The best borings have been made possible only through a Public Works administration allocation.

A war department spokesman said that because the Denison dam was on the priority list of eligible flood control projects, money for it would be made available out of the lump sum annual appropriation congress makes for such civil works.

It will be given preference to some other relatively less important projects which have been authorized for years but for which funds have not yet been allocated.

He estimated \$4,000,000 to \$5,000,000 would be made available for the first year's construction and that the job would require about five years to complete. The remaining necessary funds would be appropriated from year to year as the work progressed.

The Week

(Continued From Page 1)

ed concerning the city's attitude toward boating and fishing in the lake to be created near here. Boating and fishing will be allowed, but not swimming. Certain provisions will be made to insure the recreational interests at the lake as being self-sustaining. Swimming will be banned because the water is to be used for domestic consumption, and because the municipal swimming pool is available for bathing.

Here are two things which ought to reflect credit on the Big Spring schools. The lead article in the Texas Outlook, educational magazine, "A Tax Payer Looks at the School," sets Big Spring's system of directing elementary education from a central head as the ideal plan. Recently when TSWC at Denton selected a new education faculty member, Thomas E. Pierce, a member of the local system, was chosen over 17 men with Ph.D. degrees.

It was not surprising that the public records showed a decline of business during October over the same month a year ago. Consider that one year ago business was just before reaching the recovery peak, that Big Spring was in the center of the greatest cotton harvest on record for West Texas. Now the tables are turned, apparently the low point in the recession has just been reached and the town is in the center of an area with a very short cotton crop.

Announcement from Austin last week that route for highway No. 9 immediately south of Big Spring would be changed again means simply that the work, hanging fire for five years, will wait another. It also means, under the plans to construct 10.5 miles of road instead of 4.5, that the highway will go where it ought to have gone in the first place. It also means \$154,000 in work instead of \$54,000.

In the county agent's meeting here during the week, E. N. Holminger, state AAA administrator, made this statement: There are 46.6 per cent of the nation's farmers in the south, yet these farmers receive only 24.8 per cent of the national farm income and that the 13.7 per cent of the nation's gainful employed are on farms in the south, yet receive only 34 per cent of the nation's income. Add discriminatory freight rates and other abuses in and see you what he meant when he said we are not in the United States, but in the "southwest territory."

the president's recommendations to congress early next year would follow this general outline:

1. At least tripling the army air corps' present goal of 2,320 first line fighting planes, fixed in 1935. New planes would be added by mass production methods over a period of several years. There has been no hint of a proposal to increase further the navy's new goal of 3,000 planes, set in the expansion act.
2. Undertaking immediately to equip the army's "initial protective force" of about 400,000, which includes the regular army and national guard, with "essential" semi-automatic rifles, anti-aircraft guns, bombs, tanks and gas masks.
3. Hastening the acquisition of war reserves for a force of 1,000,000 which, under war department plans, would take the field within a few months in the event of United States involvement in a new world war.
4. Various means to prepare industry to shift quickly and effectively in an emergency from peacetime production to mass output of planes and munitions.

Purdue Trips Schmittmen

COLUMBUS, O., Nov. 5 (AP)—Purdue punctured the Buckeye bubble today, 12 to 0, virtually wrecking Ohio State's Western conference title aspirations with a pair of last-period touchdown thrusts which left a crowd of 54,385 gasping.

Louis Brock, 185-pound Kansas flash, cracked off a 50-yard run to set up the first touchdown, which he carried over from the three-yard mark. A few minutes later he intercepted a pass, and carried the ball to the one-yard mark from where DeWitte scored the second touch-

Achievements Of Club Women Noted On Tour

First Of A Series Of Howard County Home Demonstration Tours Conducted In The Overton And Chalk Communities

First of a series of achievement tours of the Howard county home demonstration club was conducted Friday with demonstrators in Overton and Chalk being visited by a large group of club women and the home demonstration agent, Lora Farnsworth.

Pledges Of Beta Sigma Phi Feted With A Dinner

Pretty Service Is Held Before Sorority Dinner

Beta Sigma Phi held an installation ceremony for three pledges, LaFera Dehlinger, Betty Pat Barker and Maxine Reigel, Friday evening at the Settles hotel followed by a dinner.

The ceremony was read by Mrs. W. J. McAdams, sorority director, by candle light from a table centered with an arrangement of tall, man roses. Black candles in yellow holders were on either side of the centerpiece.

The dinner table was attractive with a centerpiece of roses in a silver vase with black candles and yellow holders completing the arrangement.

Small yellow candles in black chocolate squares and a container of matches bearing the crest and name of the sorority were given as favors.

Members present were Evelyn Merrill, Elizabeth Northington, Mary Burns, Anne Zarnafonetz, Jimmie Lou Goldman, Mrs. McAdams, and the pledges.

Frances Rogers is another sorority pledge but was unable to be present for the ceremony.

The second year course of study was discussed and the new year books distributed to the members.

District Show Is Attended By 4-H Club Girls

A group of 4-H club girls of Howard county and Lora Farnsworth, home demonstration agent, attended a District Six club show for girls in Eldorado Saturday, returning in the evening.

The girls from here entered exhibits in the clothing, kitchen towel, canned product and poultry scrap book divisions.

A number of girls went Friday to the meeting accompanied by Mrs. Annie Marie Mathies, Betty Ray Fryar, Ina Mae Fryar, Daisy Clark, Alva Jean Riggan, and Thora Birgance.

Miss Farnsworth and Eugenia Jones of Knott, Paty Jean Leatherwood of Coahoma, and Gertrude Harrington of Morgan made the trip Saturday morning.

DELEGATE NAMED TO DISTRICT MUSIC CLUB CONVENTION

Cornelia Frazier was elected official delegate of the Allegro Music club to the district music club convention in Peens Nov. 18 at a meeting Saturday morning with Beverly Ann Stuling.

Roll call was answered with each member giving his or her favorite composer and Cornelia Frazier discussed the life and works of Bach. Jane Houser was awarded a prize for being able to answer the most questions concerning Bach.

Mary Ann Dudley, Marjorie Potter, Jane Houser and Jean Ellen Chownes played piano selections. The club is to meet Nov. 19 with Lorena Brooks, 606 Johnson.

GOLD—AND VELVET—AND FUR

TOP PHOTO—Here a gold clip and bracelet set with emeralds and diamonds are worn with a dinner gown of soft green and gold lame. More gold glitters in globe earrings. The deep green velvet hat, designed by Sally Victor, is accented with one big velvet rose in a muted paler shade of green. LOWER LEFT—One hundred New York debutantes in velvet gowns took part in the colorful collation, which was the highlight of the Velvet Ball—first big party of the Manhattan winter social season. One of them, Miss Brenda Frazier, is shown in a gown of rosewood velvet, designed with a shirred close-fitting bodice and full sweeping skirt. LOWER RIGHT—Little for jackets too many of the smartest frocks seen on Fifth Avenue these days. This one of red fox has a collarless neckline, brief box body and sleeves worked in spiral effect. It steps out with a sheer brown wool frock and walking hat wrapped up in a veil. (Costume assembled by R. H. Macy & Co.)

