

## Reservations Coming In For Luncheon Honoring Solons

### Large Group Of State Officials To Stop Here Sunday Noon; Arrangements Completed For Brief Program

Reservations were being received today for luncheon Sunday noon honoring members of the state legislature and state officials.

The solons will be returning to Austin from an inspection trip to Lubbock where they will view Texas Tech college Saturday.

Dispatches from Austin today said that 65 members of the legislature, joined by other state officials, left on the Lubbock junket. With the lawmakers were Lon A. Smith, member of the railroad commission, and Wallace Reilly, member of the unemployment compensation commission.

The party was in charge of Sen. G. H. Nelson and Rep. Doyle Settle of Lubbock. Traveling in two buses, the group lunched informally at Mason and was due to arrive in Sweetwater in time for dinner at 8 p. m.

W. T. Strange, chamber of commerce manager, and Joseph Edwards planned to attend this evening's entertainment in Sweetwater.

Immediately after the dinner, the solons will resume their trip to Lubbock, Saturday they inspect the college and will be feted to a dinner and dance by the Lubbock chamber of commerce which is also financing the trip.

Leaving Lubbock at 9 a. m. Sunday, they are due to arrive here at 12:30 p. m., to be guests of the Big Spring chamber of commerce.

Rep. Penrose Metcalfe, San Angelo, has been invited to serve as master of ceremonies for the affair. James Little, Big Spring attorney, will make the address of welcome, and if Walter Woodul, lieutenant governor, is in the party, he will be asked to make the response, Strange said. The entire program will be brief, according to the chamber of commerce manager.

## FD Expected To Put Court Change First

### Remains Silent In Face Of Attacks, Suggestions For Compromise

### FARM, LABOR BILLS WILL HAVE TO WAIT

### Opposition Strengthened By Addition Of Norris To Cause

WASHINGTON, Feb. 12 (AP)—The temper surrounding the Roosevelt court reform proposals failed today to stir the president into making direct comment on opposition attacks or suggestions for a compromise.

## GM Speeds To Open Plants As 'Sit-Downers' March Out

### Flint Scene Of Rejoicing As 'War' Ends

### Strikers Join Their Families; Guardsmen Are Being Moved

FLINT, Mich., Feb. 12 (AP)—An armistice spirit, exuberant and joyous, held full sway today in embattled Flint, capital city of General Motors strikers that have ended at last.

The "war" was over, taut nerves relaxed, and 1,000 "staying" strikers were reunited with their families. Cheering crowds that watched jubilant strikers march from three General Motors plants late yesterday looked forward to another march next week—a parade of 43,000 idle workers' back to jobs.

Col. Joseph H. Lewis, commanding the 3,300 national guardsmen that have been on strike duty here, said demobilization of the soldiers would begin tomorrow with the evacuation of the 106th cavalry and the 119th field artillery.

All Troops To Be Moved

With their departure about 2,300 troops will be left in Flint, but these also will be moved out within a few days, after full production is resumed in General Motors plants.

A legal disarming also impended as General Motors attorneys prepared to ask for a dismissal of a court injunction and a writ of attachment calling for the arrest of the strikers.

A spontaneous celebration that dwarfed all demonstrations during the six tense weeks of recurrent crises began at Fisher Plant No. 1. The participants carried balloons, flags, horns, confetti and paper streamers.

"Sit-downers" in Fisher Plant No. 1—where the first strike in Flint began December 30—were the first to march out after a unanimous vote on the agreement. Their withdrawal started a parade, accompanied by the din of auto horns, which moved on to Chevrolet Plant No. 4, seized by strikers February 1, and to Fisher Plant No. 2, across the street, occupied on December 30 along with No. 1.

### LINCOLN'S 'LATEST' PICTURE

This photograph of Abraham Lincoln only recently was added to the photographic collection of the Smithsonian Institution. It was taken after the 1860 election and the photographic plates, broken in shipment, were held in the dead letter office after the government settled the damage claim. (Associated Press Photo)

## 140,000 Will Go To Work At Higher Wages

### Operations To Be Resumed At Some Factories By First Of Week

DETROIT, Feb. 12 (AP)—General Motors corporation today ended more than 50,000 of its automotive employees, idle for one to two months, to return to their jobs Monday as the start of an intensive drive to catch up with production lost on account of prolonged strikes.

DETROIT, Feb. 12 (AP)—General Motors corporation speeded preparation today to start again the wheels of its mammoth industry and restore full-time work to 140,000 strike-affected employees at increased wages.

The Buick division of the world's largest automobile producer was the first to announce its reopening. It said 12,500 of its 16,000 workers at Flint, Mich., would return Monday, and the remainder would be called back during the week.

William S. Krudsen, executive vice-president of General Motors, said that within 12 days after operations are resumed the corporation would be operating at capacity. This calls for the production of 225,000 passenger cars and trucks monthly.

## New Baby Heir To Italian Throne

### Nation Joyfully Celebrates Birth Of Son To Princess Marie Jose

NAPLES, Feb. 12 (AP)—A boy who may some day rule the Italian empire was born today to Crown Princess Marie Jose in the 17th-century royal palace overlooking sparkling Vesuvius bay.

Naples and Italy began festive celebrations in honor of the newest member of the royal family who follows his father, Crown Prince Umberto, directly in the line of succession.

The birth, characterized by palace officials as "most easy," occurred at 2:15 p. m. (7:15 a. m. CST). The first announcement was made almost an hour later when a palace aide, following Italian custom, hung a blue and white ribbon on the door of the royal residence.

Although a birth is usually announced by only a white ribbon, the blue was added today because it is the color of the royal house of Savoie.

The crown princess, attendants said, was "resting comfortably" and "rejoicing because she had given Italy an heir."

Even before booming cannon signaled the royal birth and newspapers rushed extra editions, the news spread quickly among Neapolitans. Crowds before the palace cheered the royal family.

Congratulations sped swiftly from Rome from the baby's grandfather, King Victor Emanuel, Premier Mussolini, Pope Pius and others. The king prepared to leave for Naples tonight.

Naples, with a reputation for festivals, went wild with joy. The news was flashed throughout the entire country.

(The new baby takes royal precedence over his two-year-old sister, Maria Pia, born at Naples Sept. 24, 1934. His father is the only son of King Victor Emmanuel and Queen Elena and his mother a former Belgian princess.)

## Ickes Favors Continuation Of Oil Laws

### Tells Committee Connally 'Hot Oil' Act Should Be Permanent

### WASHINGTON, Feb. 12 (AP)—Secretary Ickes told a senate Finance sub-committee today that the Connally "hot oil" act should be made permanent. He also advocated a "national policy of oil conservation."

