Final Statement Of Judge Ronald (Ronnie) White Candidate For JP Prec. 1 Eastland Co.

Campaigning is almost over for this election. Voting is one of our most treasured rights and I would ask that you all study the candidates and cast your ballot for your choice. Early voting starts on Feb 16th.

I would like to take this opportunity to thank each and every one of the citizens who have supported me in this election and the last election for Justice of the Peace prec. 1. Your support is greatly appreciated.

To those of you who have not voted as yet, I would like you to consider me, and the qualifications needed for this job I am again applying for. The Justice of the Peace needs to have a wide range knowledge of the Laws of the State of Texas.

The person elected to this position needs to have that knowledge and know how to apply that knowledge in the decisions that are made in Justice of the Peace court. I am applying for that job once again and some of my qualifications are:

- Over three years as your sitting Judge of prec. 1
- Over 150 hours in courtroom training
- Over 45 College hours in Criminal Justice, Constitutional Law, The penal code and Texas Traffic Law.
- Over 1200 classroom hours in continuing Education in the same subjects.
- A Texas State Trooper
- Twice appointed as Sheriff and Twice elected as Sheriff of Eastland County

Some of the caseload that I have presided over in the last 3 years as your Justice of the Peace Prec.1 are:

- Class "C" misdemeanors-5,891 cases filed
- Class "A" & "B" misdemeanors 405 cases filed
- Felony 236 cases filed
- Held 57 Death Inquests

I have given 1237 magistrate warnings
Revenue for this time is \$1,027,490.79

I am again applying for the job of Justice of the Peace Precinct 1, Eastland County

I am asking for your vote and in return for your vote I will make just decisions based on the Law of the State of Texas. Thank You

Judge Ronald (Ronnie) White
Re-Election for Justice of the Peace

Hutchison Statement On EPA Endangerment Finding

WASHINGTON, D.C. – Today, U.S. Senator Kay Bailey Hutchison released the following statement concerning the EPA's endangerment finding for greenhouse gases that pose great risk to Texas' economy:

"The EPA's endangerment finding for greenhouse gases has begun a regulatory process that will lead to disaster for the Texas economy. I am proud to be part of the fight to overturn this badly misguided plan by the Obama administration. In Texas, we have long recognized that we can both grow our economy while protecting our environment. This overreach by the EPA is nothing more than an attempted end-run around the many who have rightfully stood up against cap and trade legislation also being pushed by this administration. The EPA's actions represent a sweeping mandate that will cost jobs and cannot stand."

On January 21, 2010, Senator Hutchison joined with Senator Lisa Murkowski (R-AK) in a joint resolution (S.J.Res.26) disapproving of the EPA's efforts to regulate greenhouse gases.

Wanda Hull Turns 80

On Saturday February 21st, 2010 Wanda Duske Webb Hull will be celebrating 80 wonderful years of life. Wanda was born in Gorman Texas and graduated High School in 1940. She and husband George Webb, decided to move to Eastland after much research and planning to open a convenience store. They would drive to Stephenville, DeLeon, and other surrounding towns and count cars and watch the traffic to see which town was best. Eastland, by far, had the most traffic and the best looking location available. All Eastland had at the time were large stores and none that stayed open nights and weekends. With a hammer, saw, some nails, a ruler and lumber they headed from Gorman and built the first convenience store in Eastland, Webb's 7-11.