BETTY MURPHY IS HONORED WITH A BIRTHDAY PARTY

THAT INVASION FROM MARS CAUSED SOME EXCITEMENT ON CAMPUS, TOO

By NANCY PHILIPS
AUSTIN, Nov. 5—I'm just now recovering from the football game, Halloween and the Orson Welles radio program that caused a national panic.

There were various and amazing student reactions to the fictitious visit of the army from Mars. Boarding houses and dormitories were in an uproar. In one house a boy, after hearing the news, rushed to the phone and called home and in the meantime one of the other boys ran out on the porch to see if the army was in sight. As he got outside a couple of airplanes were flying overhead which erased any doubt in his mind and he raced down the street shouting "They're here! They're here!" One frightened co-ed received a telephone call from the boy friend who bid her a tearful farewell, convinced the end of the world had finally come. After such a scare I imagine all the churches will be well filled Sunday.

This week the Robert Sherwood Pulitzer Prize play, "Idiot's Delight," was very capably presented by the Curtian Club, University dramatic organization. All properties and scenery were constructed by Curtian Club members, forming a very realistic and impressive background for the excellent performance rendered by the cast.

Halloween was as usual—horse porches were exchanged, cars were stripped and soaped, sheeted figures tapped on window panes making grotesque faces, lights went out accompanied by blood-curdling shrieks, horns blew, eggs broke followed by the soft "squish" of ripe tomatoes, telephones rang continuously and nobody slept a wink. Good ole Halloween!

Three Tea Guests Attend Affair At The Younger Home

Mrs. P. Walter Henckell, Mrs. F. C. Niedermeier of El Paso and Mrs. A. E. Service dropped in for tea Friday afternoon at the home of Mrs. J. B. Young when she entertained the Informal Bridge.

Anthems to be sung are "Hark, Hark, My Soul" by Baines, "Come Unto Me Ye Weary" adapted from "Messiah" by Handel, and "Ivory Palaces" by Welles. In the latter number Dorothy Carmack and Ruth Jane Thompson will take the duet part.

Mrs. W. W. Inkman, Mrs. J. D. Biles, Mrs. C. W. Cunningham, Mrs. Shine Phillips and Mrs. Carter were the members playing.

A two-course luncheon was served following the games.

Junior Choir To Be Heard In Anthems At Church Sunday

Junior choir of the First Presbyterian church is scheduled to sing three anthems at the evening service Sunday under the direction of Mrs. Harry Hurt.

Anthems to be sung are "Hark, Hark, My Soul" by Baines, "Come Unto Me Ye Weary" adapted from "Messiah" by Handel, and "Ivory Palaces" by Welles. In the latter number Dorothy Carmack and Ruth Jane Thompson will take the duet part.

Mrs. Hurt announces that the choir is working on a Christmas cantata, "The Christ Child" by Forrest G. Walker to be presented during the holiday season.

Everyone is cordially invited to hear the choir Sunday.

Susannah Wesley Has Social In Church Parlors

Susannah Wesley class met at the First Methodist church parlors Friday afternoon for an entertainment of music, talks and social hour.

The parlor was attractively decorated in tones of gold and brown with baskets and bowls of chrysanthemums and dahlias emphasizing the color theme.

Mrs. G. W. Felton presided over a brief business session followed by a group song with Mrs. Charles Morris at the piano.

The devotional was given by Mrs. Throp and a group of harvest poems were read by Mrs. Will C. House. "In the Garden of Your Heart" was a duet sung by Mrs. Bernard Lamun and Mrs. Olive Cordill with Mrs. L. R. Mundt at the piano. Keith Slaughter played a violin selection accompanied by Mrs. L. R. Slaughter.

Mattie Heffey and Mrs. R. L. Warren were birthday honorees during the social hour.

Refreshments were served by the hostesses, Mrs. Cordill, Mrs. Throp, Mrs. Logan A. Baker, Mrs. Bessie Dickers, Mrs. M. S. Wade and Mrs. Lamun. Handpainted turkeys were given as favors.

Registering were Mrs. Morris, Mrs. Emma F. Davis, Mrs. Arthur Pickle, Mrs. W. A. Miller, Mrs. G. E. Fleeman, Mrs. House, Mary Jean Bell, Mrs. J. C. Watts, Sr., Mrs. E. Dabney, Mrs. D. F. Bigony, Mrs. H. F. Williamson, Mattie Heffey, Mrs. Ladonia Patrick, Mrs. N. W. McCormick, Mrs. Warren, Mrs. Arthur Woodall, Mrs. H. F. Taylor, Mrs. Charilla Leonard, Mrs. C. B. Verner, Mrs. Felton Smith, Sr., Mrs. Clem Rathff, Mrs. D. C. Sadler, Mrs. S. P. Jones, Mrs. Clyde Thomas and Mrs. L. R. Mundt.

Winfred Piner, Lane Hudson and Murry Patterson, all students of Texas Tech, are home for the weekend.

Pulitzer Prize Comedy, 'You Can't Take It With You,' Headliner On Ritz Program

Jean Arthur, Lionel Barrymore Head Cast

Hailed as another Capra triumph, Columbia's screen version of the George S. Kaufman-Moss Hart Pulitzer Prize play, "You Can't Take It With You," is the major attraction for today and Monday at the Ritz. It is one of the Quiz Contest films, and in the cast are Jean Arthur, James Stewart, Lionel Barrymore, Edward Arnold, Mischa Auer, Ann Miller and numerous others.

"You Can't Take It With You" was produced and directed by Frank Capra from the screen play by Robert Riskin. These Columbia film-makers have been lauded time and again for their "It Happened One Night," "Lady For A Day," "Lost Horizon" and "Mr. Deeds Goes to Town." "You Can't Take It With You," based on the stage success for which Columbia paid \$200,000, is said to exceed even the previous efforts of the two brilliant collaborators.

The new film deals with the lovable and perfectly delightful Vanderhof family, which believes in doing whatever it wants whenever it wants to.

In their old New York home, presided over by Grandma Vanderhof, this uninhibited group reveals a heart-warming attitude toward life in a merry melange of comedy, flavored with romance and tinged with pathos.

"You Can't Take It With You" is concerned, in part, with the proud aristocratic Kirby, as well as with the carefree Vanderhofs. Kirby's monumental plan to form a huge munitions merger, a move which requires the purchase of all property within an area of twelve city blocks, is halted when Grandma Vanderhof refuses to sell the Vanderhof home at any price. The plan of Kirby's son to marry Alice Symonds, his secretary, is blocked when the boy brings his parents to dinner one night, only to discover the Vanderhof family engrossed in its eccentric affairs.

The romance and merry-mad conflict of the two families, coupled with the enjoyable hobbies of the Vanderhofs and their many friends, is declared to make "You Can't Take It With You" one of the outstanding productions of the season.

Prominent in the supporting cast of the new Capra film are Spring Byington, Samuel S. Hinds, Dub Taylor, Donald Meek, H. B. Warner, Halliwell Hobbes, Eddie Anderson and Lillian Yarbo. Dimitri Tiomkin composed the musical score.

