Pig Tales From Hogtown

I begin today with a cautionary note – even though there is no burn ban, please be very careful when burning. We had a fire yesterday south of town in a field of green hay that you would think would not burn, but it did. The fact that it was green and not totally dry helped but it could very easily gotten out of control due to the wind drying out the grass so quickly. Please be mindful of the conditions. This fire was not caused by someone burning but by machinery. It just shows how easily a fire can start.

The 4th of July is a great, fun holiday, but remember to be very careful with the fireworks.

Hope to see you all in Desdemona this Saturday, July 7th for 'Breakfast at the DAC'. As always, we will have eggs, bacon, sausage, pancakes, biscuits and gravy. The cost is by donation. Join us between 7:00 and 10:00.

The second Tuesday of each month, we meet at the DAC for a jam session - that will be this coming Tuesday, July 10. If you like to play music, bring your instrument and join us. If you just like to listen, come and join us. The fun begins between 6:00 and 6:30 – whenever enough folks get there. Remember, the second Tuesday of each month.

There was an old church directory displayed at the DAC. If you borrowed it, please return it so everyone can have a look at this piece of history.

Pray for rain.

See you in Desdemona!

"On The Wilder Side"

I recently read about a woman who called a friend and asked how she was feeling, "Terrible," came the reply over the phone, "my head's splitting and my back and legs are killing me. The house is a mess, and the kids are simply driving me crazy." Very sympathetically the caller said, "Listen, go and lie down, I'll come over right away and cook lunch for you, clean up the house, and take care of the children while you get some rest. By the way, how is your husband Sam?" "Sam?" the complaining housewife grasped. "My husband's name isn't Sam." "Oh dear," exclaimed the first woman, "I must have dialed the wrong number." There was a long pause. "Does that mean you're not coming over?" I'm sure the woman had hoped she made a new friend. How many friends do you have? Do you realize the importance of being surrounded by friends? Some. people are "friend centered" and are only satisfied when they gain acceptance by those around them. Some people feel that they don't need friends, but are fine being a "one man band". Some people take pride in having hundreds of "Friends" on Facebook and some people take pride in only having a few.

The Bible is very clear on the importance of having good friends in our life. Prov 27:17 says "As iron sharper iron, so one man sharpens another". Prov 17:17 says that "a friend loves at all times." I am also reminded of what Henry Ford once said, "my best friend is the one who brings out the best in me."

Friends are the ones who look past our failures and mistakes and they are always willing to lend a hand and get dirty when you are in need. Truth be told, we all need friends, especially in church. We should never be afraid to let our guard down and be vulnerable around brothers and sisters in Christ because we know that we are in the company of friends. Also remember that it's not important how many good friends you have, but rather who good of a friend you can be to others.

A Letter To The Editor -

About Money and the Presidency By Henry A. Buchanan

The American people will spend two billion dollars to buy the office of the President of the United States. One billion for negative ads to get Obama out of office. One billion to keep him in office for four more years. This is a waste of money and it degrades the office of the Presidency.

Every day my mail box is full of appeals for me to save the starving children of the world; to heal the sick people of Africa and save the threatened environment of the world.

Instead of paying two billion dollars for negative ads on radio, TV and billboards, why can't we use the two billion dollars to feed the hungry children? We already know that Obama failed to do what he promised to do – stop the war and restore the economy. We already know that Romney can't do what he promises/threatens to do, make America the most powerful nation on earth.

Obama couldn't stop the war because the American people want to win the war and we can't win it. Romney can't make the United States the most powerful nation because China won't allow it. So why spend two billion dollars advertising our impotency? I propose that the two men who want to be President be given one hour each on public air to tell us what he is going to do, then require both men to sit quietly while the two billion dollars are distributed to feed the hungry children, to heal the sick Africans, and to fight the wildfires in Colorado. After the election we will allow the winner and the loser five minutes each on public air to apologize for all the nasty things that were said during the campaign. (s) Henry A. Buchanan 1131 N. Sundays - 6pm - Series: "Living With Confidence In A Chaotic World".

Children's Sermon: God created us with senses to see, hear, smell, taste, and touch. A child put her hand in Traci's bag and could feel that there was a ball in it. In the Bible book of Mark we read about a woman that touched Jesus' garment, and He told her that because she believed He would heal her and make her well. We don't have to see to believe because we have Faith.

Bro. Barry's Message: "Colors Matter" - Genesis 1:1-2 - It was said clearly by Patrick Henry, "It cannot be emphasized too strongly or too often that this great nation was founded, not by religionists but by Christians, not on religions, but on the gospel of Jesus Christ."

DIONYSUS PICTURES PRESENT

R FILM BY BRANDON ALLEN POWEL

Gorman Shot **Film Finds More** Success.

After being honored with an award for "Best Supporting Actor in a Female Role" by The Sunset International Film Festival - Los Angeles, Brandon Powell's film, "Trial by Self" has been accepted into The Gen Con Indy Film Festival. In the months to come, the director expects to hear from a few other festivals as well. The movie was shot in Gorman, Texas with area residents as actors (with the exception of a few actors from California, Utah and South Carolina) on a very small budget. "You send a film off and of course, it takes a while before you hear anything. I am just glad it has finally raised a little bit of interest," said the director.

Genesis 1:1) In the beginning God created the heavens and the earth. 2) The earth was formless and empty, and darkness covered the deep waters.

What would the world look like if God stopped there? Dark, formless, void, and empty. Celebration of the 4th of July brings to light the brilliant colors of our American Flag. THE COLORS:

(1) White: a. Purity. b. Innocence. - Birth of America.

(2) Red: a. Hardiness. b. Valor. - Resilience and Strength.

(3) Blue: a. Vigilance. b. Perseverance. c. Justice. - God is with you to help you through life.

The good always outweighs the bad when you live in Christ.

Genesis 1:2) And the Spirit of God was hovering over the surface of the waters. God gave the world magnificent color with His Holy Spirit, and it hovers everywhere. Many times the greatest victories come from the greatest losses. Time doesn't slow or stop so put the bad behind you. We have nothing to fear, and everything to face with victory in Christ!

If you are reading this and you have not accepted Jesus Christ as your Lord and Savoir please call Bro. Barry, ask Bro. Barry to talk with you about being saved or just ask him to pray with you, just call (254) 734-2420. Our Worship Service begins at 11:00am on Sunday mornings - please come and join us!
