## RICH DEGENERATES FACE NEW SUSPICIONS

### CHILD LABOR AMENDMENT NOW GOES TO STATES

#### Senate Follows House Example and Passes Measure by Safe Majority.

WASHINGTON, June 3.—The proposed child labor constitutional amendment giving the federal government power to regulate the employment of persons under 18 years of age, shortly will be laid before the states for ratification. The senate last night completed the congressional part of the negotiations when the child labor joint resolution was passed by the senate, 61 to 23, or five more than the necessary two-thirds. The house previously passed the resolution by a large majority.

If ratified by the states, the child labor amendment will become the 29th amendment to the United States constitution.

### Herriot Certain To Succeed Poincare, Millerand To Resign

PARIS, June 3.—The socialist congress voted today to support Edward Herriot for the French premiership. This decision makes Herriot's succession to Poincare a certainty and makes the resignation of President Millerand more than a probability.

It is expected that the president of the republic will seek a seat in the chamber of deputies in order to continue his fight against the radicals.

### BROOKHART AND SWEET RUNNING CLOSE RACE IN IOWA FOR U. S. SENATE

DES MOINES, Iowa, June 3.—The contest between Senator Smith W. Brookhart and Burton E. Sweet for the republican nomination for United States senator proved a "nip and tuck" affair today as returns came in from precincts in the state primary election. Of 1,133 precincts reporting out of 2,412 in the state, Brookhart received 105,678 votes and Sweet received 100,021 votes.

### HEAVY RAINS MAKE TRAVEL ABOUT HOUSTON SOMETHING OF PROBLEM

HOUSTON, June 3.—Partial collapse of two small bridges between Houston and Humble has put highway between these two points out of commission. The highway to Crosby has been under water since Monday. The oil town of Goose Creek has been entirely cut off by high waters for the last three days.

The San Jacinto river, which has been rising steadily and flooding the lowlands, is reported now falling.

### OIL PROMOTER ARRAIGNED IN FEDERAL COURT FOR TRIAL

TEXARKANA, Texas, June 3.—Otto Morris, charged with using the mails to defraud in connection with the sale of oil stocks, is on trial in the federal courts here. W. F. Belairs, Douchat, Okla., said that he had invested \$100 in Morris' concern and had received no definite dividends.

### BROOKHART INCREASING HIS LEAD IN PRIMARIES

DES MOINES, June 3.—Indications are that the republican contest between State Senator Smith W. Brookhart and Burton E. Sweet, voted on at yesterday's primary elections will not be decided until virtually every precinct is heard from. One thousand one hundred and seventy-eight out of 2,412 precincts gave Brookhart 106,825 votes to Sweet's 103,131.

Brookhart is expected to take a larger lead when the rural district make their final report.

### INVENTOR DEVISES WAY TO DIE WHILE HE SLEEPS

NEW YORK, June 3.—The last invention of Carl Dornfield, inventor, was a suicide machine. Retiring, he placed one end of a gas tube in his mouth and the other end on a closed jet. An alarm clock was placed beside the bed, the bell removed and the alarm trigger connected with a steel spring which was fastened to the jet. When the alarm trigger released the gas was turned on as he slept and Dornfield never awakened.

### Albania Again Is Upset By Revolvers, Fighting Reported

ATHENS, Greece, June 3.—Unconfirmed dispatches from Albania declare Tirana, the capital, is about to fall into the hands of revolutionists. Athens, the rumor factory for the Balkans, has received various reports of uprisings in Albania in the last forty-eight hours. The reports seem to have emanated from rebel sources. Apparently some form of revolution has been aimed at in Durazzo and Tirina.

One report said that the American minister to Albania has been asked to leave because he had sought intervention by the league of nations. The reports did not say who had made the request.

There are persistent reports of fighting outside of Studari and it is said that 32 government supporters and 18 insurgents were killed.

### CHAUTAUQUA ATTRACTIONS ARE DRAWING

#### Program for This Afternoon Tonight of Exceptional In- terest and Charm.

Special provision for the entertainment of all children is being made each morning from 9 to 11 o'clock at the big Chautauqua tent in Ranger.

Songs, games and story telling occupy these hours and the time passes merrily for those who attend. An organization has been formed with Margaret Dillingham as "mayor," Elizabeth Dillingham as "clerk," Narma Hinton and James Smith as service commissioners and Hubert and Howard Hinton as policemen.

This is an additional attraction of the Ranger Chautauqua which few seem to know about or have taken advantage of.