The store was built out of lumber from a hog parlor that she had raised hogs in, before moving to Eastland. Wanda went to Eastland National Bank and spoke with the three bank officers to see if she could borrow \$1500.00. Two out of three of them agreed to loan her the money and Tom Wilson gave her the cash. At that time her payment was to be \$100.00 a month. In 1960, gasoline was .25 cents a gallon, Campbell's soup was 6 cans for .89 cents. Wanda ran the store for eighteen years. In that eighteen years a lot of people came in contact with her and the store. Johnny Honea tells how he would come to the store every night to get milk for his three kids. He said that the store was the place to be. Johnny's son Wayne Honea would come to be known by Wanda as her "Boswell Baby". Johnny also told about a time when Cody Cox was working out of town, and he too would come in at night and get milk for his kids. One time Cody ran a bit short on money for what he needed for the kids. Wanda was there to help out till payday on Friday. Wanda always helped, and Cody always paid her back. While speaking to Vance Cox, one of Cody's boys, he said he could remember going into the store and Wanda lifting him up and sitting him on the counter and giving him a piece of candy. One of Wanda's favorite memories of the store was of Jerry Lasater. He came into the store, stuck out his tongue to see how cold the freezer door was and got stuck to it. Wanda poured some hot water on it to release him and today still bears the scar on his tongue from his mishap at the store. Sherry Cate and her boys were regular customers of Webb's 7-11. Sherry had gone one evening to get some milk and left Donnie out in the car. While Sherry was inside getting what they needed little Donnie put the car in gear and drove up inside the store. Donnie was not hurt nor was the car or store; however I think he was a little afraid of his mom and Wanda for a while. They could not believe he could reach the gas pedal to move the car. Wanda spoke about Jimmy Charles Moylan and how he would run from school every afternoon to separate her bottles so he could have a candy bar and a coke. She said, "I always called him Jimmy Charles, and he told me once only you and my mother call me that."

Wanda was always eager to serve and help her customers with either merchandise, advice, or just to talk. Wanda constantly kept her cool and stayed in total control. That is until one night when Virginia Russell came to buy some milk for her boys. She had got the milk from the cooler and headed up to the register to pay for her milk when, from out of nowhere, runs an opossum right between the two women, and on out the front door. Virginia kept her cool and continued to the front to pay out; Wanda on the other hand was not, she panicked. She said she was shaking and her heart was pounding all because of an old opossum. Wanda said those were fun times. There were so many who came by for a coke and some candy. Whenever Marylou Frost came in Wanda says she was always singing and CB Chaney and Bob Carroll came by everyday to check on the stores progress. Ralston King would also stop by regularly to check on Wanda and the store. On July 7th 1968 all of it could have come to an end. That night the store caught fire and burned to the ground, leaving ashes and memories. From an article in the Eastland Telegram is said that the fire department showed real efficiency in spite of the total loss. The Eastland Fire Department used their new \$27,000.00 fire truck for the first time that day. Things did look grim but Wanda rebuilt the store and started over again. The store wasn't the same for Wanda after the fire, and she sold her inventory to Harmon Short Stop. She continued to work at the store and realized she needed it back and purchased it back from Harmon's. As time went by the bigger stores started staying open later and for more hours, Wanda decided to sell one more time and got out of the grocery business for good. The building where the store was once located has been home to several businesses throughout the years, none of which have had such an impact as Webb's 7-11. She opened and ran a Florist business for eight years in Eastland keeping many a homecoming date happy with a mum or a garter. She worked many funerals for friends, neighbors and customers. The florist business was great Wanda says but never like my store. Wanda was married to a wonderful man George B. Hull. He helped her raise her kids and run her business. During the time that Wanda had the store and the florist she began to purchase property in Eastland. Since the beginning of her rental business, more than 100 families have called

one of her rental houses home. One of her renters Tommy Gonzales has been renting from Wanda for 33 years. He never calls her Wanda, only Mrs. Hull.

Wanda has been a member of the Eastland Chamber of Commerce for over 40 years. She is a member of Mangum Baptist Church and is still very active in the community. Every day you can find her checking on her rental property and exercising at the Wellness Center. Please stop by on Sunday February 21, from 2:00pm to 6:00 pm, at 1003 S. Daughtery, and join us for a "Come and Go Celebration" of Wanda's 80 years of living and 50 years in business. No gifts please, Cards are welcome.

Super Notes

By David K. Perry dperry@gorman.esc14.net

I apologize for not having an article last week. I always get comments when that happens, but last week I was a little under the weather and just didn't get it done. This weather is not helping one bit with regard to getting rid of this bug. I hope we see warmer clear weather soon, but even cold weather is not so bad if we have sunshine and the winds not blowing.