Ickes said co-operation of the petroleum administration had received from state conservation of fuels demonstrated that state and federal governments could work together "effectively for the conservation of the oil and gas resources of the nation."

"In view of this happy and beneficial co-operation in the conservation of this irreplaceable and vitally essential natural resource, I recommend that the Connally act be made permanent without change or modification."

The act, which expires next June, prohibits interstate movement of crude oil and its products in excess of state allowances.

Asserting that the United States is using its oil reserves faster than the rest of the world, Ickes said: "The congress and the executive branch should not await the day of practical exhaustion before arriving at a national policy of oil conservation. If we are to conserve our oil supply so that it will meet, to the fullest possible degree, the needs of the nation, we must do it while there is oil to conserve."

## State Files Charge Producers In Big Lake Field Underpaid By \$120,000

### AUSTIN, Feb. 12 (AP)—Attorney General William McCraw filed two suits today seeking to obtain \$1,200,000 in oil royalties for the University of Texas.

He charged producers and purchasers of oil on university land in the Big Lake field in Reagan county had underpaid the university in that amount.

One petition sought \$625,000, representing alleged unpaid royalty from December 1, 1931 to November 30, 1936, plus accruals to the date the case is terminated. The other covered an earlier period and was based upon an audit recently completed.

The suits alleged the price paid for oil in which the university has a one-eighth royalty interest was not in conformity with contracts made 15 years ago by producers and purchasers.

## Train Strikes Car, Two Die

### Enginemmen Victims When Locomotive Jumps Track

SELMA, Calif., Feb. 12 (AP)—Two men were injured fatally and six other persons were hurt when the routhbound "Owl" passenger train crashed into the stalled automobile of a honeymoon couple at the Main street crossing here early today.

The driver of the automobile, F. K. Ritchie, 43, of Porterville, was being questioned.

Southern Pacific officials said they were informed Ritchie was married last night at Porterville near here, and had started on a honeymoon trip to Morgan Hill near San Jose when the accident occurred.

The dead were the crew of the passenger train—J. F. Miles of Bakersfield, the engineer, who was scalded, and R. E. Brown, fireman pinned under the heavy locomotive when it jumped the rails after hitting the automobile.

The injured: W. A. Smith, San Francisco express messenger, back injured. Mrs. Hannah Mozelle, 1944 D street, Fresno, a passenger; scalp lacerations.

Mrs. W. H. Embler, Yountville, sprained shoulder.

W. H. Embler, Yountville. J. D. Buchanan, a passenger, scalded.

Frank Erardford, Los Angeles said by train members to have been riding "blind baggage," dislocated shoulder.

Two baggage cars, two coaches and three sleeping cars left the rails behind the locomotive and jolted to a stop, tearing up rails and ties.

The locomotive and baggage cars were a twisted mass of wreckage.

Underchief C. A. Tarr said Ritchie and his wife jumped from the car as it rolled in front of the oncoming train at Selma's Main street crossing.

## Rebels Renew Madrid Attack

### Both Sides Claim Important Madrid-Valencia Highway

(By the Associated Press)

Spain's see-saw of war tilted back and forth today for the second time as the socialist government and the fascist government—one up and the other down, then the other way. Death stalked earth, sea and sky.

Shouting Moorish troops in the ranks of Madrid's fascist besiegers pointed an insurgent drive which established a new 10-mile front along the Jarama river southeast of the city at a heavy cost of life for the defenders.

The move left still unsettled the question of which side controls the Madrid-Valencia road. Each claims it. Complete encirclement of Madrid is the fascist objective.

Socialist artillery sought to break the incomplete fascist ring on the northwest with a bombardment that failed to dislodge insurgents from fresh positions in the University City section. The government reported its air fighters shot five fascist planes out of the skies on the outskirts of the city.

Insurgents streamed back into the west park section of Madrid after low-flying planes raked the sector with machine gun fire and socialist infantrymen "mopped up" with hand grenades. This was but one of several struggles over the bridges of the city.

Only two and a half miles north of Valencia, temporary seat of the socialist government on the Mediterranean, insurgent warships poured more than 30 shells into the village of Alboraya—a forerunner perhaps of a fascist drive on Valencia by land and sea.

## Income Tax Man To Be Here March 5-6

### As is its custom, the bureau of Internal revenue again this year will send a deputy collector to Big Spring to assist citizens in filing out their income tax returns.

The bureau has advised that H. C. Broadbent will be here on March 5 and 6, with offices at the court house open from 8:30 a. m. to 5 p. m. His services are free, and persons needing information or assistance in completing income tax forms are notified to see him during the two days. Deadline on filing income tax returns is March 15.

## FIVE HELD FOR KIDNAP IN MATSON QUINAP

### SEATTLE, Feb. 12 (AP)—Five persons were in jail in various parts of Washington today for questioning about the brutal kidnaping and slaying of 10-year-old Charles Mattson of Tacoma.

Seattle police held two ex-con victs from San Quentin, Calif., penitentiary and the woman companion of one.

A hitch-hiker who said he came from California was detained by Olympia police because he resembled the general description of the kidnaping.

Sheriff J. I. Patton of Columbia county and a state patrolman arrested a man at Dayton "on description."

## PLEADS GUILTY IN WENDEL KIDNAPING

### NEW YORK, Feb. 12 (AP)—Murray Bleefeld, one of three men on trial in Kings county court, Brooklyn, on charges of kidnaping Paul H. Wendel, former New Jersey attorney, in a surprise move today entered a plea of guilty to kidnaping. The defense then rested.

Wenel was held in a rooming house in the flooded area, in Chicago.

Gov. Lloyd C. Stark of Missouri, asked governors to meet in St. Louis March 12 to devise a program of federal aid in rebuilding highways and bridges.

The Red Cross here estimated in nine affected states, not including Arkansas, losses to homes and barns alone would exceed \$28,000,000. It has been estimated total damage would run as high as \$50,000,000.

On top of this was the loss of 460 lives and the plight of around 1,000,000 persons, at least temporarily homeless.

No source has attempted to compute accurately the total flood cost including property and highway damage, lost wages, the rescue, relief, hospitalization and rehabilitation of refugees, and the defense of a 1,000-mile levee line.

## MEDICAL AUTHORITY TO MAKE TALK HERE

### "Cosmetic Fairy Tales" will be the target of Frank J. Clancey, head of the American Medical Association's bureau of investigation, in an illustrated lecture here Feb. 27.

Clancey's talks are being sponsored throughout the state by the auxiliary to the Texas Medical Association.

His remarks concerning claims made for cosmetics are to be based upon research directed by the investigating unit of the American Medical association.