The musical programs given Monday by the Mendelssohn quartet both afternoon and evening pleased large audiences on both occasions. Ensemble work as well as that of the individual soloists, was exceptionally good. The artists were, James Messers, cellist; Thelma Marty Gilbert, soprano and pianist; Beulah Marty and Luther Leavengood, solo violinists.

A remarkable lecture was given at night by Dr. Werahiiko Rawie, native South Sea Islander, who told in the most perfect English, of life on the Samoan islands, of the simplicity and childlike beauty of character displayed by the natives who have put into beautiful practice the tenets of the Christian faith taught them by missionaries and teachers within the last quarter of a century. Dr. Rawie displayed cloth of unusual and artistic design made from the fibres of the trees and colored with juices of fruits and vegetable.

In song and story he illustrated the habits, customs, arts and beliefs of these truly remarkable people with their Polynesian ancestry and strong Caucasian characteristics. It was a lecture that will long be happily remembered by those who heard it because of the simple Christian faith and the strong love for humanity which permeated it from beginning to end.

Dr. McMurtry will lecture this afternoon on the twenty-third Psalm, and tell of his travels in the Holy Land.

The attraction for tonight will be the presentation of that amusing comedy drama, "Dangerous People," which has been substituted for "Six Cylinder Love," as the latter was presented in Ranger since the holidays.

### CHILD WELFARE CLUB GIVES TO FUND FOR AUTO

#### Asking People to Join in Purchase of Car for Public Health Nurse.

A committee of ladies from the Child Welfare club is busy taking subscriptions for the automobile the club hopes to buy for the use of the public health nurse, Miss Nixon. Mrs. R. H. Hodges is chairman of this committee. The ability of the public health nurse to get about and reach all parts of the city is a great factor in keeping the public health at a high standard. Disastrous epidemics, especially among children, have been stopped by the visit of a public health nurse who recognized the danger and secured proper treatment and isolation of the sick. The distances in Ranger are great, there are no sidewalks and a car is a necessity, no longer a luxury, for those who serve the public at the best.

The Ranger Daily Times has agreed to accept contributions for this cause, and report of same will be made frequently through the columns of this newspaper. The Child Welfare club has started the drive with a donation of \$50, which makes the fund today as follows:

Adams & Co.	\$50.00
W. H. B.	5.00
Total	\$55.00

Come on folks, and watch it grow!

### RANGER CLUB MEMBERS CALLED TO MEET IN THE GHOLSON HOTEL TONIGHT

Members of the Ranger club have been called to meet at 8:30 o'clock tonight in the basement of the Gholson hotel. All members have been asked to attend. The call does not state what business is to come up for consideration, but insists that all who can be at the meeting should arrive early.

### HOSPITAL AND SCHOOL FOR TUBERCULAR CHILDREN

HOUSTON, June 3.—A hospital and school for tubercular children is to be built and given to Houston by Mrs. Arlie Autrey, widow of James L. Autrey. The cost of the hospital is estimated at \$50,000. The school will be named the Autrey Memorial school in honor of her son, James Lockhart Autrey, Jr., who died in 1922.

### ST. LOUIS WARD POLITICAL LEADER SHOT AND KILLED

ST. LOUIS, Mo., June 3.—State Senator Michael Kenney, leader in local and state politics, was shot and probably mortally wounded as he was boarding a train at Okland, St. Louis, by two unidentified men who drove up in a car and pumped four shots into his body. Before people who witnessed the shooting could get the number of the car or a description of the man the car drove off and disappeared.

### FRENCH AIRMAN ARRIVES FROM THONGYANG, KOREA

TOKIO, Japan, June 3.—Captain Pelletier D'Oisy, flying from Paris to Tokio, arrived at Thongyang, Korea, at 8 a. m. today, radio advices said.

### BISHOPS TRY FELLOW BISHOP FOR HERESY.

Above are shown the bishops-judges and members of the Protestant Episcopal Church who met in Cleveland, O., to try Bishop William Montgomery Brown, retired Bishop of Arkansas, on a charge of heresy. In front are Bishops Frederic P. Reese, of Georgia; John G. Murray, of Maryland, president of the tribunal, and Theodore D. Bratton, of Mississippi. In the rear are Rev. V. A. Peterson, clerk; Bishops Benjamin Brewster, of Maine; William P. Baber, of Montana; Edwin M. Parker, of New Hampshire; J. M. McCormick, of Nebraska, and Herman Pege, of Michigan. In civilian attire in the rear are Henry Harlan and R. Ingils, advisory attorneys for the tribunal, and the Rev. Dr. Bubb, clerk.