GETS PROMOTION

A student from Big Spring, Fred Coleman, is on the list of boys in the cadet corps at Schreiner Institute receiving promotions. The school has announced, Fred was promoted to the post of sergeant.

IN PULITZER PRIZE PLAY

Among the many able players in "You Can't Take It With You," screen version of the Pulitzer prize winning play are Lionel Barrymore and Jean Arthur. The picture, one of the Quiz Contest list which is at the Ritz theatre today and Monday, tells of the experiences of the eccentric family of Grandma Vanderhof, a merry group which does exactly as it wants to do. James Stewart and Edward Arnold are other featured players.

Gary Cooper, Miss Colbert In Comedy

'Bluebeard's Eighth Wife' Returns To The Lyric

"Mr. Deeds gets taken to town by a gal who met him in Paris!" That, in a nutshell, is the Claudette Colbert-Gary Cooper comedy, "Bluebeard's Eighth Wife," which makes a return showing here at the Lyric theatre Sunday and Monday.

Set against the background of Europe's gayest pleasure spots, the picture tells the mad story of an American millionaire who runs through a series of seven wives in rapid succession. He meets his match in a lovely French aristocrat who frankly marries him for his money and tames her "shrew" with the most unexpected success.

Cooper, in his role of the blasé Croesus who does not become interested in his wife until he almost loses her, is a new person and bears out the predictions of many of his admirers that his ideal part would be that of a man-of-the-world. Miss Colbert, playing the urbane and

resourceful daughter of the French aristocracy, tames her one man as she tamed her two in "I Met Him in Paris."

Throughout their hectic honeymoon in Nice, the Tyrol, Vienna, and Paris, Mrs. Bluebeard makes it clear that it is only a business relation. She pays no attention to her husband, browbeats him, repulses his advances, and generally remains as cold and aloof as the Alps. It works like a charm. Bluebeard, accustomed to having his own way with every woman, falls madly in love with the one who spurns him.

In the belief, however, that her husband will ultimately divorce her, Miss Colbert still refuses to give in, and realizes that she has carried her game too far when she allows Cooper to "surprise" her in her room with David Niven, hoping to make him more jealous than ever. This proves the last straw, and Cooper goes ahead with his plans to make her his eighth wife.

With the tables turned, Miss Colbert realizes she is in love with her husband and chases him frantically about Europe in the hopes of winning him back.

Ernst Lubitsch, the producer and director of "Bluebeard's Eighth Wife," has turned on the famous "Lubitsch touch" full force.

Ellis Island Setting For Film Play

Don Ameche, Arleen Whelan In 'Gateway' At Queen

A drama of the world-famed Ellis Island, the immigrants' first stop in the New World, is "Gateway," a Movie Quiz Contest picture booked today and Monday at the Queen theatre, with Don Ameche and Arleen Whelan in the starring roles.

The production holds forth the attraction of timeliness, as the nation considers the influx of aliens, and the story promises emotional sequences, a deal of suspense, color and brightness.

Don is a homecoming newspaper correspondent. Arleen is a young lass in the second cabin, who is to meet her fiance in America. Her beauty has attracted not only the newspaperman but a gangster (Gilbert Roland) and a politically-minded mayor (Raymond Walburn). A famous divorcee (Blennie Barnes) has aided the romance between Don and Arleen.

Below decks are the political fugitives and expatriates of many lands who now seek refuge at America's "Gateway." Tense, human drama rises to compelling heights in the babel of tongues and the terror of people in an unknown land.

Here Gregory Ratoff, John Cardine, Maurice Moscovitch, Harry Carey, Marjorie Gateson, Lyle Talbot and many others provide a story which directly influences the romance between Don and Arleen.

What appears at times to be inevitable destiny, is touched here and there with brilliant touches of humor and sheer thrill.

Happily all the new arrivals in this land find it the refuge they seek.

MINISTER CHARGED IN ASSAULT CASE

GONZALES, Nov. 5 (AP)—The Rev. R. O. Ekrut, Baptist minister charged with criminal assault and attempted assault upon two farm girls, was held in an unannounced jail tonight because of reported high feelings in the girls' home community.

Sheriff B. Neighbors said he had heard ominous talk.

The case against the minister will be heard by the Guadalupe county grand jury tomorrow.

Football Star Of The Year To Be Selected

Poll To Be Taken Over KBST-TSN Round-Up Program Beginning Friday

The All-Texas "Football Star of the Year" from both college and high school will be selected by a vote of Southwestern football fans in a state-wide poll, beginning Friday, November 11, and continuing until December 2, the campaign to be held in connection with the "All-Texas Football Round-Up" series heard over Station KBST and the Texas State Network.

The winner will be presented a handsome silver-gold trophy, symbolic of the honor of the Top Texas Star of 1938. The inscription on the cup will read: "Given by the radio listeners of the 'All-Texas Football Round-Up.' The race is open to all footballers. A vote is the same as nomination, and any one may vote as many times as he wishes."

HIGH SCHOOL WEEK
The Round-Up this week will salute Texas high schools in its official "High School Week." Programs which will be heard from 5:45 to 6 p. m. Monday through Thursday, November 7 through 10 respectively.

On Monday, November 7, the Fort Worth Masonic Home "Masons" of District 7 will broadcast from the TSN studios in Fort Worth, Tuesday's broadcast will honor the Waco High School "Wildcats" of District 11, the program originating at WACO, TSN's Waco affiliate, Sunset High School, Dallas, of District 8, will be heard on Wednesday, November 9, the quarter-hour program coming from WRR, TSN's Dallas affiliate.

The last program in "High School Week" will salute Abilene High School in District 3 on Thursday, November 10. Zack Hurt, Sports Supervisor of TSN, will have charge of all broadcasts.

OSBORNE AND BAND
Will Osborne and His Orchestra, famous from coast-to-coast for its striking "slide" music, will be featured on the "Admiration Show of the Week" from 5:30 to 6 p. m. Sunday, November 6, over Station KBST and the Texas State Network.

Ray Perkins, in his usual likable manner of serving as master of ceremonies, will again drag OLD MAN laughter all over the place—leaving few corners untouched.

These two highlight features will be joined by a news commentator—giving last minute news of the day. His name: Ernest Chappell.

MARCHING BAND
The Marching Band of Ohio State University, consisting of 125 pieces, will be heard over the Mutual network on Monday from 8 to 8:30 p. m.

The band is all brass, and boasts specially constructed, oversized instruments which permit their martial airs to be heard in the top-most rows of the largest stadiums. The broadcast will originate through the facilities of MMutual's Columbus affiliate, WHKC.

MUSIC FROM MUTUAL
Directed by Alfred Wallenstein, with Genevieve Rowe, soprano; Mary Hopple, contralto; William Hein, tenor; Raoul Nadeau, baritone, chorus and orchestra is heard

BAND LEADER

Lee Morse, the blues singer whose voice has been heard on 20,000,000 phonograph records, will be a guest of the Chevroleters on the Chevrolet-Dixie network at 5:30 p. m. Sunday, November 6. She joins the program after recent New York successes in radio and night clubs. Miss Morse will sing "On the Sentimental Side" and an original composition "Shadows on the Wall," which has just been recorded for the third time after half a million records had already been sold.

over Mutual Sunday from 7 to 7:30 p. m. Selection: Cantata No. 38.