Place of the lecture, which is to be free, has not been announced.

## Fitting Unemployed For Private Jobs, An Aim Of WPA

### WASHINGTON, Feb. 12 (AP)—Fitting the unemployed for jobs in private industry, Administrator Harry L. Hopkins said today, has been one of three principles of the federal work relief program.

"We had to give the jobless the kind of work which would preserve, restore or increase their working ability, and thus make them better competitors for private jobs," he said in making public a 110-page summary of information on which officials based the program.

The other two objectives of the Works Progress administration Hopkins said, were "to give people work" and "to give each community the sort of public improvements and services its officials wanted."

## 'GREAT EMANCIPATOR' HONORED ON 128TH ANNIVERSARY OF BIRTH

### SPRINGFIELD, Ill., Feb. 12 (AP)—Thousands gathered today at the tomb of Abraham Lincoln in tribute to the man who epitomized democracy.

While elsewhere in the nation others paused to commemorate the birth of the great emancipator 128 years ago, a privileged assemblage stood bare-headed beneath the portals of his final resting place and heard extolled his work and ideals.

American Legionnaires, headed by their national commander, Harry W. Colmery of Topeka, Kas., were in charge of the ceremonies.

Colmery's address was prefaced by the remarks of Governor Henry Horner. Floral tributes were laid upon the sarcophagus. A squad of Spanish war veterans fired a salute to the soldier dead and taps were sounded.

The program marked for Springfield the centennial of the year Lincoln moved here.

Gov. George H. Earle of Pennsylvania said in a speech last night Lincoln would have approved President Roosevelt's proposal for reorganization of the supreme court.

## \$778 Realized From Dances More Churches Being Opened

### Final Report On Birthday Ball Event Given By Local Chairman

Big Spring's net contribution to the funds for combatting infantile paralysis—raised through the Birthday Balls for the President on January 30—totalled \$778, it was announced Friday by Grover Dunham, president of the local committee.

Under the Birthday Ball program, 70 percent of the proceeds remain in Big Spring for use in aiding local sufferers of infantile paralysis. The local fund this amounted to \$544.30. The remaining 30 percent goes to the national committee for financing research and treatment—much of this money going to the Georgia Warm Springs Foundation. Dunham mailed a check for \$233.40 to the national committee Friday.

Gross receipts from the four dances here reached \$946. Only expense items were \$150 for music and \$12 for printing. The \$778 left was by far the largest sum raised here since the Roosevelt birthday celebrations were started.

Dunham and other members of his committee expressed appreciation to the hotels and clubs which furnished their dance floors free of charge, to the press and radio for cooperation in advertising, and to all others who contributed to the success of the January 30 event.

## Mexican Catholics Extend 'Peaceful Rebellion' For Right To Worship

### ORIZABA, Vera Cruz, Mexico, Feb. 12 (AP)—The "peaceful rebellion" of Orizaba's Catholics for freedom of worship spread today throughout the state of Vera Cruz.

Reports reached here that at Cordoba, among other towns and cities of the state, 14,000 persons paraded, broke into long-closed churches and defiantly rang the bells.

Some observers were fearful whether the populace would wait quietly for an official decision, promised after this city's embattled Catholics forcibly reopened its 14 darkened churches Tuesday.

Pilgrims from surrounding villages, including many Indians poured in steadily to join the fight.

The churches here were closed again unexpectedly yesterday by police who had watched without interfering when the enraged crowds first broke into them. Four hours later, a mass attack reopened the four most prominently located churches a second time, without opposition from police and soldiers.

The aroused Catholics' hopes for release from the anti-church laws—more rigidly enforced in this state than almost anywhere else in Mexico—were buoyed by handbills which indicated President Lazaro Cardenas was considering lifting the ban on religious services by turning over the edifices to "laymen's committees."

Mrs. Cora Holmes and daughter, Mrs. Frank Boyce, left today for El Paso where they will visit with their son and brother, Becca Melton.

## REVIVAL WILL OPEN SUNDAY AT FIRST BAPTIST CHURCH

Sunday morning the First Baptist church will begin a revival with Rev. F. D. O'Brien, pastor of the First Baptist church, Colorado, Texas, doing the preaching and Mr. and Mrs. Ira M. Powell directing the music. Departmental meetings will be held 15 minutes preceding the evening services which will begin at 7:30 o'clock.

## Weather

WEST TEXAS—Fairly cloudy, slightly warmer in the Rio Grande valley and slightly colder in the Panhandle tonight; Saturday fair, somewhat colder in the north portion.

EAST TEXAS—Fair, warmer in south and east portions tonight; Saturday partly cloudy, slightly colder in northwest and north-central portions.

### Read This Answer To WHAT'S BEST WAY TO LOSE FAT

It's the slender, vivacious woman no matter her age—who gets the best things out of life—admiration, stylish clothes that'll fit—EVEN BETTER HEALTH.

But modern women are fed up with freak diets, hopeless exercises and harmful drugs. They are at last very intelligently going in for gradual, safe reduction—a method like the following that not only helps regain normal weight but improves health and physical attractiveness.

Just take a half teaspoonful of Kruschen Salts in a glass of hot water first thing every morning. Cut down on fat meats, butter, cream and sugary sweets—wonderful to help kidneys, liver, bowels and gall bladder function properly. Just watch fat vanish! Jar lasts weeks and costs but few cents.

Mrs. J. Miller of Portsmouth, N. H., writes: "I lost 11 1/2 lbs. in a month. Wore size 46 dress, now wear size 40."—Adv.

### NEW UNIT ADDED TO COSDEN BROADCAST

The "Cosden Quick Starters" is the moniker of a new unit which will be added to the Cosden Traffic Cop Radio Show beginning with Saturday night's program. The "Quick Starters" are a "wash board" band and male trio. The boys are a group of musicians who do this "hill-billy" act just for the fun of it. The Traffic Cop program will include "Oh Say Can You Swing" with Ted singing; "Blue Yodel Blues" and "Dear Old Western Sky" by the Cosden Broncho Busters; "Goofus" by the Quick Starters; "Where the Lazy River Goes By" by the Humming Birds and "That's Life, I Guess" with Billy in the vocal. The High-

### BIG SPRING DOGS ENTERED IN FIELD TRIALS THIS WEEK-END

#### Lee Hanson To Have Two Entries, E. W. Potter One, At Henrietta Meet

Three Big Spring dogs will run in the annual spring meet of the Northwest Texas Field Trial association Saturday and Sunday near Henrietta on the Wichita Falls-Fort Worth road.