### CLUB WOMEN OF NATION MEET IN BIENNIAL

#### Opening Session of 17th Con- vention to Be Held Tonight in Los Angeles.

United Press Staff Correspondent.  
LOS ANGELES, June 3.—Thousands of women, assembled from every section of these United States, were gathered here today, and all in one mood—to serve womanhood and humanity.

Philharmonic auditorium, the city's largest, will be the mecca toward which these pilgrims will converge tonight, where will occur the formal opening of the seventeenth biennial convention of the General Federation of Women's Clubs, ending June 13. Six thousand clubs, with a membership of more than 2,000,000, are represented.

Variegated colors, attractive gowns in a wide range of modes, pinnons and banners hanging from the balconies or waved heartily by enthusiastic delegates, and the white and yellow badges with their dark blue letters lending a touch of formality and duty to the assemblage—this will be the picture at the opening session of the great event.

Mrs. Joseph Francis Sartori, chairman of the California local biennial board, expressing the spirit of California hospitality, will extend the west's welcome to the visitors. Mrs. Sartori's greeting will be seconded by Mrs. John C. Urquhart, president of the California Federation of Women's Clubs.

Outlining the theme of the convention, Mrs. Thomas G. Winters, president of the General Federation of Women's Clubs, will deliver the "key-note" address at tonight's session. She will outline the great purposes of clubdom and the aim of this convention—"to extend the influence of women's clubs toward the elevation of our national life and the achievement of an international will to peace."

Following Mrs. Winters' address, the delegates will adjourn to the Biltmore hotel, where California clubwomen will give a reception in honor of the visitors. There will be eight receiving lines, at which delegates and guests will meet the national officers. The reception will be the first of 200 various functions which have been arranged for the entertainment of the convention body, or different groups of delegates, during the 12 days.

Interspersed with the various business sessions, the convention will be addressed by persons of international prominence. Mrs. Carrie Chapman Catt, Paul Harvey, editor of the International Interpreter; Secretary of Commerce Hoover, and Whitman Williams, well known economic worker, are on the list of speakers.

Aside from the convention duties, a wealth of diversions has been arranged. Saturday will be "play day," with trips arranged to the seashore, mountains, Hollywood studios and various country clubs.

Sunday at sunset, in the famous Hollywood bowl, there will be held an impressive memorial service. Special musicals will be evening features.

Election of national officers will occur Wednesday, June 11, with the delegates going to the polls in tribal political fashion. The voting will continue all day, and the new leaders of the organization will be presented to the convention Friday evening, June 13, at the closing session of the biennial conclave.

### COURT CHARGES GRAND JURY ON ITS SWORN DUTY

#### Judge Davenport Asks Search- ing Investigation of All Al- leged Law Violations.

Judge George L. Davenport of the Ninety-first district court, charging the grand jury yesterday, said it had been charged by some not in political accord with him that he had at times shielded law violations.

"This is untrue," he said. "I want you, as I have instructed other grand juries to do, to investigate thoroughly any and all violations of our banking laws as well as any law that may have been violated by anyone connected with the construction of Eastland county's highway. I have never protected anyone for any purpose, am not doing so now and have no intention of doing so."

After calling attention to such matters as the statutes direct shall be specifically mentioned, Judge George L. Davenport told the grand jurors that it was their duty and his desire that they investigate all character of law violations, whether they are or not. Misdemeanors, he said, could be handled, and generally were handled, by the county attorney's department and, as he was sure the county attorney and his assistants were looking after such law violations, it would not be necessary for the grand jury to take up its time investigating misdemeanors unless such were brought to its attention by the county attorney's department or while investigating other crimes.

Judge Davenport called special attention to violations of the liquor laws, car thefts, burglary, weights and measures statutes, etc. He also asked that the grand jury investigate the recent killing of Mrs. Millard and Frazier by her husband in an Eastland hotel. He said that every indication was that it was purely accidental, but that in justice to the husband and others he desired that the grand jury make a thorough investigation of the fact and make a report.