LOVE AND MARRIAGE

If you feel like a fair target for that incorrigible plie, Cupid, halt a moment in your wild career and consider these irrevocable figures compiled by John J. Anthony, director of the Mutual network's "Original Good Will Hour," heard from 9:30 to 10 p. m. each Sunday over Station KBST and the Texas State Network.

Seventeen per cent of all American marriages end in divorce. More than 35 per cent hit the rocks in some form of separation. Although a divorce is granted every three minutes in the United States, wedding bells toll every thirty seconds. As alarming as these figures may show, a recent survey—however—proves that 75 per cent of all Americans have married for love.

Raymond Lee Williams of Texas Tech is here for the weekend with his grandmother, Mrs. J. B. Nall.

READING AND WRITING

A daily dose of fiction for such as have time for it— Sunday—"Dead Ned" is a strange, occasionally macabre novel about a young Englishman unjustly sentenced to die for murder. He was hanged, but a surgeon brought him to life, and he lived adventurously for quite a spell on the African slave coast. John Masfield wrote it. (Macmillan: \$2.50).

Monday—Emerson Waldman tells the very old story of the Jew who emigrates to America under the impression that America is the land of the free. In his first novel, called "The Land Is Large." This Jew finds the strange new land doing curious things to him and to his. (Farrar & Rinehart: \$2.50).

Tuesday—You may have forgotten that before Francis Brett Young became a novelist he was, like A. J. Cronin, et al., a qualified M. D. "Doctor Bradley Remembers," his new novel, is the fruit of that experience, a long novel spun out of the memories of a retiring practitioner. The time is the '80's. (Reynal & Hitchcock: \$2.75).

Wednesday—Those who liked the unromantic adventures of Har- Bogen, self-styled "heel," in a novel called "I Can Get It For You Wholesale," can follow their hero still, farther along his unpleasant road. Jerome Waldman has produced a novel called "What's In It For Me?" in which Harry gets what's coming to him. It came too late, say we. (Simon & Schuster: \$2.50).

Thursday—Those who yearn for a good, chilling horror story should take a look at a novel by Rene Fansard called "The Silver Fox." It lay about the room for quite a time unopened, because we thought it was an animal story. It's not; it's about the things that happened to an English writer who went calmly to Munich, and there got into a terrific mess. (Morrow: \$2.50).

Friday—Louis Aragon's "Red- gential Quarter" is a kind of composite picture of France before the war, brilliantly written, shrewd, witty—all that. It is, for this reader, more rewarding than Jules Romain's long-winded "Men of Good Will." (Harcourt, Brace: \$2.50).

Saturday—Lastly, there is a new book by Anne Green, who wrote "The Selbys." It is called "Paris" and it's about a milliner. You might call it a romance with speed. (Dutton: \$2.50).

Contract Awarded For Road Work In Martin County

STANTON, Nov. 5 (Sp)—Contract was let this week to R. W. McKinney of Nacogdoches for grading and drainage structures and roadbed on a feeder road from thirteen miles north of Stanton, to the Dawson county line, connecting there with a paved highway to Lamesa. McKinney received the contract with a bid of \$48,549.

An allotment was made several months ago by the state highway department for the road. Construction is to start immediately. Whether or not the remaining thirteen miles of this road on in to Stanton is to be constructed will remain to be seen at the outcome of the \$50,000 bond election to be held here Nov. 26. It will be the third time this election has been held. Besides the gap in the Stanton-Lamesa highway, the issue calls for construction of highways west to the Andrews county line and northeast to the Howard county line.

With the exception of Highway 1, Martin county is completely without good all-weather roads. Should the bond issue pass, it would mean an immediate remedy for this condition.

Paradise Salon Under New Management

Paradise Beauty Salon, 209 East Second street, today announces a change in ownership. The new proprietors, Helen Stewart and Ruth McDowell.

The partners are well known locally and have had many years experience in this line of work, having opened one of Big Spring's first shops 15 years ago. "We have planned a number of improvements for this shop," they said Saturday, "and when completed we hope to have the most thoroughly equipped beauty salon in West Texas."

BRITISH WRITER NOT SO COMPLIMENTARY ABOUT MANHATTAN

LONDON, Nov. 5 (Sp)—J. B. Priestly, the writer, whose latest play was unsuccessful on Broadway, feels there is "something hostile, even menacing, in the atmosphere of New York."

Writing in the current issue of "Time and Tide," Priestly acknowledged that previous successes from his pen "were dismissed as dreary trifles over there." But he said he was bewildered about the recent failure of his play "I Have Been There Before," because all his friends who saw it in London predicted it would be a New York smash.

Of New York Priestly said, "I have always felt there was an inexplicable sense of menace, a faint foreboding of tragedy as if something above those great towers were plotting against the soul of man."

The author also observed, "I never sleep properly there."

CHRISTIAN SCIENCE SERVICE
 111 Settles Hotel

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christian Scientists on Sunday, November 6.
 The Golden Text is: "He that is of the earth is earthly, and speak-

eth of the earth: he that cometh from heaven is above all" (John 3:31).
 Among the citations which comprise the Lesson Sermon is the following from the Bible: "He shall be great, and shall be called the Son of the Highest. And he shall reign over the house of Jacob forever; and of his kingdom there shall be no end" (Luke 1:32,33).
 The Lesson Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus' spiritual origin and understanding enabled him to demonstrate the facts of being—to prove irrefutably how spiritual Truth destroys material error, heals sickness, and destroys death" (page 315).

FIRST CHURCH OF GOD
 Cor. 10th and Main Streets
 Robert E. Bowden, Minister

The attendance and interest upon the services last Sunday was very gratifying. We look forward for greater things in the service of this church. A forward VISION is needed among all Christian people. Jesus and the Apostles, who were the founders and pioneers of this glorious Christianity, were men of vision. It is our prayer that God may actuate each of our lives with a clear vision of His divine will and the service we must give for the extension of His great Kingdom here. Next week beginning Monday from 8 to 8:15 we will be on the air over KBST. We invite you to tune in and be with us on the devotional. Also Sunday marks the beginning of our fall revival, which will continue for two weeks. We solicit the prayers and also the cooperation of all Christian people in this revival effort. Special features of the revival will be a good choir of mixed voices, under the capable direction of J. Fred Whitaker. Special songs and music will be featured each evening. The booster band and junior choir invites all the boys and girls to join with them in their work. Mrs. Bowden will be in charge of the booster band, which will meet promptly at 7 p. m. each evening in the main auditorium. The regular service will begin each evening at 7:30 p. m. Special prayer services in the basement each evening at 7 o'clock. All services Sunday at the usual hour.

Buick Works Double Time

More Men Put To Work As New Car Orders Mount

FLINT, Mich., Nov. 5—Sales make jobs.

This back to work slogan is confirmed by the Buick management who announced that these sales make jobs for nearly 19,000 directly employed in production and factory distribution of Buick motor cars on a nationwide basis.

