

PRESS POINTS JOE BENNETT, Publisher

The Presidential race continues to make the news as the election draws nye. One poll shows one thing and another poll shows something else. I know one thing for sure, there is no sure way to know who is going to win the election until all the votes are cast and counted. Then ou can throw all the polls out the window and see the outcome in black and white. The TV shows political ads at most every break now and sometimes they are back to back claiming different views and points on the same issue.

But all the folks, I think, know how they will vote come November and all the hoopla and claims and counter claims don't mean beans. The main thing for folks to do is to be sure and VOTE come election day. That is one of the rights and privileges we still have and surely sholud take advantage of. You do have a say in who is elected IF you vote.

It looks as though we may be in for some more rain. that is IF the weathermen are right on their predictions. There are several peanut growers digging and harvesting peanuts right now and this will slow the harvest, but most all folks in this area will take the rain whenever we cam get it. The peanut crop has been predicted to be very short this year and so far it looks as though the prediction is correct. We were expecting rain here on wednesday and Thursday.

The Panthers came thru with another victory on Friday night as they came from behind to defeat the Elks 30 to 14. It looked bad for the Big Red for awhile, but the Panthers reached deep within themselves and came back to win the game to make their District 7A record 1-0. The Panthers meet Lometa here on Friday night in another crucial district contest. The Panthers should be in good shape physically and will be ready for action against Lometa. Game time will be 7:30 and Parents Night will be held with introductions of players and parents beginning at 7 p. m. Get 'Em Big Red!

The report on Tod Anderson is that he is coming along slowly with some improvement reported. He has several pluses to his advantages and time is the key as far as continued improvement is concerned. Tod's father. Deroy Anderson stated this week that the family truly appreciates all the prayers in Tod's behalf and believes this has sustained Tod and the family during this bad thime in their lives. We urge everyone to continue their prayers in Tod's behalf and that the Good Lord will see fit to heal his body. Deroy stated that there was no way the family could express their appreciation to the folks in this community as well as others.

The Gorman Lions Club have set their date for the annual Broom and Mop Sale to benefit the Blind and the sale will he held on Saturday. October 18. The Lions will be making a house to house sale again this year and also will be taking advance orders. The truck will be located on the lot across from G&L Auto Parts again this year. So if

you are in town drop by and make your selections and help the Lions in their Broom and Mop Sale to benefit the blind. Items and prices are printed elsewhere in this issue. Look them over and make your choice. Thanks. -J-

So far the roof hasn't fallen in on us since Estelle has been out of the office, but we still have another week to go.

Dane Gressett Wins West Texas Fair

Dane Gressett, Gorman FFA member, participated in the West Texas Fair in Abilene on September 10. Coming home with Grand Champion Duroc Barrow and 2nd Place in lightweight Duroc barrow. The barrow show was in the open division competing against junior and open breeders from all over the state. Dane raised both barrows from a gilt he had previously purchased. His champion doroc had a good dressing percentage of 80%. Dane is an active 4-H member and is the Chapter FFA Secretary.

The Homecoming nominees were: Kristi Barnett, daughter of Mr. and Mrs. Gene Barnett, escorted by Ricky Files, son of Mr. Nathan Files and Mrs. George Simmons; Susan Snider, daughter of Mr. and Mrs. Ted Snider, she was escorted by Bob Hagood, son of Mr. and Mrs. Howard Hagood. Miss Terrye Jeffs. daughter of Mr. and Mrs. W. F. Jeffs, was named Homecoming Queen and Football Sweetheart, she was escorted by Curtis Warren, son of Mr. and Mrs. George Warren.

The queen and sweethearts were presented bouquets of red roses. The ladies of royalty were driven on the field in new 1981 Chevrolet automobiles from Smith Bros. Chevrolet Co.

The after game reception in the school cafeteria was enjoyed by the exes who gathered for a visit and refreshments.

Saturday was the big day as most of the exes arrived early Saturday morning for registration at the High School building. After a full morning of visiting, reminiscing and drinking coffee, and eating various goodies, lunch was served in the homemaking cottage. This was followed with a business meeting in the auditorium.

New officers were elected as well as Coming Home Queen. Mildred (Tiny Webb) Frasier of De Leon was selected Coming Home Queen. She was a 1935 graduate. She was presented a lovely plaque and a bunch of peanuts.

The Dinner planned by the Senior class was believed to be the best one yet. The meal consisted of Turkey and dressing, green beans, corn, and cake for dessert.

Homecoming 1980 is past history now and most of us will remember the wonderful day for days to come and remember the good time we had visiting class mates, friends and teachers. All the Exes in Gorman will be looking forward to seeing all of you next year.

GAME AT A GLANCE Gorman Evant First Downs Yards Rushing 261 Yards Passing 0 of 1 Passes Complete 2 of 9 Interceptions **Fumbles Lost**

None Punts, Avg. 3 for 35

1 for 5 Penalties 1 for 15

The Gorman Panthers took the ball game to heart on Fridau night as they got out to a first half lead of 8-0 then came back after getting tied at 14 and scored two times in the fourth period to pull away from the Elks by a margin of 30 to 14.

