DEMOCRATS TO

Bryan Says Make Candidacy of La Follette Unnecessary; Drys to Sit Tight.

By United Press.

BATTLE CREEK, Mich., June 18. The democratic national platform is likely to be liberal enough to make the candidacy of LaFolette unnecessary, William Jennings Bryan said today. He is likely to be a member of the committee that will draft the platform.

Tariff, taxation, agriculture problems, campaign expenditures and the oil scandal will receive the greatest attention, the commoner believes. Prohibition will not be an issue and there will be no wet plank in the democratic platform under any circumstances, he declared. He also urged abolition of two-thirds majority and unit rules in the democratic convention. Asked what effect the third presidential ticket would have on the election, Bryan replied asking if a third pary was needed.

CONGRATULATIONS FROM TIMES' FIRST PRESIDENT

Among the letters of appreciation received by the Ranger Daily Times upon its Fifth Anniversary Edition is one that is especially valued because it comes from W. H. Bagley, formerly of Fort Worth, who established the Ranger Daily Times, was its first president and long its directing head. Mr. Bagley, now a publisher in Lawrence, Mass., writes:

"I've been watching the paper recently. It is fine. But I want especially to congratulate you upon the Fifth Anniversary Edition. Ranger is a good town. It has always appreciated the Times and should now more than ever. As I looked through the edition, I recalled the encouragement and co-operation I received (when I got the idea to establish the Times) from Mr. Newnham and the live wires of his type.'

PIMPLES QUICKLY CLEARED UP

So-called skin diseases are caused y poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds them back and you know what must happen when you continue to let this condition exist. For this reason "skin thisper" etc. can't possibly help you condition exist. For this reason "skin letions," etc., can't possibly help you any. You need what is known as Black and White Ointment, which heals the sores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then, pimples, blotches, "breaking out," eczema, etc., quickly disappear.
