

Plan To Isolate Spanish War In Effect Monday; Calls For Patrols Of Sea, Land Borders

Establishment Of Program Culminates Long Effort Of Powers To Prevent Spread Of Conflict Over Europe

LONDON, April 15 (AP)—A nonintervention subcommittee today fixed midnight, next Monday, for putting into operation wide control schemes to halt the flow of men and arms to Spain.

GAVE WAGNER ACT DECISION

This is the latest informal picture to be taken of Justice Owen Roberts, who delivered the majority decision in which the supreme court, by a 5 to 4 vote, upheld constitutionality of the Wagner labor relations act.

Arrested For Prison Mutiny Threat Note Plot Balked

Young Man Accused Of Demanding \$500 Of Ginger Rogers

CHICAGO, April 15 (AP)—John Anthony Buzas, 18-year-old garage mechanic, was seized by federal agents today and charged with sending an extortion letter to Ginger Rogers demanding \$500 under threats of death to the Hollywood actress "or anyone else who gets in the way."

Agents said Buzas enclosed a picture of himself and wrote on the envelope a return address only a few doors away from his home on the far South Side.

A diary seized in the youth's home, they said, mentioned the letter to Miss Rogers and spoke of Buzas' intention of sending a similar letter to Actor Clark Gable.

Federal men went to Buzas' home and inquired for "John Burton"—the name listed on the return address. They said Buzas replied: "No, I'm not John Burton, but come in anyway, I've been expecting you."

Agent W. J. Devereux said the six-page missive to Miss Rogers was mailed April 8 and included a demand for \$500 with the notation "or you will be killed or anybody else who gets in the way."

The letter spoke of Buzas' ill health and his concern over his parents, Devereux said, mentioned fits of melancholy and related he would "just as soon go to the electric chair as feel the cold water over my head."

Agents said that on the reverse side of the picture of himself which Buzas enclosed was scribbled, "Take a good look while you may for tomorrow we may all be dead."

Headed by George Boswell, superintendent, a group of Coshom high school students left here Wednesday evening for Austin where they will view the Texas legislature in action.

Teacher Fund Plan Voted By Lower House

Bill Provides For Participation In Retirement Program

MADE EFFECTIVE NEXT SCHOOL YEAR System Mandatory On All Entering Profession Hereafter

AUSTIN, April 15 (AP)—The house overwhelmingly passed a senate bill today to set up a teachers' retirement fund with the state matching contributions of teachers.

5 Pct. Contribution The plan would become effective this fall with educators contributing five per cent of their salaries up to \$3,600 a year. The state's share would be raised through special taxes yet to be levied.

The house adopted an amendment providing that participation would be optional with teachers already in the profession but mandatory on all entering hereafter. Cost to the state at the outset was estimated at about \$1,500,000 annually. The final draft of the bill likely will be worked out by a conference committee.

A bill appropriating \$389,347.50 for support of 1937 summer schools at the various state colleges became a law when Gov. James V. Allred filed it without his signature. The bill will pay 16 per cent of the cost of \$266,960.65 for last summer.

The senate suspended its rules to permit introduction of a bill which would extend the life of the Centennial commission of control for two years. The purpose of the bill was to enable the commission to complete business affairs of the celebration.

Resuming consideration of a constitutional amendment which in its original form proposed a sales tax to support a general social security program, including old age assistance, the senate heard arguments on an amendment to substitute taxes on natural resources for the sales levy.

Among bills signed by the governor was one by Rep. Augustine Celaya of Brownsville prohibiting setting in a ship channel.

Rep. W. E. Pope of Corpus Christi obtained the required four-fifths consent to introduce a bill permitting movement of all oil in storage in fields prior to March 1 on payment of stipulated fees ranging from 10 to 37 cents per barrel.

Another bill offered in the house would provide a uniform closed season of February, March and April on fishing in Medina lake near San Antonio.

Senate bills approved by the house included one making a \$75,000 emergency appropriation to the prison system for supplies and another allowing Bexar county grand jury bailiffs traveling expenses of \$25 a month each.

The house passed one of two bills designed to exempt notes held by state banks from the note tax.

Laws On Labor Are Foreseen

WASHINGTON, April 15 (AP)—The senate unanimously confirmed today President Roosevelt's five nominations to the new maritime commission.

Senator Black (D-Ala.), who blocked confirmation two weeks ago, was absent but sent word he desired no further delay.

The new commission: Joseph P. Kennedy, of New York, chairman; Edward C. Moran, Jr., of Maine; Thomas M. Woodward of Pennsylvania, and Rear Admiral Henry A. Wiley and Emory S. Land.

LAMESA MAN HEADS LUMBERMEN OF STATE

SAN ANTONIO, April 15 (AP)—S. L. Forrest, Lamesa, Thursday was elected president of the Lumbermen's Association of Texas at the final session of the 51st annual convention here.

Other officers chosen were Carl Locke, Beaumont, vice president; C. A. Pickett, Houston, secretary and manager; Jack Ray, Waco, sergeant at arms, and H. B. Hawley, assistant sergeant at arms.

Informed persons said President Roosevelt had favored enactment of that measure to set up a "little NRA" for the textile industry. There was some uncertainty, however, whether the supreme court's decisions had altered the chief executive's views.

In the light of the decisions broadening the interpretation of the interstate commerce clause of the constitution, Connery said congress could legislate to prevent intrusions of the free flow of interstate commerce and also to control "recurring practices" which cause such interruptions.

"Low wages, long hours and child labor," he asserted, "are the most frequently recurring practices which cause labor disputes and interfere with interstate commerce. That's what men strike about."

SUBSTITUTE PLAN TO INCREASE COURT IS OFFERED IN SENATE

COURT CORRIDORS JAMMED WITH TOURISTS

Here is a part of the overflow crowd in the supreme court corridors, hoping to get a glimpse of the high tribunal handing down important decisions for the government in five cases where the Wagner labor relations act applies to business in interstate commerce.

Nazis Launch An Attack On US Churches

Showing Of Film In New York Sets Off Furious Tirade

BERLIN, April 15 (AP)—Nazidom, hitting out at any direct or implied criticism from abroad, struck at American churches today for showing "vicious machinations under the cloak of religious observances."

The inspired Nazi press loosed furious tirades against the showing in the Riverside Memorial church in New York of an anti-Nazi film seeking to raise \$400,000 for the relief of Christian German refugees.

The outburst, in phrasing that showed their common origin, carried such headings as "Anti-German Lying Film" and "Jewish Emigrants Stirring Up Hatred Before the Altar!"

The official German news agency, Deutsches Nachrichtenbüro, said, in discussing the film which has Dr. Harry Emerson Fosdick, pastor of the Riverside church, for its chief figure:

"This film reveals with terrible clearness the un-Christian methods with which a new anti-German drive is to be launched in the American churches by a small un-American clique whose aim is to mislead American religious sentiment for nefarious ends."

The Kreuzzeitung, which retains some of its traditional religious standing, professed "pained indignation," and added:

"We can not believe the people of the United States do not realize whether these vicious machinations under the cloak of religious observances must tend."

The paper expressed the hope the case would not "tear the inherent friendship of the American people for Germany."

At the same time the press played up the lynching of two negroes at Duck Hill, Miss., sparing their readers none of the details of the torture.

The press in its anti-American campaign also has stressed disastrous economic consequences of the strike wave in the United States.

The attacks on American churches, economic and living conditions, however, was just on phase of the widespread onslaught on all anti-Nazi activities.

BILBAO BOMBED BY INSURGENT PLANES

BILBAO, Spain, April 15 (AP)—A fleet of insurgent planes subjected this besieged Basque government capital to a bitter bombing attack this afternoon.

The raid began at 1:25 p. m. and continued for 30 minutes. Especially hard hit was the factory district along the Nervion river.

Provides For Only Two New Men On Bench

Would Be Unconditional Appointments, No Retirements

FDR PUSHES AHEAD WITH OWN PROGRAM Efforts Made To Conclude Committee Hearings By Saturday

WASHINGTON, April 15 (AP)—Senator McCarran (D-Nev.) introduced in the senate today a substitute for the Roosevelt court bill. It would provide for an unconditional increase of two members in the size of the supreme court.

"Key" Committee The Nevada senator has long been regarded as one of the "key" members of the senate judiciary committee because he has remained non-committal on the president's proposal to enlarge the court by six members if those now over 70 years do not retire.

In offering his substitute, in the form of an amendment to the Roosevelt bill, McCarran refused to say whether he would support the measure if his amendment were rejected.

He did tell reporters, however, that he did not favor any "forced retirement" from the court.

"The mental faculties of many judges are keen and acute at 75 and 80," McCarran added. "I don't favor any constitutional amendment at this time."

The Nevada's proposal was comparatively close to what has long been regarded as the most likely compromise of the president's bill—an increase of two instead of six.

But the amendment would go further and eliminate the age and retirement provisions of the Roosevelt bill under which the increase in the court would be conditional upon failure of justices over 70 years of age to retire.

McCarran said he "hoped" the administration would be sympathetic to his proposal, but administration spokesmen made it clear that the president was campaigning for his own bill with as much determination as before the Wagner act decisions.

Evidence of additional pressure in the judiciary committee to close the long hearings on the Roosevelt bill was given as another indication that the administration was urging its enactment.

Would Close Hearing Members of the committee friendly to the bill, led by Senators Hughes (D-Ind) and McGuffey (D-Kan), were fighting openly to shut off the hearings Saturday.

Paul Shipman Andrews, dean of the Syracuse Law school, told the committee in a prepared statement today the president's bill was "a long step toward destruction of our form of government and was quite unnecessary."

Andrews also criticized some of the substitutes advanced by foes of the Roosevelt bill, including the Wheeler-Bone proposal to permit congress to override the court and suggestions for requiring more than a majority vote to invalidate legislation.

Representatives of two big labor organizations—the American Federation of Labor and the Committee for Industrial Organization—will meet at Houston separately tonight in the interest of their respective unionization drives in the oil industry.

John P. Frey, president of the See LABOR, Page 2, Col. 2

Woman Loses Pardon Plea

In Prison Since 1933 For Embezzling For Sake Of Her Son

BOISE, Idaho, April 15 (AP)—Mrs. Angela Hopper, motherly former city clerk who embezzled thousands to provide for a son in Hollywood, lost today her appeal for a pardon.

The Idaho pardon board denied by a 2-1 vote the gray-haired woman's plea for release from state's prison where she has been confined since 1933.

Governor Barzilla W. Clark voted to free her, but Secretary of State Ira Masters and Attorney General J. W. Taylor opposed.

The son, Johnny, was freed from state's prison a year ago after serving a term for accepting money his mother admitted taking from the city of Boise.

A week ago Clark and Taylor voted as they did today—but Masters asked more time to consider.

Awakens For Spring--And Baseball

Human Hibernator Unworried About Important Events Of Past Winter

WATERBURY, Wis., April 15 (AP)—The world and its bustling activity this winter were just one long yawn as far as Watertown's human hibernator was concerned—he is interested principally with the coming baseball season.

President Roosevelt's inauguration, an epidemic of sit-down strikes, unprecedented floods, an historic controversy over the supreme court, and the abdication of King Edward VIII were a few of the happenings since Arthur E. (Turkey) Gehrke pulled up the blankets for his annual winter's sleep.

"How did life in the world look to you last winter from your bed, Turkey?" he was asked today as he sat in his tavern visiting with friends.

"Right now," yawned Gehrke, "the important thing to me is how the Chicago Cubs are going to go this year."

"Sit down strikes?" "Well, I hope those Cubs don't sit down on the job of winning the National League pennant."

The 246-pound tavern keeper has spent each winter in bed for some 25 years because cold weather brings a "misery" in his stomach.

State Cases Are Studied

Heavy Criminal Docket In Prospect For Court Term

District Attorney Cecil Collins Thursday began the examination of nearly two dozen criminal complaints preparatory to the opening of the April term of 70th district court here Monday at 10 a. m.

Having his prediction on the number of cases accumulating since the initial term of court ended here in February, Collins said that a heavy criminal docket was in prospect.

District Clerk Hugh Dubberly's civil docket appeared Thursday to be about average.

Grand jurors summoned to convene Monday are J. P. Anderson, K. G. Hirkhead, L. E. Coleman, J. A. Bishop, M. M. Edwards, W. M. Fletcher, T. J. Good, H. B. Hurley, W. W. Johnson, W. W. Lutz, L. E. Loman, N. R. Read, W. L. Wilson, Arthur Woodall, O. D. O'Daniel and J. H. Homan.

Seventieth court is to session this week at Garden City. District Attorney Collins will meet with the grand jury Friday morning to consider a lone complaint.

Labor

FEDERATION OF METAL TRADES department, will address a mass meeting of A. F. of L. leaders and workmen.

At the same time the CIO-affiliated International Oil Workers local union will meet to discuss plans for speeding the campaign opened a week ago.

TELEGRAPHERS STRIKE
At New York the American Telegraphists' association declared a general strike against all vessels owned by the International Mercantile Marine now in United States ports. Four ships with thirteen operators were affected immediately and other ships will be tied up upon entering port.

Headquarters of the telegraphists' association said 2,000 of the association's 3,000 members are assigned to marine duty.

As rapidly as ships now at sea enter port their operators will join the strike and the movement will continue until all operators are out unless the strike is settled before some ships now far at sea reach port, the association said.

The strike was called after failure of negotiations between strikers and officials of the United States liner President Roosevelt, a subsidiary of the I. M. M.

One-half of the wheat farms in Oklahoma are represented among the membership of the state's cooperative elevators.

ATTORNEY GENERAL TO SPEAK MAY 2 AT BAPTIST CHURCH

Attorney General William McCraw will fill the pulpit of the First Baptist church Sunday evening, May 2, it was announced today.

Arrangements were completed today between George Gentry, chairman of the First Baptist church pulpit committee, and Elliott D. Elliott, district governor of Lions district 2-T.

McCraw is appearing in Big Spring on the Lions club district convention which convenes here May 24. He was the outstanding speaker at the district convention last May in Childress.

The attorney general has made two previous appearances here, speaking before chamber of commerce banquets.

