Gorman Cheerleaders Attend Camp at Tarleton

The Gorman varsity cheerleaders attended camp at Tarleton State University beginning on June 22 through June 25. The camp is affiliated with the National Cheerleaders Association. The girls learned many new cheers, chants and dances to be used this coming year. Each day of camp the NCA cheerleaders hold evaluations of each team, the Gorman team won only Superior (blue) ribbons for each of their evaluations. They also won an award for sharpest motions, and received the spirit sick award. Each member of the squad was also nominated for All American Cheerleader. Selected by the NCA staff, nominations are given to individuals who display superior cheerleading techniques in the following areas: jumps, dance, leadership, motions, tumbling or stunts.

Chelsea Griffin and Amy Regian were nominated for superior jumps. Cortney Shirley was nominated for tumbling and the stunt group consisting of Ally Little, Kimi Seaton, Jaime Johnston, Carlie Jackson and Brittany Henderson were nominated for successfully mastering a Liberty stunt, which is a one legged stunt, with a full twist down to landing. This is a very difficult stunt and the all the girls worked extremely hard to gain this accomplishment. On the last night of camp, the girls nominated for All American have the opportunity to try out for All American Cheerleader.

Of the six girls who tried out three were named to the All American team, they were Cortney Shirley, Jaime Johnston and Ally Little. To become All American you must try out individually and all girls are judged based on jumps, tumbling/spirited entrance, and a perfected Camp Cheer. The girls chosen as All American qualify to attend an NCA Special Event. Overall the girls had a very successful, yet extremely tiring week at camp as each day begins at 7:30 a.m. and ends around 9:00 p.m. We hope to see all the Gorman Panther fans out to watch the games this school year and to cheer along with your cheerleaders as they strive to keep the spirit high!!

Thank You To Everyone!!

I Would like to say "Thank You" to everyone who supported me throughout the Miss Gorman Contest. Many of you bought the bake sale snacks, the yard sale items, chances and last but not least donated money, items for the yard sale, and flour tortillas for the breakfast burritos. I would also like to thank the businesses for letting me put my cans in their plans of business. Also thanks again to the Lion's Club for their support thru the contest. I will be proud to represent Gorman during the coming year.

Thank You

Glen and Kathy Scitem would like to thank all of their family, friends, and neighbors for helping put out the fire caused by lightning in our pasture last week.

A very special thank you goes to the Gorman Fire Department and the Carbon Fire Department. There isn't enough that can be said about the great work that they do. They are always the first departments to arrive on any scene and the last to leave.

Thanks again to everyone.

2 More Men receive 15 Year Sentences for Arson

Thomas Michael Lawrence and Brian Daniel Freeman were each sentenced to a term of 15 years behind bars for four counts of Arson after State District Judge Steven R. Herod accepted their pleas of guilty in the 91st District Courtroom recently.

On Sunday, March 22, 2009, several fire departments and the Eastland County Sheriff's Office responded to reports of a person(s) starting fires in Eastland County. Although no structures or residences were destroyed in the fires, three persons were arrested that date by the Eastland County Sheriff's Office. The Cisco Police Department and investigators from the National Forest Service assisted in the investigation.

Each man would have faced a maximum of twenty years confinement at trial had they elected to go to a jury for the arson charges.

Lawrence was sentenced on July 1, 2009 after entering a plea of guilty to each count. Lawrence had no prior felony history and was probation eligible but the Criminal District Attorney's Office did not make an offer of probation.

Freeman was sentenced on June 18, 2009 after entering a plea of guilty to each count. Freeman had previously served time on an Eastland County sentence of Burglary of a Building, having been released from prison on that charge in early 2008.

One Person Remains In Custody Awaiting Trial.

Criminal District Attorney Russ Thomason stated "Each year in the United States, millions of dollars worth of property and lives are lost as a result of fires set by arsonists. When you add in direct costs- fire fighting expenses, lost jobs, lost property tax revenue, higher insurance premiums and money spent to investigate and prosecute arsonists - the total cost is even higher. Regardless of the motive behind arson, be it revenge, peer-pressured vandalism or plain boredom, it is a violent crime against persons and property - those who commit it, will be dealt with harshly."

