Chinese Factions Agree On Basic Peace Principles

Nationalists, Communists Issue Communique To End Long War

By CLYDE FARNSWORTH
CHUNGKING, Oct. 11 (AP)—Chinese nationalist and communist negotiators for a unified China issued a communique today agreeing upon basic principles of political peace in a nation split for decades by bloody fighting for government control. The communique also set forth the negotiators' willingness to continue the talks which have been underway during a five-week-old truce in the fighting, and to submit complex military and political questions still unsettled to a military subcommittee and a broadly constituted political consultative council. The statement indicated the determination of nationalist leader Chiang Kai-shek to achieve "unity of political authority" immediately.

PERON QUILTS, FARRELL STILL PRESIDENT—Col. Juan Domingo Peron (right) resigned Oct. 9 as vice-president of Argentina under army pressure and Gen. Avalos New Ruling Power In Argentina

Buenos Aires, Oct. 11 (AP)—Gen. Eduardo Avalos, commander of the powerful Campo de Mayo garrison, took over the Argentine war ministry today as the power behind the military government, but there were indications that Col. Juan Peron, though divested of his cabinet status, remained a strong factor in the confused political situation. Only a few hours after the government had accepted Peron's resignation as vice president, war minister and minister of labor and social welfare, he delivered a speech last night in an enthusiastic crowd in which he pledged the remainder of his life "to the cause of the working man."

Congress Favors Policy Changes Before Lending

By CLAIR JOHNSON
WASHINGTON, Oct. 11 (AP)—Congress reacted warmly today to a house committee's proposal that America withhold loans to Russia and Britain until they make certain policy changes. But several key officials said they wished the committee had not been so blunt. They expressed fear that what they termed "undiplomatic language" would place added strains on relations between the United States and its war-time allies. The suggestions concerning American lending policy came from the postwar economic policy committee headed by Rep. Colmer (D-Miss.). Just returned from a two-month tour of Europe the group urged specifically that before any loans are made:

1. Russia be required to adopt an "open door" attitude toward American technicians and the press.
 2. Britain unlock trade barriers "inimical" to United States interests.
- Congressmen questioned were unanimous in approving the committee's views. A high administration official, asking that his name not be used, said in an interview: "I can't say this for attribution, but the feeling is almost unanimous in congress for cracking down on Britain and Russia. It's too bad, but that's the way it is. However, I think we would be better off to reflect these views to the two nations privately, instead of using a heavy stick on them in public. Naturally, they will resent a report such as this one."

Howard Co. Cash Balance On Decline

Howard county's cash balance was down to \$216,853 at the end of September, including about \$150,000 in roadway and road bond fund, monthly report of Auditor Chester O'Brien, Sr. shows. The decline was approximately \$12,000 for the month. Bulk of the expenditures occurred in the road and bridge fund where \$8,613 was disbursed. General fund expenses for the month were \$3,393 and from the officers salary fund \$3,014. Only other fund tapped during September was the jury for \$993. Revenues for the period amounted to \$4,064 for the month. Balances by funds are: Jury \$2,694, road and bridge \$38,451, general \$16,027, permanent improvement \$1,650, road refunding \$262, special road \$909, road and bridge special \$475, courthouse and jail warrants \$5,199, widow \$214, and road and bridge 1945 series \$150,172.

Kiwanians Hear Talk On Fire Prevention

Kiwanians had a program on fire prevention Tuesday at their meeting in the Methodist church basement. F. W. Bettle, fire marshal, spoke on National Fire Prevention Week, now being observed, and H. V. Crocker, fire chief, outlined local fire hazards and gave case histories on several blazes. Program was in charge of E. L. Hutchins and Rev. H. C. Moore, president, presided.

VIENNA, Oct. 11 (AP)—The Austrian provincial council after hours of heated debate last night voted unanimously to bar all members of the Nazi party with minor exceptions from voting in the general elections tentatively scheduled for Nov. 25.

Wage Controls To Be Loosened, Officials Agree

Snyder, Truman Not Known To Share In General Opinion

WASHINGTON, Oct. 11 (AP)—Many reconversion officials are "pretty well agreed" today that the government soon must loosen its wage controls. This is reported by one of Director John W. Snyder's advisers, although there is no indication that the conclusion is shared by Snyder himself or by President Truman.

Snyder, however, is under strong pressure to set forth a revised wage-price policy to check the wave of work stoppages that threatens to delay reconversion. Three officials of Snyder's office of war mobilization and reconversion—all of whom asked anonymity—said the economists and advisers in that agency are nearly unanimous in support of a new government policy declaration. They have suggested that wages could be increased perhaps as much as 15 per cent (OPA officials say something nearer 10 per cent is likely) without increasing the cost of goods more than 2 or 3 per cent.

Such a government policy would carry assurance to employers that OPA would consider prompt price increases to cover the 15 per cent wage boost. If a higher increase—say 20 per cent—were granted, all the extra 5 per cent would have to come out of the employer's pocket. Snyder was reported not only gravely concerned by the inflationary threat of such a program, but also puzzled as to how to apply it to specific industries, since labor is a big cost factor in some and a minor one in others. Mr. Truman has indicated he will need convincing, too.

Rancher Injured Trying To Rescue Child On Road

Louie Hutto, prominent Coahoma rancher, was in a serious condition at the Big Spring hospital Thursday following injuries sustained when struck by a car as he attempted to rescue his granddaughter from the highway in Coahoma Wednesday at 5:30 p. m. He sustained severe head injuries and a fractured right leg and had not regained consciousness Thursday noon. Lt. Vance L. Teague, driver of the automobile, who was enroute to California at the time of the mishap, stopped to give aid, according to reports. Witnesses said Mr. Hutto had seen the car approaching as his granddaughter, Frances Barber, 4, crossed the highway at the intersection in Coahoma. He dashed onto the street in attempt to shield the child. As the machine veered, Frances was missed but Mr. Hutto was in its path. He was rushed here for emergency treatment at the hospital. The child is the daughter of John Thomas Barber, overseas with the marines and Mrs. Barber, the former Marion Hutto.

Former Big Spring Man Mentioned In Article By Wear

A former Big Spring man is mentioned in an article by Robert Wear, Fort Worth Star-Telegram correspondent. He is Lt. James J. (Jake) Pickle, son of Mr. and Mrs. J. B. Pickle. Lt. Pickle, who saw more than two and a half years of combat service in the Pacific aboard cruisers, is now enroute home aboard the Nevada preparatory to his discharge. Originally assigned to the St. Louis, the gunnery officer was aboard her when a torpedo took off the bow in Kula Gulf. Later he was transferred to the Miami and went through most of the campaigns of the past 12 months. A graduate of Big Spring high school and Texas University, Pickle said in the article by Wear that he entertained some hopes of completing his law training. His wife resides with her parents, Judge and Mrs. Ben Critz, in Austin.