We moved our regularly scheduled school board meeting to last Wednesday at 6:00pm in the foyer of the new gym so that all members could be present. Mr. Perry, Mr. Byrd, Mrs. Reeves, Dr. Bill Campion the president of Ranger Junior College, and Bubba Adams the dean of off campus studies were present also. The meeting began as usual with an invocation given by Bob Powell and then the Pledge of Allegiance by all present. The board then listened to a presentation by Dr. Campion describing what they presently do for Gorman ISD and their plans for the future and their desire serve Gorman ISD even more. The presentation was very good and we appreciated Dr. Campion for taking his time to come to the board meeting and meet everyone. The board then unanimously passed the consent agenda (paying the bills, etc) and moved right into reports from the principals and the superintendent. These reports contained just information items and no action was taken. The board then unanimously called for a trustee election on May 8, 2010, Appointed Jud Maxfield Election Judge, appointed Terry Treadway Early Voting Clerk, and approved the 2010 Textbook Certification Form. The board then unanimously extended the contracts of the principals, the counselors, and the Technology Director and then adjourned.

As mentioned before, the school board election has been called for May 8, 2010. The deadline for filing as a candidate is March 8, 2010. Those interested in filing as a candidate may do so at the school administration office in Maxfield Elementary during school hours. Terry Treadway is the person to see for a packet. We will have four positions on the ballot this year due to resignations earlier this year. Normally, we would only have three on the ballot this year. The position presently held by appointee Noah Landa will be for a one year term to complete the position vacated by Jeff Seaton. The other three positions will be at large for three year terms. These three positions are presently held by Bob Powell, Beth Underwood, and appointee Don Whitten. All four of the current office holders have filed to be on the ballot in the May 8th election.

Did your child come home last week and tell you about a hero that came to speak to them in the auditorium. I hope so. I hope they were so impressed that they will remember him the rest of their life. Mr. Cox, a veteran of World War II, spoke to our students in an assembly last Wednesday and he is a true American hero and we were honored that he took his time to come speak to our children. Mr. Cox was a survivor of the U.S.S. Indianapolis that was sank by a Japanese Submarine. It was the Indianapolis that transported the atomic bomb to the Enola Gay, the plane that dropped the bomb on Hiroshima. If your child did not tell you about it, ask them what they thought. I know I was impressed!

Report cards will be mailed this Wednesday. If for some reason you have not seen your child's report cards by the end of the week, please call the school. If you see that your child did not do as well as expected in any subject, please call the teacher to set up a conference.

If you have a child of elementary age, hopefully they arrived home with the Census Job Applicant Information. If there are any questions, call toll-free jobs line: 1-866-861-2010, or go online at www.2010censusjobs.gov. It is very important that we have local people work the Census to insure we get everyone counted.

The P.T.O. is conducting another Scholastic Book Fair March 29th through April 1st. The project that the P.T.O. is earning funds for is resurfacing the playground. This will be wonderful for the children as the surface will be an all weather, durable, and padded surface. The P.T.O. needs to be thanked for their efforts to provide this for the children. Volunteers are needed for the book fair. If you would be able to help, please sign and return the form below indicating what day and time you could work.

Extra pennies are wanted! We are still conducting a penny drive for Safety City to help with their new project; a police station. Please send your donations by your child and we will insure that it gets to Safety City.

Remember, it takes community involvement for a school to be successful and you are welcome to get involved at Gorman ISD anytime. This is your school; these are your children; and these children are your future! Your input is always welcome. Come help us shape the future. Thank you for all you do to support us!

CASA Is Searching For Volunteers

A Court Appointed Special Advocate (CASA) is an adult willing to stand up for an abused or neglected child. A CASA volunteer is appointed by the judge to provide information on behalf of a child caught up in a difficult legal process. CASA for the Cross Timbers Area, Inc. is seeking caring individuals who want to make a difference in the life of a child. These abused and neglected children need dedicated and devoted men and women who are willing to advocate for their best interest.

As a volunteer, you will be given support, guidance, tools, and training from professionals in the field to help you understand and work effectively within the child welfare system. Once you are sworn in as a child advocate by a judge, you will be given constant support and guidance by the staff as you search for information on what is in the child's best interest. You will review the case, gather data and become familiar with the child's background. You will then write a report that is given to all parties involved in the case. Your recommendations will be considered by the judge as he/she is making decisions regarding the child/children.