The Elks took the ball on their second possession on their own 3 yard line after a Panther fumble and moved to the Panther 6. From there the Big Red defense held and the Panthers moved 94 yards in 14 plays featuring runs of 29 and 22 yards by Jimmy Johnson before Jimmy got the touchdown from 2 yards out with 6:47 left in the second period. A pass from Dane Gressett to Mark Swanner added the two pointer and Gorman led 8-0.

This score held up until the

Panthers won the game 30-14.

Following the intermission the Elks came out and with a break on a Panther fumble took the ball on the Gorman 44 yard line and Mark Kyle took little time getting Evant on the boards as he raced 44 yards with 9:20 left in the period. The run for points failed and Gorman still lead

The Elks got another break as the Panthers moved the ball to the Elk 2 vard line before giving the ball up on a fumble. And again Mark Kyle used only one play to go the distance as he shocked the Panther defense with an amazing 98 yard scamper as he outran the Big Red secondary and scored with 1:31 left in the period. A pass to John Hitt added the two pointer and the Elks led 14 to 8.

But the Panthers never say die as on the ensuing drive the Panthers got the ball on their own 40, yard line and Jimmy Johnson took a page from the book of Kyle and raced the 60 yards on one beautiful run for the TD with 1:20 left. The pass try for points failed and the score was knotted at 14-14.

However, from there it was all Panthers as they really started hitting, tacking and running hard and scored two more touchdowns to pull away. pointer and Gorman went

ahead 22 to 14. The Panthers added another tally with 4:29 left on the clock as they moved the ball 52 yards in 9 plays, featuring a 20 yard scamper by Jacky Johnson to set the Big Red up with first and goal at the 4. Jimmy Johnson got the final 2 yards for the score and a pass from Gressett to Scotty Mauney added the two pointer and the Panthers had defeated the Elks again, a feat they had accomplished for the past several years.

The Big Red defense faltered a little at different times in the game but really came to life when they had to and other than the two long runs they held the Elks to about

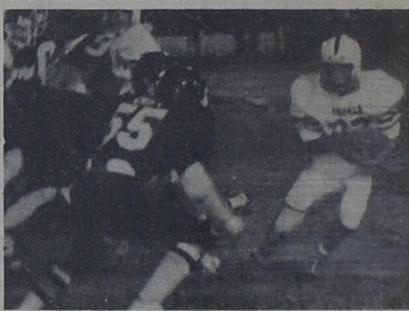

120 yards on the ground. Andy Kinser, Curtis Warren. Harvey Bryan, Jimmy Johnson, David Pettit, Greg Skiles, Stece Spivey, Ray Bond, Brad Lewis, Bob Hagood, Ricky Files, Ted Underwood and Dane Gressett really did a job on the defense.

Jimmy Johnson was the leading ground gainer for the Big Red with 241 yards on 29 carries for an 8.4 yard average. Jacky Johnson had 75 vards on 10 totes. David Pettit got 33 on 10 trips. Scotty Mauney had 24 on 6. Steve Spivey got 10 on one carry. And Gressett had a -4 on 4 keepers, being caught for losses on two pass tries.

This win gives the Big Red a 1-0 record in District 7-A East and they will host the Lometa Hornets on Friday night in a crucial district contest. This will be Parents Night and the players and their parents will be introduced at 7 p. m. prior to the 7:30 kickoff. Lometa always seems to be ready for the Panthers and the Big Red are really going to have to play a fine game to take this one, and that's exactly what we think they will do.

GOOD DEFENSE - Shown above is Jimmy Johnson (11), Steve Spivey (37), Andy Kinser (60) and Brad Lewis (50) making a fine open field tackle of Mark Kyle, to hold the Evant Elks to a 30-14 loss.

GOOD RUN - David Pettit (22) is shown making a fine dash

SWEET POTATO BREAD

With such a variety of breads available at today's supermarket, there's no need for monotony at any meal. But if you want to impress the family or guests with something distinctively your own, the accompanying recipe for Sweet Potato Bread is a good candidate. It looks and tastes different, with a hint of sweet potato flavor that goes well with ham, turkey or pork. Toasted sesame seeds add a slight crunchiness and a fragrance that is apparent after toasting. This is a substantial bread, a very economical way to add important nutrients at relatively low cost. SWEET POTATO BREAD

Makes 2 loaves

7-7-1/2 cups unsifted white

flour 1-1/2 cups unsifted whole wheat flour 1 tablespoon sugar 1/2 teaspoons salt

2 packages Fleischmann's Active Dry

1/4 cup (1/2 stick) Fleischmann's Active Dry Yeast 2 cups very warm

water (120 F.-130 F.) 1-1/2 cups mashed cooked sweet potatoes 1/4 cup toasted sesame

1 egg white 1 tablespoon water Combine 5-1/2 cups white flour and whole wheat

seed

In a large bowl thoroughly mix 2-1/3 cups flour mixture, sugar, salt and Fleischmann's Active Dry Yeast. Add Fleischmann's Margarine. Gradually add very warm water to dry ingredients and beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add sweet potatoes and 1/2 cup flour mixture; beat at high speed 2 minutes scraping bowl occasionally. Stir in remaining flour mixture and enough additional white flour to make a soft dough. Turn out on lightly floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in a greased bowl, turning to grease top. Cover; let rise in a warm place, free from draft, until doubled in bulk, about 1