Future Homemakers Elect New President

Marie Frazier has been elected president of the Big Spring chapter of the Future Homemakers of America following its meeting Wednesday afternoon. Other officers named were Nancy Hooper, vice president, Mary Beth Morgan, secretary, Betsy Jones, treasurer, and Millie Balch, reporter.

'Pied Pipers' Here To Remove Rats

A permanent typhus control program has been established in the business sections of Big Spring under the sponsorship of the City of Big Spring, in cooperation with the State Department of Public Health. James H. Harris, C. S. Renfro and J. S. Burwell, all of the State Health Department, were in Big Spring Thursday to start the ball rolling on a typhus control program, which involves the rat-proofing and the eradication of rats from all business houses. Harris declared that the program would be definitely underway within the next 20 or 30 days, and will continue for an indefinite period, probably several months. The eradication and rat-proofing program will include the placing of hardware cloth and 24 gauge galvanized metal at points of entry used by the rodents. Each building will be sealed against the rats, and in addition poison will be placed to exterminate all mice left within the building. The poison used is a powerful one released last spring after three years of research by the Department of Health. The poison, called 1080, kills the rats instantaneously, causing them to die before they have time to return to their holes. Harris said that the poison is also very toxic to humans, and for that reason utmost care must be employed in its use, and advised against its use in residences where there are children. The workers stated further that all harborage spots in alleysways and yards will be cleared out and all rat burrows will be sprayed with cyanide gas.

Tax Cut Expected To Pass By Night

Solons Want Bomb

House Demands To Approve All Atomic Deals

By WILLIAM F. ARBOGAST
WASHINGTON, Oct. 11 (AP)—A drive to give congress firm control over the atomic bomb began today in the house military committee. Backed by most republican and a few democratic members, it took the form of an amendment to forbid a proposed atomic energy commission from dealing with foreign governments in any way that might allow the bomb secret to leak out. Any such deal could be carried on only with specific approval of congress. As drafted by the administration, the pending bill to set up the commission would permit it to grant foreign licenses for atomic experiments if the president approved. Another amendment drafted by a group of committee members would forbid the president himself to give the bomb secret to a foreign government without congressional approval. There is no question in the committee that Mr. Truman now has authority to do as he pleases with the secret, but there is strong sentiment in favor of removing this power and giving it exclusively to congress. As it now stands, the bill undertakes primarily to control domestic use and experimentation. It calls for creation of a nine-member commission appointed by the president, with the consent of the senate, to exercise rigid controls. The commission would have power to requisition property and materials, including ore fields from which uranium is extracted.

House Meets Two Hours Early To Start Slashing

WASHINGTON, Oct. 11 (AP)—A \$5,350,000,000 tax cut for individuals and business in 1946 was approved overwhelmingly by the house today. It will now be referred to the senate for approval. By FRANCIS M. LE MAY
WASHINGTON, Oct. 11 (AP)—The house called its members to work two hours earlier than usual today in an effort to pass before nightfall a \$5,350,000,000 tax cutting bill. The measure, which also must be approved by the senate, would do this beginning January 1:

1. Guarantee every individual income tax payer a reduction of at least 10 per cent. Total cuts for individuals would amount to \$2,627,000,000.
 2. Sweep 12,000,000 low income persons off income tax rolls completely. When the war ended there were approximately 50,000,000 individual taxpayers.
 3. Lower corporation tax burdens \$1,888,000,000 by trimming the effective rate of the war-imposed excess profits tax from 85.5 to 60 per cent; reducing the combined corporation normal and surtax from 40 per cent to 36; and repealing next July 1 the declared value capital stocks tax. The bill calls for repeal of the excess profits tax Jan. 1, 1947.
 4. Cut back next July 1 the high wartime excise levies on such things as liquor, furs, jewelry, luggage and cosmetics, at a saving of \$553,000,000 to consumers in the last half of 1946. Some \$160,000,000 in taxes on floor stocks under excises also would be refunded to business.
 5. Repeat the \$5 automobile use tax, next July 1, relieving the burden on automobile owners by \$140,000,000.
- The legislation also freezes the social security tax in 1946 at one per cent each on employees and employers. Without the freeze this tax would jump January 1 to 2.5 per cent. The bill came to the house floor at 9 a. m. (CWT) under a rule virtually barring any changes. At the request of the ways and means committee which wrote the measure the rules committee laid out procedure prohibiting amendments unless approved by the ways and means group.

Boys Home Soon, Mac Announces

TOKYO, Oct. 11 (AP)—General MacArthur gave orders for sweeping social and political reforms in Japan today and announced plans for sending home 1,250,000 American soldiers from the Pacific theater in the next six months. The Americans will return to the United States at the rate of approximately a quarter of a million a month, leaving by the end of March only 400,000 occupation and garrison troops in the entire far flung Pacific theater. The announcement further reduced the number of troops which the Allied commander expects to keep in Japan. Previously he estimated 200,000 troops would be sufficient, but today's announcement disclosed that 200,000 would do the job both for Japan and Korea. The total would include four combat divisions on Japan and two on Korea. The balance would be air service and occupation force specialists. MacArthur met Premier Shidehara for an hour late today, telling the new Japanese government head that the five major reforms needed in Japan would necessitate revision of the constitution and that: "I expect you to institute them as rapidly as they can be assimilated." MacArthur likewise put it squarely up to Shidehara to take prompt and "vigorous" action to see that the Japanese people are clothed, fed and housed during the coming winter.

Strike Lines Hold At 450,000 Mark

By The Associated Press
The nation's strike lines held at around the 450,000 mark today, only a small decrease in 24 hours, as fresh labor disputes almost offset the return of 42,000 workers to jobs in textile plants. As new shutdowns in the six-state soft coal strike area forced additional thousands to the ranks of idle, bituminous operators and United Mine Workers Union representatives failed to agree on a compromise proposal to end the 21-day expanding work stoppages. Secretary of Labor Schwellenbach again summoned the conferees to session today to attempt to settle the dispute between the operators and John L. Lewis' United Mine Workers. The disputants, he said, are not far apart in their controversy over recognition of the UMW Foremen's Union, and he expressed hope that "they should be able to agree."