The grand jury for the Ninety-first district court, which was empaneled Monday, is composed of: R. V. Nabors, Desdemona; E. V. Huffstetter, Gorman; G. L. Morrow, Gorman; R. R. Keathley, Cisco; E. R. McDaniel, Cisco; Hall Walker, Ranger; L. L. Neal, Ranger; J. P. Payne, Carbon; W. B. White, Carbon; T. M. Toombs, Eastland; Frank Lovett, Eastland; W. E. Bradshaw, Scranton. T. M. Toombs was appointed foreman.

### Two Men Struck By Lightning While In Balloon and Killed

By United Press.  
MONTICELLO, Ill., June 3.—Thrown from a great height when the balloons in which they were chartering air currents was struck by lightning, Dr. C. Leroy Meisinger, United States weather bureau expert from Washington, and Lieut. James T. Neely, pilot, Philadelphia, were killed shortly before midnight last night four miles east of here. No one witnessed the accident, but it is believed to have occurred during a heavy rain and electrical storm. The bodies of the two men were found by farmers passing through the field.

Meisinger was thrown clear of the balloon and fell nearly a mile from the spot where the balloon with Neely's body entangled in the ropes landed. Both bodies were horribly mutilated.

### Coolidge Does Not Wish To Dictate As To Running Mate

WASHINGTON, June 3.—President Coolidge will inform the republican national committee at Cleveland that he hopes the delegations will make their own choice for the vice presidential nomination, it was declared on the president's behalf at the White House today. This course was followed by Roosevelt in 1904, it was pointed out at the White House, and Coolidge will adopt the same policy.

The president was reported today as feeling that the delegates at Cleveland, coming from every state, will know the sentiment of the nation regarding the nomination of a man for vice president and preferring that the delegates make their choice without dictation from him.

### MONDELL TO PRESIDE AT REPUBLICAN CONVENTION

CLEVELAND, Ohio, June 3.—S. W. Mondell of Wyoming, former republican floor leader in the house, will be permanent chairman of the republican national convention. W. N. Butler, manager of President Coolidge's pre-convention campaign today made this announcement.

### MADDOX IS CANDIDATE FOR UNITED STATES SENATE

WACO, June 3.—Last minute applications for public offices of candidates received by Secretary Joe W. Hale of the state democratic executive committee here included that of John F. Maddox of Houston for United States senator.

Others included J. M. West, Houston, for railroad commissioner, and C. V. Terrell, candidate for re-election as state treasurer.

### RANGER FIRE FIGHTERS PUT OUT GRASS FIRE

The Ranger fire department had the noon day nap disturbed today when an alarm was turned in about 12:45 from the 700 block on Young street and which developed into a dry grass blaze. The call was made in record time only to arrive and find that their efforts had been in vain.

### Former Bellhop Now Manages Hotel.

Michael J. McKenna, who began life as a bellhop in a Boston hotel, has been appointed manager of the Lee House, one of the most exclusive hotels in Washington, D. C. He has filled every job known around a hotel.

### MUTILATED MAN ACCUSES TWO YOUTHS IN JAIL

#### Effort to Connect Them With Murder of University of Chicago Student Under Way.

CHICAGO, June 3.—Nathan Leopold and Richard Loeb, who have finally passed over the "bridge of sighs" and are held securely in the county jail for the first time on charges of murdering Robert Frank, 14-year-old schoolboy, may be connected with another murder, a brutal gland operation, and possibly with other crimes, it was indicated at the office of Prosecuting Attorney Crowe today.

Charles Ream, taxi driver, who six months ago was attacked and mutilated, identified Leopold and Loeb as the two youths who made him a prisoner and gagged him, and then mutilated him. He said that he was sure of their identity and promised to make formal charges against them.

Agents of Crowe are investigating the possible connection of these two young men with the murder of Freeman Tracy another University of Chicago student. Tracy's murder on the evening of Nov. 25, 1923, has never been explained.

### Parachute Floats Gracefully In Air Into Law's Clutch

CHICAGO, June 3.—The first steps in the state's attempt to convict Nathan Leopold and Richard Loeb, millionaire college students of murdering Robert Frank, 14-year-old son of another millionaire, were taken today with the presentation of evidence to the grand jury. Twenty-five witnesses took their places in the ante-room and were called one by one to tell what they knew of the crime.

### McNary-Haughen Relief Bill Meets Defeat In House

WASHINGTON, June 3.—The McNary-Haughen farm relief bill, the principal measure proposed by the farm bloc for agricultural aid this session, was defeated by the house today. An attempt by friends of the bill to diminish opposition before the final vote by restricting the scope of the measure to wheat, oats and food products was also defeated.