Elliott advised Pascal Buckner, president of the Big Spring club, that he had completed the convention program and that a copy of it was being forwarded here today.

BOARD APPOINTED TO MEDIATE RAIL WORKERS DISPUTE

SAN FRANCISCO, April 15 (AP)—Appointment of an emergency mediation board by President Roosevelt has delayed, for 60 days at least, a threatened strike of 8,500 Southern Pacific railway employees.

Officers of the Brotherhood of Firemen and Trainmen yesterday said their members would quit work Friday, President Roosevelt acted quickly, appointing a board to inquire into the controversy and report to Washington within 20 days.

Under the railroad act the president can proclaim an emergency and appoint mediators where a strike on interstate railroad lines threatens.

INSURGENTS HALT FRENCH VESSEL

MOROCCO, April 15 (AP)—The French freighter Roanne wireless today said she had been stopped off Tarifa by the Spanish insurgent gunboat Date.

The Date fired two shots across her bows, the message declared.

Later the freighter's master reported his vessel had been allowed to proceed after reporting the incident to French warships in the Mediterranean.

BITTEN BY A DOG, FIVE TAKING SERUM

MCKINNEY, Tex., April 15 (AP)—Five persons here are taking anti-rabies serum after a dog which bit them was found to harbor the disease.

They are Mr. and Mrs. Sam Leonard and daughter, Virginia; Jimmie and Franklin Wells, young sons of Mr. and Mrs. J. H. Wells.

When bitten by a small bull pup several days ago, they were not alarmed. The animal died a short time later.

The dog's head was sent to Austin, where an examination revealed rabies.

A synthetic manure for hotbeds has been developed by the horticulture department of Oklahoma A. and M. college.

Russell Bell In Prison, First To Be Taken There In An Ambulance

Russell Bell, bundled in splints and casts, is in the Texas prison hospital at Huntsville, the first prisoner in the history of the state to ever be taken to the penitentiary in an ambulance.

Convicted in Howard county and sentenced to serve four years on a swindling charge, Bell must remain in prison until his murder case is called in the autumn in Upton county.

He is charged with the death of his mother, Mrs. Mary Bell, and brother, Wiley Bell.

Bell was wounded seriously in the shooting scrape which claimed the lives of his mother and brother and inflicted injuries to another brother, Cody Bell, Saturday, on the verge of being released from a San Angelo hospital to Howard county officers. Bell broke from a special guard, Walter Rateliff, and plunged out of a second story window. He suffered a fractured spine and hip in the fall.

Deputy Sheriff Bob Wolf and Deputy Constable Carl Mercer carried Bell to the state prison in an Eberly ambulance driven by Byron Housewright. Prison officials told them that Bell was the first prisoner ever thus received, and added that he likely would be the last.

In extreme pain, Bell stood the trip well as seemed in good spirits, officers said. He denied that he killed his mother and brother and said that he could "straighten it out."

The deputies brought back clothing and personal effects which Bell wanted to carry to prison with him. The warden refused to allow the extra clothing.

Contrary to news reports, officers said that Bell was not shackled to the cot en route. The said he resigned himself to the trip and rested comparatively well.

PLANS DRAWN FOR SCHOOL BUILDING AT NEW LONDON

FORT WORTH, April 15 (AP)—Preliminary architectural sketches for a school to replace the building destroyed in the New London school explosion were in the making today.

Architect Preston M. Green conferred with Superintendent W. C. Shaw and announced plans contemplated a central heating plant for the entire school, which includes an elementary building and cafeteria.

From Washington, D. C. meanwhile, a final report from Dr. D. J. Price, agriculture department explosion expert who attended a hearing on the New London blast, confirmed preliminary findings on the cause of the tragedy. The report fixed the probable cause of the explosion as "the ignition of combustible gas accumulated in the open unoccupied area under the first floor by a flash from electrical equipment operating a sanding machine in the manual training class on the lower floor of the building."

HELEN KELLER IS WELCOMED IN JAPAN

TOKYO, April 15 (AP)—Miss Helen Keller, famous deaf and blind educator, received a noisy and colorful welcome today on her arrival to lecture and introduce a newly developed "talking book" to Japan's 200,000 blind persons.

She seemed especially touched by the thousands of Japanese children who cheered and waved American and Japanese flags. A companion described the scene for her.

A pickpocket stole Miss Keller's purse shortly after she had stepped ashore at Yokohama.

All Japan was aroused at the incident, occurring, as it did, on Miss Keller's first visit to the Orient. A widespread search for the culprit was under way.

MEASURE AGAINST SIT-DOWNS FAVORED

AUSTIN, April 15 (AP)—A senate proposal, aimed at blocking post-day sit-down strikes in Texas, today again bore the approval of a house committee to which it had been returned for further study.

The bill, amended to reduce the maximum penalty for violation from five to two years in jail and insuring employees the right to picket and conduct orderly strikes, would prohibit workers remaining on property to force the owner "to do anything whatsoever" after being asked to leave.

Opponents said there existed no necessity for the bill and that it cast a reflection on labor unions while proponents maintained sit-down methods were a violation of property rights.

NEW MANAGER FOR LEVINE STORE HERE

S. Goldfine, formerly assistant manager of the Amarillo store of Levine's, has assumed charge of the store here. He succeeds Pete Harris, who was transferred to Amarillo.

The change was made in a series of adjustments between Amarillo and Big Spring stores so as to afford advancement to members of the company staff. Goldfine has been with the company about a year.

Goldfine said today that the local store was receiving its complete summer lines of merchandise.

Continue Debate On State Sales Levy

AUSTIN, April 15 (AP)—The senate continued debate today with-out reaching a decision on a sales tax as opposed to increased natural resources levies to support a social security program.

Pending at the noon recess was a proposal of Sen. Joe Hill of Henderson to allocate tax revenue one-fourth to the available school fund, one-fourth to the general fund and the remainder to old age pensions and other social programs.

Sen. Grady Woodruff of Decatur argued in favor of a sales impost on grounds it would more nearly equalize support of pension payments.

He said a large group of persons who did not pay any form of direct tax would contribute under a sales levy to support pensions.

CLEO MILLER NAMED AS DIST. ATTORNEY

AUSTIN, Texas, April 15 (AP)—Governor James V. Allred announced today appointment of Cleo Miller of Corsicana to be district attorney of the 13th judicial district.

Miller, who formerly served two terms as district attorney of Navarro county, succeeds J. R. Cunningham, who died recently.

The governor also announced appointment of Ballard George of Corsicana as commissioner of the court of civil appeals at Waco.

George is a former district attorney of Navarro county and at present is a state democratic executive committeeman.

Texas last year produced 15,400,000 of the nation's 15,986,000 pounds of mohair, according to department of agriculture figures.

PLANE HAULS COLT, RACES WITH STORK

LOS ANGELES, April 15 (AP)—What's the airplane coming to next?

It freighted a Texas steer, transported a wild Arizona colt and raced Doc Stork to a dead heat here yesterday.

The steer, in 50 slices, was shipped by skyliner from Publisher Amon G. Carter of Fort Worth to Los Angeles friends after it won a prize at the Southwestern exposition.

The colt, three-weeks old, rode intact from Fredonia, Ariz., to his Hollywood destination after he was captured by two film men trapping wild horses.

Doc Stork was bound for a hospital here. So was Joe Martin, airlines pilot. He arrived from Fort Worth at the very minute a daughter was born to his wife.

ROOSEVELT PLANS HIS FISHING TRIP

WASHINGTON, April 15 (AP)—Plans for President Roosevelt's fishing trip off the Texas coast were discussed with the chief executive today by Jesse H. Jones, of Houston, chairman of the Reconstruction Finance corporation.

Jones said details of the trip, to start around April 28 had not been completed. He added that the place the tarpon were running would determine whether the president would land at the end of the trip at Galveston, Corpus Christi or Brownsville.

The president is expected to embark on the yacht Potomac at New Orleans and fish about a week. He may visit his son, Elliott, who lives at Fort Worth, on the return journey to Washington.

ASSERTS MOONEY CONVICTED FAIRLY

SAN FRANCISCO, April 15 (AP)—Deputy Attorney General William Cleary went before the California supreme court today with arguments that Thomas J. Mooney was convicted fairly and that his current appeal for freedom on a habeas corpus writ should be refused.

This was the prosecution's first day in court in what Mooney's counsel says will be his final plea to the state of California.

Cleary sought to disprove claims advanced yesterday by George T. Davis, lawyer for Mooney, that perjury marked the Mooney trial.

MAY WILL HERSELF INTO ANOTHER COMA

NEWARK, N. J., April 15 (AP)—U. S. District Attorney John J. Quinn has been restrained from starting the trial of the Ellis H. Parkers, father and son, in the Wendell kidnap-torture case in Newark, but he has the authority of Attorney General Cummings to move the case to Brooklyn.

Returning from a conference with Cummings at Washington, Quinn said last night he immediately would seek indictment of the Parkers under the "Lindbergh law" by the federal grand jury in Brooklyn.

GEORGE GRIMES AND MRS. PERRY HAVE ROLES IN COMEDY

When the Bluebonnet class of the First Christian church presents its 3-act comedy farce at the high school auditorium April 20 at 8:15 p. m., Mrs. Douglas Perry and George Grimes will have prominent roles. Mrs. Perry has the part of Roseland Wilson, a reporter for the college paper, who knows more than she prints, and Grimes is cast as Billy Blake, a mischievous college boy who sees to it that the professor's quarters are artistically decorated.

ASKED TO ADDRESS WOMEN'S MEETING

SAN ANTONIO, April 15 (AP)—State Senator J. Franklin Spear Thursday had been asked to be the principal speaker at the sixth regional conference of democratic women, which meets at Dallas May 6 and 7.

Prominent women democrats from Texas, Oklahoma, New Mexico, Colorado, Kansas and Missouri will be in attendance.

TOWNSHENDITE NOW AN ORCHARD WORKER

CHELAN, Wash., April 15 (AP)—The man who was "king for a day" among the nation's aged pension seekers has found a job as an orchard worker.

C. C. Fleming, 63, whose facial furrows were erased by \$200 in the first so-called "Townsend spending test," said today he was glad to have a job again after lean months of unemployment. The pay of less than 50 cents an hour, however, is "small fry" beside the \$50 a week in his four-week spending spree.

NEW COAT OF PAINT FOR CITY FIRE ENGINE

Youngest of the city fire engines today was receiving a new coat of paint. The truck, purchased in 1930, was being touched up and was getting a clear coat of lacquer to preserve original paint.

The No. 2 engine, purchased in 1928 and the second fire engine owned by the city, still possesses its original flaming red coat with elaborate decorations.

L. V. YATES & CO. BROKERS
P.O. Box 108 - 108 Nat'l. Bank Bldg. - Big Spring, Texas
Cotton - Grain - Stocks - Bonds - Provisions

THEATRES TO OPEN AN HOUR EARLIER

Change in opening hours of Big Spring theatres was announced Thursday by the R.R. movement.

Effective Sunday, all three show-houses—the Ritz, Lyric and Queen—will open their doors at 1 p. m. each day. On Saturdays, the Queen and Lyric will open at 11 a. m.

Opening hour has been 2 p. m.

PHYSICIAN DEAD

MCKINNEY, April 15 (AP)—Funeral services are planned here tomorrow for Dr. James A. Caldwell, 79, McKinney physician for 40 years. He operated a sanitarium here 25 years. Dr. Caldwell is survived by two sons, Gibson and Roy Caldwell, both of McKinney.

FOUND DEAD

COMANCHE, Texas, April 15 (AP)—Joe Barter, 32-year-old musician, was found dead in a house car here this morning. Justice of the Peace George C. Wiest said death was due to natural cause.

Letters indicated Barter was survived by two sisters, Mrs. Ralph H. Gooding of Rosemead, California, and Mrs. Nora Sargent of Jacksonville.

BUYER BUGGY

MEDIA, April 15 (AP)—C. E. Williams, 79-year-old Greenbush farmer, still drives a horse-drawn buggy. He purchased a buggy here that had been in storage 18 years and had never been used. The vehicle was delivered to Williams' farm in a motor truck.

PARING TICKETS

Traffic complaints increased Thursday in the corporate court with approximately 20 persons given tickets for overtime parking in the downtown section.

Officers were preparing to clear up about 40 unanswered complaints.

DRILLING AT 2500

Bristow and Cantrell No. 1 Tomlinson, wildest test in the north-west quarter of the southeast quarter of section 122-97, H&TC survey Ross county, Wednesday was drilling at 2,396 feet in hard brown lime. The test picked up a show of 2,310 feet, and immediately had a fishing job for 12 hours. Upon resuming operations, a baller and a half of oil was run. It had a show of free oil at 1,776 feet.

If your local Druggist can not supply you write Cymone Co., Waco, Tex.

NOWADAYS A LITTLE MONEY BUYS A LOT OF TIRE!

WHEN you step out on the open road good tires are worth their weight in gold.

Yet today actually the cheapest thing on your car is the best tires you can buy—and that means Goodyear Tires, for 22 years the world's first-choice.

Proof of that comes from the operating expense records of great fleet operators which show a full set of Goodyears costs only about one-fifth as much per 100 miles as gasoline—one-quarter to one-half as much as other routine expenses!

SPRING TONICS FOR YOUR CAR!
The GOODYEAR name guarantees the Quality and Value of these essential aids:

Last Rites Held For Aged Chalk Resident

Services were conducted at the Eberly Chapel at 2 p. m. Thursday for Riley M. Williams, 86, who succumbed Tuesday afternoon to injuries received in a fall three weeks ago.

He died at the home of his daughter, Mrs. J. J. Splain of Chalk, with whom he had made his home the past eight years.

Williams was born May 2, 1850 and is survived by two sons, Edward Lee Williams and B. Williams of Clarkburg, W. Va., one daughter, Mrs. Splain, four brothers in West Virginia and five grand children. His wife died about 25 years ago.

Services were in charge of Forrest R. Waldrop, Church of Christ minister, and burial was in the New Mount Olive cemetery. Pallbearers were R. P. Hargrove, George Knight, Red Morrison, Jack Haynes, Ruber Scheussler, and Paul Kennedy.