The secretary was expected to report to President Truman today on the progress of the negotiations. Failure of settlement is expected to see a further spread of stoppages in the coal pits. Already some 188,000 miners have walked out from nearly half of the country's soft coal mines. Although Lewis said he would call off the strikes if the operators would agree to negotiate on the recognition issue, the operators rejected the proposal. They said if they negotiated, they wanted to protect their present opposition to bringing the foremen into the Lewis union. They maintain that foremen and other supervisory employees are part of management. In Hollywood, the picketing of Warner Brothers studio appeared headed for a showdown. Movie strike leaders called 20,000 AFL aircraft workers into the picket lines in front of the studio's main gate but only some 400 appeared. Five hundred officers were summoned to maintain order. Sheriff Eugene Biscailuz said if the aircraft workers' picketed the studio they would be subject to immediate arrest.

Subsidy Payments Made To Applicants

Subsidy payments amounting to \$5,462.89 for sales through July, August and September have been paid 104 applicants through the AAA office here. A total of 6410 cwt. of whole milk and 14910 pounds of butter fat was represented in the production total for the three months' period. Whole milk brought 55 cents per cwt., and butter fat 13 cents a pound in the sales.

French Not Treating Prisoners According To Geneva Rules

FRANKFURT, Germany, Oct. 11 (AP)—U. S. headquarters suspended today the transfer of any further German prisoners to the French after the International Red Cross charged that captives in French hands were suffering from malnutrition and not being treated according to the Geneva convention. The American army has turned over to the French approximately 700,000 prisoners of war for work in rehabilitating France. An agreement was signed last spring for the transfer of 1,300,000. The International Red Cross was reported authoritatively to have made representations to the U. S. army a week ago about widespread malnutrition among German prisoners in French camps they had investigated. The representations were said to have accused the French of not living up to terms of the agreement.

Clarinda Sanders, Capt. T. A. Harris Exchange Vows In Double Ring Ceremony

Formal Ceremony Said By Candlelight At The First Baptist Church

Gowned in traditional white bridal satin, Clarinda Mary Sanders, daughter of Mrs. Annie Lea Sanders, became the bride of Capt. T. A. Harris, son of Mr. and Mrs. T. A. Harris of Sinton, Sunday evening in the First Baptist church.

The double ring ceremony was performed by Herbert Newman, minister of the Big Spring Church of Christ, before an altar banked with baskets of pink gladioli and roses and fern. Candles set in tall candelabra were lighted by Susan Houser who was dressed in pink satin and lace. Sections reserved for the family were marked with bows of pink satin ribbon.

Helon Blount, soloist, sang "Because" and "I Love Thee" by Grieg, accompanied by Mrs. J. P. Kenney at the organ, who also played the traditional wedding marches.

Given in marriage by her great-uncle, John T. Lochaboy of Del Rio, the bride wore a wedding gown of white slipper satin fashioned with a tight-fitting bodice and a sweetheart neckline. The tight sleeves extended into points over the wrists. The full satin skirt swept into a train.

The two-tiered finger-tip length veil of bridal illusion fell from a heart-shaped tiara of seed pearls edged with ruffle of illusion. The bridal bouquet was a fan formed of white gladioli, white gladioli and orange blossoms with a white orchid at the base. The whole arrangement was showered with white satin ribbon and orange blossoms. The bouquet was carried over a small Bible given to the bride when she was a little girl by her grandmother.

For something old she wore a diamond and pearl necklace which was 160 years old and belonged to her cousin, Lydia Werther of San Antonio. Something borrowed was a hand-made point lace handkerchief which belonged to Mrs. Florence B. Hall of Eden. Something blue was a blue ribbon.

Attendants were Mrs. Frances Hendrick, as matron of honor, Juanita McCullough as maid of honor, and Dorothy Dean Sain and DeAlva McAllister as bridesmaids. All wore identical dresses designed with pink satin skirts with a band of pink lace at the hem. The basques were made of pink lace and ended in a peplum. They wore small pink satin hats edged

with horsehair braid forming a halo.

Their bouquets were fans formed of white feathers with clusters of pink carnations at the base, and showered with pink satin ribbons. Flower girls were Delores Baird and Patricia Rogers who wore identical dresses of pink net designed in the colonial drop-shoulder style. They carried baskets of pink satin filled with flower petals. Ronnie Burnham, the ring bearer, wore a white satin shirt and black velvet trousers and the two rings were placed on a white satin pillow.

Capt. Mike Hoerger acted as Harris, S 1-c, Paul Graham, Lt. Harris S 1-c, Paul Graham, Lt. Murray Stahl and Lt. Bill Bookman.

Following the ceremony a reception was held at the bride's home. The large white, three-tiered wedding cake was decorated with a cluster of small white flowers sprayed with white satin ribbons. The table was laid with a Clony lace cloth and was centered with an oval-shaped arrangement of Tailsman roses. Mrs. Elton Taylor served the wedding cake, and Mrs. O. T. Arnold presided at the punch service. Edith Harris, sister of the bridegroom, was at the guest registry. The buffet held an arrangement of pink asters and baby chrysanthemums.

For her going away costume, Mrs. Harris selected a dark brown Swansdown suit designed with a three quarter length coat which had a gathered waistline. With it

she wore a gilet of soft, forest green embroidered with sequins in cerise, gold and dark green. She had a small tailored powder puff hat of brown felt and her other accessories were brown. Her corsage was a white orchid.

Mrs. Harris was graduated from Big Spring high school and attended Texas Technological college in Lubbock. She was a member of Beta Sigma Phi.

Capt. Harris was graduated from Lamesa high school, and entered the army air corps in 1941. He served for two years in Ireland and in Germany in the infantry. He is now stationed at Camp Swift.

Following the reception the couple left for Austin where they are at home temporarily at the Stephen F. Austin hotel.

Out-of-town guests present for the ceremony were Mrs. Florence B. Hall, Eden; Mrs. T. A. Harris, Sr., Sinton; Edith Harris, Pharr; Jack Harris, S 1-c; Mr. and Mrs. Joe Spikes, Lamesa; F. H. Lanham, Midland; Capt. and Mrs. W. S. Lanham, Mary, Gloria and Buddy, San Angelo; Mrs. Laura Russell and Miss Hazel Lochabay of San Angelo; Stella Mae Lanham, Washington, D. C.; and Mr. and Mrs. John T. Lochabay of Del Rio.

New Radios To Sell At About 1942 Price

WASHINGTON, Oct. 11 (AP)—New radio sets will sell for about the same as in 1942, OPA announced today.