### PEDDY SAYS HE FEELS QUITE SURE OF SITTING AT MAYFIELD'S DESK

HOUSTON, June 3.—George E. B. Pddy, home from Washington, feels sure that Senator Earle B. Mayfield will not be permitted to keep his seat in the senate. Pddy, who is contesting for Mayfield's seat, has been a spectator at the committee hearing in the investigation of his charges that Mayfield was wrongfully elected and that he spent in excess of the amount fixed by law as maximum campaign expenses.

"I believe the committee is acting with perfect fairness to both sides," Pddy said. He expressed an opinion that the report would go on the floor of the senate for debate, but has no idea when this report will be made as a voluminous record has yet to be compiled.

"The Daugherty and Teapot Dome investigations have harmed our case, I think," Pddy said. "In those hearings rumors and hearsay evidence were allowed to such an extent that the senate and the people became disgusted. As a result, an attempt is now being made to enforce such strict rules of evidence that much testimony that should have been introduced has been denied."

### WARREN TO BE CHAIRMAN OF RESOLUTIONS COMMITTEE

WASHINGTON, June 3.—Charles D. Warren, American ambassador to Mexico, has been virtually agreed upon by republican leaders for the important post of chairman of resolutions committee at the Cleveland convention, it was learned today.

**WOMEN IN POLITICS.**

Changes that the women have only a negligible influence in American politics are refuted in the New Republic, which asserts that the National League of Women Voters "is infinitely better in purposes, activities and results than any masculine organization of similar character."

Mrs. Maud Wood Park, retiring president, pointed out in her annual report at the recent convention that of the 13 planks in the league program in 1920, two-thirds have already been enacted into federal statutes. In the individual states the league has secured the passage of 420 bills and has defeated 64. It is organized in 346 of 433 congressional districts; 23 of its state-wide and 15 of its city-wide organizations maintain regular headquarters. Thirty-two publications appear under the league imprint, practically all of which make a feature of carrying authoritative matter on all sides of every important question.

Politicians are waking up to the fact that such women's organizations as this represent a considerable power in public affairs.