ITEMS FROM MOORE

Mrs. Jack Edwards was in charge of chapel exercises last Monday morning. Mr. and Mrs. Carl Young were present and rendered several musical numbers including these: A duet, "You Got To Live Your Religion Every Day," Mr. and Mrs. Young; solo, "Name Song," Mr. Young; solo, "Back To The Farm," Mr. Young; duet, "Turn Me Around," Mr. and Mrs. Young. Parents and visitors present were Mrs. W. H. Ward, Mrs. Curtis Wray, Mr. and Mrs. G. C. Broughton. New pupils in the school this week are Alvin, Cleo, Pats, and Dorothy Jean Hudgins.

Miss Zan Grant spent last week-end with her parents, Mr. and Mrs. Grant, of this community. She returned Monday to the Mt. Olive school near Lamesa where she is teaching this term.

A three-act play entitled "Eyes of Love" was presented here last Friday night by the high school students. Music was furnished by Thomas Brooks' orchestra. An award, a beautiful set of silverware, was presented to Mrs. G. K. Brown of this community.

Those entering in the ticket sale contest for the play last week were Anna Smith, Loveda Shultz, Edith Brunson, Norman Newton and Rawleigh McCullough. A prize was given to the one selling the greatest amount of tickets, and one to the one selling the next greatest amount. The first prize, a set of silverware was awarded to Miss Anna Smith, whose ticket sale amounted to \$12.90. Second prize, a breakfast set of sugar bowl, cream pitcher, and milk pitcher in glazed tashware was presented to Miss Loveda Shultz, whose ticket sale was \$6.75.

O. P. Griffin, county agent, came to Moore last Thursday to call a 4-H club meeting. The boys met in the gym and discussed plans for the coming season. Record books were given to each member. Those present were Victor Watts, president, and these members: Earl Lusk, Bill Newton, Reuben Billalbs, Asa D. Couch, Cleo Carter, Delbert Shultz and G. C. Broughton. Some of the boys are planning to attend the club encampment on June 15 and 19.

Rev. C. A. Biekeley will conduct services here next Sunday, April 18 at 3 o'clock. The public is invited to be present for these services.

A rock garage and smoke-house combined is now under construction on the farm of O. A. Goodman in this community. This garage is being built to accommodate storage for one car and a laundry room.

Mrs. J. W. Phillips is suffering from a serious attack of influenza which developed last Thursday morning. She is reported to be some better at present.

Mr. and Mrs. W. N. Wood and family of Knott were guests in the home of Mr. and Mrs. D. W. Adkins last Sunday.

With the coming of warmer weather, Sunday school activities show a decided increase of interest. There were 69 present last Sunday, and everyone is eager to build up a larger attendance in the near future.

A good crowd was present at Moore last Sunday afternoon for the regular second Sunday singing here. Visiting singers were Nance, E. A. Nance, Wayne Nance, Vernon Payne, and E. A. Nance, Jr.

Mr. D. J. Wheeler of Lamesa has been visiting his brother Mr. R. M. Wheeler and family of this community the past week.

A surprise birthday dinner was given last Sunday in honor of Mr. L. J. Davidson. Those present were Mr. and Mrs. N. B. Davidson, R. B. Davidson, Pauline Davidson, Mr. and Mrs. Nancy Nix, Mr. and Mrs. L. L. Curtis, Mr. and Mrs. Rufus Davidson, Mr. and Mrs. R. O. Davidson and family, Mr. and Mrs. O. C. Ireher and son, and

Income Tax Records Are Studied In Probe Of 'Terrorism' In Mine Area

WASHINGTON, April 15 (AP)—Senate civil liberties investigators said today they had been investigating income tax records of some officials of Harlan county, Ky., in connection with the inquiry into "anti-union terrorism" in the Kentucky coal fields.

The agency refused to disclose which officers were under investigation.

Chairman La Follette (Prog-Wis.) called on High Sheriff Theodore Middleton and County Judge Morris Saylor for their account of violence which he said had suppressed union organizations in the Harlan area for 15 years.

Middleton was described in testimony by Lawrence Dwyer, elderly United Mine Workers organizer, as "the worst article we ever had in Harlan county."

Dwyer accused the sheriff of giving deputies commissions to "gunmen" paid by the local mine operators, and charged that Ben Unthank—now a fugitive—was the chief of Middleton's "road millers."

Unthank was one of a band, Dwyer testified, which ambushed him on a deserted mountain road and wounded two passengers in his car.

Senate investigators said they were increasingly eager to locate Unthank, identified by several witnesses as chief deputy for the Harlan County Coal Operators' association.

A plot of his former employer said Unthank was the instigator of a "blow up" of Dwyer's residence, and said he paid them from \$30 to \$100 each for the job in November, 1933.

The 72-year-old organizer said he was not seriously injured by the explosion, although it blasted the wall of his room in the Parrott Hotel at Pineville, Ky.

No Boom, Says Statistician

Ayres Asserts Nation Not Yet Out Of The Depression

CLEVELAND, April 15 (AP)—There isn't any business boom, Col. Leonard P. Ayres said today.

Instead "we have not as yet definitely emerged from the depression," the Cleveland statistician and economist observed, charting general business as "15 per cent or more below normal."

"A good deal of bad economics is being talked in these days about emergency measures to prevent a business boom, extended controls to restrain bank credit expansion and increased federal powers to restrain commodity advances," he said.

"These discussions constitute a kind of locking of the stable door before the family horse has even been acquired."

"The present discussions are baneful because they divert our attention and our efforts away from the three economic problems which really are of pressing urgency. These are the reduction of unemployment, the balancing of the federal budget, and the restoration of harmony in labor relations."

AMERICANS DRAW TERMS IN FRANCE

PERPIGNAN, France, April 15 (AP)—Six Americans were sentenced to one month in prison today on charges of attempting to enter Spain to volunteer in the government army. They were arrested near Thuir April 9, the third group to have been arrested within a week.

The Americans who told police they sailed from New York March 25 aboard the liner Manhattan, identified themselves as:

Aba Letvin, 22, student, New York; Morris Simon Fishman, 34, grocer, Los Angeles; Everett W. Loughby, 26, metalworker, Marion, O.; Albert Byron Sanford, 29, mechanic, Rochester, N. Y.; Raymond

DUMMY SWITCHES TO BE USED TONIGHT IN EXECUTION OF TRAY

CHICAGO, April 15 (AP)—Dummy switches—an innovation in the grim procedure of electrocution—will close the identity of the executioner to three convicted police slayers tonight.

Warden Frank Gann of the Cook county (Chicago) jail has added dummy switches to the board of the death chamber so that none of four jail guards will know which has been assigned to the fatal switch.

The doomed prisoners were Frank Schuster, 35, Frank Whyt, 42, and Stanley Murawski, 44, all former convicts.

Fairview News

Mrs. L. H. Thomas has returned from Dallas where she has been under treatment for an eye ailment.

Mrs. Gabra Hammock has been on crutches for the last 10 days, victim of a foot injury. The injured member is now somewhat improved.

Mrs. Haskell Grant, teacher at the Garner school, suffered painful burns about the face and arms last week when steam was blown from Anna Smith, whose ticket sale amounted to \$12.90. Second prize, a breakfast set of sugar bowl, cream pitcher, and milk pitcher in glazed tashware was presented to Miss Loveda Shultz, whose ticket sale was \$6.75.

Mr. and Mrs. Morris Wooten and Mrs. J. W. Wooten made a weekend trip to Spur, visiting Mrs. F. H. Miller. They went by way of Colorado and Snyder, returning via Lubbock. Grain crops in the Plains section look good, they reported.

Farmers of this community have been very busy getting their land ready for planting. Many are still awaiting rain.

Mrs. Briganne visited Mrs. J. W. Wooten Monday evening.

Floyd White of Big Spring was a business visitor in the community this week.

Mrs. Clyde Bloodworth was brought home Thursday from a hospital in Big Spring. Her condition is greatly improved.

Fairview school students presented a program over KBST last Sunday. Those on the program included Billie Hammock, Wynetta and Jeanette Kirkland.

Telephones recently have been installed in several homes in this community.

MORGAN NEWS

A good crowd attended the weekly singing program here Friday night.

Mrs. Bessie Kennedy, Mrs. Nettie Kennedy and Miss Jeanette Mansfield were guests in the home of Mrs. Albert Hecker Wednesday. Gerald Marie Buchanan and Edith and Leland Wallace visited Sunday in the J. B. Mansfield home.

Mr. and Mrs. Kay Morris spent Sunday night with Mr. and Mrs. T. A. Eliet and family.

Mr. and Mrs. Guy Wallace and children and Mr. and Mrs. Eston Barbee visited Mr. and Mrs. Hulan Davie Sunday night.

George Kennedy and family visited Mr. and Mrs. George Joiner near Vincent Sunday.

Visiting in the Tyler home Sunday were Mr. and Mrs. George Warren and son, Mr. and Mrs. Crockett Parks and sons, and Mrs. Tyler and her mother, Mrs. Helen Warren.

Mr. and Mrs. Eston Barbee, Leland and Edith Wallace attended a party Saturday night at Center Point.

Jeannette, Merle and Floyd Mansfield attended services at Ealem Sunday night.

Mr. and Mrs. Wes Warren visited Mr. and Mrs. Tyler Friday.

Pupils in Mr. Smith's room at the Morgan school have been assigned parts in a play entitled "The Last Day in the District School." The play is scheduled for the last week of the school term.

TO DRAG LAKE FOR VICTIMS' BODIES

SAN ANTONIO, April 15 (AP)—City Detective A. J. (Jack) Hice, whose forte has been automobile thieves, took to the waters of Medina Lake today to find the body of a boat victim who had been almost a son to him.

Equipped with a motor boat and a dragnone, the detective plans to plumb the deep waters near Masterson's Point. Chief of Police Owen W. Kidday granted Hice an indefinite leave of absence. Hice said he would remain at the lake until the bodies of four drowning victims, including Samuel Johnston, whom Hice had befriended in his boyhood, are recovered. Other bodies unrecovered since a squall upset two boats April 4 are those of Minnie Johnston, 4; Henry L. Lampkin, a cafe operator; James Stone, railroad employe, and Leslie A. Ewers, former Alamo Downs employe.

Hice is undertaking his mission with the knowledge that in some cases the bodies of drowning victims at Medina lake have not been recovered until many months afterwards.

SEAMAN INJURED IN EXPLOSION ON SHIP

NEW YORK, April 15 (AP)—An explosion aboard the collier W. S. Alwater resulted in the serious injury of a seaman as the ship sailed off Sea Girt, N. J., shortly before 8 o'clock this morning.

The U. S. coast guard reported it had received a message from the Governor John Lind, of the Bull line, saying the injured seaman, Leslie Jackson, had been taken aboard.

He was suffering burns about the face and hands and exposure. The message said he needed immediate hospitalization.

A later message, received by the U. S. coast guard station from the cutter Commanche, said that the W. C. Atwater was being conveyed into the New York Port.

The Commanche's message said the collier apparently was not seriously damaged by the explosion.

TROTSKY OFFERS DEFENSE ON MOSCOW CHARGES OF TREASON

SHE LIKES SPIDERS; HAS 10,000 OF 'EM

SEATTLE, April 15 (AP)—Spiders may be a bane to housewives, but not to Mrs. Harriet Estine Lloyd. She has 10,000 of them.

Mrs. Lloyd, doctor of philosophy at the University of Washington, spent nine years assembling her collection, which includes 400 species.

"When I was working for my bachelor's degree at Reed college in Portland," explained Mrs. Lloyd, 27-year-old widow, "one of my professors decided it would be an amusing hobby for me to play around with. They've been assisting me ever since. But I can't work up any feeling for spiders and make pets of them. I just pickle them, segregate them, and feel a little bit proud of the different species, but that's all there is to it."

Oil Movement Bill Offered

Products In Storage Before March 1 Would Be Affected

AUSTIN, April 15 (AP)—A bill permitting movement of all oil and products in storage in the various Texas fields prior to March 1 was introduced today by Rep. W. E. Pope of Corpus Christi. That in storage before May 1, 1935, could be transported on payment of a fee of 10 cents a barrel. The state's charge for movement of that placed in storage after May 1, 1935, would vary according to the gravity of the oil or the character of the products.

Fees would be as follows: Oil of less than 37 gravity, 25 cents per barrel; 37 to 40, 30 cents; above 40 gravity, 31 cents; reduced crude, 22 cents; fuel oil, 19 cents; refined products, 37 cents. The charge would be in addition to the production tax.

The bill's emergency clause stated that "a large amount of oil and products is in storage in the various fields on which the railroad commission has refused to grant tenders and said oil and products are rapidly evaporating and depreciating in gravity, resulting in undue waste, and the Texas conservation laws contemplate movement of oil and products into commerce without undue waste."

Pope experienced no trouble obtaining the four-fifths consent required for introducing a bill in the last half of the session.

Local Man On WTCC Group

Reagan Named As Member Of Convention Work Committee

BROWNWOOD, April 15 (AP)—Houston Harte, San Angelo publisher, has been appointed chairman of the work committee for the 19th annual West Texas Chamber of Commerce convention in Brownwood May 10, 11 and 12 by Van Eandt Jarvis, Fort Worth, WTCC president.

Announcement of the appointment was made here today from convention headquarters.

Harte served as president of the West Texas Chamber of Commerce in 1931-32. He has been a leader in WTCC work for a number of years.

Other members of the work committee named by Jarvis are:

J. O. Guleke, vice-chairman, Amrillo; D. A. Bandeen, secretary, Stamford; Clifford B. Jones, Spur; W. E. Hamilton, Wichita Falls; James D. Hamlin, Farwell; S. A. Wells, Lubbock; Lawrence Hagy, Amarillo; Price Campbell, Abilene; H. E. Hoover, Canadian; B. Reagan, Big Spring; Milburn McCarty, Eastland; Jim Wilson, Floydada; H. S. Hillburn, Plainview; M. C. Ulmer, Midland; A. L. McKnight, El Paso; Dr. H. L. Webb, Kerrville; R. H. Simmons, Sweetwater; Dick Woodridge, Gainesville; G. H. Zimmerman, Waco; D. T. Strickland, Brownwood; and P. B. Ralls, Ralls.