When there is a CASA on the case, the judge is given a unique and comprehensive picture of the child's situation, needs and best possible outcomes. CASA volunteers are frequently the most consistent adults in the lives of these children during their involvement in the child welfare system.

To become a CASA volunteer you must:

- Be at least 21 years of age
- Be willing to go through an in-depth training
- Be able to remain objective in your recommendations
- Be able to interview a variety of sources (teachers, relatives, etc.)
- Be able to pass an extensive background check

CASA for the Cross Timbers Area, Inc. will be holding training for those interested in helping these children. If you are interested in becoming a CASA volunteer please contact Cristie Campbell, Program Director at CASA, at 254-965-6610 or by email to cristie@casacta.org. Deadline for applications will be 2-24-2010.

Pig Tales From Hogtown

Wow! What a wild weather week last week was! This moisture was sorely needed and a blessing. But, we need a respite now. Wish we could spread it out over the year, as we need it.

Unfortunately, the DAC had to cancel two important events because of the weather. Our annual General Meeting scheduled for last Thursday will be held this Thursday, February 18th at 7:00 PM. I hope that you all will be able to attend - we would like everyone's input for this new year. For all who are on our membership roster and, thus able to vote, we will need to fill one position on the board. It is, also, time to renew memberships. The cost of membership is \$25.00 per year and gives you the right to vote, serve on the board of directors and gives you a discount if you rent the building. If you have never been a member, come and support the DAC. The DAC is a true center for the community and surrounding area. We have lots of activities for the community throughout the year, we open the building for some public service meetings and welcome folks to rent the building for their activities. We, also, have a lot of fun at the DAC!

We, also, had to cancel our regular dance last Friday night. I know everyone was very disappointed but we felt that it was the right decision under the circumstances. The representative for Johnny Johnson's band felt this was the right decision also. They are all from places east of the Desdemona/Stephenville area and had a lot more snow that we did here. Join us on Friday, March 12th for our next dance.

By the time you read this, we will have already held one session for recruiting folks to help with the census. There will be another session on Tuesday, March 2nd from 2:00-4:00. If you would like to get a short-term job by helping to take the census, come and learn how on March 2nd.

This has been the coldest winter that I can ever remember. Did you have a good book to read when you couldn't get outside? The Desdemona Public Library located in the DAC has hundreds of great books. The library is open Monday through Thursday from 3:00 until 5:00 and on Tuesday from 6:00 until 8:00. Come on in!

See you in Desdemona!

HOMESTEAD HAPPENING

By Ina Smith

We would like to thank each and everyone who came and put a Valentine in our "sweet-hearts" containers. Everyone has enjoyed looking at them. Thank you again for remembering us.

We would like to say a Big Thank You to those who came and voted for our Valentine King and Queen. At our Valentine party Friday afternoon we crowned Christine Crews as our Queen and Wes Couch as King. The vote money will be used to help purchase a new T.V. for our activity area. We are accepting donations if you would like to help with this.

We had a great time at our Valentine Party. Everyone enjoyed the beautiful music provided by Louise and N.D. Smart, and Monda and Bill Oldham. Darrell Graham wrote a beautiful poem for Valentines. Following the entertainment cherry pie, ice cream and punch was served to everyone. I really appreciate Diane Brown and Sandy Warren for all their help in serving out and helping clean up. Also thank you Diane for helping furnish some of the pies. Following the party we were honored to have Mrs. Casey and some of her students bring us hand made valentines and visit with us. Following Mrs. Casey was Mrs. Sanchez and her GHS Spanish club. They came and brought everyone a valentine balloon and hand made cards and cookies. Everyone really enjoyed seeing these wonderful caring young people. Thank you again everyone.

Friday morning Jenny Plowman of Lighthouse Hospice treated us to fresh donuts. Thank you Jenny.