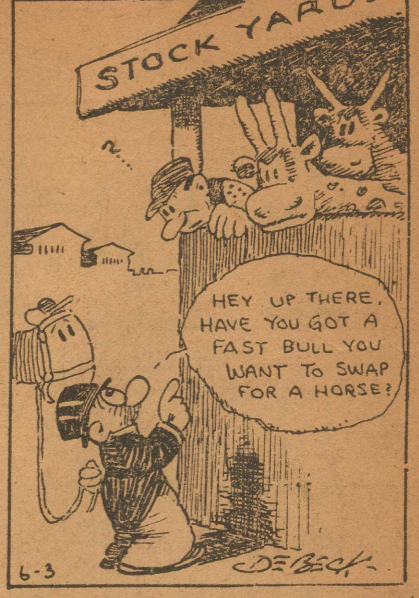

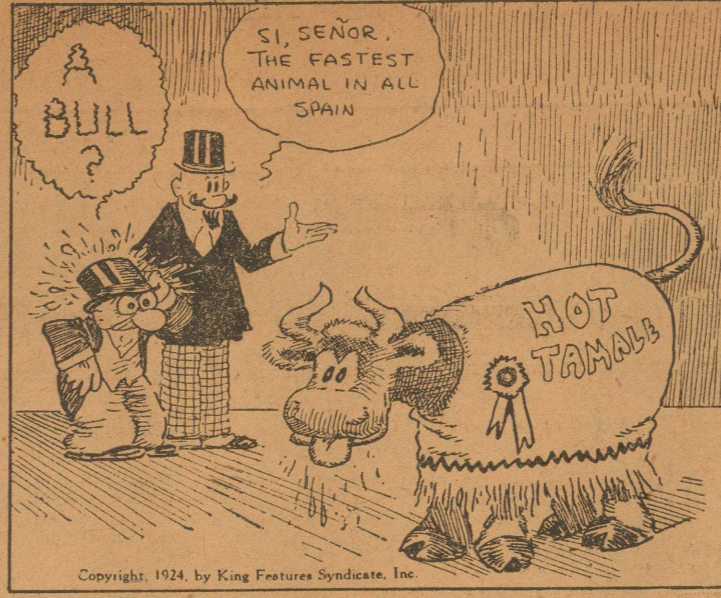

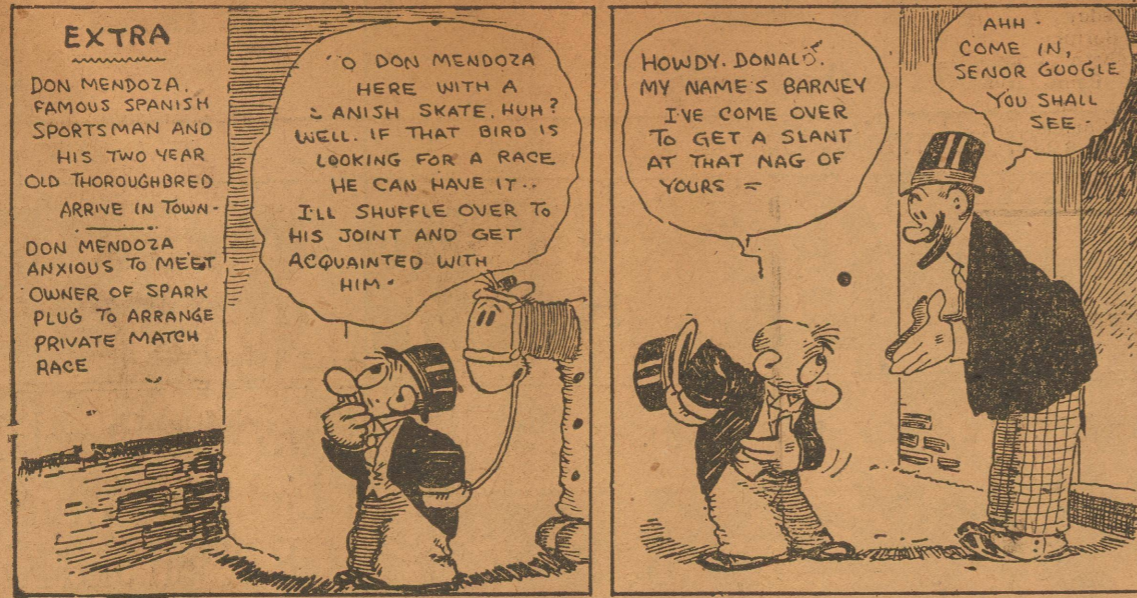

**PRISONERS BUILDING ROADS.**

California is proving the soundness of the theory that the function of a penal institution is to reform men for valued citizenship rather than punish them for past offenses. The state is correlating a prison and a state university. Nearly 800 prisoners are taking university extension work and vocational training. The most popular courses are Spanish, engineering, and English, mathematics and economics in the order named. Four prisoners are studying the writing of poetry and 30 per cent of all prisoners enrolled are studying journalism.

Over 1,000 men are working in prison road camps, at a minimum wage of 75 cents per day to be paid the prisoner on release. The state highway department will expend \$2,000,000 in this manner for the construction of rock-bed roads in the rural districts. The state has 3,800 prisoners and nearly 90 per cent of them have asked to work in these road camps, which are electric lighted, good bunk houses, libraries, shower baths, amateur theatricals, and university extension classes. A system of co-operative rule enforcement makes every one financially interested in maintaining order and good results. It gives a large prison population, costing the state at least \$1 per day per man, employment requiring no bond, reference or recommendation and provides means whereby those released may secure employment in free road camps, sometimes as the first step to a life of restored usefulness, respectability and service.

A bill has been introduced to increase the pay of congressmen from \$7,500 to \$10,000 per year. If half the members really represented the people there would be little objection, but the record shows that a large percentage of both houses are attorneys whose standing and influence at home is greatly enhanced because of their membership—and then, too, the resignations because of small pay are an unknown quantity. The real question is whether the quality of service would be improved by an increase in salary. That's a "show me" proposition, but this is one case where the employees of a big corporation have the privilege of voting their own salary.

ALL MEETINGS**

**Evangelist Preaches on Life and Death: Tonight's Theme "Remedy for Sin."**

Owing to the rain and unusually cool weather the crowd at the Crimm revival meeting was not nearly so large Monday night as at former services.  
Mr. Crimm spoke Monday night on a subject and text taken from the 19th chapter of Luke. He said that on this side of the grave is the time and place to prepare for death and that we died like we lived.  
"I would like to be on the text book commission, so I could help to throw out a lot of the books being taught in our schools today," Mr. Crimm said. "I believe in the Bible and in the Genesis story of creation and I believe the Bible should be taught in our schools," he said.  
The speaker said that he believed in a literal hell of fire and brimstone and that he could not understand why so many people forgot God.  
Mr. Crimm stated that in today's sermon he would take up the series of sermons he was preaching on prayer where he quit last Friday.  
The subject announced for tonight is "The Remedy for Sin."