The agency granted price increases averaging about 12 percent to manufacturers. But it said that with few exceptions wholesalers and retailers would be required to absorb the increase.

Rainfall Breaks Dry Spell, Rio Grande On Year's First Big Rise

LAREDO, Oct. 11 (AP)—Heavy rainfalls in South Texas, which started last Monday, not only broke a protracted drought and extremely hot spell, but put the Rio Grande river on its first big rise in a year, providing necessary water for irrigation purposes. For Laredo and the lower Rio Grande valley.

The rainfall also greatly aided the dry farming areas of the Laredo district where tomato and sweet pepper plants and seedbeds of Bermuda onions were given scant irrigation from reservoirs.

The tomatoes and sweet peppers are now assured of making good yields of fruit, while the onions in seedbeds will be ready for the transplanting of approximately 5,000 acres of plants.

"Pin-Worms Can't Get MY Child!"

Better learn the Truth, Mother!
Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And these pests, living and growing inside the human body, can cause real distress.
So watch out for the warning signs that may mean Pin-Worms—especially the irritating rectal itch. If you suspect this ugly infection, get JAYNE'S P-W right away and follow the directions.
P-W is the name of the Pin-Worm tablets developed by the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Satisfaction guaranteed or your money back. Ask your druggist: P-W for Pin-Worms!

Auditor Scores Open Cases On Justice Court Docket

Action looking toward accounting for the status of undisposed cases in justice court is suggested by Sedgwick & Co., San Angelo, auditors...

The auditor pointed to a "generally unsatisfactory" condition of the criminal docket, showing "criminal cases still open for some reason and/or unpaid at Dec. 31, 1944" in the number of 332 cases...

Such cases, tabulated by years, are as follows: 1941, 123; 1942, 64; 1943, 78; and 1944, 67.

The auditor called the court's attention to the law which requires that the "amount of all fees, commissions and compensations earned" but "not collected, together with the name of the party owing said fees, commissions and compensations" should be made to the court at the end of each year...

It was a further suggestion that the court determine if there is "negligence on the part of any officer charged with the duty to collect such fees."

Outside of insufficient information concerning these open cases, the auditor's report approved all other affairs.

Some of the highlights from the audit were: Howard county spent \$207,702 in 1944, by funds as follows: Jury \$9,253, road and bridge \$108,859, general \$36,086, road and bridge refunding \$4,879, special road and bridge refunding \$5,038, road and bridge special \$125, permanent improvements \$3,631, courthouse and jail warrants \$1,100, viaduct \$185, and officers salary \$41,568.

During the year the county bought \$5,000 in government bonds and converted \$25,000 of bonds into cash.

The tax collector's office handled a total of \$250,701 during the year, of which \$147,077 was in taxes and \$98,801 in automobile license fees. Other offices handled much smaller amounts for fees, fines, etc.

The general fund's chief item was for pauper care and welfare work. This totaled \$9,584 and includes appropriations for the health unit and case worker. Of the road and bridge fund's disbursement, \$50,101 went for salaries and wages, the commissioners receiving \$6,972, and the balance for wage earners. In addition, commissioners drew down \$1,200 for car expense.

Out of this same fund, materials and supplies cost \$24,451, gas and oil \$5,899, tires and repairs \$3,689, construction contracts \$12,265, and new equipment \$3,165.

Common school districts of the county had receipts of \$136,208, including a starting balance of \$20,763, and expended \$107,891. Thus there was nearly an \$8,000 increase in the balance.

Brushing Up On Regulations

This is the third in a series of three on nuisances as described in city ordinances . . . (Ed.)

The printing, painting, writing or placing of any sign, writing, advertisement, pictures, characters or other symbols on any street or sidewalk within the city limits.

Any unwholesome food, liquor, or adulterated medicines and all cattle, horses, or hog pens, stables, enclosures, or any place in which any cattle, horse or horses, hog or hogs, may be kept, confined, or placed or left standing, which from use may have become offensive to persons, residing in the vicinity or to the public.

Any nauseous, foul or putrid liquors, or any other substance or substances, or any liquors or any substances likely to be nauseous, foul, or putrid, discharged, placed, thrown or conducted into or upon any street, alley, sidewalk, gutter, drain, public ground, or any other place, private or public.

The printing, pasting, sticking, or placing of any advertisement, hand bill, or placard of any printed, pictured or written matter upon any house, wall, building, pole or fence, or other property, private or public, without the permission of the owner or person in charge thereof.

The making, keeping or permitting any uncovered opening or hole in or across any sidewalk, street, alley, or public passway or other public place or the making, keeping, leaving or permitting any building material, implement, tool, or any dump made of dirt or other substance upon or in any street, sidewalk or other public passway, unless the same is sufficiently guarded and protected to insure the safety of all persons passing by, over or near the same.

The storing or having on hand for any purpose or in any capacity within the corporate limit of the City of Big Spring by any person, persons, firm or corporation, in any house, store, shop or other building of more than 25 pounds

in all of gun or blasting powder, dynamite, nitro-glycerin or other high explosive, or more than 100 gallons in all of kerosene, or other illuminating oil, or more than 50 gallons in all of turpentine, oil of vitriol, gasoline, naphtha, or other oils or liquid of a combustible nature.

It shall be unlawful for any person to wash or repair, or assist in washing or repairing any automobile or other motor vehicle on any paved street or alley in the City of Big Spring, providing, however, that repairs may be made in case of emergency.

It shall be unlawful for any person, firm or corporation to display any merchandise on the sidewalks or place any obstruction, sign, containers, scales or anything that would in any way interfere with pedestrians.

The above resume is taken from the Sanitation and Abatement of Nuisance Ordinances adopted Sept. 2, 1929.

Teen Agers No Ladies Of Leisure, Their Busy Hands Require Care

OOOH, PRETTY! . . . compact too. A handsome nail kit.

By BETTY CLARKE
AP Newsfeatures Beauty Editor

Teen-age girls often are thought of as young ladies of leisure. But actually their hands are kept almost as busy as Mom's.

If school-age daughter isn't busy with piano and violin lessons, she is helping Mom with the dishes, mowing the lawn or firing the furnace.

Yet she is at the age when she should be inaugurating a training program for hands and nails.

Honest-to-goodness hard work doesn't go hand in hand with pointed, long nails. So off with the points. Besides it is a little silly for a busy hand to wear uselessly long nails. A strong fingertip is necessary to take all the bumps around the house.

On the other hand, any girl who bites her nails short is sure to ruin her lovely hands. All that is needed is a little determination to omit that bad habit.