The work committee receives, prepares and recommends all policies and programs for adoption by the convention.

Mr. and Mrs. Gerald Liberty and Miss Eleanor Gates were expected to return here this evening from Corpus Christi and San Antonio, where they have visited for several days. They were accompanied as far as Austin by Dick Oliver.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filices which help to purify the blood and keep you healthy. Most people pass about 2 pints a day of about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to function kidney disorders, may be the beginning of kidney troubles, these include pain, headache, leg pain, loss of pep and energy, dizziness, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

MEXICO CITY, April 15 (AP)—Leon Trotsky approached completion of his defense against Moscow charges of treason today after sketching for a committee of liberals the ideas that launched him into wandering exile.

The man who stood next to Lenin in Soviet Russia in reply to his counsel, Albert Goldman of Chicago, delivered his opinions on such topics as the next world war, the course of government in the U.S.S.R. and elsewhere and his following in the soviet union.

The committee of inquiry headed by Dr. John Dewey of Columbia university, has been hearing Trotsky and examining his documentary evidence for four days.

The gray-coated revolutionist who once spoke for 12 hours before a communist party congress entered these opinions and arguments in yesterday's session:

1—Charges in recent Moscow trials that he had counseled terrorism against Joseph Stalin were absurd because individual terrorism "lowers the masses in their own eyes."

2—Moral considerations do not dictate that stand because "the oppression of the masses is so terrible, especially in some countries, that every method to liberate the masses is moral."

3—He is not "hungry for power" in the Soviet Union, although he will take it as "an inevitable evil" if it comes, because, "when your ideas are victorious you must accept it."

4—The soviet regime is "as close to capitalism as to socialism" and has "a new dual function: to protect the new forms of property against capitalism and exploit the new forms of property in behalf of the bureaucracy."

5—Soviets "bureaucracy" could be overthrown "only by a new political revolution" and "if it opposes the masses that means violence."

6—Despite the Moscow allegations he plotted with agents of Germany and Japan to dismember the U.S.S.R. he and his "fourth internationalists" would defend the nation—even to the point of collaborating with Joseph Stalin—because the Soviet Union is "an open door to a better future."

7—In event of world war, Japan would face revolution, then Germany, if there were no revolutions the Soviet Union would be forced back to capitalism.

8—He does not know how much support he still has in the U.S.S.R. "There are some sympathizers, I suppose. I have no panacea for my followers."

Carbon Magnet To Take Tastes And Flavors From Food

By HOWARD W. BLAKESLEE, Associated Press Science Editor, CHAPEL HILL, N. C., April 15 (AP)—The gas masks of wartime have resulted in discovery of a magnet that extracts bad tastes and flavors and unwanted odors from food and drink.

The taste magnet, described to the American Chemical society today by John W. Haasler of the West Virginia Pulp and Paper company, Tyrone, Pa., uses the same kind of carbon as gas masks. The carbon is "activated," that is, it is given an unusual power of attraction. This is done by pulverizing the black material into particles so fine that the carbon is virtually all surface. In that condition it acquires electrical forces common to the carbon atoms that form one of the basic substances of all the living world.

"For example," said Haasler, "it is not possible to make quinine less bitter by treatment with activated carbon, because bitterness is a physico-chemical property of quinine. However, if a liquid happens to contain quinine then activated carbon will remove the bitter taste by actually absorbing the quinine and removing it from the solution."

He said that the carbon magnet takes unwanted flavors out of sorghum, cane and corn syrups, pineapple juice, vinegar and various drugs. It is particularly good for cleaning up alcoholic liquors, wines, glycerine and water.

It has worked well on lard and sugar. In the case of gelatin the carbon removes virtually all traces of animal odors.

BUILDING REPAIRS IN RURAL SECTIONS

SAN ANTONIO, April 15 (AP)—The construction trend in the rural areas now is not new construction but tends toward catching up on long needed repairs, modernization, and general building improvement, according to Charles A. Clark, district engineer of the Precast Cement Association, of Austin.

Clark was the only speaker on final business session program today of the 51st annual convention of the Lumbermen's Association of Texas.

The speaker quoted a table of figures to show that Texas rural construction improvements should be in excess of \$50,000,000 this year. He urged sales campaigns tied in with newspaper advertising programs.

Election of officers and the winding up of general business was to close the convention at noon.

NEW JUDGES
WASHINGTON, April 15 (AP)—President Roosevelt today signed a bill providing for appointment of two additional circuit judges for the ninth judicial district, embracing northern and southern California, Oregon, Nevada, Montana, east and western Washington, Idaho, Arizona, Alaska and Hawaii.

World Arming Booms Mining In Southwest

Lead And Zinc Prices Rise Brings Prosperity To Tri-State Area

JOPLIN, Mo., April 15 (UP)—Lead and zinc mines of the tri-state mining area of Missouri, Oklahoma and Kansas—which were all but closed during the depression—are being worked at full capacity as a result of rearmament in Europe.

The recently-enacted neutrality laws passed by congress are in a great measure responsible for the increase in lead and zinc sales. This is true because, once war is declared, the neutrality laws would prohibit sales of war supplies to belligerent nations. Therefore the countries fearing war are buying huge supplies now and storing them for future use.

The advance in the price of lead and zinc ore began about four months ago. A seven-year high was recorded recently when lead ore sold at \$100 a ton and zinc at \$50. Since then the price has declined slightly because of a break in the London pig lead market. Operators believe, however, that the price will advance because the demand is still strong.

All-Time High In World War
During the World War zinc reached an all-time high price of \$139 a ton and lead sold at correspondingly high prices. Then came the end of the war, with the consequent lessened demand and prices declined. During the depression the price of lead ore dropped below \$50 a ton and the price of zinc ore, or "blende," below \$50. Many mines were forced to close and finally were abandoned.

In the last few months, with the price of lead and zinc ore increasing, many of these mines, long idle, have been pumped out and are being operated again.

New mines also, are being opened and prospectors are taking drill tests in attempts to find new deposits. Unlike the lead and zinc mines of the Rocky Mountains region, ore deposits in the tri-state area are found in "runs" or "bodies" and not in fissures or veins.

Average Depth 400 Feet
The location of these "runs" is determined by core drilling to various depths—usually 300 or 400 feet—and then assaying the samples recovered.

The zinc ore found in the tri-state area is mostly blende, known locally as "jack." It generally assays from 57 to 63 per cent zinc. The lead ore is mostly galena of high quality, assaying about 80 per cent lead.

The tri-state area is one of the world's most important zinc fields and produces about one-fourth of the supply in the United States. It covers an area of about 50 or 60 square miles in Oklahoma, Kansas and Missouri. Some deposits also are found in Arkansas, but not in paying quantities.

Provided Civil War Lead
The tri-state district first attracted attention in 1848 when lead was mined in small quantities in Jasper and Newton counties. During the Civil War lead from shallow diggings was used by both Union and Confederate forces.

Real activity in the area began in 1872 when zinc was discovered. Lead miners frequently had encountered a peculiar dark, unknown substance in the mines. It was often considered a nuisance.

Finally, samples of this peculiar ore were sent to a smelter in Illinois, where it was found to be zinc blende of a high quality. The finding of zinc and lead ore together attracted many mining men and prospectors to this locality, and mining became an important industry.

About 6,600 men are employed in the mining industry in this area, many of the workers operating their own shallow mines.

Frequently two or more miners pool their funds to buy powder and mining tools, lease a small tract of mining land and start operations of their own.

The land—perhaps containing an old mine shaft or drill hole—is usually leased on a royalty basis, the miners agreeing to pay 10 or 15 per cent of their findings. They sell their ore every week for cash.

The small mines do not even use concentrating mills, hand jigging the dirt from the mine and sending the ore to a custom mill for crushing and separating.

Since mining has become an important industry in this section it has been estimated that nearly \$890,000,000 worth of lead and zinc has been recovered. This year's production is expected to total about \$25,000,000.

WASHINGTON, April 15 (UP)—Representative Maverick (D-Tex) refreshed from early victories in his campaign to change the name of hors d'oeuvres, extended maneuvers today to include the cocktail party.

"Let's not just change its name," he snorted, "let's abolish it."

Brandishing a batch of letters supporting his verbal thrusts at the tricky nomenclature of hors d'oeuvres, the burly Texan said the authors charged him with not going far enough.

"Almost to a man," he added, "they command that we declare war on these afternoon gatherings over anchovy and alcohol—and they aren't prohibitionists either."

He listed his objections to the cocktail get-together:

They give a timid talker too much false courage.
They give a large talker too big an opportunity.

They give the average man a cross between an ear ache and a stomach ache.

"Good conversation," he said, "can't be manufactured by soaking the tongue in a concoction with a name like 'hors d'oeuvres' or 'red-headed Archer'."

His remedy for curing the hors d'oeuvres situation was to call them dingle dogs, which he said the average man would pronounce without a French lesson.

He doesn't know what he can substitute for the cocktail party—but he's invited to one this afternoon and may get an idea.

Close Check On B'Spring Milk Supply

Inspections, Testing Of
Samples Reported By
City Worker

One of the chief reasons for Big Spring's place on the state milk honor roll for the past two years is reflected in the 165 dairy inspections made by H. W. Leeper, inspector, his annual report showed today.

Close watch on milk being delivered for consumption in Big Spring resulted in the testing of 247 "A" samples and 44 "D" samples. During the year two grade "A" dairies were organized. In addition, 34 trips were made to the Stanton dairy.

Work of the inspector entailed 312 sanitary calls, 136 inspections of hamburger stands and cafes, 24 inspections of abattoirs, 24 of fruit and vegetable stands, and 177 visits to groceries and markets.

Requirements for health certificates led to the collection and delivery of 800 certificates during the year.

A total of 101 water samples were sent to Austin during the year, but in March Leeper started running the samples himself and handled 27 during the month. He anticipated making a test of 35 water samples a month, or better than one a day during the next year.

Cooperating with the state food and drug inspector, frequent inspections were made of various establishments, and one market operator paid a fine for adulterating a food product.

Since most of his work is primarily visitation and inspection, Leeper travelled a distance of 10,100 miles on the job last year.

Heart Ailments Strike At Those In Mental Work

CHICAGO, April 15 (UP)—It's four times harder on the heart to be a physician than a laborer or farmer, a doctor reported today.

Dr. Harry L. Smith of Rochester, Minn., drew his conclusions from a study of the clinical records of 1,831 patients at the Mayo clinic. He reported his findings to the American Medical Journal.

Dr. Smith studied the incidence of coronary sclerosis, sometimes called the "disease of the intelligentsia," among physicians, bankers, lawyers, clergymen, laborers and farmers. The affliction is characterized by hardening of the nerves, ligaments and blood vessels around the heart.

Of 307 physicians' records 10.7 per cent revealed incidents of coronary sclerosis; of 300 bankers, 5.3 per cent; of 304 lawyers, 4.6 per cent; of 206 clergymen, 4.6 per cent; of 308 laborers, 2.6 per cent; and of 308 farmers, 2.5 per cent.

"The incidence is lowest among those who do manual labor and highest among those who do mental work," Dr. Smith stated.

Economical Custard Desserts Help To Simplify Hard-To-Plan Menus For The First Spring Meals

EASY-TO-MAKE DESSERT
Custards are easy-to-make desserts. These are made of caramelized sweetened condensed milk

By MRS. ALEXANDER GEORGE (AP Feature Service Writer)
There will soon be an out-of-the-kitchen movement afoot in many households.

For springtime brings playtime and playtime means planning meals that are easy to prepare.

Those meals can't be quite so simple as they might be in the midst of a hot summer, however—when a crisp salad, a few sandwiches and a cool drink often will be more than satisfactory.

But a number of substitutions may be made in the family menu to lighten it even this early in the season. One of the most effective ways in which to accomplish this end is to plan a simpler dessert.

Custards, for instance, are both easy to make and easy to digest. What's more, they are likely to be increasingly economical—because of lower egg prices which generally come in the spring.

Custard Secrets
The secret of making good custard lies in careful cooking. They should be cooked at a fairly low temperature, since too much heat will cause them to curdle. (Baked custard is done when it is still a little soft in the center. It will stiffen when it is colder. Boiled custard is done when it leaves a light yellow coating on a spoon.)

The addition of fruits gives a delightful flavor to many custard mixtures. Nuts, raisins, cocoanuts, candied fruits and dates provide pleasing deviations from the regular recipe. And a variety of sauces, whipped cream or ice cream may also be added.

Sponge or angel-food cakes, topped with jelly and then covered with boiled custard, will prove to be popular desserts. So will tarts, served with rhubarb—or a orange cake served with such toppings as caramel, chocolate, coconut or raisin sauces or crushed fruits.

Below are two desserts which are practical to serve during the coming weeks of spring.

Caramel Custard
4 eggs, beaten,
4 tablespoons sugar,
1 teaspoon vanilla,
1-8 teaspoon salt,
2 cups milk,
4 tablespoons caramel syrup.
Beat the eggs and add sugar, vanilla, salt and milk. Pour into custard cups which have been

mixed with fruit juices. The desserts are made by boiling an unopened can of the milk for three hours, adding a quarter of a cup

of fruit juice or coffee to the contents and heating the mixture until it is smooth. Whipped cream and walnuts are used as garnishes.

A Scientific Truth!

BREAD GIVES SUSTAINED ENERGY!

MEAT AND HOT SLAW TRIPLE DECKER

1 large loaf of bread
2 cups left-over beef, chopped
1 cup gravy
4 cups coarsely chopped cabbage
2 eggs
1/2 cup hot vinegar
1/2 cup water
1/2 teaspoon salt
1/4 cup cottage cheese well seasoned
8 canned apricot halves
2 tablespoons melted butter

Cut bread in 24 slices, 1/4 inch thick; trim off crusts. Butter 16 slices on one side, 8 slices on both sides. Heat meat in gravy, separate eggs, mix together egg yolk, vinegar, water and salt; cook over hot water until thick. Add cabbage and heat thoroughly. Heat egg whites, add to core of 16 slices of bread buttered on one side and with bread buttered on both sides; spread with cabbage mixture. Cover with remaining bread to make cheese mixture on top; arrange half apricot on cheese. Press a slice on to all butter on top and brown in hot oven 20 min. 2 or under broiler. Make 2.