**MOTOR TRUCKS AND COACHES.**

While only 40 railroads in the United States were listed last year as operating motor rail coaches, a late compilation shows a total of 157, or an increase of about 300 per cent. These figures show that the use of the motor rail coach has proven its economy of operation.  
More and more is the country coming to the city by motor vehicle. In Cincinnati during the past year about 97 per cent of the city milk supply was hauled by motor truck; in Atlanta, the figures show 90 per cent; Kansas City, Mo., 75 per cent; Indianapolis, 60 per cent; Milwaukee, 65 per cent, and Baltimore, 36 per cent. Other cities are fast falling into line and it will be only a short time before we can hope to see a motor truck service which will bring garden truck to the most distant point overnight.  
Motor truck fleets are increasing in number very appreciably throughout the United States. The largest fleet in the country is that of the Western Electric company in New York city, with 12,032 units. The down through to the last of 15 with a total of 790. It is worthy of notice that the combined fleets of seven of the biggest operators are in New York city with a total of 23,887.

House cleaning is here. Did you know it? Last year ended with our being seven inches of rain short. Our hay crop then was a failure. This year, since Jan. 1, we are seven inches ahead of the average. Hay will be plentiful this year.

**Kellogg's Bran did more in two weeks than medicine taken in 20 years**

Out of regard for your own health, read this letter:  
Gentlemen:  
Your "Krumbled Bran" used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.  
Yours truly,  
Arlington H. Carman,  
Patches, N. Y.  
Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.  
Kellogg's Bran STIMULATES the intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be so effective. That is why doctors recommend Kellogg's.  
The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two table-spoonfuls daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

**ORANGE JACKETS MAKE HEADWAY IN UNIVERSITY**

**Honorary Organization Represents Spirit of the Texas Co-Eds.**

AUSTIN, June 3.—The Orange Jackets, honorary organization for University of Texas girls was established for the first time this year, and has been one of the most active groups in school.  
Miss Dorothy Ann Fisher of Dallas, co-ed cheer-leader, is the originator of the idea of the Orange Jackets. She saw the need of a group of girls representing various phases of campus life yet interested in university life as a whole. She also thought that this organization should wear a costume of orange and white, so its members could take part in various campus activities and represent the spirit of the Texas co-eds. Finally, at one of the big co-ed rallies at the women's gymnasium, the idea was explained to all the co-eds and those interested in the new organization were asked to apply for membership. From the idea of the girls wearing orange and white jackets, Miss Olga Anderson, of Wisconsin, suggested naming the organization "Orange Jackets." This name was accepted by all the girls.

Growth Is Rapid.  
Many applications for membership into Orange Jackets were sent in for the next week. At the end of the week a council, consisting of the presidents of each college year, the presidents of the Y. W. C. A. and two faculty members chose 20 girls to be the founders of Orange Jackets. These girls were not elected because they excelled in one line of work, but because they were representative college women.  
Orange Jackets is not an athletic organization, but is an all campus group. The girls chose Miss Olga Anderson as sponsor and then became an active organization. The purpose of the Orange Jackets is to uphold and create true Texas spirit

among the co-eds and the entire university. Orange Jackets intend to take part in all campus activities and represent the co-eds as far as possible. This is an honorary organization for a girl must make an average of "C" and be considered representative in order to be eligible to election into Orange jackets.  
Orange Jackets has been officially recognized by the students' assembly, by other organizations, the dean and of women, and the president of the university. The Orange Jackets made their first appearance in full costume at the big co-ed rally during the winter term and at the (Continued on page three.)

VICTOR & ROLAND MACDONALD & LOUISE GERRISH. WFL.

Smoking a cigarette, while his legs dangled over a table on which he sat, Roland MacDonald, farm boy, calmly confessed that he concealed himself in the bushes by the Main Amherst Highway and fired a charge of buckshot into the breast of his 19-year-old school teacher, Miss Louise Gerrish, of Amherst, Ma. He dragged the body off the road, went home, ate supper and went to bed. Next day he stole a shovel and buried the body in the shallow grave in which it was found. Asked why he committed the crime, he said: "I dunno. I just saw her coming down the road and decided to shoot her. That's all there was to it." His brother, Victor MacDonald, two years his junior, is held as a material witness.