What the average schoolgirl really needs is a good manicure ensemble that will fit smoothly in a traveling bag and open up prettily on the dressing table.

It is best to have one that contains all the little essentials—cuticle oil, remover and base coat, tweezers, nail file, emery boards, orange sticks and a plastic cuticle pusher.

A real red polish is popular this fall—a shade that will go with many costume colors.

Trading was light at the Big Spring Livestock Auction yesterday due to the rainy weather, but prices were generally high and steady.

Fat calves sold up to 11.50; butcher bulls 10.50; butcher yearlings 13.55; stocker calves 12.00 and stronger. Not enough hogs were offered on the market to determine average, however, steady ceiling prices were paid.

Clark To Oppose Interest Dooming Free Enterprise

DALLAS, Oct. 11 (AP)—Attorney General Tom Clark said here last night that he would wage legal war on any selfish interest that threatens the American system of free enterprise.

Clark spoke at a banquet in his honor, given by friends in his hometown. Some 700 persons were present.

"I am only a small town lawyer," Clark told his friends. "My job as attorney general is just a lawyer's job."

"We are here to see that simple justice is done," Clark said. "Constitutional guarantees must be held inviolate, civil liberties preserved."

For the businessmen of the nation, Clark said the antitrust laws would be enforced for their own protection.

"This means an end to selfish protection of the entrenched, an end to domination and extermination of the small to protect the advantages of the large, an end to the right of dollars to stifle brains, incentive and inventive genius; an end to supernatural cartel conspiracies."

With Clark were Postmaster General Robert E. Hannegan, chairman of the democratic national committee; Edwin W. Pauley, U.S. representative on the Allied reparations commission; J. Howard McGrath, solicitor general of the United States; and Congressman Hatton W. Summers of Dallas and John E. Lyle of Corpus Christi.

In an interview before the banquet, Pauley said he would fly to Tokyo Oct. 28 to make material penalties that will be imposed upon Japan for her war guilt.

"I am going to be as tough as I can be," Pauley said. Clark will be in San Antonio tonight and at Corpus Christi tonight.

Group Reinstates Original Oil Order

AUSTIN, Oct. 11 (AP)—The original oil order authorizing a net daily allowable crude oil production of 1,785,089 barrels daily has been reinstated by the railroad commission to become effective at 7 a. m. on Oct. 12.

Return to full operation of refineries which had been strike-bound brought restoration of the order and set aside revisions which had been instituted to cut production in the face of refinery shut-downs.

The original October order called generally for 21 producing days over the state, with exceptions ranging down to 14 days and up to no shutdown days.

The allowable was 207,152 barrels less than that of Sept. 15, a cut of 10.4 per cent with all districts except the Panhandle sharing the decrease.

- Braised Beef Ribs
Barbecue Sauce
Green Beans
Whole Wheat Bread
Butterscotch Rice

(Recipes serve four)
Barbecue Sauce
1-4 cup butter or margarine
1-2 cups hot water
2 tablespoons vinegar
1-4 teaspoon salt
Dash of black pepper
Dash of red pepper
1-2 teaspoon paprika
1-4 teaspoon chili powder
1 teaspoon sugar
2 teaspoons prepared mustard
1-4 teaspoon Worcestershire sauce

Few drops tabasco
1 teaspoon chopped onion
Clove of garlic
Mix ingredients and heat to boiling point. Remove garlic. Use sauce to baste meat while braising.
Butterscotch Rice
1-2 cup rice
2 cups milk
1 cup brown sugar
2 tablespoons butter or margarine
1-4 tablespoon salt
Scald milk. Add washed rice and cook in double boiler. Cook brown sugar and butter or margarine until syrupy, stirring constantly. When rice is nearly tender stir in syrup and cook until entirely done. Chill and serve with cream.

Apricot Cheese Salad
1 package lemon or orange gelatin
1-2-3 cups boiling water or fruit juice
1 tablespoon vinegar or lemon juice
1-4 teaspoon grated lemon rind
1-2 cup cooked apricots (canned or cooked dried)
2-3 cup cottage cheese
1-4 teaspoon salt
Dissolve gelatin in water. Add vinegar and rind. Cool and let thicken slightly. Add remaining ingredients and pour into shallow pan, rinsed out of water to prevent sticking. Chill until firm. Cut in squares and serve on crisp salad green. Top with mayonnaise or boiled salad dressing.
This salad can be made a day or so in advance and stored in refrigerator. It contains protein, vitamins A and C and minerals.

The Nation Today— Government Doing Patchwork Job Settling Wage Disputes These Days

By JAMES MARLOW

WASHINGTON, Oct. 11 (AP)—Because it has no policy for settling wage disputes, the government is trying to do the job by patch-work.

It does have a policy on wages and prices. The present disputes stem directly from conflict with that policy.
This is the wage-price policy: A boss can raise wages if it doesn't mean an increase in the price of the goods made by his workers.

President Truman laid down that rule right after the Japanese surrender. He wants prices kept down to keep living costs down. Thus a boss employ can't raise his wages without needing to raise prices on the goods he sells.

But it's different with a firm employing thousands of workers if all of them, through their union, demand a large pay hike. In such a case a firm might feel it had to raise prices if it gave a blanket wage boost. That cuts to the heart of the conflict:
1. Workers want more pay. They've lost their wartime overtime pay. May have to take poorer-paying jobs. So their take-home pay is less. Yet this happens to them while living costs are high—and stay high.
2. Firms might be willing to grant pay increases if they could also raise their prices although this certainly—if practiced widely—would mean an increase in living costs.

While all this pressure builds up, the government is scrapping the War Labor Board, the most powerful instrument it ever had for settling labor disputes. It's

still in existence but is slowly folding up.
Some government economists are talking this way, but certainly not officially:
If the government did permit some price increases—provided they did not mean more than average increase of 2 or 2 1/2 per cent in living costs—business might be willing to meet labor's wage demands, or some of them.
(These economists are not talking about allowing wage increases of 2 or 3 per cent. They're talking about wage increases of perhaps 15 per cent which—with some rise in prices—would not result in an overall rise of more than 2 or 2 1/2 per cent in living costs.)

A dog belonging to Mrs. William Jacoby of McAllen probably causes an occasional convivial soul to decide he's put off going on the wagon just a li-little too long.
The dog is navy blue from bow to stern. He had ticks and Mrs. Jacoby tried out a new remedy. The result was, to put it mildly, unconventional.

Mr. Robertson had the unique experience of running into an elephant on a main street in Big Spring. The impact bent his bumper and the grill work on his car. The elephant belonged to the Cole Brothers Circus.