Unfilled retail orders in the hands of dealers have mounted more than 22 per cent and are the highest they have ever been in this date in the history of the company.

To meet the heavy retail demand, Buick factories are operating on two shifts, eight hours a day, five days a week, and have stepped up production to nearly 1,100 cars a day.

Shipments from the assembly lines equalled retail deliveries and are being increased to meet the un-filled order requirements and maintain prompt delivery of Buick cars to customers.

As a result, re-employment in Buick plants has gone forward at the rate of 100 men a day, with employment directly dependent upon Buick operations reaching 19,000 by November 1. This does not include 2,900 Buick dealers and the thousands of members of their sales and service organizations.

According to W. F. Hufstader, Buick general sales manager, early season sales, during which the 1939 models were publicly announced, surpass any recent announcement period.

Records of 51 years indicate the first killing frost in northern Kansas usually occurs about September 30; in southern Kansas about October 23.

GOLD IMPORTS NOW OVER A BILLION

WASHINGTON, Nov. 5 (AP)—The commerce department announced today that gold imports since the beginning of the Czechoslovakian crisis in September have passed \$1,000,000,000.

The deluge of foreign gold sent by war-frightened Europeans totaled \$1,004,780,188 for the eight weeks ended October 28. They sought safety for their wealth by buying dollar credits.

Last week's share was \$134,420,463, and marked a resumption of heavy shipments, which had relaxed somewhat in the preceding week.

NEW '39 HUDSON ONE-TWELVE TOURING SEDAN

The new Hudson One-Twelve touring sedan for six passengers mounted on 112-inch wheelbase, with 88 horsepower, is shown above. Many new features are incorporated in this new Hudson car in the lowest price field. The new models are on display at Hanshaw-Queen Motor company.

Problems Abroad To Be Emphasized At Baptist Meeting

DALLAS, Nov. 5—Baptists attending the General Convention of Texas here November 8-11 will be called upon to protest the "terrible persecution" of their fellow church members in Rumania, and thus carry on a fight for freedom to worship stimulated a year ago after the visit of Dr. George W. Truett to Rumanian Baptists.

Dr. Truett, pastor of the First Baptist church in Dallas and president of the Baptist World Alliance, reported graphically to the convention in El Paso last year on his observations of persecution in Europe.

Considerable emphasis will be given at the convention here to Baptist problems abroad, and reports will be heard from war-ravaged mission fields, particularly in the Orient. Scores of Texans hold posts of danger in such fields, particularly in China. Dr. R. S. Jones of Richmond, a secretary of the foreign mission board of the Southern Baptist convention, will be one of the outstanding speakers on the program which will bring Baptist leaders from all Texas and the South to Dallas for a week of sessions.

Dr. R. C. Campbell of Dallas, secretary of the executive board of the convention which has its headquarters here, and other local leaders are making final preparations this week for the reception and entertainment of 12,000 messengers and visitors representing the 660,000 members of the denomination.

General sessions will be held in the auditorium of the First Baptist church, as will the meetings of the Woman's Missionary Union beginning Monday, November 7. Sessions of the pastors' and laymen's conference, of which George J. Mason of Dallas is president, will be held at the City Temple Presbyterian church nearby.

A CHEVROLET MASTER DE LUXE

Restyled and streamlined, the new 1939 Chevrolets also introduce major improvements contributing to safety, comfort and operating ease. The models are on display here at Lone Star Chevrolet, Inc.

THREE NEW HUDSONS FOR 1939 GO ON DISPLAY IN B'SPRING

Three new lines of cars featured by entirely new styling and many important engineering changes are presented by the Hudson Motor Car company for 1939, and are now on display by Hanshaw-Queen Motor company, Hudson dealers for Big Spring. They are the Hudson 112 in the lowest price field with 86 horsepower and an overall length of 183 7-16 inches, and in the moderate price field a new Country Club series with both six and eight-cylinder motors giving respectively 101 and 122 horsepower, and an overall length of 199 inches; plus a special eight-cylinder Custom Sedan with 206 inches overall length.

As an instance of the lowered cost to the 1939 buyer for the kind of a car he wants, equipped as he wants it, the dealers cite the fact that even the 1939 Hudson 112, in the lowest price field, has 27 items added to the standard equipment of the car which were not on last year's models. These include such important 1939 standard equipment items as the new Handy Shift, fenders to match the body color, larger bumpers, bumper guards front and rear, Hudson's exclusive Auto-Pulse Control and Dash-Locking Hood, slat-operated from inside the car at driver's seat, Carry-All luggage compartment, headlight beam indicator and many other refinements in beauty, comfort, convenience and safety which are genuine contributions to greater value. There are seven body colors available at no extra cost, four of which are available in an exclusive feature in the lowest price field.

Luxury Treatment

In addition to the new styling, the new lines of cars are the most luxurious in Hudson's history. The treatment of the front grilles particularly is such that the car is given a modern, low, long, sleek appearance. Parking lamps on the Country Club series are at the front of the hood, giving a distinctive ornamental touch.

Important engineering refinements which materially improve riding comfort, safety, roadability and general performance characteristics have been introduced. Outstanding among these developments is the entirely new ride resulting from an important advancement, the Airfoam seat cushion which is standard equipment on the entire Country Club series and all convertible models, and optional in Hudson 112 and Hudson Six closed cars.

Cushions of this same material have been successfully used on the latest streamline railway trains and on crack transcontinental airliners, and now is introduced to the automobile public by Hudson as a solution to the problem of fatigue on long distance rides, as well as to give far greater comfort on short trips. It is made of latex or pure "milk" of the rubber tree beaten into a foam. No other substance ever used in cushions so well combines softness with firm support for the body.

The exclusive Auto-Pulse system of chassis stabilization provides a maximum degree of comfort, safety and sense of security under any and all road conditions. Auto-Pulse Control derives its advantages from the fact that complete control over the action of the front wheels and suspension system is established under conditions which in the past have tended to affect the stability of the front end.

Mercury, Ford Prices Fixed

New Model Delivers From Detroit At Less Than \$900

Speculation as to pricing of the Mercury 8 has ended with the announcement that prices of the Ford Motor company's new entry in the lower medium-price field would start under \$900.

The delivered price in Detroit of the sedan model with two doors will be \$894. Federal and state taxes amounting to \$49.70 are extra.

Other prices at Detroit, including transportation and delivery charges are: Town sedan, with four doors, \$934; sedan coupe, \$934; sport convertible, \$994, all taxes extra.

The prices include a long list of equipment over and above what usually is listed as "standard." In addition to the usual bumpers and bumper guards, spare wheel, tire, tube and lock, the following equipment is included in the prices listed: Electric cigar lighter, electric clock, lock for glove compartment, twin air electric horns, two sun visors, dual windshield wiper, headlight beam indicator and foot control, ash trays in instrument panel and rear seat arm rests, two tail and stop lights, new battery condition indicator and rustless steel wheel hubs.

Prices for Ford V-8 cars for 1939 will start at \$580 at the factory, transportation charges, federal and state taxes extra.