Lee Hanson will enter the veteran Hightone Tony, national bench champion and seven times a field trial winner, and Hightone Doc Glaider, 30-months line-bred pup out of Tony, E. W. Potter will enter his two-year pointer, Comanche Frank.

Comanche Frank will be entering his first competition as will Hightone Doc Glaider. Both will be entered in the shooting dog class.

Tony, slowed somewhat by his 12 years and a leg injury a year ago, will be placed in the all-age field trial.

Two hundred quail will be liberated on the Haggood ranch course prior to the opening time at 8 a. m. Saturday. Hanson and Potter plan to leave here this afternoon.

Hightone Tony is perhaps the best known dog in this section, and one of the outstanding dogs of the nation. He is acknowledged the greatest straight bred Llewellyn setter alive today with a record.

As an untrained dog he was bought by Charlie Jones, former hardware merchant here, for \$1,000. In 1930, he placed second in a field meet as brace-mate Narvaus Roy, winner. He has been object of many articles in field magazines and current issues show his progress to be steady winners from

### Trade Makes A New Pick-Up

#### Activity In Flood Area, Labor Settlement Are Factors

NEW YORK, Feb. 12 (AP)—All branches of trade brightened this week in the wake of expanded activity in flood areas and better news from the labor fronts, Dun & Bradstreet said today in the weekly review.

Retail distribution reflected also more reasonable weather conditions in various regions; flood relief expenditures brought hurry-up orders for replacement goods, and more attention was paid to spring and Easter demands in wholesale circles. The durable goods division advanced operating rates in most cases, the agency said.

"With some merchants reporting the best week for the period since 1925," the review said, "and others running slightly ahead of that mark, the vigorous rebound of consumer buying superseded the progress in other trade branches."

Favorable weather, which permitted the fulfillment of long-postponed needs, resulted in sales broadening from 5 to 10 per cent from the total reported for the week preceding by the majority of principal cities. This lifted the estimated volume of retail distribution for the country as a whole from 12 to 15 per cent over the same 1936 week.

Florida farmers harvested 32,000 bales of cotton from 90,000 acres in cultivation last July 1.

Notre Dame alumni are waging a campaign to "eliminate communism" from the United States.

### ALLRED'S BROTHER RECOVERING AFTER A HEART ATTACK

MOUNT PLEASANT, Feb. 12 (AP)—Hospital attendants said they believed Renne Allred, youngest brother of Gov. James V. Allred, who suffered a heart attack here yesterday, would be able to return to his home today.

Young Allred, Dallas attorney, was in the office of Claude McDonauld, oil operator, when he became dizzy. He attempted to raise the window and collapsed. As he fell his head struck the edge of a desk and the blow cut a small gash.

Raymond Allred said he would

take his brother home this afternoon in his condition permitted.

Relieve the distressing symptoms by applying Mentholatum in nostrils and rubbing on chest.

**MENTHOLATUM**  
Gives COMFORT Daily

er Octanes will feature an elaborate interpretation of "Hozanna," arranged especially for the Cosden program by Morris Steinberg. The Higher Octanes will also offer "I'm Sitting On Top of the World" and "Mr. Ghost Goes to Town," with Lee singing in the latter number. The Traffic Cop and his Little Pals do another of their "safety" skits for the kiddies. The Cosden program goes on the air over WBAP at 7:30 p. m.

### Drag Waters In Search Of Seven Bodies

#### Public Inquiry To Be Held In Effort To Find Cause Of Crash

San Francisco, Feb. 12 (AP)—Grappling hooks and drag nets groped through muddy waters of San Francisco Bay today for bodies of seven missing air crash victims while aerial experts clambered over the shattered hulk of a new transport plane to solve the mystery of its crash.

The terrible nature of the tragedy was intensified as examination of the four recovered bodies indicate the eleven persons aboard were still alive when the United air liner crashed its nose into the muddy bottom of the bay Tuesday night.

R. W. Schroeder, department of commerce airline inspector who flew here from Washington, said he planned to "sit in" on a United Airlines' investigation into the tragedy.

When that is completed, probably today, Schroeder will call a public inquiry, starting possibly tomorrow.

Coroner William Crosby of San Mateo county, off the shores of which the big plane crashed, set an inquest for 2 p. m. next Tuesday. He said he would impanel a jury of aviation authorities and "go in" to all phases of the crash thoroughly.

### HOUSTON COWDEN IS SOUTHLAND AGENT

DALLAS, Feb. 12—Houston D. Cowden of Big Spring, Tex., has been appointed agent for the Southland Life Insurance company. O. Y. Miller is also agent for the company at Big Spring.

The Southland Life is one of the oldest and largest companies in Texas and has assets of more than \$20,000,000.

**BETTER SIGHT LAMPS  
BRING YOU  
EYE-LAXATION!**

### See This New Lamp That Brings You "Eye-laxation"

- 1 Wide opening at the top of the shade throws light to ceiling and eliminates shadows.
- 2 Glass reflector softens light, prevents glare.
- 3 Wide shade gives ample light over your work.
- 4 Shade lining is white to reflect more light.
- 5 Lamp is high enough to light a large working area.

Important: Look for the I. E. S. tag on the lamps you buy. It isn't a Better Sight Lamp if it doesn't have this tag.

● Not until you sit down and read a newspaper or a book under the soft, glareless light of an I. E. S. Better Sight Lamp can you realize the feeling of eye comfort it brings. "Eye-laxation" is the term we have coined to describe this relaxed and easy seeing, for scientific tests have proved that the proper kind and amount of light reduces eye strain and fatigue.

Visit our store, your furniture store, department store or other stores which sell I. E. S. Better Sight Lamps and see these new lamps.

### Better Light Brings More Comfort with Small Cost

Penny Wise Says:  
 "Only a penny or two a day may be the cost of having a good light for easy seeing, above what you are paying for just "ordinary" light. Your electric rate is so low that good light for the average family costs only a few cents a day."

### Services Churches Topics

**ST. MARY'S EPISCOPAL**  
P. Walter Henckell, Rector  
Holy communion and sermon will be the order of service Sunday at 11 a. m. at St. Mary's Episcopal church. A good attendance is urged on this Sunday in Lent. The rector will begin a series of sermons on "The Mountain Peaks of Religion."

Throughout the Lenten season there is being held a celebration of the Holy Communion each Wednesday morning at 10 o'clock; and each Friday at 7:30 p. m. there will be the Litany and meditation. For these Friday services the subject of the meditations will be the

**Lord's Prayer.**  
Church school will meet as usual at 9:45 a. m. Sunday.  
You are cordially invited to worship at St. Mary's.

All are cordially invited to attend our services.