Bingo winners on Friday were Robin Taylor won 2 games, Charles Dyess, Mayvis Lasater, Louise Clark, and Blackout winner was Frankie Stacy. Darrell and Pat Graham came and helped. On Monday bingo winners were Frankie Stacy, Dorothy Beaty, Troy Scitern, Robin Taylor, and Marie Cook was our blackout winner.

Everyone was so excited on Tuesday morning as we started celebrating Mardi Gras. We had a parade at 11:30 lead by our King Wes and Queen Christine. What a fun day.

2010 Garden Preparation (Fertilizing)

Proper fertilization is an important key to successful vegetable gardening. The amount of fertilizer needed depends upon the soil type and the crops you are growing. Texas soils vary from deep sands to fertile, well-drained soils to heavy, dark clays underlain by layers of caliche rock or hardpan. Crops grown on sandy soils usually respond to liberal amounts of potassium, whereas crops grown on clay soils do not.

Heavy clay soils can be fertilized much more heavily at planting than can sandy soils. Heavy clay soils and those with lots of organic matter can safely absorb and store fertilizer at three to four times the rate of sandy soils. Thin, sandy soils, which need fertilizer the most, unfortunately cannot be fed as heavily without burning plants. The solution is to feed poor, thin soils more often in lighter doses. For accurate recommendations regarding fertilizer rates, contact your county Extension agent and request a soil test kit.

In general, if your garden is located on deep, sandy soil, apply a complete pre-plant fertilizer such as 5-10-10 or 6-12-12 at the rate of 1 to 2 pounds per 100 square feet. If your soil has a high percentage of clay, a fertilizer such as 10-20-10 or 12-24-12 applied at 1 to 2 pounds per 100 square feet should be suitable.

Make the pre-plant fertilizer application a few days before planting. Spade the garden plot, spread the fertilizer by hand or with a fertilizer distributor, and then work the soil well to properly mix the fertilizer with the soil. After the fertilizer is well mixed with the soil, bed the garden in preparation for planting.

On alkaline soils, apply 1-20-0 (superphosphate) directly beneath the intended seed row or plant row before planting. Apply the superphosphate at a rate of 1 to 1 1/2 pounds per 100 linear feet of row. Make sure the nitrogen material will be 2 to 4 inches below the seed or transplant roots so it will not harm them. Later in the season you can apply additional nitrogen as a furrow or side dress application. For most soils, 2 to 3 pounds of 21-0-0 (ammonium sulfate) per 100 linear feet of row, applied in the furrow and watered in, is adequate. For crops such as tomatoes, peppers and squash, make this application at first fruit set. Side dress leafy crops such as cabbage and lettuce when they develop several sets of character leaves.

** Planting around 15th of February is a good time to plant the following vegetables: asparagus, beets, broccoli, cabbage, carrots, cauliflower, lettuce, mustard, onion, parsley, peas, potatoes, radish and turnips. The weather is our most limiting factor for planting this early in the year.

Any questions or need further information, contact the Eastland County AgriLife Extension Office, County Extension Agent Heath Begeman at 629-1093 or come by the office on the 1st Floor of the Eastland County Courthouse.

Dinner Tonight

By the end of a busy day, the task of putting dinner on the table is just too daunting to think about for most. Unfortunately, the alternative - - eating out - - usually is not the most healthy or satisfying. Thanks to the Texas AgriLife Extension Service, simple, nutritious and even delicious dinner ideas are just a click away, with a new program, "Dinner Tonight"! Web casts are given by a team of AgriLife Extension Family and Consumer Sciences agents who record healthy cooking demonstrations and share tips on healthy eating, meal-planning, preparation and safety techniques and more. Find the "Dinner Tonight" program at <http://healthyliving.tamu.edu> This week's "Dinner Tonight" recipe is called "Texas Two-Step Chicken"; please see recipe below. "The "Texas Two-Step Chicken" recipe makes a wonderful recipe for the entire family" said Cheryl Miller, Dallas County Extension Agent and host of this week's demo. "This recipe can be made ahead of time. You want to make sure you thaw your chicken breasts ahead of time. The different ingredients really give the dish a great flavor. The brown rice really compliments this dish. If you are looking for a quick healthy delicious meal I hope this meal will be satisfying to you and your family." Interested cooks can sign up for weekly e-mail announcements to get a new recipe with a video demonstration. Call Halee Mitchell, Eastland County AgriLife Extension Agent at 254-629-2222, if you would like to be placed on the e-mail list to receive "Dinner Tonight"! Family and Consumer Sciences (FCS) is part of the Texas AgriLife Extension Service, Texas A&M System. AgriLife Extension offers practical information for families: raising children, housing and environment, eating well, managing money, and staying healthy. The Texas AgriLife Extension Service has numerous programs to help you reach your healthy lifestyle goals. They include Walk Across Texas, Do Well, Be Well with Diabetes, Master of Memory G.E.D. Study Classes, and the Master Wellness Volunteer Program. Educational programs of the Texas AgriLife Extension Service are open to all people without regard to race, color, sex, disability, religion, age, or national origin.