According to Eastland County Sheriff Wayne Bradford, national statistics indicate that less than 20% of arson crimes are solved and result in the arrest of the person(s) who committed the crime. "I am proud to state that our Eastland County stats are much higher. Arson prevention and investigations have become a focus of increased attention in my office due to area conditions and the bad acts of a few individuals. An arsonist better think twice before lighting up in this county."

National Fire Protection Association figures (2005) estimate that the 323,900 intentional fires in their databanks resulted in 490 civilian fire deaths, 3 firefighter on duty deaths, 1,500 civilian fire injuries, 7,600 firefighter on duty injuries and caused over \$1.1 billion in direct property damage. The Insurance Information Institute reports that arsonists destroyed nearly \$900 million in insured property, and killed 295 civilians in 2007.

Pig Tales From Hogtown

We had a truly wonderful crowd for breakfast last Saturday morning! Many people had come to the area to visit for the Fourth of July and joined us. Thank you to all who came!

Are you all ready to dance? This Friday, July 10, is our regular, monthly dance night. Music starts at 7:00 P.M. The concession stand opens at 6:00. Join us for some great music. Cost of admission is \$5.00 per person.

Mark July 18th on your calendars - we will be having an old-fashioned ice cream social here at the DAC. There will be no charge for this evening - we want to thank everyone who supports our efforts here at the DAC. As you probably know we are working very hard to get this beautiful building paid for so that we can have more 'free' events. So, 'thank you' all for being so generous when you attend an event here!!

Come and join us in beautiful downtown Desdemona!

CATTLE TUBERCULOSIS CONFIRMED IN TEXAS

Cattle tuberculosis (TB) has been confirmed in west Texas dairy that has been quarantined since April when some cattle in the herd responded to a TB test being conducted prior to a sale. (The sale was cancelled.) The cattle TB diagnosis was confirmed at the National Veterinary Services Laboratory (NVSL) in Ames, Iowa, where *M.bovis* or cattle TB bacteria, was grown or "cultured" from tissues that had been collected during the necropsy of the test-positive cattle.

"The infected herd remains quarantined while the final disposition of the herd is determined-either slaughtering the herd, or repeatedly testing and removing infect animals until the herd is free of cattle TB," said Dr. Bob Hillman, Texas' state veterinarian and head of the Texas Animal Health Commission (TAHC), the state's livestock and poultry health regulatory agency. "Dairy, calf-raising and dairy animal replacement operations with epidemiological links to the infected herd are being tested to determine both the origin and potential spread of the disease."

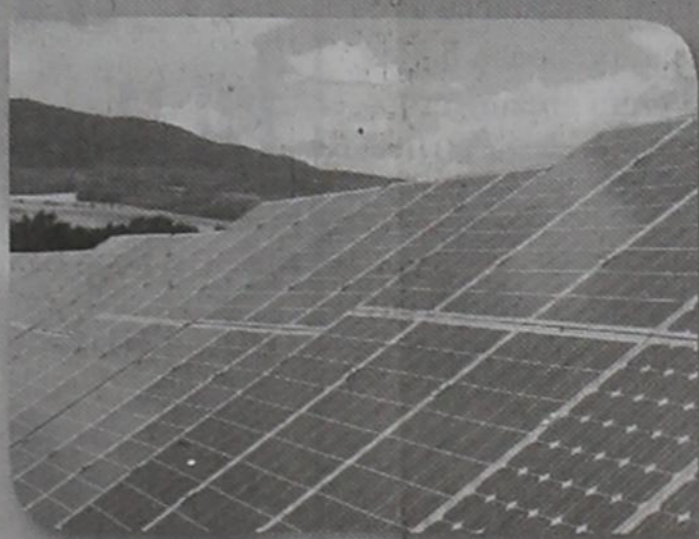

"I encourage ranchers or accredited veterinarians to call the state of destination prior to shipping bison, beef or dairy cattle out of Texas," said Dr. Hillman. "Some states may impose enhanced TB entry requirements on Texas cattle and bison. Keep in mind, too, that many states like Texas, have implemented cattle trichomoniasis testing requirements, so call before you haul."

"Cattle TB is a serious, transmissible disease that can spread among herds," said Dr. Hillman. "In the early 1900s, when the national cattle TB eradication program was initiated, more than five percent of the country's herds were infected with the disease. At that time, cattle TB posed a significant human health threat, because consumers could become infected when they drank raw, unpasteurized milk that had not been through heat-treatment to kill bacteria. Today, commercially produced milk is pasteurized. While bovine TB is still a human health threat, other forms of tuberculosis, such as the human and avian strains, now pose the greatest risk of TB exposure to persons."