**CHRISTIAN SCIENCE SERVICES**  
Room 1, Settles Hotel  
"Soul" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist on Sunday, Feb. 14.  
The Golden Text is: "Truly my soul waiteth upon God; from Him cometh my salvation" (Psalms 62:1).  
Among the citations which comprise the lesson-sermon is the following from the Bible: "And I will set my tabernacle among you. . . And I will walk among you, and will be your God, and ye shall be my people" (Leviticus 26: 11, 12).  
The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, the God, for man is God's image" (page 120).

**FIRST BAPTIST**  
Rev. E. E. Day, Pastor  
9:30 a. m. Sunday School, Geo. H. Gentry, superintendent.  
10:45 a. m. Morning Worship, Anthem, "Praise Ye Jehovah"—choir.  
Sermon, "Our Part in the Re-

### Making Of An Empire Basis Of Film Play

**'Lloyds Of London' Ranked High As Drama, At The Ritz Friday**

The emotion of a grand romance and the glory of empire building with its accompanying intrigue and adventure are combined in "Lloyds of London," spectacular new film that is offered at the Ritz Friday and Saturday. The work, based on historical incidents in the development of the British empire, but fictionalized for dramatic purposes, has been greeted by critics as one of the better films of the current season.

Blending action, pageantry and drama, the story treats of the founding of England's sea power and the establishment of the world's most extraordinary institution—Lloyds.

Freddie Bartholomew and Madeline Carroll are giving starring position, and the cast also features Sir Guy Standing, Tyrone Power, the newest of the handsome young leading players; C. Aubrey Smith and Virginia Field.

Bartholomew plays Jonathan Blake as a boy, Druggis Scott as the youthful Horatio Nelson, his besom companion. Young Nelson goes to sea to become one of the greatest of fleet commanders. Blake stays in London to become a powerful figure at Lloyds. The grown-up Blake is portrayed by Power, and he, on a secret mission to France, meets Miss Carroll. They fall in love, and he is crushed to learn that she is married to his avowed enemy. He continues in business, rising to new power, while she arranges to get a divorce from her husband. Then comes stunning news—the French fleet is destroying British merchantmen. Lloyds refuses to sell further insurance, all but Blake, who stands against the other underwriters in an effort to help his country. With the girl eventually at his side, he decides upon a desperate ruse—with the aid of his friend Nelson—that brings the film to a stirring climax.

The Philippine islands were named in honor of King Philip II of Spain.

### THEY MAKE ENGLISH HISTORY

Starred in the dramatic "Lloyds of London," a film which depicts some of the great events in the building of the British empire, are Madeleine Carroll, one of Hollywood's most beautiful players, and Tyrone Power, a newcomer who promises to be a rival of Robert Taylor in popularity. "Lloyds" is at the Ritz Friday and Saturday.

### New Threat Of Ship Strike

**Union Opposing Federal Maritime Act; Fight Enforcement**

SAN FRANCISCO, Feb. 12 (AP)—The threat of another paralysis of shipping, growing out of marine union opposition to a federal maritime act, hung today over Pacific coast ports, just recovering from a 98-day strike that cost an estimated \$98,000,000.

Officials of three unions comprising unlicensed personnel involved in the recent strike informed President Roosevelt and Secretary Roper that marine commerce "will be paralyzed from the Pacific coast" unless enforcement of the Copeland act is delayed.

Specifically what action the unions would take was not stated in telegrams to the chief executive and Roper. Some union workers have threatened "sit down" strikes if enforcement is begun before maritime leaders present proposed amendments.

The act provides that seamen must carry books showing records of their employment and ability. Sponsors contend it will protect efficient workers and assure them of jobs. The union declare it furnishes employers information from which they can blacklist men for union activity.

Enforcement of the provision regarding ability grades has been suspended until February 20 and the union officials asked last night that the date be extended to March 25.

### Dr. Alexis Carrel To Get Award For Scientific Work

CHAMPAIGN, Ill., Feb. 12 (AP)—The Cardinal Newman award for 1936 will go to Dr. Alexis Carrel, New York scientist and surgeon, for his "notable contributions to medical science," the Newman Foundation announced today.

The award, a gold medal, is conferred annually for outstanding contribution "to the enrichment of human life in the fields of literature, art, science or humanitarianism."

Dr. Carrel, 53 years old and a native of France, is associated with the Rockefeller Institute for Medical Research. In 1912 he received the Nobel prize for research in suturing blood vessels and transplanting organs.

Presentation will be made February 21 at the University of Illinois.

"Dr. Carrel has achieved world eminence for his pioneer work in developing a technique for transplantation of limbs and organs, and for the preservation and growth of organs outside the body," the citation read.

**TEXAS TOADYSAYS**

HOWDY, TEXANS, DO YOU KNOW THAT THE TEXAS STATE CAPITOL, COMPLETED IN 1888 AND PAID FOR WITH PUBLIC LAND, IS THE ONLY CAPITOL IN THE UNITED STATES WHICH DID NOT REQUIRE A BONDED INDEBTEDNESS TO ERECT? IT IS BUILT OF RED GRANITE QUARRIED FROM GRANITE MOUNTAIN, FIFTY MILES AWAY. A SHORT SPECIAL RAILWAY LINE WAS BUILT TO MOVE THE STONE FROM THE QUARRY TO THE MAIN LINE.

**News Engraving COMPANY**  
P. O. BOX 1521 ABILENE, TEXAS

**MAN IS SENTENCED FOR BANK ROBBERY**

TYLER, Feb. 12 (AP)—Federal Judge Randolph Bryant sentenced Charles O'Keith to concurrent terms of 20 and 25 years, and fined him \$1,000 for robbing the Wells, Texas, State bank, and jeopardizing the cashier's life with firearms, in July, 1936.

O'Keith, former medical student at Washington university, St. Louis,

### Rescuers On Way To Pair Stranded In Snow With Starving Horses

BLACKFOOT, Idaho, Feb. 12 (AP)—Highway crews struck out into southern Idaho's drifted lava desert today to rescue two snow-blinded young men and a band of hungry, coyote-harassed horses.

Thirty miles from the nearest railroad or telephone line and 80 miles from their homes at Shelley, Sem Bradshaw, 22, and a companion called "Webb" awaited the rescue party.

Scattered near them, over an area of several miles, were 31 starving horses, pawing the deep snow for bitter sprigs of sage brush. And surrounding the horses, patiently circling with dripping jaws, were the thin gray coyotes.

This was the tableau pictured by Pilot Ralph Krapp of Pocatello who daringly landed with supplies yesterday.

Leonard Cox, Jr., 23, companion of Bradshaw and Webb, returned late yesterday to his home in Shelley, 17 miles northeast of Blackfoot.

