Wasn't the news about the six U. S. Diplomats and others who had been hidden by the Canadians from the Iranians great news. It is very encouraging to find out that some of the countries we have befriended down thru the years still remember us as being their friends and are ready to help us out when the need arises. For this I think that all Americans owe a great heartfelt thanks to the Canadians. I think that maybe other embassies may have been involved in giving refuge to some of the American people in Iran. If so we also thank them.

It was to bad to hear that Iran was mad about the situation. Its too bad isn't it that some of the Americans got out before the Iranians could hold them hostage or worse. Thank God that we still have friends who are willing to take chances to protect us like we have always been ready to protect them when the time comes.

Now if some other miracle would come about to get the hostages out of the hands of these ungodly Iranians it sure would be great. You know these folks are beginning to wonder if they are

-J-

The icy weather sort of messed things up a bit around here on Tuesday. An expected return of freezing drizzle had not occured at press time on Wednesday. Moisture was falling some on Wednesday morning but it was not freezing. The moisture, what there was of it, was welcomed by the farmers. Every little bit helps toward the upcoming planting season. And maybe the cold freezing weather will help to rid the area of unwanted pests, insects, etc.

-J-

I want to urge folks to attend the organizational meeting of the Gorman Elementary Parents and Teachers Organization which is expected to be held soon if enough parents are interested in organizing the group. The main object of this organization would be to develop between the educators and the general public such united efforts as will secure for every child the greatest advantages in mental, physical, social and spiritual education.

If you are interested in this very worthwhile organization you are urged to call Mary McCormick, Vicki Hallmark or Brenda Hirst and get your name on the list and then attend the organizatio n a l meeting which will be forthcoming.

-J-

Got the following note fromMrs. Roy (Maxine) Dennis the other day along with the renewal of their paper. Thanks for the good words.

PROMOTIONS ANNOUNCED AT OLNEY SAVINGS

**OLNEY**, **TEXAS** (January 14, 1980) - Olney Savings Association President D. D. McClathcy has announced the promotion of five key management people effec-

tive January 1, 1980. DAVID ICKERT, vice president/controller, was promoted to senior vice president. Ickert came to Olney Savings Association in September, 1976, to head up the accounting department. He was made vice president/ controller in January, 1978.

SHERRY REDDELL was promoted to savings officer. Since joining the staff in February, 1975, she has been teller services representative and head teller and savings counselor. CAROLE FITZGERALD,

of the Jacksboro Branch Office was named assistant vice .president. Ms. Fitzgerald began her employment with **Olney Savings Association in** 

November, 1970, as branch 'office teller. She was promoted to assistant corporate secretary in April, 1977. BILL BAKER of Azle Branch was made assistant

Call L. H. Jones

#### the organization as manager of the Azle Branch Office in May, 1977.

**CRAIG LUND of Eastland** Savings, a division of Olney Savings, was named assistant vice presdient. Lund has served the organization in the Eastland Office since October, 1977.

In his capacity as assistant vice president/manager of Eastland Savings, Lund will continue to serve the Ranger/Eastland Division area with full financial services.

In announcing these pro-President motions. McClatchy commented. "Olney Savings' regutation has been built on sound business philosophies and management practices since 1927. Our continued success has been achieved through people such as these with the knowledge and expertise to excel in their particular fields."

Trucker instant hero 'And I thought John Wayne was dead,' caller says

#### **BY DICK BRYANT Chronicle Staff**

The telephone call from a Connecticut woman said it all.

'And I thought John Wayne was said. dead," the woman told Dick Cockrell

Cockrell, 32, an ex-Marine, is the Irving, Texas, truck driver who beat the daylights out of three men as they attacked a woman in a roadside park last weekend.

Cockrell's actions were recounted in a news service report, and the story has touched the hearts of

Americans from coast to coast. Cockrell, however, in true heroic fashion, said Monday that there was only one choice he could make when he drove into the park and heard the screams that none of the other bystanders were responding

"I get along with everybody just fine," he said. "It's not because of my size, it's how you use your mind. That's all it's going to take to get this country back together is inderstanding each other.

And Cockrell said he understood exactly what the men were trying to do to the woman in the roadside park near Canton. Texas.

deep trouble now because they think too much of themselves and not enough of each other. So when he heard a woman and her two young children screaming as three

men tried to drag them into a car happening. The officer mentioned too easily. Now he could be a nice gesture if Cockrell broke the man's jaw "It was time to wade in and do a but instead escorted the man to the number on them so they'd think twice about it next time," Cockrell door and told him not to come back. Cockrell said he also had a call

from someone claiming that the Ku The news story about Cockrell Klux Klan was going to get him for breaking one of the attacker's jaws, helping a black woman. He said the the arm of another and disabling man was apparently unaware that the third while also being stabbed in the attackers were also black. the leg by one of the men received The call didn't disturb him too

tion is reading and that he subscribes to seven magazines and reads four newspapers each day. "If you're not informed, you're not there. I voice my opinions sometimes too much but I like to be heard. I want people to know what

is what. "But nobody seems to care about anything. In order to have an opinion you have to know something and a lot of people just don't know." "People today are just looking

out for themselves. We're not going to be safe until people get off their rears and learn that you've got to start helping each other." After disabling the three attack-

ers in the park, Cockrell escorted the woman and her children from the roadside park, leaving the men there. He made one call to the Tyler police, he said, and was told the park wasn't in their jurisdiction.

hurt," he said.

#### **MINIATURE AUTO COLLECTION EXHIBIT AT** CJC

Olin Odom, III, Registrar at Cisco Junior College, is displaying his miniature auto collection in the Maner Memorial Library for the month of January.

Mr. Odom began his collection 12 years ago, but has been building models since the age of 6.

The auto collection is composed of 1/43 scale metal autos of the classic 1930's

ments and protein sources. With the increased cost of producing beef, cattlemen need to know the most economical ways to provide the nutritional needs of the beef herd.

The last session will be February 11. when Dr. George Alston will discuss Forage Management For Beef Production.

Everyone interested is encouraged to attend the short course.

and more modern day cars. The 1/43 scale is the international scale for model building and is the most common available. Most of these auto kits or models are produced in the European countries where metal toys are very popular. Odom said that he began collecting miniature autos because he could not afford the real thing.

The public is invited to come by during January and view the collection of autos. Library hours are from 8 a. m. to 5 p. m., and from 6 to 9 p. m., Monday thru Thursday, and from 8 a. m. to 5 p. m. on Fridays.

# Here's why it takes fuel to make electricity.

It takes fuel to make electricity. A lot of people don't understand that, but it's true.

Most of the power plants in this country require steam to generate electricity. To make steam you must boil water, and that requires a lot of heat. That's why we have to buy and burn large amounts of fuel, such as lignite coal and natural gas, every month. The steam we make with it turns the generators that make your electricity, which we distribute to you right when you need it.

#### The fuel we use costs money. And the cost of the fuel to produce your electricity is shown separately on

On the \$10,000 minimum, 6-month C.D. Come see us soon. Or call and we'll come see you. 'Cause it's the Olney way to save.

This is an annual yield. The rate is subject to change at maturity. And federal regulations prohibit the compounding of interest during the term of the account.

## with the Money Market C.D.'s.