He was looking for submarines when he spotted a big shadow under the water. He dived, released a bomb, and scored a direct hit on a huge sperm whale. He said it caused a lot of trouble. The whale gave out such a stench the base had to send out barges to tow it away.

High Island Star Tallies 62 Points In 6-Man Game

HIGH ISLAND, Oct. 11 (AP)—James Franklin, who plays on the High Island 6-man football team, had himself a time the other night. He scored exactly 62 points as High Island rolled to 100 in beating Sabine Pass.
Sabine Pass? Didn't get anything that looked like a point. Final score: 100 to 0.

Thirty League Bouts Booked

Battles at Brownfield, Lufkin and Brownsville headline an important week-end in Texas school-boy football with unbeaten, untied teams due to be cut to about a dozen and with conference warfare on practically every front.

Amarillo meets Brownfield, Lufkin clashes with Goose Creek and Brownsville tackles Kingsville in the top games, these contests all matching schools with perfect records.

No. 1 will be the melee at Lufkin. It will send one of the teams ranked with the leading 10 against an eleven that has been a question-mark. Goose Creek hasn't been particularly impressive to date although winning its games with comparative ease. However, the veteran Ganders have the stuff to give any club a major battle. Friday night at Lufkin will be a good time to show it, too, because Lufkin is looking as tough as the 1944 Panther team that swept the state semi-finals.

Amarillo will be favored over Brownfield but the Brownsville-Kingsville clash looks like a toss-up with the edge, if any, going to Kingsville.

There are 51 games on the schedule and 30 of them are conference affairs. Topping the play-for-keeps battles is the Odessa-Abilene joust at Abilene Friday night. The winner of this game will become a hands-down favorite to win the district 3 title.

The week's schedule by districts:

- 1—Friday: Amarillo at Brownfield (conference), Pampa at Norman, Okla., Hollis, Okla., at Plainview, Lubbock at Borger (conference).
- 2—Friday: Childress at Electra, Breckenridge at Vernon, Wichita Falls at Graham (conference).
- 3—Friday: Odessa at Abilene (conference); Lamesa at Big Spring (conference), Sweetwater at Midland (conference).
- 4—Thursday: Carlsbad, N. M., at El Paso High; Friday: Austin (El Paso) vs. Bowie (El Paso) (conference), Yaleta at Roswell, N. M.
- 5—Friday: Bonham at Denison (conference), Paris at Gainesville (conference).
- 6—Friday: Sherman at Highland Park (Dallas), Greenville at Sulphur Springs.
- 7—Thursday: Quanah at Paschal (Fort Worth); Friday: Amon Carter-Riverside (Fort Worth) vs. Arlington Heights (Fort Worth) (conference); Saturday: Masonic Home (Fort Worth) vs. Fort Worth Tech.
- 8—Thursday: Craizer Tech (Dallas) vs. Adamson (Dallas) (conference); Friday: Forest (Dallas) vs. North Dallas (conference); Saturday: Woodrow Wilson (Dallas) vs. Sunset (Dallas) (conference).
- 9—Friday: Cisco at Mineral Wells (conference), Stephenville at Weatherford (conference).
- 10—Friday: Cleburne at Waxahachie (conference), Bryan at Ennis (conference), Hillsboro at Waco (conference), Arlington at Corsicana.
- 11—Friday: Gladewater at Tyler (conference), Longview at Texarkana (conference), Kilgore at Marshall (conference).
- 12—Friday: Goose Creek at Lufkin, Palestine at Nacogdoches (conference), Jacksonville at Athens (conference).
- 13—Thursday: Reagan (Houston) vs. Austin (Houston) (conference); Friday: Temple at Lamar (Houston), San Jacinto (Houston) at Conroe; Saturday: Milby (Houston) vs. Sam Houston (Houston) (conference).
- 14—Friday: Livingston at Port Arthur, South Park (Beaumont) vs. St. Anthony's (Beaumont), Beaumont vs. French (Beaumont), St. Thomas (Houston) at Orange, Poly (Fort Worth) at Galveston.
- 15—Thursday: Jeff Davis (Houston) at Brackenridge (San Antonio); Friday: Austin at Laredo (conference), Corpus Christi at San Antonio Tech (conference), Uvalde at Kerrville.
- 16—Friday: Kingsville at Brownville (conference), San Benito at Robstown (conference), Edinburg at Donna.

West's Waddies Defeat South Ward, 14-0

West Ward moved into the favorite's role in Ward school football league play by trimming the South Siders, 14-0, in one of two games played at Steer stadium Wednesday afternoon.
Led by lanky Dan Scott, the Cowboys from Ayford street pushed over a touchdown in the initial period and came back with a six-pointer to put the decision on ice.
Scott dashed 40 yards for the score and Aubrey Armstrong made

it 7-0 a moment later by going off tackle into pay dirt.
South Ward, with Harley Long, Gerald Scott and David Joe Young handling the backfield chores, tried valiantly to keep up with the heavier Cowboys but the West Ward line usually nailed the ball carriers before they got started.
Chuck Franklin counted for the winners early in the final period with a line buck only to have the play called back because one of his mates had been ruled offside. Scott made the score a moment later when he went over standing up from the 20. Armstrong again added the point.
In the afternoon's co-feature, College Heights was hard pressed to maintain a 7-all deadlock with Central Ward.
Billy McMillan's long pass to Ross Ward capped a fourth quar-

ter rally that enabled the Wolverines from Central to pull even with the favored Eagles. McMillan plunged for the vital point.
College Heights had gone out in front in the second period when Chubby Cloud went through the line to score and Bob Cobb slipped through for the seventh tally.

Ray Adams, doing most of the kicking and passing for College Heights, gave promise of helping the Steers in future years.
The North Ward-East Ward game was postponed due to the fact the North Siders could not be present, was re-scheduled for Monday afternoon.

Medalist Ousted In Senior Meet

SAN ANTONIO, Oct. 11 (AP)—Ross Frank of Dallas defeated medalist winner Clyde Cunningham of Houston in the first round matches of the ninth annual state senior golf tournament here today, 2 and 1.
Other winners in the first round were R. H. Nix of Dallas, defending champion; Ernest Brown of San Antonio; Dr. W. E. Sutton of Houston and Willie Hut of Houston.
Other flights did not play because of a wet course.

TO MEET SOLDIERS

GEORGETOWN, Oct. 11 (AP)—Southwestern University will meet a football team from the Eleventh special troops, Fourth army, from Camp Hood at Gatesville on the night of Nov. 16, Coach R. M. Medley has announced. Camp Hood played its first game last week, defeating Tarleton College 12-0.