He had left the other two in a desperate attempt to go for help. The three young men drove their sleigh into the heart of the lava desert last week to round up the horses.

**TAXI DRIVER HELD ON DEATH CHARGE**

SAN ANTONIO, Feb. 12 (AP)—Howard Paxton, 40-year-old taxi driver, faced a charge of murder today in the death of an aged unidentified man.

Paxton gave himself up after police had broadcast a search for the driver, who decapitated the man with his car last night.

For the first time in Bexar county history, the driver, after being refused bond by Justice of the Peace Pat Corrigan, was forced to go to the morgue and view the body of his victim.

**HIJACKERS GET \$500 IN GALVESTON HOLDUP**

GALVESTON, Feb. 12 (AP)—A lone masked white bandit entered the carpenter's union hall here shortly after 8 o'clock this morning, held up Secretary Tom Dodson and several members and forcing Dodson to open the union safe at the point of a pistol. The bandit took \$250 from the safe and \$80 from Dodson.

There were seven men in the hall when the bandit appeared. Before turning to the safe he made Dodson tie the others up with a fishing cord and after the robbery tied Dodson up with the cord before making his escape.

### WPA WORKERS GO ON SIT-DOWN STRIKE

NEW YORK, Feb. 12 (AP)—Cheered by feminine exhortations to "stick it out," about 100 WPA workers took possession of a New York City park department garage in Central Park, and began a sit-down strike early today.

The workers, protesting against a recent order reducing their pay and lengthening their hours, "seized" nine trucks in the garage and cheerfully puffed cigarette, ignoring requests to leave although warned that all men recognized would be stricken from the WPA rolls.

Acting police Commissioner Harold Fowler strategically ordered the nine trucks driven out of the warm comfort of the garage into the nose-popping open air in what the strikers charged was an attempt to freeze them out.

Fifty went to a police station and the others "held the fort."

### DIVIDEND

NEW YORK, Feb. 12 (AP)—Directors of Ticc Water Associated Oil Co. have declared an initial quarterly dividend of \$1.12 1/2 a share on the newly authorized \$4.50 cumulative convertible preferred stock, payable April 1 to stock of record Mar. 10.

### REGULARITY HELPS YOU AVOID COLDS

As a protection against colds, a healthy body is even better than umbrellas or overcoats.

But so many people let common constipation get them in a "run-down" condition—where they are likely to catch the first cold that comes along.

Feel fresher well this winter. Avoid constipation by eating Kellogg's ALL-BRAN every day. It furnishes corrective "bulk," as well as vitamin B to tone up the intestines. Also iron for the blood.

In the body, ALL-BRAN absorbs twice its weight in water, forms a soft mass, and gently sponges out the system. Just eat two table-spoonfuls daily. In chronic cases, with each meal.

How much better to eat this food instead of taking weakening pills and drugs! Serve ALL-BRAN as a cereal with milk or fruits, or cook into recipes. Sold by all grocers. Made and guaranteed by Kellogg in Battle Creek.

WASHINGTON A.P. BUREAU (Associated Press Photo)

### 1937 in Washington

MOST AMERICANS rely on The Associated Press for Washington news. They can count on this supply of reliable and accurate information in 1937 because:

1. The A.P. tradition demands complete facts, and that goes for Washington as for any spot on earth.
2. The A.P. has the largest staff of news men in the capital, trained to hunt facts on a wide front, to cover every angle of every story.
3. Years of reporting Washington news has given this staff a background of experience, and has taught them that guessing is not reporting.

1937 will be another big year in Washington. The Associated Press will cover Washington in 1937 as it has in the past—completely and reliably.

## Activities Of Church Groups And Federated Clubs Featured Items On Week-End Social Calendar

### Presbyterian, Christian, Baptist Groups To Hold Banquets; Hyperion Clubs To Observe Texas Federation Day

Banquets, together with a luncheon and tea, will feature the week end activities of church groups and federated clubs in the city as young people, church classes, and members of the intermediate department of the Presbyterian, Christian and Baptist churches, and Hyperion members are feted at Valentine affairs this evening and Saturday.

At 7 o'clock this evening young people of the First Presbyterian Church will be honored with the annual banquet given by the church auxiliary. Special guests will be Sunday School Superintendent and Mrs. A. A. Porter, Mrs. Albert Davis, young women's teacher, and Mr. Davis, Hank McDaniel, young men's teacher, and Mrs. McDaniel and Mrs. S. L. Baker, auxiliary president, and Mr. Baker.

Miss Catherine Hanson will act as toastmistress at the affair for which fifty plates will be laid. A musical program has been arranged along with several talks.

Approximately one hundred will be present for the Baptist intermediate department entertainment to-night when children, their parents and teachers will gather at the church. The hour has been set at 7:30 o'clock. Mrs. A. Kyle Blackberry is in charge of arrangements for the program.

Miss Allen Bunker, president of the Bluebonnet class of the First Christian Church, will preside at the annual banquet to be held at 8 o'clock this evening in the church. Sixty members have been extended invitations to attend this outstanding affair of the class year for which a special program has been prepared.

## BLACK - DRAUGHT For Clean System Helps To Prevent Sickness

One of the advantages of Black-Draught is that, if it is taken at the first disagreeable feeling of constipation, one or two doses usually bring relief. Prompt relief, such as that, is well worth while. Constipation is too dangerous to be neglected.

"A clean system for health" plan has saved thousands of people much useless sickness. They keep a package of Black-Draught in the family medicine cabinet and take the purely vegetable laxative at the first sign of constipation. They say the relief it brings is mighty hard to beat.

Find out, by trying it, why so many people prefer Black-Draught when it comes to buying a laxative.—Adv.

## Valentine Is Theme Of YWA Entertainment

### Banquet Climaxes Focus Week Activities Of 1st Baptist Group

Climaxing the activities of Focus Week, members of the Young Women's Association of the First Baptist Church were entertained with a Valentine banquet in the church parlors Thursday evening by the Lucille Reagan Circle of the church.

The tables were decorated with Valentines which were also used as place cards. The centerpiece was a tree of hearts and on either side was placed burning red candles held in crystal holders.

Mrs. J. J. Strickland, counselor of the group, introduced Mrs. Horace Reagan, circle chairman, and Mrs. A. Kyle Blackberry, leader in young people's work.

Following the meal, the association presented the playlet, "Miss Lucy's Views", as an entertainment feature for the sponsoring group of women.