This base price is for the 60 horsepower Ford V-8 coupe at the factory. This model will deliver in Detroit, transportation charges paid, for \$584. Federal and state taxes, amounting to \$33.06 are extra. Prices of the 85 horsepower Ford V-8 are \$40 more. All are comparable in size, body dimensions and comfort with 1938 de luxe Ford V-8 models which sold at considerably higher prices.

Prices on the entirely new 1939 DeLuxe models at the factory start at \$680 for the DeLuxe coupe, transportation charges and federal and state taxes extra. This model will deliver in Detroit, transportation charges paid, for \$684. Federal and state taxes, amounting to \$38.66 are extra.

TEXAS FARM PRICES SHOW SLIGHT GAIN

AUSTIN, Nov. 5 (AP)—The U. S. department of agriculture said today average farm prices in Texas on Oct. 15 were slightly higher than a month earlier.

Most significant increases were: wool at 22 cents a pound, cottonseed at \$22 per ton and eggs at 22 cents per dozen. Hogs at \$7.30 per cwt. and sweet potatoes at 65 cents a bushel were considerably lower.

Other average prices: Cotton 8.1, wheat 54, rice 62, potatoes 95, butter 27, chickens 122, turkeys 11, beef cattle \$5.40, veal calves \$6.50, sheep \$3.75, lambs \$5.20.

MASONIC MEETING AT COLORADO WEDNESDAY

COLORADO, Nov. 5—Representing Masonic lodges all over this section of West Texas more than 150 Masons are expected to gather in Colorado on Wednesday night for a zone meeting sponsored by the grand lodge committee on Masonic service and education.

Tom Bartley of Waco, grand secretary of the grand Royal Arch chapter of Texas, will be the principal speaker. Host for the occasion will be Mitchell Lodge No. 563, of which Judge A. F. King is worshipful master. R. H. Delaney is chairman of arrangements for the meeting, which will start at 7:30.

SEEKING OUTLETS FOR U. S. WHEAT

WASHINGTON, Nov. 5 (AP)—An agriculture department expert, F. R. Wilcox, is on the way to Europe to search for possible outlets for surplus American wheat, citrus and dried fruits.

Wilcox is vice president of the Federal Surplus Commodities corporation.

Officials were reluctant to discuss his aims abroad.

The fact that Europe's fruit crop was cut short by frost damage this year opened the way, officials said, for possible large sales of prunes, raisins, dried peaches, oranges and grapefruit.

Colorado Wants That 'City' Put Back On Her Name

COLORADO, Nov. 5—After trying to outgrow the title of "Colorado City" for years, this thriving West Texas town may adopt the suffix as a part of its official name. Joe Earnest and Harry Hatliff are circulating a petition asking the city council to order a vote on the change of names for the town. The move has the support of the Colorado chamber of commerce.

Those who are taking a lead in the campaign recall that in the early days of the municipality, the "city" was a part of the name of Colorado City Frontier Round-Up. Others believe it might overcome the difficulty arising out of giving one's residence at Colorado without having someone else ask "What part?"

cycle leaders believe Colorado's rich historical background to be a great asset and are urging a change in names. It was pointed out, also, that the name would fit more closely with the annual celebration of the Mitchell county seat—the Colorado City Frontier Round-Up.

IT'S IMPORTANT THAT YOU VOTE

Unless all signs are wrong, Howard county—along with other counties in Texas—will record a deplorably high vote in Tuesday's general election.

The decline, in a sense, is to be expected, because no offices or issues are involved. Texans settled their political-pleking in the summer, and the democrats are "in."

Mr. Brown and the executive committee of the Newspaper Guild published a statement to that effect on Thursday and, in behalf of the 5,900 members of the guild, called upon the voters to support Senator Wagner in the forthcoming election.

It is particularly important that this should be done in Texas.

In the democratic national convention of 1940 there will probably be a basis of representation established on the vote for the party nominees this year.

Hollywood

Sights And Sounds

by ROBBIN COONS

HOLLYWOOD—Bette Davis remains our best reason for wishing there were more stars like her.

The way she works, for one thing, is a little hocus-pocus about it that you might think she were tackling another row of buttons at the button factory or plunging in to do the dishes after a party.

Bette's new one, "Dark Victory," is no cheerful piece. It's steeped in heavy drama of the sort that Bette has made her specialty.

Production started on a closed stage. So Bette, too, was getting that way? Another Garbo? Heck, no! The stage was closed for Edmund Goulding. He's the director.

The other day the scene was that in which Bette discovers, by accident, Dr. George Brent's diagnosis of her case. He has left it among his papers, little suspecting that Bette's on the prowl.

Well, that is what is known in these parts as a big scene. If you know your movie actresses, you know that most of them are going to take a big scene BIG. Garbo and Hepburn, of course, would lead the band.

All of which is quite all right. Maybe it's necessary. I happen to like B. Davis's system, for she's standing in for the rehearsal, and she's looking mighty cute in a fur-trimmed dress and fur hat.

And obviously, it can't. I cut my hair short—I'm not a Gibson Girl any more," she adds.

North Carolina paid a total of \$85,563,346 from its bonded debt during the 11 years from 1927 to 1938.

riders here for the horse show and the novelist was invited. His hostess, a talented sculptress, was showing her guests some of her recent work.

"You ought to be ashamed of yourself," the novelist blurted out. There was a moment of startled silence.

Whereupon the butler was instructed to fetch the young man's sombrero, and two minutes later he was on his way back to town, leaving another burned bridge behind him.

An authority on men's hats tells me that New York is a blue-gray town, with gray having the edge over blue, although greens and browns are regularly featured, mostly in the middle shades.

I don't want to disillusion you, but you aren't very well dressed unless your wardrobe includes at least 12 hats. At least that's what the man said. I hope it isn't going to ruin your day.

Incidentally, some time ago we noted that Al Jolson preferred suspenders to a belt, and in the next mail came a gift pair of suspenders from a manufacturer. Well, Pal, if it's that easy here goes: Warner Baxter wears shoes, John Barrymore wears hats, Clark Gable wears overcoats, Robert Montgomery wears neckties, Franchot Tone wears pants with coat and vests to match, Robert Taylor rides in an automobile, Basil Rathbone sometimes wears evening clothes.

THE ARMY POST MURDERS

By Virginia Hanson

Chapter Three "THE ARMY IS DIFFICULT" The polo field was at the opposite end of the parade ground, and as there were no stands, people drove their cars right onto the field.

"A needle jabbed me," she announced in her sweet high child's voice. "Oh, hello Elizabeth. Hello, Katherine. I hate to sew, and it bled on my costume, so I dumped the whole thing in Mother's lap and departed. She's fixing Barney's, too — we're dressing just alike."

"Is he going in fancy dress?" Elizabeth looked surprised. "The men mostly won't," she explained to me.

"Oh, Barney's different — our costumes were his idea. What are you going to wear?" I let Elizabeth answer while I looked about me.

The game was ragged. The players milled around, taking an occasional lusty crack at some pony's shin, but nothing much was happening to the ball. I did not recognize Charlie among them, nor did I see him among the spectators.