HERE'S a scientific truth worth remembering — Bread furnishes quick as well as sustained energy! Actual laboratory research conducted by leading doctors and food experts proves that Bread digests with a steady release of muscle fuel. It releases its abundant energy slowly and steadily. Therefore, a person eating Bread for breakfast is making sustenance throughout the morning adequate and sure.

Every member of your family will benefit by eating Bread — your best and cheapest energy food.

Chemical Aspects Of Sex Stressed In New Discovery
 CHEAPEL HILL, S. C., April 15 (AP)—The first isolation of a male sex hormone produced by women and the astonishing discovery that this feminine chemical is a more potent influence toward male characteristics than man's own natural hormones was reported to the American Chemical Society today. The discovery was interpreted as meaning that many of the aspects of sex are more chemical and less physical than has been believed. The new point of view is that the important controls of sex are chemical reactions, instead of the chemicals themselves that permeated the body's tissues. The report was made by a group of Pennsylvania State college chemists, the same men who last summer succeeded in artificially making the female sex-hormone, theelin. They are Russell E. Marker, R. V. McGrew, D. M. Jones, E. L. Wittie and T. S. Oakwood. Hormones are chemicals produced by the body's ductless glands. They regulate the work of all organs. The sex hormones are responsible for "secondary sex" characteristics like the deep male voice. The sex hormones of men and women are different. The State college workers for the first time isolated the female-male hormone after obtaining it from expectant mothers.

Ship Canal Engineers Ready If Congress Changes Its Mind

ABANDONED
 This dismal scene is the Florida ship canal as it looked last year when operations were suspended for lack of further funds.
 Ocala, Fla., April 15 (AP)—Army engineers are ready any time to begin again the gigantic task of cutting a ship canal across Florida should congress side with Major General Edward M. Markham, chief of engineers, instead of the war department's board of army engineers. Markham maintains the canal should be completed even though he now believes it will cost some \$34,000,000 more than the original estimate of \$163,000,000. The board declares the project is unjustified economically. Their conflicting reports are being studied by the house rivers and harbors committee. Started in 1935, Engineers on the job have maintained a skeleton force ever since the original allotment of \$5,400,000, which congress refused to add to, ran out in August, 1936. To show for the sum are a cut 10 to 20 miles long averaging 30 feet in depth, a construction headquarters at Camp Roosevelt, and the foundations of the first bridge at Santos—all near here. More than 13,000,000 cubic yards of earth were removed. Started in September, 1935, the project employed some 6,500 persons at the height of operations. Markham's plans for the waterway, the greatest started by this country since the Panama canal, call for a sea-level channel 33 feet deep and 400 feet wide. It would stretch 195 miles from near Jacksonville on the Atlantic to the Gulf of Mexico off Port Englis. Only 90 miles of artificial waterway would be required since the route would follow the St. Johns river (which empties into the Atlantic close to Jacksonville) to a point just south of Palatka before cutting across the state. See Big Saving Engineers say a vessel could steam through the canal in 25 hours, cutting days off the time required to sail around the peninsula. They claim the saving to shippers would amount to \$9,533,244 a year. Opponents fear a lasting damage to the peninsula's underground water supply. Such a waterway was first conceived by Philip of Spala in the 18th century. Congress authorized the first preliminary examination in 1926.

803 Arrests By Police In Year
 City police spent an active year, records of the department showed Thursday. During the 12 months of the fiscal year ended March 31, a total of 803 arrests were made. Of the number 167 were for traffic law violations, and approximately 400 were for drunkenness. Fines paid by offenders aggregated \$5,451. The department had expenditures totaling \$18,821.48 for the fiscal year, \$506.48 in excess of budget. Of the amount spent, \$13,108.62 went for salaries, one salary not accounted for in the formation of the budget since the man was added to permit shifting of the personnel to keep a man regularly at Wanderers Inn. Also included in the department disbursements was an item not to be found there before or again, a capital outlay of \$1,221.14 for the police radio transmitter and receivers. Eight men are employed regularly at the present time, and a ninth during the winter season. Included in the total are the chief of police and two traffic officers.

U. S. SHIPS PREPARE FOR MANEUVERS IN THE PACIFIC ZONE

SAN PEDRO, Calif., April 15 (AP)—One hundred and thirty-nine ships of the United States fleet and 474 airplanes were making last minute preparations today for a series of maneuvers in the Pacific. Within 24 hours the fleet will be under way. Admiral Arthur J. Heppburn, commander-in-chief, is one of the navy's foremost experts on the 5,000,000 square mile area in which the war games will be held. The fleet's 1937 maneuvers will test the defense of Oahu, capital island of Hawaii; will carry out operations in the stormy Aleutians, and will embrace a high seas battle exercise somewhere in mid-pacific.

EXAMINATIONS FOR CIVIL SERVICE JOBS ARE ANNOUNCED

The U. S. civil service has announced open competitive examinations as follows: Assistant chief, mechanical section, social security board, \$3,200 per year. Psychologist (public relations), forest service, \$3,800 per year. Junior agronomist, junior animal fiber technologist, junior biologist (wildlife management), junior botanist, junior bacteriologist, junior entomologist (apiculture), junior entomologist (physiology and toxicology), junior horticulturist (transportation and storage), junior pathologist, junior plant quarantine inspector, junior plant propagator, junior pomologist (fruit breeding), junior soil surveyor, junior soil technologist, \$2,600 a year, department of agriculture. Cost accountant, \$3,200 a year, air corps, war department. Principal actuarial mathematician (pensions), \$5,600 a year, senior actuarial mathematician (pensions), \$4,600 a year, actuarial mathematician (pensions), \$3,800 a year, associate actuarial mathematician (pensions), \$3,200 a year, railroad retirement board. Associate child guidance case worker, \$3,200 a year, assistant child guidance case worker, \$2,600 a year, children's bureau, department of labor. Full information may be obtained from Lindsey Marchbanks at the post office.

SEEK SETTLEMENT IN BANK LITIGATION

NEW YORK, April 15 (AP)—Settlement for \$2,500,000 of an impressive series of lawsuits growing out of what stockholders contended was negligence in handling affairs of the Chase National bank and the Amerex Holding Corp., was sought today by Albert H. Wiggin, former chief executive officer of the two concerns. Wiggin and some of his associates are defendants in suits alleging that, in total, more than \$103,000,000 was lost by the two companies from 1926 to 1934.

AT&T NET INCOME IS \$2.32 A SHARE

NEW YORK, April 15 (AP)—Net income of the American Telephone & Telegraph Co. for the quarter ended March 31 was reported today at \$43,435,751, equal to \$2.32 a share on the capital stock, or seven cents more than the quarterly dividend requirement. In the like quarter of 1936 net income was \$34,442,956, or \$1.95 a share. California has 70 state parks, totaling 293,129 acres.

ADDITIONAL FARM CHECKS RECEIVED

Eleven additional benefit payment checks to farmers for compliance in the 1936 federal soil conservation and building program Thursday boosted total payments to \$192,867.78. The checks, in three groups, amounted to \$471.37. In addition, first, second and third payments on one contract for the 1935 program, checks going to landlord and tenant alike, were received Thursday in the amount of \$300.

Building Cost Is Increased

Both Materials And Labor Higher, Survey Reveals
 MINNEAPOLIS, April 15—Thanks to gradually accelerating rises in building material and labor costs during the past 12 months, the average American family finds it must pay \$4,360, or nine per cent more, in the spring of 1937 to build the same house which could have been completed for \$4,000 at average material and wage levels of 1936.

The identical house would have cost \$3,920 at average residential building cost levels of 1935; at 1926-30 "boom" levels its cost would have been \$4,818, according to a study completed here. Home construction which in 1935 was 80.1 per cent of the 1926-29 average, and 83.0 per cent in 1936, had climbed by March, 1937, to 90.5 per cent of boom time costs, the study shows. In three of the 16 cities tabulated in the report, namely Minneapolis, San Francisco, and Seattle, residential construction costs are already above the 1926-29 levels for those cities. Over the past year the sharpest rises in home building costs have occurred in Boston, Atlanta, Detroit, and Pittsburgh, where March, 1937, levels were 15.8 per cent, 14.2 per cent, 11.8 per cent, and 11.2 per cent, respectively, above the averages of 1936, though in all four cities costs are still below the 1926-29 figures. Both materials and labor have participated in the rise, the survey states. Prices increases on various common items of lumber have ranged from 7 per cent to 18 per cent. Plumbing fixtures are up approximately 10 per cent from a year ago. Iron and steel items have advanced sharply in recent months. In April, 1936, average hourly wage rates paid common labor in the construction industry topped by a fraction of a cent the 1926-29 average of 55 cents; as of April 1, 1937, the average rate was 61.2 cents per hour, a further rise in the past 12 months of approximately 11 per cent. Average hourly wages paid skilled construction labor have not yet reached the 1926-29 average of \$1.33, but have risen from \$1.13 a year ago to \$1.26 as of April 1, 1937, a gain of 11.5 per cent. Fingerprints used as signatures have been discovered on ancient Chinese documents. There is an average of 7.2 automobiles to every 10 homes in the United States.

SOCIETY HEIRESS ON NEW EXPEDITION

SAN FRANCISCO, April 15 (AP)—A San Francisco society heiress, Miss Louise A. Boyd, who already has decorations from three nations for her exploits as an arctic explorer, set out for Norway today and the beginning of a new expedition. Next month she will sail from a Norwegian port aboard the sealer Veslekari to chart the sea bottom north of Norway and determine whether there is a submarine ridge connecting Greenland and Spitzbergen. Miss Boyd will serve as photographer on the expedition staff.

FUNDS SET UP FOR ELECTRIFICATION

WASHINGTON, April 15 (AP)—The Rural Electrification administration announced today the Denton County Rural Electric company may use up to \$30,000 for 533 miles of line in Collin, Cooke, Denton, Grayson, Tarrant and Wise counties, Texas. The Limestone County Co-Operative Electric company, Groesbeck, Tex., may use up to \$250,000 for 260 miles of line in Limestone and Falls counties.

NEW DEPARTMENT MANAGER AT THE FASHION SHOP HERE

James W. Dunn has arrived in Big Spring to assume management of the shoe department of the Fashion Shop. He succeeds Ernest Wisdom, who has gone to Lubbock. Dunn comes here from Amarillo, where he was associated with the Lucille Shop. He has been in the shoe business for eight years. He is at present located at the Crawford hotel. The new department manager invites the public to call at his department in the Fashion.

ELECTION APPEAL

TOKYO, April 15 (AP)—Premier Senjuro Hayashi, in an election appeal to the Japanese people, declared today the acute international situation created for the country by Russia's Asiatic policy and the huge United States and British naval expansion had caused the recent dissolution of parliament.

INCREASE SHOWN BY RETAIL STORES

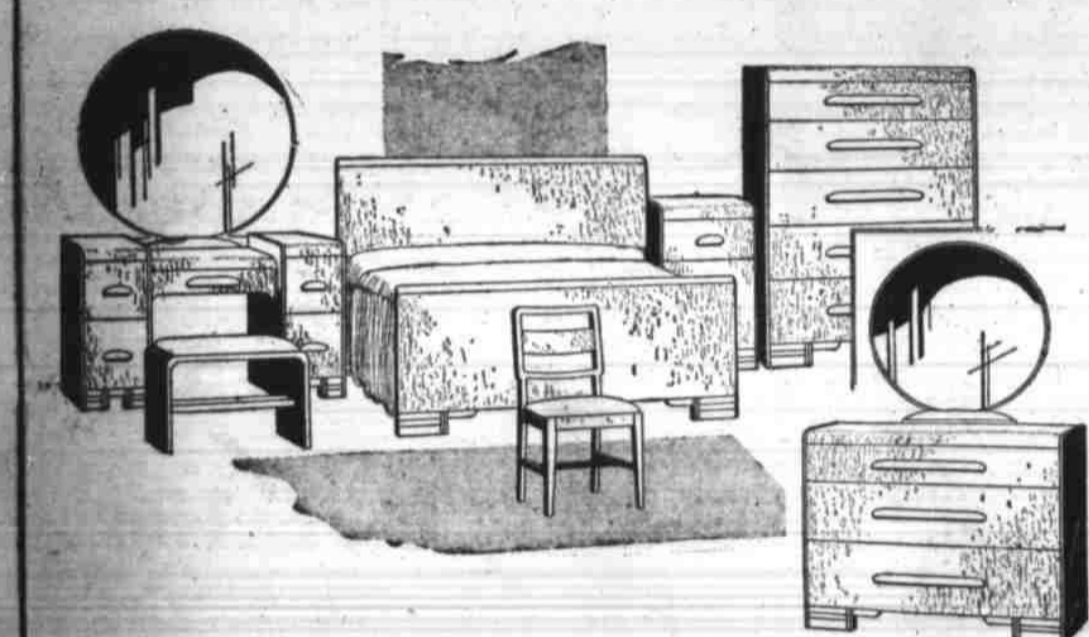

ST. LOUIS, April 15 (AP)—The National Retail Credit association said today 12,926 retail stores in 40 cities reported increases in March, as compared with March, 1936, averaging 6.2 per cent in collections, 12.3 per cent in credit sales and 13.4 per cent in total sales. Thirty-four cities reported increases in collections, two reported no change and four had decreases, according to the monthly analysis. The greatest increase was 22.5 per cent at Pampa, Tex.; the greatest decrease five per cent at Reading, Pa.

PILE AGONY

To all who suffer from piles or hemorrhoids. Follow the simple directions and you'll quickly see how the pain, agony and discomfort can be relieved and removed and comfort once again. No need to suffer the torturing pain another day. Mova Pile Suppositories. Mova's ointment and suppositories are completely natural and safe and guaranteed.