The press release was sent to me from the TAHC. For more information on Cattle TB, call your veterinarian or the Extension Office at 254-888-8093.

Desdemona News

By Vonnie Guthery

"Ladies Monthly Social" will be held on Monday morning, July 13th at the Community Center (former School Building). Make plans to arrive at 9 a.m. To enjoy the good food and fellowship. Visitors are welcome.

Ryan White and friend of Fort Worth spent July 4th holidays in Desdemona with his parents, Tim and Laura White. Ryan presented special music on Sunday morning at the First Baptist Church.

Travis and Melissa Walston and son, Garrett of Fort Worth visited July 4th with his parents, Gary and Jody Walston and grandson, Trevor.

Holly Guthery and daughter, Karsan Jade hosted a "Hamburger Cookout" on July 4th afternoon. Those attending were Pug and Vonnie Guthery, Gary and Jody Walston and grandson, Trevor. Fireworks at dusty dark was enjoyed by Trevor and Karsan.

Visitors with "Humpty" and Betty Duke during the holidays were Rodney Duke of Pantego; Ronda James and daughter, Emily of Whitney.

Karen Fair, Belinda Guthery, Lorin and Kaley drove to Grand Rapids, Michigan to spend the July 4th holidays. The trip began in Burnet, Texas where they met with a very large group of the VFW Motorcycle Club. This group of guys on their motorcycles escorted Karen and her group to Michigan. The occasion was to attend a "Memorial Service" for Karen's husband, the late John Fair. Karen and her group rode on a float in the July 4th parade in Michigan. The float was decorated in memory of John Fair. John was very active in VFW and he served as their State Commander then later served as their National Commander. The memorial service was attended by a very large group of VFW guys and friends of John Fair. After John passed away, a friend bought John's big white Harley Davidson Motorcycle (trimmed in gold) and this guy had John's picture painted on it. Under the photo reads "In Loving Memory" of John Fair, who "Rides In Spirit" and it gives the date he passed away. All of this trip and memorial service was very impressive to Karen and her group. On their way home they visited "Elvis Presley's Graceland" in Tennessee and they toured many other memorials. They reported a wonderful trip but was glad to be back "Home in Texas".

Have a Great Day, "Coon".

2009 Crop Year Uniform Grain and Rice Storage Agreement Policy

With the publication of the Marketing Assistance Loan (MAL) and Loan Deficiency Payments (LDPs) final rule on April 6, 2009, the regulation governing the MAL and LDP program was amended to incorporate a new policy for commercial storage. Beginning with the 2009 crop year, CCC will no longer require warehouse operators storing grain, rice, oilseeds and pulse crops to execute a Uniform Grain and Rice Storage Agreement (UGRSA) as long as the warehouse where the commodity is stored complies with State warehousing laws or is federally licensed.

Commodities covered by a UGRSA are wheat, barley, oats, corn, grain sorghum, soybeans, long and medium grain rice, sunflower seed, rapeseed, canola, safflower, flaxseed, mustard seed, crambe, sesame seed, dry peas, lentils, and small and large chickpeas.

Commodities not covered by a UGRSA include peanuts, cotton, and sugar. CCC has separate storage agreements for these commodities. CCC reserves the right to execute a UGRSA if deemed necessary to protect CCC's interests. Storage deductions will no longer be applied at loan making.

The following States have an operating warehouse licensing program and warehouse operators will not be required to execute a UGRSA for MAL loan-making purposes, if in compliance with State laws:

- Alabama
- Illinois
- Louisiana
- Montana
- South Carolina
- Wisconsin
- Arkansas
- Indiana
- Michigan
- Nebraska
- South Dakota
- Wyoming
- Colorado
- Iowa
- Minnesota
- North Dakota
- Tennessee
- Georgia
- Kansas
- Mississippi
- Ohio
- Texas
- Idaho
- Kentucky
- Missouri
- Oklahoma
- Washington

For MAL loan making purposes, non federally-licensed warehouse operators in States without an operating warehouse licensing program who are interested in providing storage services for commodities with CCC's interest will be required to execute a UGRSA with CCC.