Desdemona News

By Vonnie Guthery

Rain - Sleet - Snow, you name it and we have had it. Estimated 6 to 8 inches of snow fell last Thursday in Desdemona. Snow is pretty to see out your window but causes a lot of trouble and accidents too.

John and Ronda James and daughter, Emily of Whitney spent the past weekend with her parents, Humpy and Betty Duke.

Robert Alton Brown of Fort Worth visited the past weekend with his parents, Robert and Ima Brown.

Please contact this reporter with your weekly news. Your help will be appreciated.

Remember the sick and shut-ins of our community with your cards and prayers. Thank you.

Have a great day, Vonnie.

Senior Citizens News

By Carol Ward

I was very surprise to find out there were 28 people at the Center on the 10th of February. Also it was 35 degrees folks were really ready to get out, good! I could not attend due to a sick spell. Sure did regret, not being at center when so many came back after long absences. All were happy to see the Shirley's. Beth brought a meat loaf for all to enjoy. We had missed Frank good words in the blessing for all. Daisy Slaton and I did run into them at Wal-Mart in Eastland, Saturday, February 13th. Beth and I did get to visit, some in the Veg. Dept. What a beautiful day it was, after all the bad weather we had endured.

Several people brought good different dishes. Joy Rogers brought some Mexican corn-bread and beans. Also Adriana Chamberlain, Billie Bennett, and Lil Brudnak were back with us. So to have missed all of them. Cliffla Vaughn came to eat, and hope she does this more often. Estelle Lindley prepared salmon patties and I sent my Spaghetti and pink stuff with Barbara Bush. They also enjoyed green salad and garlic bread with many veggies and desserts.

All were glad to see and visit with Edgar Reynolds. He is now a resident of Homestead Nursing Home here in Gorman. He was accompanied by Lynn Porter, administrator, Editha Frankum, R.N., Director of Nurses and Pam Miller from Hospice in Comanche. They plan to come again and visit with us. Maybe bring some other residents who are able.

Daisy Slaton and I visited Anne Laminack and her new husband, Henry Buchanan on the 13th. They surprised many with their marriage in Kentucky on February 4th. This date also Henry's Birthday. Anne drove a truck pulling Henry's car and belongings. What a tough gal she is, His dog and cat came with them, all went well. In the past she had drove a motorhome pulling a car, so had the experience. Her sister Betty Ellis returned home to Georgia safely.

I received a beautiful bouquet from my granddaughter Alexa Maddox in Brownwood. She is good to remember Valentines Day. So I then sent my daughter Becky Swanner a rose bud vase, so pretty. Shanda really makes lovely arrangements of all kinds at Panda's Flowers and Gifts in Gorman. It is fun to give and receive on this day. Marceil Laminack always leaves a small heart in the box for us widow ladies. What a grand gal, she is to have as a mail lady. Thanks so dear one.

The Bush's daughter Diane and husband Stan finally made it down from Fritch for a visit. Had to plan between snows. All the snow done in a visit over the Holidays. I know they enjoyed visiting and going plans together.

I want to thank Barbara and Jerry Underwood for taking on the load at the center. Betty Regian was also absent and she is a good helper. Everyone pitched in and helped, so it was a good group effort.

Hope we have another good turnout, as the weather will be good this week on the 17th.

See you soon - Carol