Elizabeth returned the salute. Anne flushed and walked away. Elizabeth sighed and followed her with her eyes. "The army's very difficult in some ways."

"What did I say? And why is Annie at the Carew's quarters?" "She's often there. You see, Major Carew and Annie's husband were both sergeants in the regiment when war broke out. Annie and Mrs. Carew were Bonnie's friends. They lived next door to each other, had their babies at the same time, named them for each other."

"I believe so. She would have been, too, if her husband had lived. He was a good sergeant. Father says that's another angle to the situation, as you call it. Here's Annie working in the commanding officer's kitchen while her old friend is a major's wife."

"What happened to her baby — the one that was named for Mrs. Carew?" "She lost it. She won't talk about it. I don't even know where the poor little thing is buried. You see, we were all scattered — the regiment was overseas and Mother had taken me home to Massachusetts—I wasn't very old then, myself."

"You didn't see Annie again until after the war?" "Not until Mother died. I was about six then, and Father heard about her through the service welfare organization and sent for her. She took complete charge of me and has never wanted to leave us. I suppose I filled the place of the daughter she lost. I'm—I'm very fond of her, and she is devoted to me... Someday I'll teach her to drive the car."

"She turned and caressed the little car with a long sensitive hand. 'Let's get in, shall we? It's tiresome standing.' And she slid behind the wheel with the possessive pride of a child."

No one paid much attention to the game. People stopped to chat with us for a minute, then drifted on. Between chuckers the players stood about looking self-conscious, letting the women admire them.

Adam Drew Barney Nelson, as handsome a Nurse giant as ever, vied with Eric the Red, strolled over with a casual word to Elizabeth, greeted me warmly and asked me to save a dance—one that he was never to claim.

Annie hauled him away a little hastily, I thought, and Adam Drew took his place.

You will hear more about Adam, so I may as well try to draw a picture of him now. I remember that he looked to me like a strange bird the first time I saw him, but I'd grown rather ashamed of that. For if ever there was a prince among men, that prince is Adam Drew.

He was as tall as Barney and looked about half his breadth; but, unlike most tall, narrow men, he showed no inclination to slouch. I've seen photographs of royalty that reminded me of him—they're usually funny looking, too, and see magnificently unaware of it. So does Adam.

He took off his helmet and let the light breeze flutter his short, colorless hair. He is almost an albino, except for the most brilliant blue eyes imaginable.

I was awfully glad to see him. Except for Elizabeth and Charlie, he was the only congenial soul I had met at Fort Haven; and if he wasn't pleased to see me, too, he gave a very fair imitation of being.

"How do you do, Major Drew?" Elizabeth asked kindly.

So that was as far as my good work had carried them! It had seemed to me so perfectly obvious that they were made for each other that I had sung the praises of one to the other all during my previous visit; yet here they were, not even on first-name terms.

I remembered then that Charlie had said I was cockeyed.

"Adam's not the marrying type — he's too unconscious of himself to fall in love."

"You mean he's cold? He isn't at all; he's got more human understanding than any man I've ever met."

"That isn't emotion," Charlie had pointed out shrewdly. "But I'm not saying he's cold—he's just unapproachable. He's built a remarkably fine shell for himself—a sort of glass case that he can look out of perfectly well and see what's going on. But nothing can touch him."

"Quite the psychologist, aren't you, mister?" I remarked half-teasing. But I remembered what he said. (Copyright, 1938, Virginia Hanson)

Man About Manhattan by GEORGE TUCKER. NEW YORK—There is a line in the play "Oscar Wilde" which might well be applied to a certain novelist who is known hereabouts as "the one-visit expedition."

But in a conversation a few days later I heard the whole issue dismissed with the airy statement of fact that Mr. Willkie heads a large utility and Mr. Arnold is a New Dealer. From that it was concluded that Mr. Willkie was "wrong" and Mr. Arnold "right," which seemed to me a non-sequitur, but, of course, I was sharing Mr. Willkie's dislike of pragmatism—along with other non-bertrands of utilities, such as Mr. Bertrand Russell.

If we are to judge all political matters according to statements of "fact," I fear we shall end all free discussion. If assaults on corruption are to be deemed assaults on democracy, I fear we shall eventually be ruled by scoundrels—although the late Clarence Darrow held the opinion that there were no scoundrels, which is also a viewpoint.

Mr. Arnold spoke as a pragmatist and Mr. Willkie answered him as a man who believes in planning from a system of values and a conception of aims agreed upon in advance, as did the founders of this democracy, who would not otherwise have written either the Declaration of Independence or the Constitution.

What was in conflict were not matters of fact but basic mental attitudes.

Let me give you an example of this young man's genius for alienating the affections of his friends. There was a party for some visiting

WEEK'S TRADE STILL BELOW LAST YEAR
NEW YORK, Nov. 5 (AP)—Retail trade in many sections of the nation was adversely affected during

the past week by lingering Indian summer, said Dun & Bradstreet today in their weekly business survey.
The review added, however, there was evidence that the buying was in a better mood for buying than in many months.
"Against the 1937 week, which included heavy election day sales totals, retail volume was estimated to be off 6 to 18 per cent."

CALLS JOB SEEKING GOVT. HANDICAP
AUSTIN, Nov. 5 (AP)—Governor James V. Allred regards as "the biggest handicap to government" the fact that public officials have to spend so much of their time trying to appease job seekers.
He stated today he might have some recommendation to reduce the evil in his final message to the legislature in January.
"Even though an incoming governor can't call job applicants that he has control over very few positions because all of the big commissions are overlapping," Allred said, "it's hard to get persons to understand it."

Home Hygiene Classes Directly Aid Women

Red Cross Is Of Assistance To Counties

Women of this vicinity have been directly aided by the Howard-Glasscock Red Cross chapter through home hygiene nursing schools offered here last spring and summer and now the girls of high school will have an opportunity to learn the rudiments of nursing when the course is added to the curriculum after Christmas without any additional charge to the school or pupil.

The classes, taught by Luella Landwehr, Red Cross nurse of St. Louis, were so beneficial to town and country women that officials of the chapter decided to offer it in the local high school under the direction of a trained nurse. A first aid course will also be taught under a similar system in the schools and will be open to the boys and girls.

Local Funds Used

Since this is Red Cross Sunday, it is quite appropriate to remind the people of the direct benefits derived from the local chapter funds. Miss Landwehr assisted by Mrs. Thelma Price, chairman of the nurse's activity committee of Big Spring, organized home hygiene classes in both counties with a total membership of 400 during the three and half months the course was in progress.

Classes usually met twice a week for a six-weeks period with each member completing the work receiving a Red Cross certificate. Aims of the course as outlined by the instructor were to develop an appreciation of mental and physical health and a desire to build habits to safeguard them. To build a basic understanding of principles and prevention and control of diseases. To teach efficient and healthful methods of meeting normal problems of health such as care of the baby, pre-school, school child and the aged. To develop some practical knowledge in care of the sick under home conditions according to physician's direction. To develop intelligent understanding and an attitude of interest and cooperation in solving of community health problems.