'HOME TOWN' SPEECH EVENT OF WTCC HAS 25 ENTRIES

BROWNWOOD, April 15—Twenty-five towns and cities have entered contestants in the My Home Town speaking contest to be held at the 19th annual convention of the West Texas chamber of commerce in Brownwood May 10, 11 and 12. The contest, an annual feature of the convention, is expected to draw 75 or more entries this year. Entries have been made to date by Gatesville, Iran, Slaton, Lubbock, Albany, Abilene, Archer City, Borger, Breckenridge, Colorado, DeLeon, Eastland, Electra, Florida, Midland, Olney, Otton, Ranger, San Angelo, Santa Anna, Spout, Vernon, Weatherford and Wichita Falls. Winner of the contest will receive the Thomas Etheridge loving cup. Other prizes include scholarships to several Texas colleges and several cash awards. Scholarships have been offered to date by McMurray college, Fort Worth; Abilene Christian College, Abilene; and Central Texas School of Oratory, Brownwood.

Just Received—

Four large shipments of new BEDROOM SUITES in modern and period designs. Never before have we had a stock of bedroom furniture so complete. You will have no trouble in selecting the very suite you have been wanting when you see this enormous stock consisting of over seventy new suites, priced from \$29.95 to \$295.00.

THE SPORTS CIRCUIT

No Trouble For Trammell To Pick Team

PAUL TRAMMELL, boss of the Monarchs WT-NM league baseball team, held school today with about sixty-five youngsters anxious to learn the fine points of the game...

Each club in the circuit can carry only fourteen men including the manager and as many as four may have had professional baseball experience. The others must be rookies.

Out of the six towns in the league, three are farms for major league teams, Roswell, Midland and Hobbs. They will have no school, their players being sent from camps of the majors.

The first annual invitation golf tournament of the Sweetwater country club opens today, and according to E. B. Lovorn, course manager, the sporty nine-hole course is in fine shape.

TEXAS LEAGUE notes from The Sporting News: The Texas league have undergone changes since last year. The diamond at Galveston has been moved farther away from the stands and closer to the fences.

Three clubs in the Lone Star loop are without farms. They are Galveston, Tulsa and Oklahoma City.

San Antonio 6, Houston 3. Dallas 5, Fort Worth 4. Tulsa 8, Oklahoma City 7. Beaumont 3, Galveston 0.

Team—W L Pct. San Antonio.....1 0 1.000 Dallas.....1 0 1.000 Tulsa.....1 0 1.000 Beaumont.....1 0 1.000 Houston.....0 1 .000 Fort Worth.....0 1 .000 Oklahoma City.....0 1 .000 Galveston.....0 1 .000

Fort Worth at Dallas (night). Beaumont at Galveston (night). Oklahoma City at Tulsa (day). San Antonio at Houston (night).

Curtain Down Tonight On Major League Hockey DETROIT, April 15 (AP)—The curtain goes down tonight on major league hockey with the New York Rangers and Detroit Red Wings clashing in the rubber match of the Stanley cup series.

STEEERS EDGE OUT PANTHERS BEFORE LARGE CROWD

BEAUMONT, SANTONE, TULSA WIN

(By the Associated Press) The fat was in the fire today for the eight clubs of the Texas league, newly-launched in their quest for the 1937 pennant.

Managers of the circuit studied the results of the four opening games yesterday (including two night contests) for light on what they could expect from their generally untried outfits.

The winners yesterday were Dallas, Beaumont, Tulsa and San Antonio. They played before 23,644 patrons, of which the largest single group, 10,200, saw the Steers beat out the Fort Worth Cats in an explosive eighth inning.

The Cats' big Ed Greer looked like a winner as he held the Steers to three ineffective hits in the first seven innings he was on the mound. Then Dallas bunched six of its nine hits and capitalized on an error for five runs, their total for the night, to squeeze by the Cats 5 to 4.

At Houston 5,500 fans saw the Buffs drop their first opening game in 11 years. They lost to San Antonio 6 to 3, four errors, a balk and poor baserunning contributing to their defeat.

Galveston's faithful were treated to a fine pitchers' battle in which Paul Poffenberger, young right-hander, triumphed over Eddie Cole, Beaumont defeating Galveston 3 to 0.

Three clubs in the Lone Star loop are without farms. They are Galveston, Tulsa and Oklahoma City. Longview in the East Texas league; Rayne, La., in the Evangeline and Vicksburg, Miss., in the Cotton States. Fort Worth has the Lake Charles, La., in the Evangeline. San Antonio has Palestine in the East Texas and Lafayette, La., in the Evangeline.

Watch Out at the Plate. Note how he cocks his right leg just as he is about to take his cut. It gives him leverage, and helps pull those long drives into the right field stands for home runs.

Al Simmons earned a place among the great right-handed hitters of baseball despite the fact he employed the much-despised stance known as the "foot in a bucket" position. This may have been a wrong, but Al could crash that ball.

McAvoy Hit His Glove Vivian McGrath of the Australia Davis Cup team often applies both hands to his racket when making a backhand shot. He claims it gives more drive to his smash and very likely it does—for him.

"SCHOOLBOY JOE" HOPES TO TRAVEL ROUTE TO BIG SHOW

MOBILE, Ala., April 15 (AP)—Seventeen-year-old "Schoolboy Joe" Chiozza hopes to travel the route his big brother took into baseball's big show.

While Lou is negotiating for a lease on the New York Giant hot corner, Little Brother Joe is firing away at a pitching berth with the Memphis Chickies.

Four years ago Lou made his pro baseball debut with Memphis and at the close of the season was drafted by Philadelphia. The Giants purchased him last season, after aging Travis Jackson's underpinnings finally collapsed.

Lou coaches Joe at every opportunity and thinks he will make the pro ball grade. So does Memphis Manager Billy Southworth.

"He may be two or three seasons away from the majors," declares Southworth, "but I believe he will reach the big show."

The youngster pitched six games in semi-pro ball last year, won four. A third Chiozza brother, Dino, is shortstopping for the Greenwood (S.C.) club of the Cotton States league.

JOE CHIOZZA: He starts where his brother began.

'PLAYBOY' BAER CERTAIN OF VICTORY OVER TOM FARR

At Houston 5,500 fans saw the Buffs drop their first opening game in 11 years. They lost to San Antonio 6 to 3, four errors, a balk and poor baserunning contributing to their defeat.

"I'm Really Serious Now," Former Champ Says LONDON, April 15 (AP)—From the pre-battle statements of Maxie Baer (Playboy) Baer and Tom Farr, it appeared today the referee was the only man who could possibly lose when the two meet for 12 rounds or less tonight in White City arena.

"Sure I think I'll win. I've never been so keen to get into a ring before, even counting when I fought for the championship. I'm really serious now. I'm going to leave nothing to chance."

"I mean to end the fight as quickly as I can," Farr muttered something about "not being worried by the American bluff," then added: "All I can say is that it's just another fight for me. I'm confident that I can come out on top and prove that British heavyweights are not so bad as they are painted."

More certain winner than either the curly-headed former heavyweight titleholder or the British empire champion was the promoter. A capacity crowd of 4,000 was assured, with a gate approaching \$100,000.

Contracts Are Studied In Federal Court

NEWARK, N. J., April 15 (AP)—Madison Square Garden's chances of stopping Jim Braddock from tangle with Joe Louis in June hinged today on federal court interpretation of a mixed-up contractual mess.

Hostile argument of the garden's day in court yesterday, in which it sought to prevent the titleholder's bout with Louis in Chicago June 22, revolved around three contracts between it and Braddock, dating back to the fight in which Braddock won the crown from Maxie Baer two years ago.

Federal Judge Guy L. Fike refused decision on the garden's suit for an injunction to prevent the Chicago Braddock-Louis go, meantime directing garden attorneys to file briefs within a week.

He refused to consider the announced boycott of a Scumelling-Braddock fight as a factor in the case, and took no official notice of a statement by George W. Whiteside, garden counsel, that promoters of a Braddock-Louis fight are "a bunch of outlaws," who should be made "to explain why they pay boxers to repudiate their contracts."

Robinson won the heavyweight crown by outpointing Yancey Henry, only Bostonian to reach the finals.

National Amateur Boxing Titlists

BOSTON, April 15 (AP)—Eight youths, survivors of a field of 196 contestants from 36 states, the District of Columbia and Hawaii, held National Amateur Boxing championships today.

The winners: Heavyweight—James Robinson, Philadelphia. 175-pound—Finnis Hill, Detroit. 160-pound—Ted Cervase, Detroit. 147-pound—Johnny Marquez, San Francisco. 135-pound—Joseph Kelly, Philadelphia. 126-pound—Edgar Waling, Detroit. 118-pound—Morris Parker, Newark, N. J. 112-pound—William Speary, Philadelphia.

Half Dozen Major League Baseball Club Owners Wave Checkbooks At Tom Henrich

Jack Wilson To Hurl For The Red Sox

SEATTLE Strong Man On Hill For Boston Against Baltimore By the Associated Press BALTIMORE, April 15 (AP)—The Boston Red Sox tossed Jack Wilson, the Seattle strong man, against the Baltimore Orioles today, while waiting the return of Manager Joe Cronin.

Cronin has been away a week with Mrs. Cronin, now recovering at the Washington home of her foster father, Clark Griffith, after loss of two children in child birth in Florida. He reported her condition was satisfactory.

WASHINGTON—A final rubber game with the Senators faced the Boston Bees today before they hop trains for Boston and the inter-city series starting Saturday. Beaten yesterday in ten innings, 2 to 1, the Bees sent Ira Hutchinson to the mound to pitch.

RICHMOND, Va.—Manager Burleigh Grimes named three right handers and two southpaws as his Brooklyn Dodger pitching staff for the National League season. The right handers are Van Mungo, Fred Frankhouse and Luke Hamlin, the latter a rookie, and the left handers, Max Butcher and Roy Henshaw.

NORFOLK, Va.—Lee Grisson, Cincinnati Reds hurler, opined today that Augie Brubaker, new ball pen catcher, "wouldn't be so tough." Said Grisson, who claims he won't trip his 12-day crop of whiskers until his first National League win: "Brittain might have been a fighter in the bush leagues but no buzz whose name is Augie will scare anyone in the majors."

KANSAS CITY—The Pittsburgh Pirates and the Chicago White Sox wound up their exhibition series today. Red Lucas pitched for the Pirates and Sugar Cain for the Sox.

SPRINGFIELD, Mo.—The Chicago Cubs faced the St. Louis Browns today in their final spring training exhibition game. The Cubs and White Sox will open a three-game "city series" in Chicago tomorrow.

CHATTANOOGA, Tenn.—There is a rumor current that Leo Durocher, Cardinal captain, has become plate shy since he was hit in the face by a pitched ball at St. Petersburg, Fla., March 31.

PHILADELPHIA—The Phillies and Athletics resumed drills on loose from a four-foot moccasin which wrapped itself around his bare ankle while he was wading a lake near home. . . . The reptile struck five times, puncturing his skin in nine spots. . . . He suffered no serious ill effects after taking anti-venom serum. . . . Moral: Don't step on snakes, in or out of the water.

FISHING FACTS AND FANCIES By DAVID A. CHEAVENS DALLAS, April 15 (AP)—Fishing facts, fancies and fables to tantalize anglers impatiently awaiting opening day for bass and perch May 1. Indications are that conditions are rosier on inland lakes and streams than in several years. . . . Reason: Fewer winter floods; plenty of clear water, lakes and rivers higher than last year and furnishing more food which makes the fish fat and sassy. . . . Anglers who have inadvertently (of course) hooked bass and crappie during March and April report plenty of weight and fight.

SPORTS ROUNDUP by EDDIE BRIETZ

NEW YORK, April 15 (AP)—Here are a couple of hot tips from Texas. . . . First, Sunny Baugh, Texas Christian sharpshooter, will be rifling passes for the Washington Redskins in the National Football league next fall. . . . Second, L. D. (Tiger) Meyer, who scored all 18 Texas Christian points against Marquette in the Cotton Bowl game, is ticketed for the Chicago Cubs when he graduates in June. . . .

The Redskins got laugh in the football draft last year. . . . Sunny turned down his offer of \$5,000 in favor of a \$2,700 coaching berth at T. C. U., but changed his mind right quick when Washington upped the ante to \$7,000. The Yankees were supposed to have the inside track on Meyer, a second sacker, but along came Scout Jack Doyle with a fatter bonus offer and Tiger is Chicago bound.

Clara Mortenson, the gal grappler (or is it grappierette) is chaperoned around the country by her popper and mommer. . . . She's yoozt a little girl. . . . Pop of Clara—who tips the beam at 140 and stands five feet, six. . . . Joe DiMaggio can scarcely speak above a whisper because of those misbehaving tonsils he'll have snagged tomorrow. . . . Pedro Montanez and Lou Burston, his manager, are feuding in a mild way because Pedro insists on opening a bar in Harlem. . . . Lou votes against it. . . . Pete Herman, the old hantam-weight champion, has joined the army of those advising Tony Casoneri to quit. . . . Pete, now blind, runs a hot spot in New Orleans. . . .

Approximately \$3,000,000 worth of baseball talent will be quartered in one hotel here (the New Yorker) for four days beginning April 16 when 115 big leaguers land in New York. . . . The hotel will play host to the Giants, Yankees and Cleveland Indians.

SAVAGE HURLS ONE-HIT GAME Bobby Savage hurled one-hit ball last night as the Anderson Devils swamped Lee's Store softball team, 20 to 1. The Lee Store softballers substituted for a Sweetwater team.

The Lee team came in the third inning. Hines walked, went to second on a wild pitch, and with two away, Baker got a safe lick and Hines scored.

The box score: AB R H DEVIAS Martin, 2b.....3 0 0 Chaney, c.....4 2 1 Savage, p.....3 2 2 Bostick, ss.....4 2 2 Burrus, u.....4 2 2 Oliver, rf.....4 3 2 Battie, 1b.....1 0 0 Wells, cf.....1 0 0 Rowe, if.....1 0 0 Womack, 2b.....2 3 1 Smith, 1b.....2 2 2 Miller, cf.....3 1 1 Watson, if.....3 0 1 TOTALS.....25 11 1

Women Golfers Meet Friday For Team Play Members of the women's golf association will meet at the country club Friday at 10:30 for their regular weekly team play.