HOW TO GET RID OF A MAN

Well, we're not giving advice to the lovelorn. But we do know that good coffee makes a world of difference in the homelife. A flat, wishy-washy cup can drive a man away just about as quick as a plague. Men like full-flavored, rich-tasting coffee-the kind of coffee you'll find in every pound of Admiration. We know that from experience. If your family gently scrams as soon as the coffee is served, better take the danger signal to heart. It's time to change blends. Buy a pound of Admiration and one or two other blends. Then compare them all. It's pretty certain Admiration will be the family's choice — and yours too.

Bengals; Cubs Compile New Marks In Series Play

Dearth Of Hill Toilers Costs Chi Title

By SID FEDER
CHICAGO, Oct. 11 (AP) — Baseball's takeoff on the nine old men—eight old men and a boy, in this case—brought the world championship back to Detroit today for the first time in 10 years, all because the Chicago Cubs ran out of gas and pitchers against the Tiger triggermen in the clutch.

That, plus some of the fanciest flinging of this fall frolics by Lefty Hal Newhouse, for a new series streakout record for seven games, meant the ball game and the set in the finale yesterday. Prince Hal was the boy in the cast—he is 24—and the boy turned out to be quite a man as he racked up his second win of the scramble.

That was the story in yesterday's 9 to 3 payoff. Jolly Cholly Grimm was so desperate for pitchers, after using most of them Sunday and Monday, he finally had to reach into the barrel and come up with Heaving Hank Borowy for his third consecutive game.

Good as Hank was in this series—he won twice and lost twice—the Tigers got to him early. They drove him from the hill after nine pitches which three Tigers converted into singles and one run. Five other Cub pitchers followed him to the mound. That's the way those doddering Detroiters were. They ran, mostly as if they were dragging their anchors, but their bats were loaded with high explosives.

The Tigers' hitting power when it was needed, and tight pitching in the pinches, was what made the

Two Vets Series Stars

STAN HACK

CHICAGO, Oct. 11 (AP)—This past world series had plenty of heroes, perhaps more than any since the post-season classic first officially was established in 1905. Paul Richards, Detroit's 37-year-old catcher from Waxahachie, Tex., was one. So was Roger (Doc) Cramer, center-fielder of the new world champions who passed his 40th birthday in July.

Richards batted in four runs with a pair of doubles in yesterday's deciding game. Cramer had a batting average of .379 for the seven games, batted in four runs and scored seven himself.

But for real moxie in the series, thousands of fans will name Stan Hack as the hero. Although he was on the losing side, for all-around play, he was tops.

Cubs lose their seventh series opportunity in 37 years after beating the Tigers in 1907-08. The Tigers—all the regulars except the pitchers—are over 30—but on some great exhibitions of deftness out there in the field from time to time. But when the final chips were down they picked them up with alacrity.

It wasn't only one of them, although Hank Greenberg was in the forefront. The big guy is a slowed-up 35 now, but he was the glamour boy of the series in anybody's book. He hammered one homer that won a game, another that kept his ball club in it; thumped three doubles in one tilt; scored seven runs and knocked in seven. He wound up with a .304 batting mark, which, with his 1934 and 1940 flailing, made him one of 13 men in all series history to go for .300 or better in three or more series.

Looking Em Over

With ANGUS LECESTER
A Chocolate Bowl football game is in the making for Big Spring. Provided Frank Miller is willing to keep his Lakeview school team working out through December and a suitable opponent can be found, such a classic stands a good chance of being unraveled here New Year's Day.

Plans for a Jan. 1 bout were discussed at a recent meeting of the Big Spring Athletic association.

That august body also has designs on bringing the district Golden Gloves boxing tournament back to Big Spring in January. The plum has already been promised the city by the Fort Worth Star-Telegram, statewide sponsors, if the association cares to back it.

Should the thing jell, Big Spring would play host to amateur milt-slingers from one of the largest districts within the state.

The indefatigable Ray Simmons ramrodded the 1938-39 Golden Gloves, the only years the bouts were ever staged in Big Spring. Ray improvised a ring on the stage of the city auditorium for the fights.

The little promoter was hard pressed to break even on the ventures but the patrons appreciated his tireless efforts and have been clamoring for a renewal of the show every year.

Nationally, the Gloves have become such an institution, they should have no difficulty in paying the freight.

Likeable Ellis Read was Simmons' flashiest champion in the 39 fights. A shrewd, hard punching 135-pounder, Ellis made an excellent show in the state finals at Fort Worth despite the fact that he never gained a title.

Read copped the lightweight blue ribbon here by kayoing one Ruffian Rhone of Kermit in the finals. Rhone knew his way around in a fight ring but he couldn't keep up with Ellis and finally, for lack of breath, had to desert ship.

Other champions of the 1939 tournament and their divisions were: Truett Fulcher (Colorado City), heavy; Walt Stone (Crane), 175 pounds; Jess Carnes (Monahans), 160 pounds; Dick Gibson (Big Spring), 147 pounds; Jack Childress (Midland), 118 pounds; and Ynez Yanez (Big Spring), 112 pounds.

Two of baseball's greatest pitchers—Bobby Feller of the Cleveland Indians and the New York Yankees' Spurgeon "Spud" Chandler—will face each other in an exhibition baseball game between all-star aggregations of Dallas and Fort Worth at 3:30 Sunday in Rebel stadium, Dallas.

Al Vincent, a former Detroit farm skipper who'll manage Dallas in next year's Texas league chase, will pilot the Feller troops while Homer Peel, former Texas league great, will run the show for the invading Fort Worth team.

Lions, Eagles Meet Tonight

Local Gridders Out After 3rd Win Of Year

Even the Rain God is smiling on Frank Miller and his Lakeview (colored) school football team.

The mighty Lions, who have been carrying horseshoes and four leaf clovers around in their pockets and combining the apparent derivations thereof with a great deal of athletic talent in running up two overwhelming victories, had promise that old Jupe Pluvius would not be around when they tangle with the Abilene Black Eagles tonight at 8 o'clock in Steer stadium.

Miller and his lads have been handicapped in practice all week by afternoon showers but Jupe packed his bags Wednesday and exited. That's all right with the Lions, who dislike fighting the elements as well as a foe of unknown quality.

The sensational Lions start on their "second 100" tonight, having rolled up that many points in their two tests thus far.