False Cuban passports have been sold to foreigners desiring to enter the United States, for the sum of \$200 each. Several Spaniards have been deported because of forged passports.

Railroads are vehemently asserting that the "farmer pays the freight only one way." He certainly has to pay the freight on his wheat to Liverpool, because he has to sell it there for what the foreign farmers will take for theirs after paying the freight. Then he has to pay freight on the goods which he buys and which must be carried to him. The farmer pays alright for nobody is handing it to the railroads and they are not in business for the glory.

**MAKE HAND SIGNALS MEAN SOMETHING**

The meaning of hand signals varies in different parts of the country. Know your city ordinances and then observe the law carefully. Whatever you do let the driver back of you know exactly what you intend to do.

If you happen to be a woman driver do more than exhibit a beautiful hand, which undoubtedly will result in comments of admiration. Every man and nearly every woman enjoys seeing a beautiful hand, but when driving a car a hand is supposed to be of particular use in indicating what you intend to do.

A safe rule in approaching a car going the same direction you are is to make sure you know what the driver in the car ahead intends to do in case you see a hand shot out. Always be careful.

Denominational differences are not to be allowed to stand in the way of educational progress in Montana. The Presbyterian and Methodist have united for the financial support of another Protestant college which is badly needed and other denominations are invited to share the expense and benefits.

## TWO BRITISH FIGHTERS WANT BOUTS IN U. S.

**Ted Moore and Frank Moody, Promising Middleweights Looking for Matches.**

By HENRY L. FARRELL  
(United Press Sports Editor)  
NEW YORK, June 3.—England's hope for a real world's champion fighter, abandoned almost entirely since the descent to the Joe Beckett, Frank Goddard and Bomby Wells class, has been revived and built up around two very promising middleweights.

American ring fans, who reach for the gas-mask whenever the middleweight class is mentioned, are about ready to agree that Ted Moore and Frank Moody have a great chance to succeed Harry Greb as the title-holder and that each has the makings of a good champion.

Moody and Moore have jumped to the top of the class in this country by fighting any opponent that was offered them, something that American fighters will not do.

Every time a writer mentions a foreign fighter, British, French, Italian or South American, a certain group of American managers want to try him for treason. But as has been pointed out frequently before, these foreign fighters in vogue now command mention because they go out and force themselves into print by fighting.

The mention of the name of Larry Estridge, a colored middleweight, pops out perspiration on the brows of the managers of every white middleweight contender in the country. They want not one thing of Estridge. Yet Moore took on Estridge and gave him a fine beating. Then he turned around and hammered Jamaica Kid, a colored heavyweight, all over the ring.

Managers of middleweight contenders in the American class walked out of the room when Lou Bogash was brought into the conversation. They all knew that Bogash had been through 174 fights and that he had never been off his feet.

Moody, the Britisher, didn't run away from Bogash. He took him and knocked him out. By this one victory, Moody became the outstanding challenger in the class.

Moore and Moody came to this country chasing Roland Todd, the British champion, who had refused to give them a crack at his title. They knew that they couldn't get Todd to defend his title in this country, but they had the smart hunch that they

could make Todd look bad by doing better against the leading middleweights than their champion could.

Todd was not a match dodger. He started in Madison Square Garden against Tommy Loughran, one of the outstanding light heavyweights in the class, and he was robbed of a decision if a fighter ever was. He had one or more bouts after that and then signed to fight Jock Malone, the toughest middleweight in the country. Malone knocked him out in the fight and Todd went back to England.

He told his home folks that he had been treated well in this country, but that he couldn't get acclimated and was forced to leave the United States.

## MANY INJURED IN TRAIN WRECK CANNOT RECOVER

By United Press.  
LAFAYETTE, Ind., June 3.—Additional victims of the Wabash passenger train wreck, which split a switch and side-swiped a freight that was on the siding, were expected today. Several of the injured were so badly hurt or scalded that there was virtually no hope for recovery.

The list of dead last night reached 11 with the engineer of the freight, G. M. Borehard, of Peru, Ind., the only one identified.

A probe by the railroad officials has been started to determine the cause of the wreck and fix the responsibility.

Their hearts swelled with pride as they saw Washington in Independence Hall and Valley Forge.

Their eyes glittered with tears as the mighty romance of the American Revolution was unfolded.

Their enthusiasm was boundless as they watched the thrilling ride of Paul Revere.

They applauded—they cheered—they rose to their feet and unanimously acclaimed