Additional information about Uniform Grain and Rice Storage Agreements is available at USDA Service Centers or: http://www.fsa.usda.gov/Internet/FSA_Notice/lp_2123.pdf

Certification Deadline Extended

To stay in compliance with FSA programs, all cropland acreage on your farm must be reported annually. This includes any grass, pasture, hay meadows, and CRP fields that have not already been certified. It also includes any crops such as peanuts, haygrazer, fruits, and vegetables. For 2009 only, the certification deadline has been extended to August 14, 2009.

DCP & ACRE Signup Deadline

Signup for the 2009 Direct and Counter-Cyclical Payment (DCP) Program has been extended until August 14, 2009. FSA will not accept any late-filed applications. Signup in the ACRE option is also available through August 14, 2009.

Deadline to Buy Small Grain (for grazing) Insurance

September 1 is the deadline to purchase NAP (Non-insured Assistance Program) coverage for small grains for grazing including wheat, rye, oats, barley, and triticale. NAP is the only insurance available for small grain grazing crops. If you are interested, please make an appointment to buy NAP now for 2010.

County Committee Elections

Nominations for candidates to run for the Farm Service Agency county committee election representing producers in Local Administrative Area 1 will be accepted now through August 3, 2009.

All farmers, ranchers, and other producers are encouraged to participate.

Nomination forms are available at the Eastland County office or online.

State Executive Director Named

The U.S. Secretary of Agriculture, Tom Vilsack, recently named Juan Garcia as the State Executive Director for Texas FSA.

Mr. Garcia has worked for Texas farmers and ranchers through the USDA for 32 years. He has most recently served as the Agricultural Program Manager and Assistant State Executive Director. He has been the acting State Executive Director since January.

Mr. Garcia was raised on a cotton, grain sorghum and cattle operation in Wilacy County. He holds a bachelor's degree in animal science from Texas A&I University.

Senior Citizens News

By Carol Ward

We enjoyed our weekly dinner on July 1st with 28 present. It was good to have the Maxfields back with us. Judd was nice to offer our blessing with his kind words. Also great to have Ima Brown, Ruthie Porter, the Bush's and Geraldene Wright back to be with us. We have missed visiting with Ray and Goldie Warren, Wynogene Smith and daughter Barbara. Hope they return soon. Where were you Betty Fraizer? Missed our hug, but did get one from Geraldene. Winston Brown has not been here due to gout in his foot. I had that a few years back and don't ever believe I hurt so terribly.

Our lunch was interesting with Chicken Salad sandwiches, salmon patties, fish sticks, and ham. We also enjoyed Italian Zucchini squash, pasta salad, Cole slaw, green salad and beans. There were several delicious cakes, fruit salad, Jello with fruit and lemon pie. Betty Regian made some delicious whole wheat rolls for a different treat and our usual cornbread made at the center.

The nurses from Medway Home Health were with us to take our BP and BS. They always come the 1st Wednesday of the month, sure do appreciate their services. We enjoyed meeting Judy and Carolyn, don't remember seeing them before.

James Bruton, our banker was here to eat with us. Always enjoy seeing and visiting with him. But James, come a little earlier next time, so you don't have to scrape the bowls. HA!! We did have more food this week, so that was better than the week before.

Daisy Slaton came with her daughter, Bennie Gail. I'm glad Bennie could be with us and seemed to enjoy our meal. Her friend Helen and Larry Collins from Stephenville were here to eat and visit. Bennie and Helen had gone to College at Tarleton together. Bennie Gail has been a kindergarten teacher for many years in Auburn, AL.

When I arrived at the Library a week ago there was Bill Miears there working couldn't imagine what he was doing. Well people any of you can drive up to library with a laptop and use the service. It is called Public Access Wireless Internet. You can just sit in your car and work your computer. Also the people who live in Hotel can use this service from their home. How wonderful this Hi-Tech world!

We had a good table of Gorman people at the Desdemona Breakfast. Daisy with her daughters, Bennie and Sunny; Betty Regian and Ann Laminack and her sister, Betty. They were then going to Lake Coleman for fireworks. Betty and I then visited with Virgil and Jo Holdman in Desdemona. He is looking good and feeling great. They hope to sell and move somewhere in the Metroplex. He will be closer to his Drs. and Hospitals. Also less driving for Jo.

Hope all is well and see you next time, Carol.