Little is known of the visiting crew but what news relative to the Eagles the couriers have been able to get through hasn't been good. The Abileneans are rated much tougher than either Midland or Sweetwater, early semester foes of the Lions.

If Claude Tucker, dreadnaught of the Big Spring secondary, gets back into Miller's lineup, the Lions are content they can outscore the opposition. The 190-pound powerhouse wasn't stopped by Midland two weeks ago.

The big boy works in well with Harry Dooley, Junior Crockett and Ed Wrightsil, all of whom appeared to advantage against Sweetwater last week.

A good crowd is expected to look on, since the Lions definitely "caught on" here last week. Past-boards—priced at 55 and 30 cents—are available at Western Drug, J.L. Drugs, the Cotton Club and Hester's Sports Shop. For those who neglect to pick them up downtown, the ducks can be purchased at the gate.

Citrus production in Arizona is not confined to grapefruit; more than one million boxes of oranges were shipped this year from 6,900 acres in the Salt River Valley area near Phoenix.

Local Preps Work On Pass Defense For Lamesa Test Here Friday Night

Apparently looking for the Lamesa high school Tornados to fill the air with passes when they advance on Steer stadium Friday night for their annual football classic with the Big Spring Longhorns, John Dibrell had his charges working long hours yesterday on a defense that will serve to neutralize the threat.

Given a break in the weather, the Big Springers made the most of their drill by taking time to polish their own overhead game as well.

Dibrell has been given all kinds of warnings to be on the alert of a master craftsman by the name of Orville Neiman, who is to the Lamesa attack what J. W. Thompson is to the Odessa gridiron machine. That was enough warning, for Dibrell doesn't care if he never ganders at the Odessa operator again.

This Neiman can gambol, as the Lubbock Westerners found out last

week. And apparently he has plenty of help in the Lamesa secondary in the person of Pat Patterson who takes care of the passing and punting chores.

Chock Sanders, one-time SMU star and now coach of the Tornados, has been experimenting with his line of late. His mammoth tackle, Bill Fortenberry, might or not be in shape. Sanders is not counting on his availability too much, for he has moved Bud Eudy from guard to tackle and elevated Art Bizzell to Eudy's old spot.

Homer Rippey and T. J. Corbett, as blocking backs, contribute no little to the over-all success of the Tornado attack and either might pop up as a running threat. Dibrell also had his star triple-threat, Hugh Cochran, kicking to a couple of other safety men downfield during Wednesday's drills.

From stem to stern, the Steer line reeked with enthusiasm and seem determined to make their best show of the campaign when they return to action before the home folk.

Odds, if any, will slightly favor the visitors.

Colonels Sweep Third Straight

NEWARK, N. J., Oct. 11 (AP)—Louisville and Newark were riding the rails to the Blue Grass state today with the American Association Colonels needing only one more victory to wrap up the little world series championship.

Following last night's 8-3 victory behind Yank Terry's five-hit chugging, the Colonels were in the driver's seat, having outhit the Newark club in each of three winning contests.

A first-class runner generates eight horsepower and goes as fast as 24 miles per hour when he runs a 100-yard dash, according to the Encyclopedia Britannica. He exerts himself enough to lift himself from 240 to 270 feet in the air.

Red Cross Needing Volunteer Workers

Volunteer workers are urgently needed to assist with work which is being done at the Howard-Glasscock Red Cross office on clothes for refugee children in Europe.

One thousand yards of material was issued to the Howard-Glasscock chapter to be made into younger girls' dresses with sizes ranging from eight through 14. The quota of sewing must be completed in two months and to date one month after the material was received, only 29 garments have been completed.

Church groups, clubs and other women's organizations are urged to contact the office if services can be offered.

Texan Advocates Social Security For Civil Toilers

WASHINGTON, Oct. 11 (P)—Municipal and state employees throughout the country should have the old age retirement benefits of the federal social security program, says Rep. Beckworth (D-Tex.).

Working today on an amendment he plans to introduce to the social security act, the Texan in an interview voiced his own views and made public parts of a letter from Watson B. Miller, acting administrator of the federal security agency.

"There's no reason why the city firemen in Tyler, Tex., or Walla Walla, Wash., shouldn't enjoy the benefits of this law," he commented. "The same thing goes for the thousands of highway workers and others employed by city and state governments."

"This amendment I am drafting would broaden the federal act so as to cover these individuals."

Seeking counsel from the federal agency which administers the law, Beckworth inquired and received from Miller a reply, part of which follows:

"Public employees were originally excluded from the program because of doubt as to whether it would be constitutional to levy the employers' tax upon states and localities."

"For this reason, if legislation is enacted, it might very likely take the form of an amendment permitting the governmental units to elect coverage for their employees on a voluntary basis. The provisions should be such as not to endanger any rights of workers under existing retirement systems."

FOR SHOWERS: Smart and handsome raincoat in tightly-woven cotton poplin, zelan-treated for water repellent duty. Can be washed or cleaned repeatedly.

Typhoon Damage Heavy In Okinawa

NEW YORK, Oct. 11 (P)—John Adams, CBS correspondent, said in a broadcast from Manila today that 90,000 soldiers had been left without quarters, five killed and a score wounded in the typhoon which struck Okinawa island Tuesday.

Several correspondents on the front plane to take off from Okinawa since the storm reported "damage so great that had it come a month earlier, it could well have changed the entire pattern of our occupation," he said.

Trick Of Week—Team Up Fur Hat, Mittens, Belts

DUMMY ALARMS MOTORIST
INDIANAPOLIS (UP)—Pranksters led Hubert Acree of Indianapolis to believe that he had killed a man. He jumped out of his car to investigate after he struck an object in the middle of the street. A limp body, clad in short brown pants and a boy's jacket of bright green, led him to fear the worst, so he was both mad and glad when he found his "victim" was only a straw-filled dummy.

CITRUS IMMATURE

McALLEN, Oct. 11 (P)—Preliminary maturity testing of Rio Grande valley citrus fruit, which may move to market next week, is well under way but early reports from testing stations indicated less than half of the fruit was passing state standards.

Wild Ducks Mix Up Own, Farmer's Grain

WASHINGTON, Oct. 11 (P)—Wild ducks have a tough time deciding which is a farmer's grain field and which is grain in their own refuges.

So, an airplane is used in some cases to "herd" large flocks from angry farmers' fields.

Acting Director Albert M. Day of the fish and wild life service, in a letter to Senator Young (R-ND) says that is one method employed to abate crop damage by wild ducks.

Other methods: Scarecrows, bombs in "aggravated cases," and in extreme cases "some of the offending ducks were shot."