Members and guests were Miss Lorene Anderson, Miss Margaret Ausley, Miss Margaret Newby, Miss Lenore Reddock, Miss Emma Jean Lay, Miss Edna Cochran, Miss Dorothy Lay, Miss Martha Cochran, Miss Edna Mundt, Miss Cornelia Frances Douglas, Miss Roselle Stephens, Miss Opal Pond, Mrs. J. J. Strickland, Mrs. Kyle Blackberry and Mrs. Horace Reagan.

## Mrs. Talley Entertains At Concession Building

Members of the Thursday Luncheon Club were served at the Scenic Drive Concession Building Thursday when Mrs. Adams Talley was hostess. The group later motored to the home of the hostess where they played bridge.

Using a theme of Washington's birthday, the rooms were trimmed with red, white and blue crepe paper and the table was centered with a reflector on which was placed two patriotically dressed dolls. Red streamers from the centerpiece to each place held tiny hatchets as party favors.

Mrs. Roy Combs and the hostess were highest scorers at bridge. Members are Mrs. Ray Lawrence, Mrs. Lee Hubby, Mrs. Roy Combs, Mrs. R. P. Kountz, Mrs. Hardin Wood, Mrs. Sam Goldman, Mrs. Cal Boykin and Mrs. Talley.

Mrs. Wood is to entertain on February 25.

## Adds Gaiety To Table

By RUTH ORR Pattern No. 427

To add gaiety to your breakfast, bridge, or luncheon table, crochet a cloth that will be bright for the remaining winter days and continue to be attractive as long as it is used. Make a square of flannel of the desired size, then work the design over it in colored yarn to harmonize with the rest of your room. You'll be more than pleased with the effect.

The pattern envelope contains complete, easy-to-understand illustrated directions, with block and spaced diagrams to aid you; also what crochet hook and what material and how much you will need.

To obtain this pattern, send for No. 427 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Big Spring, Texas, Herald, Needlework Dept., P. O. Box 200, Station D, New York, N. Y.

(Copyright, 1937, by Bell Syndicate, Inc.)

Mrs. W. G. Cole has as her guests, Mrs. Fred Hesser and son, Donald, of Denver, Colo.

An Indian village with more than 50 fireplaces and a burial ground was uncovered recently by workmen on a WPA archaeological project near Williamsport, Pa.

## Four Are Guests Of Matinee Bridge Club At Valentine Affair

Four were guests of the Matinee Bridge club Thursday afternoon when Mrs. Sam McCombs was hostess at her home for a pretty Valentine party.

Tables for games were attractively covered with spreads with heart-shaped decorations. Prizes were heart-shaped boxes of candy and the theme was further used in the refreshment plate.

Awards were made to Mrs. Emory Duff, Mrs. Joe Cleere and Mrs. O. A. Badwick.

Guests were Mrs. Duff, Mrs. Williams, Mrs. Watson Hammond and Mrs. R. H. Miller.

## Miss Stephens To Attend Club Dance At Lubbock; Cousin To Be Presented

Miss Rozella Stephens will spend the week-end in Lubbock as the guest of her cousin, Miss Roberta Lee Hanson, of that city, a student in Texas Technological college who will be presented as a member of the Las Chaperitas club at the annual presentation dance Saturday evening.

Miss Stephens will attend the dance which is an outstanding event of the Valentine season on the campus.

## DeMille Play At The Ritz

### Gary Cooper, Jean Arthur Head Cast Of 'The Plainsman'

The winning of the west during the decade of 1866-76 is the basis of Cecil B. DeMille's first American epic, "The Plainsman," a tribute to the hard-riding, hard-fighting men of action who opened the west for immigration. The picture plays Sunday and Monday, with a Saturday midnight matinee preview, at the Ritz.

"Wild Bill" Hickok, tells of the love of Hickok for the frontier beauty and woman-of-action, "Calamity Jane." Gary Cooper plays Hickok and Jean Arthur portrays "Calamity Jane." In the first picture they have made together since the popular "Mr. Deeds Goes To Town." Behind the story of these two is woven a sweeping film drama that treats of all the forces that went into the opening of the west. The film is made on the typical DeMille grand scale.

Hickok is sent into the territory closely after the end of the Civil war, to find out who is responsible for the illegal selling of arms to the Indians. On the way he meets "Calamity Jane" who, at the time, is employed as a stagecoach driver between Leavenworth and Hays City. He is in love with her but doesn't tell her so because he resents her familiarity with other men.

It is after the annihilation of General Custer and his men at Little Big Horn that Cooper discovers the identity of the gun-runners and pays dearly for it.

Such familiar characters as "Buffalo Bill" Cody, played by James Ellison; his wife, Louisa, played by Helen Burgess; John Lattimer, a bad man, played by Charles Hickford; Jack McCall, another notorious frontier figure, portrayed by Porter Hall; General Custer, played by John Miljan; and Abraham Lincoln, enacted by Frank McGlynn, Sr., all come to life again in "The Plainsman."

## Drama Of Mob Fury Booked At Lyric Beginning Sunday

"Outcast," a dramatic story of mob fury, with Warren William and Karen Morley at the head of the cast is the featured attraction at the Lyric theatre Sunday, Monday and Tuesday.

Taken from the novel "Happiness Preferred," by Frank R. Adams the story is that of a physician William, who is ruined by Miss Morley who believes him guilty of murder. Not satisfied with wrecking his career in the city in which he had been established, she trails him to a small village where he had taken refuge. Lewis Stone as a lawyer who has befriended the physician, persuades Miss Morley to delay her vengeance until she is sure of the physician's guilt. She agrees and soon falls in love with the man she swore to destroy.

A newspaper learns of William's past and starts an expose. At the same time he is called upon to perform an emergency operation on a child. Through the meddling of a townswoman the child dies. The newspaper's allegations and the exhortations of the child's mother whip the townfolk into a fury. A mob forms and sets out for William and Miss Morley, bringing the drama to a powerful climax.

In the supporting cast are Jackie Moran, child player; Christian Rub, Estner Dale and John Wray.

IN SAN ANTONIO Mr. and Mrs. Obis Bristol are in San Antonio for the week-end. They likely will return here Monday.

TO NEW POST Dan Davis, assigned to a water well survey project in Ector county, was taken to his post today by Jack Hale, WPA staff member.

## Father's Night Entertainment Is Given By The West Ward Parent-Teacher Association

### NEW STAR

Bob Allen, a newcomer to the ranks of western players, has a starring role in "Rio Grande Ranger," the Lyric theatre's feature for Friday and Saturday.

## New Western Star Is Featured In Picture At Lyric

A new rough-riding, two-gun star, Bob Allen, appears in the leading role of "Rio Grande Ranger," outdoor melodrama which plays at the Lyric Friday and Saturday.