Punch down dough; turn out on lightly floured board and knead in 3 tablespoons toasted sesame seed. Divide dough in half. Roll each half into a 14 x 9-inch rectangle. Shape into loaves. Place in 2 greased 9 x 5 x 3-inch loaf pans. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1

Mix egg white and 1 tablespoon water and brush over tops of loaves. Sprinkle with remaining toasted sesame seed. Bake at 375° F. for 35 to 40 minutes, or until done. Remove from pans and place on wire racks to

LIKE YOU, AIIO FIII RATURALGAS

Just as you do today, your children will have a dependable supply of natural gas for their homes - if they're served by Lone Star Gas Company.

In other words, we aren't about to run out of natural gas. The facts are strong and very reassuring.

Our supply is based on purchase contracts for the gas from more than 19,000 wells in Texas and Oklahoma. And because no well lasts forever, we prepare for your future needs by steadily buying new longterm reserves.

T fact that we're well established in Texas and Oklahoma also works in your

favor. Nine basins in these two states are estimated to contain 50% of the nation's remaining onshore gas reserves. And Lone Star's pipeline system gives us excellent buying opportunities in eight

of them. Producers drilled thousands of wells in these major basins last year. They're drilling more this year. And we'll be shopping hard, just as we always have, for the best energy values for your future.

Many people have some gardens left yet. It is all needed in these times of

extra high inflation. On the first Friday and Saturday of May in 1916, I went to Eastland to take a written test on eleven subjects for a Teachers Certificate which cost \$5.00. The paper was sent to Austin, Texas to be graded. The grade would be sent to me in about three weeks. One Sunday night in my sleep the grade came to me, a certain percent and 6/11. on Monday I was planting peanuts. "We lived on the place where Bo Caraway lives now". A neighbor came by and asked me how I came out in the test. I told him and he laughed. I told him it was perception. When the paper graded came back, he believed me. One more time in late 1916 the same thing on different subject happened. No ocean for dreams fade away and are too fantastic to comprehend.

Our sincere sympathy goes out to the family of Carl Nunley formerly of this county. Also to the family of B. J. Nolen. We were school mates at Triumph several years ago.

I remember about 1907 or 08, he came to school just after Christmas Holidays. His face looked like a cow had hit it with a tail full of cuckle burrs. The teacher asked him what happened. He talked, slow, loud and coarse. He said "Well I found six shot gun cartridges (that what he called them) and cut them open and poured the powder in a bottle." He stopped there. The teacher asked him what happened. He said "I don't know, I dropped a match in the bottle and I have not found the bottle yet."

He was a good farmer and a Pentecostal preacher for many years.

I notice where the Governor wants to have the School Teachers tested. I believe it is a good idea. The pupils tests have been going down every year for 17 years on at least one of the three R's -Readin, ritin and rithmetic. Tho one thing there are too many athletics. They should start on Friday evening, Saturday morning, evening and night.

Go Big Red. Step by step. Look up. Smile. Try and be a Leader you younger generation. I hope you can improve on what the present generation has done.

2 Eastlanders Inducted Into **TESCO Quarter Century Club**

Planning for the future is a tradition among Texas Electric employees - a tradition hat continues to mean multi-million-dollar savings to 'its customers, TESCO-President Bill Marquardt said yesterday.

This planning has brought about savings despite the many factors that are causing the price of electricity to increase, he said at the company's annual Quarter Century Club banquet honoring 25-year TESCO employees.

The banquet Tuesday night at Eastland Elementary School Cafeteria was in honor of Eastland area members of the Quarter Century Club.

"Inflation, higher operating and construction costs, costly federal regula-Saturday morning was tions and rising fuel costs all these things have increased what it costs us to provide good service to our having fun. That is home customers," Marquardt

> TESCO can't do much, he said, about inflation and the wastefulness of the federal bureaucracy, both of which have raised the company's operating and construction

"We at TESCO, like all citizens, can only work through the political process to try to change the govern-Frasier of De Leon was ment policies that created selcted Coming Home these problems," he said.

But, Marquardt said, the company has been able to do something to lessen the effect of rising fuel costs on customers' bills. "Our low-cost natural gas

contracts and our lignite coal have saved our customers more than \$1 billion so far," he said. "And plants. our use of these two fuels is no accident. Long-range planning by dedicated

expire at the end of this year.

But, Marquardt said, 'Because of Old Ocean, their bills have been substantially lower than they would have been. When that contract expires, it will have saved our customers more than \$700 million."

Even after Old Ocean expires, he added, customers' bills will not be as high as they would have been if it were not for another example of long-range planning the acquisition of lignite coal reserves, beginning 30 years ago, and the construction during the late 1960s and the '70s of new power plants to use it.

Through the end of 1979, customers saved about \$250 million because the company was able to use cheaper lignite instead of natural gas to produce part of their electricity, Marquardt said, and

those savings will continue through the life of the company's lignite-fueled power