Serum Is Given

At the same time the course was in progress, local physicians cooperated with the Red Cross in giving toxoid serum to prevent diphtheria to those children unable to secure the treatment through the regular channels. Women in the various communities were more interested in learning home hygiene than those found in town, Miss Landwehr said, but it is believed this is true because community women realize their limitations in being able to get a doctor immediately in case of sudden illness.

Miss Landwehr also taught the women how to do what they had in the home and still stay within the bounds of sanitation and good health rules. Improvised equipment for the sick room, diets and foods for invalids and proper ways to carry out a doctor's instructions were all included in the course.

Classes were conducted in Big Spring, Garden City, Coahoma, Luther, Moore, Center Point, R-Bar, Knott, Elbow, Lomaax and Mexican town.

Shirley Phillips, Howard County Red Cross chairman, said similar home nursing schools would be offered next spring and summer to this community.

Departing Couple Honored At Ranch Home Shower

FORSAN, Nov. 5 — Mrs. J. D. O'Bar and daughter, Mrs. Lois O'Bar Smith, honored Mr. and Mrs. Harris Jones, who are leaving here to make their home in California, with a gift shower this week. The O'Bar ranch home was decorated with autumn leaves and chrysanthemums. Games of checker-check and bingo were played throughout the afternoon. Posters of towns leading to California were pinned from the living room to the dining room where a large basket of gifts awaited the honor guests. A refreshment course of cookies shaped like autumn leaves and punch was served to the following: Mrs. O. N. Green, Mrs. Brent Hollis, Mrs. Homer McKenney, Mrs. Howard Camel, Mrs. U. I. Drake, Mrs. Bob Odum, Mrs. R. P. Hargrove, Mrs. C. A. Ballard, Mrs. Bessie Gurley, Mrs. Sammie Barton, Mrs. W. E. Phillips, Mrs. Lee Gandy, Mrs. Pink Shaves, Mrs. Dee Clifton, Mrs. J. D. Dempsey. Those sending gifts were Sam Childers, Mrs. Otis Chalk, Mrs. Doris Cole, Mrs. Walter Fry, Mrs. Obie Caldwell and Mrs. F. Tinsley.

Fall Flowers Used By Hostess To Club For Decorations

Beautiful chrysanthemums were gracefully arranged in the home of Mrs. M. Wentz Friday afternoon when she entertained the Lucky Thirteen club and three guests, Mrs. J. V. Birdwell, Mrs. Hugh Duncan and Mrs. Roy Reeder. Mrs. Birdwell received guest high and Mrs. H. W. Wright was given club high. Other members there were Mrs. Hayes Stripling, Mrs. Joye Stripling, Mrs. Robert Stripling, Mrs. O. M. Waters, Mrs. E. D. McDowell, Mrs. H. G. Keaton and Mrs. H. B. Matthews. Mr. and Mrs. W. M. Walls are visiting in Monahans this weekend with their daughter, Mrs. Jack Graves.

Newly Weds Honored With Shower At The Jones Lamar Home

Mr. and Mrs. Raymond Dyer, newlyweds, were complimented with a miscellaneous shower Friday evening in the home of Mrs. Jones Lamar. Before her recent marriage, Mrs. Dyer was Marcelle Martin.

PERSONAL ITEMS FROM STANTON

STANTON, Nov. 5 (Spl)—Ernest Epley and Morris Connell are spending several days in New Mexico at the ranch home of Mr. and Mrs. Hoot Tom, deer hunting. Mr. and Mrs. Earl Powell have returned from a trip to Fort Worth and Dallas.

Mr. and Mrs. Phil Berry, Mr. and Mrs. Calvin Jones and Mrs. Bryan Lenderson of Wink spent last weekend in Dallas, Denton and Fort Worth. They attended the TCU-Baylor football game.

Mrs. J. C. Ellis and Mrs. Jim Tom spent Monday in Abilene, visiting Mrs. Maude Sadler and Mrs. Elizabeth Graves.

Mr. and Mrs. Poe Woodard plan to accompany Mrs. Woodard's parents, Mr. and Mrs. George Wilke of Big Spring, and their guests, Bob Bellevaux and Jim Taylor of Seattle, Wash., to Kerrville to spend the day Sunday.

P-T A. Congress To Convene In Lubbock Nov. 15

Executives To Speak At Two-Day Meeting

LUBBOCK, Nov. 5—Annual convention of the Texas Congress of Parents and Teachers will meet in Lubbock on Nov. 15 to 17. Some preliminary meetings are scheduled for Nov. 13 and 14, including a meeting of the Board of Managers Monday afternoon, Nov. 14. Several local women plan to attend.

This will be the thirtieth annual convention of the state organization. Officers for the triennium 1938-41 are to be chosen, as this is election year, in view of which fact official registration figures are expected to exceed those for previous years. The committee in charge of room reservations reports that virtually all space at the Hotel Lubbock, convention headquarters, has been taken, as well as space in other hotels. Rooms in private homes are being listed to take care of the overflow.

It is hoped that delegates coming from distant points over the state can be accommodated with hotel rooms, if desired, and that delegates from neighboring towns will cooperate by accepting reservations in private homes. P-T. A. officers and members from over the South Plains are especially urged to attend the convention, which comes to this section for the first time and which offers a varied and worthwhile program. Executives to Speak
Mrs. M. A. Taylor, of Bonham, president of the organization, will preside at the three-day convention, the theme of which is to be "Parental Quota." Nationally known persons who will appear on the program include Cameron Beck, lecturer on vocation and industrial relations consultant, School of Business Practice and Speech, New York City; Mrs. John E. Hayes, Twin Falls, Idaho, first

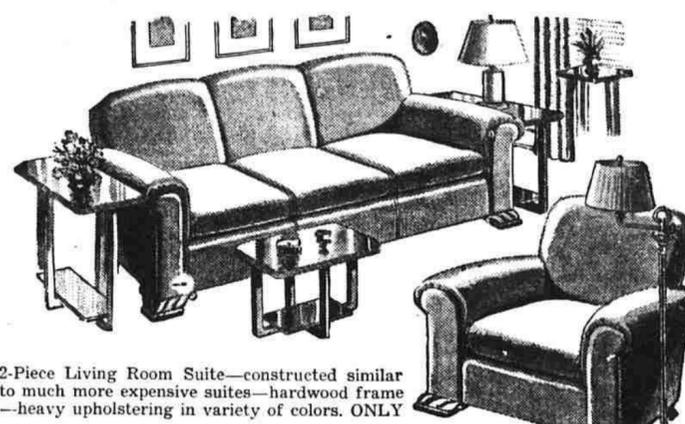

vice president of the National Congress of Parents and Teachers and associate editor of the National Parent-Teacher magazine; and W. Roy Berg, executive secretary, Allied Youth, Inc., Washington, D. C. The local arrangements committee, with Mrs. Robert J. Allen in charge, is making elaborate entertainment plans for the thousand or more registered delegates expected for this convention. Two luncheons, one honoring state vice presidents and state chairmen, and the other honoring district presidents, and a dinner honoring local presidents will enliven the convention program. Plans also include a tour of the city and a tea for the visitors.