Featured opposite him is Iris Meredith, also a newcomer to the screen. In the film story, Allen, as a ranger, crosses the border alone in an effort to lure a gang of desperadoes into the jurisdiction of his organization. He manages a reputation as a bad man and joins up with the gang. His first assignment is to rob the ranch of the father of the girl he loves, and this proves to be a tough task, since the ranchman has been tipped on the raid. Allen finds himself in an uncomfortable spot with the girl and her father, and also with the outlaws as they find he has tricked them. The climax of the story is reached as he sacrifices himself.

The supporting cast includes Paul Sutton, Hal Talliaferro, Robert Henry, and others.

## DIES IN THE CHAIR FOR MURDER OF GIRL

OSHING, N. Y., Feb. 12 (AP)—Alfred E. Volckmann, 21-year-old violin player and former church choir member, died in the electric chair in Sing Sing prison last night a few hours after he cried querulously to guards: "Is there nothing that can be done for me?"

Nothing was done and he paid with his life for the slaying of 9-year-old Helen Glenn, daughter of the Rev. Ernest Glenn, Greenville Methodist pastor.

## TEN-YEAR SENTENCE ON SLAYING CHARGE

HOUSTON, Feb. 12 (AP)—Ray Newsom, oil field worker, was under 10-year sentence today for the meat cleaver slaying of Mrs. Clara Middlekauf last October.

A jury convicted him here yesterday. Newsom testified he killed the woman in self-defense. The state asked the death penalty.

FOR SALE—One '33 Model Chevrolet truck. F. S. McCullough, Octane Station, north side.

Record Flood Of Valentines Due This Year

First Romantic Missive Made In Worcester, Mass., In 1849

WORCESTER, Mass., Feb. 12 (UP)—More Americans are expected to ask their sweethearts to "Be My Valentine" this year than in any year since the depression. From two s-x-story buildings in this city, where in 1849 the nation's first Valentine was made, went forth some 45,000,000 Valentines during the past few months, an increase of 12 per cent over the corresponding period a year ago. These factories house the George C. Whitney company, the world's largest Valentine manufacturers. Head of the 71-year-old firm is bald-headed Warren Whitney, jovial, middle-aged Worcester civic leader and son of the founder.

A steadily increasing business is Whitney's answer to the cry that romance and sentiment are dead. From 5,000 Valentines in 1888, when the Whitney company made its debut, the yearly output swelled to 55,000,000 in 1928, dropped to 30,000,000 in 1933 and then began to rise again.

Habit Keeps Growing "Older people got in the habit of exchanging Valentines in their youth and kept it up after marriage to keep romance alive," explained Whitney. "From them children picked up the idea."

He pointed to the comeback of the lady Valentine of yesterday as further evidence that romance still lives. Though the more sophisticated greeting-card style still leads, the frilly type has proved increasingly popular during the past two years.

"One thing we notice, though, is that fellows have become mighty cautious in sending Valentine greetings to their best girl friends," said Whitney, his eyes twinkling. "Instead of calling her sweetheart, they want Valentines to the 'girl friend' and the messages of love must be expressed indirectly, often comically. I guess they just want to avoid entangling alliances."

This year Whitney's Valentines sold for one cent to 52¢ each. Two-thirds of them were novelty or comic.

Million Verses Written Chief assistant of Whitney is lanky Donald D. Simonds, who estimates that in eight years as greeting verse editor he has read nearly 1,000,000 Valentine sentiments. Every year he receives more than 100,000 verses from housewives, doctors, dentists and newsmen—and rejects all but 1,000. Contributions come from the United States, Canada and England.

Even prisoners try their luck. One facing death in the electric chair sent in a verse, but it was rejected. For those accepted, Simonds pays 50 cents a line. A Colorado woman received \$1 for this one:

A Chinese pigtail—I lingo quee! This verse, netting a New York woman \$1, was a big-seller among high school students:

You're just as cold as an ice-cream cone But I never could leave the things alone! Be my valentine! For those accepted, Simonds pays 50 cents a line. Even the wind blows about you. From an Arkansas housewife

Gold In Lead As California Mining Booms

Value Of Output In 1936 Exceeds Any Year Since 1862

SACRAMENTO, Cal., Feb. 12 (UP)—California's far-flung mines, located on mountain tops, streams and deserts, added \$300,557,000 to the state's wealth in 1936.

This estimate, prepared by Walter W. Bradley, state mineralogist, is the highest for the state since 1929 and was indicative of the steadily increasing activity in the mines of California, many of which were dormant until the price of gold was increased and economic conditions improved.

"The estimated total of \$300,557,000 is an increase of approximately \$37,716,000 over the total value of

the 1936 production and is the largest since 1929," the report said.

"The principal increases in value of output over those of the previous year were shown by petroleum, cement, gold, miscellaneous stone, brick and hollow building tile, silver, lead, copper and other building materials."

Only Slump In Zinc Receipts of bullion at the mint and smelters, it was indicated, showed an increased output of gold of approximately 139,000 fine ounces over 1935. All other major metals, with the exception of zinc, also showed an increased output.

"The increased gold production and higher prices for these metals stimulated their yield and brought about the reopening of numerous mines, including the Walker plant, Plumas county, for many years a large producer of copper," Bradley said.

"The value and amount of the petroleum output showed increases over those of 1935, with a total quantity of about 214,212,000 barrels, a gain of approximately 3.5 per cent. The average price of all grades of crude oil was higher than that of the previous year."

From the standpoint of gold production, California continued to hold its position as the leading state of the country.

production, largely a by-product of gold mining operations, increased 70 per cent during the year.

IN EL PASO Bill Tate, and Otis Graff and J. L. Johnson of Foran were in El Paso today on business. They expected to return here Saturday.

ATTENDING FARLEY Edmund Notestine, assistant district WPA director, was in Lubbock today attending a regional conference of supervisors for tax survey projects. The conference was scheduled to last one day.

## Today... It's Schlitz in "Steinies"

TASTE SCHLITZ TODAY... in the new, compact, easy-to-handle "Steinie" Brown Bottles. It is reminiscent of older days... of beer sipped from the cool depths of stone steins.

Old-time brewmasters never enjoyed the facilities of modern science to assure uniform deliciousness to their brew but Schlitz has expended millions of dollars in research and development to make each glass uniformly delicious, appetizing and healthful.

With the first sip you instantly recognize the difference between Schlitz and other beers. That delightful, satisfying difference is old-time flavor.

[[You don't have to cultivate a taste for Schlitz... you will like it on first acquaintance... and ever after.]]

JOS. SCHLITZ BREWING COMPANY, MILWAUKEE, WIS.

The Beer That Made Milwaukee Famous
