

## Campbell - Jay To Wed July 5

### PRESS POINTS JOE BENNETT, Publisher

Wasn't that a hail of a rain we had on Tuesday afternoon when small hail started to fall just after a rain shower hit. Then a few minutes later the hail really hit in Gorman as it measured up to 2 1/2 inches hit especially hard in town. There was a great deal of damage to trees, gardens and also to some vehicles. We did, however, receive some badly needed moisture and measurements were up to 1 1/2 inch. Several folks reported damage to fruit trees and leaves were numerous on the ground after the hail storm.

We thank the Good Lord for the fine moisture even though we also got the hail. The rain will mean a lot in preparation for the planting season.

The turnout in the local election box was very good as more than 400 votes were cast. There will be a run-off in the Sheriff's race but the rest of the races were decided in the primary. The 91st District Judge race was won by the incumbent, Mr. Jim Wright who had a majority over three other opponents in the race. Dewey Keesee won the Constable race in Precinct 5 by a margin of only 3 votes. In the Gorman box Keesee held a lead of 230 to 191. However in the Carbon box Ingram received 86 votes to 50 for Keesee and the total was 280 for Keesee and 277 for Ingram.

President Carter had a very large majority in the presidential preference balloting.

Received the following note this week and will pass it along.

Dear Joe:  
We enjoy the Progress each week. We are happy and content in Mt. Vernon but miss many good friends in Gorman. Keep up the good work and tell everyone howdy for us.

Thanks,  
Richard & Janis Arnold  
David and Jana

We must apologize to Jamie Mason of Mason Auto Parts for trying to sell his Oil Treatment for 69c week when it should have been 99c. Sorry Jamie.

We congratulate the Gorman students who won State Honors in shorthand. Paulette Baze placed first and Carla Jackson won second place. This is a rare oddity for the same school to win both first and second place in an event such as this. Again our congratulations to these students on a great effort and a deserving reward.

We wish Jimmy Johnson the best of luck as he goes to the State Track Meet this weekend. He has qualified in both the 100 yard dash and the 220 yard dash in the state meet. Best of luck to Jimmy.

The Miss Gorman Contest is in full swing now as the different civic groups are working hard for their candidates in the race. All proceeds from the contest will go to the swimming pool fund for the maintenance of the Community Swimming Pool. The winner will be crowned at the coronation on May 17th. Best of luck to all the contestants.

And remember to smile because God Loves You!

### RAINFALL 1.6 INCHES

Thunder Showers, Tuesday afternoon and evening dumped 1.6 inches of rain and larger than golf ball size hail in the Gorman Area. Many automobiles have dents, broken windshields and house windows and fruit trees, gardens, and shade trees were damaged. House roofs will be estimated after the sun comes out and they are inspected.

The hail and rain fell in two different storms around 4:45 p.m. and the damaging hail fell about 6:30 p.m. Some hail stones measured 2 1/2 inches in circumference.

## Baze Wins State In Shorthand

### Salutatorian

Paulette Baze, daughter of Mr. and Mrs. Graydon Baze, brought home a huge gold medal for herself and a first place plaque for the school.

Bill Townley, son of Mr. and Mrs. Dick Townley, a sophomore, also competed on the state level in the Editorial Writing contest. Although Bill did not place among the top three, the journalism contestants were told that only the top 1 percent of competing students were able to advance to the Austin contests.

Including this year Gorman High School has been represented a number of times in the state literary and academic ULL contests: thirty times in typing or shorthand, nine times in journalism or ready writing, four times in speech contests, three times in spelling and one time in number sense.

Other students from Gorman High School who won first place at the State meet were: 1951 - Hazel Moore, Shorthand; 1974 - Vicki Vaughn (Campbell), Prose Reading; 1978 - Randy Green, Ready Writing. Several from here attended the Alameda Cemetery Working on Saturday. A very large crowd was in attendance. They enjoyed some good singing in the afternoon.

Your electric bill has something in common with your grocery bill---inflation.

Inflation has made every can of corn, every carton of milk cost more today.

Everything it takes to produce and deliver groceries — fuel, equipment, etc. — is increasing in price.

The same is true of electricity. The cost of fuel to generate electricity is going up. So are the costs of power lines, transformers, poles and other equipment.

We're helping fight the effect of inflation on your electric bill by building new power plants that

use cheaper lignite coal and nuclear fuels.

There are things you can do, as well. By using electricity wisely, just as you shop for groceries wisely, you can help hold down your electric bill.

By attending one of our free "Operation Tighten-Up" workshops, you can learn effective ways to conserve electricity. Call us and arrange to attend a workshop in your neighborhood.