Mrs. Harry Stalcup, chairman of the country club house committee, announced that members desiring use of the club house should make reservations with her. Other members of the committee are Mrs. E. O. Ellington and Fred Stephens. A charge of \$2.50 will be made for use of the club house with an additional \$1.50 charge for use of the kitchen, Mrs. Stalcup said.

their home fields today, preparing for the big league opening game next Monday. The Mackmen will travel to Baltimore tomorrow to play the Baltimore club of the International League and will meet the Phils in the fourth and fifth games of their city series over the weekend.

DANVILLE, Va.—Pat McLaughlin, rookie right-hander staying with the Detroit Tigers on borrowed time due to Tommy Bridges' injury, got a chance today to lengthen his service with a major league nine. He was picked to pitch against Cincinnati.

Milky Way Stables Have 'Best Three'

Reaping Reward, Case Ace And Military Are Tops, Trainer Says By FELIX R. MCKNIGHT ARLINGTON DOWNS, April 15 (AP)—Trainer Bob McGarvey, 32 years in the business, pushed a floppy hat back over his grey hair, squinted at a stop watch, dangled his legs from a perch atop the fence and started in.

"Son, there are three of the fastest things that ever had on four shoes." Three negro stable boys tugged at halter straps on Reaping Reward, Case Ace and Military. Mrs. Henrich, who has trained the trio of Kentucky Derby candidates, "Just look at Reaping Reward. Why he looks like he's ready to go into a show ring instead of a track."

TEXAS DERBY ENTRIES ARLINGTON DOWNS, April 15 (AP)—Nine, maybe ten, fleet thoroughbreds will parade post-ward here Saturday for the fifth running of the \$15,000 Texas Derby before what track officials predict will be the largest racing throng in the state's history.

Three Kentucky Derby candidates including the Milky Way Farms' great Reaping Reward, are included in a list of probable starters today. Top impost of 123 pounds was assigned Reaping Reward, which worked nine furlongs under restraint at 1:52 in an early morning workout. Clockers shook dead tracks, however, when Heffely, the pride of Texas, whirled the same route in 1:51, doing an amazing workout mile in 1:38 2/5.

Military, a superb mudder, may not start if the track is dry and hard, Trainer Bob McGarvey said. Robert L. the Bedford Stock Farm's surprise winner in the Texas Derby trial last week; Dead Calm, Mrs. C. Gregory's fleet colt; Palm, Mr. T. Marshall's threat; W. C. Stroube's Sun Pilot; Mrs. V. Wyse's Gallant Eagle and Eastport were other starters.

Trysaurry, the J. T. Withers III filly, was listed as a doubtful starter. Previous winners of the Derby are Bohled, 1935; Flight, 1934; Roman Soldier, 1933, and The Fighter, 1936.

Picture of horse—that's what that horse is. His coat looks so good way and then start pushing him. He it would take a real horse to outrun him right now and we're not training him hard.

"What a horse—that's a horse. He can beat anything on four legs when he's right. Can he run the Kentucky Derby distance? He can run anything. He simply flies away from the post and—oh well, he's just about the fastest thing that ever had on four shoes."

McGarvey, beloved master of the Milky Way stables, talked lightly of Case Ace's failure in Bluebonnet handicap event here last Saturday. He finished a poor fifth.

"Robbie (Jockey Alfred Robertson) told me the long parade to the post apparently unnerved Case Ace. It must have been 25 minutes before they reached the post after hitting the track. He was nervous as a cat and didn't even know the way to the paddock. He started poorly, stumbling at the post. I thought he had wrenched his back. He wasn't hurt—just nervous."

Trainer McGarvey then took time out to "speak" the track for allowing too much time to elapse after the horses have reached the track and paraded to the post. He blamed last-minute encouraging of mutual play for the delay.

BILL TERRY TO OFFER \$20,000

CHICAGO, April 15 (AP)—A half dozen major league baseball clubs waved checkbooks today at Tom Henrich, husky young outfielder whose 348 minor league batting average promised future greatness.

Henrich was freed from the Milwaukee club of the American association by baseball Commissioner Kenevas Mountain Landis yesterday, in a ruling that carried an implied rebuke to the Cleveland Indians for attempting to "cover up" the player to prevent his advancement to major league surroundings under the draft rule.

At the head of the list on Henrich's trail were the New York Giants, whose manager, Bill Terry, was on record as saying he would offer \$20,000 to sign the outfielder. The Cincinnati Reds were "interested but did not intend to go haywire on the matter."

A's Make Offer Connie Mack has made an offer of an undisclosed sum to Henrich, and Clark Griffith, owner of the Washington Senators, declared he was interested but cannily said his action would depend on how high Henrich's terms were.

Commissioner Landis ordered that Henrich, who has played with Milwaukee only in spring training games, withhold consideration of offers until Friday.

DEFENDS TITLE CHICAGO, April 15 (AP)—Katy Rawls of Miami Beach, Fla., last night successfully defended the 300-yard individual medley swimming title for her 22nd triumph, in the opening program of the annual indoor A.A.U. title meet at the Lake Shore A. C., breaking a tie with Mrs. Eleanor Holm Jarrett, and Helen Madison, star of the Washington A. C. of Seattle.

Tonight she will try to make it 23 victories when she defends her 100-yard breast stroke championship. By the end of the week she aims to add the 220 and 500 yard free style championships to her record collection.

the distance, in fact, I believe he can go a mile and a half at his best speed. He's ready to run right now, but he just doesn't like a hard track."

Thirty-two years around race tracks—with his father there before him—has taught McGarvey a few things about the turf. He personally handles the stable and is the idol of every jockey and stable boy.

Harrison's education subsidy bill opposed by Roosevelt.
 Objections seem to automatic allocation of money.
 New tax provisions reported drafted by treasury.
 Final decision on levies delayed by congressional opposition.

Subsidizing
 WASHINGTON, April 15—Speculators nearly fell out of the senate gallery when floor leader Robinson fought against finance leader Harrison's bill for a \$200,000,000 annual federal education subsidy. It was as if Damon had struck Pythias.

Administration senators could not ascertain which leader to follow as both are supposed to represent whatever President Roosevelt wants.

The answer is Mr. Roosevelt will veto the Harrison bill if it ever gets to him in its original form. Senator Robinson had some private advice from the White House to that effect.

The president's strongest objection to the bill is that it allocates the money to states automatically on the basis of their relative population, giving Mr. Roosevelt no say-so whatever in the distribution of the funds. He may not mention it in his veto message, but if any spending is to be done, Mr. Roosevelt wants to do it.

After all, the people might just as well elect a republican president if they are going to get their share of the federal loot automatically and not from the presidential hand.

Note—An amusing angle of the Harrison perpetual subsidy bill is that Senator Harrison is a leading advocate of economy, balancing the budget and an ardent opponent of increased taxes. So much inconsistency has developed here lately, however, no one takes the trouble to mention such things any more.

Taxes
 Henry Morgenthau's facile tax maker, Herman Oliphant, counsel to the treasury, is supposed to have drafted of several new tax law provisions hidden somewhere about his person, probably in the sole of his shoe.

The ideas were taken out and discussed at a secret meeting of certain congressional leaders and treasury authorities, but they failed to arouse any enthusiasm whatsoever. The congressmen were almost violently opposed to any tax legislation of a general character.

On the other hand, it is supposed to have informed the treasury that, if it wanted a tax bill, it would have to get another congressional leader to handle it.

That threat will not be carried out, but it reflects the deep bitterness of all congressional leaders to the thought of additional taxation. They want to pass a resolution concerning the taxes which expire soon, and let it go at that.

No one in the know considered it strange that the leader of labor thus denounced labor's great victory in the courts.

If the decision is fairly enforced by the labor relations board, Lewis will become a mere agent of labor. He will lose his power to call sit-down strikes, his power to dictate wages and hours. His political prestige will wane.

The board will become the dictator, not Lewis.

Perpetuation?
 Many a politico on Capitol Hill is surmising that the main reason for continuance of the president's court fight is to pack it for future White House generations.

The know of only one other legitimate reason for pursuing the issue. If the court is packed, the AAA crowd might be able to revive stronger production control program. The truth is AAA-ers probably have enough power now to effect their purposes, although they would sooner die than admit it while the president is using that as an argument justifying his court program.

Nothing is now pending in the court to make packing advisable from a White House standpoint. The only case yet to be decided is the processing tax case, which might cost the treasury a billion dollars if decided against it. Another is the Alabama unemployment insurance tax, but indications are the court will certainly uphold that by a 5 to 4 opinion. The court was divided 4 to 4 on the same question in the New York case when Justice Stone was absent. Stone clearly hinted, in his questioning of counsel during recent arguments, that he believes the tax should be upheld.

Few accept seriously the suggestion that the court might change its mind again, or that wages and hour legislation might be declared unconstitutional, if carefully drawn.

Justice
 Justice Roberts has been working in his office at night frequently. The watchman noticed him plodding out rather late and suggested to the justice that things were coming to a pretty pass when a supreme court had no maximum hours law.

"Yes," ruled Mr. Roberts, "no sit-downs for us."

Saved
 A leading government attorney beamed at the Wagner victory. Particularly he liked the dissenting opinion of Justice McReynolds because it appeared to give some substance to the president's contention that the court was liberal.

Said the government attorney: "Justice Hughes saved the court and McReynolds saved the president."

Deflation
 The only one who had an unkind word to say immediately about the Wagner decisions was John Lewis, who made his workers sit down and the nation sit up.

No one in the know considered it strange that the leader of labor thus denounced labor's great victory in the courts.

If the decision is fairly enforced by the labor relations board, Lewis will become a mere agent of labor. He will lose his power to call sit-down strikes, his power to dictate wages and hours. His political prestige will wane.

The board will become the dictator, not Lewis.

Hollywood

Sights and Sounds
 By Robin Coons

HOLLYWOOD—Helen Broderick has nothing against pictures except that she doesn't like to work in them.

"I wish they hadn't taken up my option," the very droll lady said, "but I hope they take up Broderick's. (That's her grown-up son). He loves movies. The kid's an exhibitionist. Even more than I am. You have to be or you get it worse than others."

"Me, I just can't get used to the way pictures are made. We start a picture and I never know where I am or what I'm doing. We jump around so. We shoot a few weeks and a month or so later we have a preview, and until then we don't know whether we've been shooting for fun or have actually hit a duck. It constantly amazes me, the way pictures develop from these disjointed fragments."

Lines Stage

"I'd like to go back to the theater. In a picture, if you turn out a job halfway decent, you don't know whom to thank. It might be any or all of eight or nine people, from director to cameraman to sound man to the rest of the crew. I go around thanking everybody, myself. On the stage you can just thank the author for his play and the management for a nice production."

"No, I'm not as frightened at the camera as I was at first. But if any actor tells you he's feeling his role in front of it, you tell him he's lying. You can't feel anything. You can't because you know the camera's there and you wonder how you look. Now why should I care how this kisser of mine looks? I don't know, but I do. . . . Not that I go to any lengths about it. I can't be bothered moving other actors around to get my best angle, if any, to the lens. . . . I've been advised, seriously, that it's the thing to do. . . . And that reminds me," she chuckled, "speaking of exhibitionism—do you ever notice the pictures of us movie people in the magazines? The at-home, informal pictures? Well, there's one of a star and his wife—she's an actress, too—at the breakfast table, and I give you my word the he's cheating on her while she smiles at him. He doesn't see her, because she's got her best angle out front, and the angle makes him look right past her. Cheating on his own wife!"

Head On Eye

There's another reason brood Helen doesn't like pictures.

Hails New U.S. Sea Safety Plan

NEW YORK, April 15 (AP)—The U. S. government now has in force new standards of construction and inspection which make American ships the safest in the world, Col. J. Monroe Johnson, assistant secretary of commerce, told the eighth annual convention of the National Safety Council in an address today.

He said that since the Moro Castle disaster, regulations have been so revised and amended that when recommendations have been fully met a recurrence of such sea disasters will be "virtually impossible."

Providing of a continuous discharge back for seamen, enabling accurate determination of competency and dependability of crew; increase of inspector personnel, more stringent requirements concerning fire hazards and life saving equipment and creation of distance finding stations at sea were listed by Colonel Johnson among improvements adopted by the department of commerce.

He said materials now are available for construction of fireproof vessels without increasing cost or weight.

Parade of Death
GREAT FALLS, Mont. (UP)—One of the most unusual parades ever staged in this state was held here calling attention to the highway death toll in the state. Several vehicles, including hearse, ambulances and trucks, each bearing a coffin, formed a procession through the city's main thoroughfare.

EVIE'S ORCHARD

By MARGARET WIDDEMER

Chapter 15
BEFORE THE FIREPLACE
 Denny came back downstairs, fresh from brushing and cold water, and demanded to help explore. Hand-in-hand they went over the old house. Denny's spirits were high; and in spite of her hard day's work Evie found herself rising to meet them.

"Isn't it heavenly?" he whispered, stopping to catch her in his arms as they went through the hall. "Isn't it like being married, just you and I alone in a house? It won't be long now, you'll see, sweetie."

"Not long now," she echoed happily.

They ate their sandwiches and milk on one of the old jappaned trays, before the replenished fire. They held hands, toasted crullers as an experiment, kissed across the tray at odd times, began to roast apples and forgot them till they were crisped.

"The wood burns well," Denny said, assuming a competent air, after they had put everything away and come back to the fire. "Why are you getting it?"

"George Cleveland brought it in. You know, he's really awfully decent. He's helped us like everything, and turned in Adriano too."

"Sure, all the virtues," said Denny, with a note of jealousy. "Doing what I ought to have done if it weren't for this cursed poverty that makes one have to crawl to people!"

"Denny, you idiot! If you had the Cleveland's money you'd no more put up beds and carry down furniture than the Queen of Sheba."

Denny conceded the point, a hand in her soft glittering hair. Suddenly he began to laugh.

"Anyway, it's something to have a girl who can get all the local nobility and gentry doing her chores the second day she gets here!"

"The first," said Evie impudently. Denny, sitting on his heels before the well-laid logs in the high square fireplace, sat back suddenly and shouted with laughter.

"All you have to be is a well-made monster and the nice come dropping in even if you're in the Berkshire wilderness!" he said. "But look here, sweetie, Uncle Henry will slap. Is the old boy really coming back tonight?"

"Mhm." She had set the fat old love seat, with its fraying brocade, at one side of the fireplace where she remembered it. She was leaning back in it, normally set set yellow hair stood up wildly over her head, like a tousled child's. She hadn't taken off the long tight yellow apron; it wound about her, cutting every shallow soft curve of breast and hip and knee. Her lovely slim bare arms, a light gold down lying up the forearms, were locked behind her head, one long leg in its dusty brown ghillie and the other stretched out, balancing her as she stretched. Denny's face lighted, and he stopped talking for a moment as if his eyes couldn't have enough of her. They had set a tall candlestick at each end of the mantel. He stood up and lighted them, then dropped beside her.

Denny is impressed.

"Oh, you beautiful!" he said. "I'm going to stay right here, getting up to look at you from time to time. . . . I say, Evie, what a good Christmas card we'd make—First Night in the Old Home—what?"

"Mind?"

"I'd be a Helen Hokinson New York cover if you'd be the other half of the sketch. That's how far my object worship goes. Besides, I'm impressed. I didn't know you owned a full set of household goods in the best colonial style."

Denny was impressed. She'd forgotten he was a southerner. She remembered that he had never known much more about her background than she had about his; less, indeed, because Denny sometimes discoursed with a scornful sneer of his mother's outworn lamentations over the things burned by Sherman. "I didn't realize you were old American."

"What did you think?"

"Thought you were second-generation Scandinavian," Denny said frankly.

"Because I have yellow hair that's natural? You can still find Saxons in New England, Aunt Lina always said. I didn't realize you were old American."

"What did you think?"

"Thought you were second-generation Scandinavian," Denny said frankly.

"Because I have yellow hair that's natural? You can still find Saxons in New England, Aunt Lina always said. I didn't realize you were old American."

Corn Imports To Reach New High By July

Federal Economists Estimate Total Will Exceed 50 Million Bushels

WASHINGTON, April 15 (UP)—Imports of foreign corn in the fiscal year ending June 30 will exceed 50,000,000 bushels for an all-time record, department of agriculture economists estimated today.

During the first seven months of this year 31,218,520 bushels of corn were imported and most of it shipped to American farmers for fattening livestock. Importers reaped a rich harvest due to high American prices.

Official department of agriculture figures showed foreign corn is pouring into this country in unprecedented quantities from Argentina, Canada, Mexico, Yugoslavia and the Dominican Republic. The average is slightly more than 4,250,000 bushels a month.

Protests in Congress

Some Middle West members of congress have protested that the restrictive policies of the AAA threaten to jeopardize this country's dominant position as an agricultural export nation. Department of agriculture officials, however, blame the droughts for shortages of domestic corn.

The department of agriculture crop reporting board estimated that if planting intentions are carried out, and abandonment is average, about 95,000,000 acres of corn will be harvested this year. This is a slight increase over last year's figure, due to the drought, but is 8 per cent smaller than the 1925-26 average.

During the first four months of this marketing year, beginning Oct. 1, imports of 24,225,000 bush-

els of corn were sufficient to cause some "small adjustment in domestic prices," federal economists said.

About 75 per cent of imported corn comes from Argentina. The total during the first seven months of the current fiscal year was 25,444,432 bushels; Canada sent 4,623,835 bushels; Dominican Republic, 214,470; Mexico, 174,912; Yugoslavia, 116,632, and all others 194,228 bushels.

Larger Imports Due

With prospects favorable for an above average 1936-37 Argentine crop, imports may be expected to be large during the next few months. The volume of corn coming into this country has increased "quite rapidly" since termination of the coastal labor strikes, officials said.

Importers have reaped a rich harvest on Argentine corn sold in this country. White No. 2 yellow corn has been selling at around \$1.15 a bushel in Chicago, economists said, in Buenos Aires yellow La Plata corn sold at about 55 cents, a margin of 60 cents a bushel.

A bushel of Argentine corn delivered in Chicago costs an Argentine exporter approximately 70 cents, giving a net profit of 45 cents on every bushel imported. For the full year it is estimated importers will make a profit of approximately \$20,000,000.

Liquor Tester Plenty Efficient

WASHINGTON, April 15 (UP)—The government has developed a liquor tester that can get everything out of a gallon of grog except, perhaps, "Sweet Adeline."

"This guzzling gadget is of glass, steel and rubber. It is the bureau of internal revenue's latest way of learning what you do to stiff drink—and what it does to you.

Designed to determine just what whiskey is—which isn't as easy as it sounds—the tester among other things can:

1. Take on a terrific load and be ready for a hard day's work the next morning.
2. Distill a beverage 125 times, which is like going to 25 cocktail parties in a single afternoon.
3. Stop in the middle of a gallon and give a correct account of its feelings.
4. Imbibe without hangovers.
5. Operate at capacity for days without the police having to look in on the activity.

Officials predict the apparatus will be the best thing in 25 years to run down the family tree of a bottle of whiskey and report on its chemical grandparents.

POPE ADDRESSES 4,000 PILGRIMS

Seated on his throne, Pope Pius XI is shown as he received 4,000 pilgrims in Vatican City at the feast of St. Teresa of the Child Jesus. Save for his reception of a group of honeymooners, it was his first general audience since his recent illness.

FRED APOSTOLI ON TRAIL OF FRED STEELE

NEW YORK, April 15 (UP)—The bellhop, Fred Apostoli, was on the trail of middleweight Freddy Steele today.

Fresh from stopping slugger Solly Krieger of New York in five rounds at the Hippodrome last night, the San Francisco battler loomed large as a challenger for Steele in a title match outdoors this summer.

In fact, promoter Mike Jacobs, who put on last night's show, which attracted more than 4,000 fans and a gate of \$8,387, already had offered Steele \$35,000 to meet the winner of the fight.

GRADY ACUFF TO MANAGE REBELS

Grady Acuff has taken over the management of the Rebels and the local baseball outfit will be known as the Co-Op Rebels. According to the new manager, the team will be outfitted in blue uniforms carrying the Co-Op emblem.

All teams in this vicinity interested in scheduling games with the locals are asked to contact Acuff. The Rebels lost their first game last Sunday, 16-4, to Coahoma.

SETTLERS, OWENS PLAY FRIDAY

The Settles Roadrunners and Owens' Stationmen will meet in a practice game Friday night at 7:30 on the Mundy Park diamond.

It will be the initial game of the season for the Settles outfit. Owens' Stationmen have played three practice games, winning two.

Howard Thomas, Roadrunner manager, will probably hurt for Settles, while L. D. Cunningham will pitch for Owens.

Huskies Begin Defense Of Crew Racing Laurels

SAN FRANCISCO, April 15 (AP)—Champions of the world in the sport of eight-oared rowing, University of Washington's Huskies begin defense of part of their crew racing empire Saturday against their oldest rivals—University of California's Bears.

The spring meeting between the two Pacific coast rivals has inaugurated the country's crew competition since 1903.

Boys Of 15 Get Chance To Be British Fliers

Youths Enlist As Aircraft Apprentices For Long Service

LONDON, April 15 (UP)—British will have no lack of men to fly and service the 10,000 fighting planes the rearmament program will provide.

The romance attached to flying and the fact that aviation trades have a bright future have relieved the Royal Air Force of recruiting problems faced by the army. Also, the pay is better, since there is greater risk, but this very element of adventure and danger draws a high type of recruit to the R.A.F.

Alone of the three services, the air force is ahead of schedule on personnel expansion, and, with the impetus of the tremendous appropriation of \$412,500,000 for 1937—an increase of \$180,000,000 over last year and approximately four times the amount in 1934—service in the R.A.F. is expected to be made even more attractive to British youth.

Enlist As Apprentices

The term youth is used advisedly. Since early in 1935 the R.A.F. has enlisted more than 5,000 boys, aged 15 to 17, as aircraft apprentices. When they reach 18, they automatically enter a 13-year enlistment period, which may be extended to 24 years. They are taught aircraft trades and duties. If they show especial aptitude they become pilots.

The requirements of intelligence, education and physique are higher in the R.A.F. than the other services, and, although the army and navy also take boys, the air force places the greater accent on youth.

An intelligent enlisted man, who becomes a sergeant pilot or flight sergeant pilot not only has learned a valuable trade, but he "a far more fortunate than a man of equal rank in the army or navy in regard to pay. Base pay for a sergeant pilot is \$312 a day, which rises with promotion and length of service. A certain number become commissioned officers.

2,500 Pilots Needed

When the present expansion of the air force, greatly accelerated by rearmament, was begun in 1935 it was announced that 2,500 pilots and 20,000 aircraftmen were needed by April 1, 1937. Some 500 pilots were obtained from the enlisted personnel. The rest came from civilian life, the majority of them entered as officers on short term (four year) commissions. In this group young men "of good personality and education" from 18 to 25 were accepted, and trained at R.A.F. schools.

There were many more applicants than there were places, so provision was made for direct entry of young men of secondary education, for training to become pilots.

The pay of the short term officers began at \$1,625 a year and was raised to \$1,900 at the end of 12

14 Teachers At Stanton Renamed

STANTON, April 15—Fourteen teachers were re-elected, one conditionally, at a meeting of the Stanton school board here Monday night. Supt. W. C. Glasener had previously been re-elected.

Teachers named for another term were: Mrs. Phil Berry, Irvin Chesnut, Lila Faye Everett, Mrs. W. C. Glasener, Harold D. Haley, R. C. Henderson, Jimmie Henley, Mrs. Witt R. Hines, Mrs. Grace L. Jones, W. E. Kelly, Mrs. J. A. La-

Yearly Bonus Paid

The pilots began at \$1,500 a year, which rose to \$1,350 when they qualified to fly. In addition, short term officers at the end of active list service receive a bonus of \$500 for each year served after the first year, and the airmen pilot board receive \$125 a year for each year after the first.

Mr. Mrs. Phyllis Morris, Beverly Tidwell, Joan Vitz.

Vocational agriculture will be added to the curriculum next year, dependent on meeting state requirements, the president of the board, J. N. Woody, said.

The board will meet the board of the Lenora school Thursday night, relative to sending high school pupils from the latter school to Stanton high school.

BREAD PRICES IN CITIES ADVANCED

CHICAGO, April 15 (AP)—Increase in bread prices recorded in several large cities this week was termed by W. M. Quinlan of the American Bakers' association today "a natural and long overdue reaction" to rising production and distribution costs.

Bread prices were increased in New York, St. Paul and Cleveland. A member of the bakers' club board of governors predicted a rise in Chicago prices.

Don't Pay Over 25c For Medicine Friday & Saturday

To Men and Women Suffering From Poor Health—Here's Good News for You! Scientific Medicine Relieves Acid Stomach, Stimulates Flow of Liver Bile, Flushes Out Sluggish Kidneys, Relieves Nervousness and Constipation

Every person who suffers can have a liberal introductory bottle of the World's Newest Medicine to try for 25 CENTS. Simply read the offer below. Do this in your own interest.

This new and scientific medicine, known as Van-Tage, has already been used by 20 Million Sick People. Therefore, we offer the trial bottle at 25 CENTS, because we believe the people who are benefited will keep on using it. The regular full-size price of this medicine is \$1.35.

G. H. Mosby, Originator of the Van-Tage formula of 30 ingredients, who chooses Friday and Saturday to offer his medicine purely on a trial basis at a fraction of its actual value.

WHAT IT IS!

Van-Tage is a new, advanced medical compound of 30 medicinal drugs, 21 of which are the Finest Natural Herbs, and not one a habit-forming drug. It is taken after meals and mixes with the food in one's stomach, thus throwing off the poisons that foster stomach troubles and stimulating the kidneys and liver to function more efficiently. It acts within 10 minutes to relieve gas pains, sourness, bloating and belching. It will not grip or cause you like ordinary liver medicines, but it will stimulate the flow of fresh liver bile in your system. At the same time Van-Tage helps drive poisons from the kidneys by its diuretic action and thus relieves backaches and bladder irritation. Helps strengthen "frayed" nerves irritated by toxic end-products in bowels.

Now, whether Van-Tage will help you as it has thousands of others—whether it will relieve your suffering in a day or a week—remains to be seen. But in light of what it has done for others, it is surely a mistake not to try it for 25 CENTS, only a fraction of its worth. This introductory offer is good Friday and Saturday ONLY, so read the rest of this announcement and act at once. Do this in fairness to yourself, your family.

WHAT IT WILL DO!

Van-Tage will help cleanse your bowels (gradually—not drastic or severe).

It will bring out awful gases and impurities (frequently from the first dose) which may have been inside you a long time, causing you many days of misery with headache, dizzy spells, skin eruptions and itchy, stinging, tired feeling.

Van-Tage will relieve acid conditions and make the digestive organs sweet and clean and give quick relief from gaseous indigestion, bloating, sour stomach, shortness of breath and dyspepsia.

IT WILL give you a great appetite; a keen desire for food!

Van-Tage will act as a diuretic

to sluggish kidneys and flush out quantities of impurities that may have become dammed up inside, causing BACKACHES, SHARP PAINS and URGING AT NIGHT.

It will make your liver more active; will clear away old bile deposits, thus relieving spells of biliousness and sick headache.

Rheumatism is often caused by acid arising from stomach hyperacidity. Neuritis is also many times traceable to an acid stomach which poisons the nerves.

IT WILL aid in clearing up skin eruptions that are caused by the impurities in the organs, will assist in overcoming the sallowness or "muddiness" that is due to liver bile in the system and will work to restore the ROSEY GLOW OF HEALTH into your cheeks.

Van-Tage will act on your sluggish stomach, liver, kidneys and bowels, thus helping to build you up in general and make you LOOK, ACT and FEEL like a DIFFERENT MAN or WOMAN.

To get your first bottle for 25c (Friday and Saturday ONLY) bring coupon to store below:
